*Lincoln launches into the air, raises his hands up, and charges up a Dragon Spirit Bomb knock-off that grows into a massive size. Once it reached full size, Lincoln throws it down, and the attack engulfs the entire stage.

Siblings: *amazed* WHOA!

Me: Holy Moltres Flames!

*Bayonetta, Dark Pit, and Ganondorf get caught in the powerful Final Smash and sustain heavy damage. Then, after a few moments, the Dragon Spirit Bomb knock-off explodes violently, and the fighters get sent flying off-screen, getting KOs. Lincoln lands back on the stage and deactivates Mastered Rage.*

*It then shows Lincoln's victory screen.*

*His first victory pose was landing on the ground, slightly cracking it, then he smirks as he gets into an epic fighting stance.*

Lincoln: *smirks* You're gonna have to do better than that!

*Along in the victory screen, his emblem was a symbol of The Loud House, and the victory theme was a shortened version of the Loud House theme song.*

Smash Announcer: LINCOLN… wins!

*The screen flashes red for Player 1, and the name "LINCOLN" resides next to Lincoln.*

*It then cuts back to the cinematic cutscene.*

*Dark Pit crashes to the ground in pain, and Bayonetta was smashed into the canyon wall.*

Pit: *shocked* He took out Cloud, Bayonetta, AND Pitoo?!

Dark Pit: *in pain, mad* DON'T CALL ME THAT!

*Lincoln walks over to them, charging an energy blast in his palm.*

Lincoln: *smirks* Told ya I was going to be a tough fighter to beat.

*Then, in slow motion, Lincoln looks up and sees an arrow heading for him.*

*He just smirks and leans to the side, the arrow whizzing past him.*

Lincoln: *smirks* Nice try, Link. But you missed.

Zelda: *smirks* He wasn't aiming for you.

Lincoln: *confused, stops smirking* Huh?

*As it turns out, Link fired an explosive arrow, which exploded behind Lincoln. The force from the explosion knocked him forward.*

Lincoln: Gah! *lands on his face*

*Link smirks, but was soon answered with a speedy punch to the stomach by Lincoln, who easily got up without pain. Link crashed into the wall, much to Zelda's shock.*

Lincoln: *smirks* Nice trick! But you'll like mine even more!

*Lincoln then found himself unable to move.*

Lincoln: *surprised* Huh? Why do I feel stiff?

*He tried to move again, but was held back.*

Lincoln: *grits his teeth* Urggh! Come on!

Mewtwo: *off-screen, telepathically* Nice try. But you aren't going anywhere, child.

Lincoln: *grits his teeth harder* OH, YEAH?!

*Lincoln stomps his foot, and an energy crack travels towards Mewtwo and strikes him fiercely, making him scream in pain and release the young boy.*

Lincoln: Ha! Got away! Now… *faces the other fighters, who were ready to face him, he smirks* Who's next?!

*The screens turns to white, and the Super Smash Bros. Ultimate logo appears, along with the release date.*

*We all were about to turn off the TV, but something new happened.*

*On the TV, Lincoln's fist punches through the logo, shattering it like glass.*

Lincoln: *on the TV, scoffs, to the viewers* Who said I was hogging all the fun to myself?!

Lynn: *surprised* What do you mean by that, Lincoln?

Lincoln: I have no idea.

Me: Me neither.

Janeen: But lets watch and see.

*On The Loud House stage, Lincoln picks up an assist trophy, and summons a character, which turns out to be Lori.*

*That shocked the siblings, especially Lori.*

Siblings: *shocked* LORI?!

Me: Lori!?

Lori: *shocked* WAIT, WHAT?! I'M AN ASSIST TROPHY?!

Me: It looks like you are!

*Inkling Girl walks on screen to Lincoln and Lori.*

*Lori suddenly grabs Inkling Girl.*

Lori: *on TV, yelling at Inkling Girl* Get out of my room!

*Lori throws Inkling Girl violently, causing her to receive a lot of damage.*

Siblings: *shocked* WHOA!

Lincoln: *on TV, to the viewers* THAT looks familiar.

Me: It sure does.

Lori: That is definitely me. But I can't believe I was literally that rotten tempered.

Laney: I can. But it's good you're not anymore.

*Lori then pulls out her phone and begins texting, before disappearing.*

*Then, on another stage (Peach's Castle), Lincoln grabs another Assist Trophy.*

*This time, Leni pops out.*

Leni: *surprised* Huh?! Me also?!

Ed: You look good on TV Leni.

Leni: Thanks Ed.

*On TV.*

*Leni excitedly grabs Luigi and models him into an embarrassing outfit.*

*The outfit looked similar to the one she put Lincoln into in "Sound Of Silence."*

*This stuns the green capped plumber long enough for Lincoln to kick him off the stage.*

*Leni then grabs Diddy Kong and puts him in a embarrassing outfit too.*

*This stuns Donkey Kong's best friend long enough for Lincoln to uppercut him off the stage.*

*Leni winks at the viewers and waves as she dissapears.*

*In the real world.*

*Lincoln was blushing at the "Sound Of Silence" outfit.*

Lincoln: *in his head, blushing* Out of all the outfits imaginable… they went with THAT outfit…

*Leni was ALSO blushing.*

Leni: *in her head, blushing, twiddling her fingers* Oh, that outfit… The one I put Linky in…

*Lola was blushing too, considering she was the one that made all that happen.*

Lola: *in her head, blushing, guilty* Oh, I… I remember that outfit… not in a good way…

Lily: *looks at Lincoln, Leni, and Lola, notices their blushing* That prank we did was horrible.

Lori: *whispers to Lily* Yeah, it's was Lola's idea.

Lily: I know.

Me: But still I think that's a great move for Leni in this game.

Nico: I agree.

Maria: It sure is awesome.

*Next, on the Battlefield stage, Lincoln grabs another assist trophy, which released Luna.*

Luna: *surprised* Woah! They added me too!

Me: Wow! They sure did.

*Luna then pulls out her guitar, as well as enormous speakers.*

*She strums her guitar loudly, and the sound waves from the speakers push Kirby, Little Mac and Solid Snake off the map.*

*She continues strumming her guitar for a few more moments before ending her performance.*

Luna: *gives the hang loose gesture* GOOD NIGHT, EVERYBODY! *disappears*

*In the real world.*

Lincoln: *surprised* I think that's the loudest jam you ever did, Luna.

Lynn: *surprised* No kidding. You definitely are the loudest out of all of us.

Luna: *chuckles* Well, it's my TV self who did the jammin'.

Me: They don't call you the Loudest member of the Loud Family for nothing.

Lily: *surprised* Even so… who's to say you couldn't be that loud in real life?

*Back in the TV.*

*Now, on the Delfino Plaza stage, Lincoln grabs another assist trophy, which released Luan.*

Luan: *surprised* Hey! I'm there too!

Eddy: You sure are.

Linka: That is so awesome!

Maria: Luan you look great in Super Smash Brothers Ultimate.

*On TV, Luan begins throwing pies at her opponents.*

*Pies hit Donkey Kong, Olimar, and Yoshi.*

SPLAT SPLAT SPLAT SPLAT SPLAT!

*Now the fighters were dizzy.*

*Which gives Lincoln enough time to smash them out of the stage.*

Luan: Ha! You got pied! *laughs as she disappears*

We laughed at Luan's Jokes in the game.

Me: (Laughs) That was a good one Luan!

Xerneas: Even in Video Games you still crack us up.

Celica: She sure does.

*In Green Hill Zone, Lincoln grabs another Assist Trophy, and out pops Lynn.*

Lynn: *excited* Yes! I'm in too!

Lightning: You sure are Lynn! Sha-WOW!

*On TV, Lynn, suited in her football gear, fiercely tackles Palutena, Bowser Jr., and Bowser.*

Lynn: *on TV* Outta the way!

*Lynn tackles start to get harder and harder, until they're powerful enough to smash the fighters off the stage.*

Lynn: *on TV, smirks* That's how it's done! *disappears*

*In the real world.*

Lynn: *grins* Ha! That was awesome!

Samus: You sure know how to dominate the field Lynn.

Me: She sure does Samus.

Lincoln: *rolls his eyes* Of course Lynn would do something like that.

Luna: *rolls her eyes* I ain't surprised.

*On Yoshi's Island, Lincoln grabs another Assist Trophy, and out pops Lucy.*

Lucy: *small smile* Wicked. I'm in too.

Me: Even the forces of darkness will unleash fear in the form of Lucy Loud - The Vampire of Darkness and Fear.

Brittney: You know it dad.

Lucy: That's really inspirational.

*On TV, Lucy's mere PRESENCE made Wii Fit Trainer, Duck Hunt, and Villager get stunned immediately.*

*Lincoln then grabs Duck Hunt, and throws him into Wii Fit Trainer and Villager, knocking them all back.*

*Then, Lincoln unleashes his neutral special on them and sends them off the stage.*

Lucy: *small smile* Ha. Wicked. *disappears*

*In the real world.*

*The girls, sans Lucy, were hugging Lincoln in fright. And even he was startled.*

*Lucy was grinning.*

Lincoln: *startled* Whoa. Lucy just stood there, and they were stunned…

Lucy: *grinning* That was wicked.

Leni: *shivers* Lucy sure knows how to give a scare…

Luan: *shivers* Yeah, even on TV…

Me: You said it girls.

*On Brinstar, Lincoln grabs another Assist Trophy and out pops Laney.*

Laney: (Surprised) It's me!

Joey: (British Accent) You look smashing on T.V. Laney.

Laney: Thanks Joey.

On TV, Laney went over to Mario, Peach and Diddy Kong and painted a picture and the picture came to life and it was a steamroller and it flattened them.

Laney: (Smiles) Fighting never solves anything. (Disappears)

In the real world we were amazed.

Me: Wow! Laney that was so cool!

Laney: It sure was.

Joey: Good show!

Lori: You literally socked it to them with art. That is amazing!

*On Wily's Castle, Lincoln grabs another Assist Trophy, and out pop the twins.*

Lana: *surprised* Hey, it's us!

Lola: *surprised* No way!

Gali: You two look awesome on TV.

Erza: They sure do.

Natsu: I can't wait to see what they can do.

*On TV, the twins glare at each other before fighting. They start moving around the stage, catching Peach, Daisy, and Donkey Kong in their fight cloud.*

*When the fight cloud disappears, the three fighters that got caught are launched off the stage.*

*The twins pant from fighting.*

Lana, Lola: *panting* Sorry, Lana… /Lola… *both disappear*

*In the real world.*

Lincoln: Twin fight. Not surprising.

Me: That was very rough but also amazing.

Lucy H.: It sure was. But that was really cool.

*The twins blush in embarrassment.*

*On Yoshi's Wooly World, Lincoln grabs another Assist Trophy, and out pops Lisa.*

Lisa: Not surprising that they would include me too.

Dexter: You look perfect in a video game entertainment software Lisa.

Lisa: Much appreciated Dexter.

*Lisa starts throwing chemicals at Duck Hunt, Pit, and Zelda.*

*This causes them to slowly take more and more damage.*

*When they take enough damage, Lincoln sends them flying.*

Lisa: *adjusts her glasses, smiles* A perfect success. *disappears*

*In the real world.*

Lisa: Me throwing chemicals to inflict damage. *shakes her head* Odd, but typical.

Me: That was clever and genius.

Xerneas: It sure was.

*On the New Donk City Hall map, Lincoln picks up another Assist Trophy, and out pops Lily.*

Lily: *gasps, excited* I'm in too!

Me: Oh wow!

*Lily pulls out a paintbrush and paints all over Sonic, Young Link, and Toon Link, confusing and stunning them.*

*Lincoln then unleashes his smash attacks to send them flying.*

Lily: *on TV, giggling* Bye-Bye! *disappears*

*In the real world.*

Lincoln: *smiles* Now that's a sweet attack for Lily.

Me: It sure is.

*He ruffles her hair, making her giggle.*

Lily: *giggling* Thanks, Linky!

Lincoln: *on TV, to the viewers* Ready for the main event?

Siblings: *surprised* Main event?

Me: I wonder what it's gonna be.

*Back at the Loud House stage, Lincoln picks up another Assist Trophy, and to the siblings' surprise, out pops all 11 sisters at once.*

Siblings: *surprised* Whoa!

Lori: *surprised* ALL of us appeared at once?!

Leni: *surprised* No way!

Luna: *surprised* That's awesome!

Nicole: Oh this is gonna be sweet!

Me: I can tell.

*On TV.*

*The sisters attack Mario, Luigi, Link, Kirby, and Pikachu by using their assist trophy moves.*

*They take enough damage for Lincoln to knock them all off with his Smash move.*

*Once he does, the sisters gather in the middle on the stage.*

Sisters: *waving* Bye-Bye! *disappear*

*Now, the screen fades to white as the Super Smash Bros. Ultimate logo and release date appear.*

*In the real world.*

Luna: *grins* Now that was awesome, dudes!

Leni: *smiles* Yeah! It was a great trailer!

Lisa: *smiles* Indeed.

Me: That was so awesome!

Nico: It sure was.

Mindy C.: Boy you all really socked it to them.

Me: They sure did.

Lincoln: I agree… but it still doesn't make sense…

Lily: Yeah, how are we IN the game? We're not game characters.

Leni: *remembers something* Wait, do you think… it has something to do with that time Linky got sucked into the Wii U Gamepad?

Lincoln: *gets what Leni's talking about* Leni, I think you're onto something. *looks at his sisters* Can someone go get New Super Mario Bros. U?

Lily: I got it! *runs to grab the game*

*While she does so, Lincoln turns on the Wii U.*

*Lily comes back with the game.*

Lily: Got it! *hands it to Lincoln*

Lincoln: *takes the game* Thanks, Lily. *pops the game in*

*In the Wii U Menu, Lincoln selects New Super Mario Bros. U.*

*It then opens up to the New Super Mario Bros U. title screen.*

Lincoln: Okay, let's see… *selects 2 players, looks at his sisters* Someone pick up a Wii Remote.

*Luna picks up a Wii remote.*

Luna: Got it.

*Luna turns on the Wii Remote and goes to select a player.*

*Then, much to everyone's surprise, Lincoln was one of the player characters.*

Lynn: *surprised* Whoa! Linc's a playable character!

Me: He sure is.

Leni: *surprised* Unbelievable!

Lincoln: *surprised* H-How though?!

Lisa: It's a possibility in the Cyborg Lincoln's universe that you triggered the game's coding while inside it yourself. It's now permanent.

Me: That does make a lot of sense.

Nicole: It sure does.

Lori: *surprised* Don't take this the wrong way, Lisa, but that literally might be the most understandable science words that have come out of your mouth.

Lisa: None taken, eldest sister.

Lincoln: *surprised* Wow! I made myself a playable character! *thinks* Hm, I wonder if Sakurai noticed this?

Me: I have a very strong feeling he did.

*As it turns out, Sakurai DID notice it.*

*Hence the reason why he put Lincoln in Super Smash Bros. Ultimate.*

*Nothing a little research couldn't help out with, which is how Sakurai learned about Lincoln.*

Sakurai: *smiles* I hope Lincoln liked my surprise in Ultimate.

*Back at The Loud House.*

Lana: Well, if he did. Then that explains how you're in Smash Bros. Ultimate.

Lincoln: Sounds just about right. And knowing everyone who loves playing Smash Bros., they're probably going berserk about me being playable.

Lisa: More than likely, elder brother.

Me: Me too.

*Meanwhile, the kids in Gotham Royal York were just watching the newcomer in the Smash Bros. Ultimate trailer.*

*Once they saw it was Lincoln who was the newcomer, they were beyond shocked.*

Clyde: *beyond shocked* No. Way.

Girl Jordan: *beyond shocked* Say what?!

Fox Quintuplets: *beyond shocked* WHAT?!/ NO WAY!/ HUH?!

Tabby: *beyond shocked* Wait, WHAT?!

Haiku: *shocked* Huh?!

Bobby: beyond shocked* MY LITTLE BRO'S IN SMASH-?!

Becky: *beyond shocked* WHAT-?!

Teri: *beyond shocked* IN-?!

Carol: *beyond shocked* THE-?!

Dana: *beyond shocked* WORLD-?!

Nick F.: *beyond shocked* NO FREAKING WAY!

Polly Pain: *beyond shocked* HUH?! HOW DID-?!

Sam: *beyond shocked* OH MY GOSH!

Rusty: *beyond shocked* WHAT THE WHA?!

Liam: *beyond shocked* HOLY TARNATION!

Rocky: *beyond shocked* H-HOW?!

Giggles: *beyond shocked* WHAT?! HUH?! WHAT?! HOW?!

Benny: *beyond shocked* I'd be laughing if this was a prank, WHICH IT ISN'T!

Francisco: *beyond shocked* HOLY MOLY, HOW THE HECK?!

Silas: *shocked* Woah…

Skippy: *beyond shocked* HUH?! HOW IS HE-?!

Winston: *beyond shocked* UNBELIEVABLE!

David: *beyond shocked* HOLY EINSTEIN! HOW IS THIS POSSIBLE?!

Stella: *beyond shocked* WHA?!

Chip: *beyond shocked* HUH?!

Ronnie Anne: *probably the most shocked* HUUUUUHHHHHH?!

*Later.*

*The Loud Siblings were at the computer watching a Smash Bros. Ultimate video about Sakurai adding Lincoln.*

Sakurai: *on video* Yep. The actual Lincoln Loud is joining Super Smash Bros. Ultimate. No joke, no prank, and not fake. I know what a lot of you are thinking. "Lincoln's not a video game character." But recently, I've just found out that one of our Wii U games somehow included him as a playable character. At first, I thought my developers did something, but they told me they haven't touched a thing. Don't believe me? See for yourself.

*The video changes to New Super Mario Bros. U, where it shows somebody playing as Lincoln through World 3.*

Sakurai: *on video, voice over* That enough proof?

Lincoln: What do you know? He did find out about it!

Me: He sure did.

Varie: That is amazing!

Laney: It sure is.

Lily: Nice!

Lynn: Aw, sweet!

Sakurai: *on video* It's still unclear on how it happened, but a game character's a game character.

Lincoln: *in his head* If I told him, chances are he wouldn't fully believe it.

Me: I have a hunch but when Cyborg Lincoln came to our dimension it appears that the adventures of your counterpart merged with our world.

Lisa: That is a logical assumption.

Sakurai: *on video* So, after a long decision, we decided to set him into Smash. Of course, I had to look him up, cause I didn't know about Lincoln.

Lynn: Oh well.

Lincoln: Surprised that Sakurai didn't know me. I mean, the entire world does.

Me: Not just the world but the entire galaxy.

Luna: Well, Maybe He was spending a lot of time working on Smash Ultimate, that he didn't pay much attention to anything else.

Me: That could be the case.

Nicole: A lot of video game makers are too busy to focus on what's happening now.

Lincoln: True. It did take a long time.

Sakurai: *on TV* We probably made Lincoln the strongest fighter, which may sound like a cheat. But his powers are no joke. Not to mention, he's the first character to ever FULLY break the 4th wall in a Smash Bros. game.

Lincoln: *chuckles* True. I always break the 4th wall.

Me: We sure do.

Sakurai: With news of Lincoln being in Super Smash Bros. Ultimate, which releases in 2 daysl it won't be surprising when the world wants to play as him.

*The video then ends.*

Lisa: Well, That solves that.

Luan: *smiles* Yeah! Everyone's gonna have a blast playing as you, Linc!

Me: They sure are.

Lincoln: *chuckles* No denying that.

*And Luan was right.*

*Kids and teenagers all over the world were going berserk about Lincoln in Super Smash Bros. Ultimate.*

*And it WAS all over the world. America (no surprise), Africa, Europe, Japan (No surprise), etc.*

*The next day, School Day.*

*Me, Xerneas, Lincoln, Lucy, Laney, and the twins were walking to school.*

Lana: Do you think anyone at school saw the trailer, guys?

Lola: If anyone didn't, I'd be surprised.

Lucy: Me too.

Me: I would be surprised too.

Xerneas: I have a strong feeling that no one missed it.

Lincoln: Please, the whole school's gonna be going crazy about me, and some will still be shocked.

*We arrive at Gotham Royal York Elementary School and head inside. As we head through the hallways, we see every student going crazy, excited, and shocked about Lincoln.*

Lincoln: *in his head* Knew it.

Me: I had a feeling. It spread like Wildfire.

Classmate: *points at Lincoln excitedly* Hey, there's the Smash Bros. Ultimate newcomer!

*Just about every student swarmed around Lincoln, chattering excitedly.*

*Lincoln chuckled.*

Ronnie Anne: *behind Lincoln, shocked* Lincoln!?

*Lincoln turns and finds Clyde, Ronnie Anne, Rusty, Rocky, Zach, Girl Jordan, and Stella walking up to him, all shocked.*

Lincoln: *smiles* Hey, lame-ette. Hey, guys.

Clyde: *shocked* YOU'RE IN SMASH ULTIMATE?!

Lincoln: *nods* I am indeed, buddy. I am indeed.

Me: We were all surprised ourselves.

Girl Jordan: *shocked* HOW?!

Lincoln: Well, Clyde and Ronnie Anne. Remember when I got sucked into my Wii U Gamepad?

Rusty, Rocky, Zach, Girl Jordan, Stella: *confused* What?

Ronnie Anne, Clyde: *shocked* Yeah…?

Lincoln: Well, turns out while being inside it. New Super Mario Bros. U made me a playable character.

Clyde: *shocked* Huh?!

Girl Jordan: *shocked* Did that really happen?!

Me: That's so strange.

Lincoln: It's true. That's how Sakurai saw that I was a game character. And that's why I'm in Smash Ultimate.

Zach: *shocked* Woah! That's amazing!

Liam: *shocked* Darn tootin'!

Rusty: *shocked* Wow!

Girl Jordan: *shocked* I can hardly believe it!

Clyde: *shocked* That's unbelievable, buddy!

Lincoln: Trust me, I was shocked when I first found out too.

Me: We all were shocked actually.

Ronnie Anne: *shocked* No kidding! We heard you scream so loudly!

Lincoln: *chuckles nervously* Oh, you heard that…

Clyde: *nods* Yeah, just about every bird in Royal Woods flew off in fright.

Me: Yeah buddy it practically blew our eardrums out of our heads.

Lincoln: *chuckles nervously* Whoops…

Ronnie Anne: It's alright, lame-o. You just gave us a startle is all.

Girl Jordan: Yeah, it's fine.

Paige: But it's so cool having you in Super Smash Bros. Linky.

Lincoln: Thanks Paige.

*Lincoln smiled.*

*At Gotham Royal York Middle School.*

*Lynn walked down the hallways, see excited, shocked, and going crazy students.*

Lynn: I'm guessing they saw it.

Margo: Lynn! You and your brother are in Super Smash Bros. Ultimate!?

Lynn: We sure are Margo and it's awesome!

Margo: That is amazing!

Polly: You are gonna be awesome in the world of video gaming!

*At Gotham Royal York High School.*

*Varie, Nico, Lori, Leni, Luna, and Luan saw all the student excited, shocked, and going crazy about Lincoln in Smash.*

Luna: *surprised* They sure found out fast, dudes.

Varie: They sure did.

Nico: No kidding.

Leni: *surprised* No kidding!

Nico: I just said that Leni.

*Soon enough, the sisters were swamped by their others and their friends.*

Bobby: *shocked* Babe, how'd it happen?!

Becky: *shocked* How is Lincoln in Super Smash Bros. Ultimate?!

Varie: Whoa whoa! One at a time guys.

Lori: Well…

*She tells them what happened.*

*They were very surprised.

Sam S.L.: *very surprised* That really happened?!

Leni: Yep. All because of a wire.

Luna: And now he's a playable character.

Carol: *surprised* Wow.

Becky, Teri, Dana: *surprised* That's amazing!/So cool!

Bobby: *surprised* And unbelievable!

*At Royal Woods Kindergarden.*

*Lisa walks into her classroom, and finds all of the kids going excited and crazy about Lincoln. Mrs. Shrinivas was trying to calm everyone down.*

Lisa: Hmm, they have indeed found out.

*Darcy notices Lisa come in.*

Darcy: *excited* Lisa! *runs over to her*

Lisa: *notices Darcy, smiles* Greetings Darcy.

Darcy: *excited* This is unbelievable! Did you see the trailer?!

Lisa: *smiles* Of course I did.

*The other kids excitedly go up to Lisa.*

Kids: *excited* Lisa, your brother's in Smash!/He's so lucky!/It's amazing!/Wow! I can't believe it!/THE Lincoln Loud in Smash!/Your brother's so lucky, Lisa!

*Lisa simply chuckled.*

*Later, after school ends.*

*Lily was making some Smash Bros. drawings as Me, Xerneas and Lincoln were the first home from school.*

Lincoln: *sees Lily drawing* Working on more drawings, Lily?

Lily: *notices Lincoln, smiles* Oh, hi, Linky! Yes, I am! *holds up on of them* Check out my recent one!

*Lincoln looks at the drawing and sees that it's himself performing a flying kick with the background of a fiery Smash Ball.*

Lincoln: *smiles* Wow, Lily! That's amazing!

Me: That's a great drawing Lily.

Lily: Thanks! And look at my other ones!

*There were a LOT of drawings. One was of Lincoln holding Pikachu and Pichu, one was of Lincoln and Kirby (With Lincoln's Hair), and one was Lincoln holding a Smash Ball.*

Lincoln: *smiles* These are amazing, Lily! You've become quite the artist ever since you found it's talent!

Me: You have quite as much talent as Laney does.

*The other sisters walk into the house as Lincoln ruffles Lily's blond hair.*

Lily: *notices them* Oh, hi, guys!

Luan: *smiles* Hey, Lily!

Lana: *sees the drawing* Hey, looks like you did some more drawings!

Lily: I sure did!

Luna: *picks one up, smiles* Nice one, baby sis! These are some really rad pictures!

Lily: *giggles* Thanks, Luna!

Varie: You did a great job.

*The sisters see the rest of the drawings.*

Lola: *amazed* Woah! Look at them all!

Leni: *amazed* Yeah! All of them have Lincoln in Smash Bros.!

Lucy: *small smile* They're really good.

Lisa: *smiles* Excellent job, youngest sister.

Lily: *smiles* Thanks, Lisa.

Lynn: *grins* I can't wait for the game to come out tomorrow!

Leni: *smiles* Me too!

Lori: For what I can guess, there's probably gonna be a huge excited crowd at the mall tomorrow.

Luna: There's probably people waiting outside stores right now.

*And Luna was right. People ARE waiting outside stores right now. Some of them even had tents.*

Lily: *looks at Lincoln* Linky, you'll be able to get us a copy, right?

Lincoln: *chuckles* Don't worry, Lily. I'm speedy to get us one in no time.

Lynn: Pfft, being fast won't be what gets us a copy!

Lana: Yeah, it's gonna be your popularity!

Lisa: Plus, you ARE in the game.

Lincoln: *scratches his chin* Hmm, true. *nods* Guess I'm getting it easily them.

*The next day.*

*The sun rises slowly to start another day.*

*As soon as the mall doors opened to open the mall, a TON of excited people immediately rushed into the game stores.*

*Lincoln whistles a cheery tune as he walks into the mall.*

*He noticed the crowds, but to him, this looked normal.*

Lincoln: Excited crowds scrambling to game stores. *grins* Typical.

*Lincoln walks into the nearest game store and sees people scrambling to grab Super Smash Bros. Ultimate.*

*He even sees that some people are breaking into fights.*

Lincoln: Okay, that's too much.

*He breaks up the fight, and everyone freezes when they see Lincoln.*

Lincoln: Alright, people! Break up the fighting, or no one's getting a copy!

*That made everyone stop fighting.*

People: Sorry, Lincoln!/We'll stop!/Our bad!

Lincoln: Okay! That's more like it! Now, can we please try to get along with this more calmly?

*He then felt someone tug on his vest.*

Lincoln: Hm? *looks*

*It was a little girl, about Lisa's age, holding a copy of Smash Ultimate up to Lincoln, as if she was giving it to him.*

Lincoln: *kneels down to her* What's up, young one?

Girl: *hands him the game, smiling* Here you go, Mr. Lincoln.

Lincoln: *surprised* H-Huh?! Your giving your copy to me?

Girl: *nods, smiling* That's right, Mr. Lincoln. Who better to get a first copy than you?

Lincoln: *surprised* Wow… *takes the copy* Are you sure you're okay with this?

Girl: *nods, smiling* Of course.

Lincoln: *smiles* Well, thank you! Uhhh…

Girl: *smiling* Susie.

Lincoln: Susie. *ruffles her hair*

Susie: *giggles* You're welcome, Mr. Lincoln.

*Later.*

*Lincoln walks into the house, but only finds Lily in the living room.*

Lily: *sees Lincoln* Oh, hi, Linky!

Lincoln: Hey, Lily. *looks around* Where are the others?

Lily: Oh, well, Lori and Leni are on dates with Bobby and Ed, Luna's at a gig with Sam, Luan's at a comedy club with Eddy and Giggles, Lynn and her team have a football game, Lucy's at a poetry reading, Laney is at a dance recital, the twins are with Mom and Dad at a Blarney show, and Lisa is giving a lecture at the University.

Lincoln: Wait, so they left you here ALONE?

Me: Nope.

Lincoln: You're gonna babysit J.D.?

Me: I sure am.

Lincoln: Kinda surprised you aren't out getting Smash Ultimate.

Me: I already have it. I got mine before you did.

Lincoln: Nice. *holds up his copy* A little girl gave hers to me.

Lily: *gasps excitedly* YOU GOT IT!

Lincoln: Yeah, after I broke up a fight.

Lily: *surprised* A fight?

Lincoln: Yeah. *kneels down to Lily* Sometimes, people will fight over this, like Super Smash Bros. Ultimate.

Lily: *surprised* Really? Even-

Lincoln: Yes, even our sisters. Especially Lana and Lola.

Lily: *surprised* Gosh. That explains why I see so many fights here.

Lincoln: Yeah, fighting is VERY often here in the Loud House. In fact, There's not even ONE day without us fighting over something.

Lily: *surprised* It sure is. We fight for everything.

Me: We sure do. But not anymore.

Lincoln: *nods* Yep.

Lincoln: So, *holds up the copy and smiles* who's ready to play Super Smash Bros. Ultimate?

Lily: *smiles, excited* Let's do it!

Me: I'm game.

Nicole: Me too.

*Lily and me sit on the couch as Lincoln pops Smash Ultimate in the Switch.*

*The game starts up.*

Lily: *excited* Ooh! I can't wait to play!

*Soon, it goes to the Super Smash Bros. Ultimate title screen.*

Announcer : Super Smash Bros. Ultimate!

Nicole: Here we go.

*Lincoln presses the START button, and it goes to the menu.*

*He makes it so 4 people can play.*

Lincoln: Alright, guys. Get ready!

*Lincoln selects Smash.*

Announcer: Free-for-All!

*They go to Character Selection screen.*

*Lincoln doesn't see himself on the Character Selection screen.*

Lincoln: Looks like I'm a unlockable character.

Lily: *sad* Awww.

Me: That's a shame.

Lincoln: Hey, don't worry, Lily.

Nicole: Yeah. You'll soon unlock him. Or he'll be the last to unlock. It'll stink if he's the last of them.

Lincoln: Though, I can understand if I am. Sakurai did say I was one of the strongest characters in Smash.

Nicole: True.

*Lincoln selects his best character: Link. I select Mario, Nicole selects Zero Suit Samus And Lily selects Pikachu, because her best character, Jigglypuff, was an unlockable, while Victoria selects Samus, because her best character, Peach, was also an unlockable.*

Lincoln: Now, to select a map.

*Now they go to the Stage Selection.*

Lincoln: *surprised* Woah! They weren't kidding about having every stage present from every Smash Bros.!

Nicole: *surprised* No kidding!

Lily: *surprised* Wow!

Me: It sure is a lot of stages. And a lot of video games have been in the world for almost 40 years.

Lincoln: Well, what stage do you two want to fight on?

Lily: How about New Donk City?

Nicole: Ooh! That's a great idea, Lily! From Super Mario Odyssey

2017.

Lincoln: *smiles* Alright. New Donk City it is. *selects the New Donk City stage*

*The loading screen appears.*

*Soon, New Donk City appears, and the characters do their entrances.*

Announcer: 3… 2… 1… GO!

*The three begin fighting.*

*Pikachu uses Thunder on Link, which gave him 28%.*

*Link shoots arrows at Pikachu and Samus.*

*Zero Suit Samus avoids while Pikachu gets hit, giving him 17% damage.*

*Mario then hits Link with the Missile, giving him 41%.*

*Link attacks Peach with the Master Sword.*

*Peach gets hit and gains 32% damage.*

*Link then pulls out a Remote Bomb and throws it at Pikachu.*

*It explodes on him and gives him 49% damage.*

*Then, the Smash Ball appears in the air.*

Lincoln: Smash Ball!

Lily and Nicole: Mine!

*It was a strong struggle, but Link gets the Smash Ball.*

Lincoln: Yes!

*Lincoln then activates the Final Smash, and Pikachu gets caught in it.*

Lily: Oh, no!

Me: Uh oh!

*Link pulls out the Ancient Bow and Arrow and unleashes it on Pikachu, sending the Pokemon right off the stage.*

Lily: *sighs* Man…

Me: Wow!

*Samus then grabs Link.*

Lincoln: Hey, let go!

Nicole: *smirks* Okay!

*Zero Suit Samus hurls Link forward.*

Lincoln: Not what I meant.

*Zero Suit Samus then drops a Bomb on Link, giving him 65% damage.*

*Pikachu comes back on stage.*

*The brawl went on for 3 minutes.*

Announcer: TIME!

*The winner… was Samus.*

Announcer: Samus… wins!

Nicole: Oh Yeah!

Lincoln: *sighs, then smiles* Nice job, Nicole.

Lily: *smiles* Yeah! You were awesome!

Nicole: *smiles* Thanks, guys. Goddess of Video Games wins again.

*The other sisters come into the house.*

*Lynn was holding a football trophy, Laney had a gold medal for her dance performance and Lucy had a blue ribbon on her poem.*

Lily: *notices them* Oh, hi, guys!

Leni: *waves* Hi, Lily!

Me: Welcome home.

Lincoln: *sees the ribbon on Lucy's poem* I take it Lucy won?

Lucy: *small smile* Yeah.

Me: Laney won her dance I see.

Lancy: I sure did. It was for 2013's Frozen.

Me: Sweet.

Lily: *sees Lynn's trophy, smiles* And it's no surprise that Lynn won her game.

Lynn: *grins* You know it!

Luna: What about you dudes? What are you doing?

*Lincoln, Lily and Nicole smirk, and simply point at the TV.*

*They look and see Super Smash Bros. Ultimate on the screen, much to their excitement.*

Leni: *excited* YOU GOT THE GAME?!

Lincoln: *smiles* We sure did, Leni.

Me: It's so much fun.

Luan: *excited* YES!

Lynn: *excited* AW, SWEET!

Lana: *excited* AWESOME!

Lincoln: Me, Lily, Nicole and J.D. already played out first match. Anyone want to join?

Sisters: *excited* YEAH!

Lincoln: *grins* Alright!

*The siblings, me and Nicole spend the rest of the day playing Super Smash bros. Ultimate.*

*Hours later.*

*It was around nighttime in Gotham Royal York.*

*The siblings, me and Nicole, in their PJs, have unlocked a good amount of characters so far, like Luigi and Daisy.*

*But there was one character left to unlock.*

*And it was obvious who it was.*

Lincoln: Man, we unlocked a good chunk of characters, guys.

Me: We sure did.

Lori: Yeah. Now there's literally one character left to unlock.

Lily: And we know exactly who it is.

Luan: Yep.

Victoria: Well, we gotta play another match first. That's how we'll unlock you-know-who.

Lincoln: Alright.

*After a quick match, which Lincoln won. A siren blares.*

*A new foe has appeared!*

*The blue background shows a silhouette character in a flying kick position.*

*Everyone immediately recognized who it was.*

Lana: *grins* Hey, it's Lincoln!

Me: It sure is. This is it guys!

Nico: Here we go.

*It goes to the Loud House stage, where Link and Lincoln do their entrances.*

Lincoln: *takes a deep breath* Oh, boy. Here we go!

Announcer: 3… 2… 1… GO!

*Lincoln charges at Link and does his side special, the Burning Drill Kick, giving Link 28% damage.*

*Link performs the Spin Attack on Lincoln, giving him 15% damage.*

*Link throws a Remote Bomb at Lincoln.*

*But, Lincoln dodges the bomb, and grabs Link.*

Lola: *stunned* My gosh!

*Lincoln then performs his down grab and gives a harsh stomp to Link's spine, giving him 39% damage.*

Lily: Jeez!

Me: Wow! He's powerful.

Lincoln: Okay, I think Sakurai made me TOO overpowering.

Me: He sure did but it's awesome!

Eddy: It sure is.

*After a long fought battle, Link NEARLY lost, but manages to give Lincoln a Star KO.*

Announcer: GAME!

*Soon, the blue background reveals Lincoln in his full colors.*

*Lincoln joins the Battle!*

Sisters: *excited* YEAH!

We cheered.

Lincoln: *released his breath he was holding in* Woah. THAT was close.

Lily: You did it, Linky.

Varie: You sure did.

Lincoln: *slightly panting* Yeah, but barely. Now I know what fighting myself feels like.

Me: It's not easy facing yourself. It would be a total stalemate.

*Lincoln then appears on the character selection screen.*

Lincoln: *smiles* And there I am, guys.

Nicole: *smirks* Nice.

*Then, a message appears.*

*You've unlocked all fighters! Now, the ultimate brawl begins!*

Siblings, Me, everyone and Nicole: *surprised* Huh?

Lola: *surprised* Wow! We unlocked everyone already?

Lana: *surprised* Guess we played this longer than I thought.

Me: We sure did.

Lucy: What time is it?

*Lincoln checks the time.*

Lincoln: Huh, it's 10:30 P.M.. *looks out the window, sees that it's nighttime* And it's nighttime. Wow, we were on Ultimate all day!

Lily: *surprised* Gosh!

Me: Wow! We really stayed up huh?

Nico: We sure did.

Lynn: *yawns* Yeesh, no wonder I feel sleepy…

Luna: *yawns* Same here, dude…

*Lily lets out a cute yawn before passing out on Lincoln's lap.*

Me: She's really tired.

Nicole: Yeah, sounds like it. *hears Vanzilla's horn honk outside* And it sounds like the parents are home. Better go and speak with them.

*Nicole goes outside as we all go to our rooms upstairs.*

*After expressing sleepy goodnights to each other, we all head into our rooms for the night.*

*Lincoln tucks Lily into her bed.*

Lincoln: *quietly* Goodnight, Lily. *kisses her forehead*

*Lily smiles in her sleep as Lincoln quietly heads out of the room, and heads into his room for the night.*

As they were asleep, they began to dream. Megan and Lincoln were both in the same dream. Megan was in her Dark Samus suit.

Megan: Lincoln, where are we?

Lincoln: I don't know. But this place looks very familiar.

?: I called you both here.

They saw a giant floating white hand.

Lincoln: Master Hand.

Master Hand: Lincoln Loud and Megan McCalister. It's a pleasure to meet you.

Lincoln: It's an honor to meet you, Master Hand!

Megan: We love the Super Smash Bros. world and it is so awesome!

Lincoln: We have so much to tell you.

They told him all about what happened during our encounters with other characters.

Master Hand: So Wolf, Dedede, K Rool, and Bowser are in prison?

Lincoln: Yep. To be honest, the only reason they're still alive is because they're part of the Super Smash Bros roster.

Master Hand: I see. I also saw that you are now part of the Super Smash Roster. Welcome to the tournament Lincoln Loud and Megan McCalister.

Lincoln: Thanks Master Hand.

Megan: May the best Smasher win, Lincoln.

Lincoln: You too Megan.

Master Hand: Come back here whenever you like, Lincoln and Megan.

Lincoln: Thank you Master Hand.

In the morning, Lincoln and Megan woke up and then they saw 2 belts around their chests and there was a 3rd belt around their waists and with lots of Pokeballs on them. There were stickers on the Pokeballs and the were of the Pokemon in them and they are as follows:

Pikachu, Pichu, Jigglypuff, Mewtwo, Charizard, Squirtle, Ivysaur, Incineroar, Lucario, Greninja, Alolan Raichu,Vulpix, Alolan Vulpix, Meowth, Abra, Electrode, Alolan Exeggutor, Goldeen, Staryu, Ditto, Eevee, Snorlax, Moltres, Mew, Togepi, Bellossom, Scizor, Entei, Suicune, Lugia, Gardevoir, Metagross, Latias, Latios, Kyogre, Deoxys, Abomasnow, Palkia, Giratina, Darkrai, Arceus, Victini, Snivy, Oshawott, Zoroark, Kyurem, Keldeo, Meloetta, Genesect, Chespin, Fennekin, Fletchling, Spewpa, Gogoat, Swirlix, Inkay, Dedenne, Xerneas, Bewear, Pyukumuku, Togedemaru, Mimikyu, Tapu Koko, Solgaleo, Lunala, and Marshadow.

Me: Morning buddy. Whoa! Where did you get those Pokeballs?

Lincoln: I woke up with them. It's so cool!

Me: It sure is.

Lincoln: And me and Megan met Master Hand.

Everyone came out and we gasped.

Everyone: YOU GUYS MET MASTER HAND!?

Me: Oh that is so awesome! You can tell us over breakfast.

Spiderman: (To the viewers) Video games are fun but some of them are not fun for everyone.

---

Later, Shockwave, Maria and Nico picked up strange signals. But they were of Decepticon origin. The signals were coming from a cave in northern Michigan.

Maria: Are you sure that this is the location where the Decepticon signals originated?

Shockwave: I'm sure. They should be around here somewhere.

They arrived at the cave and then 10 figures came out! It was 10 Decepticons that Shockwave knows all too well. It was Bludgeon, Slipstream, Viper, Nightbird, Offroad, Gnaw, Reflector, Straxus, Octopunch and Barricade.

Shockwave: Hey you guys!

Gnaw: Shockwave? You're alive!

Straxus (to Shockwave): Why are you here, Shockwave? We told Megatron that we weren't serving him anymore!

Shockwave: Take it easy, Straxus. I abandoned Megatron as well.

Nico: It's all right guys. We mean you no harm. We have news for you.

They told them about Megatron and Starscream being dead.

Slipstream: So Megatron and Starscream are both dead?

Nico: Yep. But we did manage to kill Starscream's Heartless recently.

Maria: Also after we killed Megatron Nico became their new leader.

Bludgeon: That's good. We hated working with Megatron.

Octopunch: So you're willing believe our story of abandoning Megatron just like that?

Nico: Of course. After all, we forgave the other Decepticons.

Barricade: We'll go with you.

They did so and they went back to the estate.

Barricade: That's funny. You said the Loud Family usually hangs around here. Where are they?

Nico: Funny you should ask.

Nico told them all about what we do and more and they were amazed. It was the beginning of so much friendship and more.

THE END

---

Another Fanfiction Complete.

Nbwatts on Deviantart created the story for when Lincoln and his sisters discover that he was now a playable character on Super Smash Brothers Ultimate. One of my all time favorite video games on Nintendo Switch and it was awesome! I was amazed with his work and decided to make it into an awesome chapter for him in my fanfics. Credit goes to you nbwatts for making an awesome story! NicoChan11 gave me the ideas for this one. Thanks man as usual. Let me know what you all think.

See you all next time.

# Magic From The Zodiac

It starts in the outskirts of Pallet Town. Me, Xerneas, Nico, Lincoln and Lola were riding our Rapidash and Ponyta, Earth was riding on the back of Lincoln's Moltres and Elyon, Maria, Ash, Misty, Serena, Brock, May, Iris, and Dawn were flying and Tahu, Lucy H., Natsu, Juvia, Jessie, James, Meowth, Gary, Clement and Bonnie were in a hover carriage being pulled by Nico's Rapidash.

Me: I wonder what Ash's home town is like.

Nico: We're gonna find out soon. We're almost there.

I look over to the mountains and I saw the scar that was from the fire that was from the battle with Team Rocket.

Me: Wow! What a battle.

Nico: Boy no kidding. But we sure gave Team Rocket what was coming to them.

Lincoln: We sure did.

Lucy H.: It's hard to imagine that they caused so many problems all over the world of Pokemon.

Natsu: No kidding. But they are all burned up.

Me: You said it Natsu.

We arrived in Pallet Town.

Me: Wow. Ash your town is amazing.

Ash: I haven't been home in a long time.

Me: I can tell. Ever since you arrived here you were telling us so much about your travels.

Ash: Yeah.

We arrived at Ash Ketchum's home.

Me: Your house is cute Ash.

Ash: It's home sweet home.

Me: Lets go in.

In Ash's house, Ash's mom Delia was crying and she was afraid that she would never see Ash ever again.

Delia Ketchum (crying): Professor, Tracey, do you think Ash is ok?

Professor Oak: Delia, I've informed the police of his disappearance. Don't worry. They'll inform us if they've seen him.

Delia: I can still hear his voice calling to me.

Ash (behind her): Mom.

Tracey: Hey. Wait a minute. I hear it too.

Ash: I'm right behind you mom.

Delia saw Ash alive and well.

Ash: Hi mom. I'm back.

Delia: (Joyous) ASH!

She hugged her son for the first time in a while.

Delia: Ash! I'm so glad you're back safe!

Me: And he was in good hands.

Delia saw us.

Delia: Thank you so much for looking out for my boy.

Me: You're welcome Mrs. Ketchum and it's a pleasure to meet you. I'm J.D. Knudson, Leader of Team Loud Phoenix Storm.

Delia: Oh wow! It's such an honor.

Me: It's a pleasure to meet you too.

Brock: Hi Mrs. Ketchum. Its been a while.

Misty: Same here.

Delia: Brock and Misty, it's great to see you again.

Nico: I'm Nicolas Chan, but everyone calls me Nico.

May: Hello Mrs. Ketchum.

Dawn: It's a pleasure to meet you Mrs. Ketchum. I'm Dawn.

Serena: And I'm Serena.

Delia: May, it's great to see you and it's a pleasure to meet you three.

Clemont: I'm Clemont and I'm the former Gym Leader of Lumiose City in the Kalos Region.

Bonnie: And I'm Bonnie. Clemont's my big brother.

Iris: And I'm Iris and I'm from the Village of Dragons.

Xerneas: I'm Xenia but I'm known as something else.

Lincoln: I'm Lincoln Loud.

Lola: And I'm Lincoln's little sister Lola.

Maria: I'm Maria Rockell, 2nd in Command of Team Loud Phoenix Storm's Redemption Squad.

Natsu: I'm Natsu Dragneel, Fire Dragon Slayer of Fairy Tail.

Lucy H.: I'm Lucy Heartfilia, Celestial Wizard of Fairy Tail.

Juvia: I'm Juvia Lockser, the Rain Mage of Fairy Tail.

Gary: Hiya Mrs. Ketchum.

Elyon: I'm Elyon, Guardian of Time.

Tahu: I'm Tahu, the warrior of Fire.

Earth: And I'm Earth.

Delia: It's a pleasure to meet all of you and Gary you've grown a lot.

Meowth: Hiya, Mrs. Ketchum!

Before he, Jessie, and James knew it, Delia was hitting all three with her purse.

POW! BLAM! BONK!

Jessie, James and Meowth had nasty lumps on their heads.

Delia: YOU HAVE A LOT OF NERVE SHOWING UP HERE!

Me: Delia there's no need for that. Jessie, James and Meowth are no longer a part of Team Rocket.

Maria: They are under the protection of Team Loud Phoenix Storm and are members of the Redemption Squad.

Me: I know it's gonna take a while to forgive them after all the trouble they caused to Ash and his friends but please give them a chance to prove it.

Delia: Well okay.

Professor Oak: It's an honor to meet you J.D.

Me: Professor Samuel Oak. It's an honor to finally meet you.

Professor Oak: You too J.D. We heard so much about all of your achievements.

Gary: Hey Grandpa.

Professor Oak: I'm so glad you're all right Gary.

Tracey: It's a pleasure to meet you all. I'm Tracey and I joined Ash and Misty on their journey through the Orange Islands.

Me: It's a pleasure to meet you too Tracey.

Little did we know that a figure wearing the black Organization coat was watching us reunite with Delia from afar. At first, one would think that it was Xigbar or Luxord back from the dead. But when the figure spoke, it was female.

?: Look at you. So happy and full of life. I could kill you right now so easily. What I wouldn't have given all those times before to take your happiness from you. But fate, it's tricky, isn't it? I was created from you when you got exposed to the Big Bang. Instead, I had to wait for so long to plan this meeting between us. But I will say, it's been an education watching you grow up all these months. Swimming and having dates with William. Enjoy your happiness while you can. Because nothing is forgiven. There will be a reckoning. I promise you, Maria Rockell, that you will die. We were having an awesome outdoor barbecue. And Officer Jenny was with us.

Officer Jenny: I'm so glad Ash is all right.

Me: He was in good hands Officer Jenny.

Officer Jenny: We also saw massive explosions and a raging forest fire burning in the mountains.

Me: Oh that was us battling Team Rocket. We were blowing the entirety of the organization into ashes.

Officer Jenny: That was all of Team Loud Phoenix Storm destroying all of Team Rocket?

Me: It was Officer Jenny. And I'm sorry for bringing cause for alarm. The Flames of Valor were burning ferociously as they were incinerating all of Team Rocket.

Officer Jenny: Well I'm glad we've now seen the last of Team Rocket.

Me: Well our work is not finished yet. There are still other villain teams out there and our next target is Team Flare. They want to turn the world into a utopian paradise. They may have good intentions but it's all pure evil. As long as evil and hatred exists, there will never be such a thing as a perfect utopian paradise.

Officer Jenny: Well I have a feeling that you can get rid of all of those villain teams.

Me: Thanks Officer Jenny. They will pay for their crimes.

Delia then told us an incredibly powerful part of Ash's adventure in the Orange Islands. We found out that Ash saved the entire planet from total destruction by fulfilling an ancient prophecy involving the 3 Legendary Birds - Moltres, Articuno and Zapdos, and the Legendary Guardian of the Ocean - Lugia.

Me: Are you serious Delia!?

Delia: I sure am. Ash saved the whole planet that day.

Me: Unbelievable. That is incredible. That must've been an incredibly dangerous and powerful adventure. But I'm glad he saved the world. That would've resulted in a major league cataclysmic disaster.

Lola: No kidding.

Lincoln: But I'm glad Ash saved the world.

Delia: Me too. And he saved me from being kidnapped by an Entei and the Unown.

Me: Oh wow! Ash told me about that. He thought that Entei was misleading a little girl named Molly down the wrong path. But in actuality it was the Unown that were the culprit.

Brock: I remember that. That was a strange deal. That Entei was believing Molly to be her father, a famous professor that was studying the power of the Unown.

Me: The Unown. I heard that they resemble the 26 letters of the English Alphabet.

Nico: That's right J.D. And they are also used in forms of ancient writing.

Me: That's what I saw. It was cool.

Delia: It was a harrowing ordeal for me.

We had a lot of Pokemon with us.

Officer Jenny: Boy you all have many kinds of Pokemon.

Me: We've been encountering all kinds of pokemon on numerous adventures. Hitmonchan and Primeape have been incredible sparring partners.

Nico: It's awesome and I have a Hitmonlee that is a great sparring partner.

Me: You could say that they give us the one two punch.

We laughed.

Delia: J.D. I haven't asked yet?

Me: What's up Delia?

Delia: We're you all heading somewhere before you came here to Pallet Town?

Me: We're on our way over to the Heartfilia estate to bring some pain to Lucy's jerk of a father Jude. He's a filthy rich businessman and thinks he can get whatever he wants with all the money in the world. He never cared for Lucy at all and to make matters worse, he tried to kill everyone in Fairy Tail by hiring an evil guild called Phantom Lord to try to eradicate it.

Lucy H.: That's right. My father is a monster and he loves money more than his family.

Me: We won't let him get away with all the pain and suffering he has caused to Fairy Tail and he will pay for everything he has done.

Delia: I agree with you J.D. Go make that monster suffer.

Me: With pleasure Delia. If we can subdue him, the least we can give him is life in one of our space prisons.

Nico: Yep. We can get him.

Later went to the Heartfilia Estate and along the way Nico got a Gyarados and a Tauros from Professor Oak's lab.

---

Later we set out for the Heartfilia Estate. It was a magnificent estate and it was massive. It covered 200 acres of land and it was an enormous mansion that rivaled in size to that of the Biltmore Estate in North Carolina and our estate back home and it was a breathtaking marvel. There all kinds of smaller houses and they were for the servants.

Me: Oh wow! Lucy your estate is magnificent.

Nico: It sure is.

Lucy H.: It's my home and it's where I lived for a while until my jerk of a "Father" ruined it and I ran away.

Me: Lucy your home is magnificent though. After this is done we can turn this place into the new Fairy Tail Guild Building.

Lucy H.: That's a great idea J.D.

Me: What are these smaller houses here?

Lucy H.: These houses are for the servants and my friends here.

Me: This is amazing.

We went into the house and we were following Lucy and she was ready to make sure that her father never torments her life again.

Me: Wow. Lucy your house is amazing inside.

Lincoln: It sure is.

Nico: I would love living in a house like this.

May: Me too Nico.

Lola: It's like an enormous castle. It's just as beautiful as my castle at the estate.

Natsu: It sure is.

Juvia: Me and Gray would like living here.

Lucy H.: Practically anyone would like to live here.

Me: Well here goes guys.

We were at the door of Lucy's father's study.

Me: This is it.

We went in.

Jude: Who are you all!?

Me: I'm J.D. Knudson, leader of Team Loud Phoenix Storm. Jude Heartfilia, you're under arrest.

Jude: You're arresting me? What for?

Me: For child neglect, several counts of attempted murder and attempted genocide and attempted terrorism.

Jude: This is absurd!

Lucy H.: You are through Jude! You are no father of mine! All you ever talk about is no one but yourself and all your money!

Jude: C'mon, Lucy! Why don't you come back to me and join the family again?

Lucy H: FAMILY?! You treated me like a slave! Well, no more! I'm done serving you. Fairy Tail and Team Loud Phoenix Storm are my family now!

Lincoln: That's right Jude and you give loving fathers everywhere a really bad name!

Nicole: (Offscreen) I agree.

Nicole and Elena arrived.

Me: Nicole, Elena.

Nicole: Hey dad. I wanted to help you out because my scanners picked up a Dark Orb.

We looked at our devices and we saw that Nicole was right.

Me: She's right. (To Jude) All right Jude do you have a Dark Orb of Xehanort in your grasp?

Jude: It's not me that has it.

Maria (to Jude): Wait. You don't have the Dark Orb? Then who does?

?: I do.

Walking out the shadows was the mysterious figure that was watching us earlier.

Nico: Elena, are there other female Organization members that we don't know about?

Elena: Of course not. This one is new to me.

Maria (sees the figure get out a Dark Orb): Who are you?

?: Isn't it obvious?

The figure pulled down her hood to reveal that her face looked just like Maria's, only with aqua blue hair.

?: I'm you.

We gasped in horror.

Maria: How can you be me!?

?: It's like looking into a mirror. (gestures to her hair) Well, almost. Call me Arixam. I've been helping out Lucy's dad with his… recent business.

Maria: You're my Nobody. But I was never turned into a Heartless.

Arixam: True. But you temporarily lost your solid body because of the Big Bang. That was more then enough for me to be created.

Maria: Is there any specific reason why you're doing this?

Arixam: While you lived your happy life with J.D. and the others after being cured, I had no one! I was always alone!

Maria: You could've come to Mom and Carmen. Or broken Ebon and his gang out of jail. Heck, the Legion of Doom might've been willing to recruit you.

Arixam (starts to cry): Don't kid yourself! Mom and Carmen would never see accept me. Ebon and his gang would just kill me for you ditching them! And the Legion of Doom would hunt me down because I look like you. All that's left in my heart is misery and despair. And now, YOU CAN SHARE IT!

Then a Heartless appeared.

The Heartless that appeared before us had red and black hair with yellow and silver clothes. But Elyon recognized the familiar body shape.

Elyon (shocked): Phobos?!

Magikcaster (Evilly grins): Why, Elyon? I thought you lived in a palace, not a barnyard. Leaving the front door open? Why, anyone could walk straight in!

Me: That's not Phobos. It's a Heartless that looks like him. Lets take the fight outside so we don't damage the house.

Jude: Good idea.

Me: Don't get too comfortable Jude. After we deal with your Heartless friend, we're coming for you next. Maria, you try to talk to Arixam and see if you can get through to her.

Maria: Okay J.D.

We went outside and faced the Magikcaster.

Me: Get ready you Phobos imposter, it's time for you to die.

Nico: You said it J.D. Phobos' Imposter you have Failed Candrakar and Earth.

Nico flared up his Super Saiyan Aura and turned into a Super Saiyan 4.

Me: You will never be welcome on the planet we protect.

I went Super Ebonwu 30,000 Phoenix Angel. It looked like my Super Angel 50,000 Phoenix Angel form but it was far more powerful than ever. I had rainbow lightning flickering around my aura and my body.

Me: (Deeper Voice) Wow! What power.

Nico: Wow! J.D. you power is incredible. It's like when you merged with your counterpart you've become a whole new person.

Me: It sure feels that way. Lets get this clod.

Bludgeon: (Offscreen) Let us help too.

We saw Bludgeon, Headstrong and Hot Rod coming and in the passenger seat of Hot Rod was Nancy of the Wereshark force.

Hot Rod opened his door and out came Nancy.

Nancy: Hey guys. Thought we would show up and lend you a hand.

Bludgeon: We felt your power and we were lucky to be in the area.

Me: You all arrived just in time.

Hot Rod: Lets get them!

They transformed and Nancy went Wereshark.

Juvia: She needs water to survive.

Juvia used her water magic and made it rain.

Nancy: **Much better.**

We went at the Phobos Heartless and I punched it in the face and kicked it in the stomach with devastating force.

Nico fired a blast of fire and blew his arm off.

Natsu: (Echoing) FIRE DRAGON ROAR!

Natsu fired a powerful blast of fire from his mouth and it hit Natsu and exploded.

KABOOM!

Hot Rod fired grenades at the Phobos Heartless and they exploded and burned him.

Hot Rod: Time for our combo Nancy!

Nancy: **You got it Hot Rod!**

Nancy fired a blast of water and Hot Rod fired a Fire Grenade.

Nancy and Hot Rod: BOILING STEAM BOMB!

The blasts combined and exploded and burned the Phobos Heartless in a massive cloud of superheated steam.

Bludgeon fired his high-voltage electric cannon and electrocuted the Phobos Heartless.

Headstrong fired numerous Plasma Spheres.

Headstrong: Time for our combo Bludgeon!

Bludgeon: You got it Headstrong.

Bludgeon and Headstrong fired blasts of lightning.

Bludgeon and Headstrong: LIGHTNING STORMARCH PLASMABOMB!

The blasts combined into a massive ball of lightning and it hit the Phobos Heartless and exploded into a massive blast of lightning and electrocuted him.

Natsu: Final smash time! (Echoing) FIRE DRAGON DEATH BURST!

Natsu fired a massive blast of fire from his hands and it was equal in power to that of a powerful death ray. It hit the Phobos and exploded with incredible power.

KRABOOOMMMM!

Tahu: It's my turn. FLAME SWORD INFERNO SLASH!

Tahu slashed the Phobos Heartless right down the middle and he exploded and we got an immense boost in power.

Natsu: That takes care of that.

Nico: That imposter deserved it.

Maria was fighting Arixam in a sword fight.

Maria: Arixam listen to me. You may be my Nobody but I never even knew you felt this way. Because I didn't know you were around and I'm sorry. I never wanted that to happen to you.

Arixam was shocked.

Maria: If you're really me, you know I would never do anything to harm you. All you want is a chance at life.

Arixam: [Calms down] I believe you.

Maria: Of course you do. We're practically sisters.

Lucy's dad: [takes out gun] TRAITOR! (shoots bullet at Maria)

Arixam (takes the shot): NO!

We gasped in sheer horror.

Lucy's dad (Arixam falls to the ground): Well, that was irritatingly heroic.

Maria: You saved my life, when all you wanted was to live.

Arixam: That's what sisters do, right?

Nancy: Oh, Maria, she's fading!

Maria: I know but what can I… unless I have to absorb her into my body using my powers. But only if you say yes, then all your thoughts, feelings, memories, everything will live on in me.

Arixam: I'd like that.

Arixam merged with Maria and she got all of Arixam's memories.

Me: You heartless (Censored)!

Nico: Jude Heartfilia, you have failed your daughter!

Me: More like he has failed all of Fiore!

(Goku's Super Saiyan Theme plays)

Then we saw Lucy and she was extremely enraged.

Lucy H.: I won't let you get away with this! (Growls)

Nico: What's wrong with Lucy?

Me: Jude just pissed her off BIG TIME!

Lucy was growling in so much rage and fury. The skies darkened with lightning striking everywhere and the ground was shaking violently. Then we saw Lucy sprout yellow angel wings and her hair was starting to stand up and her eyes were starting to turn teal.

Lucy H.: (ENRAGED) I WON'T LET YOU!

Lucy then unleashed the full extent of her power in a powerful yell of fury. We saw Lucy transform and she had a Yellow Aura around her and the twelve symbols of the Celestial Zodiac spiral around her.

Me: Whoa! What power! She became a Super Angel!

Lincoln: Unbelievable!

Lola: What power!

Lucy looked at her evil father and she was looking at him with eyes full of hate and rage.

Lucy H.: You are not my father anymore! I will kill you where you stand!

Lucy went at Jude and punched him in the face with devastating force.

Me: Wow!

Tahu: She's really going at him!

Lincoln: Show no mercy Lucy!

Erza Scarlet then arrived in her Heaven's Wheel Armor.

Erza: What's going on here?

Me: Lucy is going to kill her father because of all the pain and anguish he caused to her.

Erza: I know that Lucy hates her father but I have a feeling it's personal.

Erza gave Lucy one of her Heaven's Wheel swords.

Me: You brought all this on yourself Jude. We were originally going to arrest you and throw you in prison. But now we've decided to kill you. You're an honorless slimeball and death is your only punishment. Only a coward would try to shoot someone in the back.

Lucy H.: I will never forgive you Jude Heartfilia! You will pay for everything you've done to me and my friends!

Lucy went at Jude and punched him in the face with devastating force and knocked him down.

Lucy H.: From Hell's heart I stab at thee; for hate's sake I spit my last breath at thee.

Lucy stabbed Jude in the chest with the sword and threw him into the sky.

Lucy H.: Now you will never torment my life again! (Chants an Incantation)

Survey the Heavens, Open the Heavens…

All the stars, far and wide…

Show me thy appearance…

With such shine.

Oh Tetrabiblos…

I am the ruler of the stars…

Aspect become complete…

Open thy malevolent gate.

Oh 88 Stars of the heaven…

Shine!

(Echoing) **Urano Metria!**

Lucy fired 88 planets at Jude and she bombarded him and bashed him all over the place in ferocious fury and avenging justice.

Me: Now you will pay for everything you've done Jude! Lucy it's time for our grand finale Final Smash!

Lucy H.: You got it J.D.!

Me: FINAL SHINE ATTACK!

Lucy H.: **URANO METRIA!**

Me and Lucy: SHINING CELESTIAL BLAST!

The blasts combined and the planets orbited around the blast and it hit Jude and exploded with incredible power.

KRABOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion from the blast completely obliterated him in an instant.

Me: Good riddance to bad rubbish.

Jude's spirit then appeared.

Jude Heartfilia (as a spirit): Don't you get it? I won in the end! I managed to kill one of you for bertraying me!

Nico: I think you've said enough, (censored)!

Nicole: I agree Nico. (Chants an Incantation) ALDRUON ENLENTHRANEL VOSOLUN LIRUS-NOR!

Jude was sucked into the Book of Vile Darkness.

Lucy H.: Goodbye "Father" and burn in Hell!

Natsu came up to her and Lucy broke down crying and hugged him while crying hard.

Me: Jude Heartfilia deserved to die.

We beamed the entire Heartfilia estate to our neighborhood and we turned all of the entire estate into the new Fairy Tail Guild building.

Lucy H: Thanks for helping me get rid of my dad, guys. That's another scumbag taken down.

Nico: Yeah. So how come I feel so bad about it?

Me: Well normally we should feel bad about it but he deserved it no matter what. He tried to kill everyone in Fairy Tail and we couldn't let him get away with his crimes. Plus he killed Maria's Nobody in cold blood. He tried to shoot Maria in the back and that makes him a coward and an honorless slimeball.

Nico: Yeah you're right J.D.

Natsu: (To the Viewers) You mess with Fairy Tail and you mess with Team Loud Phoenix Storm and us combined.

We had an awesome time talking.

THE END

---

Another Fanfiction Complete.

I wanted to make a chapter where we go after Jude Heartfilia after I introduced Fairy Tail into Loud House Revamped. Jude was a jerk that only cared about money and not his daughter. NicoChan11 gave me the ideas for this one. Thanks man as usual. Let me know what you all think.

See you all next time.

# Princesses VS Evil Stepmothers

In the estate garden we were having tea and playing card games. Me and Nico were sitting with Megan and Lois Lane.

Lois Lane: You know, I just got off the phone with General Hardcastle an hour ago at the Daily Planet. He said he's sending out an arrest warrant for Superman.

Nico: Really?

Lois Lane (smirks): A shame the Daily Planet's fax machine had a little accident.

Me: Normally that would be obstruction of justice. But from now on Lois, Superman is now placed into the protection of Team Loud Phoenix Storm.

Nico: That's right.

Megan: I'm glad.

Me: By the way Lois, do you know about Superman…?

Lois Lane: I do. I know that Clark Kent is Superman.

Me: You've known the whole time?

Lois Lane: I sure have. I know he's from Krypton and that his planet was completely destroyed.

Nico: It's really sad that Krypton was destroyed. But thank goodness we got everyone out of there when we did.

Lois Lane: It was. But they are grateful for you all.

Me: That they are Lois. Superman's real name is not Clark Kent. It's Kal-El. He's from the house of El on Krypton and he is a force unlike any other.

Meowth: Hey guys. Look at this. I have two brothers.

Meowth came in and with him were 2 more Meowth's!?

Me: What the!?

Meowth 2: Hello.

Meowth 3: How are you doing?

I rubbed my eyes.

Me: Either I'm starting to go insane or there are two more of you, Meowth!

Then the 2 "Meowth's" were enveloped in light and they changed into 2 Ditto.

Me: Hey they were 2 Ditto.

Nico: The Transform Pokemon. That is so cool.

Meowth: That was funny.

Me: Looks like we have 2 Ditto, Nico.

Nico: We sure do.

Ash: So we have 2 Ditto.

Me: That's right Ash.

Ash: You know we encountered a girl named Duplica from the House of Imitay.

Me: That is cool. Imitay? Like in Imitate?

Ash: That's right. Duplica is a clever girl. She is a true master of disguise and Ditto can look like anything and any pokemon perfectly.

Me: Wow! That is so cool!

Nico: It sure is. We should one day meet her.

Me: We should. I also heard that Ditto's only attack is Transform. But it has the ability to copy and utilize the attacks and abilities of all the pokemon. This I got to see. Ditto can you turn into a Moltres?

My Ditto turned into a Moltres.

Me: Wow! That is so cool!

Nico: It sure is.

The Ditto as a Moltres fired a blast of fire and it hit the fireplace.

Me: Wow! That is awesome!

Megan: It sure is.

Ditto 1 reverted back and me and Nico threw Pokeballs and we caught them.

In the Living Room, William was comforting Maria as she was crying hard over the loss of Arixam.

William: Still thinking about Arixam, Maria?

Maria (crying): Of course I am, William! Arixam was finally going to have a life of her own thanks to me. And Lucy's so called father took it all away from her!

William: It's all right Maria.

Lori: Maria, we're so sorry about Arixam.

Leni: Like, yeah. What June did was disgusting!

Lori: His name was Jude, Leni.

Leni: Oh.

We had never seen Maria so broken.

Arixam (in Maria's head): Hey, Maria.

Maria (gasps): Arixam?! You're alive?!

Arixam: I'm alive in your head. Just think of me as your inner voice.

Maria: Arixam I'm so glad you're okay. And I like this. My friend Sakura Haruno has an inner voice too.

Arixam: I heard.

Laney: Who is she talking to?

Me: It's Arixam. She's inside Maria's head. When they merged, Arixam became a 2nd personality.

Maria: That's right. Arixam, maybe we can work together when needed.

Arixam: I would like that so much Maria.

Me: I can hear her Maria. You 2 are gonna work great. And Arixam is essentially a member of the Redemption Squad.

Maria: That's true. Hear that my twin sister?

Arixam: I sure did sis. And I'm so honored.

Me: I'm glad you both are happy. I know!

I use my magic and I formed a special medallion in the shape of an ocean blue raindrop with two swords on the sides.

Me: This is a special medallion that you can use to call Arixam. Just say this magic word: AQUAMARIA.

Maria: My Bang Baby name? It's better than having me be called that. Thanks J.D.

Me: You're welcome.

---

We were in the Living Room watching my favorite childhood movies, Cinderella and Cinderella 3. They were both great movies. We were absolutely disgusted with the way Cinderella was treated by Lady Tremaine and Drizella and Anastasia in the first movie.

Me: Boy I can't believe that Lady Tremaine can be that despicable in an effort to destroy her dreams. She's a monster.

Terra (Kingdom Hearts): You think Tremaine survived the Cursed Coach's attack?

Ventus: It would be a miracle if she did.

Aqua: You know, when I was in that world, in the split second that the Cursed Coach knocked the Tremaines out, I detected a spark of good in Anatastia.

Me: I remember that too Aqua. Anastasia was brought back into the light as a better person. I think that Lady Tremaine poisoned her mind with so many lies and all that pandering.

Sora: That's just what I was thinking J.D.

Goofy: Gawrsh we haven't seen Cinderella in a while.

Donald: I wonder how she's doing.

Kairi: I hope she's doing well.

Mickey: Me too. Now that Xehanort is dead and we still have all of his evil essence to clean up, I have a feeling she's doing well.

Me: Lets go see.

Ventus: I just hope that I don't run into that cat Lucifer.

Lola: Lets make Lady Tremaine pay for everything she has done.

Me: You got it Lola.

Yuko: I want to help out too. I want to see how Excalibur fairs against the magic wand.

Me: Looks like you'll get your chance Yuko. Lets go.

We went into the Simulator.

---

We went into the Simulator and it Activated and we found ourselves in Cinderella's Kingdom. It was beautiful and prosperous. Mystique was with us.

Me: Wow. So this is the world of Cinderella.

Sora: Yep. It's called the Castle of Dreams.

Kairi: It's beautiful.

Me: It sure is.

Lincoln: It's perfect for any princess or queen.

Laney: It sure is.

We saw Cinderella in an alley and she was crying.

Me: Cinderella?

Aqua: Are you all right?

Cinderella: Aqua, it's so nice to see you, Terra, and Ventus again.

Terra (KH): Same here Cinderella.

Cinderella: Sora, Donald, Goofy, Kairi, it's great to see you again.

Sora: You too Cinderella.

Donald: Its been a while.

Ventus: What happened?

Cinderella revealed everything that Lady Tremaine and Drizella were gonna do and we were shocked.

Me: So Lady Tremaine DID survive your last fight.

Aqua: She sure did.

Me: We have to stop her.

Riku: Before we do I have something to say to Cinderella.

Me: Okay Riku.

Riku: Cinderella, before we take these scumbags down, I'd like to apologize for any role that I might have played in your kidnapping.

Me: He was brainwashed by Maleficent into doing her bidding.

Cinderella: It's all right Riku. I know it wasn't your fault. I forgive you.

Me: I have a plan on how we're gonna take her down.

I revealed my plan.

Mystique: I can do the confusion part.

Mystique then used her shapeshifting powers and turned into another Cinderella.

Me: Wow!

Mystique (as Cinderella): I never did show you guys my powers when we first met.

Me: Boy Raven that is so awesome. Now I can see how you were able to get past everyone so easily.

Maria: That is brilliant.

Mystique: Thank you.

Me: Okay lets do it. We'll give Lady Tremaine the biggest wedding crash of the century!

* * *

Mystique went into the palace and she saw Anastasia.

Anastasia: I… Don't.

Everyone murmured.

Mystique: (In Cinderella's voice) Anastasia.

Lady Tremaine and Drizella came.

Lady Tremaine: Spoiled little ingrate! I've given you everything you've ever wanted Anastasia!

Anastasia: But I want somebody to love me for me!

King: Guards! Guards! Seize that woman!

A massive fiery explosion blew a hole into the castle ceiling and we came in.

Me: Let us deal with this witch.

Lady Tremaine used the Fairy Godmother's she fired a blast of green magic and formed a green vortex and it fired a blast of magic at the guards. Yuko jumped in and unsheathed Excalibur and deflected the blast back at it and it hit a curtain and turned it into eggs.

King: Who are all of you?

Me: We're Team Loud Phoenix Storm, at your service your majesty.

Everyone was in awe at our presence.

Nico: Lady Tremaine, you have failed this kingdom!

Lady Tremaine: Failed?! I succeeded! I've accomplished what no villain has done before. I've achieved my Happily Ever After!

Me: That is a bunch of baloney. Your version of Happily Ever After is one enormous lie.

The Real Cinderella came.

Lady Tremaine: Two Cinderellas?!

Drizella: Which one's the real one?!

Mystique undid her transformation.

Me: This whole wedding is a lie. Lady Tremaine played all of you for fools. She ruined the Prince and Cinderella's marriage and put Anastasia in Cinderella's place so she can Usurp the throne and take over the kingdom.

Everyone gasped in horror.

Me: Let me show you what really happened.

I used my powers to show the True Happy Ending.

Me: Now you all know. Also Lady Tremaine is the monster who murdered Cinderella's father!

Everyone gasped in shock.

Me: I know this is a very strong accusation but I assure you that I would never accuse someone like this unless I had proof. And that proof is Cinderella herself through Lady Tremaine's confirmation.

Cinderella: (to Lady Tremaine with tears in her eyes) Is it true? That you really did kill my father?

Lady Tremaine: Indeed. And my only regret is not killing you as well!

Me: You're a monster Tremaine!

Xion: Your heart is as black as the night.

Kairi: What you and Drizella did is completely unforgivable!

Me: How did you kill her father?

Lady Tremaine: I poisoned him and killed him to acquire all his money for myself.

Me: Lincoln go to the Tremaine Chateau and see if there's a will somewhere.

Lincoln: You got it.

Lincoln did so.

Yuko flew in and kicked Lady Tremaine in the face and the Magic Wand went flying from her hands.

Me: I'll take that.

I grab the magic wand and the Fairy Godmother appeared.

Me: Your Magic Wand.

Fairy Godmother: Thank you J.D.

Me: We can talk later. We have two egotistical witches to take down.

Maria: I couldn't agree more. Arixam are you ready?

Arixam: You know I am.

Maria: AQUAMARIA!

The medallion glowed aqua blue and out came Arixam and she had an aqua blue version of Kairi's KH3 clothes and her sword.

Maria: Arixam.

They hugged.

Ariham: It's great to be outside again.

Maria: Same here. Lets get them sis.

Arixam: You got it sister.

Yuko: Lets get it on.

Lady Tremaine and Drizella grabbed two swords and we engaged them in a powerful sword fight. Cinderella then was enveloped in a powerful bright light and she was now a Keyblader!

Kairi: You're now a keyblader Cinderella.

Cinderella: I sure am.

Me: Lets get them!

We went at Lady Tremaine and Drizella and it was a savage and powerful swordfight.

We were really letting them have it.

Then Lucifer the black cat came out and jumped up and slashed Ventus in the face with his claws. He had 4 nasty claw wounds on his right cheek.

Lola had Lucifer in her hands.

Lucifer: Bad kitty. You need some friends. It's all right kitty.

Gnaw: It's combo time.

Mystique: You got it Gnaw.

Mystique turned into the Black Knight with a mace ball and Gnaw had a huge mace ball.

Mystique and Gnaw: SUPER MACE SMASH!

They threw the mace balls and Lady Tremaine and Drizella got out of the way.

Kup is firing laser blasts at Lady Tremaine and Drizella and they were dodging them.

Luna: Get ready to do the bad guy shuffle! NIGHT CLUB SHRED!

Luna cranked up the volume on her portable speakers and amp and shred powerfully and the force of the music was so strong that it blew Lady Tremaine and Drizella into the wall with incredible force.

Kup: That was clever Luna. Lets get them with our combo.

Luna: You got it dude.

Luna fired a powerful blast of singing water and Kup transformed into a truck.

Kup and Luna: SIREN TOW DRENCH!

The blast of water turned into a ball (Think of Echo's attack on Skylanders) and Kup loaded the ball onto his truck bed and it caused Lady Tremaine and Drizella to get pulled into it.

Me: It's Final Smash time!

Xion: I'll start. LIGHTS OF THE 14 STARS!

Xion fired beams of light with elements around them and they are of the following:

1: Darkness

2: Space

3: Wind

4: Ice

5: Earth

6: Illusion

7: Moon

8: Fire

9: Water

10: Time

11: Flower

12: Lightning

13: Light

14: Sun

The 14 beams of light hit Lady Tremaine and Drizella and threw them all over the place in a barrage of powerful force from the elemental forces of nature.

Me: Xion that was so cool!

Lea: I have to agree. That was pure genius.

Xion: Thanks. I may be a former member of Organization XIII but I know all of our elements deep down.

Sora: It sure came in handy.

Cinderella: It's my turn now. DREAMS CAN COME TRUE!

Cinderella fired a blast from her Keyblade and it formed from her imagination a flock of birds and they flew at Lady Tremaine and Drizella and pinned them to the wall.

The guards arrested them.

Me: Game over Tremaine.

Lincoln came back and he had a paper with him.

Lincoln: There was a will J.D.

Me: Let me see here.

I unrolled it and read it.

Me: "My last will and testament."

I read the will and we all found out that Cinderella is the rightful owner of her fathers fortune and to his chateau.

Me: So that's it! Lady Tremaine killed Cinderella's father to get all of Cinderella's assets!

We were all horrified.

---

At the gates to the kingdom we were seeing Lady Tremaine and Drizella off.

Prince Charming was now called King Charming.

King Charming: Lady Tremaine and Drizella Tremaine, your crimes against our kingdom are worthy of death. However that would be too easy and merciful. Therefore you are hereby banished to the Realm of Darkness.

Aqua and me gasped.

Me: But your majesty. If I may? I mean no disrespect but the Realm of Darkness is extremely dangerous. It nearly corrupted Aqua had we not arrived in time when we killed Xehanort.

Aqua: He's right. Sending them there is too dangerous.

King Charming: You're right. Do you have any ideas?

Nico: I think I have one. We can banish them to a planet we know called Necmensa or the Dark Planet. We have been to this planet before. It's located at the very distant edge of the galaxy and we call it one of our banishment points.

King Charming: That's a great idea. Thank you Nico.

Nico: You're welcome your majesty.

I opened a portal to Dark Planet up.

King Charming: Instead of the Realm of Darkness you are both hereby banished to the planet Necmensa forever. And you are to never return.

Lady Tremaine: You will pay for this Charming! We will return and we will reclaim what you have stolen from us! And when we do, we will have our Happily Ever After Ending!

Me: We will make sure that never happens.

We point behind them and they went into the portal and it closed up. The Dark Planet was 120,000 light-years from Earth and it would take a miracle for them to come back.

Me: Good riddance to bad rubbish.

We were awarded medals of valor for saving the kingdom from an evil woman and Anastasia was redeemed and free to be with whoever wants to be with her for who SHE is and not someone she is not.

Cinderella: (To the viewers) Never mess with someones dreams or their happily ever after.

Me: (To the Viewers) Or we're gonna come for you.

We beamed the world of Cinderella to the orbit of the Realm of Departure. We left the simulator and in our backyard were two Lapras. Me and Nico both had Lapras.

THE END

---

Another Fanfiction Complete.

Cinderella is one of my favorite movies since I was a little boy. She is the only Princess of Heart we haven't covered. I watched the 1st and 3rd movies and they were awesome! I didn't watch the full third movie but I did watch the battle and it was so awesome! If Cinderella lived with me I would never do those horrible things that happened to her. It's not in my nature. NicoChan11 gave me the ideas for this one. Thanks man as usual. Let me know what you all think.

See you all next time.

# Back in Black

[The episode begins with Lincoln finishing his model of the solar system for a science project.]

Lincoln: "There you go, Mars. Right next to your buddy, Earth." [starts rotating the project.] "Oh, watch out for Jupiter. He's full of gas. Thanks for helping me with my project guys."

Me, Ronnie Anne, Varie and Nico are helping him.

Me: No problem Lincoln. It's cool you're doing a model of the Solar System.

Ronnie Anne: Because of all the extra planets we have in our Solar System we had to add them on here.

Lucy: [holding a container of fake blood.] "Hey, Lincoln."

[We get startled by Lucy's sudden appearance and Lincoln falls off the chair. Fake blood splatters on his project. He then gets up.]

Me: Whoa! We haven't had that happen to us in a while.

Lincoln: "And my Ghost sense didn't pick it up. Lucy, you got blood all over my school project!"

Lucy: "Relax, it's fake. Sigh. Unfortunately."

Me: Oh yeah.

I pull out a cooler and give Lucy some blood.

Me: Fresh from the blood bank Lucy.

Lucy: Thanks J.D.

Lucy drank it.

Lucy: Hmm. He had fruit punch and apple pie.

Ronnie Anne: That's cool how Lucy is able to taste food in blood.

Varie: She's a vampire and she needs blood every now and then.

[Later, Lucy is mopping the fake blood while Me, Ronnie Anne, Varie and Lincoln used a blow dryer on pages of his school books.]

Lucy: [noticing her fake blood's viscosity.] "Hmm, needs more molasses. That'll give it just the right amount of ooze." [She walks off]

[The doorbell rings]

Lincoln: I'll get that.

Lincoln opened the door and it was Rusty and with him was his little brother Rocky.

Lincoln: [Opens the door] "Hey, Rusty."

Rusty: [Fists bumps him] "Hey, Lincoln. My parents are both at work so I have to bring my little bro."

[His younger brother comes in.]

Lincoln: "No problem. Hey, Rocky. Make yourself at home."

Rocky: [Fist bumps him] "Thanks, man."

Me: Hey Rusty.

Rusty: Hey guys.

Me: How's your training in your powers coming along?

Rusty: Coming good guys.

Varie: Cool.

Lincoln: [To Rusty] "Did you bring Uranus?"

Rusty: [pulls out the model planet.] "Never leave home without it."

Me: Perfect.

[Later, Rusty and Lincoln are finishing their science project. Rocky is seen playing with his baseball. Lucy walks out of the kitchen and sees Rocky.]

Lucy: "Gasp." [becomes infatuated with Rocky.] "Oh…" [Spills the molasses she is holding.]

I see Lucy and I knew almost instantly that she was in love.

Me: (In my head) Looks like Lucy has a crush.

[Varie, Ronnie Anne, Lincoln, Rusty, and Rocky hear Lucy. However, she disappears, leaving footsteps of molasses into the living room.]

Lincoln: "What the?"

Laney was quietly reading a book in the living room. Just then Rocky came up and took a seat next to her.

Laney: Hello.

Rocky: Hey.

Laney: Are you a friend of Lincoln's?

Rocky: Nah. I'm his brother.

Laney: Friend of his… Oh! You must be Rocky! I've seen you around my school. Didn't really know much about you until Lincoln told me about your brother. Hi! I'm Laney, one of Lincoln's sisters. [Shakes hands with Rocky]

Rocky: One of?

Laney: Yeah. We live in a big family. 1 boy, 11 sisters. We're also Team Loud Phoenix Storm.

Rocky: Cool.

Just as Laney and Rocky were exchanging greetings. They heard a familiar "sigh".

Laney: Did you hear that?

Rocky: [Puts down his game portable and looks around] Nope.

Rocky: "I gotta pee."

Lincoln: "Bathroom's upstairs and down the hall to the left."

[As Rocky goes to the bathroom, Lucy hangs upside down from the vent.]

Lucy: "Sigh."

[As Rocky turns around, Lucy disappeared.]

Rocky: [confused] "Hello?"

[Outside, as Rocky plays soccer, Lucy sticks her head out of Charles' doghouse.]

Lucy: "Sigh."

[As Rocky turns around, Lucy disappeared again and Charles shows up instead as he drags his butt to leave.]

Lucy: "Sigh." [Cut to Lucy's bedroom] "I know he's not really my type. But he's so-" [looks out of the window] "what's the word my sisters use? Cute." [Carries Edwin] "Don't worry, Edwin. You'll always be my undead soul mate. But until we're united, it'd be cool to have someone to hang with." [Edwin just sits there] "You think I should just talk to him?" [Pats Edwin] "I knew you'd understand."

[In the kitchen, Rocky opens the refrigerator door. He spots Lucy's container of fake blood. From that, he takes it. Then he closes the refrigerator door.]

Lucy: "I see you found my blood."

[Rocky gets startled, making him jump and throw the container. The fake blood splatters on him.]

Lucy: "It's my new recipe. Beet juice, molasses, and cocoa powder. Hmm." [Pulls Rocky's shirt.] "Now it's got the ooze but not the splatter." [Holds out her hand.] "Hi, I'm Lucy."

[Rocky freezes for a moment, then runs away. He walks out of the bathroom.]

Lucy: [Holding one of Lincoln's shirts on a hanger.] "Thought you might want a clean shirt." [Rocky stops himself into a halt.] "Just to be clear, it's my brother's." [Rocky backs away] "I would never wear something so offensively cheerful."

Rocky: [Starts falling down the stairs.] "Ah!"

[Rocky lands, gets up uninjured, and runs out of the door. Lincoln and Rusty take a peek out of the dining room.]

Rusty: "Was that Rocky? Sorry, Lincoln, you'll have to finish the project." [Opens and closes the door to go after his brother.]

Lincoln: [Walks to Lucy, who is sitting on the couch.] "What happened?"

Lucy: "I keep trying to talk to Rocky but every time he runs away from me." [curls herself up] "What am I doing wrong?"

Lincoln: "Well, what are you talking to him about?"

Lucy: "The usual stuff. Blood, bruises." [Lucy's bats fly onto her head.] "I didn't even get a chance to show him my new embalming kit."

Lincoln: "You know, maybe he's just not into that kind of stuff."

Lucy: "Then, what is he into?"

Lincoln: "I don't know him very well but he just seems like a regular, normal kid."

Lucy: "Regular and normal. Hmm…" [Walks up the stairs] "Regular and normal."

Sandman: Don't worry, Lincoln. We'll make sure that nothing happens to your project.

Clayface: In fact, once it's done, we'll keep it in a container until the due date.

Lincoln: Thanks guys.

Laney pondered as Rocky left. She knew she heard that sigh before. Or at least she remembers someone saying "sigh". In a rather gloomy tone. Meanwhile, Rocky was playing soccer when he heard that sigh again, when he turned around the only thing he saw was Charles dragging his butt. Then up in Lucy's room, Laney walked in and we see the person too shy to talk to Rusty's brother. The person who was sighing this whole time…

Laney: Lucy?

Lucy: Huh? Laney? W-What are you doing here?

Laney: Just wanting to see if you're okay. You were sighing an awful lot around Rocky. [Lucy blushes, Laney then realized something] Lucy? Are you- [Lucy covers her mouth]

Lucy: Shh! It's not what you think!

Laney: No need to be embarassed, Lucy. I know what it's like to be shy around a boy.

Lucy: Sigh… I know he's not really my type. But he's so- [looks out of the window] what's the word you guys use?

Laney: Loud?

Lucy: No.

Laney: Obnoxious?

Lucy: No.

Laney: Scary?

Lucy: I wish.

Laney: Um. Cute?

Lucy: Yes. Cute. [Carries Edwin] Don't worry, Edwin. You'll always be my undead soul mate. But until we're united, it'd be cool to have someone to hang with.

Laney: Um, okay. Well, why don't you try talking to Rocky?

Lucy: Really? But what if he doesn't like me?

Laney: I'm sure If you open up to him, he'll like you.

Lucy: Hmm… [To Edwin] What do you think, Edwin? [Edwin just sits there, Lucy pats him] I knew you'd understand.

[In the kitchen, Rocky opens the refrigerator door. He spots Lucy's container of fake blood. From that, he takes it. Then he closes the refrigerator door.]

Lucy: I see you found my blood.

[Rocky gets startled, making him jump and throw the container. The fake blood splatters on him.]

[It is nighttime in the Estate.]

Later that night, as Laney slept. She was awoken to the smell of Lola's perfume. She sneezed then woke up to see the smell WAS Lola's perfume being sprayed by Lucy coming from her room. Laney walked into Lucy's room and she saw Lucy, Who was wearing a pink chiffon dress and lipstick? Clearly Laney needed to know what was going on.

Laney: Lucy?

Lucy: [gasps] Laney?

Laney: What are you wearing?

Lucy: Um.. I can explain. [Lola bursts through the door]

2 Minutes Earlier, Lori was yelling.

Lori: "Lola! Did you take my Red Riot lipstick again?!"

Lola: [Opens her bedroom door] "No, but someone took my perfume. I bet it was Leni!"

[The door to the bathroom opens, where Leni is seen inside.]

Leni: "Was not! But I'd like to know who took my pink chiffon dress, Lori!"

[Lori, Leni, and Lola start arguing.]

Leni: "Where do you get off?!"

Lori: "You are literally the one always stretching out my sweaters every time you borrow them!"

Leni: "Fess up!"

Lola: "That's my scent! I can't let people associate it with you!"

Lori: "We can do this the hard way-"

Lola: [turns around] "Hang on, I smell my perfume!" [Sniffs up the pink scent leading her to Lucy's room.] "LUCY! You'd better not be using my perfume to cover the stink of your corpse collection!"

[The three sisters open the door, prepared to wail on her, but gasp and it pans to show Lucy using Lola's perfume, which she tries to hide, and wearing Lori's lipstick and Leni's dress.]

Lori: [curious] "What are you doing?"

Laney: I think we all should know.

Lucy: "I-I-I… I thought if I'd be regular and normal, Rusty's brother Rocky would like me. Sorry I took your stuff. I understand if you're mad." [Lola leaves the room]

Lori: [stomps her feet] "You're darn right we're mad!" [Lucy is down; excited] "Mad you didn't let us help!"

Leni: "Yeah, we've been wanting to give you a makeover since like, birth!"

Lola: [comes back in with a big cardboard collage of fashion models with Lucy's face plastered all over their own.] "I've been working on this Lucy vision board for years! Until now, it was just a fantasy."

Me: Wow. This is really good Lola.

Varie: It sure is.

Lori: [calls her other sisters] "GUYS! IT'S LITERALLY HAPPENING! LUCY'S FINALLY READY!"

[The others get out their beauty gear.]

Laney: WAIT! I don't think we should change Lucy just to impress some boy.

Lori: Chill, Lanes. We're professionals.

Lucy: "Will this hurt?"

[The girls all start giving her a makeover. This results in Lucy looking like a cheerleader.]

Sisters: "Too peppy."

Me: It would be a great style for a High School Football game.

[They give her another makeover and this time, the result is Lucy as an 80's diva.]

Sisters: "Too poofy."

Me: The 80's are dead but their music is still popular.

[They try again and this time, Lucy looks like a fancy princess.]

Sisters: "Too princess-y."

Me: It's too Disney.

[One more makeover results in Lucy wearing hot pink and having blonde hair.]

Sisters: "Too… PERFECT!"

Me: I think this is how Lucy was supposed to look back when she was born.

Lucy: [examines her new look with her pet bat perching on her head.] "Hmm… I can live with this. What do you think, Fangs?"

Fangs squealed.

Me: He says he agrees.

Barricade: Let's not give Lucy a makeover. If it didn't work for Luna, it won't work now.

Me: I agree with Barricade. We don't want another incident with what happened with Doug and Michelle the Talent Destroyers.

I snap my fingers and Lucy was back to what she was.

Me: I think I have a good solution. One sec.

I go over to a drawer and pull out two bat berets and separate Lucy bangs and reveal her red eyes.

Me: There. I know it looks scary but now you look perfect. See for yourself.

Lucy looked at herself in the mirror. Despite being a vampire she does have a reflection and that was proven to be just a myth.

Lucy: I look better this way. Thanks brother.

Me: No problem Lucy. And Laney I know you're concerned but we have to help her.

Laney: I guess you're right.

Eddy: You thinking what I'm thinking, Ed?

Ed: Is it time to eat Jawbreakers?

Eddy: Close. It's time to set Lucy and Rocky up for a date!

Me: Lets arrange a playdate for Lucy and Rocky.

[Enter Lori dragging Bobby into the house while pretending to be on a call on her phone.]

Lori: [acting] "You can't make it to mini-golf? But we already bought four tickets!"

[Bobby looks at Lucy in perplexity over her new look and Lori nudges him for his cue.]

Bobby: [reading something on his arm.] "Oh, um, right! Um, maybe we should… invite two other people to come."

Lori: [gasping and acting] "What a great idea! Anyone? Lucy?"

Lucy came down with her new Look and Rocky was amazed and infatuated.

Rocky: Wow. Lucy you are amazing.

Lucy: (Blushes) Thanks Rocky.

Me: You know. I can't help but notice something about you two Rocky.

Rocky: What's that?

I pulled out a DVD case for Hotel Transylvania.

Me: I noticed that you two look very identical to Jonathan and Mavis in Hotel Transylvania.

Lily: Oh I love that movie.

Rocky and Lucy looked very similar in the movie.

Lucy: We do look like them.

Rocky: It's amazing that you've helped kill villains like Xehanort and Webstor, Lucy.

Riku: Don't forget that me and Demona helped kill those specific villains.

Lucy: That's true.

[Lori nudges Bobby for his cue again.]

Bobby: "Oh!" [reading his arm script] "If only there was another guy to round out the foursome."

Lori: "You're free, right, Rocky?" [grabs his arm] "Great!"

Demona (as a human): I should get dressed in some clothes before we head out.

Demona did so. She came back in a black summer shirt and black jeans.

Me: (To the Viewers) I gave the Manhattan Clan the ability to transform into their Gargoyle forms at will whenever needed.

[Lori and Lucy eagerly leave with their confused dates while the other sisters grin with hope.]

Rusty: [hits on them] "Any of you other ladies looking for a date?"

[They all just back away upstairs after hearing that.]

Rocky: It's amazing that you've helped kill villains like Xehanort and Webstor, Lucy.

Riku: Don't forget that me and Demona helped kill those specific villains.

[Hole-In-Onederland. The dates are playing a game.]

Lori: "Just follow my lead, and remember, regular and normal."

[Lucy nods. Lori swings and misses her ball on purpose.]

Lori: [acting] "Oops!" [giggles] "Boo Boo Bear, what am I doing wrong? Can you help me?"

Bobby: [oblivious] "But, Babe, you're on the Varsity Golf-"[Lori hits him with her putter.] "OW! I mean, sure, Babe. I'll help you." [shows her] "Okay, just square your shoulders and follow through."

[They putt together. Lori looks over to Lucy who gives her a thumbs up, but thinks Lori means hit Rocky in the leg with the club, and does so.]

Lori (nervously as she prepares to take a shot with her golf club): I'd rather be dealing with Leonard the Pig King and Vulture then this!

Lucy: "Oops." [tosses her putter]

Rocky: "Ow! What was that for?"

Lucy: "I thought uh, um, uh, how about that Baseball team that played the other night?" [nervously grins as Rocky looks on confused.]

Shego (sees Lucy succeed in accidentally hurting Rocky): If Duff Killigan were here right now, he'd be face palming.

[The next hole, Bobby putts his ball through the windmill and sinks it.]

Lori: "Ooh." [chuckles and claps] "Great shot, Boo Boo Bear." [giggles]

Bobby: "That one's for you, babe." [pokes her nose]

Lori: "Aw!" [giggles and playfully shoves Bobby]

[Rocky steps up to the putting position and hits his ball, making it fly everywhere in the course.]

Lucy: "Ooh, great shot, Rocky Bear."

Rocky: [Confused] "What? I totally shanked it. My ball went down a rain gutter."

Lucy: "Ha ha. Ha ha. You're so funny." [pushes him]

Rocky: "Ah!" [falls into the water hazard.]

[On the haunted hole, Rocky sinks his ball into the cup.]

Bobby: "Good shot, bro." [fist bumps Rocky]

Lori: [feigning fear] "Ooh, this hole is creepy! Right, Lucy?"

[Lucy is admiring a casket.]

Outside the mini golf course we were watching from in the back of Red Alert.

Red Alert: I hope you guys don't make a mess inside me.

Me: We're trying not to Red Alert.

Varie: Those two look so adorable together.

Leni: They totes do.

Laney: I still am against this. But J.D.'s method works great.

Me: Thanks Laney.

Nico smelled something good and he saw Stewie.

Nico (sees Stewie eating a steak): Stewie, is that a steak?

Stewie: Oh, c'mon! What's a nice stakeout without a nice juicy steak? (Rimshot)

We laughed at Stewie's Joke.

Luan: (Laughs) That's a nice joke, Stewie!

Cyborg: I taught him that joke.

Me: That was a good one.

Red Alert: That was amusing.

It was now official. Lucy and Rocky were now Boyfriend and Girlfriend. They went on their first date at the Dark Side of The Spoon. The restaurant where you eat in pitch black darkness. Because Lucy is essentially one with the darkness, she can see in the dark. They had a great date.

They left the restaurant.

Lucy: I had a great time with you Rocky.

Rocky: Me too Lucy.

Suddenly a window smash was heard and they saw a Jewelry store being robbed.

Lucy: Gasp. We have a jewelry store being robbed.

Rocky: Shall we go show those robbers what happens when you mess with Team Loud Phoenix Storm?

Lucy: You know it.

They went to the store and the robbers were trying to get away.

Robber 1: Lets go! The Cops will be here any second!

Rocky: That's not the least of your problems!

Rocky swooped in and kicked the robber in the face and he grabbed a rebar pole and bashed him in the chest and face with it and knocked him out.

Lucy: (Amazed) Wow.

A robber tried to get behind Lucy. But she saw him and electrocuted him with black lightning. Knocking him out.

Lucy electrocuted the getaway truck and the truck exploded and the 2nd robber was burned and knocked out.

Just then as they were tying up the robbers, the cops and us arrived.

Me: Lucy are you…

Everyone: Whoa!

We were amazed that Lucy and Rocky beat the robbers.

Me: Wow! You guys really socked it to these robbers.

Chief: They sure did.

An officer recognized them.

Officer: I know those 2 chief. These two are the most notorious bank and jewelry store robbers in the country. The Police and the FBI have been after them for a long time.

Me: Wow! Lucy, Rocky you two did a great job!

Rocky: Thanks J.D.

Lucy: Thanks J.D.

Nico: You two robbers have failed this country.

We laughed.

Lucy and Rocky had no idea that they busted such high profile criminals.

Me: Luckily you two were in the right place at the right time.

Laney: They sure were.

The two robbers were sentenced to Life Without Parole.

---

[The next day at school, Lincoln Ronnie Anne and Rusty are walking and me and Varie are carefully bringing in Lincoln and Rusty's project to avoid having it get ruined]

Lincoln: Thanks for helping us J.D.

Me: It was our pleasure Lincoln.

Varie: That's what friends are for.

[Rocky and Lucy are right behind them with a container of fake blood]

Lucy and Rocky: Hey, guys.

[Both Lincoln and Rusty leap in the air]

Lucy: Sorry we scared you.

Rocky: We just wanted to tell you we nailed the fake blood recipe.

Lucy: We also threw in a few popcorn kernels for brain matter. [adds kernels]

Me: Hey that's great you two. And great job catching those robbers. What are you gonna do with the reward money?

Lucy: We don't know yet.

Rocky: But we'll think of something.

We presented the project and Lincoln got a A++.

Star Butterfly: (To the Viewers) Love is a gorgeous thing and it can be both good and bad.

THE END

---

Another Fanfiction complete.

We haven't done an episode of the Loud House in a while. NicoChan11 gave me the ideas for this one. Thanks man as usual. Let me know what you all think.

See you all next time.

# Paradise Freezes Over

In the Training Yard I was testing the full extent of the power of the Fire Devil Fruit. I was using powerful moves of pure fire and I used all kinds of awesome techniques.

Nami told me that Luffy's brother Ace used several techniques when he had the power of the Fire Devil Fruit. And they are as follows.

Kagero (陽炎かげろう Kagerō?, literally meaning "Heat Haze"): Ace shoots a stream of fire from the palm of his hand. This was first seen being used to stop Smoker from catching Luffy, neutralizing the former's smoke assault.

Enjomo (炎上網えんじょうもう Enjōmō?, literally meaning "Blaze Net"): Ace creates a circle of fire around a selected area, preventing anyone from entering or leaving it. This was first seen being used against the Marines in Alabasta under the command of Smoker, and was named in a flashback against Whitebeard.

Hiken (火拳ひけん Hiken?, literally meaning "Fire Fist"): Ace's apparent signature attack and the source of his nickname "Fire Fist Ace". Ace turns his fist into flames and launches it as a column of fire at his target. This attack is so incredibly powerful that it is able to plow through several ships in one shot. However, it was completely neutralized by Akainu's Dai Funka, and is the final attack Ace ever used prior to his death shortly after.

Higan (火銃ひがん Higan?, literally meaning "Fire Gun"): Pointing the index and middle fingers of both hands at an opponent like guns, Ace turns his fingertips into flames and shoots bullets made of fire from them. This technique was first seen when Ace retaliated against Van Augur's attack.

Enkai (炎戒えんかい Enkai?, literally meaning "Flame Commandment"): Ace amasses a large amount of flames around his body (usually by first swinging his outstretched hand around him, summoning the flames) in preparation for an attack. This is apparently the prerequisite technique before Ace can use Hibashira.

Its name may play on "enkei" (円形?), meaning "circle" in Japanese, referencing the swirling form of the fire conjured.

Hibashira (火柱ひばしら Hibashira?, literally meaning "Fire Pillar"): Used following Enkai. Ace shoots the collected flames straight upward, destroying a target above him. It can also be fired downwards to clear any enemies that might be below him while he's in mid-air. This technique and its prerequisite technique were first seen when Jesus Burgess threw a hotel at Ace. "Hibashira" (火柱?) is a generic word for columns of fire.

Hotarubi (蛍火ほたるび Hotarubi?, literally meaning "Firefly Light"): Ace creates many small, glowing greenish-yellow fireballs that float around an enemy. The idea behind this attack's name is that before Ace attacks with them, the small fireballs look like fireflies in the air. This move is apparently used in preparation for Hidaruma and was first seen in Ace's battle against Blackbeard.

Hidaruma (火達磨ひだるま Hidaruma?, literally meaning "On Fire/ Ablaze"): After using Hotarubi to send the fireballs floating around in proximity with the enemy, Ace sends them all flying into the target(s) all at once, burning them. This was first seen being used in Ace's battle against Blackbeard after Blackbeard performed his initial attacks. In the Pirate Warriors games, the fireballs from Hotarubi actually home in targets themselves, while Hidaruma is instead a grab attack where Ace captures his target as he plows them into the ground for an explosion (which he leaps back from).

Shinka: Shiranui (神火 不知火しんか しらぬい Shinka: Shiranui?, literally meaning "God Fire: Unknown Fire"): Ace hurls long lances made out of fire. The lances have the combined effect of simultaneously burning an opponent while piercing them. This was first seen being used against Blackbeard when Ace was being pulled forward by the former's power. "Shiranui" (不知火?) is a supernatural, ghostly phenomenon from the Japanese folklore of Kyūshū. Also called "sea fire", the term refers to mysterious lights on the sea, similar to will-o'-the-wisps.

Jujika (十字火じゅうじか Jūjika?, literally meaning "Cross Fire"): Ace places his index fingers together in a cross shape before launching a cross-shaped column of fire directly at his opponent. In the anime, after crossing his fingers, a cross-shaped ray of light can be seen emanating from the fingers at the target followed by the column of fire. This was first seen being used against Blackbeard after Ace attacked him with Shinka: Shiranui. The name of the technique is a pun since, written as such in Japanese, it refers to the crossfire of guns as opposed to a literal cross of fire as created by Ace; additionally, the homophonous "jūjika" (十字架?) refers to a cross for crucifixion.

Dai Enkai: Entei (大炎戒 炎帝だいえんかい えんてい Dai Enkai: Entei?, literally meaning "Great Flame Commandment: Flame Emperor"): Ace's ultimate technique. After creating great spiraling flames centered on his location before amassing it at a focused point (i.e. the palm of his hand), Ace then turns it into a gigantic fireball resembling the sun and hurls it at his opponent to try to obliterate them. This was only seen being used during the final moments of Ace and Blackbeard's battle. In One Piece: Unlimited Cruise, Ace activates this move by first bending his knees slightly and then placing the outstretched palm of his hand towards the ground (with his other hand gripping the wrist for support), where the flames manifest themselves into a sphere.

Kyokaen (鏡火炎きょうかえん Kyōkaen?, literally meaning "Mirror Fire Flame"): Ace releases a wall of fire to block an attack. This was first seen to counter Aokiji's Ice Block: Pheasant Beak, the two attacks canceling each other out.

Twin Guns & Cross Fire (?): Ace fires a volley of bullets from his two guns before finishing the technique with Jujika.

I was using all the techniques I learned and they were incredibly powerful and destructive. They turned most of the training ground into a flaming battle zone and it was charred and burned beyond recognition with flaming battle craters everywhere.

Me: Wow! What power! Nami wasn't kidding. I can't believe that Luffy's brother packed so much power.

Robin came.

Robin (One Piece): You sure let loose on this field.

Me: I had no idea that Ace packed so much power when he used the Fire Devil Fruit.

Robin (OP): It sure is. Let me show you an awesome ability of my Devil Fruit.

She got into a stance.

Robin (OP): CIEN FLEUR: WING!

One hundred hands grew from her back and turned into beautiful angel wings. I was amazed.

Me: Wow! Robin you look like a true angel.

Robin (OP): I sure do. But I can only fly for 5 seconds.

Me: That's not a very long timeframe. But maybe I can fix that.

I snapped my fingers and Robin can now use the Cien Fleur: Wing technique at an infinite level. She can now use it longer and at will.

Me: I made your Cien Fleur: Wing technique last indefinitely and you can now use it at will and fly with ease.

Robin was shocked and grateful.

Me: Shall we test it out?

Robin (OP): Lets do it.

I spread my wings of fire and we both flew into the air and after 5 seconds, Robin was now flying free. I have never seen her so happy and having so much fun.

Robin (OP): J.D. you've made me the happiest I've been in a while.

Me: I'm glad you had a lot of fun.

We sat on a bench in the garden and Robin decided to talk about her past.

Robin (OP): J.D. I need to tell you all about my past. And it's not a pleasant one.

Me: What happened?

Nico Robin was born on the island of Ohara, and came from a family of archaeologists. Her mother, Nico Olvia, went out to sea to find the True History when Robin was two years old, leaving her in the care of Olvia's brother and his wife, Roji. While Robin's father was never revealed, Olvia stated that she will honor her husband's dream, she then left to study the poneglyphs. Robin later wandered into the Tree of Knowledge and was allowed to read the books held within on Clover's invitation.

Roji both verbally and physically abused Robin over menial actions. Roji made it obvious time and time again that Robin was not wanted; she was expected to keep out of sight and she was not allowed to participate in family celebrations. The powers of her Devil Fruit often freaked out or scared the other children, on top of that often she would overhear the conversations of parents telling their children to avoid her at all cost as well as other children calling her a demon. Her only friends were the scholars at "The Tree of Knowledge", with Professor Clover of the archaeology lab, a friend of her mother, trying to take care of her.

At only eight years old, she aced an archaeology exam and was officially inducted as a scholar. However, when she announced that she, like her mother, wanted to find out the true, unrecorded history of the world, she was reproved by Clover who told her she will get banned from the library if she continued to spy on the other scholars.

Robin ran off crying and headed to the northwest beach of Ohara, where she met the giant, Jaguar D. Saul, who was washed up on shore. The two became friends and Robin continued to visit him for the following four days, while he built his raft. After Saul found out he was on Ohara and figured out that Robin was Olvia's daughter, he informed Robin about the battleships that were on their way to Ohara to destroy due to the scholars studying the Poneglyph.

Nico Olvia had recently escaped off a Marine ship and returned to Ohara (due to Saul's efforts). She informed the archaeologists that her colleagues had been killed by the marines. She told them that the Marines were able to infer that Ohara was their homeland based on the items they possessed on the ship, and they were headed towards Ohara, likely to kill them. The archaeologists, however, refused to leave; they wished to continue to protect the tree and the knowledge they had worked so hard to research and procure. When Olvia was warned that CP9 was on shore, she rushed out of the Tree of Knowledge, running past her daughter without notice.

Robin arrived at the Tree of Knowledge, and asked Clover about her mother's whereabouts. As a wanted woman, Olvia wished to cut all ties with her daughter, so that Robin might not be associated with a criminal mother. Doing as Olvia wanted, Clover denied that Robin's mother was on the island, but Robin seemed skeptical. Clover quickly changed the topic and urged Robin to leave, and not to mention that she is an archaeologist, or she might be arrested too. Robin refused and CP9 bust into the Tree of Knowledge and began searching for the Poneglyphs.

Outside, agents warned the island's residents to move to the evacuation boat, or be destroyed. Olvia confronted Spandine, the director of CP9 at the time, but was quickly subdued by the brute force of his agents.

Back at the Tree of Knowledge, all of the archaeologists were arrested and taken outside the tree, and once again Clover urged Robin to escape, but she refused once again. Spandine and the rest of CP9 arrived with a gravely wounded Olvia, who instantly recognized her daughter once her name is spoken. CP9 found the Poneglyph in the basement of the tree, and Spandine sentenced the archaeologists to death by Buster Call. However, Clover began to speak out, talking to the Five Elders via Spandine's Den Den Mushi, stating his theory on why the government really wanted to keep the Void Century a secret. However, before Clover could reveal the name of the civilization he spoke of, he was shot point blank and mortally wounded.

Seeing that the battleships had already arrived, Saul rushed off to find Robin. As the attack on Ohara began, it was discovered that Robin also had the capacity to read Poneglyphs. As the bombardment began, Spandine and CP9 made their exit, Robin and

Olvia reunited, and shortly afterwards, Saul arrived.

It was then revealed that Saul was a former vice admiral, and aided Nico Olvia with her escape. Olvia asked Saul to make sure that her daughter was taken safely off the island, and told Robin that she must continue to live. Robin begged to stay with her mother, but Olvia insisted on staying, as there was something more that she had to do.

Saul followed Olvia's wish and managed to reach the island's shore. But the Marine ships spotted him and opened fire. Seeing as he was carrying Robin, Saul put her down and retaliated in anger for almost hurting Robin, and destroyed several ships. Robin tried to make for the evacuation ship but trying to use her Hana Hana abilities to get aboard frightened the people on board, plus Spandine told them to not let her on since she claims she is an archaeologist, though this would be fortunate for Robin. Saul noticed Spandine and charged towards his ship for his foolishness, but Vice Admiral Kuzan (later known as Admiral Aokiji) prevented him from getting that far, challenging him.

The evacuation ship was destroyed by another vice admiral, Sakazuki, who did it as a precaution if any archaeologist had snuck aboard. This act disgusted both Saul and even Kuzan. Saul tried to get away with Robin but he was frozen by Kuzan's ice power. Before being completely encased, Saul encouraged Robin to escape and that her friends were out in the ocean waiting for her. His last act was to laugh as he is frozen, sticking to his philosophy to laugh from his heart even in bad times, as most of the bearers of D. did when they met their demise.

Back at the Tree of Knowledge, Olvia, Clover and the other scholars had tossed out as many books into the ocean as they could so future generations could find them. They then realized there was nothing more they could do and stood in the tree as it burned around them. Olvia apologized to Robin for not leaving any parting words as a mother.

Robin ran to the raft that Saul built, only to be met by Kuzan. He told her that he was letting Robin go, since he was curious as to why Saul risked his life for her. However, Kuzan warned her that he will be the first to come after Robin if she tried anything.

Robin then left on a boat guided by an ice path Kuzan set for her. Remembering Saul's words, she tried to laugh but wept as Ohara was burned to the ground, which left her as the only survivor.

Robin was found by a ship heading northwest of West Blue and when she boarded it, somehow her bounty picture was taken. Spandine angrily explained to Sengoku that he tried to follow her, but his ship was caught on ice. For the World Government to capture her, he suggested putting a bounty on her head, and sent Marines and agents to hunt her down, spreading the lie that she sank six ships to cover up the truth.

The World Government labeled her the Demon of Ohara, they lied to the public that the Oharans were trying to find the Ancient Weapons to destroy the world, which was not what the Oharans were trying to do. Out of paranoia of what would become of her, the World Government let word out that she posed a threat and soon the world was brainwashed into thinking that Robin was trying to destroy the world. This negative gossip spread around the world, creating a half truth myth. Terms like "devil woman" were born along with the belief that her very existence is a sin and considered her a terror. Robin's innocent life was ruined and she grew up hating the Government for the crimes they committed against her.

Robin went to different people as the twenty years passed, all of whom tried to turn her in or kill her. Robin first encountered such attempts when she was taken in by an old farm lady, who she worked for and thought was kind. One night, the old farm lady told Robin that before they could eat she had visitors. The visitors turn out to be World Government agents attempting to kill her. The old farm lady was last seen yelling at the agents "Now give me the money! I turned her in for you" as she pulled the agents' clothes in anger. Next, Robin was then taken in by a couple, who she once again worked hard for. During the night, she overheard the people talking about turning Robin in, Robin then fled. After that, they angrily called Robin an unfortunate woman who betrayed their kindness.

She joined her first pirate crew at age 8. However, after the World

Government caught up with her new crew, they assumed she had betrayed them. She fled before the pirates turned their anger against her. They even threw curses at her, calling her trouble. After that, Robin would often sit on a rock in pouring rain as a dog come to her begging for food. Robin apologized and said "dereshishi" for the last time. Robin then tried to help out in a shop, but the owner whacked her with a stick in anger, telling her that she was not allowed in.

When she turned sixteen years old, Robin joined an unknown organization, but it wasn't long before she betrayed the organization. At age twenty-three, she entered the Grand Line from the West Blue through the Red Line where Mary Geoise is located.

At age twenty-four, she joined the Baroque Works organization which was led by Crocodile, who needed her ability to read the poneglyphs. While employed in the organization, she managed to stay on long-term, safely hiding away from the World Government.

When she was done, Robin was crying and I was horrified.

I comforted her.

Me: Robin I completely understand how you feel. I know just what you went through. You and my little brother are both alike. Like you, Naruto has had to endure a majorly hard lifestyle that made his life make a walk through Hell seem like Childs Play. It's something even I wouldn't wish upon my worst enemies. Erza Scarlet's life was almost exactly the same way. But her life was worse. But what your mother did to you was absolutely disgusting! She had no right to call herself a parent. I'm so sorry Robin.

Robin then broke down crying hard and I comforted her. My heart ached seeing her cry and it was a sad moment.

Me: It's okay Robin. It's okay.

Even the animals in our garden felt bad for her. Her life has been very dark from the beginning and I opened her up to the light.

---

The next day I was over in Florida. I was in the city of Miami riding on my Rapidash.

Me: (Inhales) Ah. Smell the air of the ocean. It's so beautiful and invigorating.

Rapidash neighed.

We rode around the city and it was so amazing.

Me: Wow. Miami is just as amazing as I remember.

As we rode on we saw a brand new bridge next to the Florida Keys Bridge.

Me: That bridge is brand new. Lets go see Rapidash.

We rode up to a hill and we saw a long bridge built right next to the Florida Keys Bridge.

Me: What a huge bridge. Lets see here.

I form a holographic map on my device and it showed that the bridge connects all the way from Miami, Florida to Sunny Town on Eleuthera Island in the Bahamas.

Me: Wow! This bridge is 253 miles long! This has to be one of the longest bridges in the world. It would take days to ride by bike. Sunny Town? Wait. Jessie and James are from Sunny Town.

?: Excuse me.

We saw a Nurse Joy in Miami.

Me: Oh hello. Are you Nurse Joy?

Nurse Joy: I sure am. I have numerous cousins.

Me: So we have seen. I'm J.D. Knudson, Leader of Team Loud Phoenix Storm.

Nurse Joy: Oh wow! It's such a pleasure. Would you mind helping me out?

Me: Certainly. What's the problem?

Nurse Joy: You see, I'm worried about the Pokemon in Sunny Town, just over the bridge, that's very sick.

Me: Oh no. You called the right person Nurse Joy. I'm more than happy to help.

Nurse Joy: Thank you so much J.D. The medicine is over at the Pokemon Center.

Me: Okay.

We went to the Pokemon Center and Nurse Joy handed me a bag of medicine.

Nurse Joy: I need you to deliver this medicine to the Pokemon Center in Sunny Town. Normally I'd go myself, but I'm too busy with sick Pokemon to leave the center right now.

Me: You called the right person Nurse Joy. Me and Rapidash can deliver the medicine for you.

Nurse Joy: Thank you so much J.D.

Me: You're welcome. What kind of pokemon is it?

Nurse Joy: It's a Shellder.

Me: Okay. I better hurry.

I ran and went to Rapidash and got on.

Me: Lets go Rapidash!

Rapidash neighed and we were off to Sunny Town.

(The Night Begins to Shine by B.E.R. plays)

We were on the bridge and it was a breathtaking view of the ocean. At 200 miles per hour we were going fast.

Me: Wow. The ocean just goes on forever. And it covers 70% of our

planet.

Then my ears picked up something and we stopped. We saw a biker gang on the bridge heading right at us.

Me: Looks like we have company. Bad company.

It was a bunch of kids riding menacing bikes and they had it all: Bad hairdos, menacing bikes, hardcore jewelry and they were laughing and whooping menacingly. One of the members had a flag on them and the flag had a symbol with batwings on a single wheel bike.

Me: If there's one thing I don't like above all others, it's gangs.

Rapidash neighed.

The gang circled us and stopped.

Chopper: Well. I don't think I've seen you before.

Me: Just passing through.

Chopper: And you are the first one we've encountered riding a Rapidash.

Me: 1st times for everything. Now we have to be on our way.

Chopper: Hold it! You ain't gonna cross this bridge without a proper introduction.

Me: Oh really? And why should I tell you anything?

Tyra came and she was a vicious tough girl with green hair.

Tyra: When we say introduction, we mean Pokemon Battle.

Me: (In my head) Jessie and James told me they know two gang members. One was a kid named Chopper and he had fiery hair and the other is a girl named Tyra and she was a tough one. (Out loud) Sorry to disappoint you toots but I don't know how to battle. But if it's a fight you want I would be more than happy to oblige by smashing your faces in. Do you even know who I am?

Tyra: No.

Chopper: Should we?

Me: You've all seen me on tv. My name is J.D. Knudson, Leader of Team Loud Phoenix Storm.

The gang gasped in horror when they heard me say my name.

Tyra: (In fear) You're the famous J.D. Knudson!?

Chopper: The one that's been all over the news!?

Me: The very same. Enemy of all evil and protector of humanity from jerks like you. So if I were you I would start running before I blast you all into dust.

The gang all screamed and ran away.

Me: Tyra!

Tyra looked at me.

Me: Jessie and James say hello by the way.

Tyra: You know Big Jess and Little Jim?

Me: I sure do. They are now former members of Team Rocket and are now on the Redemption Squad. You're more than welcome to come over to Michigan and say hello.

Tyra: Thank you J.D.

Me: You're welcome. See ya around.

We rode off.

We were now on Eleuthera Island in the Bahamas and we made it to Sunny Town.

Me: We made it. And that only took 2 hours. Normally it would take 9.

We saw Sunny Town and it was a breathtaking town.

Me: Wow. So this is Sunny Town. Jessie and James said they were originally from Sunny Town.

We rode up to the Pokemon Center.

Me: Here we are.

I went into the Pokemon Center and went to the Front Desk.

Nurse Joy (Sunny Town): May I help you?

Me: The Nurse Joy in the town we rode across that bridge from sent me to give you this medicine for a very sick Shellder.

I hand her the medicine.

Nurse Joy (Sunny Town): Thank you so much. Yes you arrived just in time J.D.

Me: You're welcome.

The Shellder was all better thanks to the timely arrival of the medicine from me.

I went back to Michigan.

---

In Vanzilla 2.0 we were flying in Jet Mode to the Alola Region, A tropical island group that Ash went to on his travels after winning a contest.

Misty: I remember the first time me and Brock went to Alola.

Me: It feels like forever ago huh?

Ash: It sure does. I wonder how my friends at the Pokemon Academy of Melemele Island.

Me: I'm sure they're doing good Ash.

I look up where the Alola Region is located and I make a surprising discovery.

Me: Hey look at this! Melemele Island is located in the Maldives Archipelago in the Indian Ocean. 🇲🇻 That's about 14,000 miles away from Michigan.

Aylene C.: We haven't been there on our global trip.

Me: It's mostly because it's a group of atolls.

Ash: So the Alola Region is now here on Earth.

Clemont: That's interesting.

Bonnie: I can't wait to have some fun in the sun here.

Alexis: Me too Bonnie.

Nico: I should catch an Alolan Muk and an Alolan Exeggutor.

Me: As long as they aren't someone elses Pokemon. Not only that guys but the Maldives are one of the most popular vacation and tourist spots in the world. It's like Hawaii all year round.

Lori: How many islands does the Maldives have?

Me: Not nearly as many as Indonesia or the Philippines. Indonesia has 18,307 islands. The Philippines 7,107 islands. The Maldives only have 1,190 islands.

Lincoln: That's a lot of islands.

Me: It's one of the largest group of islands in the world. Asia has one of the largest groups of islands in the world and Europe tops them all with the islands of Sweden ranking at number one with 221,800 islands.

Everyone: WOW!

Laney: That is amazing!

Nico: It sure is. But why are we heading to the Alola region?

Me: The satellites have been picking up an abnormal decrease in temperature in the area of the Pokemon School and we're going to find out what it is.

Ash: We'd better go check it out.

We landed on Melemele Island in the middle of the Maldives. It was an island paradise.

Me: Wow. So this is Melemele Island.

Laney: It sure is Beautiful.

Lori: This would literally be perfect for a vacation spot.

Nico: It sure would.

Johnny T.: I can't help but wonder that we're about to deal with one of my old enemies.

Me: I have that feeling too.

Ash: I'll show you where the school is.

Me: Okay.

Ash lead us to the Pokemon School and we went through the jungle and we saw all kinds of new pokemon.

Me: Wow! Look at all these cool Pokemon. And it looks like you'll get your shot with an Alolan Exeggutor man.

We saw an Alolan Exeggutor and it was a huge and tall pokemon. It was 35 feet tall.

Me: Holy cow! So that's an Alolan Exeggutor. It's a tall one.

Nico: It sure is.

Lori: That is literally the tallest Pokemon I've ever seen.

Me: There are others that are bigger.

Nico: Lets make it mine.

Nico fired a powerful blast of fire and burned it and weakened it. He threw a pokeball and caught it.

Me: Way to go man!

Nico: My first Alolan Pokemon.

Me: And the first of many.

Lincoln: Me and Megan have an Alolan Vulpix.

Me: That's right buddy. Super Smash Brothers Ultimate has an Alolan Vulpix.

Xerneas: That's true.

Laney: I still can't get over that we're now in Super Smash Brothers Ultimate and now in the Nintendo Universe.

Me: I'm still shocked myself.

Suddenly I felt a wave of cold go passed me and I was cold.

Me: Brr! That was cold! It felt like Antarctica.

Alexis: I think it came from them.

Out came an Alolan Vulpix and an Alolan Ninetales.

Me: Oh wow. It's an Alolan Vulpix and an Alolan Ninetales.

Lincoln: I've never seen an Alolan Ninetales before.

Laney: Me neither. It's so beautiful.

Me: I think they'll be perfect for me.

Arixam: Is it ok if I come out to join you guys?

Maria: Sure Arixam. AQUAMARIA!

Arixam came out.

Arixam: This place is so amazing.

Maria: It sure is beautiful.

I threw two poke balls and caught them.

We arrived at the Pokemon School and it was a beautiful tropical building.

Me: Wow. So this is the Pokemon School of the Alola Region.

Ash: It sure is.

Laney: It looks more like a resort than a school.

Alexis: It sure is a beautiful school. It reminds me a bit about Duel Academy.

Me: It sure does somewhat. Except instead of with Duel Monster Cards we learn about Pokemon.

Alexis: That's true.

We walked into the campus and it was amazing. Out came a man in a shirt with black shorts.

Prof. Kukui: Ash Ketchem welcome back to the Pokemon School.

Ash: Alola Professor Kukui. It's great to see you again.

Prof. Kukui: You too. J.D. Knudson of Team Loud Phoenix Storm, it's an honor to meet you.

Me: You too Professor.

We introduced ourselves.

Prof. Kukui: It's such an honor to meet you all.

Me: Same here.

Professor Kukui showed us around the campus and we were amazed.

Me: Wow. Ash the school you went to here in Alola is amazing.

Ash: It sure is.

Then we saw 5 kids come. 1 was a green hair girl with a flower in her hair, the 2nd was a blue hair girl with blue eyes, a red and black hair boy, a blonde hair girl with light green eyes and a chubby orange hair boy.

Ash: Hey you guys!

Mallow: Ash it's great to see you again!.

Lana (Pokemon): We missed you!

Kiawe: It's great to see you again Ash.

Sophocles: Same here.

Lillie: You have been doing well.

Me: So you are all of Ash's friends here at the Pokemon School?

Kiawe: We sure are. It's a pleasure to meet you. I'm Kiawe.

Mallow: I'm Mallow.

Lana (Pokemon): I'm Lana.

Lillie: I'm Lillie.

Sophocles: And I'm Sophocles.

Me: It's a pleasure to meet you all. I'm J.D. Knudson, Leader of Team Loud Phoenix Storm.

They gasped when they heard me say that.

Mallow: It's such an honor!

Lana (Pokemon): We heard so much about all of you and the adventures you've had.

Me: We get that a lot.

Everyone introduced themselves.

Mallow: It's such an honor to meet you all. Misty, Brock it's great to see you all again.

Misty: You too Mallow.

Lana (Pokemon): Are you all here to find out what is causing the island to get cold suddenly?

Me: We sure are. Our satellites detected an abnormal drop in temperature here.

Then my Dark Orb Detector device beeped.

Me: There's a dark orb here.

Mallow: Dark Orb?

Me: When we killed Xehanort, the fragments of his evil were scattered throughout all of the entirety of the Virgo Supercluster all over the universe. On planets throughout all 47,000 galaxies.

Lana (Pokemon): That's a lot of galaxies!

Kiawe: That's a lot of Galaxies.

Lori: And it will literally take thousands of years to get rid of them.

Mallow: We know you can get rid of them.

Me: Thanks Mallow. Lets start searching for the Dark Orb.

We were looking for a Dark Orb.

Spidey: Gotta hurry up and find the next Dark Orb. (sees a Dark Orb in the sand) And there it is. (Spidey Sense tingles) So why is my Spidey Sense tingling?

All of a sudden, an ice beam shoots towards us, but we avoid it just in time.

Nico: (sees ice where the beam struck) Talk about a cold shoulder!

Johnny Test (sees that the Dark Orb is gone): Wait. Where's the-

?: Looking for this, Test?

We see Brain Freezer holding the Dark Orb.

Johnny: Well if it isn't my old friend, Brain Freezer. Y'know, every time we play together, I end up having to sit in my room with a heater on for hours.

Brain Freezer (chuckles): I got a game for you to play.

All of a sudden, we saw a sudden snowstorm head towards us.

Alexis: Incoming snow attack! (forms an ice wall to block the attack)

Me: Johnny you know this guy?

Johnny: Yep. He's one of my dangerous enemies. His name is Brain Freezer.

Me: I've heard and know of a brain freeze. It's a nasty headache you get from eating cold food too fast. It causes your brain to freeze. Hence the name Brain Freeze.

Brain Freezer: (Maniacal Laughter) And you all will be dead in ice when I'm through with you!

Brain Freezer fired a blast of snow and Aylene fired a blast of fire and the snow turned into steam.

Johnny: Snowstorm powers. Yep, I'm definitely sleeping with the heater on after this.

Me: So you're the one that was causing this island to freeze!

Brain Freezer: That's right. And I will turn this Paradise into a frozen Hell! (Laughs Maniacally)

Iceman (X Men): He brought a heavy blizzard to the Alola region!

Anna (to Elsa): This reminds me of when you accidentally gave an eternal winter to Arendelle.

Elsa: Except this time, this wasn't an accident. It was caused by a scumbag!

Me: I think it's time we thaw you out Brain Freezer!

Brain Freezer (summons snowman Heartless): I've always been a joke to you heroes. But you won't be laughing now. Or ever again!

Me: Bring it on you frozen freak!

We transform and power up!

Nico: Brain Freezer you have failed Porkbelly and the Alola Region!

Me: You tell him man!

Then a massive ice phoenix appeared. It was a scary bird of ice and it had the Heartless symbol on its head. It was called the Cryoflamer.

Me: Wow! That Heartless is huge!

Lana (LH): Look at it's tail feathers!

We saw that its tail feathers were the Frozen Pride Shield that were from Vexen.

Lana (LH): It's tail feathers are the Frozen Pride shield!

Killer Frost: So that's what Vexen"s Heartless looks like.

Cryoflamer: You and I have a score to settle, Killer Frost!

Me: That voice. That's Vexen!

Lori: That's impossible! We killed him and Nicole sealed him into the Book of Vile Darkness.

Me: Apparently this was the Heartless that turned him into the Vexen that we killed. Lets get him!

Tron (2012): Let us help you too.

We saw Tron from 2012, Blurr, Offroad, Bludgeon and Tantrum arrive.

Bludgeon: It's time to thaw out this frozen fiend.

Lana Loud summoned her Frozen Pride shield.

Killer Frost: We killed you before and we can kill you again! Lets get him Lana!

Lana L.: You got it!

They flew at the Cryoflamer and just as they were about to use their combo, the Cryoflamer swat them away.

Cryoflamer: Uh uh uh. I'm not going to be killed by the second trick twice.

Killer Frost: I swear, your Nobody form was much more easier to kill!

Bludgeon: Let us handle it!

Tantrum turned into his Water Buffalo form and rammed the Cryoflamer.

BLAM!

Lana fired icicle shards from her Frozen Pride and Bludgeon turned into a tank and fired a powerful laser blast and it hit the Cryoflamer and exploded.

Bludgeon: It's combo time Tantrum!

Tantrum: You got it Bludgeon.

Tantrum and Bludgeon fired blasts of lasers and missiles.

Tantrum and Bludgeon: CYBERTRON ARSENAL FIRESTORM!

The missiles and lasers hit the Cryoflamer and exploded all over it.

The Cryoflamer fired a massive blast of ice fire and Lana jumped in front of it and blocked the fire with her shield and Nico flew up to it and put his hand on its head.

Nico: You are never gonna be welcome here Vexen. It's time you went away forever.

Nico channeled his energy into the Cryoflamer and destroyed Vexen and Nicole sealed him into the Book of Vile Darkness. He tamed the Cryoflamer. Now we were facing Brain Freezer.

Me: You know Brain Freezer, this is one of the oldest battles that's as old as the universe itself: Fire VS Ice.

Brain Freezer: That is an interesting battle.

Me: It is. For 13.6 Billion years, 2 of the most powerful forces of nature have been clashing ever since then. Fire VS Ice.

Brain Freezer: That's true. Now I will kill you by freezing you all to death! (Laughing maniacally)

Me: You are a seriously (Censored) up monster.

I went Super Ebonwu 30,000 Phoenix Fire and fired a blast of fire and Brain Freezer fired a powerful blast of cold and ice and the blasts collided and a massive cloud of steam formed.

Brain Freezer: A little steam won't stop me.

May (fires Cold Gun at Brain Freezer): My gun's more colder then yours!

May's Cold Gun is at Absolute Zero and it froze Brain Freezer in a huge block of ice.

Edzilla (punches Brain Freezer): ED SMASH ICICLE MAN!

SMASH!

Aylene was starting to fall in love with Brain Freezer and she couldn't help but feel sorry for him. She looked into his mind and saw that his mind was damaged because he failed to get the girl of his dreams and his heart turned as cold as ice. She knew that if anyone can help him, it's her.

William fired a powerful blast of fire from his blaster and Onslaught fired his laser gun

William and Offroad: SUPER FIRE SPARKSTORM!

The blasts combined and the laser blast turned into a flaming spark wave and it hit Brain Freezer and destroyed the Dark Orb. The Heartless were destroyed and we got a tremendous power boost.

Blurr drove at incredible speed and Tron 2012 was on him. Tron pulled out a cyber sword.

Blurr and Tron 2012: CYBERSPEED SWORD SLASH!

Tron slashed Brain Freezer at incredible speed.

Iceman (X Men): Final Smash time! WHITEOUT BLIZZARD BLIND!

Iceman fired a massive blast of snow and ice and it was so blinding that Brain Freezer couldn't see anything.

Alexis: Now it's my turn. WHITE NIGHT DRAGONSTORM!

Alexis summoned 3 White Night Dragons and she and the White Night Dragons fired a tremendous blast of ice fire and froze Brain Freezer in ice.

Aylene then grabbed Brain Freezer. In the air Brain Freezer looked into Aylene's eyes.

Brain Freezer: You are gonna freeze.

Aylene C.: Fire wins.

Aylene then kissed him on the lips and it thawed him out and his skin returned to its original color and his hair was black. His armor and weapons shattered into a million pieces. When it was done, Brain Freezer was completely cured.

Brain Freezer: Why did you kiss me?!

Aylene: It was the only way to thaw you out!

Brain Freezer: No! That wasn't supposed to happen! One of you was supposed to either kill me or knock me out! I can't go back to the Legion of Doom now! They'll make fun of me!

Eddy: Don't worry. They won't. Because we're taking you to one of our prisons. This one will be a bit ironic.

Me: Yep. Nico you take him to the Antarctica prison. 25 years will do.

Nico: You got it.

Aylene C.: I'll go with.

Nico: Okay. (To Brain Freezer) It's to the brick freezer for you Brain Freezer.

---

In Antarctica, Brain Freezer was locked in a special cell in Solitary Confinement.

Brain Freezer (to Aylene): You think just because you kissed me, I'll eventually change my ways? Fat chance! As soon as 25 years are up, I'll be back to committing crimes. You'll see!

Nico: Oh, we will. 25 years is plenty of time for you to have a change of heart.

Aylene C.: I will help thaw your frozen heart Brain Freezer. I love you.

Nico: It could've been worse though.

Brain Freezer: Why is that?

Nico: At least you're not dead.

Brain Freezer: True.

Nico was smiling.

Nico: See ya around in 25 years Brain Freezer. You're gonna need it.

They left.

* * *

Back in on Melemele island, we were having an awesome time. But then a bunch of rotten gang members came out. It was TEAM SKULL!

Me: Who are you dirtbags?

Black: We're Team Skull and this is our beach now!

Me: No one owns a beach. So you guys better make like rockets and get lost you (censored)!

Blue: Why you!

Pink: No one talks that way to us and lives!

Black came at me and he was threw a punch and I blocked it and kicked him in the face and knocked him out.

Me: You just pissed off the wrong person. You don't have any idea who you are dealing with.

Pink: Oh we don't huh!?

Blue: Now you will die!

They all charged at me and I unsheathed my sword and slashed them at incredible speed. I then sheathed my sword and when the hilt hit the sheathe, their clothes were shredded apart into slivers. (Think of how Trunks slashed all of Frieza's men into pieces with his sword) Until only their underwear was showing. The members of

Team Skull were gasping in horror.

Pink: Who the hell are you!?

Me: My name is J.D. Knudson, Leader of Team Loud Phoenix Storm and I'm evil's ultimate nightmare. Consider losing your clothes your only warning shot. Next time it will be your lives.

The members of Team Skull gasped in sheer horror when they realized who they were talking too and they knew I wasn't bluffing. They ran in pure fear.

I smiled knowing they won't come back.

Me: Stupid (Censored).

Nico: Who were those guys?

Me: They were some group called Team Skull.

May: Those guys looked like they were nothing but trouble.

Me: They sure were.

Nico then smelled something awful.

Nico: Hey who ripped one!?

Me: (In defense) It wasn't me! Oh boy I hope Lori isn't rubbing off on me.

Then an Alolan Muk came out.

Me: Oh wow! It's an Alolan Muk. I've never seen a rainbow color Muk before.

Nico: It sure is a cool looking Muk.

May: It's neat.

Nico caught it.

Iceman (X Men): This was an awesome Island Adventure. Everyone needs a vacation every now and then. So have fun while it lasts.

THE END

---

Another Fanfiction Complete.

Brain Freezer is one of the strangest villains in all of Johnny Test. He is a villain with a heart of insane ice. NicoChan11 gave me the ideas for this one. Thanks man as usual. Let me know what you all think. I came up with the first 2 parts of the chapter.

See you all next time.

# Volcanic Illusion of Entei

It starts in the living room. I was reading an amazing book on Shinobi Techniques never thought up before. The book was about super powerful shinobi techniques called U-Rank Jutsu.

Me: Wow. This book is amazing.

J.D. 2: (Inside my head) The Ebonwu Squadron has been using U-Rank Techniques for a long time and their power is so strong that they can obliterate a whole army of Shinobi in an instant.

Me: That's incredible! I had no idea that these techniques pack so much power.

J.D. 2: It is. We also have used a menagerie of skills that would make even the strongest of shinobi seem like amateurs in comparison.

Me: I'm sure they would.

I looked at the techniques and there were lots of them to know. Most of them could be strong enough to blow up an entire planet.

Me: Wow! Some of these techniques possess incredible power. Probably enough to destroy a whole planet.

J.D. 2: No they don't have that kind of power. But they do have enough power to kill the strongest S-Rank Shinobi.

Me: Wow! I have a feeling if I used these techniques on either Orochimaru or the Akatsuki then they wouldn't stand a chance. But I can't let overconfidence and powerful techniques like this cloud my judgement. I better go talk to Lady Hokage about these techniques and see if she might know about them.

I got up.

Me: Guys, I'm heading to the Leaf Village. I'll be right back!

Lori: Okay J.D.

I snapped my fingers and turned into my Shinobi attire and vanished in a fire wing Body Flicker.

---

I appeared at the gate of the Leaf and walked in.

Kotetsu: Oh hello J.D.

Me: Hey Kotetsu, Izumo. Just going to talk to Lady Hokage about something.

Izumo: Okay.

I walked in and I was reading the book on U-Rank Jutsu and it was still all amazing. I walked into the Hokage building and arrived at the door to Lady Tsunade's office and knocked on it.

Lady Tsunade: Come in.

I go in.

Lady Tsunade: Oh hello J.D.

Me: Hello Lady Tsunade. We haven't seen each other in a while. Sorry about that.

Lady Tsunade: That's all right J.D. We know how busy you are saving the universe and the world.

Me: I know. Anyway, I have a question. Do you know anything about powerful jutsu called U-Rank Jutsu?

Lady Tsunade gasped.

Me: Was it something I said?

Lady Tsunade: Where did you hear about these techniques?

Me: Well during our travels in the TV show Total Drama All Stars 2, I had an amazing experience happen to me. Another version of me from another universe that is far more powerful than I am merged with me and I acquired his moves, powers and abilities. I have a lot of powers no one can even fathom.

Lady Tsunade: I see.

Shizune: That would explain why your chakra and energy levels have skyrocketed dramatically.

Me: That's right Shizune. And this 2nd me is also the leader of the Ebonwu Squadron.

Lady Tsunade: The Ebonwu Squadron?

Me: It's hard to explain but here goes.

I reveal the full extent of the Ebonwu Squadron's history and Lady Tsunade and Shizune were flabbergasted.

Lady Tsunade and Shizune: WHAAATT!?

Shizune: They were around for that long!?

Me: I was floored myself Shizune. At first I just couldn't believe it but I was shocked. But I'm learning so much about what the Ebonwu Squadron does and what they are capable of. I recently acquired this book on U-Rank Jutsu and I figured you might know something about all this. So I came here.

Lady Tsunade: I see. ANBU!

The ANBU came out.

Lady Tsunade: Please fetch Sarutobi-sensei immediately for me.

Frog: Right away Milady.

20 seconds later Lord Hiruzen Sarutobi - the 3rd Hokage came in.

Me: Hello Lord 3rd.

Lord 3rd: Hello J.D. Haven't seen you in quite a while.

Me: You know how busy I am saving the world and the universe.

Lord 3rd: (Laughs) That's true.

Lady Tsunade: Hello sensei. J.D. here came into the acquirement of a book on U-Rank Jutsu.

Lord 3rd gasped.

Me: It's a long story Lord 3rd.

I revealed everything and show the 3rd Hokage the book on U-Rank Jutsu.

Lord 3rd: It's been so long since I've seen this book. J.D. what I'm about to tell you is a Triple S-Rank secret. You can tell Naruto if you'd like but no one else.

Me: I understand sir.

Lord 3rd: Before the Hidden Leaf Village was even founded by Hashirama-sensei and Madara Uchiha, we were at war with powerful shinobi from different clans that had powerful jutsu and kekkei genkai at their disposal. Most of our shinobi were greatly overpowered by them and they didn't have the skills to take them down. As a last resort some of those shinobi used powerful jutsu the likes of which we had never seen in any time. These Jutsu possessed incredible power and with them they destroyed these shinobi and wiped them out in the blink of an eye. But the cost of using such powerful techniques killed the shinobi that used them.

Me: (Gasp) They died? That's awful.

Lord 3rd: Yes. The shinobi that used these jutsu wrote them all down in a book all about these jutsu. The very book that you have in your hands.

Me: So this book is a relic of Leaf History.

Lord 3rd: That's right. This book is the U-Rank Jutsu Book. We don't use these Jutsu anymore because of their sheer destructive power and the price they carry on the users. We labeled them as weapons of mass destruction and they are classified as forbidden.

Me: Wow.

Lady Tsunade: I've heard about these techniques but I never knew they were that powerful.

Me: They drain the users chakra completely after just one use and kill them. That's a deadly consequence. I think that because of my power, immortality and invincibility I can use these techniques without any dangerous repercussions. Thank you for telling me about this. I had no idea these techniques were that powerful let alone dangerous.

Lord 3rd: I'm glad I can help you J.D. But you have to be careful. These techniques are no laughing matter.

Me: I'll be careful Lord Hokage. Thank you all for your help.

Lord 3rd: You're welcome J.D.

Lady Tsunade: Glad we can help.

Me: I got to head back. But tell Naruto and family I said hello. Believe it!

We laughed.

Lady Tsunade: We'll make sure he gets the message.

Shizune: Same here.

I left and went back to the estate.

---

Back at the estate, I entered the house.

Me: I'm back.

Lori: Did you find the answers you needed?

Me: I sure did Lori.

Firestar was with us.

Ash: Hey, Firestar. How'd you get your powers?

Firestar: I was born with them. I got my fire powers because of the Mutant X Gene. It's been with me ever since I was born.

Ash: That's amazing.

Firestar: It sure is. My real name is Angelica Jones. But my superhero name is Firestar.

Me: I think I know just the simulation to test out these new U-Rank Jutsu out.

We went to the Simulator.

---

We entered the simulator control room and I told Venom, Nico, Elena, Maria, Arixam, Firestar, Mewtwo, Nightbird and Arcee to wait until I give the word.

Me: Lincoln are you ready for another adventure?

Lincoln: You know it bro!

Me: Lets go!

We went into the Simulator with our Rapidash. The Simulator Activated and we found ourselves in the Johto Region.

Me: We're in the Johto Region.

Lincoln: So this is the Johto Region. It's amazing.

I saw something truly magnificent on a hill.

Me: And that's not the only thing that's amazing. Look over there!

Lincoln and me saw a magnificent and breathtaking crystal flower castle that looked like it was a structure from another planet.

Me: Wow! What an amazing castle!

Lincoln: Lola would love to live in a castle like that.

---

In the Control Room, Lola was amazed at how beautiful that castle was.

Lola: That is a beautiful castle.

Laney: The architecture is something out of this world.

Lori: It literally does look like something from another planet.

Meowth: I remember that castle. It was beautiful. But it was home to Molly Hale and her legendary Pokemon Entei.

Ash: Yeah. It was also where her father was doing research on the 26 legendary pokemon Unown.

Nico: The legendary Pokemon that have the power to warp reality?

Ash: That's them. It was so cool how they were able to do that.

Pikachu: Pikachu.

Varie: That's unbelievable. I can't believe they have that kind of power.

Ben: Alien X has that power.

Riley: That's right.

---

Back in the Simulator we were riding through the forest. It was like something out of an alien planet and it was so beautiful.

Me: Wow. This is amazing.

Lincoln: It sure is. But who do you think that castle belongs to?

Me: I don't know buddy.

Then I sensed a massive energy coming from the castle.

Me: Wow! What an enormous power!

Lincoln: I feel it too. What is causing it?

Me: I don't know but it's power is unreal.

Then we got a surprise when we saw blue pokemon appear out of the strange terrain.

Me: Wow! They look like a Pikachu, Espeon and a Cyndaquil.

Lincoln: They sure do.

Me: Wait a second.

I then remembered something Nico told me in a flashback. He told me that the legendary powerful pokemon called Unown have the power to telekinetically warp reality.

Me: (Gasp) That's it! This is the work of the Unown.

Lincoln: The Unown? What are they?

Me: The Unown are powerful pokemon that look like the 26 letters of the English Alphabet and they have the power to telekinetically warp reality into anything anyone can desire. Not only are they used in ancient writing but they have this kind of power.

Lincoln: They're that powerful!? Incredible!

Me: I was amazed myself. It's completely incredible that they have this kind of power. Alien X has that kind of power as well and it is so cool!

Lincoln: It sure is. But if all this is not real wouldn't all this vanish when we figure it out?

Me: No. The Unown can warp all of reality and make it all real.

I activate my Sharingan and even it couldn't pierce it.

Me: My Sharingan can't pierce through it. This is all a warped reality.

Lincoln: It sure is.

Me: (Gasp)

I remembered something Ash told me. He told me that he, Misty and Brock and Team Rocket were helping a little girl named Molly Hale and she was believed to have been held hostage by Entei and the Unown and the Entei made her believe that the Entei was her father. I reveal what I remembered to Lincoln.

Lincoln: We have to get Molly out of there.

Me: She was mislead into believing Entei. We have to make her see reason.

Lincoln: Lets do it.

Me: These illusion Pokemon won't let us go. Time to test out one of my techniques. If it were real Pokemon I wouldn't do this. But these Pokemon are just an illusion. This is the first U-Rank technique I've done. (Echoing) **FIRE STYLE NINJA ART: HELLFIRE CASCADE!**

I fired a powerful blast of the inextinguishable black flames of Amaterasu in a solar flare explosion and it turned into a massive Egyptian Cobra of pure fire. It fired a nuclear hot flamethrower from its mouth and incinerated all the illusion pokemon instantly.

Lincoln: That… Was… AWESOME!

Me: It sure was Lincoln. And that only used up 0.001% of my power! AWESOME COOL!

---

In the control room, everyone was amazed.

Lola: That was amazing!

Lisa: What astounding power! 0.001% of his power was used? That is amazingly impressive.

Laney: It sure was Lisa.

Naruto: That was awesome work.

* * *

Me: Now lets bust into that castle. Ready?

Lincoln: You know I am J.D.

Me: Lets go Rapidash. INFERNO TACKLE!

Lincoln: Same here Rapidash.

We galloped at incredible speed and were enveloped in a massive fireball and we smashed through the outer wall of the castle at incredible speed with devastating force.

KRASMASH!

We busted in.

Me: We're in.

Lincoln: It sure is creepy in here.

Me: It sure is. Lets go and stay close.

We went into the main room and found a set of stairs that lead up the castle tower. It was a long set of stairs.

Me: Looks like the only way is up.

We spread our wings and flew up the stairs and we came to a door.

Me: The energy is strongest in here.

We opened the door and went in and what we saw was amazing! We were in a magnificent garden worthy of 10 Eden's.

Me: Wow! What a garden.

Lincoln: It sure is beautiful.

Me: It sure is. It's hard to imagine that the Unown have the power to do all this.

We walked around and it was a magnificent garden loaded with flowers, trees, plants and more.

Me: Wow. I would call this a sanctuary retreat.

Then we saw a figured jumping through the trees. It was moving fast. As it got closer we saw that it was Entei and on its back was a teenage girl. It was Molly and she was now 18.

Me: It's Molly and Entei!

Lincoln: Here they come.

They landed in front of us.

Me: Molly Hale. Right?

Molly: That's right.

Me: I'm J.D. Knudson.

Lincoln: And I'm Lincoln Loud.

Entei: Molly, they are a part of the legendary Team Loud Phoenix Storm in another dimension.

Lincoln: How is Entei speaking?

Me: It's telepathically talking. But how do you know Team Loud Phoenix Storm? We're not from this time.

Entei: I know everything.

Me: I see. Molly, you are an amazing young woman now. You have an appearance many women would kill for. But we didn't come here to talk. We need you to come with us.

Molly: Why?

Me: Because this whole place is just an illusion. This is all the work of the power of the legendary Pokemon, the Unown. They have the power to telekinetically warp reality.

Lincoln: That's right Molly.

Molly: How do you know this!? You're lying!

Me: Do I look like I'm lying?

Entei: You are trespassing and you will leave now!

Me: Not gonna happen until we get Molly to come with us.

Entei: Then I will make you!

Me: Bring it on!

Molly: You're also here to take my mother Delia away!

We gasped!

Me: You kidnapped Ash's mother!?

Lincoln: You let her go right now!

Molly: No! She's my mother and I won't let you take her away!

Me: Molly listen to yourself! You have become a magnificently beautiful woman and everything you see here is all a lie. Entei is not your real father!

Entei: I am Molly's real father. As long as that is her wish.

Me: Then we will make you listen.

An explosion blasted a hole through the floor.

Nico: I hope we're not interrupting the party.

Me: Nope. You all arrived just in time Nico.

Entei and Molly looked at them.

Venom: Can we help you two?

Entei: Why are all of you here?

Elena (Sarcastically): Hi, Team Loud Phoenix Storm. Nice to see you, Team Loud Phoenix Storm. Can you help us out, Team Loud Phoenix Storm?

Molly (sheepishly): We didn't think you'd be in the mood for small talk.

Gary: Then what makes you think we're going to waste our time talking to you two at all?

Entei: So you admit that you're trespassing! (Nico hums nonchalantly) Look at us when we're talking to you!

Nico (innocently): I'm sorry. What were you demanding?

Molly: Why can't you all leave us alone?!

Stewie: Hey, don't blame us for coming here. You were the ones who started the whole thing. We just invited ourselves in. So don't try and make us the bad guys here.

Entei: We know that you are here to take Delia away.

Arixam: And you think you can keep her here? Through what means?

Entei: By whatever means necessary.

Arcee (sarcastically): Because that makes us so much more likely to leave her with you.

Molly: You think fighting us will magically make Mom come with you?!

Entei: What do you expect from Team Loud Phoenix Storm, Molly? They always think that fighting is the best way to solve problems instead of a clear strategy.

Nightbird (glares at Entei): We know that you're only trying to make Molly happy. So we're going to let that comment slide.

Me: That's right Entei. We know you're trying to make Molly happy. But all of this is a lie. This is all one big illusion created by powerful Pokemon that have the power to telekinetically warp reality.

Stewie: You guys get a move on. Me, Brock, Gary, and Arcee will take care of Molly.

Me: Are you sure Stewie?

Stewie: I can try.

Brock: Leave it to us.

Ash: Nico told us what happened in your time and we know you came to help us.

Me: I had a feeling he did. Lets do this!

We went at Entei and he fired a powerful blast of purple fire at us.

Mewtwo: A genetically engineered Pokemon, an alien symbiote, a pyrokinetic Mutant, and a special Pokemon trainer against a Legendary Pokemon.

Venom: We are liking those odds.

Me: Me too. (Whistles)

Rapidash came and I got on him.

Me: Lets get him Rapidash! INFERNO TACKLE!

We were enveloped in a powerful ball of fire and went at Entei with incredible speed and Rapidash hit Entei with devastating force.

Molly: FATHER NO!

Arcee used her speed to confuse Entei and Stewie fired a blast from his ray gun and it burned him. Brock sent out Onix and Gary sent out Arcanine.

Brock: Onix, use Dragon Breath!

Gary: Arcanine use Fire Blast!

Ash: Pikachu, Thunder Shock!

Pikachu fired a blast of lightning, Arcanine fired a blast of fire in the shape of the kanji for fire and Onix fired a blast of energy. The blasts combined and Entei jumped away and the blasts hit the ground and exploded.

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOMMMM!

Me: Lets see him survive this. (Echoing) **LIGHTNING STYLE NINJA ART: THUNDER WIND!**

I fired a blast of lightning into the air and it turned into a Quetzalcoatlus, the largest flying reptile ever discovered. It was made of pure lightning and it went at Entei. Entei fired a blast of fire at it but went all the way through it. It hit Entei and electrocuted it with 500 billion volts of electricity.

More Artificial Pokemon came and Stewie blasted them with his ray gun, used powerful martial arts moves and bashed them all over the place.

Me: Molly listen! I know Entei is trying to make you happy, but you have to realize that this is all a lie. Let me show you what true happiness is like in a real family.

My eyes glowed and I showed her my memories and my great lifestyle and my happy times with my family.

Me: See Molly? You just want to be happy. But you were lead down the wrong path.

But Molly refused to believe it.

Molly: No! I won't believe it!

Entei and Molly vanished.

Me: I know where they're heading. Follow me guys!

We went to the other side of the garden and got to a second door. We went in and it was a magnificent lake area.

Me: Wow! What a lake.

Arixam: Me and Maria would love swimming in here.

Maria: We sure would Arixam.

We saw another door on the other side of the lake.

Elena: Ash, that final doorway leads to your mom. Me, Nightbird, Arixam, and Misty will hold Molly off.

Me: I sense it.

Ash: Hang on Mom. We're coming.

Mewtwo: (To the viewers) It's amazing that some people can be that foolish.

---

In the control room, everyone was amazed.

Lana: She has a lake in her house? That is cool!

Lisa: That is a scientific impossibility. A Lake would cover a much bigger area than that of an architectural residential abode.

Laney: That is true. But I guess with the Unown anything is possible.

Varie: That is true.

---

In the simulator we saw Entei and Molly.

Molly: Why won't you leave me alone!?

Me: Because we're trying to help you Molly. Your real father would not have wanted this! You may think all this is real but it's not!

Ash: Entei you kidnapped my mom and that's wrong!

Entei: Whether it be wrong or right I will do it for Molly as long as that is her wish!

Arixam (to Entei): Fire's not so effective here. Especially since we're in my element.

Entei: I won't be at a disadvantage if Molly wishes for the water not to weaken me.

Arixam: Then let me show you.

Arixam summoned one of her swords and fired a massive blast of water at Entei and it hit him and knocked him away. She fired numerous blasts of water and Entei fired a powerful blast of fire.

She dodged it and Elena fired a powerful blast of lightning at Entei. Venom fired blasts of black webbing and symbiote tentacles at Entei. But he dodged them.

Nightbird: It's combo time Arixam.

Arixam: You got it.

Nightbird pulled out 2 sais and Arixam fired a blast of water.

Nightbird and Arixam: MAELSTROM SAI SLASH!

The water merged with Nightbird's sais and turned them into sais of water and he threw them at Entei. He dodged them and fired more fire and Onix deflected it.

Brock: Lets get them Onix! Use Sandstorm!

Onix fired a massive blast of sand and dust.

Arcee ran fast.

Arcee and Brock: SAND WIND DASH!

The sand merged with Arcee's speed and it obscured Entei's view.

Me: Molly please listen. You have to realize what you're doing. Entei took Ash's mother and brainwashed her. You can come with us and we can give you all kinds of Pokemon. Real Pokemon.

Molly began to realize that I was right and my voice was getting through to her. I held out my hand to her and she had tears welling up in her eyes and then she took my hand and hugged me and broke down crying and I comforted her.

Entei: I will not let you take Molly away from me!

Entei vanished.

Me: We have to go after Entei.

Molly: He went up to my room.

We went out of the lake room and we went up more stairs.

Molly: This is my room.

We went in and we saw Delia and her eyes were blank.

Me: She has been brainwashed. Let me do this.

I used my hypnotic glare on her and clapped my hands and broke her out of it.

Delia: What happened? Where am I?

Ash: Mom! Thank goodness you're all right.

Delia: Ash. What happened?

Entei: You all ruined everything!

We saw Entei.

Firestar: Hang on, Mrs. Ketchum. We're getting you out of here!

Me: You guys go. This is now between me and Entei.

Lincoln: We're not leaving without you J.D.!

Me: Don't worry buddy. I'll be just fine.

Nico: Lets go guys. Come on!

Nico lead everyone out of the castle.

Me: Now it's you and me Entei.

Entei: So be it. I will protect Molly as long as that is her wish.

Me: We'll see.

(Kouen {Crimson Flames} Plays)

I go Super Ebonwu 30,000 Phoenix Angel and I flew at Entei and he flew at me with incredible speed and I fired a shockwave blast and blew him back and he fired a purple fire blast at me and I fired a powerful fire blast as well. Entei dodged it and it hit the wall and exploded.

KRABOOOOOMMMM!

We both fired powerful blasts of fire and they collided and exploded with incredible power.

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMMMM

The explosion blew half of the castle tower apart. We went out of the dust cloud.

Me: Time to get serious. (Echoing) **EARTH STYLE NINJA ART: CRYSTAL TREMOR!**

The Earth shook and out came a massive Mongolian Death Worm made of pure pink crystal and it went at Entei without warning and he got slashed in the head. But he was far from finished.

Entei: You will never win and I will protect Molly as long as that is her wish!

Me: Like hell you will! (Echoing) **DARK STYLE NINJA ART:**

**MIDNIGHT RIDE!**

I fired a shroud of darkness and it turned into a pack of wolves and they went at Entei and they reached him and exploded with incredible power.

KRABBBOOOOOOOOMM! KRABOOOOOOOOOMMM! KRABBBOOOOOOOOOOOM! KRABOOOOOOOOOOMMMMM!

Entei got up and he fired a massive ball of purple fire and I fired a massive ball of fire as well. Our techniques collided and exploded with incredible power.

KRABOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The fiery explosion blew apart much of the castle.

Me: He's really tough. But so am I. (Echoing) **LAVA STYLE NINJA ART: VOLCANIC WILDFIRE!**

An earthquake shook the land and a massive wave of lava exploded out of the ground and turned into a tsunami of molten lava. It turned into a massive swarm of scarabs made of pure lava and they went at Entei and burned him. He was injured but not out.

Me: What does it take to stop this monster!? (Echoing): **STORM STYLE NINJA ART: ELECTRICAL MAYHEM!**

I fired a massive stream of lightning and it turned into a massive stampede of Triceratops. Entei tried to get out of the way but escape was completely impossible and the lightning triceratops hit him and exploded.

Entei: You will never win J.D.!

Me: Good always triumphs over evil Entei and you will never have Molly as your own daughter!

Entei roared in ferocious fury and went at me and I teleported and he fired a massive ball of purple fire.

Me: KAAAAA! MEEEEE! HAAAAA! MEEEEEEE!

HAAAAAAAAAAAAAAAAAAA!

I fired a powerful Kamehameha Wave at the ball of fire and it hit it and exploded with incredible power.

KRAAAAAABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Team Rocket is with Nico and the others and they got to the door and then the explosion from our fight was destroying everything as he saw it coming.

Nico: Oh (Censored)! Go guys! Go!

James: Hurry before you're all toast!

They got out and ran as fast as they could and the powerful explosion completely destroyed the whole castle and blew them away from in and they landed in a field away from the blast.

I landed by them.

Me: Are you all okay?

Nico: We are J.D. I also caught a Kabuto and Omastar along the way.

Me: Nice job man.

---

In the control room, everyone saw the battle.

Lori: Those techniques J.D. used were literally amazing!

Aylene C.: They sure were powerful.

Linka: It's amazing that J.D. can use techniques of that kind of magnitude and power.

Laney: It sure is.

Luan: They sure were a Blast. (Laughs to rimshot) Get it?

Most of them laughed while everyone else groaned.

---

In the field we saw the castle completely destroyed and burning in a massive fireball.

Me: That was intense.

Nico: It sure was. But…

James (to Nico as I have a weird look): You ok? You're giving the three of us a strange look.

Nico: Oh, me? I'm fine.

Jessie: Look, twerp. We're not really good at mushy stuff.

Meowth: If you got something to say, then just spit it out.

Nico: Well, you three would make good heroes someday.

Entei then landed by us and he was nearly exhausted.

Nico: Entei, stand down! I can tell you're getting exhausted. If you keep fighting us, you'll end up killing yourself!

Entei: I will fight to the death if I have to as long as that is her wish!

Mewtwo: Fine, Entei. Kill us. But will that really make Molly happy?

Me: No it won't Entei.

Molly: That's enough daddy! You've done enough.

Nico: Entei, just because you were created by the Unown doesn't mean you can't be real. If you let me catch you, I can make you flesh and blood.

Me: We have the power to do so.

Molly: Let them do it.

I used my power to make him fully real and Nico threw a pokeball and caught Entei.

Me: Way to go man. You now have one of the Legendary Wolves.

Nico: I sure do.

Then a massive energy imbalance was happening and the ground was shaking violently.

Me: Uh oh!

Lincoln: What is it?

Firestar: I don't know. But whatever it is it sure doesn't sound good!

Me: It's the Unown. Their power is losing control and their psychic concentration is out of whack! Come on!

We went to the chamber of the Unown and we saw that they were totally out of whack.

Me: We have to hit them with our power to stop them! FINAL SHINE ATTACK!

I fired a massive Green Energy Wave at the Unown and it hit them and exploded!

KRABOOOOOOMMMM!

Mewtwo: Final Smash time! PSYCHIC ENERGY BALL EXPLOSION!

Mewtwo fired a massive psychic energy ball at the Unown and it exploded with amazing power.

KRABBOOOOOOOOOOOOOOOOOOOMMMMM!

Firestar: Let me stop them! FIRESTAR BLASTWAVE!

Firestar fired a powerful blast of fire and it hit the Unown and exploded.

KRABOOOOOOOOOOOOMMMM!

The Unown were knocked unconscious and Nico threw a powerful Ultra Pokeball and caught all 26 of them all at once into it. The manor reverted back to normal.

We saved Molly and brought an end to the Spell of The Unown. Molly looked amazing as a teen. I gave Molly the memories Ash and Nico told me about and the Simulator ended and we came out and everyone cheered wildly.

Me: That was an awesome battle.

Ash: (To the Viewers) Never mess with forces you don't even know.

Me: You said it Ash.

The Hale Mansion now lives on our neighborhood.

THE END

---

Another Fanfiction Complete

Pokemon Spell of The Unown was an awesome movie. It was the 3rd movie of the series. It was awesome! I got the ideas for the U-Rank Jutsu from my books at home. I wrote them in books I wrote. NicoChan11 gave me the ideas for this one. Thanks man as usual. Let me know what you all think.

See you all next time.

# Adventures Into The Unknown

## Part 1: A NASTY PATTY AND A DEATH ROW INMATE

---

It starts at the estate with us watching TV, playing card games and reading books.

Me: So far all things have been quiet.

Nico: They sure have. But J.D. those U-Rank techniques you demonstrated were amazing.

Lincoln: They sure were.

Vince: They sure packed a destructive wallop.

Me: Stop it guys. You're gonna give me a swollen head.

Everyone laughed. Just then a news bulletin came on.

Announcer: We interrupt our regularly scheduled program to bring you this special report.

Me: Uh oh.

News Reporter: 48 hours ago, notorious mugger and inmate on South Carolina's Death Row, Jason Sternwell had escaped from prison. He was scheduled to be executed yesterday but he escaped before doing so. The FBI put a huge bounty on his head dead.

Me: That maniac Jason is on the run!?

Tara: I thought you locked him up?

Me: We did and we threw him in prison before we killed the Shredder. Lets see here.

The computer popped up and we saw that he was heading right for

Gotham Royal York.

Me: He's almost here.

Lori: I hope he enjoyed his short-lived freedom, cause when I'm done with him he will literally be turned into a human pretzel!

Me: No Lori. I have a better idea.

Nico: If that scumbag wants a pony ride, we'll give him a pony ride! (Ed and Leni stare at me confused) You know? To jail!

Lily: I have a feeling I know what you're gonna do J.D. Mr. SquarePants taught me how to make a burger that can kill people.

Me: Really? This I got to see. He was scheduled to be executed yesterday. And his death is overdue. Now here's what we do.

I gathered everyone together in a huddle and went over the plan.

Outside Jason was running fast as the cops were closing in.

Jason S.: I have to hide!

Jason was at a door and he went in. But what he never realized was that he went into our estate. A Death Sentence for any criminal.

Jason S.: (Panting) I think I lost them.

Jason turned and he saw a replica of the Krusty Krab restaurant.

Jason S.: As long as I'm here I might as well get a snack.

Jason took a table and ordered a Krabby Patty.

In the Kitchen, Lily was showing me the burger she made. It was a disgusting Krabby Patty with what appeared to be pimples, green meat, mold and all that crud.

YUCK AND MAJOR PUKESTORM!

Me and Lily and her siblings had clothespins on our noses.

Me: (Nasally) That is one disgusting Krabby Patty, Lily.

Lily: (Nasally) Mr. SquarePants calls it the Nasty Patty.

Lori: (Nasally) That is literally perfect.

Laney: (Nasally) Jason will be sorry he came here.

Lincoln: (Nasally) This will show that rotten egg never to come here.

Lola: (Nasally) I already called the FBI and they're on their way.

Me: Perfect.

Lana: (Nasally) How did you get the recipe for this rotten patty Lily?

Lily: I had to ask Mr. Squarepants for it and he let me have it because he never wants to use it again.

---

Lily: Mr. SquarePants, do you still have recipe for the Nasty Patty?

SpongeBob: I sure do Lily and you're more than welcome to have it.

Lily: So you're giving me the recipe for the Nasty Patty, Mr. Squarepants?

SpongeBob: I sure am. You're more than welcome to use it on Criminals.

FLASHBACK ENDS

Lily: I figured this would be the first time to use it.

Me: Good work Lily.

Nico: (Nasally) Let me add some of Stinkor and Clancy's powers to the mix.

Nico did so and the patty released a stench from it that turned into a menacing Skull and Crossbones.

Me: It's death on a bun.

Lucy: (Nasally) Wicked.

I put a genjutsu on the Nasty Patty to make it look like a normal Krabby Patty.

Me: Here we go.

I gave him the burger and went back to the kitchen and we watched and waited.

Jason S.: Oh boy. I was sick of prison food.

We saw him eat the burger and then after finishing it, sirens were heard.

Jason S.: Oh no! I gotta…

Then the Nasty Patty went to work and it was destroying him from the inside and he was foaming at the mouth and it made him violently convulse and it was making blood come out of his eyes and ears.

The FBI came in and they saw him convulsing.

Me: Hello Agents.

Agent Waco: J.D. good to see you again. Jason Sternwell went into your estate.

Me: Yep. And we gave him a poisonous burger that Lily made.

Jason was dead.

Me: That's it for him.

Agent Waco: What kind of burger was it?

Me: It was a burger that Lily was taught by her boss called The Nasty Patty.

Lily: It's a Krabby Patty that's really rotten. We only use it on escaped criminals that come here. There's a secret ingredient in it that is 100% fatal.

Agent Waco: And what is that?

Lisa held up a green bottle that had a skull and crossbones label on it.

Lisa: Venom from the sting of the *Chironex Fleckeri* ; Street name - Sea Wasp. The most venomous jellyfish known to man.

Me: One sting from that jellyfish can kill you in minutes.

Lisa held up a yellow bottle also with a Skull and Crossbones symbol.

Lisa: And it also had the venom of the *Phyllobates Terribilis* ; Street name - The Golden Poison Frog. The most venomous frog known to man.

Me: Two poisons from the most deadliest animals in the world killed a violent criminal doomed to die.

Nico: Jason Sternwell you have failed this world.

We laughed.

Me: You said it man.

We high five.

Sheila (sees Sternwell): It's times like this that I wish I still had my mutant form.

Lori: You literally don't want that again Sheila.

Sheila: You're right.

Vince: This dirtbag will never be welcome here on Earth ever again.

Agent Waco: Well done to all of you.

Nico: Ok, let's make sure he's actually dead before burying him.

Nico poked his body with a stick and Jason was dead all right.

Nico: He's dead all right.

Me: Yep.

Jason's body was taken away and was cremated. We were given a $50,000,000.00 cash reward and the Loud kids spent it on their favorite things. Clothes, jewelry, games, comics, food, everything.

## Part 2: MYSTERY OF THE POKEMON SLEEP WAVES

In Philadelphia, Pennsylvania, I was riding my Rapidash and Lincoln, Laney and Nick were with me. Lincoln was riding his Rapidash and Laney and Nick were on a Flygon.

Me: Wow. Philadelphia, Pennsylvania. Home of the Philly Cheesesteak Sandwich.

Lincoln: I love Philly Cheesesteaks. (Drools)

Laney: (Drools) They are so delicious.

Nick F.: They are the best in America.

Me: Not only that but Philadelphia has a lot of history that dates back to before the American Revolution. It was founded in 1682. Let me show you one of my favorite buildings.

We went to one of the first ever buildings in the city: Independence Hall.

Me: Here we are guys. Independence Hall. The headquarters of the American Revolution and the site of where the Declaration of Independence and the United States Constitution was made. It was in this building back on July 4th, 1776 that the Declaration of Independence was drafted and on September 17th, 1787 that the United States Constitution was drafted.

Nick F.: That's right. It's one of my favorite buildings here in Pennsylvania.

Me: Mine too.

Laney: It's so amazing.

Lincoln: So why are we in Philadelphia?

Me: The satellites have picked up a disturbance here and we have to find out what it is.

We went back to the city and looked around. We found a bunch of posters on a building wall. We saw a woman sad.

Me: Excuse me ma'am. Are you all right?

Woman: I'm so upset because my son Arnold just disappeared. He's been gone for three days. I can't find him anywhere.

Me: And you haven't heard from him ever since?

Woman: Not a word.

Lincoln: Has he gone off to become a Pokemon Trainer?

Woman: He did like Pokemon of course, but he never mentioned anything about becoming a trainer.

Nick F.: Don't you think he'll probably just come home soon?

Woman: Mm-mm. My son isn't the only child who's disappeared recently.

Me: He's not? How many more are there?

The woman looked at the posters we saw earlier.

Woman: See those posters?

Me: We saw them just as we saw you sitting here.

Woman: Those are pictures of all the children that have disappeared.

Laney: That many?

Lincoln: This must be a pretty dangerous city.

Me: Philadelphia has been called one of the highest Homicide Rated cities in the country. It's loaded with all kinds of dangerous and violent criminals. That's why they call it Homicide City.

Lincoln: That bad!?

Nick F.: Yeah.

We then saw Officer Jenny.

Jenny: They certainly were nice children.

Me: Don't worry ma'am. We'll help you find your son and the missing children.

Woman: Oh thank you so much J.D.

Me: You're welcome.

We were walking with Officer Jenny.

Jenny: All of the missing children disappeared exactly three days ago.

Me: That is so coincidental.

Laney: Besides that, do the missing children have anything else in common?

Jenny: They don't have a thing in common. But I think other kids may know something about them.

Me: We better check out the Pokemon center then.

We went into the Pokemon Center. We asked some kids some questions. But they didn't know anything.

I was talking to the Nurse Joy.

Me: Are you related to the Nurse Joy in Miami, Florida?

Nurse Joy: I sure am.

Me: Cool. I was sent by her to deliver some medicine to a very sick Shellder in the Bahamas.

Nurse Joy: Oh wow. J.D. Knudson of Team Loud Phoenix Storm.

Me: The one and only. We're investigating what caused these children to just vanish 72 hours ago.

Nurse Joy: Oh those missing children. I saw it on the news. I'd like to help you, but right now, I'm afraid I've got my hands full with our own mystery.

Me: Why what's the problem?

Nurse Joy: All the Pokemon here at the center are behaving very strangely.

Me: Like how?

We went back to the health room and we saw a Cubone, an Oddish, a Magikarp, a Psyduck and a Charmander weak and drained.

Nurse Joy: Just look at Cubone, and Oddish. Even Magikarp is affected and it's usually full of life.

Me: Boy these Pokemon are running on empty.

Laney: What do you think might be causing it?

Nick F.: I don't have any idea.

Lincoln: Same here.

Nurse Joy: The flame on this Charmander could go out any minute.

Me: Boy this is bad. We have to do something. Do you know what's causing all of this Nurse Joy?

Nurse Joy: I have no idea.

Lincoln: How long have they been acting this way?

Nurse Joy: Since three days ago.

Me: Three days ago? This is worse than we first thought.

Laney: And that's exactly when all those children disappeared right?

Jenny: I wonder if maybe there's some kind of connection between the children's disappearance and the Pokemon's lack of energy.

Me: That could very well be the case.

Nick F.: We have to find out. Their parents are worried sick for them.

Jenny: Something's very strange. (Beeping was heard) Huh?

Me: What's that noise?

Laney: Is that your radio Officer Jenny?

Jenny: Hm-mm.

Jenny pulled out a strange device and it was picking up something.

Jenny: It's picking up something.

Me: What's that device for?

Jenny: This is a sleep wave detector.

Me: Sleep wave detector? Interesting.

Jenny: Lately I've been picking up sleep waves.

Nick F.: What are they?

Jenny: Wavelengths that induce sleep.

Nurse Joy: But I'm sure there aren't any Pokemon that emit that wavelength in this center.

Jenny: They're from outside.

Me: Let me see.

I concentrated and I sensed a huge amount of sleep waves in the center.

Me: The sleep waves are all over the Pokemon Center. They might be connected with the children disappearing and the Pokemon's lack of energy.

Jenny: I think we better find the source of these sleep waves.

Me: Okay.

We followed the sleep waves to a tall skyscraper.

Jenny: They're coming from this building. They seem to be coming from the roof.

Me: Then that's where we're headed. Lets head in.

We took the elevator to the roof.

Jenny: As we go up, the signal's getting stronger.

Me: That means we're getting close.

We got to the roof and Jenny opened a door and we got an amazing sight. It was a mansion on top of the building.

Me: Wow! There's a mansion on top of the skyscraper.

Laney: It's a beautiful house.

Jenny: It's coming from inside there.

Me: I sense it. Lets go.

We went to the mansion and we went in. We saw a bunch of people dressed in extravagant clothing and there was a Drowzee and a Hypno.

Man: Are you new members?

Me: We apologize for coming in unexpectedly.

Jenny: We've been monitoring some sleep waves coming from up here.

Man: Sleep waves? Oh I know. This Hypno must've been emitting them.

Me: Of course. Hypnotic energy causes a sleep affect.

Lincoln: I think a Hypno is the evolved form of a Drowzee isn't it?

Me: That's right Lincoln.

Man: Yes and our Drowzee finally evolved into a Hypno. Three days ago.

Jenny: I knew it. That's just when those children vanished and the Pokemon started to lose all their energy.

Me: Far too coincidental.

Man 2: We've been using the Pokemon instead of using sleeping medicine.

Me: How does that work out?

Man 1: The members of the Pokemon Lover's Club.

Laney: The Pokemon Lover's Club?

Man 1: Precisely.

Me: That sounds like a very extravagant club.

Man 1: It is. You see, all of our members absolutely adore Pokemon, and well, Hypno has become our favorite Pokemon. Everyone's hard work paid off when Drowzee finally evolved.

Me: That's really interesting. Me and all of Team Loud Phoenix Storm have a lot of Pokemon. Sorry I forgot to introduce myself. I'm

J.D. Knudson, Leader of Team Loud Phoenix Storm.

Lincoln: I'm Lincoln Loud, The Thunderbird Ace.

Laney: I'm his little sister Laney Loud, Nature's Ecomancer.

Nick F.: And I'm Nick Flemming, The Viscosian Warrior.

Man: It's an honor to meet you all.

Woman: We are honored you're all here.

Man: Yes. Living our lives in the city can be very stressful and all the members suffer from insomnia, so we've come to rely on Hypno's powers to help us get to sleep at night.

Me: That's really interesting.

We saw the Hypno do it's thing and it was amazing to see it in action.

Me: That explains it. Hypno's sleep waves are affecting the Pokemon at the Pokemon Center by zapping their energy.

Man: It must be a…

Lincoln: A Side effect?

Me: That's what I was thinking. Hypno's hypnotic powers are usually just used only on other Pokemon. Since the wavelength was changed to affect humans, it's creating a side effect for the Pokemon.

Man: Hmm. Somehow, we've accidentally caused a terrible situation.

Me: It's not your fault. You had no idea that this would happen. But I have a suspicion. I bet that wavelength can even affect some kids that are sensitive to it too.

Jenny: That might be the case.

Me: Let me see here.

I concentrated and picked up some unusual brainwave activity coming from the park in the city.

Me: I found something in the park. Follow me!

We went to the Philadelphia park and we made a surprising discovery. We found all the missing children and they were all acting like Pokemon.

Jenny: These are all the missing children.

Laney: Why are they all acting like Pokemon?

Me: Brock told me it was called Pokemonitis.

Lincoln: Pokemonitis?

Me: With that new wavelength, the children who were exposed to Hypno's sleep waves think that they're Pokemon now.

Laney: That is mega strange.

Me: It sure is. Officer Jenny I have a solution on how to get the kids back to normal.

Jenny: What's that?

Me: I can use my hypnotic powers to remove the hypnosis done to them and revert them back. I was able to knock out a Hypno with my hypnotic glare in Morocco.

Lincoln: We saw that and that was so cool!

Me: It sure was.

Nick F.: That was amazing that you were able to do that.

Me: It sure was. All right. Here goes.

I focused and glared hard and I had hypnotic energy swirls emit from my eyes. These were dream wavelengths and they were gonna counteract against the sleep wavelengths. They all fell asleep. I clapped my hands and the kids were all back to normal.

Me: It worked!

Man: Your hypnosis powers are amazing J.D.

Me: Thank you.

The kids went back to their homes.

Woman: (Offscreen) Arnold!

We saw Arnold and his mom reunite.

Arnold: Mommy!

They hugged.

Woman: (To me) Thank you so much for finding my boy.

Me: You're welcome. It was the hypnotic energy from a Hypno that was causing the children to disappear. It caused them to turn into Pokemon. I used my hypnotic powers to return them to normal.

Woman: Wow!

Arnold: That is so amazing!

Laney: It sure is.

Lincoln: We have to save those Pokemon at the Pokemon Center.

Me: Right. Lets get over there.

I did the same thing and the Pokemon were revitalized. We solved a huge mystery in Philadelphia.

## Part 3: TERROR OF THE POKEMON OF DESTRUCTION

Me, Xerneas, Nico, Mewtwo, Ash, Serena, Earth and Lincoln were riding Rapidash and flying and we were in the forests of Russia. The satellites picked up a cave hidden in the forest. We are in the forest near the Tunguska crater to investigate.

We arrived at the cave.

Xerneas: This place is very familiar to me.

Me: What is it Xenia?

Xerneas: I remember it from hundreds of years ago.

Lincoln: That's interesting.

We went into the cave and we saw an amazing grove and we saw what looked like a statue of a young girl. We gasped.

Me: What is this place?

Xerneas: I remember now. It's the place where Jan placed the statue of his love Aila after my brother Yveltal destroyed and killed the land.

Nico: Yveltal, the Pokemon of Destruction?

Xerneas: Yes. A long time ago, a warrior named Jan set out to try and destroy my brother. But Yveltal was far too powerful for him to even match and his love Aila jumped in front of my brother's attack and she was turned to stone as a result.

Lincoln: That is awful.

Serena: Yveltal is extremely dangerous. I heard he has the power to destroy the entire planet.

Xerneas: Yes. My brother has that kind of power. His signature attack is Oblivion Wing and it can kill anything it touches or turn anything to stone.

Earth: That is horrible.

Mewtwo: She sacrificed herself to save her love.

Earth: That is terrible. (Crying)

Lincoln comforted her.

Me: Yveltal's power is immense and he can destroy the entire planet if he wanted to.

Xerneas: My brother has that kind of power.

Nico: What a terrible power. This planet is our home and he has no right to destroy everything and everyone we care about.

Xerneas: I know.

We went up Aila's stone statue and she was turned to stone because of Yveltal's Oblivion Wing attack.

Me: I can't even begin to imagine what her final moments were.

J.D. 2: J.D. I know a way you can bring her back to life.

My Ebonwu Squadron self talks to me through my E crest in the middle of my forehead.

Me: How can we do that?

J.D. 2: Just place the E crest on your forehead in the middle of her forehead and it'll resurrect her and engraft her with the knowledge of this time. But it'll also make her an Ebonwu.

Me: It's worth a shot.

I take the Ebonwu Crest and place it in the middle of Aila's forehead and in a blinding flash of light, we saw Aila get resurrected and she had wings that were yellow and green and she had the power of all of nature. She also had an E crest in the Middle of her forehead.

Aila collapsed and we caught her.

Me: Wow! That was so awesome!

We watched over her and she woke up.

Aila: What happened?

Me: I brought you back to life. You were turned stone after you jumped in front of Yveltal's Oblivion Wing attack to save Jan.

Aila: Who are you?

Me: I'm J.D. Knudson, leader of Team Loud Phoenix Storm.

Aila: Jan must be dead.

Xerneas: He is Aila. I'm sorry. The decay of time took him.

Aila: How long was I frozen in stone?

Me: 1,000 years.

Aila then broke down crying and Xerneas comforted her.

Me: I'm sorry Aila.

Then we suddenly felt a massive energy signal.

Me: Wow! Do you feel that?

Lincoln: I sure do.

Nico: What in the world is emitting that terrible energy?

Xerneas: It's Yveltal. He has awakened from his hibernation.

Ash: So Yveltal is awake?

Serena: This is really bad!

Me: We have to stop him.

Nico: We can't kill him. A human killing a Pokemon is cold blooded murder.

Me: I know. Maybe we can separate Yveltal and make an evil version of him for Pokemon to kill.

Xerneas: That's a good idea J.D.

Lincoln: It just might work.

Nico: I'm gonna be honest. Killing a Pokemon, even if it's an evil version, is a line we'll never be able to uncross.

Mewtwo: Then it's a good thing I'm crossing that line for you. Humans killing Pokemon is bad no matter what the reason. But a Pokemon killing another Pokemon will be justifiable.

Me: Lets go!

We went outside and we saw YVELTAL - THE POKEMON OF DESTRUCTION!

Yveltal is a large Pokémon with avian and draconic traits. Its body is dark in coloration and is adorned with grayish patterns along the underside. Yveltal's wings have three spikes on each extending along the bottom edges, close to where they meet the body. There are five large claws on each appendage, three of which curve inwards. Yveltal's underside is bright red, with branching, black markings. Similar markings are present on Yveltal's head and neck.

Yveltal has a pointed, beak-like snout. Black horns extend from above its blue eyes, with a sharply curved portion pointing forward and thinner prongs facing the rear. A feathery gray ruff encircles its neck and billows out over its back. Yveltal has small, birdlike legs with powerful talons. Like the rest of the underside, the legs are red with black adornments, and the talons are gray. Each foot has two toes facing forward and one pointing backwards. When Yveltal's wings and tail are fully extended, Yveltal resembles the Latin alphabet letter Y.

Yveltal has the power to absorb life energy. When it reaches the end of its lifespan, it expands its wings and steals all of the life energy of every living thing around it before transforming into a cocoon to sleep for 1,000 years. Yveltal is the only known Pokémon capable of learning the move Oblivion Wing.

Me: Yveltal - The Pokemon of Destruction.

Lincoln: It looks Pure Evil.

Me: And it's here to kill us all.

Xerneas: Brother! Stop this now!

Yveltal roared.

Me: Let me work my magic.

I fired a powerful blast of magic and it hit Yveltal and he was separated into two entities. One was good and the other was pure evil.

The Good Yveltal landed by us and he turned into an awesome young man with a ripped body, black hair, black and red wings, dragonic arms, black and red pants, black and red shoes, black and red tail, black and red fedora hat, black and grey vest and red hair and glowing blue eyes.

Xerneas: Brother.

Yveltal: Hello sister.

They hugged.

Me: Yveltal, I'm glad we are gonna destroy your evil self.

Yveltal: Thanks J.D. My human name is Yitzhak.

Me: That's an Israel name. I like it.

Yveltal: I'm glad. I'm also glad that my sister is in good hands.

Me: Thank you Yitzhak. We have to deal with your evil self.

Yveltal: Lets get him.

We went at the Evil Yveltal and I punched him in the face. He flew back and fired his Oblivion Wing at me and I fired a powerful energy blast and the blasts collided and exploded with incredible power.

KRABOOOOOOOOOOOOOOOOOOMMMM!

When the smoke cleared, much of the forest was blown away.

Me: Wow! What power!

Nico: His power is incredible.

Then we saw a flamethrower blast hit Evil Yveltal and it exploded. We saw a Seviper.

Me: A Seviper.

We saw it's trainer. It was a girl with long black hair with red streaks in her hair, red eyes, and she had purple and black clothes and high heels and purple gloves.

Ash: Lucy!

Lucy (Pokemon): It's great to see you again Ash.

Serena: You know her Ash?

Ash: Lucy is one of the leaders I battled in the Battle Frontier.

Lucy (Pokemon): That's right.

Me: I remember that Ash. It's an honor to meet you. I take it you know May and Brock?

Lucy blushed when she heard me say Brock's name and I immediately knew that she was in love with him.

Me: I can tell you're in love with Brock. I have a knack for picking up on these things.

Lucy (Pokemon): Yes I am in love with Brock. He reminds me of someone I know.

Me: I can tell. After this is over, lets reunite the two of you and get you both together.

Lucy (Pokemon): I would like that.

Nico: You sure you don't want any help fighting Evil Yveltal?

Lucy (Pokemon): I'm sure. When there's a problem, I prefer to handle it myself. But I'll let Mewtwo help me.

Nico: Good. Because I honestly had some doubts on killing a Pokemon.

Springer: We're heading back to the estate. You two call us when Evil Yveltal is dead.

Nico: Okay.

Springer headed back to the estate.

Me: Lets get him!

We went at Evil Yveltal and then we felt tremendous footfalls.

Me: Wow! What is that?

Lincoln: It feels like an earthquake.

Nico: I think that is what is causing it! Look!

We looked and saw a Groudon - the Continent Pokemon.

Me: Oh wow! It's a Groudon!

Lincoln: That is a cool Pokemon!

Nico: It sure is.

Me: Yeah. And you have a Kyogre right Nico?

Nico: I sure do. It's the Ocean Pokemon. Groudon and Kyogre are said to be the legendary Pokemon that have formed the very planet itself.

Me: That's amazing. This one is mine.

Groudon fired a massive blast of lava from the ground and it hit the Evil Yveltal and burned it. I pulled out a Master Ball and caught the Groudon.

Xerneas formed a bow from her antler crown and she had an energy arrow ready.

Xerneas: You will never torment the planet we love ever again!

Xerneas fired the arrow it went straight into Evil Yveltal's black heart and he exploded all over the place and Evil Yveltal was dead.

Me: Nice shot!

Xerneas: Thanks J.D.

Yveltal: That's my sister. She is the great archer of life.

Aila: She did what Jan failed to do.

Me: Yep. Lucy, thank you for helping us.

Mewtwo was called in and we told him everything. After we did so we went back home. Along the way, Nico caught a Snorlax and a Aerodactyl.

---

We arrived back home and Brock was getting some help on how to act right around girls. We brought in Lucy and it was great for him to see her again and they were perfect for each other. Lucy and Brock went on a date and they were perfect.

---

## Part 4: THE EVIL EARTHVILLAIN!

---

In the kitchen Me, Bai Tza, Laney and Lincoln were helping Lynn Sr. get test food ready for his new restaurant that was opening up soon.

Lynn Sr.: Okay. J.D. can you get me my Lynn-sagna sauce.

Me: Sure thing Mr. Lynn.

I flew up to the cabinet and got the tomato sauce.

Me: Here you go.

Lynn Sr.: Thank you. Ready for the meat.

Me: Okay.

I grab the meat from the fridge and I smelled a rotten odor.

Me: Ew! Mr. Lynn I think this meat has gone bad.

Lynn Sr. looked at it.

Lynn Sr.: You're right J.D. Better throw it out.

Me: Yeah. Bai Tza can you open the trash hole?

Bai Tza: You got it boss.

She snapped her fingers and a portal of water opened and I threw the meat away.

Evil Terra: Stop throwing food on me!

Me: What the? Was that Tara?

Lincoln: Oh. That's an evil Terra from the Teen Titans Go universe in there.

Me: I heard about that. They made her into an evil villain when in actuality the one we know is a great super heroine redeemed and a great mother that's getting married soon.

Laney: That is wrong on so many levels.

Me: We're gonna have to kill this evil version of Tara.

Lincoln: Lets get her.

We went out to the Training Yard.

Me: Okay, here we go. Bai Tza, open the trash hole.

Bai Tza: You got it boss. This Terra will never plague our dimension.

Bai Tza snapped her fingers and the trash hole opened and I threw a rope down.

Tara: I hope you know what you're doing J.D.

Me: Don't worry Tara. (Feels a pull) That's right.

Evil Terra came up and got out of the Trash Hole.

Evil Terra: I'm free! I'm finally free! I can't believe it! Now I can finally get my revenge!

Me: I'm afraid you're too late Terra. The Titans you faced in your universe are dead. We killed them.

Evil Terra saw us.

Evil Terra: You killed the Titans!?

Me: We did. We killed the Titans in your universe because they were a mockery to all superheroes and super heroines everywhere and they resurfaced in our universe and became a stupid version of the Legion of Doom and we killed them all one by one.

Evil Terra was shocked and infuriated. She spent all that time in the trash hole plotting and scheming her revenge all for nothing!

Tara: And you make me sick just looking at you!

Evil Terra saw her good counterpart.

Evil Terra: You! You look like me!

Tara: I may be you but you are ruining my good image! I can't believe that you are evil and you are everything that I absolutely despise.

Evil Terra: (to Tara) You had so much power. And you gave it all up? And for what?! That stupid green goofball?! The one from my world couldn't even tell that I was manipulating him!

Tara: (to Evil Terra) I will never become you! NEVER!

Beast Boy: Because that version of me was too much of a stupid idiot with a brain the size of a peanut!

Gloria: And you have none of the qualities neither mommy or daddy have!

Selina: You are an ugly freak who cares about no one other than herself!

Me: You tell her girls.

Cornelia: Show that hot-headed monster that looks like your mother what for.

Selina: Thanks Cornelia.

Gloria: (To Evil Terra) You are a heartless monster with a black heart of darkness and no conscience!

Gloria levitated a rock and threw it at the Evil Terra and it hit her in the face.

POW!

Me: Ooh! Ouch. That must've really hurt.

Evil Terra: You little brats!

?: I'll kill them for you.

A figure came out and it was a man dressed in a pink battle uniform with Kill You on his back and he had black pants and a braided ponytail with a pink bow and he had mechanical arms and a mechanical helmet. It was Mercenary Tao.

Me: (In my head) Wait a second. I know him. That's Mercenary Tao, one of Master Goku's childhood enemies. Master Goku told me he blew him up with a thermite grenade that exploded in his face. But what is he doing here?

Tao's right hand fell off and his arm was now a powerful blaster. He pointed it at Beast Boy, Tara, Gloria and Selina.

Tao: No hard feelings you brats. It's just a job. DODONPA WAVE FIRE!

Tao fired a powerful energy wave and it hit the ground by them and exploded!

KRABOOMM!

Tao: (Malevolent chuckle)

When the smoke cleared I was standing unscathed and Beast Boy, Tara, Selina and Gloria were unharmed.

Tao: Say what!?

Me: You messed with the wrong people!

I go Super Angel.

Tao: Cocky little kid. No matter, this will shut him up.

He prepared another blast. I fired an energy blast and blew his arm off.

Me: You don't have any idea who you are dealing with Tao. Master Goku should've killed you when he had the chance.

Tao: What!? How do you know Goku?

Me: I'm one of his students and Master Goku is my teacher. Unlike Master Goku, I don't show any mercy to my enemies.

I fired an energy blast at him and before he even could react, Tao was completely obliterated in an instant.

Me: Go to Hell, Tao.

Tara: And stay there. (To Evil Terra) You will never ruin my life ever again.

Evil Terra: Then you will die!

The Heartless that appeared before us looked like one of Slade's robots. But the main difference was that this one had guns and swords. Tara recognized the Heartless immediately.

Tara: Slade?

Slade Ninja: Looks like I don't need you anymore, Terra. Especially since I found a version of you that's met my expectations.

Me: But that's impossible! You're dead!

My dark orb detector picked up a Dark Orb.

Me: Evil Terra has a dark orb.

Robin (Teen Titans): Slade! I don't know how this evil Terra brought you back but we're sending you back to Hell.

Tara: You made my life a living nightmare Slade and you will die again!

Slade Ninja: Don't be a fool, Terra! The Titans don't trust you. (tries to punch Robin but he dodges) And Titans, Terra betrayed you. Made fools out of you. (fires gun at Robin) How many times will you have your trust trampled, Robin?

Robin (dodges bullets): Trust isn't a weakness, Slade. It's a sign for bravery, and Tara showed me that she's a hero at heart since the day she got her memory back.

Me: You are the biggest fool if you follow such beliefs Slade. People like you make me sick and it's those people I kill! You have no honor and that's why Shanan took your life. People like you deserve to be forever damned and sent to Hell.

Nico: Slade Wilson you have failed this world!

Me: And the Afterlife.

Then Shanan flew in and kicked the Slade Ninja in the face and he crashed into a training post.

Shanan: Slade Wilson. I thought I killed you.

Slade Ninja: Shanan. You did kill me.

Shanan: You made Tara sacrifice herself and I will never forgive you for everything you've done! How can I forget what you have done?

Shanan had a memory flashback in the events of Nature's Babysitting Adventure. She remembers Terra making the ultimate sacrifice to stop a volcano from destroying the whole city. In the end Terra paid the ultimate price to save the entire city from total destruction.

Shanan: I'll never forget. You made countless people suffer all for your own selfish pleasures. And after you made Tara commit the ultimate sacrifice. She sacrificed herself to atone for the crimes you made her do against her will. I swore that I would avenge her. I'm going to make sure you suffer 1,000 deaths for your crimes! I will have my revenge!

Shanan screamed in a massive explosion of rage and hatred beyond all form of recognition.

Me: Slade, you will never be welcome in our world ever again!

Shanan went Super Angel 20,000 Nature Fairy and she went at Slade and kicked him in the face and kneed him in the stomach. Shanan fired a massive blast of fire at him and blasted his arm off.

Shanan: That was for trying to kill the Titans!

Shanan kicked him in the face and punched him in the stomach and punched him in the face and fired a massive blast of green fire and blasted his leg off.

Shanan: That was for turning Robin against the Titans!

Shanan then fired another blast of green fire and blasted a huge hole into his chest!

Shanan: That was for Terra and making her life Hell!

Shanan then charged up a Kamehameha wave to maximum power.

Shanan: And this is for me! JUST FOR PISSING ME OFF! KAAAA! MEEEEE! HAAAAAA! MEEEEEEEE! HAAAAAAAAAAAAAAAAAAAAAAAAAAA!

Shanan fired a massive Kamehameha Wave and it enveloped Slade and completely obliterated him in an instant.

Shanan: Go back to Hell and stay there Slade.

Evil Terra: I won't stop until I kill you all!

Evil Terra then summoned a Cursed Coach and a Symphony Master Unversed.

Me: A Cursed Coach and a Symphony Master Unversed.

Po, Springer, Terrorsaur and Reflector arrived.

Po: This is gonna be awesome!

Terrorsaur: Lets get him. Terrorsaur TERRORIZE!

Terrorsaur transformed.

Reflector and Springer Transformed.

Po: Lets go!

Po went at the Cursed Coach and used a wide variety of Kung Fu moves on it. He then spun really fast and stopped suddenly and fired a green blast of energy and blew the Cursed Coach away and Springer jumped into the path of the coach and fired a wind tunnel laser.

Springer: Combo time!

Po: You got it Springer.

Po did some stances and formed a powerful fireball.

Springer fired his wind tunnel laser.

Springer and Po: MONGOLIAN FIRE WINDSTORM!

Po fired the fireball and the windstorm merged with it and it turned into a vortex of fire and sucked in the Cursed Coach and vaporized it.

Po: That… Was… AWESOME!

Me: It sure was. Those were awesome moves.

Po: Those moves were the Thundering Wind Hammer and the Mongolian Fireball.

Me: That was awesome!

Reflector turned into a camera.

Me: You can turn into a camera Reflector?

Reflector: I sure can.

Me: Oh I get it.

I took him and got into the Symphony Master's face.

Me: Say cheese.

I press his button and it emitted a blinding flash that stunned the Symphony master.

Terrorsaur fired his energy gun.

Reflector: Combo time.

Terrorsaur: You got it.

Reflector fired a heat ray and Terrorsaur fired a laser blast from his eyes.

Terrorsaur and Reflector: SCHLIEREN HEATWAVE LASER!

The blasts combined and the laser had heat lines around it and it hit the Symphony Master and vaporized it.

Evil Terra summoned a lot of Heartless and Nico fired Yveltal's

Oblivion Wing attack and the powerful red ray turned all the Heartless into stone and they shattered. Some of them were vaporized into nothing.

The dark orb shattered and we got an incredible power boost as a result.

Tara: You are next evil me.

Evil Terra: You will die first.

Nico: I can't believe I'm about to say this but Tara Markov A.K.A. Terra you have failed this world as a girlfriend, as a superhero and a great parent!

Evil Terra: Hey that is Green Arrow's line and you are not allowed to use it!

Me: Shut your mouth you old hag!

Tara punched her in the face and lifted 2 boulders and slamed them into her and Beast Boy turned into a Spinosaurus. Evil Terra got out and Beast Boy grabbed her leg and threw her into the air.

Gloria and Selena turned into hummingbirds and flew into the air and Selena turned into a Brachiosaurus and slammed the Evil Terra into the ground with devastating force.

KRABLAMM!

Me: Wow! Selina and Gloria both inherited Beast Boy and Tara's powers.

Gloria levitated a lot of rocks and threw them at the Evil Terra and they slammed into her.

Beast Boy: It's final smash time!

Tara: You got it Gar. FURY OF A VOLCANIC QUAKE!

Tara shook the ground big and a massive jet of lava exploded out and it sent the Evil Terra into the air and burned her bad.

Beast Boy: My turn! WRATH OF THE ANIMAL KINGDOM!

Beast Boy fired a wave of Energy in the form of numerous animals of the animal kingdom and they hit and mauled Evil Terra. Evil Terra was down. But she was not beaten.

Me: It's over Terra. You've lost.

Evil Terra was badly mangled up and hurt.

Evil Terra: I won't give up until you all are dead!

Me: Terra, there's no point in continuing to fight. You can barely stand let alone fight so there's no point in going on. Just give up and accept defeat like a man. Er.. Woman.

Evil Terra: No! I will not stop until you're all dead! IF I GO DOWN, I'M TAKING YOU ALL WITH ME!

Evil Terra began charging up her power to an incredible level.

Me: Oh no! She's turning herself into a bomb! She's turning her life force into energy!

Nico: She's gonna blow herself up and try to take us with her!

Me: Lets get out of here!

We ran fast and got into the house and put the force field up. Evil Terra released all her power. When it faded, Evil Terra became a stone statue and she was dead. In the end, she blew herself up all for nothing.

We went outside and saw the evil Terra as a statue.

Me: That's it for her guys. Her energy signal has completely disappeared. This version of Tara was overwhelmed with so much hatred and evil. She was a monster.

Gloria: This version of mommy gave her a really bad name.

Cornelia: She was a total animal. She had no love for anyone but herself.

Megan: You said it Cornelia.

Me: She was completely devoid of a conscience and turned into a heartless sociopathic monster. Hellbent on killing the Titans. Burn in Hell Tara Markov A.K.A. Terra the Earth Destroyer.

Tara: You said it J.D. This witch deserves it.

Gloria and Selena now hate the monster this evil version of their mother became. We placed the stone body of Evil Terra in our garden with the statue of Saluk and she was a trophy.

Tara: You two were so great. I'm proud of both of you.

Gloria and Selena: Thanks Mommy.

Tara: (To the Viewers) You try to soil my image and there will be major consequences.

THE END

---

Another Fanfiction Complete.

I wanted to make this a multi-part chapter. I got the idea for the 1st part of the chapter from the SpongeBob SquarePants episode Nasty Patty. If I ate a burger like that I would hurl my guts out all over the place and puke up my stomach as well as my intestines. YUCK! I got the idea for the 2nd part from the episode of the 1st series of Pokemon - Hypno's Naptime. That was a great episode and it was an awesome mystery episode. I got the idea for the third part from the final episode of Pokemon XY & Z and it was really sad that the Pokemon Yveltal killed Aila like that and turned her to stone. Jan wanted to try and bring her back but it was all for nothing. The final part is a fight with Terra from TTG. What infuriated me was the fact that in that show they turned Terra into a pure evil monster, hellbent on killing the Titans. Beast Boy tried to help her but in the end she was only using him. I liked the original Terra the best. But in the end of the 2nd Season she made the ultimate sacrifice to atone for all the terrible crimes Slade made her do against her will. NicoChan11 gave me the ideas for this one. Thanks man as usual. Let me know what you all think.

See you all next time

# Fall of A Rogue Agent

It starts at the estate. I was working on a way to figure out how to destroy the asteroid that slams into the Earth in the year 3,000. So far all my data couldn't find anything. The project I was working on was called Project Supernova. The asteroid was 100 miles wide, and it came from the Triangulum Galaxy 2.723 million light-years away from Earth. It was moving at 37,000 miles per second or 155,200,000 miles per hour or 20% the speed of light.

Me: Boy this asteroid that's going to crash into us is a huge mystery. How does an asteroid from the Triangulum Galaxy moving at 37,000 miles per second get to Earth in 1,000 years?

Lincoln: That is a huge mystery J.D.

Me: Hmm. I have a theory. An asteroid travelling at 37,000 miles per second would take millions of years to reach us at that speed from that distance. According to the laws of physics, no object can travel faster than the speed of light. But there is a possibility. The asteroid got here in that time by traveling through a black hole and it got pushed out through a white hole which brought it to our galaxy just outside our solar system.

Lisa: That does sound like a very plausible theory. But with an infinite number of black holes all over the infinitely vast reaches of the cosmos it could've gone through any one of them.

Me: That's right. And it's one of those black holes that lead to our solar system. For years we believed that black holes were gateways to another dimension. The Asteroid that will hit us could've gone through any one of them that leads to our Solar System.

Lincoln: So how are we gonna destroy the asteroid?

Me: Well that's the problem. The entirety of the worlds nuclear arsenal is not gonna be enough. With over 7,000 megatons of TNT it would just be a small nick in the surface of the asteroid. We need a bomb that's over 120 times more powerful than the entire nuclear arsenal of the world and it carries enough power to vaporize that rock into dust. And an antimatter bomb would work. But those are still in the theoretically possible stages.

Lisa: An Antimatter explosion would have to carry the TNT equivalent of a hundred 100 megaton nuclear explosive devices to destroy it.

Me: (Growls) We have to think of something! I know the answer to destroying that rock is out there somewhere.

---

Later everything was quiet and we were watching TV, playing cards and reading books.

Luigi: Guys, for the next bad guy we kill, I want to use my Poltergust to suck his or her spirit into a painting.

Me: Okay Luigi.

Lola: As long as it is a good painting.

Nico (to Optimus Prime): Have fun finding new Autobots and Decepticons out there, Optimus.

Optimus Prime: Thanks. By the end of the day, I can guarantee that you'll get to meet some new friends.

Optimus Prime and the Autobots were out looking for more transformers to recruit.

Ben: If a bad guy attacks while Optimus and the others are out, I'll just use Omniprime to fill in the need for a Cybertronian.

Me: Good idea Ben.

Jessie (to Lucy (Pokemon): I hope there are no hard feelings between us.

Lucy (Pokemon): Of course not. I actually did appreciate the challenge your Seviper provided mine.

Jessie: Thanks Lucy.

Me: I'm glad you and Lucy are on good terms. But one thing still puzzles me. Brock what happened between you and Professor Ivy?

Brock then entered a dark cloud and crouched down onto the floor and went into a fetal position.

Brock: Don't mention that name.

Me: Uh oh.

Ash: (Whispers) Brock had some kind of falling out with Professor Ivy. He has been traumatized because of it.

Me: (Gasp) Oh no. Brock I'm so sorry.

Lucy was rubbing his back.

Lucy (Pokemon): It's gonna be all right Brock.

Me: Do you know what happened Misty?

Misty: No we don't. He won't tell us.

Me: Well he can tell us when he wants to.

May: Hey guys, me and Francis have something cool to show you.

Me; What you got May?

May: Me and Manaphy are gonna show you the Heart Swap ability.

Me: Lets see.

A blue light enveloped May and Francis and we saw 2 lights leave them and switched.

Francis (in May's body): This is so weird.

May (in Francis' body): Relax. This is Manaphy's Heart Swap. She can switch us back anytime.

Me: Whoa! That is awesome! I've seen that movie Freaky Friday and that was so funny and strange.

Nico: This does look similar.

Manaphy switched them back.

Francis: That was weird but cool.

Manaphy: It's one of my abilities.

Meowth: I really thought that was kind of cool.

We laughed.

Then the alarm went off.

Me: Uh oh.

But the computer didn't pop up and instead we were all sucked in through a vacuum. We were heading down a chute and it took us to W.O.O.H.P. headquarters in Des Moines, Iowa.

(Note: I wanted to use Beverly Hills in California but it's too far away)

Me: This is amazing!

Sam (TS): Easy for you to say!

Clover: This is what happens to us every day!

Lori: This is literally fun!

We landed on a bed and it took us into the office of Sam, Clover and Alex's boss and superior Jerry Lewis.

Jerry: Welcome agents and Team Loud Phoenix Storm it's an honor to have you all here.

Me: Wow. Jerry Lewis of W.O.O.H.P. It's an honor to finally meet you in person.

Jerry: You too J.D.

Me: We were told so much about W.O.O.H.P and what it does.

Jerry: I had a feeling. I just want to thank you all for saving the girls from that quicksand the other day.

Me: It was Lincoln here that did that.

Alex: Yes he is the bravest boy in the world.

Clover: He sure is.

Lincoln: (Chuckles and blushes) Aw shucks.

Me: I have a feeling you brought us here because this isn't a social visit.

Jerry: Indeed.

Kim: So what's the sitch?

Jerry: Well just under 24 hours ago, Tim Scam escaped from our highest rank maximum security prison and is on the run.

Sam (TS): Tim Scam is on the loose again!?

Clover: That jerk!

Alex: He messed with us for the last time!

Me: I take it you have a really bad history with this guy.

Sam (TS): You have no idea J.D.

Sam went over his history.

Tim Scam is a former WOOHP employee who was fired for illegal use of weaponry. He seeks to get revenge on the organization as a result.

He was introduced in "The New Jerry", in which he kidnapped Jerry Lewis and replaced him to use WOOHP for his scheme. Samantha also developed a strong crush on him before she discovered he was her enemy. It can also be noted that in the Spanish version of the same episode, during the scene where Sam discovers Scam's true identity and he stuns her with the Immobilizing Stun Tan Lotion while she's running away, he says, "Por que tienes tanta prisa, linda?" which in English means "Why are you in such a hurry, beautiful?" This could just be because Spanish is a very romantic language to begin with, but to have Scam come right out and call Samantha "beautiful" when he's never said anything of the sort to any of the other spies provides some key evidence that Scam has a romantic interest in her as well.

In "Mommies Dearest" he attempted to get revenge on the girls by brainwashing their mothers into nearly killing their daughters. In "Morphing Is Sooo 1987" Tim attempted to destroy WOOHP using liquid metal Scamlar robots capable of mimicking the appearance of others by copying a person's DNA simply after touching them. Tim reappeared in Season 4 and became a member of the LAMOS (League Aiming to Menace and Overthrow Spies), headed by Terrence Lewis.

Tim Scam is highly intelligent. He originally developed the Evapoblaster, a heat ray capable of evaporating the Earth's oceans, while working for WOOHP. Unlike the majority of the show's other villains, who typically plan crimes around a single "theme" based on an event from their past; Scam comes across as completely sane (albeit sociopathic). Also, unlike the other villains, whose plans generally involve indulging in their twisted obsessions (e.g. brainwashing, transforming people, and/or taking them as a consort to sit beside them in power), Tim goes straight for the kill, literally.

In his introductory episode, Scam reveals his reason for turning on WOOHP. While his file indicates that he was fired for illegal use of WOOHP technology, Scam tells Sam, Clover, and Alex quote, "WOOHP never appreciated me for the genius that I am," revealing some bitterness towards the agency and Jerry Lewis for how he was treated during his career working with them. In the German dub of the same episode ("Der Neue Jerry"), he says that his "work was not properly acknowledged by the organization" indicating instead that there may have been some misunderstanding or mix-up that led to him being fired instead of sheer wrongdoing on his part.

In "The Fugitives" and "Return of Geraldine" Jerry is proven guilty of having such misunderstandings when it comes to his agents as he passes immediate preliminary judgement when the spies are accused of a crime instead of reasoning through facts and thinking of other options. A co-worker could have stolen the credit for an invention from Scam. When Scam discovered this theft and complained to Jerry, the co-worker counterattacked with a verbal accusation that exploited Jerry's flawed judgement and exploited Scam's need to hold a vendetta. After being fired, Scam could easily have gotten revenge by creating his own corporation and spreading rumors of Jerry's behavior but perhaps by then he was too angry and upset to formulate any rational plan for a comeback. In "Star Wars: Episode I: The Phantom Menace" Finis Valorum is voted out in part because of the unfounded rumors that have damaged his credibility.

Laney: This is awful!

Me: Yeah this guy sounds like he's really bad news. So he's a rogue W.O.O.H.P. agent.

Sam (TS): He is! And this time we want him dead!

Lincoln: Why girls?

Nico: I'm surprised you three want Scam dead.

Sam: He tried to brainwash our moms and almost killed Jerry! Those are the most important people in our lives.

Me: I can't believe he is that awful.

Jerry: Indeed. And he is also a member of the destroyed terrorist organization L.A.M.O.S.

Luna: L.A.M.O.S.?

Me: I know that organization. It's a terrorist organization that I killed years ago. When I was 6. It stands for the League Aiming to Menace and Overthrow Spies. It's one goal is to destroy all the spy organizations around the world. Starting with W.O.O.H.P. But I killed them all 10 years ago. But it looks like you all arrested Tim Scam before he even joined the organization.

Alex: We did J.D.

Me: You called the right people Jerry. Are they working for the Legion Of Doom?

Jerry: That's what you need to find out.

Me: Affirmative. And this time, Tim Scam will face capital punishment for his crimes.

Clover: Guys, if we're really sneaky, we can put poison into one of Scam's drinks. And then, when he drinks from it, he'll fall to the ground dead!

Me: Lets worry about that down the road.

Sam, Clover and Alex got their gadgets.

Me: We're on our way Jerry.

Then my eyes turned red like blood and slit.

Sam (TS): J.D. look at your eyes!

Me: What about my eyes?

Sam gave me a mirror compact and I saw that my eyes were demonic looking.

Me: Whoa! What happened to my eyes!?

J.D. 2: Oh I'm sorry J.D. I forgot to tell you. Whenever we get a mission or assignment our eyes turn red and demonic. I call them assignment eyes.

Me: That's really cool! I never noticed it until now.

Jerry: And Nico you'll need these Pokemon to go with you.

Out came a Dragonite, Meganium, Feraligatr, and Typhlosion.

Nico: Sweet! A Dragonite, Meganium, Feraligatr and a Typhlosion.

Me: Lets get that dirtbag.

We were off.

---

Surprisingly we found out that Tim Scam was hiding out in a skyscraper in Gotham Royal York.

Nico: J.D. I'm picking up radio wavelengths in that abandoned skyscraper up ahead.

Me: That must be his base of operations. Lets go!

We flew and ran at the building. We went into the building and there were numerous men and most of them looked like all the villains we all killed and threw in jail!

Me: What the!? It's all the villains we killed and threw in prison!

My computer eyes turned on.

Me: Wait. What is this data?

My eyes discovered that they were robots made entirely out of liquid metal and they all have the ability to morph and shape into anything.

Me: Wow! These robots are robots made entirely out of liquid metal and they can turn into anyone they choose!

Lincoln: That is so advanced!

Me: It reminds me of the T-1000 robot from Terminator 2. Lets blast them!

We fired all kinds of energy blasts and more at them. Carol fired Godzilla's Atomic Ray and blew some of them into vapor and obliterated them.

Natsu: FIRE DRAGON ROAR!

Natsu fired a powerful blast of fire from his mouth and incinerated some of them.

Poison Ivy wrapped some of them in bramble vines.

Natsu: Lets get them Poison Ivy!

Poison Ivy: You got it Natsu! It's time to burn!

Poison Ivy sent numerous poison barb bombs at them and Natsu fired a powerful blast of fire.

Poison Ivy and Natsu: FIRE BARB BOMBSTORM!

The fire coated the poison barbs and they hit the robots and exploded and incinerated them.

Lincoln fired powerful blasts of lightning at the robots and blew them apart.

Maria fired a powerful blast of water and rusted them and melted them. Francis fired a powerful blast of fire and melted them.

Maria: Combo time!

Francis: Just like old times.

Francis and Maria fired powerful blasts of water and fire.

Francis and Maria: STEAMFIRE HAZEMELT!

The fire and water combined and turned into a powerful blinding smokescreen cloud that melted all the robots.

Me: Lets go!

We went up to the stairs and more guards came and fired guns.

I pulled out a thermite grenade and pulled the pin and threw it.

Me: Fire in the hole!

The grenade exploded by them.

KRABOOOMMM!

The explosion killed some men and they were screaming in pain as they were burning.

I pulled out my gun and blew his head open.

Sam (TS): Final Smash time! SPY BOWLING GRENADE!

Sam rolled a bowling ball and it hit some guards and exploded.

KRABOOOOOOOOOOOMMMM!

Kim: My turn! NAPALM LASER WATCH!

Kim fired a laser from her watch and it hit some guards and exploded in a powerful burst of fire!

Me: Lets go!

We flew up the stairs and we saw the door of Tim Scam's office.

Me: That's his office. Lets go!

We flew up to the door and we then hit a powerful force field!

Me: What the!? It's a force field!

Tim Scam's Hologram: Surprised, Team Loud Phoenix Storm? I knew you were going to try and break into my office with your flight powers. So I took the liberty of surrounding my office with a force field. You'll have to reach me using the long way around. No cheating! (hologram disappears)

Me: You don't have any idea what we can do Scam.

Carol: I got this.

Carol fired Burning Godzilla's spiral atomic ray and it completely destroyed the force field in a powerful explosion.

KRABOOOOOMM!

Me: Good work Carol! Lets go!

We bursted in.

Tim Scam: What!? How did you?

Me: None of your business you son of a (Censored)! You're under arrest for your crimes against the world.

Tim Scam: Oh I don't think so. You are the ones that will be soon placed under arrest for crimes against the world.

Me: What do you mean by that?

Tim Scam: I don't think you'll be doing anything to me.

Nico: Why's that?

That's when Tim Scam pressed a remote. Coming onto the monitors was images of the Sister Fight Protocol incident and the Bad Luck Travesty.

Tim Scam (to the Loud Sisters): I managed to get footage of how you mistreated Little Lincoln during your Sister Fight Protocol and Bad Luck Travesty. If you don't back off right now, I'll send this footage to every computer in the world. Then everyone will know about the frauds that you really are!

Me: How did you get those pictures?!

Tim Scam: I used hacking mini robots to hack into your servers.

Nico: Tim Scam, you have failed this city!

Tim Scam: Just like your friends have failed in being good sisters to Little Lincoln. I mean, mistreating your own brother? Even I'm not that cruel. And who's to say that the Bad Luck Travesty won't happen in this universe? Once the world realizes that, you'll all be known as Heroes Gone Bad. You'll be wrongfully thrown in jail. Just like how Little Lily got Mr. Krabs wrongfully thrown in jail!

We were enraged when we heard that. But what Tim Scam didn't know was that Luan is broadcasting the entirety of his diabolical plan to the entire city.

Lily: Mr. Krabs got thrown in jail because he had done all kinds of terrible crimes all over the city of Bikini Bottom!

Me: You're forgetting just one thing Scam!

Tim Scam: And what is that?

Me: The Bad Luck Travesty didn't happen in this dimension and that version of Lincoln joined a doomsday cult that was going to destroy the entire planet with more nuclear warheads than the entirety of the worlds nuclear arsenal. That Lincoln's sisters minus Lily are now in our space prisons! His version of Lynn is also undergoing intense psychotherapy because she was found to be completely mentally unstable. The sisters of that version of Lincoln were called the Spawns of Satan and they got what they deserved. Everyone knows about the Sister Fight Protocol and they let that one slide. We prevented the Bad Luck Travesty from happening. You were gonna ruin our image in protecting everyone and make us outcasts from humanity. Well I got news for you (Censored), that is never gonna happen.

Izzy: And it never will. While you were talking your plan I hacked into your mainframe and deleted all the images you were gonna distribute and replaced them with images of your crimes to the entire planet and all of W.O.O.H.P.

Luan: And I had this behind my back.

Luan pulled out a microphone from behind her back.

Luan: I broadcasted the whole of your plan to everyone in the city.

Clover: It's over Scam. You're through.

Tim Scam: That's what you think!

Tim Scam then went to a console and pressed a big red button!

Tim Scam: (Evil Laughter) I just activated the self destruct protocol on this whole building. This building has a powerful fusion reactor combined with a powerful quantum linear accelerator. In 20 minutes, this whole building will explode with the power of 100,000 megatons of TNT and everything within a 1,000 mile blast radius will be completely obliterated! You're all dead (Censored)!

Me: That's 100 gigatons!

Lori: He's literally insane!

Then I realized something. This could be used to our advantage to save the planet!

Me: That's it! Tim, thank you for helping me save the planet from a catastrophic demise! Project Supernova is a go!

I grabbed Tim Scam and tied him up and we went out of the building.

Me: Sam call W.O.O.H.P.

Sam (TS): Right!

We got out of the building and I formed a portal and it showed the asteroid heading towards us.

Me: We only have one shot at this! It's now or never!

I lifted up the entire building with my powers and it went through the portal and into the endless reaches of space. The building hit the asteroid and exploded with unbelievable power!

***KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO***

The flash from the explosion was so massively bright that it was as bright as 20 quadrillion suns. It was so bright that it was even visible in the daytime sky on Earth. The explosion was so powerful and so devastating that it was unbelievable and it was much more powerful than what we first thought. It carried enough explosive power to obliterate the entire planet and kill everyone and destroy everything! Everyone in the city watched on in sheer horror at what they saw and that they had almost experienced. We had just dodged a massive planet destroying bullet that would've resulted in the complete extinction of the entire human race. When the smoke cleared the entire asteroid was completely obliterated in an instant.

Me: We did it guys! We saved the planet!

We cheered wildly. Everyone cheered wildly for all of us.

Lincoln: It's over! We saved the world!

Me: We sure did.

Tim Scam was arrested by W.O.O.H.P.

---

Tim Scam was brought to trial and he was found guilty of his crimes, including attempted genocide, terrorism and many capital offenses against the planet. He was sentenced to death by firing squad and we were his executioners. In Washington D.C. we were showing his execution to everyone.

Me: Tim Scam, you have been found guilty of numerous crimes against the planet Earth and the human race. Including attempted Genocide and Terrorism. Your sentence is death by firing squad. Do you have any last words before we kill you?

Tim Scam: Just a question. Why did you thank me when we fought?

Me: Your fusion reactor bomb was the one variable we needed to destroy the asteroid that was gonna slam into the planet in 1,000 years. You see, in the future in the year 3,000 a massive 100 mile wide asteroid from the Triangulum Galaxy 2.7 million light-years away from Earth was gonna crash into the planet. Resulting in a massive cataclysmic event that would scatter all of Team Loud Phoenix Storm all over the infinitely vast distances of the cosmos.

Everyone gasped in sheer horror at what was about to happen.

Me: It's true everyone. I was left as the only member of Team Loud Phoenix Storm here on Earth and for thousands of years I tried to find a way to bring everyone back together. But when we found out about this devastating future we decided to try and put a stop to it to make sure it never happens. With a 981 year window of opportunity we used everything we had to try and find a way to stop it. We called this project to save the world Project Supernova and it was a 100%

success in saving our planet from a massive cataclysmic catastrophe. Thanks to you Tim your fusion bomb building that would've ultimately destroyed the entire planet proved to be the one key variable we needed to save the entire planet in the future. I would call that a twist of irony.

Tim Scam: I guess you're right about that. Okay you can kill me now.

Me: Okay. Is that all?

Tim Scam: Yes. I know when I'm beaten.

Me: At least you're dying with honor. Guns ready!

We locked and loaded.

Me: Aim…

We aimed the guns at Tim Scam's chest.

Me: Fire!

We fired our guns at him and pumped his guts full of lead and killed him. Luigi sucked in his spirit and made him into a portrait.

Me: Good riddance to bad rubbish.

Rachel S.D.: You said it J.D.

Me: I know Rach.

Nathan: But he got what was coming to him regardless.

Me: Yep.

Jerry: A very job well done to all of you.

Me: Thanks Jerry. It was an honor to work with you and all of W.O.O.H.P. But I have a feeling we're all gonna be needed again in the future.

Jerry: I have that feeling too.

---

Later we went on a shopping spree at Beverly Hills Mall.

Me: Beverly Hills. One of the greatest cities in all of California. And an amazing suburb of Los Angeles, California.

Lori: Beverly Hills 90210. Literally an amazing place.

Leni: I totes love this mall. It's totes as much perfect as the mall back home.

Me: Me too Leni.

Nico: So, how did the recruiting go, Optimus?

Optimus Prime: It was good. We managed to recruit 2 new Decepticons named Chop Shop and Blackjack.

Nico: Nice! Can't wait to meet them.

Sam (TS): (To the viewers) You mess with the world and you mess with W.O.O.H.P. and Team Loud Phoenix Storm.

Me: Yep.

We went to the clothing store and picked out all kinds of awesome clothes. Then we got an unexpected treat from Sam, Clover and Alex's mortal enemy with a major league superiority complex as big as the sun and an attitude that says I'm better than you in every way because she is better than you, rich and more popular than you ever will be: Mandy.

Mandy (TS): Hey losers.

Me: I take it you must be Mandy.

Mandy (TS): That's right. Most pretty popular and rich girl in all of Beverly Hills.

Me: More like a narcissist (Censored).

Mandy (TS): What did you call me!?

Me: You heard me.

Sam (TS): Take a hike Mandy. Don't you have a man to sleep with at home!

Me: Hey Sam this is kids story. We can't say that here.

Sam (TS): Sorry.

Clover: Mandy has always been better than us and she is a menace to everyone.

Mandy (TS): I will show…

POW!

Carol punched Mandy in the face and she had a nasty black eye.

Carol: You are just a pathetic and snobby rich girl! You make me sick looking at you!

Vince: Nice shot.

Carol: She reminds me of how Chloe poisoned my mind with evil.

Lori: This girl is literally a monster.

Mandy got up and she was enraged.

Mandy (Totally Spies): I hate you losers.

Our auras flared up.

Clover had a red aura.

Clover (aura flares up): Did anyone else feel a burst of energy just now?

Mandy (Totally Spies): I hate you! I hate you! I hate you!

Alex had a yellow aura flare up.

Alex (aura flares up): Hang on. I'm getting stronger too.

Mandy (Totally Spies): I! REALLY! HATE! YOU! LOSERS!

Sam had a green aura flare up.

Sam (aura flares up): Ok. I think that's way too much hatred.

Me: It's part of what happens when people are with us. We have the ability to absorb negative energy and turn it into positive energy. Making us more powerful and stronger.

Lori: Mandy you literally disgust me! You make all us girls look bad with your superior ways. There's one thing I don't want to have that you don't.

Mandy (TS): What's that you loser?

Lori aimed her butt into her face.

Lori: A major gas problem!

KRAFAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAARRRRRTTTTTTTTTTTT

Lori fired a massive fart right into Mandy's face at point blank range and it smelled so horrible that it made Mandy hurl her guts out.

Me: Oh man! Lori that is rank!

Laney: But that stupid girl deserves it.

Leni: Totes Laney.

Lincoln: Lets get out of here and leave Mandy to wallow in her own vomit.

Mandy (GAOBAM): That girl is a menace to all us girls in general. Thank goodness I don't have a nose.

We paid for the clothes and went back home.

THE END

---

Another Fanfiction Complete.

Tim Scam is the worst villain we defeated. Plus I hate Mandy on Totally Spies. She makes everyone look like chumps and total idiots. NicoChan11 gave me the ideas for this one. Thanks man as usual. Let me know what you all think.

See you all next time.

# Angel VS Antichrist

It starts in Israel. I was standing on the hill where Jesus Christ our Lord and savior was crucified in the year 33.

Me: Wow. This is the very hill where Jesus Christ was crucified. That damn King Herod. He killed the son of God in cold blood.

Nico, Divebomb, Poromon, Chop Shop, Dr. Fate, Zatanna, Lana and Lincoln were watching and waiting as backup.

I was waiting for something. I picked up an evil presence in the city of Jerusalem in Israel and I went to the Pope. He told me that the Antichrist is in Jerusalem and is going to make sure that no one stops him from destroying the world. The only way to kill the Antichrist is with the 7 daggers of Tel Megiddo, the only weapons capable of killing the Antichrist. The Pope gave the daggers to me to use for it. I had the chest they were in on my back.

Me: I know you're here son of Satan. This Angel is going to kill you.

Then I sensed a powerful energy behind me. I turned and I saw a little boy about the age of Shannon. It was DAMIEN THORN - THE ANTICHRIST. He had black hair and black clothes on.

Me: Are you the Antichrist?

Damien: That's what they call me in Hell.

Me: So it's finally come. The son of the Devil himself is here to destroy our planet.

Damien: And my father hates you for everything you've done to him.

Me: He's the enemy of God and your father poses a tremendous threat to our planet like you do.

Damien: Soon this planet will be mine and everyone will follow me.

Me: I won't let that happen you Christ Imitator. I only follow the one and true Jesus Christ, our lord and savior and you are making him look bad. I am an angel and I will make sure that you die in the name of God.

Nico: I've seen enough. Lets go guys!

Nico, Divebomb, Poromon, Chop Shop, Dr. Fate, Zatanna, Lana and Lincoln went out and stood ready to face the Antichrist.

Nico: Are we too late to join the party?

Dr. Fate: We decided to help out J.D.

Me: Thanks guys and Kent Nelson A.K.A. Dr. Fate it's an honor.

Dr. Fate: You too J.D. The Justice League told me all about you.

Me: I had a feeling they did. And I shouldn't battle alone.

Nico: That's right. Never fight alone in this.

Antichrist (to Nico): You're right. You heroes shouldn't fight villains alone. So to keep the rest of you occupied, I'm going to summon one of the toughest Heartless that Sora's faced! Just so you won't feel left out.

Nico: Thanks… I think.

Damien: Come on out my friend!

A Kurt Zisa Heartless came out.

Me: A Kurt Zisa!

My dark orb detector device beeped.

Me: You have a dark orb Antichrist?

Damien: That's right. And it's a pretty useful tool.

Me: You know Xehanort makes even your father look like a joke. There are other bad guys that are so pure evil that they make your own father look like a saint compared to him. I take it you heard of our battles?

Damien: I sure have. And you are right. My father may be the most evil angel created by God but you are no match for him.

Me: Don't count on it. I beat your father twice. The 1st time I got this form!

I went Super Angel.

Me: It was with this form that I managed to defeat the Devil the first time. The 2nd time was just recently on the final night of 2018.

I spread my wings and unsheathed my sword.

Me: You have come here to destroy our planet and I will never allow you to poison our minds with evil.

Me: Okay you guys take care of the Kurt Lisa Heartless. I'll take care of the Antichrist.

Nico: You got it J.D. Be careful.

Damien formed a sword of pure fire.

Me: This'll be a battle between Heaven and Hell.

Me and Damien went at it and we clashed our swords. I fired a massive blast of blue fire and Damien fired a blast of red fire. The blasts collided and exploded with incredible power and the land was engulfed in a tremendous wall of blue and red fire. Lightning and thunder crashed in the sky.

Nico fired a blast of fire at the Kurt Zisa and burned it bad. Dr. Fate fired a blast of magic.

Poromon: (Echoing) LIGHTNING JAVELIN!

Poromon fired a massive blast of lightning at the Kurt Zisa.

Wheelie: Poromon, it's combo time! Time to bring the pain to this abomination sublime!

Poromon: Right! (Echoing) LIGHTNING JAVELIN!

Poromon fired a blast of lightning and Wheelie fired a blast from his blaster.

Poromon and Wheelie: LIGHTNING BLASTSTORM SURPRISE!

The blasts hit the Kurt Zisa and exploded.

Divebomb and Chop Shop fired lasers and missiles and they all exploded when they hit him.

Divebomb: Lets get him! Combo time!

Chop Shop: You got it.

Divebomb and Chop Shop fired lasers and missiles.

Divebomb and Chop Shop: MISSILE FIRESTORM DEATH BARRAGE!

The missiles hit the Kurt Zisa and exploded and they killed it.

Nico: It's not over yet. We have to face the Antichrist.

They went to me and the Antichrist.

I was fighting him with everything I have. I kicked him in the face. Nico, Divebomb, Poromon, Chop Shop, Dr. Fate, Zatanna, Lana and Lincoln arrived by me.

Dr. Fate: Let me and Zatanna aid you in fighting the Antichrist, J.D.

Zatanna: Our magic may not be able to kill him. But it should be able to weaken him.

Me: Thanks Zatanna.

Nico: Antichrist, you have failed this city!

Me: More like he has failed both Heaven and Hell.

We all went at the Antichrist.

We hit him with all kinds of powers and attacks and really let him have it.

Poromon: Don't underestimate just because I'm small!

Poromon pecked the Antichrist.

Dr. Fate: Final smash time. ANKH FIRESTORM SWIRL!

Dr. Fate fired a massive Ankh blast and it hit the Antichrist and exploded.

Zatanna: My turn! STARMAGIC STREAMSHOT!

Zatanna fired a massive sparkling stream of magic and it hit the Antichrist and exploded.

KRABOOM!

The Antichrist was in a crater.

Antichrist: You can't beat me. You're all just stupid fools! (to Poromon) And you… you're just a puny pink puffball! (tries to punch Poromon)

Poromon (stops punch with his wing): I'm not just a puny pink puffball. I'm THE puny pink puffball!

Nico: Let's see if I can't destroy your spirit after we kill you!

I blow him down and Lana stuck the Antichrist to the ground with ice.

Me: Normally we don't kill kids but this is not a kid. He's pure evil incarnate.

I pulled out the daggers and recited the Lord's Prayer and stabbed him with the daggers.

Me: Our Father, which art in heaven,

Hallowed be thy Name;

Thy kingdom come;

Thy will be done

in earth, as it is in heaven:

Give us this day our daily bread;

And forgive us our trespasses,

as we forgive them that trespass against us;

And lead us not into temptation,

But deliver us from evil:

When before the Collect the priest alone recites the prayer, the people here respond: Amen.

When after all have communicated the people repeat each petition after the priest, the prayer ends:

For thine is the kingdom,

the power, and the glory,

For ever and ever.

Amen!

The Antichrist then exploded into a massive pillar of demonic fire and his face was in the fire. His true form was revealed and he was a demonic monster and then he was turned into flaming embers and destroyed.

Me: It's over. The Antichrist is dead!

We cheered wildly.

We went back to the Pope and brought the daggers back to the Roman Catholic Church.

* * *

Back at the estate we were talking.

Me: Well we killed the son of Satan.

Nico: We sure did.

Lincoln: It's hard to imagine that the Antichrist was gonna rise to power and destroy the world.

Me: He was the son of the devil. He had to be stopped or he would've destroyed everything.

Lana: Yeah what a jerk!

Me: He will never be welcome here on Earth again.

Clover: J.D. one thing still puzzles me.

Me: What's that Clover?

Clover: What happened to the counterparts of the Cult Lincoln? You said that they were thrown into one of the space prisons.

Me: Yep. The Redemption Squad took them down because of the bad luck travesty.

Clover: So, how did your counterparts from Cult Lincoln's Earth get taken down?

Me: Lets go to the Saturn Prison and we'll tell you.

Laney: This is gonna be interesting.

Then a Furret came in.

Nico: Oh wow a Furret!

A Noctowl flew in and landed on Nico's head.

Me: A Noctowl. Cool!

Then 9 figured came in and landed in front of me. It was an Eevee, a Jolteon, a Vaporeon, a Flareon, an Espeon, Umbreon, Leafeon, Glaceon, and a Sylveon.

Me: Oh wow! It's an Eevee and it's 8 Evolutions.

Misty: I love a Vaporeon! It's so cute!

Ninetales: I think Eevee and it's evolutions are so adorable.

Everyone gasped.

Me: I taught Ninetales how to talk like Meowth. She can now talk like a human and she knows how to understand a Pokemon.

Meowth: That's a very impressive deal J.D.

Lincoln: How does an Eevee become 1 of these eight pokemon?

Me: It becomes one of these eight evolution forms through the power of special stones called Evolution Stones.

The Evolutions stones are as follows:

Fire - Flareon

Water - Vaporeon

Thunder - Jolteon

Moon - Espeon

Dusk - Umbreon

Ice - Glaceon

Leaf - Leafeon

Dawn - Sylveon

Me: These stones are what can be used to help Pokemon evolve.

Brock: That's right J.D.

Bonnie: I like the Jolteon. It's so amazing.

Me: Be careful Bonnie.

The Eevee and it's evolutions became my Pokemon. Nico caught the furret and the Noctowl.

Dr. Fate: (To the viewers) The powers of Heaven and Hell are strong but J.D. is just as strong as Heaven.

---

In the skies above the planet Saturn we were in the Saturn Prison. Not only is it also the Saturn Insane Asylum but it's also a prison as well. The Cult Lincoln and Lily and the Santiago's and Casagrande's were with us.

Me: Here we are guys. This is the Saturn Prison and Mental Hospital.

Sam (TS): This is so amazing!

Clover: I can't believe it's all the way out here in the skies of Saturn.

Alex: It sure is beautiful. The clouds go on forever and the rings of Saturn are beautiful from this view.

We went into the prison part. We saw the most dangerous inmates we ever brought to justice.

Me: These guys are some of the most dangerous criminals in the world and they have a nasty disposition.

Lori: Yep. These guys are literally the worst scum ever.

Inmate #1: Well, well, well. If it isn't the Loud Sisters.

Inmate #2: It might not be the same ones. But you'll do just likely. Your going to pay for your counterparts throwing us in here!

Me: For your information you freak we're here to visit their counterparts.

We went to the Solitary Confinement bay.

Me: When we beat the sisters of the Lincoln that joined Project at

Eden's Gate we placed them into Solitary Confinement. Because all the prisoners would never stoop to their level they would kill them so we put them into these Solitary Confinement cells for their own protection.

Laney: Well it's good that the prison populous won't hurt them.

Me: Yeah.

We went to the first cell and in it was Lori Loud. She was dressed in a light blue prison jumpsuit and she had her hair in a ponytail.

Me: Here's Lori.

Lori: I can't believe that this is the disgrace I would literally become.

Bobby: Oh babe I'm glad this is not you.

Roxanne: Me neither papa.

Linda: This (Censored) is a total loser!

Lori: (Scolding) Linda! Don't use language like that!

Linda: Sorry mom but it's true.

Me: Got to admire her spirit though.

Natilee: You said it dad.

Roxanne: How did this version of you get so badly sad mommy?

Lori: That was literally a memorable fate.

FLASHBACK 1 - CULT LORI

In the Cult Lincoln's dimension we rushed into the Loud House and the door exploded into dust and they all saw us.

Cult Lori: Can we help you?

William: Kind of ironic that we're about to take down alternate versions of the people who helped us form our group in the first place!

Teresa swiped Lori's phone.

Teresa (destroys Cult Lori's phone): You should be glad I don't have my Talon powers. Because if I did, you'd be dead already!

Arpeggio and Teresa went at the Cult Lori and brutally beat her up.

FLASHBACK 1 ENDS

Teresa: After we threw the Lori in that dimension in here, Bobby broke up with her and all her friends at school now hate her guts to the core. They called her a murderer and a brother killer.

Arpeggio: (British Accent) I can't help but feel sorry for her.

Teresa: Me too Arpeggio. Lynn was the driving force behind this.

Lynn: What my alternate self did really makes her the ultimate sore loser.

Me: Yep.

Next was the alternate Leni's cell.

We saw the Cult Leni in a sea foam green jumpsuit and she was crying hard. She had cut scars all over her.

Leni: This version of myself is totes sad.

Me: You said it Leni.

Xion: Me and Karai really let her have it.

FLASHBACK 2 - CULT LENI

Xion (to Cult Leni): You're mostly the same as the Leni we know. Almost makes me sorry that I'm about to beat you up. Almost.

Xion and Karai slashed her with their swords and Keyblades.

FLASHBACK 2 ENDS

Me: Ouch.

Karai: (Japanese Accent) She deserved to be cut like that.

Xion: Maybe we went a little overboard with her.

Ed: It's awful. I wish I could go Edzilla on her but I can't.

Leni: It's all right Ed.

Next was the alternate Luna's cell.

The Cult Luna was in a purple jumpsuit and she had a bad haircut, nasty bruises and a broken arm.

Luna: Man. This version of me has been through a meat grinder.

Maria: You can thank me and Bai Tza for that.

FLASHBACK 3 - CULT LUNA

Bai Tza (to Cult Luna): Time to have that fight that I didn't get to have with your good version!

Maria and Bai Tza mutilated the Cult Luna with powerful blasts of water that mangled her up.

FLASHBACK 3 ENDS

Maria: We really mangled her up huh?

Luna: Dude. I can't believe I would fail in my duties as a guardian to Lincoln.

Cult Lincoln: It's all right Luna. You may be Luna's alternate self but you are not like my former sister.

Luna: Thanks dude.

Me: Don't you think it's unusual that the Lincoln that was a former member of a cult talking to his sisters in our dimension?

Luna: It does feel unusual. But it's cool dude.

We went to Cult Luan's cell and we saw that she was in a yellow jumpsuit and she had broken teeth and bent up braces and a neck brace.

Me: Wow!

Luan: Geez my braces are bent up.

Me: I hope her insurance provides dental coverage.

Luan: She needs the tooth, the whole tooth and nothing but the tooth. (Laughs to Rimshot) But seriously, she does need to get a better smile.

We laughed at Luan's joke.

Me: (Laughs) That was a good one Luan!

Lynn Sr.: (Laughs) Good one.

Eddy: (Laughs) That's a good one!

Shego: That was funny. But me and William let her have it.

FLASHBACK 4 - CULT LUAN

William: Laugh on this! (punches Cult Luan)

POW!

Shego and William let her have it big time.

FLASHBACK 4 ENDS

Me: Man that was bad.

Luan: No kidding. But watch this.

Luan snapped her fingers and a bucket of fish heads covered in limburger cheese and skunk oil dropped onto the Cult Luan and she smelled extremely horrible!

Everyone: EW!

Lincoln: That was so funny!

Cult Lincoln: I'm just glad I'm not on the receiving end of that.

Nico: Oh that reminds me guys. April Fools Day is tomorrow.

Me: Oh man! We have to watch ourselves around your brother. If he's as merciless of a prankster as Luan was when I first moved to Michigan then we're in a helluva lot of trouble.

Laney: No kidding.

We went to the Cult Lucy's cell. She was in a black jumpsuit and she was curled up in a fetal position and was shaking out of her mind in fear.

Me: Wow. She sure looks scared.

Demona: I scared her.

FLASHBACK 5 - CULT LUCY

Demona (to Cult Lucy): I guess my dark side wasn't wrong about some humans!

Demona and Riku scared Lucy with black fire and a malevolent glare that was so powerful that it petrified her with incredible nightmarish fear.

FLASHBACK 5 ENDS

Riku: She needs to realize what she did through pure fear.

Me: It's a little too extreme but it works.

We then went to Cult Lana's cell and we saw that she was completely frozen in a block of ice.

Me: She's frozen in a block of ice.

Killer Frost: You can thank me for it.

FLASHBACK 6 - CULT LANA

Killer Frost (to Cult Lana): Do you have anything you want to say for yourself?!

Poison Ivy coated her in Poison Ivy Leaves and Killer Frost froze the Cult Lana in a big block of ice.

FLASHBACK 6 ENDS

Me: Boy she really got the COLD SHOULDER. (Rimshot)

Luan: (Laughs) Good one J.D.

Me: Thanks Luan.

Lana: That was a good one.

Me: In 25 years she'll still be 6 despite spending it all here.

We then were at Cult Lola's cell and we saw that she was in a pink jumpsuit and her face was badly burned and her hair was all burned off.

Me: Wow. She looks like she was burned with acid and in a fire.

Francis and Lea laughed nervously.

FLASHBACK 7 - CULT LOLA

Francis (beats Cult Lola up): I remember when Lola beat me up the first time I met her. I guess you can say that this is my way of exacting payback!

Lea burned Lola bad.

FLASHBACK 7 ENDS

Me: You two really did a number on her.

Lea: The little runt had it coming.

Lola: She deserved it. Well played guys.

Lea: Thanks Lola.

Next was Cult Lisa and she was in a green prison jumpsuit and there were bandages over her eyes.

Me: Whoa. Her eyes are bandaged up.

Lisa: Obviously Stewie here destroyed her optical organs somehow.

Stewie and Bowser Jr. laughed nervously.

FLASHBACK 8 - CULT LISA

Stewie (breaks Cult Lisa's glasses): I hope that got glass in your eyes!

Bowser Jr. and Stewie beat Lisa up bad.

FLASHBACK 8 ENDS

Me: Wow. You two really went to town with her.

Bowser Jr.: She had it coming.

Dexter: I must agree with Bowser Jr. on that one and her predicament is a justifiable one.

Lisa: Indubitably Dexter.

Shocker: Oh J.D. just so you know, Rita and Lynn Sr. got off with Probation but they did lose custody of their kids.

Me: Really Herman?

Shocker: I'm not kidding.

FLASHBACK 9 - CULT RITA

Shocker (to Cult Rita): Hey there. We're here to beat you up. Is now a bad time?

Shocker and Elena electrocuted Cult Rita with a lot of lightning.

FLASHBACK 9 ENDS

Elena: Rita and Lynn Sr. now live by themselves. But it's not pretty for them.

Rita: I have a feeling they are not loving it.

Lynn Sr.: I have a feeling it's not pretty for me either.

Rubberband Man: No it's not Mr. Loud.

FLASHBACK 10 - CULT LYNN LOUD SR.

Rubberband Man (to Cult Lynn Sr.): Give us one good reason why we shouldn't kill you right now!

Rubberband Man and Inque slapped him all over the place.

FLASHBACK 10 ENDS

Inque: It was a justifiable punishment for them.

Baby Lily said something.

Lily: My little self is wondering why she was not involved.

Me: She had no involvement in all of this and she was spared. After we helped Lincoln realize everything that was wrong about him joining a cult like that we got him and Lily placed into the custody of the Santiago's and the Casagrande's.

Hector: Which is a great play on your parts amigos.

Me: Muchas Garcias Senior Hector.

Cult Lincoln: Me and Lily are happy with Ronnie Anne and her family.

Me: I'm glad. Let me show you what happened to Lynn.

We went down to the maximum security section of the prison and it was for the worst and most dangerous criminals. We arrived at a Solitary Confinement cell that had chains on it and it had a bunch of symbols of hatred and evil slogans drawn on it.

Me: This is Lynn Jr.'s cell.

Lynn: Man it's all covered with evil symbols and hate speech on it!

Lori's kids hugged Lori in fear.

Lori: It's all right guys.

Luna: Why is there chains on it?

Me: Because of Lynn's mental state we had to place her in this cell that has a 20 inch thick adamantium door and we had to electrify it with 20,000 volts of electricity. The Lynn from the Alternate Lincoln's dimension is the most dangerous inmate here at the Saturn Insane Asylum Prison. We placed her in this cell because of how wild she is and we also had to chain her to the wall with shackles and trust me she is very dangerous.

I turned off the electricity to the door and opened a window and it was pitch black.

Lynn looked in and she saw Cult Lynn shackled to the wall and in the cell on the walls there were pictures of Cult Lincoln being killed in numerous ways and the words Bad Luck, Jinx, Stinkoln Dies, and more all over the cell. The Cult Lynn had a cast on her leg covered in blood.

Lynn: Boy my version is really insane.

Me: Yeah.

Lynn: Boy it's like I'm battling my dark side all over again.

Venom: It does feel that way.

Lightning: This version of you Lynn is a major sore loser.

Lynn: No kidding. What happened to her leg? Her cast is all red from blood.

Venom: Uh. (Nervously) We ripped out her Achilles Tendon.

We were grossed out by that.

Laney: That's disgusting Venom!

Cult Lincoln: She deserved it nonetheless.

Vince: No kidding.

FLASHBACK 11 - CULT LYNN

Sandman (punches Cult Lynn): I guess this is sort of a continuation of the battle we had when we first met.

Venom, Rhino, Sandman and Clayface pulverized the living crud out of her.

FLASHBACK 11 ENDS

Clayface: Yeah we went overboard with her.

Rhino: It was extreme but she deserved it.

Venom: Yeah.

Sandman: I would call it a cruel twist of fate.

Me: Well. It was extreme but she does deserve it.

Lynn: I want to get a shot in. The least I can do is show her how stupid she was.

Me: Okay Lynn.

I pulled out a keycard and swiped it in a scanner. A handprint and retina scanner came out.

Computer: Authorized Access only. Please provide retina and handprint.

I scanned my hand and my eye.

Computer: Access Approved. Welcome back J.D. Knudson.

Me: Thank you.

The chains unlocked and the door opened. Lynn went in and the Cult Lynn saw her.

Cult Lynn: What the!? You're me!

POW!

Lynn punched her Cult Self in the face with incredible force and Cult Lynn had a nasty black eye.

Lynn: Nobody bullies my brother and calls him bad luck and gets away with it!

Lynn left and the door to the cell closed and locked.

We left the prison and went back home.

Me: So did that answer your questions Clover?

Clover: It sure did. Thank you J.D.

Me: No problem Clover.

We had a great dinner.

THE END

---

Another Fanfiction Complete

I chose chapter 666 for the Antichrist fight because I watched the movie The Omen from 2006 and it was both scary and strange. Also I saw in history documentaries that the number of the Beast number 666 would be perfect for it. NicoChan11 and I came up with the ideas for this one. Thanks man. I read about the Antichrist in the Bible and saw many depictions of him in TV and all kinds of movies. They were strange. I based this chapter on the movie The Omen. That movie was a scary one back in the 1970's and it's based on the son of the ultimate evil: The Devil. Let me know what you all think.

See you all next time.

# April Fools Mayhem!

HAPPY APRIL FOOLS DAY 2019 EVERYONE!

---

March 31st.

It starts with us in the briefing room in Lori's room.

Me: Now as you all know tomorrow is the most dreadful day in the Loud Family and in Nico's family as well: April 1st, A.K.A. April Fools Day. We have a really bad history with this day as we know from our experiences with Luan. And Nico's brother Connor is the jokester in his family and he unleashes a nightmarish prank war on his family and it always results in someone getting seriously hurt.

Alicia: That's right J.D. Connor is a nightmare on April Fools Day and we need to teach him a lesson he'll never forget.

Laney: That won't work Alicia. We tried that with Luan when she tried to humiliate us with stunt doubles. But I got wind of her plan from my stunt double and turned the tide against her in my favor. But I can tell that Connor won't learn his lesson whether it be the easy or hard way.

Nico: You're right Laney. When April Fool's day comes around he's a sadistic, cruel, psychopathic monster prankster that is as remorseless as they come.

Luan: He's in every way like I was.

Nico: That's right Luan and here's a montage of pranks that he has done to all of us. I present to you Connor Chan's April Fools Highlight Reel.

Nico played on a movie projector a montage of pranks Connor did in the past. The first clip showed Nico having breakfast and then his face turned red and a massive blast of fire exploded out of his mouth.

Connor: I would say this prank Spices you up! (Laughs)

Nico: He poured capsaicin extract hot sauce into my cereal.

Me: Yikes! But that prank wouldn't bother me.

Alicia: Here's me.

Alicia opened the fridge and a spring-loaded boxing glove punched her in the stomach and sent her flying straight into a pile of sludge.

SPLAT!

Connor: Something Stinks around here. (Laughs)

Alicia growled.

Alicia: I smelled horrible for a week.

Mindy: Look what happened here with me.

Mindy was playing video games and suddenly she got hit with rotten eggs and they exploded and made her smell really horrible!

Connor: How Eggceptionally funny! (Laughs)

Mindy: I smelled horrible for a month.

Nico: Here's another thing that happened to me.

Nico walked into his closet and then he screamed as he got sprayed by 12 skunks.

Connor: Skunks to be you! (Laughs)

Nico: I had to take a bath in a pool full of tomato juice.

Alicia: This one hurt bad.

Alicia was walking to her room when she stepped on a roller skate and fell onto a bunch of mousetraps and they snapped on her and she was in a lot of pain.

Connor: That makes you snap! (Laughs)

Alicia growled.

Mindy: This one really hurt me.

Mindy was getting a glass of water and as she was about to leave the kitchen a bowling ball dropped from the ceiling onto her foot.

CRUNCH!

Mindy: OW!

She hops holding her foot in pain and she inadvertently steps on a banana peel that causes her to fall into a snare trap and it flings her into a massive pile of rotten garbage.

SPLAT!

Connor: That's a Strike with lots of Ap-Peal to Refuse! (Laughs)

Mindy: I had a nasty broken foot that took 8 weeks to heal.

Nico: But watch this one.

Nico went to the kitchen and he stepped on a tripwire and a watermelon hit him in the face and exploded all over him and completely covered him with chocolate pudding.

KABOOM! SPLAT!

Connor: This is one Fruit that is Sweet! (Laughs)

The montage ended.

Vince: Jeez! That is awful!

Carol: No kidding.

Me: Boy you guys have had it worse than me.

Lincoln: No kidding.

Varie: Luan beat up Me, J.D., Lincoln and Laney really bad the first time.

Lily: When I got my powers, Luan tried to hurt everyone by forcing dad to do her bidding in exchange for a decade free of pranks. But J.D. and Varie exposed her evil prank plot and we turned the tide against her.

Me: And it was June back then.

Lincoln: Yep.

Laney: And then she tried to humiliate us with stunt doubles we hired in our places. But my stunt double caught wind of her evil plan for that and I took my doubles place and pranked Luan back 1000-fold.

Woody: That was a good prank you did Laney.

Eddy: That was a good one.

Luan: Yeah. Laney really nailed me back then.

We laughed.

Jessie B.: I'll never forget that. That was so amazing.

Nico: That was very clever Laney. You used the old military philosophy "In Order to Defeat Your Enemy, you Must Become your Enemy."

Me: That's one of the most famous philosophical quotes of Chinese military philosopher Sun Tzu.

Edd: That's right J.D. It's a reverse psychology line we tried to use on the Kankers when we lived in Peach Creek.

Marie K.L.: But I can't believe we were that vicious to you guys back then. Stupid May and Lee. (To May) No offense May.

May (Pokemon): None taken Marie.

Robin (Teen Titans): I have a very strong feeling that Connor is going to be targeting the Redemption Squad for April Fools.

Me: I have that feeling too Robin.

Ash: We have to be prepared for anything.

Me: Yeah. But when tomorrow comes, we step through the Gates of Hell!

Luan: I'll give Connor a major prank fight he'll never forget.

Me: You'll get your shot Luan and you and Eddy will try to get Connor to see the error of his ways.

Eddy: Yeah! He must be stopped!

Brock: This is gonna be a rough battle.

Lucy (Pokemon): This is gonna be a tough battle. But we have faith in you.

Me: Thanks Lucy. Here's what we do.

I explain my plan and everyone else was gonna hide in the estate tower and Me, Lincoln, Nico, May, Dawn, Lucy Heartfilia, Laney, Varie and Woody were gonna watch and help from afar. The Redemption Squad was gonna split up into groups and head out all over the city. But we had a feeling that Connor will anticipate this and know what we're gonna do.

Me: Okay. Lets get ready.

Luan: (To the viewers) We need to be ready for anything Connor dishes out.

We prepared for the biggest prank war in the history of the world.

---

APRIL 1ST, 2019

6:00 AM.

My alarm clock rang and I woke up.

Me: It's time!

I went to the wall and in an alarm box was a red box and the cover said "APRIL FOOLS DAY BATTLESTATIONS ALARM." I smashed the cover and pressed the red button. Air Raid Sirens sounded and everyone woke up and went to the castle watchtower and Me, Varie, Lincoln, Nico, May, Dawn, Lucy H., Laney and Woody went into the air.

Aylene C.: Here we go guys. We have to be ready for anything.

Me: Okay. William, Redemption Squad fan out!

William: Right!

The Redemption Squad ran down the stairs to the front door.

William: Guys, let's get out of the house go to different locations in the city. Connor can't possibly prank us all at once!

Maria: You got it! Split up and head into the city!

They did so.

The Redemption Squad went out of the house and into the deep futuristic concrete jungle called Gotham Royal York. Connor was watching and our hunch was correct.

Connor: The hunt is on. Time to prank these fools into oblivion in the name of all good things that laugh! (Evil Laughter)

---

WILLIAM & SHEGO

William and Shego were running and they ducked into an alley.

William: He won't find us in here.

But he thought wrong. 2 buckets full of honey fell onto them and covered them from head to toe in honey.

SPLAT!

Feathers blew onto them.

Connor: You just got into a Sticky Situation and one that ruffles your Feathers! (Laughs)

Connor left.

William (he and Shego are covered with honey and feathers): I swear. Odd's pranks were never like this!

Shego: That little brat!

I appeared and cleaned them off with water.

Me: He got you guys good huh?

Shego: He sure did.

William: Thanks J.D.

Me: No problem.

---

## KILLER FROST & POISON IVY

Killer Frost and Poison Ivy were running through the park.

Connor appeared in front of them and he had a slingshot with water balloons in it and he had some kind of gloves on.

Connor: Time for you to Freeze!

Connor fired a balloon and it hit Killer Frost and it shattered and Liquid Nitrogen was on her.

Killer Frost: Liquid Nitrogen?

Connor: How come it's not working on you?

Killer Frost: Nice try but I'm impervious to all things that are extremely cold. I have a body temperature of -459˚ Fahrenheit or Absolute Zero. It only makes me stronger.

Connor: Wow! That is amazing! But you better keep running!

Connor fired the water balloons at them onto the ground and they exploded and it was a big bang of cold smoke.

Poison Ivy ran and stepped onto a tripwire and a bucket of glue dumped onto her and then a bucket of bird seed fell on her and then numerous pigeons and crows flew at her and Poison Ivy ran for the lake and jumped in.

Connor: That prank is one that ruffles your feathers! (Laughs)

Connor left!

Varie came and pulled Poison Ivy out of the water.

Varie: Boy Connor sure got you huh Pamela?

Poison Ivy: I'm just glad that Joker never did these kinds of pranks before his death.

Varie: Tell me about it. But at least you didn't get hurt like in The Birds from 1963.

Poison Ivy: That's true.

Killer Frost: At least Connor's Liquid Nitrogen didn't hurt me.

Varie: That's true.

---

## MARIA & BAI TZA

Maria and Bai Tza were by a swimming pool.

Connor appeared and he had a pie bazooka in his hands.

Connor: Pie think you two are pretty. (Laughs)

Connor fired numerous pies at them.

Bai Tza was dodging all the pies and Maria was getting hit by them.

SPLAT SPLATSPLATSPLAT! SPLAT SPLAT SPLAT!

Maria: Cherry and Pineapple? Yummy. But I got to wash up.

Maria jumped into the swimming pool.

Connor: Maria is in for something that will make her Red with rage! (Laughs)

Connor left.

Maria jumped out of the water and her clothes were all red!

Bai Tza: What the!? Maria what happened!?

Maria: Connor turned the water red with red dye! My clothes are ruined!

Laney came and pulled Maria out of the pool.

Laney: Wow. This water is really red. But there's a genjutsu over it to make it look like a normal pool. Very clever.

Maria: That explains it.

Laney released the genjutsu and the water was red like blood.

Maria: Looks like I need to take off all of my stained clothes and walk around in my swimsuit for the rest of the day. I just hope no perverted boys try to take a peek at me!

Maria took her stained clothes off and Laney handed her a red robe.

Laney: Sorry Maria, J.D. told me that you can use his bath robe for the time being. It's the only color he had.

Maria: That's all right. Thanks Laney.

Maria put on the robe.

Laney: You're welcome Maria.

Maria: It's a good thing my swimsuit is impervious to all stains.

Bai Tza: Lets drain this pool. I don't think anyone would like it if the pool was permanently stained.

Bai Tza fired a blast of water that went into the drain room and she pulled a lever and the pool drained.

Laney: Good work Bai Tza.

Bai Tza: Thanks Laney.

## VENOM & RHINO

Venom and Rhino were running fast and then they stepped on a tripwire and a catapult fired bombs at them and they exploded and splattered them with Ketchup and Hot Sauce.

BOOM! BOOM! SPLAT SPLAT SPLATSPLATSPLATSPLAT!

Connor popped out from behind a tree.

Connor: That's something that requires the best Sauce! (Laughs)

Connor left.

Venom (licks the ketchup): Mmm. Delicious!

Rhino: How did he know I like hot sauce?

Nico came and got the sauce off with water.

Nico: Connor sure got you good.

Venom: He sure did. But we actually enjoyed it.

Rhino: We sure did.

---

## FRANCIS & LEA

Francis and Lea were in a restaurant hiding from Connor.

Francis: I think we lost him.

Lea: I think so too.

They took a seat at a table and then a bunch of fire extinguishers fired all over them and covered them completely in a mountain of sodium bicarbonate foam.

Connor: I hope that this doesn't Foam you up! Your Fire wasn't extinguished! (Laughs)

Connor left.

Francis: It's times like this that I wish I still had my fire powers.

Lincoln arrived and got all the foam off with his hands.

Lea: Ah. Thanks Lincoln.

Lincoln: No problem Lea.

---

## RUBBERBAND MAN & INQUE

Rubberband Man and Inque were running and then Rubberband Man tripped on a tripwire and landed on a huge sheet of flypaper.

SPLAT!

Rubberband Man was stuck because of the glue on the paper. Inque ran and was stuck in a glass bottle and Connor put the cork on.

Connor: You two got stuck in a Sticky Situation! (Laughs)

Rubberband Man: Very funny, Connor!

Connor left.

May appeared.

May: Wow! What a huge sheet of flypaper. Hold on.

May freed Inque.

Inque: Thanks May.

May: No problem.

Inque stretched and held up the giant sheet of flypaper and May ripped it off of him.

RRRIIIIIIPPPP!

Inque: Oooh! Ouch!

Rubberband Man: Ow.

May: Sorry Adam. Are you all right?

Rubberband Man: Yeah. Thanks May.

Inque: Nico's brother is quite a genius in pranks.

May: He sure is. Nico wasn't kidding when he said that he was a pranking psychopath.

---

DEMONA & RIKU

In the city square, Demona and Riku were running. They stopped and rested.

Riku: I think we're safe.

Girl: Hey there he is!

Riku turned and saw a huge number of ravenous fangirls with hearts and stars in their eyes.

Girl 2: He's so dreamy!

Girl 3: Marry us Riku!

Girl 4: I want to take you home!

The fangirls chased Riku and Connor appeared.

Connor: You sure have become a famous heartthrob. I hope one of these girls likes you. (Laughs)

Demona was about to chase after them, but a huge amount of cement dumped onto her and hardened fast.

Connor: Looks like you're trapped like a Rock in a Hard place. (Laughs)

Connor left.

Me and Lincoln appeared and we grabbed chisels and chipped her out.

Me: Wow! Connor really stuck you Demona.

Demona: Tell me about it.

Riku came back and he was panting hard.

Riku: I didn't think I was that popular!

Me: Boy and I thought Sasuke had it bad.

---

## TERESA & ARPEGGIO

Outside the abandoned amusement park, Teresa and Arpeggio were running and then they were launched in a catapult and into a spinning top ride. It was turned on and set at Mach 1. It was spinning so fast that it was unbelievable.

Connor was flying using a jetpack.

Connor: You sure have been Sped up! (Laughs)

Francis and me arrived and we got to the control box. I tried pulling the stop lever. But it was stuck.

Me: (Grunts) The stop lever is stuck!

Francis: It's rusted stuck.

I pulled out some oil and fixed it and I pulled the lever and the ride stopped. Teresa was green around the gills really bad.

Me: Whoa! Teresa, you don't look so good.

Teresa (holds her stomach): I think I'm gonna be sick! (vomits)

Me and Francis: Ew!

Francis: I'll get you home Teresa.

Teresa: Okay Francis.

Me: Are you all right Arpeggio?

Arpeggio: (British Accent) I sure am. I flew away before I could land in the ride.

Me: Good work Arpeggio.

Francis took Teresa home.

---

STEWIE & BOWSER JR.

Stewie and Bowser Jr. were running.

Stewie: Lets split up B.J.!

Bowser Jr.: You got it Stewie.

Stewie ran one way and he went into a drainpipe.

Stewie: He won't find me in here.

But what Stewie didn't realize is that they inadvertently went into a cannon.

Connor: This one will Shoot you. (Laughs)

He pressed a button and…

BOOM!

Stewie was fired from the cannon and he landed in a huge pile of manure in Liam's farm.

SPLAT!

Liam: (Southern Accent) Hey, Stewie!

Stewie: Hey, Liam. Can I hang with you for the next few hours?

Back with Bowser Jr. he was running and then Connor threw massive wads of garbage at him and hit him hard.

Connor: I would talk trash but I Refuse! (Laughs)

Connor left.

Varie arrived

Varie: Wow! He got you good.

Bowser Jr.: Tell me about it.

Varie cleaned him off.

Stewie was cleaning off at Liam's house.

---

XION & KARAI

Xion and Karai were running and they ran into a Tennis Court. They saw a tennis machine and Connor was by it.

Connor: I hope you like getting served. (Laughs)

Connor set the machine on full blast.

Xion: Wait a minute! I can just deflect the balls with my Keyblade!

Xion summoned her Keyblade and hit all the tennis balls at a rapid pace until the machine was empty.

Connor: Wow! You have a good tennis arm Xion.

Xion: Thanks Connor.

Connor: No problem. Would you like some sushi?

Karai: (Japanese Accent) I'll have some.

Karai took some and ate it. And then almost immediately she felt a massive bowel movement and rushed to the bathroom.

Connor: Looks like you got Laxed up! (Laughs)

Laney arrived.

Laney: You two okay?

Xion: Karai's in the restroom. She ate some sushi and it made her go bad.

Laney picked up the sushi on the bench and she smelled it.

Laney: Spiked with laxatives. Really powerful ones too.

Xion: Yeesh!

---

## CLAYFACE & SANDMAN

Clayface and Sandman were running in the forest and then they fell into a huge mud pit.

Connor: Looks to me like you're in a muddy situation! (Laughs)

Connor Left.

Clayface: Oh please! I can get out of this mud pit easily!

Clayface and Sandman got out.

Nico arrived.

Nico: That wasn't much of a prank.

Sandman: No it wasn't.

---

ELENA & SHOCKER

Elena and Shocker were running fast and they went into an electric power plant. Suddenly there was a loud hum.

Elena: What's that?

Then Elena and Shocker were pulled and they were stuck onto a massive electromagnet and operating its controls was Connor.

Connor: This is one thing that gives you a Magnetic Personality! (Laughs)

Connor left.

Elena: Wait. How am I attached to this? I don't have metal right now.

Shocker: It's our powers! Our lightning made us magnetic.

Dawn arrived and she went to the controls and pulled a red lever and the magnet turned off.

Dawn: Are you all right?

Elena: Yeah. Thanks to you Dawn.

Shocker: I don't know how Connor made a powerful electromagnet but it's a big one.

Dawn: He sure did.

---

THUNDERCRACKER & MIRANDA

Thundercracker was in his vehicle mode riding through the air with Miranda inside him.

Miranda: You think we're safe here?

Thundercracker: We're in the air right now. There's no way he can get us from here.

But he was wrong. Connor flew up to them with his jetpack and Lucy H. flew in front of Connor as he fired paint bombs. Lucy H. grabbed them and threw them back at Connor and they hit him and splattered all over him.

SPLAT SPLAT SPLAT!

Thundercracker: Whoo! Thanks Lucy.

Lucy H.: No problem Thundercracker.

Miranda: That was amazing though.

Thundercracker: Yep.

---

JESSIE, JAMES & MEOWTH

Jessie, James & Meowth were running, thinking they were gonna be next by Connor. Suddenly an explosion blew under them and they were hurled into the sky.

Jessie, James and Meowth: LOOKS LIKE TEAM ROCKET'S BLASTING OFF AGAIN!

TING!

But Jessie, James and Meowth were caught by a hovering drone and it was a big drone. There were four Jigglypuff on it and they were tickling them. They were laughing uncontrollably.

Woody flew up to the drone and pecked it in half and they landed in the city and I caught them.

Me: You guys okay?

Jessie (Pokemon): We are. Hey wait a minute! We're not working with Team Rocket anymore! (To the Viewers) We've been on for 23+ years and we got fired when we came here.

Me: I can tell. But who blasted you into the sky like that?

Jessebelle: (Offscreen) I did.

We saw Jessebelle.

Me: Jessebelle!

James: Oh no! It's my despicable fiancé!

Me: I might've known you would be the one that came for James.

Jessebelle: That's right!

She sent out Vileplume.

Me: You want James? Then come and get him!

Then 2 figures appeared behind her and they punched her and Vileplume and sent her flying.

POW!

Jessebelle and Vileplume went flying!

TING!

Me: WOW! That was a powerful punch.

We turned and saw an Incineroar and a Graveler.

Me: Oh wow! It's a Graveler and Incineroar! I'll take the Incineroar and Nico can have the Graveler.

Nico landed by me.

Nico: You got it.

Me and Nico caught them.

Me: Two more Pokemon. Now it's time to teach Connor a lesson.

Luan: Save that for me J.D.

Me: You got it Luan. Show no mercy on him.

Luan: You got it.

We went after Connor.

---

Connor was back home smiling at his success. Then out of nowhere a pie hit him square in the face.

SPLAT!

Luan: Pie see what you have been doing Connor. (Laughs) Get it? But seriously, I'm not gonna let you hurt my friends with deadly pranks. It was because of those pranks that I nearly got my family and my friends seriously hurt.

Connor: I would like to see you try and stop me!

Luan: A prank war it is then.

A montage of deadly pranks began and Luan and Connor were really tearing each other apart. The pranks were so deadly and graphic that we can't show them.

When it was done 20 minutes later, Luan and Connor looked like they were both badly beaten to within an inch of their lives. Their clothes were shredded, they had nasty bruises, cuts and scrapes, their hair was messed up, their bodies were totally mangled up.

Me: Stop this you two! Look at yourselves! You can barely go on!

Connor then fainted from being too hurt. Luan was still standing. Then she fell unconscious. We went over to them and they were horribly mangled up.

Me: Man! Look at them!

Nico: Jeez! They look like they went through 100 sawmills!

Varie: No kidding!

---

April 2nd, 2019.

We took them to the infirmary and they were gonna be all right. Luan woke up and she was in casts, bandages and more.

Me: Hey there sleeping beauty.

Luan: What happened?

Me: You were badly mangled up from a nasty prank war and you and Connor both really went at each other.

Luan: Boy I sure look like I went through a battle.

Laney: You sure do Luan. But I hope that Connor learned his lesson.

Nico: I hope so too Laney.

Vince: He sure got a good thrashing as well.

Connor was wrapped in a full body cast.

Me: He sure did.

Connor: I'm amazed you all got me and stopped my pranks. You may have won this time but next year I'm going to unleash a nightmare onto all of you and make sure you all suffer the worst pranking you ever got! Especially you J.D.! (EVIL LAUGHTER!)

Me: Three words Connor: BRING… IT… ON! (To the Viewers) April Fools Day is a great holiday where we all get to be funny. But if pranks are taken way too far, they can get someone seriously hurt and even to the point where they require hospitalization. We've dealt with numerous deadly pranks in the Loud House before we became Team Loud Phoenix Storm and they were not funny at all. We got seriously hurt because of them. One persons joke for their own amusement can lead to another persons disaster. Remember that.

I have a pie in my hands.

Me: Happy April Fools Everyone!

I throw the pie right into the camera.

SPLAT!

THE END

---

Another Fanfiction Complete.

Happy April Fools Day everyone! I hope you don't go all out today like in my fanfiction. This had to be the most brutal and most violent April Fool's me and NicoChan11 ever did. The deadliest chapter for April Fools Day we did was April Fools Rules. The joke from the episode Fool Me Twice from 2018 was not funny at all. It was downright cruel and pure evil. Luan's stunt double joke was mean and completely humiliating. The way Luan laughed in the episode Fool's Paradise was funny. I always add a malevolent and diabolical laugh to add some excitement and entertainment to it. NicoChan11 gave me the ideas for this one. Thanks man as usual. Next up is the infamous chapter No Such Luck! (LAUGHS) APRIL FOOLS! No I would never do that chapter. Sorry. Let me know what you all think.

See you all next time

# Freezing the Flare

It starts in the Estate. We were watching TV, reading books and playing board games. Irma walks in and she had a teddy bear for Chris. Her brother.

Irma: Hey, Chris. I got you a present.

Chris Lair: A present? What is it?

Irma: [pulls out a bear with a microphone in its hand] It's a Confess-A-Bear. He's a special friend you tell all your secrets to.

Chris: Wow, thanks, Irma!

Irma: I'll just leave you two alone to get acquainted.

Irma quickly dashes off to speak for the bear.

Irma/Confess-A-Bear: Hi! My name is Confess-A-Bear! Tell me all your secrets.

Chris: Um, [sits on the ground] I did something recently I'm not very proud of. I didn't mean to do it. It just sort of happened.

Irma/Confess-A-Bear: Oh, maybe you should talk about it.

Patrick: Well, it involves my sister Irma. I don't think she knows what happened, but it would really upset her if she found out.

Irma/Confess-A-Bear: Tell Confess-A-Bear!

Chris: I've said too much already.

Irma/Confess-a-Bear: Tell Confess-A-Bear now! Now!

Chris: Ahh! I accidentally knocked Irma's toothbrush in the toilet and put it back on the counter without washing it! Confess-A-Bear? [Irma runs around in the background wiping her tongue off and screaming] You're mad at me, aren't you, Confess-A-Bear?

Irma ran to the bathroom.

She was gargling mouthwash and soap like there was no tomorrow.

Spiderman: Irma? Why are you washing your mouth with soap?

Irma: Because there might be bacteria in it!

SpongeBob, Patrick, Waspinator and Cornelia came in.

SpongeBob: That's the same bear I gave to Patrick that one time!

Patrick: Then that was your voice coming out of the bear?

SpongeBob: (Sighs) Yes Patrick. It was.

Patrick: Oh. Sorry.

SpongeBob: No I'm sorry Patrick. I shouldn't have made you confess that. But also I'm sorry for accusing you of stealing Ol' Reliable.

Patrick: That's okay buddy.

Waspinator: Waspinator want to hug Confess-A-Bear!

Cornelia: Careful, Wapinator! If you're not careful, you might accidentally blab your personal secrets to Irma.

Will saw Irma drinking water

Will (to Irma): How long before Chris finds out that it was your voice coming out of Confess-A-Bear?

Irma: Not long.

We got back to watching our shows. But just then we saw a broadcast from LYSANDRE - THE LEADER OF TEAM FLARE!

Lysandre appeared on all the Televisions around the world.

Ash: (Gasp) Lysandre of Team Flare!

Serena: I thought Zygarde killed him!

Lysandre: People of the world. I come to you by the Holo Caster and on televisions around the world to make an important announcement. Listen well. We are Team Flare and we have returned to finish what we started. But this time we have a much better Ultimate Weapon. Here is a demonstration of our newest weapon.

We saw that Lysandre had a massive superlaser cannon and its power source was the biggest dark orb we had ever seen.

Lincoln: That is the biggest dark orb of them all!

Lori: It literally is.

Laney: It's as big as a whole house.

Gear: That probably won't be the last Dark Orb on Earth. But it will be the largest.

Me: But look what it's hooked up to. It's a powerful Tachyon Particle Superlaser Cannon!

Team Flare fired the cannon up into the sky and we saw an asteroid about 20 light years from Earth the size of a planet and we saw the laser hit the asteroid and it exploded with unbelievable power!

KKKRRRRAAAAAAAAAAAAABBBBBBBBBBBBBBBOOOOOOOOOO

The Superlaser completely obliterated it instantly.

Me: Unbelievable!

Lynn: That is incredibly powerful!

Nico: Oh man!

Lysandre: You have just seen a demonstration of our power. Team Flare has revived the ultimate weapon and this time we will now destroy all life in the entire universe and eliminate everyone who isn't in our group, and destroy everything so that only humans will be the only species in the universe! Unproductive fools are consuming our future… If nothing changes, the world will become ugly and conflicts will raze the land from end to end. I repeat. We will use the ultimate weapon and wipe the slate clean. But the weapon has to recharge in 6 hours. I'm sorry, those of you who are not members of Team Flare, but this is adieu to you all.

The broadcast ended and the entire universe was now in Grave Danger!

Me: So Team Flare has made its move.

Lincoln: And now the whole universe is in danger.

Nico: Hey! Only we get to have a planet destroying laser! Team Flare ripped us off!

Me: These guys know exactly what they're doing. Let me see here.

I pop up my computer and found out where the laser fired from and it showed that it fired in an uncharted island in the middle of the northern Caspian Sea in Central Asia.

Me: Bingo. We can't let them use that laser again.

I contacted the Justice League.

Superman answered.

Superman: J.D. did you see that message?

Me: We sure did Kal and the entire universe is now in grave danger. Team Flare has made its move.

Ash: They are an evil terrorist organization that wants to destroy all life in the world with only Team Flare as the superior force.

Me: But now they upgraded their goal to destroying all life in the entire universe with themselves as the ultimate species. Intergalactic Bigotry to the extreme.

Superman: This is majorly serious.

Me: We need you to fire the Justice League Watchtower laser at these coordinates. I'm transmitting them now.

I transmitted the coordinates: Latitude 46° 2' 9.8268" N Longitude 50° 58' 8.7168" E

Superman: Thanks J.D. We see the island on the scanners.

Me: Make that island dust Kal.

Superman: You got it J.D.

The Transmission ended and the Justice League Watchtower moved. It moved to the coordinates we gave them. The Watchtower charged up the Binary Fusion Cannon and it was locked on target.

Superman: Target locked on and cannon is fully charged.

Me: Will it be enough to completely destroy the island Team Flare built their superlaser cannon at?

Superman: Our Binary Fusion Cannon has the power of a small nuke. It may not be enough.

Me: I'm sending more power to you Kal. Computer, divert all available auxiliary power to energy transfer laser array and beam to Justice League Watchtower. Authorization Passcode: Knudson Phoenix Feather.

Computer: Passcode accepted. Boosting power and sending now.

A beam of light fired from a satellite array on our roof and it went to the Justice League Watchtower and supercharged it.

Superman: Our power is now at 300% J.D.

Me: I beamed our auxiliary power to you Kal. It should be enough. Fire!

The binary fusion cannon fired and it hit the island and the whole island exploded with the massive and explosive power of the most powerful nuclear bomb ever detonated in history.

KRABOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

On the satellites we scanned the northern Caspian Sea and it showed that the entire superlaser cannon and island was completely obliterated in an instant and a crater was where the island was and it was filling up with water. We got a massive increase in power!

Me: Wow! Holy Groudon Rocks! That power boost was unbelievable!

Nico: It sure was. That Dark Orb must've packed a tremendous amount of energy and negative energy and it's unbelievable!

Sydney: It sure was. I can't believe that it had that much power.

Lori: Me neither. Is the island gone?

Me: It is. Team Flare's superlaser is gone!

We cheered wildly!

Me: Great job Kal.

Superman: Thank you for the power boost J.D. We owe you one.

Me: No problem Kal. It was all of us working together. Now it's time for us to go after Team Flare.

?: Let us help you too.

We turned and saw a surprise. It was a tall man with hair like Vegeta's and he had clothes like Trunks in Dragon Ball Super and a sword on his back and a Saiyan Monkey Tail. On his face was a goatee. And with him was a woman with long brown hair and a red bandana and blue eyes and she had red and black clothes and a red skirt and with her was a Glaceon.

Me: Wow!

Nico: Oh wow! You are me!

Older Nico: That's right. I'm you from the year 2039. 20 years from

now.

May was shocked.

May (to her future self): Are you… me?

Older May: That's right. I'm you from 2039 as well.

Me: Oh wow! Two more future selves. This is amazing. So I'm guessing that you and May tied the knot.

Older Nico: We sure did. And we have 4 amazing children. 2 girls and 2 boys.

Older May: And they are all half Saiyan.

Me: That is amazing!

Shanan: It sure is.

Me: Yeah. You're more than welcome to help us out.

Future me appeared.

Older Me: I can help you as well. I saw what was going on and it was not good.

Older Nico: I had a feeling you would arrive man.

Older Me: I never miss anything dude.

Older Nico: Just like old times huh?

Older Me: You know it.

Me: Well Team Flare is now gonna have it's flames extinguished. The Mystic Freeze shall Extinguish the Fire of Evil.

Lincoln: I thought it was the Flames of Valor.

Me: I always have a team motto ready for when we go after a team. Check it out.

I snap my fingers and the symbol of Team Mystic appeared on our left elbows. It was a symbol that looked like Articuno and also a new vest appeared on us. It had on the back the symbol of Team Instinct and it looked like a Zapdos. The vest was black and it had a design that looked like a massive lightning storm.

Me: There.

Everyone saw the symbol for Team Mystic and the vest and they were amazed.

Lana: I like this vest and tattoo.

Lola: It's very stylish.

Laney: I like it and it really does bring out the powerful warrior in me.

Me: Okay here's what we do. We're gonna do a stealth ambush mission. Here's what we do.

I went over the plan and we were gonna ambush Team Flare in a Sea Shadow Stealth Boat and it has a perfect camouflage that will make it completely invisible to radar. The United States Military is letting us use it for this as part of a test. And we agreed to volunteer.

Me: Okay, first we have to evacuate the town Team Flare is stationed in. This battle is gonna be a rough one. We can't let Team Flare do what they want anymore.

Lori: Where is the town they're in?

Me: It's called Geosenge Town and it's located on the northwestern coast of the Caspian Sea.

Ash: Then that's where we need to go to kill them.

Older Nico: Lets get them.

Me: Yep. Lets go!

We were off.

---

CASPIAN SEA

We were over in the Northern Caspian Sea and we were in the Stealth Boat.

Lori: We're approaching our target destination.

Me: Engage cloak.

The ship when completely invisible.

Me: This is so cool! We're completely invisible to radar and more.

We were by the town of Geosenge Town on the shore of the northwestern side of the Caspian Sea.

Me: Target sighted.

Superman: The town has been evacuated. Team Flare doesn't know what's happening.

Me: Excellent. Nico, you take Bludgeon, Shockwave, Hook and Brawl with you and destroy most of Team Flare. But save some for us. When their forces are thin you give the signal.

Nico: You got it. Lets do it.

Nico, Bludgeon, Shockwave, Hook and Brawl flew out.

4 Team Flare members were minding their own business insiding their base. All of a sudden, the wall exploded and in came Nico, Bludgeon, Shockwave, Hook, and Brawl.

Team Flare Member: Nicolas Chan! Team Loud Phoenix Storm is here! (runs towards them)

Nico: DIE, TEAM FLARE!

Shockwave transforms into his gun mode and lands into my hands. Nico fired a blast from Shockwave's gun mode at the Team Flare member running towards us and the shot goes through his chest, killing him. Another Team Flare member fires a gunshot at me but

Nico dodge it. Bludgeon fires his gun at the attacking Team Flare member. The shot goes through the scumbag's head, killing him. The remaining Team Flare members shoot their guns towards us but we easily dodged it. Hook and Brawl shoot their weapons at the two members. One member ended up killed while the other was badly wounded.

Nico (Shockwave transforms back into robot mode): This was almost too easy, Shockwave.

Shockwave: I just hope the others are having the same kind of luck that we are.

Nico: Of course they are. After that laser is destroyed, we'll go after Lysandre and make him pay for his crimes.

Bludgeon: The Laser was already destroyed.

Nico: Oh yeah.

Badly Wounded Team Flare Member (grabs Nico's leg): No!

Nico: Such villainous nonsense. (kills member with Megatron's fusion cannon)

The fight was savage. Nico fired a blast of fire and blew 4 members of Team Flare apart and reduced them to nothing but ash in fiery explosions. They killed numerous members of Team Flare.

Nico: Time to join the party J.D.

Nico pulled out a flare gun.

In the Stealth Boat we were watching the battle from the boat and we saw a flare fire.

Me: There's the signal! Showtime!

We all flew out and a massive full scale assault was unleashed on Team Flare. We unleashed a massive and destructive full scale barrage of attacks on Team Flare. I fired blasts of fire and energy blasts at Team Flare and it exposed their base underneath the town.

Inside were the remnants of the destroyed Ultimate Weapon and it looked like a huge flower and it's power would've destroyed the entire planet. Varie fired a blast of energy at a bunch of members of Team Flare and killed them by blowing them to pieces in a massive and fiery explosion.

Carol fired Mecha Godzilla's rainbow lasers from her eyes and fired photon beams from her fingers and a lightning blast from her hand and massive fiery explosions and embers blasted the base to pieces. The entire base and town turned into a huge war zone.

Carol: You Team Flare (Censored) messed with the wrong people!

Vince: You tell them Carol!

Vince fired lightning blasts and electrocuted the members into ash.

Carol fired Godzilla's orange atomic ray and a massive fiery explosion blew half of the base apart into a raging inferno. She then fired King Ghidorah's gravity lightning and Space Godzilla's Corona Ray and blew most of the members to pieces and to ash and blew most of the base sky high!

Killer Frost: You Flare scum need to cool down!

Killer Frost fired a powerful blast of ice and froze them in big blocks of ice and Maria lifted up the blocks of ice and threw them far and William fired a blast of lightning from his blaster and blew the blocks of ice and the men to frozen pieces of ice and body parts. More men came out and William saw them.

William: (Imitating Scarface) SAY HELLO TO MY LITTLE FRIEND!

William fired powerful blasts of fire from his blaster and blew them to pieces and ash.

Francis fired blasts of fire at the members and burned them.

Francis: This is like shooting monkeys in a barrel!

Teresa fired sonic blasts and blew them to pieces all over the place.

Teresa: We're having some fun now!

Fu swooped in flying fast and she fired powerful blasts of wind and shredded them to pieces.

A Team Flare Member had 3 of Malamar ready.

Team Flare Member 1: Lets go Malamar. Psybeams fire!

The Malamar fired powerful Psybeams at us. Fu fired a green Kamehameha wave at the Malamar it hit the ground and the explosion blew them into the walls and knocked them out. But the explosion obliterated the member. Fu caught a Malamar and so did Ash and Serena.

Sakura: (Echoing) CHERRY BLOSSOM CLASH!

Sakura punched the ground with devastating force and it upheaved shook ferociously and threw numerous Team Flare Members into the air.

Sakura: (Echoing) EARTH STYLE: RASENGUN!

Sakura formed an Earth Style: Rasengun and fired it from her finger in a gun gesture and it went faster than a bullet fired from a gun and it hit the members and exploded with incredible power.

KRABBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion sent shrapnel at numerous members of Team Flare and killed them.

Sakura: CHA! Never mess with a Shinobi of The Leaf!

Naruto was punching numerous members of Team Flare and firing blasts of leaves and wind at them and shredding them apart into pieces.

Naruto: You scumbags are the ultimate fools! Believe it!

Team Flare Member 2: Gyarados, Hyper Beam!

The Gyarados he had fired a Hyper Beam and Lori fired a Kamehameha Wave at the blasts collided and exploded. The Gyarados was knocked down but the Team Flare member was vaporized in the explosion.

Older Nico punched a member of Team Flare and fired a blast of fire and incinerated him in an instant and he slashed a member in half and killed him with his sword and then he fired a powerful energy ball and blew 4 members at once to pieces.

Older May fired a blast of energy and blew 8 members of Team Flare to dust and she slashed 9 more members to pieces.

Lori threw a pokeball and caught the Gyarados.

Serena fired a tremendous blast of fire and incinerated some of the members into ashes.

Serena: You all are just as worthless as Team Rocket when we killed them!

Ash: Yeah! You tell them Serena!

Ash and Pikachu fired powerful blasts of lightning at the Team Flare members and incinerated them into dust.

Nico: I'll go after Lysandre. You guys keep fighting.

Me: Okay man. Be careful.

Nico: You got it J.D.

Nico flew down the hall.

* * *

In his office, Lysandre was watching the whole fight and he was enraged.

Lysandre: Those (Censored)! They ruined everything!

KRABOOM!

Nico burst into his office in a fiery explosion and he was was ready to fight him and was in his Super Saiyan 4 power.

Nico: Hm. I found you Lysandre.

Lysandre: So the mighty Nicolas Chan has come. You look much different then when you were just a few minutes ago.

Nico: Yeah. This is just another costume change for the weakling that killed all your men.

Nico flared up a lightning aura and it blew all his computers and equipment apart into fiery rubble. Nico looked at Lysandre with a glare of hatred and avenging justice.

Nico: Lysandre, I will never forgive you for all your crimes.

Lysandre: I wouldn't be caught dead asking for your forgiveness you freak!

Nico and Lysandre explode out of the base and fly into the air and he punches Nico and he dodged all his attacks and he flew back and Lysandre fired red energy blasts at Nico and he dodged them all and punched him in the face with devastating force. The blasts fly back at Nico and he deflected them all away. Nico punched Lysandre in the face and stomach and Lysandre punched him in the face and stoamch and kicked him in the face. But Nico wasn't even fazed.

Nico: (Chuckles) I'm surprised myself. Surprised at how strong I've become.

Lysandre: What do you mean!?

Nico: Your punches only tickled. Like a tiny feather.

Lysandre was enraged.

Lysandre: HOW DARE YOU SAY THAT!?

He plowed Nico into the ground with devastating force.

Nico got up.

Lysandre: This world and the universe will be destroyed!

Lysandre formed an enormous black ball of energy!

Lysandre: REVENGE DEATH BALL!

He threw the massive black energy ball at Nico and it hit him and exploded in a massive fiery explosion.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

When the smoke cleared, Nico was still standing completely unharmed.

Lysandre: What!? That blast should've reduced him to atoms and it did absolutely nothing!

Nico: Lysandre, you can never defeat me! My powers have far surpassed yours you wretched human. And you know it.

Lysandre: DIE YOU (CENSORED) FREAK!

He fired numerous energy blasts at him and missed horribly.

Nico: Listen to me Lysandre, I cannot allow you to get away with all the pain and suffering you have caused to innocent people and Pokemon alike.

The energy blasts exploded and blew the pillar he was standing on apart and Nico flew into the air.

Nico: You've gone too far. Now you've got to deal with Team Loud Phoenix Storm.

Nico flared up his Super Saiyan Aura to an incredible level and flew at Lysandre and kneed him in the stomach with devastating force and punched him in the face with powerful force and did so again and kicked him in the face and punched him in the stomach with powerful force. He kicked him into the ground with devastating force and he crashed into a destroyed building.

Nico landed.

Lysandre: I am not a bad guy.

Nico: Actually you are a bad guy. You want to destroy the entire universe and that is something we can't let you do.

Lysandre: But I'm a human and you'll be nothing but a murderer that is innocent.

Nico: That's funny. We fought many creatures all over the Universe that are far more powerful than normal humans and they are nowhere near as powerful as us.

Lysandre: So you know the limits of the human race. That's great. But you are just a weak human who has no idea what he's up against.

Nico: You don't have any idea what I am. I may look like a human but I'm actually from another planet. I'm one of the last of the most feared race in the entire galaxy. I'm a Saiyan raised here on Earth but I was born on the planet Vegeta.

Lysandre: So once I kill you I'll do the universe a favor.

Nico: You act like you know the Saiyans but your knowledge is dangerously lacking. What you don't realize is that the more a Saiyan continues to fight, the stronger we become.

Lysandre: Then lets see how strong you are.

Lysandre fired an energy blast and Nico deflected it and it hit a mountain behind him and exploded.

KRABOOOOOMMM!

Nico: I'm sick of playing games with you Lysandre!

Nico fired a shockwave blast and blew him into the air and flew up to him and kneed him in the face and punched him in the mouth.

Older Nico fired an energy blast and obliterated more members of Team Flare.

Spiderman: It's combo time!

Preceptor: You got it Spiderman!

Perceptor fired a focused rainbow light beam and Spiderman fired his web blaster.

Spiderman and Perceptor: RAINBOW DEATH WEB!

The light merged with the web and it ensnared some of the members of Team Flare and vaporized them.

Waspinator: Combo time for Waspinator!

Straxus: You got it Waspinator!

Straxus threw his battle axe and Waspinator fired his stinger gun.

Straxus and Waspinator: WASP STING AXE SLAM!

The Stinger Blasts and Axe hit the members of Team Flare and exploded and killed them.

Inferno (BW): It's time for you all to burn!

Inferno fired a blast of fire with his blaster that incinerated the members of Team Flare.

Serena: Final Smash time! VALOR FIREBIRD INFERNO!

Serena fired a massive blast of fire that turned into a phoenix and it incinerated the members of Team Flare.

Inferno (BW): Time to burn the rest. FIRE ANT INFERNO!

Inferno fired a massive blast of fire and it turned into a ferocious Fire Ant colony made of pure fire and it incinerated the rest of Team Flare.

Me: They're all dead. Lets capture the Pokemon they use and take down Lysandre for good.

Older Nico: You got it.

We got all the Pokemon Team Flare had and went to join the fight.

---

Nico punched Lysandre in the face and sent him crashing into a rock.

Nico: Lysandre, you have failed this city!

I kick him into the air.

Me: More like he has failed this whole universe!

I went Super Ebonwu 30,000 Phoenix Angel and flew at him. Older Nico kneed him in the chin and grabbed him and spun him around and threw him at me and I punched him in the face with devastating power and knocked out some of his teeth. I saw that he had a headband on his head. I rip it off and I got a shock when I saw that Lysandre had a small Dark Orb imbedded in the middle of his forehead.

Me: So that's how Lysandre is able to use those powers and Baby's Powers. He has a dark orb in the middle of his forehead.

I punch him in the middle of the forehead and destroy the Dark Orb and we got a massive power boost. It was far more powerful than the one that we destroyed that was as big as a house.

Me: Wow! That one was powerful!

Older May: It is true what they say. Big things come in small packages.

May: That's right.

Older Nico slashed Lysandre in the face with his sword.

Edzilla (punches Lysandre): ED SMASH LION HAIRED MAN!

Leni punched Lysandre with a gravity enhanced punch and kicked him in the stomach with devastating force. Nathan slashed him in several spots with a chain of pure fire and burned him all over. Nico then had him in a hold and Lincoln took his Pokeballs. Lysandre had a Pyroar, a Mienshao, a Honchkrow a Gyarados, a Xerneas, a Yveltal and a Zygarde.

Lincoln: You are an absolute menace to the world of Pokemon and to the entire universe!

Earth: You tell him Linky!

Then a massive missile hit Lysandre and exploded!

KRABOOOOOOOOOOOOOOOOOOOOOOMMMM!

We saw where it came from and it was a much more awesome version of Shockwave. It was Shockwave from 2011's Transformers Dark of The Moon. He was an awesome Fusion Tank and he was a big one.

Shockwave: Wow! Is that me!?

Shockwave 2011: I'm a newer and much cooler version of you. You might say I am your future self.

Me: Wow! That is a cool version of you Shockwave!

Shockwave: It sure is. It's awesome meeting a future version of me.

Shockwave 2011: Glad you like me.

Me: Lets finish this dirtbag off.

Older Me: You got it.

We raised our hands into the air.

Me and Older Me & Nico and Older Nico: EVERYONE SHARE YOUR ENERGY WITH US!

Energy from all over Earth and the galaxy came and a massive ball of energy formed.

Lysandre saw the massive energy ball we made.

Me: Lysandre! We're holding the energy of every single person here on Earth and all the Pokemon you've abused and tortured for your own sick goals that has ever suffered at the hands of evil doers like you!

Lysandre was looking on in pure shock and fear at the sight of the massive energy ball we made!

Older Nico: Now you will die and pay for your crimes!

Me: Go to Hell!

Older Me: And…

Nico: Stay…

Older Nico: There! You son of a (Censored)!

We threw the powerful energy ball at him and it hit him and Lysandre was completely obliterated in an instant. Nothing of him, not even an atom of him was left. The Spirit Bomb flew up into space and exploded harmlessly.

KRABOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMM

When the explosion faded, Lysandre was dead and gone.

Me: It's over guys! Team Flare has been destroyed!

We cheered wildly. Then Lysandre's spirit and all the spirits of the members of Team Flare appeared.

Lysandre: You will pay for killing me!

Nicole: You will never torment our planet ever again! This is our home and you Team Flare are not welcome here! (Chants an Incantation) ALDRUON ENLENTHRANEL VOSOLUN LIRUS-NOR!

The spirits were sucked into the Book of Vile Darkness.

Lysandre: DAMN YOU TEAM LOUD PHOENIX STORM!

They were gone for good.

Me: Burn in Hell Lysandre and Team Flare.

Team Flare was gone for good. I gave Nico a Ledian and an Ariados.

Serena: (To the Viewers) This will send a message out to all evil doers. You threaten our home, we're gonna come for you.

Ash: You said it Serena.

Me: Our next target is Team Galactic and we won't let any villain team get away with the crimes they have committed.

Nico: No we won't.

THE END

---

Another Fanfiction Complete

Team Flare has to be the most ruthless villain group we ever took down. They were a pure evil group in Season 18 and 19 of Pokemon. NicoChan11 gave me the ideas for this one. Thanks man as usual. Let me know what you all think.

See you all next time

# A Pokemon Trainer Imposter

It starts in the estate. I was having a video call with Chris McLean to come up for ideas for the upcoming 2020 season of Total Drama Galaxy.

Me: So for the first idea of a challenge for Total Drama Galaxy is where we fight some of the deadliest criminals in the Jupiter Prison.

Chris: I like it J.D. Everyone deserves a little action. And I take it you're going to include the sore losers minus Heather?

Me: You hit the nail right on the head Chris. We have 6 years of payback to dish out on them. Plus, Gwen is happy now that Heather is dead. Oh that reminds me. You're gonna like the second challenge. But it's really dangerous.

Chris: Lay it on me man.

Me: Okay. The next challenge is on the planet Pandora from the movie Avatar.

Chris: Sweet! But wait, doesn't the planet Pandora have a poisonous atmosphere?

Me: It does and the movie took place in the year 2154, 135 years from now. But we've had a lot of crazy encounters with all kinds of people from different times and dimensions.

Chris: That does make sense. It's perfect! What challenge will we find there?

Me: Oh it's gonna be a good one. Our scanners picked up the spirit of Heather running around.

Chris: I have a feeling it's gonna be awesome! But won't we die in a poisonous atmosphere like that?

Me: Way ahead of you Chris.

I pulled out a special breathing mask.

Me: This is a 22nd century Breathing mask. Like in the movie, this will enable us to breathe on the planet Pandora. You know that movie right?

Chris: I sure do. That movie was a huge and awesome hit! We'll need those for Pandora.

Me: You got it Chris. Lisa can make them. I'll come up with more challenges when I think of some. We still have a whole year.

Chris: You got it J.D. Thanks for the first 2 ideas.

Me: No problem dude. See ya around for Total Drama Galaxy.

Chris: Yep. Later dude.

The call turned off.

---

We were with Mr. Test and we were having his meatloaf.

Nico: I'm glad that you're not being too overprotective anymore, Mr. Test.

Mr. Test: Of course I'm not. (sighs) But sometimes, I can't help but feel sad that my kids are growing up so fast.

Me: It's normal for a parent to have that feeling. It's part of the parenting style.

Mr. Test: You're right J.D. I can't argue with that.

Nico: Mr. Test, I don't know why everyone doesn't like your meatloaf. To me, it's delicious!

Lana: I'll say.

They ate several meatloaves.

Mr. Test: Thanks Nico.

We heard an explosion.

Mr. Test: What was that?

Me: That's Gwen. She's practicing a 2nd Final Smash.

Johnny: That is cool!

Me: It sure is J.D.

* * *

We were now in the living room and me, Nicole, Sam and Lily were playing Super Smash Bros. Ultimate and we were playing as Lincoln.

Sam (TD): It's so awesome having you in Super Smash Brothers, Lincoln!

Lincoln: I was surprised when they put me in here.

Me: We all were. It's still a major shock.

Lily: Yeah.

Nicole won.

Nicole: Yes! Goddess of Video Games triumphs again!

Sam (TD): I know video games and you are truly the goddess of video games.

Nicole: Thanks Sam.

Nico: It's awesome how Nicole can easily master any video game so easily.

Me: It sure is.

Brock: That's what really amazes me too.

Lily: Yeah. Brock what happened between you and Professor Ivy?

When Brock heard that name he crouched into a fetal position and had a glum aura around him.

Brock: Don't mention that name.

Me: (In my head) Wow. Whatever went down with Brock and Professor Ivy must've been pretty bad. But we have to find out what happened so we can help him out. (Out loud) Sorry about this Brock but we have to find out what's wrong.

I used my telepathic powers and went into Brock's mind. When I found out what happened to him with Professor Ivy, I got an unexpected shock and my face turned as red as a tomato with an atomic red glow and I was blown back by a massive nosebleed that sent me crashing through the door into Lynn Sr. and Rita's room!

CRASH!

Lynn Sr.: J.D. are you okay!?

Rita: What happened!?

Me: (Weakly) Did someone get the number of that truck?

I went back to normal and I had cotton balls in my nose.

Me: Ow! Geez Brock. Now I know why you and Professor Ivy had a falling out.

Brock: Yeah. I'm sorry you saw that J.D.

Me: No worries Brock.

Nico: What did you see?

I whispered what I saw into Nico's ear and Nico's ear and he blushed.

Me: Sorry man. But I know what I saw. Trust me. But Brock I'm so sorry that this happened to you. No wonder you were so traumatized because of it.

Lucy (Pokemon): Me too Brock.

Brock: Thanks for your concern guys. I feel much better now that you helped me.

Me: I'm glad.

I scanned the world for any dark orbs we have left. The satellites scanned for any Dark Orbs and it discovered that we only have 4 Dark Orbs left on Earth.

Me: Will this is a relief. We only have 4 Dark Orbs on Earth left to destroy and then Earth will be Heartless and Dark Orb Free. But then we only have planets in 47,000 galaxies to cover. We have our work cut out for us.

Cheetor: We sure do J.D. I can't believe that Xehanort's evil is all over the universe like that.

Rattrap: Me neither. We're all gonna die.

Me: Shut up Rattrap.

Rhinox: We have to be ready for ready for anything.

Airazor: It's gonna be tough road but we can find and destroy them.

Spittor: Yeah.

Courtney: Hey J.D. how did Heather's Parents react to her death?

Me: That is something I will never forget.

FLASHBACK - MANITOBA, CANADA

Me: (Narrating) **After Total Drama All Stars 2 ended, I went to deliver the news of Heather's death to her parents. But as the door opened I was greeted by a blast of confetti and streamers and I saw Heather's parents partying like there was no tomorrow. I knew right then and there that they already got the news and they were happy.**

FLASHBACK ENDS

Me: In a way they don't miss her at all.

Courtney: That little tramp deserved to die.

Gwen: I agree Courtney. She had it coming for the entirety of our death-defying careers on the show.

Leshawna: You said it girl.

Me: I agree with you Leshawna. From what we saw over here in America while watching Total Drama, you and Heather hated each others guts with a vengeance to the core.

Cheetor: Whoa! That is a powerful revenge.

Me: It's not actually revenge Cheetor. It's actually because Heather had a heart of pure evil and she was a psychotic sociopathic freak and didn't care who to step on to get what she wanted.

Lincoln: Wow. And I thought Megatron had a dark heart.

Me: His was worse.

Johnny came.

Johnny: Hey guys.

Me: Oh hey J.T.

Johnny: Want to play my latest video game Tinymon?

Me: That sounds like a parody of Pokemon.

Johnny: It totally is. And the main character Blast Ketchup is based on Ash Ketchum.

Duke: But with a major difference. Ash knows how to take defeat with grace. Blast Ketchum is a sore loser.

We watched Johnny play Tinymon and we saw that Duke was right.

Ash saw that Blast looks like him.

Ash: Wait a minute. That Blast Ketchup kid looks just like me!

Me: Well he is based on you Ash. But he is a major league sore loser. Who's that kid that's with Blast?

Johnny: That's Edwin. He calls him Ed and he's the technogenius and strategist in the game.

Nicole: I have to try this out.

Johnny: Go for it Nicole.

Nicole played Tinymon and 5 minutes later she won.

Nicole: Not even a challenge for the Goddess of Video Gaming.

Johnny: Wow! Nicole you are awesome!

Duke: I bow to you great and almighty goddess of Video Games.

Duke did so.

Batgirl: We should go to the Tinymon world just to see if everything's alright there.

Then Johnny's game system glowed and suddenly a wave of energy appeared and teleported Johnny and Duke into the game!

Me: What the!?

Nicole: What happened!?

Me: Johnny and Duke got sucked into the Tinymon game!

Mr. Test: That game has got my son and dog!?

Me: I'm afraid so Mr. Test. We're gonna have to go in there and get him.

Mr. Test: How are we gonna do that?

Me: We've done this before. Lets head to the simulator.

We went into the Simulator.

Me: You see Mr. Test, we used our Training Simulator to go into a game that a friend of ours at a local college made to save our friends of Mystery Inc. from.

Mr. Test: Well in that case, I want to come with you all.

Spark Man: You sure you want to go with us, Mr. Test?

Mr. Test: Absolutely. I have a score to settle with that Ketchup brat!

Me: Lets get him!

We hooked up Johnny's game to the Simulator and went into the game. We were in the world of Tinymon.

Me: Pokemon is much better than Tinymon.

Ash: You got that right.

Then we saw the unfair Sore Loser trainer BLAST KETCHUP!

Blast: Ha ha! It is J.D. Knudson of Team Loud Phoenix Storm.

Me: Blast Ketchup.

Ash (to Blast Ketchup): You and I may be similar in some ways. But here's one major difference: unlike you, I'm not a sore loser!

Me: You tell him Ash.

Terrorsaur: You give all Pokemon a bad name. Terrorsaur TERRORIZE!

Terrorsaur transformed.

Cheetor: Cheetor MAXIMIZE!

Cheetor transformed.

Slipstream and Wreck Gar transformed.

Me: Lets get him guys.

Optimus Primal: With pleasure. Optimus Primal MAXIMIZE.

Optimus Primal transformed.

Blast Ketchup: Time for you to meet my new Tinymon that will help destroy you all!

A Heartless then appeared. It was an electric monster that was colored black and yellow.

Riku: Is that the 10,000 Volt Ghost?!

Nico: Not anymore it's not!

Me: That's not a Heartless guys. It's actually a different version of the 10,000 Volt Ghost.

Blast Ketchup: That's right. Ha ha! Meet Twilight Volteon! With which I will use to destroy you all and become the greatest Tinymon master of them all!

Me: You give all Pokemon Trainers everywhere a really bad name!

Johnny (grabs Ketchup by the collar): HOW COULD YOU DO THIS?! I LOOKED UP TO YOU! I EVEN HAD A POSTER OF YOU IN MY ROOM! Did you forget? It's not about winning. It's about having fun and forming friendships with others!

Ben: That's the same thing I said to Carl Nesmith that one time.

Me: That is coincidental. Lets get him!

We went at the Twilight Volteon. Lincoln fired a tremendous blast of lightning and it blew its arm off. Ash punched Blast in the face and Pikachu electrocuted Blast.

I punched the Twilight Volteon in the face and it sent electricity through me!

Me: Ow!

Laney: Are you alright?

Me: Yeah. My knuckles are numb but I'll be all right.

Slipstream: It's combo time Spark Man.

Spark Man: You got it Slipstream.

Spark Man fired a Spark Shock and Slipstream fired a Null Ray.

Spark Man and Slipstream: LIGHTNING NUMBING RAY!

The blasts combined and they hit Twilight Volteon and overloaded him.

Batgirl: Lets get him Wreck Gar.

Wreck Gar: You got it!

Wreck Gar went into his motorcycle mode and Batgirl threw batarangs and Wreck Gar fired lasers.

Batgirl and Wreck Gar: ENERGY BATARANG BARRAGE!

The batarangs and lasers hit the Twilight Volteon and was burning him.

Me: Final Smash time!

Harold: You got it! I'll start us off! (CHUGS A BOTTLE OF HOT SAUCE) MY BISCUITS ARE BURNING!

Harold fired a massive blast of fire from his crotch and it hit the Twilight Volteon and it exploded. The Twilight Volteon was obliterated.

Blast: (ENRAGED) I'LL USE ALL MY TINYMON!

Blast called out all his Tinymon!

Ash: Using all his Tinymon all at once is ganging up is so unfair!

Me: What do you expect from a sore loser Ash? They never play fair.

Nico: Blast Ketchup you have Failed the world of Tinymon!

Cheetor, Terrorsaur and Optimus Primal fired blasters and lasers and they hit the Tinymon and exploded.

Gwen (TD): I have a new final smash. Samus has 2 Final Smash's so I figure why not me. I HATE HEATHER!

Gwen made a statue of Heather giving the stink eye rise out of the ground and she fired a blast of black lightning at it and it exploded and the shrapnel from the statue hit all his Tinymon and knocked them all out.

Riku: My turn! GRAVIRA PUNCHSTORM!

Riku fired blasts of gravity and they punched Blast all over the place and pulverized him.

Mr. Test: I've never done a Final Smash before but this'll be the first one I've done.

Me: First time for everything Mr. Test.

Mr. Test: It sure is. This kid is gonna be in big trouble. Big Trouble! YOU'RE GROUNDED YOUNG MAN!

Mr. Test fired a blast of rocks at Blast Ketchup and they slammed into Blast and knocked him down.

Me: That was great Mr. Test!

Mr. Test: It sure was. That was a great Final Smash but I was expecting the result to be something else.

Me: Well you can't always expect the result to be what you intend it to be.

Mr. Test: That's true.

Sam (TD): I want to have a crack at him. But I don't know if I can do a Final Smash.

Me: Do it for Dakota man!

Nico: Yeah! You can do it!

Sam (TD): You're right! I'll need some pancakes.

Johnny: Johnny Cakes coming right up!

Johnny snapped his fingers and huge pancakes like the ones in Total Drama All Stars appeared.

Sam ate them and it was gonna be a good one.

Sam (TD): Here it comes. OLD IRON TUMMY BURPSTORM!

Sam released a monstrous belch that was so horrible and so loud that it blew Blast into the wall!

Sam (TD): Chalk another one up for the game guy. Sure it wasn't easy. Me and old Iron Tummy didn't get banned from all the Barney Buffet's in Tricounty Area for nothing.

Me: Boy I'll say man! But that was awesome!

Suddenly two speeding creatures flew faster than bullets fired from a gun and headbutt Blast Ketchup everywhere!

Me: Wow!

We saw them stop. It was the two legendary Pokemon brothers Latios and Latias.

Me: Wow! Latias and Latios.

Nico: You can catch them J.D.

Me: Don't mind if I do Nico.

I pull out two Master Balls and caught Latias and Latios.

Then a blast of lightning and poison hit Blast Ketchup and electrocuted him and hurt him. We saw a Lanturn and a Crobat.

Me: A Lanturn and a Crobat! You should have them Nico.

Nico: Thanks man.

We walked up to Blast Ketchup and we were looking at him with disdain.

Nico (to Ketchup): You know what? We're just going leave you be. And it's not to be merciful to you. It's so you can live with the fact that we were the ones to defeat you. And that you'll never defeat us. Ever.

We left and it was another awesome victory.

Johnny (to Maria): Tell me, Maria. Did you really think I had it in me? To kill Ketchup back there?

Maria: You came close to it. But you know what? I think in the future, you should kill a random bad guy to protect people. That way, you stay the same kid your family loves. After all, if you kill out of vengeance, you end up losing a part of yourself in the process.

Johnny: Good point.

We went back home.

Mr. Test: (To the viewers) This was a great adventure and I got a taste of what it was like to be a part of Team Loud Phoenix Storm.

THE END

---

Another Fanficton Complete.

Blast Ketchup is one of the strangest and most weirdest enemies of Johnny Test and he is a parody of Ash Ketchum from Pokemon. But nothing will ever beat Ash and Pikachu. NicoChan11 gave me the ideas for this one. Thanks man as usual. Let me know what you all

think.

See you all next time

# The Darth Vader Vegan

Part 1: Lila Test's Birthday

---

In the dining room at 6:30 AM, Me, Nico, Lori, Varie, Lincoln, Mr. Test, Susan & Mary, Johnny and Dukey were at the dining room table.

Me: So what did you wake us up for Mr. Test?

Mr. Test: Well I want to give Lila the best birthday she has had. Today is her birthday.

Me: Oh wow. You called the right people Mr. Test. We plan awesome birthday parties.

Mr. Test: That's what I heard J.D. Today is Lila's birthday and we're gonna make it extra-special with a super surprise breakfast and fashion-appropriate gifts.

Susan T.: Try to get her a good birthday present this year dad.

Mary T.: Not like last year's inappropriate jackhammer.

Flashback shows that Lila Test got a jackhammer and she was bouncing on it out of control.

Mr. Test: It was on sale at an excellent value.

Me: I agree with Susan and Mary, Mr. Test.

Nico: Me too.

Lori: Yeah she could've literally gotten seriously hurt.

Lincoln: What do you think she wants Johnny?

Johnny: I think she wants a new dining room.

Mr. Test: What makes you say that?

Johnny: She left catalogs all over our house in the estate with pictures of it and sticky notes saying I want this for my birthday.

We saw a beautiful dining room in a catalog Johnny pulled out.

Me: That's a nice dining room.

Lori: It literally is beautiful.

Nico: It sure is and Mrs. Test would love it.

Mr. Test: I don't think so and dining room tables cost more than $43.87, and the birthday budget says that all I'm allowed to spend.

Me: Hey no sweat Mr. Test. Me and Lana can build the dining room. I took woodworking classes and I excel at them and Lana is an awesome handyman.

Mr. Test: That's an awesome idea J.D. But how much will it cost?

Me: We'll do it for free.

Lori: That's right. Lana always does stuff for free around the house.

Mr. Test: Wow! Thanks J.D.

Me: You're welcome Mr. Test.

Mr. Test: Johnny you have the most important job of all.

Mr. Test put Johnny in a chair by his parents bedroom door.

Mr. Test: Sitting here and making sure she doesn't ruin her birthday surprise like she does every year by coming downstairs before we're ready.

Me: Mr. Test I think Susan and Mary would be perfect for this job and Lola and Lisa can help as well.

Mr. Test: Well whatever works.

Me: Okay lets get to work. Here's what we do. Susan & Mary, Lola and Lisa will keep watch over Mrs. Test. My daughter Mary, Lincoln and Johnny will make the awesome birthday breakfast. She likes pancakes from what I can tell.

Johnny: She does.

Me: Okay. And for the icing on the cake, Me, Lana and Laney will work on the dining room.

Lori: Perfect plan J.D.

Lincoln: Okay it's time to put Operation: Put Everything Together And Give Mrs. Test The Greatest Birthday She Has Ever Had And Think Of A Shorter Name For This Operation into action!

Me: How about Operation: Lila Test Birthday Extravaganza?

Lincoln: That's perfect!

Nico: Poromon, don't even think of eating all the food. That's for everyone!

Poromon: Okay.

Nico: I'm watching you.

Me: Lets do it!

We got to work.

* * *

French Narrator: (French Accent) 2 Hours Later

* * *

Lila test woke up and she was excited.

Lila T.: (Squeals) It's my birthday!

Me: (From downstairs) Okay everything is all ready!

Lila was excited and she came down and the whole kitchen was dark.

Lila: Why is everything dark?

She turned on the lights and we surprised her and Johnny was holding a stack of pancakes with candles in them.

Everyone: SURPRISE!

Poromon, Manaphy, and Poliwag: HAPPY BIRTHDAY, MRS. TEST!

Lila saw her awesome dining room she wanted and she was ecstatic.

Lila T.: It's… IT'S THE MOST AMAZING BIRTHDAY SURPRISE I'VE EVER HAD!

Me: Happy Birthday Mrs. Test.

Johnny: We made you the best present of them all.

We explained what we did for her.

Me: And there you have it.

Lila T.: Oh thank you all so much for the greatest birthday ever! (Kisses Mr. Test)

Mr. Test: Oh you're welcome Sweetheart.

We had an awesome birthday for Lila.

Lila Test opened her gifts.

Ultra Magnus: Mrs. Test, here's my gift for you.

Ultra Magnus gave her an awesome necklace made from diamonds from Cybertron.

Lila T.: What a beautiful necklace!

Ultra Magnus: It's diamonds from Cybertron. Most priceless substance in the universe.

Me: It's a beautiful necklace.

---

## Part 2: GIVING HEATHER HER JUST DESSERTS

---

We were watching reruns in the living room of our times on Total Drama. It was so cool!

Me: Boy Gwen you were a force on Total Drama Island. And those dares you and Owen did on Heather? They were awesome! And I would call that an act of karma for Heather getting her head shaving like that.

Gwen: It was Lindsey that made that dare.

Owen: Whoo-hoo! Yeah baby!

Naruto: From all accounts Heather was the meanest and most cold-hearted (Censored) of them all.

Me: You got that right bro.

We continued watching and we saw the most despicable deed she ever did to Gwen. She made it look like Trent was cheating on Gwen by kissing Heather!

We gasped!

Laney: That monster!

Lola: That little cheating monster (Censored)!

Me: I agree. But from what I can't tell, being with Heather for 4 seasons was like living with painful burns from drinking a gallon of Sulfuric Acid.

Courtney: You got that right J.D.

Gwen was enraged. She knew that Heather was a major plague to everyone but Heather is now 150% worse than the Devil!

Me: Gwen I know what you're thinking and I hate Heather just as much as you and Leshawna do. But let me handle this.

I went to the Simulator.

---

In the Simulator I was doing an exercise where I journey through all of Total Drama Island and make Heather suffer 100 billion fold. The exercise began and I was on Camp Wawanakwa during the very first challenge. I had a copy of the photo of the campers and I looked at Heather and Eva and took a red permanent ink marker and drew Devil Horns and a beard on Heather and Eva. I also put "Heather is one Ugly (Censored)".

Me: (Giggles) (To the Viewers) Predator reference.

I put "Eva is a (Censored) up Sore Loser."

I saw the campers on the tall cliff and they were gonna dive into the lake from that height.

Me: I remember this. This was so awesome.

I saw Leshawna throw Heather into the lake.

Me: Wow. What a fall.

She landed into the lake.

Heather: Leshawna you are so dead.

I grew a really long jellyfish tentacle from where I grow my tail and it wrapped around Heather and electrocuted her with 400 billion volts of electricity.

ZAAAAAAAPPPPPP!

Heather screamed in pain.

Chris: OOOHHH! That's got to hurt!

Heather was twitching bad and Lightning arched around her.

Leshawna saw this.

Leshawna: Thanks for that baby!

I give her the thumbs up and winked at her.

Me: I've only just started with the torture I'm about to administer.

---

During the Awakeathon challenge I was watching Heather like a hawk. Thanks to everything I learned from my first time on Total Drama, was gonna make sure that Heather gets a one way ticket to prison after the season is done. And I'm also going to make sure that the girls minus Eva get their shot in on her by pulverizing her into oblivion.

I saw Heather grab Eva's Mp3 player and I grabbed her hand.

Me: Back off (Censored).

Heather: You are not gonna stop me from getting what I…

POW!

I punch Heather in the face and she slammed into Eva and crashed into her.

I walk up to Eva.

Me: Here Eva. Heather was trying to steal your mp3 player to tick you off so she can kick you off.

Eva: SHE WHAT!?

I used my powers to show her what I saw. Eva was enraged and she mercilessly thrashed her.

I smiled at her pain.

Owen was voted off.

To make things interesting, I decided to have everyone stay and watch on the island. A montage followed and it showed all the challenges in the show and everything that went down.

When the final challenge came it was between Gwen and Heather and in the end Gwen won. Everyone cheered wildly for Gwen.

Heather was enraged and she could not believe she lost to Gwen!

Heather: I CAN'T BELIEVE THIS! I SHOULD HAVE THAT $100,000.00! IT WAS MY MONEY!

Me: You don't deserve anything Heather. But here's your consolation prize. Pick a body part girls. You've had this coming for a long time (Censored).

The girls mercilessly beat up Heather with the full wrath of the Forces of Hell and it was a brutal fight.

Me: Wow. In the immortal words of my friend Nico: Heather you have failed all of Canada.

We laughed.

Heather was badly thrashed, disgraced and sent to prison for the rest of her miserable life. She was placed in the Antarctica Prison for all eternity. She now shares a cell with Alejandro. We now had two Heather's with two different fates: One was dead because of a death curse and buried in an unmarked grave and the other was placed in the same cell as Alejandro. I left the simulator and everyone cheered wildly for me.

---

## Part 3: Battle with The Sith Vegetarian Overlord!

---

It was quiet in the estate.

Chef Hatchett came in and he had a photo album with him.

Chef Hatchett: Hey guys.

Me: Oh hey Chef. What you got there?

Chef Hatchett: A photo album. Before I became the chef and helper of Chris, I was a teacher at a kindergarten and everyone on Total Drama was in my care.

Me: Oh wow! I got to see this.

We saw the photos and Chef Hatchett had Owen, Gwen, Leshawna, Bridgette, Courtney, Noah, Duncan, Cody, Harold, Izzy, Beth, and a boy I don't know in his care.

Me: Aw.

Lori: You guys were literally so cute back then.

Courtney: We sure were Lori. I was very skilled back then. I had 325 badges in a Canadian camp.

Me: Wow. That explains how you became a Counselor In Training.

Duncan: I was an escape artist. I wasn't a troublemaker back then. I was more of an escape artist.

Courtney: A lot things haven't changed 10 years later.

Lola: No they haven't.

Me: But let me tell you, if you guys had your past selves here, you would be great big sisters and big brothers.

Owen: We sure would! Whoo-hoo!

Bridgette: I think it would be so adorable.

Johnny: Megan, can you describe your sister like relationship with Cornelia?

Carol: Of course she can. And as a bonus, I'll describe my sister like relationship with Maria.

Johnny: Cool.

Megan: Me and Cornelia have been close ever since my brother Kevin stopped the Wet Bandits the 2nd time. We have had a powerful bond since we met on the internet in a chat room.

Johnny: Cool!

Carol: My relationship with Maria has been a good one too. We've been close ever since Kindergarten and I stopped bullies from picking on her.

Maria: Yep. We've been close ever since then.

We laughed and we were having a great time talking. Then the alarm went off.

Me: Uh oh.

The computer showed that Johnny's old nemesis Dark Vegan is at it again!

Me: Who or what is that?

Johnny: That's my enemy Dark Vegan. He's one of my neighbors that hates my guts to the core. He was the leader of the planet Vegandon. It's a planet me and Dukey found for an experiment Susan and Mary had to prove the existence of life on other planets. We stopped him from trying to destroy Earth and he hates me now.

Me: Sounds like this guy has one nasty vendetta against you.

Johnny: He totally does.

Jared: The Planet Vegandon sounds like my kind of planet though. What is it?

Johnny: It's a planet where the people only eat plants and man and beast live in total harmony.

Jared: Wow! That IS my kind of planet. And I'm a true vegetarian.

Me: I had a feeling you would like that planet son. How did you defeat Dark Vegan and what drove him to hate your guts Johnny?

Johnny: We destroyed his evil reign and stopped him from destroying Earth. I also destroyed his empire and his daughter Jillian now is leader of the empire.

Me: Well one thing is for sure we can't let this Darth Vader ripoff artist get away with his crimes. Lets get him! And may the Force be with us. Boy I haven't said that in a while.

We went out to get Dark Vegan.

---

Dark Vegan was destroying lots of cars with his powers and they are exploding into flames.

Dark Vegan: (Evil Laughter) You people will feel my wrath!

We suddenly swooped in I kicked Dark Vegan in his helmet and sent him crashing into a car.

We had our lightsabers ready.

Me: Dark Vegan of Vegandon.

Johnny: Hello Vegan.

Dark Vegan saw Johnny.

Dark Vegan: Johnny Test. My ultimate nemesis. Now I will destroy you and make you pay for everything you've done to me.

Me: You'll have to get passed us first you Darth Vader Ripoff Artist.

We ignited our lightsabers.

(DUEL OF THE FATES PLAYS)

We went at Dark Vegan and he had a purple lightsaber and we clashed. Sparks were flying everywhere when we clashed. I fired a blast of Force Lightning and electrocuted him.

Jared: You are a disgrace to all vegetarians everywhere. You give all us plant lovers a really bad name.

Anakin (to Vegan): You're just a knock off of my Darth Vader self. You're not even threatening as he is!

Vegan: Not yet, I'm not!

Vegan then used the Dark Orb to summon Stormtrooper Heartless.

Vegan: What do you think of me now?!

Nico: Ok, now you look threatening!

Me: Heartless in the form of Imperial Stormtroopers!?

My dark orb detector device showed that Vegan had a Dark Orb.

Me: You have a Dark Orb, Vegan.

Vegan: I sure do. It's a nifty little power tool.

Me: Those Dark Orbs pose a tremendous danger to the entire universe Vegan. We have 47,000 galaxies to cover to destroy them all.

Vegan: That's a lot of galaxies to cover. It'll take thousands of years.

Me: That was my first estimate too and reaction too.

Vegan: Well you won't live long enough to do so! Kill them Troopers.

The Stormtrooper Heartless fired their blasters at us and we deflected them with our lightsabers and slashed them and blasted them with Force Lightning and the power of the Force and it was a powerful and explosive battle. It was one that was being felt by the Jedi in other dimensions and at the newly restored Jedi Temple. It was a tough battle. Ahsoka Tano slashed numerous Stormtroopers and blew them back with the Force.

When we beat and destroyed all the Heartless Stormtroopers we got a massive power boost.

Me: You are next Vegan.

Then a roar was heard and a massive dragon appeared! It was a Heartless Dragon.

The Heartless that appeared was a blue sea dragon. But what Elena recognized was Demyx's sitar at the end of it's tail.

Elena: Demyx?!

Dragopool Dragon: Still think I'm a wimp now, Larxene?

Me: So that's Demyx's Heartless! What an awesome dragon!

Nico: I would love to tame that one.

Me: You guys take him down. We'll go after Vegan.

Nico: Right! Elena, Buzzsaw, Ultra Magnus, Wishywashy, lets get him!

They went at the Dragopool Dragon and it was a powerful assault.

Cornelia: Megan, watch my back while I'm helping the others against Vegan!

Megan: Right!

Cornelia fired rocks and earth at Vegan and slammed them into him.

Elena fired a blast of lightning at the Dragopool Dragon and electrocuted it.

Elena: Demyx you will always be that worthless loser I hated! And my name is Elena!

Elena punched him in the face.

Nico: Demyx of Organization XIII you have failed this Universe!

Nico fired a blast of ice and it covered the Dragopool Dragon's eyes.

Elena: Combo time!

Buzzsaw: You got it Elena.

Buzzsaw turned from a casette tape into a bird-like plane and flew at 250 miles per hour towards the Dragopool Dragon and Elena fired a powerful blast of lightning.

Elena and Buzzsaw: LIGHTNING ORACLE FALCON!

The lightning merged with Buzzsaw and turned him into a falcon made entirely of pure lightning and it slammed into the Dracopool Dragon with devastating force.

Ultra Magnus fired lasers at it and Wishywashy fired magic at the dragon.

Ultra Magnus: Lets fire our combo.

Wishywashy agreed and fired a blast of magic and Ultra Magnus fired lasers.

Ultra Magnus: SHOOTING STAR LASERSTORM!

The lasers turned into comets and they hit the Dragopool Dragon and hurt him with powerful explosions. Then a powerful blast of lightning appeared out of nowhere.

Elena: Nico I think we got him knocked out.

Nico: That wasn't me.

Ultra Magnus: I think it came from that little guy.

Nico saw a Pichu.

Nico: Oh wow! It's a Pichu.

Elena: Oh he's so adorable.

Nico: He's the previous form of a Pikachu.

Nico flew down and picked him up.

Then a Cleffa arrived.

Nico: Hey it's a Cleffa.

Ultra Magnus: Those two Pokemon are cute.

Nico: They sure are.

Nico caught the Pichu and Cleffa and he pulled Demyx out of the Dragopool Dragon and tamed it. Nicole sealed Demyx into the Book of Vile Darkness.

Nicole: That takes care of him. Again.

They went back to help me take care of Vegan.

---

The fight with Dark Vegan raged on.

Me: We're too evenly matched in our powers with the Jedi and the Vegandan's.

Anakin: We sure are. Our only chance is Final Smashes.

Me: Lets do it Master Anakin!

Anakin: I'll start. FORCE LIGHT BLAST!

Anakin fired a blast of rainbow light energy and it hit Vegan and exploded.

KRABOOOOOOOOOOOOOMMMM!

Cornelia: My turn! BRAMBLE VINE WHIPLASH!

Cornelia summoned numerous bramble vines and they lashed Vegan all over the place.

Vegan was down but not out!

Me: It's over Vegan. You've lost.

Vegan: You underestimate my power!

Me: Don't even try it!

Vegan jumped into the air and me and Anakin slashed off his legs and left arm off with our lightsabers. Vegan was on the ground without his legs and left arm.

Me: I'm getting a strong sense of poetic justice here.

Anakin: Me too J.D.

Me: This is exactly how I beat you on Mustafar.

Anakin: It sure is. I deserved that.

Me: It wasn't your fault Anakin. Palpatine was to blame for driving you into the Dark Side of The Force and turning you into Darth Vader.

Anakin: I still can't believe I became that.

Nico and the others landed by me.

Nico: I still can't believe it either.

Me: Me neither. If we were on a volcanic planet like Mustafar, Vegan here would be burned bell peppers.

We laughed at my joke.

Nico: That was a good one J.D.

Me: Thanks man.

Jared: You got that right dad.

Vegan looked at us and he was enraged.

Vegan: I HATE YOU!

Our auras flared up with incredible power. Anakin's Aura was blue and Ahsoka's was orange.

Me: Wow! His hatred is incredibly powerful!

Anakin: So that's what a power increase from sheer hatred feels like.

Ahsoka: It's amazing Master Anakin.

Me: Yeah. You get used to it over time.

Nico: Dark Vegan, you have failed this city! (fires Brain Freezer's Freeze blast at him)

Dark Vegan was frozen in ice.

Me: More like he has failed our galaxy.

I found his severed arm and the Dark Orb was imbedded in the back of it.

Me: There you are.

I pulled it out and crushed it with my bare hands and we got a massive power boost.

Me: That's it for that one. We have 3 more dark orbs on Earth to find.

Nico: Yep.

---

Dark Vegan was sentenced to eternity in the Antarctica Prison and Johnny was talking to Brain Freezer.

Brain Freezer: What do you want, Test? Trying to make a good guy like the others?

Johnny: Actually, I'm here to give you your new cell mate! (throws Vegan into Brain Freezer's cell)

Brain Freezer: Wait. Dark Vegan?

Vegan (nervously): Brain Freezer, long time no see.

Johnny: Since you helped us stop him before, I think it's only fair that you use him as a punching bag while you're in here.

Brain Freezer (smirks): Test, I take back nearly all the bad things I've ever said about you!

Johnny: You two have fun!

Johnny turned around to leave but not before hearing the first scream of pain that Vegan let out.

---

We stopped an evil vegetarian from destroying the world and saved the universe and reputation of all vegetarians everywhere.

In the infirmary Luan was watching TV as she was resting. April Fools Day 2019 really did a number on her. Eddy was by her side.

I came in and I had a bouquet of daffodils with me.

Me: Hey Luan.

Luan: Oh hey J.D.

Me: How are you feeling?

Luan: Still sore and achy. But I'm getting better.

Me: I hope nothing Aches you up. (Laughs to rimshot)

Luan: (Laughs) Good one J.D.

Me: Thanks.

Luan: Are those flowers for me?

Me: They sure are. You gave me daffodils 3 years ago when I was pulverized by your pranks.

Luan: I sure did. Thanks J.D.

Me: You're welcome.

Luan: I saw on TV that you were fighting an evil Vegetarian.

Me: We sure did Luan. And we restored the reputation of vegetarians everywhere. He sure couldn't Celery it. (Rimshot)

Luan and Eddy laughed.

Eddy: (Laughs) That was funny!

Me: Well they do say laughter is the best medicine.

Luan: That's true.

Dr. Mario came in.

Mario: (Italian Accent) Luan, will-a be good to leave-a the hospital in 2 weeks.

Me: That's good Dr. Mario. You look awesome as you were back 29 years ago.

Mario: Thank-a you so-a much.

Me: You're welcome.

Mario: (To the Viewers) You-a have-a the power to do-a great-a things no matter-a what.

Me: Amen to that Mario.

THE END

---

Another Fanfiction Complete.

Dark Vegan is one of Johnny Test's most unusual and silly enemies and he does like toast despite being a vegetarian. NicoChan11 gave me the ideas for this one. Thanks man as usual. Let me know what

you all think.

See you all next time.

# The Universe is In Danger

It starts in the estate. We were laughing while watching The Three Stooges. We were laughing our heads off and then I sensed a psychic disturbance.

Me: Whoa! You guys feel that?

Ash, Dawn, and Brock suddenly got headaches.

Nico: Ash? Is something wrong?

Ash: Mesprit, Uxie, and Azelf! Someone's attacking them!

Maria: And when they get attacked, it causes you three pain.

Ace: Maybe I can block it with my powers!

Ace blocked the pain with her powers.

Lincoln: What caused them to have tremendous headaches like that?

Me: It's the three Lake Pokemon - Mesprit, Uxie and Azelf, they're under attack.

Breach: I got this.

Breach used her portal powers and brought them here. We saw Azelf - The Willpower Pokemon, Mesprit - the Emotion Pokemon, and Uxie - the Knowledge Pokemon. They hugged Ash, Dawn and Brock.

Me: Good work Hailey. The Lake Trio being attacked like this can only mean one thing: Team Galactic is on the move!

My eyes turned into my red Assignment Eyes.

May was walking home from the mall and then she ran into Saturn, Mars and Jupiter of Team Galactic.

May: Can I help you three?

Saturn: You can tell us where to find Mesprit, Uxie, and Azelf.

May (innocently): What makes you think I know where they are?

Mars: Because we know you and Team Loud Phoenix Storm have seen them recently.

May: You must really want them that badly.

Jupiter: Of course we do! A child like you would never comprehend the power those three have!

May (rolls her eyes): You really want me to punch you in the face, don't you, Jupiter?

Mars (sighs): This is gonna take a while.

May (folds her arms) Say I knew where they were. What would you three do when you do find them? Make a better universe like you say you would? Or would you even do that at all? Would you use them in a process that might kill them? Three innocent Pokemon who aren't even willing to fight humans unless provoked? Once you guys are done with them, the Lake Trio could be lost forever.

Saturn (frowns): Lost forever. Like that Paul Boy. Where were you and the rest of Team Loud Phoenix Storm when he needed saving?

May (grits her teeth): Fighting Cinderblock and Plasmus. Besides, Paul was a bad person to Pokemon and humans alike. The way I see it, he deserved to be killed at Mysterio's hands. I bet if he lived long enough, you would've recruited him.

Jupiter: Don't you dare try to put us in league with him!

May: Or what are you going to do? Punch me? Try and kill me? Go on, Jupiter, give it your best shot.

Jupiter bared her teeth in a snarl but didn't make a move forward.

May (looks around): Are we done here?

Mars: We can kidnap your loved ones to find out where the Lake Trio are.

May (smiles sarcastically): Oh, OK. You go on ahead and do that. You won't mind all of us raging at you when you do so, do you? That's… that's actually funny because the last time one of our loved ones got kidnapped, that kidnapper wound up dead.

Saturn (growls): That only proves that you're prejudiced against clowns like Zombozo and Joker. Not all of us are insane like them!

May (glares at him): True. But you probably have the Joker to thank for the fates we have planned for you. Maybe if he hadn't acted insane in front of J.D. and the others, we would've been more lenient towards criminals and most of your fellow villains would still be alive.

Jupiter (glowers): We and our fellow villains have already been punished enough for the Joker's actions. You know, it's just too bad we don't look like Ketchum, Maple, because if we did, you would probably forgive us for halting the progress of a new world!

May (narrows her eyes): I'd choose your next words very carefully, Jupiter. You know I can wipe the floor with all three of you if I wanted to.

Mars (looks between Saturn and Jupiter): We're not actually about to fight about this, are we? Like, physically fight? Against a diety empowered Pokemon trainer?

May: You tell me, Mars. You walked up to me first.

Saturn (walks towards her): Well, better you than J.D. and your boyfriend, right? Because you do prefer words, correct? Words over fighting… because that's how J.D. and Nicolas Chan always solve their problems.

May (bristling angrily): Watch it.

Saturn (narrows his eyes): That doesn't make J.D. a hero. That makes him a thug. And same goes for Mr. Chan. A Pokemon Coordinator and a thug. How about that, child? How are they going to feel about that? How betrayed are your parents going to feel when they find out someone innocent like you has a boyfriend who would rather punch and fight his way out of a problem?

May swiftly turned on her heel and stormed away, not wanting to hear any further.

Saturn (walks towards her): Don't turn your back on me!

The moment she felt Saturn put a hand on her shoulder, May turned around and held Saturn by the throat, lifting him up off the ground.

Jupiter (gets out Poke Ball): Hey!

May shifted so Saturn was placed between herself and Jupiter, stopping the Team Galactic Commander in her tracks.

May: You seem to have forgotten what I helped do to Mad Hatter when he mind controlled three innocent TV Stars into committing crimes, Saturn. (Saturn clawed at her arm) I didn't kill him, but I helped beat him black and blue, and I even helped freeze him in ice so my friends could destroy his hat. That was back when Nico was just a friend, when I still hadn't mastered my powers. Now Nico is the love of my life, I've become more powerful then most Legendary Pokemon, and you think you can talk about my friends like that and expect me to suddenly up and change my feelings? (tightens her grip for a split second, then dropped Saturn unceremoniously) Don't follow me again.

Jupiter (snarls): Just so you know, we are gonna find them. And when we do, you'd better hope to Arceus you're not there, too!

May looked back at Jupiter, then burst out laughing. She laughed harder at the outraged look on Jupiter's face, then took off into the sky. But not before she sensed a spark of good in both Mars and Jupiter.

May went back home.

Mars (to Saturn): You are completely suicidal.

Saturn (rubs his throat): But it worked. I got the audio chip on her.

Mars: And now we have a seriously pissed off Pokemon coordinator with powers to worry about. That was not smart.

Jupiter: It was worth it. Now we'll know where the Lake Trio will be.

* * *

Back at the estate we were talking.

Lola: So what is the goal of Team Galactic?

Me: They want to use the power of Dialga the Pokemon of Time and Palkia the Pokemon of Space to destroy the universe and recreate it in their own image. Their main goal is to enslave everyone and take away their free will.

Everyone gasped.

Laney: That is absolutely disgusting!

Lana: No kidding Lanes. A World without free will is considered the ultimate fate worse than death.

May came in.

Me: Hey May.

Nico: How was your shopping trip?

May: It was good. Until I encountered Mars, Jupiter and Saturn of Team Galactic.

We gasped.

Ash: They are Team Galactic's top commanders.

Riku: What exactly happened out there?

May: They were basically trying to rile me up and get me to see their side of why I should tell them where the Lake Trio are.

Dawn (nervously): You didn't, did you?

May: No. Good news, I didn't tell them anything. Bad news, I think they hate me now.

William: They hate all of us. Why's that a problem?

May: Because their hatred didn't make stronger this time.

Me: Team Galactic is on the move May. Now we have a chance to stop them. This time the Lightning of Instinct is gonna destroy them and rid the universe of their evil.

The symbol on the back of my vest glowed bright yellow.

Me: We leave in one hour so take this time to rest and prepare.

We rested.

I sense something on May's Bandana.

Me: Wait May.

May: What is it?

I turned on my infrared vision.

Me: There's something on your bandana. Hold still.

I took it off and a computer chip uncloaked.

Me: So this is how Team Galactic was gonna try to find the Lake Trio.

May: It's a computer chip microphone.

I crushed it.

Me: Not this time Team Galactic.

---

William and Maria are sitting in the garden. They are even more in love than ever.

William: Man Maria it's a beautiful day that's as beautiful as you.

Maria: Aww thanks William.

William: The fight with Team Galactic is almost upon us.

Maria: It sure is and we have to make sure they don't get away will all the pain and suffering they will cause to the universe.

William: You got that right. So lets enjoy this moment while it lasts.

They then kissed.

Ulrich then came in.

Ulrich: You nervous, William?

William: A little. But all Mars has is a Purugly, a fat cat. It's pretty lacking in terms of projectile attacks. So I should be fine.

Ulrich: Good to know. (smiles) I'm very proud of you, William. You were just a rookie back when we recruited you as a Lyoko Warrior. Now, you're a natural born leader.

William: Thanks man. That means a lot to me.

---

Static was talking to Maria.

Static: So you're gonna take on Jupiter and her Skuntank?

Maria: Yep. Her Skuntank's stench isn't going to be a problem since I can just turn into my water form. And if it tries to spray me, I'll just counter it with a water blast.

Static: Good to know. (chuckles) Who would've thought that you and me would be fighting bad guys alongside each other?

Maria: Thanks Virgil. It's amazing and a great feeling.

---

At that same time, Sora was talking to Riku.

Sora: So you're gonna take on Saturn's Toxicroak, right?

Riku: Right. It's more dangerous then the Skuntank and the Purugly. Lucky for me, I've handled dangerous.

Sora: I know. (smiles) Riku, I just want to say how proud I am of you. I may have started the fight against Xehanort. But you and the rest of the Redemption Squad? You guys helped me, J.D., and the others out against lots of villains, including Maleficent's formers cronies.

Riku: Thanks Sora. I'm glad to have you as a best friend and a brother.

Sora: Me too.

They hugged.

---

45 minutes later we were ready.

Me: Okay are we all set?

Everyone was all set.

Me: Okay. Team Galactic poses a tremendous threat to the entire universe. Our mission is to take them down and send them to the fire of Hell. And if we encounter member of their team we face, destroy them with no mercy. These dirtbags want to create a world without free will and we can't allow that! We're going to send all villain teams around the world a message that if they threaten our planet or universe in any way, shape or form, we're gonna be coming for them and they will pay in blood!

Everyone: YEAH!

Me: Lets go guys! We're coming for you Team Galactic and you will pay for your crimes!

We were off to the Sinnoh Region, which was located in Western Europe.

---

We arrived in Liechtenstein, the 6th smallest country in the world.

Me: Here we are guys. Liechtenstein.

Nico: Wow.

Lori: It literally sure is beautiful.

Luna: How come we didn't come here on our global vacation dudes?

Me: A lot of people write it off because it's one of the smallest countries in the world.

Luna: Oh. That makes sense.

Me: Lets go.

We walked around the area and saw an old temple that was located outside a small town.

Me: What's this place?

Brock: I remember this place. It's the Solaceon Ruins.

?: That's right.

We saw an inspector.

Ash: Inspector Looker.

Looker: Ash Ketchum it's good to see you again. Brock, Dawn, Pikachu, you're all doing well.

Dawn: Same to you.

Brock: J.D. This is Inspector Looker. He's an International Police

Officer that investigates the activities of Villain Teams like Team Rocket and Team Flare.

Me: It's a pleasure to meet you Inspector Looker.

Looker: You too J.D. I take it you and Team Loud Phoenix Storm killed Team Rocket and Team Flare?

Me: We sure did. And we're going to kill Team Galactic next.

Looker: I had a feeling you were.

Me: We'll have a few of them live for you to put into our prisons for the rest of their lives.

Looker: I appreciate that.

He saw Jessie, James and Meowth.

Looker (to Jessie, James, and Meowth): I knew there was good in you three.

James: Of course there was. Of course, it took being fired from Team Rocket to help us realize that.

Me: Giovanni canned them before we killed him and all of Team Rocket.

William: And now they are on Team Loud Phoenix Storm's Redemption Squad.

Me: We're wasting time here.

We went into the ruins.

Looker: Ash, are you really willing to get in both a Pokemon and physical battle with the three commanders?

Ash: They're annoying me, Brock, and Dawn, but right now, I'd feel content with protecting Azelf, Uxie, and Mesprit.

Riku: They're not worth wasting your time. So don't fight them.

Maria: Why're you saying that?

Riku: Well, Ash, Brock, and Dawn shouldn't fight them. I'm looking around here and it comes to my attention… there are three people here they've never really looked up.

William (smirks): I get what you're saying here.

Misty: Wait. Are you saying that we're not going to fight those three?

Maria: You guys won't. Me, Riku, and William will.

I then sensed something.

Me: Uh oh. They're here. Team Galactic has come.

William: Guys, get the Lake Trio to Celestic Town.

Riku: Fly to the main road. No matter what happens, don't turn back.

Dawn: Got it.

Ash: What about the three of you?

Maria used her water powers and she found Team Galactic's vehicle.

Maria (sees the Team Galactic Vehicle): We may steal their vehicle just for fun.

Brock (smiles amusingly): Of course you would.

Riku (to Ash): Ash, if anyone deserves to go up against those three, it's you, Brock, and Dawn. But all circumstances considered, people that can completely protect Azelf, Mesprit, and Uxie need to be with them in the Baxter Building. Right now, that's you and the others. Not me, Maria, and William when we're extremely furious.

Ash: You got it Riku.

Dawn: Show no mercy.

Me: We don't plan to.

Breach: Let me help.

Breach formed a portal that lead to Celestic Town and Ash, Brock and Dawn went through it.

Then we saw Saturn, Jupiter and Mars arrive!

Me: Saturn, Mars and Jupiter. What an unpleasant surprise.

William: It's funny. I don't remember the three of you being invited.

Maria (innocently): It's so weird how many people you recognize when you go camping, though, isn't it?

Riku (smirks): I agree.

Jupiter (growls): Where are they?

William (raises eyebrow): Oh, so we're skipping the small talk.

Maria (smiles sarcastically): Well, since we're the only ones here, please. How can we help the three of you?"

Jupiter: You know exactly why we're here!

Maria: Actually, all I heard was "where are they?" I'm gonna need more details than that.

William: Because there's Ash, Brock, and Dawn.

Riku (glares at Saturn): They're not happy that you three are hunting the Lake Trio.

William: And Jessie, James, and Meowth. And the rest of our friends. Am I missing anyone?

Jupiter: The Lake Trio! Where are they?

William (shrugs): Oh, they're gone.

Riku (hears the hissing in the ruins stop): Now they are. Breach's portal to the Baxter Building just closed.

William: They're with the others back in Gotham Royal York, most likely heading towards the Fantastic Four.

Maria (smirks): Guess you're not gonna be able to get them after all.

Mars: You let her go? Do you know how seriously you just hurt this universe?"

William (faces Mars): Just like how you seriously could have hurt Ash, Dawn, and Brock? Ace blocked that headache that happened when you guys attacked the Lake Trio.

Maria (faces Jupiter): And no harm's been done to the universe. Because actions speak louder than words.

Jupiter: Yeah, your actions of letting those Pokemon go speak wonders. The universe needs to be rewritten.

Maria (smirks): But it doesn't. Turns out, talking does wonders if someone's willing to listen. Azelf, Mesprit, and Uxie are now either J.D.'s Pokemon or Nico's Pokemon.

Jupiter (face turns red): Normal Poke Balls won't work on them!

Riku: Maybe not. But there's nothing you can do to get to them now.

Jupiter: Unless that portal was just a trick. For all we know, they could still be in there, and you're trying to throw us off!

Riku stared blankly at her, then snorted loudly. Maria didn't even bother hiding her laughter.

Riku: I'm beginning to truly wonder why Ash and the others thought you guys were serious threats.

Saturn (steps forward): We'll show you serious!

Riku (takes out Keyblade): Not another step.

Saturn (narrows eyes): You wouldn't hurt me.

Riku: I won't? Do you think you know me so well?

Maria: None of you know us. We didn't come from the Pokemon world. This is probably the first time you've ever seen us and it's when we're about to fight you.

Jupiter (smirks): We know you're trying to set yourselves straight. You're not gonna sacrifice J.D.'s and Maple's trust by harming us.

Riku: You ticked May off. And J.D. agreed that the three of you wouldn't stop unless you were stopped.

William: Guess who volunteered to stop you.

Maria: You're not getting Azelf, Mesprit, and Uxie. This ends right here, right now.

Riku: Last chance.

Maria: And be glad we're offering that.

Me: Come on guys. It's time to destroy some planets!

We went at them.

## BATTLE 1: SATURN

Riku was facing Saturn and it was a brutal battle.

Maria and William are witnessing Riku fight Saturn's Toxicroak.

William (stops Maria from helping Riku): This is Riku's fight. You wouldn't want interference if Team Galactic had tried to hurt me, Carmen, and your mom.

Maria: You're right.

Riku (hits Saturn's Toxicroak with his Keyblade): Be glad I'm not possessed by Xehanort. I wouldn't have even given you one chance. (fires dark blast at Toxicroak) Especially not to you.

Saturn: All we're doing is making a new universe!

Riku: One with no free will? Sounds more like slavery!

Riku kicked Saturn in his face and punched him in the stomach.

Riku: I won't let you destroy the planet we love!

Saturn: This planet and all of you can go to Hell! You won't stop us!

POW!

Riku punched him in the face and knocked him out.

Riku: We just did!

Riku tied him up.

Riku: You also don't deserve to be a Pokemon Trainer.

Riku gave Nico his Pokemon.

Lucy used her magic and separated Mars and Jupiter's Dark Sides.

Mars: I'm free!

Jupiter: The evil inside us is gone! We're free!

## BATTLE 2: DARK MARS

William was facing Dark Mars and with her was a Heartless Purugly. It was a black Purugly with yellow eyes.

William (Heartless Purugly charges at him but he dodges): Cute. Real Cute.

Dark Mars (William shoots fire beam at Heartless Purugly): Now that is cute. You're wasting ammo!

William: Am I?

The Heartless Purugly exploded into oblivion.

William fired a blast of ice from his blast and froze dark Mars into place.

---

## BATTLE 3: DARK JUPITER

---

Maria (fires water blast at Heartless Skuntank): You see, we could have just talked this out. But instead, you just chose more aggression. And you deliver aggression? You'll get aggression right back.

Dark Jupiter: You want aggression? Fine!

Maria (avoids Heartless Skuntank's Poison Gas): You're not even trying!

Maria fired a blast of water and it hit the Heartless Skuntank and destroyed it.

Maria then fired a blast of water and it knocked out Dark Jupiter.

Maria and William then tied up Dark Mars and Dark Jupiter.

We beat the three commanders of Team Galactic.

Me: Lets go guys. We have no time to lose!

We set out for Team Galactic's headquarters. It was located right at the base of Mont Blanc.

---

## TEAM GALACTIC HEADQUARTERS

---

At Team Galactic Headquarters, everyone was waiting for the three commanders to come back. Then a massive explosion blasted a huge fiery hole into the roof and we arrived.

Team Galactic Grunt: It's Team Loud Phoenix Storm! They're here! Kill them!

Me: You all die first (Censored)!

I fired a blast of fire at a bunch of grunts and blew them apart into ashes and embers. Carol fired Mecha Godzilla's rainbow lasers from her eyes and fired energy blasts from her left hand fingers and fired a lightning laser from her right hand at a ferocious level and it was a powerful and ferocious explosion spree and a massive full scale assault. Massive fiery explosions blew all the grunts and members of Team Galactic apart into fiery embers that rained down and blew most of the grunts apart. Nico fired blasts of fire and incinerated them. Lincoln fired blasts of lightning and electrocuted them.

Nico: Team Galactic you have failed this entire universe!

Nico and William fired blasts of ice and energy and froze them and blew them apart. Nico caught an Igglybuff and a Togetic.

Warpath: They don't call me Warpath 'cause I'm gentle. HAHAHAHAHAHA!

Warpath was blasting the grunts with his tank blaster and blowing them apart into flaming embers.

Me: It's combo time Warpath!

Warpath: You got it J.D.

I charge up my energy and place my hands in a horizontal cup with my wrists pointing at the grunts.

Me: FINAL FLASH!

I fired a massive energy blast at the grunts and Warpath fired a massive energy blast from his tank.

Me and Warpath: FINAL EXPLOSION STORM!

The energy blasts combined and they hit the grunts and exploded with incredible power.

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Bounce Man: Combo Time Laserbeak.

Laserbeak agreed and he turned into his robot mode. Bounce Man launched himself on a piece of rubble.

Bounce Man: SUPERBOUNCE SPEEDCOMET BURST!

An aura appeared around them as they flew and they flew faster than a bullet fired from a gun and they hit a bunch of grunts and blew them to pieces.

We tied up most of the grunts and had them arrested.

Me: Lets go!

We went deep into the headquarters.

---

In a room, Charon was readying a machine. It had a huge dark orb and it was not as big as the one Team Flare had but it was big enough.

Charon: Now it's time to see what this Dark Orb can do.

Bounce Man went into the room just in time to see Charon push a button.

Bounce Man (grabs Charon): You better stop what you're doing right now!

Charon (smirks): Oh, it's not what I'm doing. It's what I've already done!

Bounce Man jumped and slammed into Charon and then something went wrong with the machine.

Me: Uh Oh. It's gonna blow!

Then the Machine exploded and the Dark Orb shattered into thousands of smaller dark orbs and scattered them all throughout the planet.

Me: The Dark Orb Shattered!

Brock: Let me get him. Final Smash time!

Gravity Man: You got it Brock!

Brock called out all his rock Pokemon.

Brock: EARTHQUAKE DEATH DRILL!

Brock and his Onix, Geodude, Golem, Steelix, Kabutops, Kabuto, Graveler, Rhyhorn and Rhydon went at Charon and became a giant drill of pure solid rock and it hit Charon and killed him in an instant.

Me: That's that.

William, Namine, Riku, Jupiter, Mars, Maria and the others rejoined us.

Me: You guys all right?

William (smirks triumphantly): Not a scratch.

Namine (kisses Riku on the cheek): I knew you guys could do it!

Riku (blushes): Good to get that out of the way.

Lightning: Mind giving us the play by play?

Maria: Well, Saturn and Mars and Jupiter's dark sides learned a very valuable lesson after they continually decided not to stand down despite many warnings. They don't mess with the three of us unless they want to get beaten up very badly.

Me: Well said Maria. We still have one more monster to destroy. Lets go!

We went to the officer of Cyrus, the Leader of Team Galactic.

---

In Cyrus' office, he saw that everything he tried to do was completely wasted by us.

A fiery explosion blasted a hole through his door and in came us. Gravity Man was holding him under him.

Gravity Man (holding Cyrus down with Gravity): Any last words before I crush you to death?

Nico: You'll get your shot at him Gravity Man.

Gravity Man got off him.

Me: Cyrus of Team Galactic.

Cyrus: That's right and Team Loud Phoenix Storm. What an honor for you to grace my office.

Me: I don't how you survived but now we can make sure that you pay for your crimes.

Nico: Cyrus, you and Team Galactic have not only failed this world but you have failed the entire universe!

Cyrus: This world and this universe is so corrupt! I was trying to save this world by enforcing a new world order!

Me: Your "New World Order" is a world without free will and we won't let that happen. A world without free will is what I would call the ultimate fate worse than death. We're going to finish you off once and for all!

Cyrus: Then you will have to get passed my new associate first.

Cyrus summoned a new Heartless.

We smelled a horrible smell.

Me: Oh that is rank!

The Heartless that Cyrus summoned was made of tar, which gave its' identity away. The only thing that changed was that the tar smelled like rotten eggs and it had a glowing yellow eye.

Brock: That's the Tar Monster's Heartless?!

Nico: It actually doesn't look that different.

Me: No it doesn't but it smells horrible!

The Tar Monster Heartless lunged at Nico in an attempt to suffocate him and I fired a blast of fire and blew the monster back.

Gravity Man: I got this. Good thing I don't have a nose. GRAVITY SLAM STOMP!

Gravity Man jumped onto the Tar Monster Heartless and slammed onto it with devastating force and destroyed it.

Me: Great Final Smash Gravity Man.

Gravity Man: Thanks.

Me: Now it's you and us Cyrus. Now you die!

I went Super Ebonwu 30,000 Phoenix Angel. I went at Cyrus and punched him in the face and kicked him in the stomach and knocked him down.

A massive blinding flash of light appeared and out came Arceus - the God Pokemon!

Me: Wow! Arceus!

Arceus: That is right J.D. I heard all about the oppression of Team Galactic and what they plan to do with my brothers Dialga and Palkia. We cannot let this go on.

Me: I'm glad you came Arceus. We could use your help to take down Team Galactic for good.

Arceus: It will be done.

Me: It's time for the Grand Finale Final Smash and to bring an end to the terror of Team Galactic!

Nicole: You got it dad.

Nicole brought out Dialga, Palkia and Giratina.

Nicole: The Pokemon of the Space-Time-Dimensional Continuum. This is gonna be incredible.

Me: It sure will.

Sailor Moon: Lets make this monster pay!

The Sailors all agreed.

Me: Lets do it!

Sailors: PLANET ETERNAL POWER!

Dialga: ROAR OF TIME!

Palkia: SPACIAL REND!

Giratina: SHADOW FORCE!

Arceus: JUDGEMENT!

Nicole: STAR STYLE: STAR DRAGON'S VENGEANCE!

The attacks all combined and merged with my sword. This turned my sword blade into a sword of the Universe. It looked like I was holding the very power of the entire universe in my hands.

Me: Wow! What a sword. It's power is unbelievable!

Cyrus was getting up.

Me: Now it's time for you to pay for your crimes Cyrus.

I went at him.

Me: (ECHOING) SWORD OF GALACTIC JUSTICE!

I slashed Cyrus in half right down the middle and then he imploded and everything was being sucked in. He turned into a mini black hole and we got out of the headquarters and everything from it was obliterated in an instant. The Black Hole he turned into vanished and Cyrus was destroyed.

Me: Wow! This sword turned him into a Black Hole. It's made entirely of pure 4th Dimensional Space.

Lisa: Indeed. The power of a 4th dimensional gravitational distortion; Street name: Black Hole is so powerful that it can completely destroy everything that comes near it.

Me: And the very Pokemon and power that he was gonna use to destroy the universe ended up being the one variable that would ultimately destroy him and kill all of Team Galactic. Except for some.

Cyrus and Charon's spirits and all the spirits of the deceased Team Galactic members appeared.

Nicole: You will now be condemned to the stars of Hell. (Chants an Incantation) ALDRUON ENLENTHRANEL VOSOLUN LIRUS-NOR!

Team Galactic was sucked into the Book of Vile Darkness.

Cyrus: DAMN YOU TEAM LOUD PHOENIX STORM!

They were gone for good.

Me: Team Galactic is all dead.

Maria: Except for these three.

Me: I know just where to put them. The Pluto Prison. But you guys do that. I'm gonna head to the Jupiter Prison for something. Our next target is Team Aqua. And we have to be ready when the time comes.

Brock: Okay J.D. (To the Viewers) This was an epic battle and it was a tough one but we triumphed.

We put Saturn, Dark Mars and Dark Jupiter in the Pluto Prison, 3.9 billion miles away from the Sun. Sora, Namine, Brock, Dawn, Ash and Riku were visiting them.

Saturn (to Sora): Well, of course you're here. You saw that those three did to us.

Sora: You brought this on yourselves. The only downside is that because of Charon's machine, the remaining number of Dark Orbs on Earth increased. But it's nothing we can't handle.

Saturn: Of course you'd say that.

Dark Mars: Always optimistic, are you?

Brock: How are you guys feeling?

Dark Mars: You've lost the right to ask that question.

Dark Jupiter: You four need to leave.

Dawn: Hey. We're just checking up on you! You can't blame us for being concerned about even y-

Namine: No, no, Dawn. You see, you'll just keep encouraging them to tantrum.

Saturn: Excuse me? We are not - !

Namine: Brock lost the right to that question? Really? I guess that means you lost the right to even be within walking distance of any Pokemon. Especially after what you tried to do to the Lake Trio.

Dark Mars: They weren't going to come with us willingly!

Namine (sarcastically): And I wonder why?

Dark Jupiter: Don't you dare-!

Namine (disgusted): You claimed to make a better world. How is a world without free will better? You three make me sick even just looking at you.

Sora: You're welcome for getting you here, by the way.

Brock (to Dawn): Let's go.

Dawn: Yeah.

Dark Jupiter (to Namine): Those three did this to us. (gestrues to her injuries) Your so called boyfriend and his two friends? Those three you trust? People like them don't change. They did this without mercy!

But they ignored them and left.

---

Jupiter Prison.

---

I was in the Jupiter Prison and I was there to visit Heather. I was walking through the halls of the cells.

Me: This is gonna be good.

Guard: It sure is sir. We don't let Heather and Alejandro out of their cells because we too watched Total Drama and we saw their manipulative nature and they deserve to spend every single day of their worthless lives here in prison.

Me: You're doing a great job keeping them here.

Guard: Thank you sir.

We got to the Solitary Confinement cells. Me and the Guard opened them by turning 2 keys simultaneously, scanned our eyes and handprints and punched in a code on a code pad.

We went into the cells and Heather and Alejandro were in 2 separate cells.

Me: I'd like some alone time please.

Guard: Certainly sir.

The guard left.

Heather: J.D. Knudson.

Me: Heather the Manipulative and Psychotic Sociopathic Freak.

Heather: You think you can just lock me up in here after everything you did to me!? I will get out and I will get my revenge!

Me: I'd like to see you try. Also I don't understand you Heather. Why do you hate everything so much? You could've had wonderful friends and a great future ahead of you.

Heather: Because trust and friends are for weaklings! They only get in the way of what I want.

Me: You're just a heartless sociopath with no love for anyone but yourself. Lindsay was right about you.

Heather: And what is that J.D.?

Me: (To the Viewers) What you're about to hear and read may be too explicit for this story and I'm sorry you have to hear read this but it's a one time only. (To Heather) In everyones eyes you are a Two-Faced, Backstabbing, Lying, Little, Fucked Up Bitch!

Those words echoing into Heather's mind and they hit her so hard that it was unbelievable.

Alejandro heard me say that and he was enraged. He tried to ram through the bars, but they were electrified and he got a painful 25 million volt shock.

I left the cells.

Me: (To the viewers) Now I know what you're thinking. You're thinking "J.D. how could you use vulgar language like that despite everything you've been through over the course of 151,000 years?" Well 3 reasons. 1: Heather has been a monster to everyone on Total Drama except during seasons 4 and 6. She only appeared on one episode in season 4. 2: Everyone including me hate Heather's guts to the core. And people like her deserve to either be in prison for the rest of their miserable lives or burning in the Fires of Hell forever. And 3: Her parents don't want to have anything to do with her after all the pain and suffering she caused for being nothing but a spoiled little brat. I know it's wrong to use bad words like that but when me and myself from 151,000 years merged, I practically drowned myself by pouring a whole jug of dish soap into my mouth and it was the most disgusting thing I've ever done. BLECH! So again I'm sorry you had to see and hear that.

I left to the prison.

THE END

---

Another Fanfiction Complete.

I'm sorry to use bad words and offending you all. I upgraded the rating of the story here to rated T with that remark. But Team Galactic was the worst of them all in the Pokemon world. NicoChan11 gave me the ideas for this one. Thanks man as usual. Let me know what you all think.

See you all next time.

# Invasion of The Tiny Criminals

Part 1: The Amazing Obstacle Course

---

It starts in Lynn's room. I was bracing her boxing bag.

Me: (Grunts) I'm sorry you (Grunts) lost a game Lynn.

Lynn: That's okay J.D. (Hits Bag) I realize that you can't win them all.

Me: (Grunts) That's good. Your dark side would be (Grunts) a big sore (Grunts) loser.

Lynn: (Hits Bag) You got that right.

Lisa then came in.

Lisa: 2nd elder brother and 5th eldest sister, I require your assistance.

Me: What's up Lisa?

Lisa: I have a brand new experience for the both of you. How you would like to test out my brand new obstacle course?

Lynn: (Excited) Obstacle course?

Me: Oh this I got to see.

Lincoln: Count me in.

Nico: Same here.

---

We went to an island in our lake and we saw an awesome and amazing obstacle course. It looked like a massive robotic city and loaded with all kinds of high tech features far too advanced for anything in the 21st century. It looked more like an obstacle course from the year 3500.

Me: Wow! What an obstacle course!

Lisa: This is our latest invention and experiment. It's a special obstacle course equipped with the most dangerous and most amazing technological feats imaginable. We call it the Battle Course.

Jessie B.: And check this out.

Jessie pressed a button on a remote control and the whole robot city turned into a massively dense and thick jungle.

Me: Wow! It's a holographic cover!

Jessie B.: That's right J.D. We made this whole obstacle course using Dr. Quest's research and ingenuity.

Lincoln: Wow! This is so cool!

Nico: It sure is. I've never seen this kind of technology before.

Me: Dr. Benton Quest is one of the most brilliant scientists and inventors in the world and is doing all sorts of things to further help benefit all of humanity.

Jessie B.: That's right.

Lisa: We brought you all here to test out this obstacle course. And if it works we can have you and all test it out and be prepared for the next Total Drama.

Me: I love a good challenge and we have to be ready for anything. We accept your proposal Lisa.

Lynn: Oh it is on!

Lincoln: Lets do this!

Nico: Yeah!

We tested out the obstacle course. We went through an awesome terrain and it was loaded with many kinds of treacherous and dangerous obstacles that can get many people killed in one fell swoop. It was equipped with laser blasters, flamethrowers, mines, explosive devices, missile launchers, machine guns, axes, blades and even robots that looked like all the bad guys we faced and even some we never faced before. The terrain was really awesome as well. We went through a jungle, a desert, a rocky canyon, a mountainous area, a volcanic area, a swamp, a grassland, a winter zone, a massive city, and a factory. It was an awesome series of terrains and obstacles. We made it to the finish line and we were dripping sweat like there was no tomorrow. Along the way Nico caught an Ampharos and a Natu.

Me: (Panting) That… Was… AWESOME!

Lincoln: That was the most amazing obstacle course ever!

Nico: It sure was.

Lynn: That was the most fun obstacle course ever!

Me: It sure was. And it all works perfectly!

Lisa: Well done siblings.

Jessie B.: That was an amazing performance.

Me: It all works perfectly and it gave us one amazing adrenaline rush.

Nico: It sure did. And Lisa, Jessie, you both have succeeded in making the most amazing obstacle course ever.

Me: Some of those robots looked like bad guys you all faced Jessie.

Jessie B.: That's right J.D. Like you my family has many enemies that tried to kill us many times.

Me: That's what I heard. Now your enemies have become our enemies. I heard that Dr. Zin is the worst of them all.

Jessie B.: That's right. He used all of Dr. Quest's inventions against us mostly. But he's still out there and is plotting to one day destroy us. He poses a tremendous threat to the world. And he's even immortal.

Me: We'll keep our eyes out for him and when he makes his move, we'll kill him.

Nico: If Dr. Zin is that dangerous, then we have to be ready for him.

Me: And we will.

Lincoln: That's right.

Lisa and Jessie's obstacle course was a 100% success. It was gonna be a perfect tool for practicing.

## Part 2: Opinions on Heather.

In the living room we were watching TV. We were watching reruns of Total Drama.

Me: (Laughs) That was so funny how you burped in Heather's face Gwen.

Gwen (TD): That was a funny moment.

D.J.: Boy we really had a dangerous and fun time on Total Drama.

Owen: Whoo-hoo! Yeah! it was awesome man!

Noah: It was dangerous but it was fun.

D.J.: As long as Bunny here is with me.

Me: I'm glad you and bunny are okay. But be careful around Luna and Ed man. They're allergic to rabbits.

D.J.: That's what I heard and I was a bit surprised.

Luna: It's all right dude. Lisa invented a cure for rabbit allergies and I'm cool now.

Me: That's a relief. Hey guys what are your opinions on Heather? I know she has caused you all a tremendous amount of grief over the years. But what are your feelings about her?

Gwen: We haven't expressed our opinions about anyone in a long time.

Owen: Yeah but we should.

Me: Okay.

Izzy: I think Heather is a total psycho.

Me: You got that right Izzy. Here's my opinion.

I popped up the holographic computer and on the security screens in Heather's cell I replayed what I said to Heather in the events of The Universe is In Danger. When it was done everyone cheered for me and praised me.

Me: Thank you, thank you.

Duncan: Yeah! You sure told her dude!

Harold: That was awesome man!

Trent: Way to lay the sick burn.

Me: Thanks guys. I know you guys hate her guts but she deserved every single word I said. Lets continue.

Courtney: Okay. Heather is a formidable competitor, but I can't say that I approve of her tactics. I mean, reading Gwen's diary in front of the whole world… So uncalled for.

Me: Yeah I agree with you Courtney. Reading someones diary in front of the whole world is one of the lowest things anyone can ever do.

Trent: Amen to that.

Harold: Heather is definitely the scariest female on the island. But I could handle it.

Me: You can handle anything Harold.

Trent: I hope I never meet anyone like her ever again.

Varie: I don't think ANYONE ever would.

Me: Yeah. Leshawna that was so awesome how you locked Heather in the fridge like that! Way to give her the Cold Shoulder! (Rimshot)

We all laughed.

Luan was now in a wheelchair.

Luan: (Laughs) That was a good one J.D.!

Leshawna: You know it J.D.!

We high five.

Ezekiel: She was like totally bossy, eh?

Me: You got that right Ezekiel.

Katie: Oh she is so Totally Bossy!

Sadie: I would call her bossy too.

Beth: Telling her off was the best moment of my life.

Me: You sure laid down the law with her Beth.

Tyler: She sure did. Heather is a monster.

Me: You know it Tyler. Heather may have the face of an angel but she has the black heart of a devil.

Lucy L.: That is a dark thought. But I like it.

Bridgette: I agree Lucy. Heather is a monster not fit for society.

Me: You got that right Bridgette. Heather is just pure evil. She will use anyone and she doesn't care who to step on to get what she wants.

Everyone agreed with me.

Geoff: Well said dude.

Taylor: I agree with you 100% J.D.

Sammy: She is a total monster.

Crimson: (Emotionlessly) Heather is an absolute monster from Hell and she makes even the darkest of goth girls look like a joke.

Brittney: You got that right Crimson. I may be the Empress of Darkness and Heather's heart of darkness is as black as mine.

Nico: Good way to put it Brittney. My opinion of Heather is she might not have been in the Legion of Doom but she was never a good person.

Me: Well said man.

Vince: I agree with you partner.

Jared: Heather has no honor and she deserves to spend the rest of her miserable life rotting in prison.

Me: Well said son.

Lincoln: Yep. Heather is the worst ever human being, if she is allowed to be called that, that ever lived.

Me: You said it buddy.

Zoey: Saying her name makes me want to puke.

Me: You'll let her have it in Total Drama Galaxy, Zoey. This is gonna be an epic show coming up.

Mike: I'm excited man. I can't wait to see what Chris has planned for us.

Me: Me too Mike.

## Part 3: INVASION OF THE TINY CRIMINALS

We were sitting on the backyard deck enjoying the beauty of the nice sunny day. With us was Professor Ray Parker A.K.A. Atom. He has the ability to shrink down to subatomic size with an awesome suit that enables him to shrink or grow to any size.

Shrapnel (to Atom): Ray, how did you become the Atom?

Atom: Well Shrapnel, I'm a physicist in nanotechnology.

Me: Wow. Ray that is an advanced field in science.

Atom: It is J.D. My powers came from this suit. I have the ability to shrink and grow to any size and I can even shrink down to subatomic size.

Me: Wow!

Lincoln: That is so cool!

Lisa: Indeed and it is a most impressive ability.

Me: It sure is.

A cell phone beep was heard.

Me: That's not my cell phone.

Sam (TS): No it's mine.

Sam answered her Compact which was also a communicator.

Sam opened it and it was G.L.A.D.O.S.

G.L.A.D.O.S.: Girls, thank goodness I managed to contact you!

Clover: Um, G.L.A.D.O.S., is there a reason you're contacting us instead of us being W.O.O.H. ?

G.L.A.D.O.S.: Because Jerry's in charge of W.O.O.H.P. And right now, he's in terrible danger!

Me: We got to get over there! Team Loud Phoenix Storm, lets fly!

We were off to W.O.O.H.P. Headquarters in Des Moines, Iowa.

---

We arrived at W.O.O.H.P. and saw that it was deserted. It was empty.

Me: Where is everyone?

Clover: I don't know but this is too weird.

Shrapnel: I got a bad feeling about this.

Ant Man: Me too Shrapnel. This is too weird.

Me: It's not like everyone to just vanish into thin air like this. Something is awfully wrong around here guys.

We saw Jerry and he was standing there all by himself.

Me: Jerry?

I walked up to him and he was standing there.

Me: Jerry are you all right?

I grab his shoulder and he grabbed my wrist and kicked me in the face and sent me crashing into a desk!

CRASH!

Sam (TS): Are you okay J.D.!?

Me: Ow! Yeah I'm okay. But man Jerry packs a powerful kick. But there is no way he's that strong. Unless he's a robot.

Jerry: (In someone else's voice) (Austrian Accent) So you grace ze wonderful office of me.

Me: (Groans) You're not Jerry! He doesn't talk in a Austrian Accent.

Sam (TS): I know that voice. That's Dr. Vomesa!

Me: You know this guy girls?

Alex: Unfortunately we do.

Clover: He's a mad scientist that specialized in a project called Project Micro-Spy.

Me: Project Micro-Spy? That sounds complicated.

Sam (TS): It is. He was using criminals as guinea pigs for this experiment and the Superiors of W.O.O.H.P found it too dangerous for them. And they pulled the plug and fired him.

Me: I'm not surprised. That project was declared too dangerous because someone of normal size could step on the shrunken person and kill them.

Clover: He tried to take over the world by using Jerry to run W.O.O.H.P.

Me: Just what the universe needs. Another (Censored) up mad scientist running amok. Let Jerry go now you Psycho!

Dr. Vomesa: Then try and make me.

Me: With pleasure!

I went at him and I punched him in the face and he got a massive black eye. Jerry returned to normal for a few minutes.

Jerry: Ow! J.D.?

Me: Jerry, Dr. Vomesa is controlling you somehow.

Sam (TS): Dr. Vomesa shrunk himself to microscopic size and is inside a pod the size of a red blood cell inside your head.

Me: Amazing technology. Hold on.

I turned on my computer eyes and they went into X-Ray vision and I saw a strange pod behind Jerry's eyes under the frontal lobe of his brain.

Me: I see him! He's right underneath Jerry's brain.

Nico: This is the first time we're about to take down a shrunken criminal.

Me: You got that right Nico.

Jerry (tears in his eyes): Girls, in case Vomesa kills me inside my body, I just want you three to know that you've been the best spies and friends that I ever had!

Me: We won't let that happen Jerry.

Dr. Vomesa regained control of Jerry.

Dr. Vomesa: Very good.

He tried to punch at me but I grabbed his hands.

Ant Man (to Vomesa): Get out of Jerry's body or we'll kill you painfully!

Dr. Vomesa: What does it matter?! You're probably gonna kill me anyway!

Me: You got that right you monster! Guys, I'll hold him off. Some of you will have to shrink down and go into Jerry's Body and get Dr. Vomesa out of there.

Sam (TS): You got it J.D.

Alex: (Face turns green) Do we have to?

Me: The fate of the world depends on it Alex. Hurry!

Ratchet: Jerry, remain perfectly still. We'll be able to get Vomesa out of you quickly if you don't move.

Me: That's easier said than done!

Sam, Clover, Alex, Lincoln, Shrapnel, Atom, Ant Man, Seaspray, Octopunch and Gabrielle went to a room.

Dr. Vomesa: You won't get to me zat easily.

Me: My friends will take you down you freak! When you get out of Jerry's body I will kill you with my bare hands and smear you all over the floor!

Dr. Vomesa: I would like to see you try. Get zem!

Then we got an unexpected shock. We saw numerous criminals that were released from prisons all over North America! And they were shrunk down to Lisa's height!

Me: What the!?

Lana: It's all the criminals from all over the country we busted!

Lola: I've been wanting to have another crack at them!

Lisa: Indeed. Lets get them!

Bonnie: Save seconds for me!

Dedenne agreed.

They went at the criminals and a massive and savage bloodbath began.

Lana punched a criminal in the stomach and the power of the punch shredded him into thousands of pieces.

Me: (Grunts) Wait a second. I know all these criminals. I saw them on crime documentaries! They are all the death row inmates from all the prisons in the country. Except for the states that don't have Capital Punishment!

Dr. Vomesa: Yes zey are my test subjects no?

Me: Looks like we'll be saving billions of dollars in taxpayer money by killing all the criminals on death row in one fell swoop!

Lola fired a blast of fire and burned them into ash and Lola and Lisa fired blasts of ice and fire and burned and melted them. Bonnie punched a criminal and blew him apart and she and Dedenne fired blasts of lightning and electrocuted them and they exploded.

Bonnie: This is so awesome!

Owen jumped and landed on a bunch of criminals with a sickening crunch.

Owen: Guys I think I landed on something.

Owen farts.

FART!

Owen: (Laughs)

Owen got up and he had blood and burned ash on his big butt.

Lincoln: Way to go Owen!

Owen: Thanks Lincoln. These criminals deserved it.

Sam (TS): J.D. we're ready.

Me: Roger that Sam.

I grew a long octopus arm and it went into the room and picked up the small pod.

Me: Okay Jerry, I'm gonna give you a little kiss, but don't take this the wrong way.

I put my octopus tentacle up Jerry's nose and the pod was inside.

Octopunch: Are we in Jerry's nose right now?!

Ratchet: I'm afraid so.

Sam (TS): Lets go!

They went in further. Alex was hurling her guts out. They went up to Jerry's brain and they saw the black pod of Dr. Vomesa!

Sam (TS): You get out of Jerry's body you freak!

Dr. Vomesa: Come and get me!

Ant Man and Atom got out and they went at Dr. Vomesa's pod.

Outside Lisa, Bonnie, Lana and Lola finished killing all the criminals.

Lana: That's it for them.

Lisa: This is gonna take a lot of cleaning up.

Lisa had froze some of them. Some of them were not Death Row Inmates.

Then we smelled something horrible in the air.

Me: Oh man! What is that horrible smell!? Ed!?

Ed: Not I J.D.

Me: If it's not you then what is it?

?: That would be me.

We saw a Heartless.

The Heartless that appeared before us was a purple bear with claws that smelled like raw sewage. But despite the smell, Woody and Buzz were able to recognize the Heartless.

Woody (Toy Story) (horrified): Lotso?!

Lotso Claws: Looks like I'm not huggable anymore, Sheriff. And I have you and your friends to thank for it!

Me: You smell like Raw Sewage!

Lotso Claws: It's my new look. You like it?

Me: It's disgusting! And it smells horrible! It smells like someone flushed you down a toilet that was used by someone who had just had a bad case of explosive diarrhea!

Buzz: If there really is a part of Lotso in you, then you'd know that I still have a grudge against you for when you turned me against my friends!

Woody (Toy Story) (punches Lotso): And you now have a smell to go with your personality!

Me: Ooh! Sick Burn Woody!

Lana: I like this version of Lotso. He would be the perfect toy for me.

Me: Not if you want to stink up the house with the smell of raw sewage.

Jerry then got a zap shock.

Me: Be careful guys!

Clover: We have to get Jerry to sneeze!

Me: I think I know what to do!

I grew an octopus tentacle and pulled up a cart full of Blueberry Scones.

Me: Time for Breakfast Jerry!

I shoved the Blueberry scones into his mouth and let go of him and he sneezed and out came 2 pods. A black pod containing Dr. Vomesa and a white one containing Sam, Clover, Alex, Lincoln, Shrapnel, Atom, Ant Man, Seaspray, Octopunch and Gabrielle.

Me: Are you guys okay?

Gabrielle: (British Accent) We're okay J.D.

Me: Good. Lets get you back to normal size. We have a Heartless here that looks like Lotso Hugs bear.

I snapped my fingers and they were all brought back to normal size.

Sam (TS): Is that the Heartless?

Me: Yep. Get him!

Shrapnel: It's combo time!

Octopunch: You got it!

Shrapnel fired a powerful blast of lightning and Octopunch fired a rocket launcher.

Shrapnel and Octopunch: LIGHTNING MISSILE DEATHBOMB!

The blasts and missiles hit Lotso Claws and blew him apart.

Seaspray: Our turn Gabrielle.

Gabrielle: Jolly good!

Gabrielle fired a blast of lightning Seaspray fired a bunch of harpoons.

Gabrielle and Seaspray: LIGHTNING HARPOON SPEARSTORM!

The lightning and harpoons shredded Lotso Claws apart some more.

Atom: Final Smash Time. ATOMIC SMASHSTORM!

Atom punched Lotso's head and smashed it all over the place with a powerful flurry of powerful fisticuffs.

Ant Man: My turn! ANT COLONY STAMPEDE!

Ant Man summoned a bunch of Ants and they ran over Lotso Claws and the Lotso Heartless was destroyed and we got a massive power boost.

Me: Great job guys!

Ant Man: Thanks J.D. (To the Viewers) This was the most awesome fun I had and it was cool doing a final smash.

Me: It always is.

Nico saw Dr. Vomesa.

Nico: Dr. "Vomithead" Vomesa, you have failed this world.

Me: He sure has.

I closed my fist and crushed Dr. Vomesa with my bare hands.

CRUNCH!

Blood gushed through the gaps of my fingers. My hand was completely covered in blood and smeared organs and skin.

Me: Yuck! That was gross!

Jerry: Thanks for helping me, girls. But was it really necessary to kill Vomesa? He probably was never going to be big again, making him harmless compared to Lotso's Heartless.

Sam: Jerry, you said earlier that you think of us three as friends. And that was 100% accurate.

Alex: And as friends, the four of us can probably agree that that maniac had to be put down.

Clover: But the next time we fight one of our enemies, he or she will go to the Moon Prison in Gisele Razor's former cell.

Me: Or one of our space prisons.

Jerry: Ah yes.

Me: And I'm sorry I punched you in the face Jerry. No hard feelings.

Jerry: No hard feelings J.D. But thank you all for saving the world from me. Again.

Me: You're welcome Jerry. But we really made a mess here. It was more of a bloodbath. Not only that but this is the first time I ever crushed a criminal with just my bare hands.

Lori: It sure is J.D.

Nicole sealed all the spirits of the criminals killed into the Book of Vile Darkness.

We saw the place and it was a major mess.

We cleaned it all up. We found all the workers of W.O.O.H.P. tied up in the basement and we untied them.

THE END

---

Another Fanfiction Complete.

I got the idea for the awesome obstacle course from the episode of The Real Adventures of Jonny Quest Race Against Danger. That episode was awesome and it was so cool! I got the idea for the opinions of Heather from the 22nd episode of Total Drama Island. I also got the idea for the main part of the chapter from the Totally Spies episode The Yuck Factor. That was a great episode and a funny one. NicoChan11 gave me this one. Thanks man as usual. Let me know what you all think.

See you all next time

# CANDY STEALING BEES

## Part 1: Superhero Antics

---

In the middle of the city a bank robbery was now in progress.

Robber 1: Lets go!

The robbers got in a getaway van.

A figured appeared and ran down the street. That figure was me and I saw the tallest building in Gotham Royal York and I jumped extremely high into the air. I jumped over the whole building in a single bound and I landed on top of the getaway van and crushed it and the robbers were hurt.

Me: You two are so busted.

Everyone cheered wildly for me.

Me: Thank you good citizens!

The robbers were arrested and sentenced to 100 years in prison. I got the money back to the bank that was robbed.

Then I saw a building that was on fire and a woman was stuck in the building calling for help as it was burning.

Me: Uh oh. That building is on fire!

I ran fast and jumped onto some powered cables and ran across them. The woman fell from the burning building from the highest window and she was screaming. Then just as she was about to hit the ground I swung from the wire and grabbed her and saved her.

Me: Yee-HAW!

I flipped and landed safely on the ground.

Me: That was a close one.

Everyone cheered wildly.

Woman: My hero.

Me: Are you all right?

Woman: I am now thanks to you.

The woman kissed me and I was shocked. I had a goofy look on my face.

I regained my composure and swirled around the building and put out the fire.

I went back home.

Me: Whew! Hey guys.

Lincoln: J.D. that was so awesome how you saved that woman from that fire!

Lola: Like a princess trapped in a tower. You were her knight in shining armor.

Me: Oh stop it guys. But thanks.

I found an Azumarill and a Bellossom for Nico.

---

## Part 2: Obstacle Course Mayhem.

---

I was in the obstacle course. I was dodging Laser blasts and flamethrower blasts like there was no tomorrow. I got to a clearing and out came robots that looked like Amy, Eva, Mal, Heather, Alejandro, Scott, Max, Scarlet, Josee, Jacques and Jo.

Me: Oh it is on losers!

I kicked the robot Scarlet in the face and broke its head off and it exploded.

The Robot Max lunged at me and I jumped and fired a fireball at it and blew it to pieces. The Robot Jo attacked and I was blocking all its attacks and she was a skilled fighter. The Robot Jo is providing an incredible fight.

I jumped over her and kicked her in the back and snapped her in half like a twig and she exploded.

KABOOM!

Josee and Jacques robots were really fast and agile and I used my speed to outrun them and I kicked them and they exploded. The Robot Scott went at me and I flipped him and fired an energy ball at him and he exploded.

KABOOMM!

The Robot Eva proved to be much more of a powerful challenge and it was awesome! She punched at me and I blocked her punch and kicked her head off and she exploded.

KABOOM!

Each robot was destroyed in a fiery explosion.

Me: Wow! What a workout!

I was sweating like there was no tomorrow.

## Part 3: CANDY STEALING BEES!

We were watching TV in the living room and playing cards and reading books.

We were having candy bars and Jared was having some fruit.

Mary K.: Mmm. I love candy bars.

Me: I know you do Mary.

Then the alarm went off.

Me: Uh oh.

We went to the computer and we saw that Doc Beeble A.K.A. the Bee Keeper is under attack by Bumper's old thugs.

Me: Uh oh.

Johnny T.: Looks like Bumper's old goons are still causing trouble without Bumper.

Me: Well they are about to get a cell in the Uranus prison with their names on it. But who is that they're fighting?

Duke: Oh that's Doc Beeble the Bee Keeper. He's one of our enemies and he want's us to eat healthy. He makes really good natural candy bars made of pure honey.

Mary K.: It's true dad. Doc Beeble makes really awesome candy bars.

Johnny T.: Yep.

Me: Well lets go make sure that the rest of Bumper's goons rot in prison. Lets fly!

We were off.

Powerglide: And awaa-aa-aay we go!

We were off to the Porkbelly Sector of the city.

* * *

We arrived and we saw the Bee Keeper being thrashed by Bumper's goons. We swooped in and kicked their faces in.

They rolled into some trash cans and they got up and saw us.

Me: Leave him alone you Vomitpots!

Bee Keeper: Team Loud Phoenix Storm! Thank goodness you're here! Help me out with these thugs!

Bully #1 (lying): Don't listen to him! He attacked us for no reason!

Harry Potter: (British Accent) Oh, Beekeeper attack you guys? Then you won't mind if I use my magic to read his mind!

Me: That won't be necessary Harry. I know a lie when I see one. You buttfaces just never learn. Bumper is in jail now and you 2 are about to join him. Lets get them!

We went at the two thugs and Stewie and Brian helped him up.

Stewie: Are you all right?

Bee Keeper: Yes. Thank you.

Stewie: When this is over, can you help me and Brian successfully sell honey?

Brian: We tried to sell honey with steroid bees before. It didn't go so well.

Bee Keeper: I would be happy too.

Brian: Thank you.

The thugs were badly beaten up.

Nico: You two have failed this city.

We slapped the cuffs on them and they were taken away.

Me: That's two more bullies taken away.

Bumblebee (TT): Those scumbags never learn.

Me: No they won't.

Then we felt a massive stomp and we saw a huge Heartless appear!

It was a GROUNDSHAKER HEARTLESS!

Blackjack (sees the Groundshaker Heartless): That's one big Heartless!

Me: It's a Groundshaker! Lets get it!

We went at the Groundshaker Heartless and hit it with all kinds of attacks. I slashed it with my sword and Nico slashed it with a Saiza Blade!

Powerglide fired powerful missiles and slashed it with his chainsaw.

Powerglide: Combo Time Riley!

Riley: You got it Powerglide!

Powerglide fired a Thermal Beam Missile and Riley fired a powerful barrage of poison bards.

Powerglide and Riley: STRYCHNINE Ω HEATVENOM BARRAGE!

The Thermal Beams burned it as the barbs pierced it and it was killing the Groundshaker.

Blackjack: Our turn Bai Tza!

Bai Tza: You got it Blackjack!

Blackjack had his axe ready and Bai Tza made an axe of pure water.

Blackjack and Bai Tza: MAELSTROM HATCHET SLASH!

They slammed their axes into the Groundshaker and wounded it really bad.

Me: Final Smash time! Lets get him!

Bee Keeper: You got it! I'll start! BEE SWARM SMASH!

Bee Keeper commanded his massive bee swarm and it turned into a massive hammer and they hit the Groundshaker with devastating force.

Bumblebee (TT): My turn. STING OF THE YELLOWJACKET!

Bumblebee flew into the air and she fired a massive energy barrage from her blasts and bombarded the Groundshaker and then it exploded and was destroyed.

Me: That takes care of that Heartless.

We walked up to the Bee Keeper.

Nico: Be honest. Did you really think we were going to kill you?

Bee Keeper: Considering what happened to Vexen and Madame Rouge, I actually did think you were going to end my life.

Me: Well you redeemed yourself. Plus we couldn't kill you because of your age Doc. We love your honey bars and they are tasty.

Johnny: They sure are.

Then a whip swooped in and lashed me on the arm.

Me: OW!

?: There's plenty more where that came from when I kill all of you and send your sorry (Censored) off to Hell.

We turned and saw a member of Organization XIII.

Me: What the? Elena do you know this member?

Elena: No this one is completely new.

?: Surprised to see me Nico?

Nico: (to the cloaked figure) Who are you?

?: You really have no idea, do you, Nico?

The figure lowers his hood to reveal Ken's face but with black hair.

We gasped in sheer horror. Our faces appeared in a web animation looking on in sheer horror at who we were seeing.

Me: It can't be!

Davis: Ken Ichijouji!?

Yolei: But how!? He's dead!

Nico: Not anymore. He's a Nobody now!

Me: Ken?!

Xnek: It's Xnek now. Thanks to you!

Nico: How is this possible?! The original Ken didn't get turned into a Heartless.

Xnek: I was reborn as a Nobody when you killed me the first time. Ever since then, I watched you as you had a good life with your friends while my parents were in misery because of you.

Nico: I didn't mean to kill you. That was an accident!

Xnek: And yet it happened anyway. And now, I'm gonna make you suffer for it!

Nico: Good luck! I already stopped blaming myself for your death.

Xnek: True. But I'm still going to kill you regardless!

Nico: I'm not the same as I was before when we last fought.

Nico went Super Saiyan 3.

Nico: I know you hate me for killing you Ken and I'm sorry I did. I'll forever regret that. But I've moved on.

Xnek: LIAR!

Xnek swung his whip and Nico grabbed it and teleported and punched him in the face.

Nico: (avoids Xnek's whip) Xnek, please! What would your parents say if they saw you like this?

Xnek (angry): DON'T YOU EVER MENTION THEM TO ME!

Nico: Xnek listen! I'm sorry! But you have to know something!

Xnek: I will never listen to your lies you murderer!

Xnek went at Nico and Nico fired an energy blast that destroyed Xnek with ease. Nico walked up to the defeated Xnek and he had tears in his eyes and they streamed down his face.

Nico: (to the defeated Xnek) I'm sorry for all the misery I'm caused you, Xnek. You can continue blaming me for your unhappiness. But me? I chose to move on.

Xnek: (Weakly) You killed me Nico and I will never forgive you for killing me and causing so much pain to my family.

Nico: And I will always forever regret that. I caused so much pain to you and your family and I will always regret that. And for that I'm sorry. I killed you because I snapped and it was because I was so fed up with all the pain, suffering and tyrannical oppression you were causing when you were the Digimon Emperor. I didn't mean for this to happen. But you were not going to listen to reason. I tried to talk you out of being the Digimon Emperor and my powers awakened when you were going to strike me and it left me a forever scarred and broken man. When I killed you in that one act of temporary insanity, I was completely devastated. I was so overcome with guilt and sadness over your death that it tore me apart. I was diagnosed with Post Traumatic Stress Disorder as a result.

We gasped in horror when we heard that.

Me: Oh my gosh! I didn't know he suffers from PTSD.

May: Nico.

Laney: Poor guy. He has truly been through a nightmare.

Lincoln: No kidding.

Ash: Nico.

Lori: I didn't know he was literally suffering like that.

Vince: Me neither.

Carol: Poor guy.

Me: The guilt and sadness of killing Ken completely shattered him mentally and made him a fractured soul.

Celica: Poor guy. He's been through Hell.

Nicole: No kidding.

Nico: That's right guys. I'm sorry I didn't tell you all this. But Ken. I didn't mean to kill you. I had no idea you were even being used as a pawn in a diabolical plan that would destroy the planet until it was too late. I would gladly turn back the clock and try to stop myself from killing you. But I can't and for that I'm so sorry. (Voice Breaking) WHAT HAVE I DONE!?

Nico then collapsed and broke down crying.

May went over to him as he was crying hard. He was so broken that our hearts were aching.

I had tears stream down my face and all the Loud Kids were crying.

May was comforting him.

Xnek faded away knowing that he was speaking the truth and was extremely remorseful and all that. Xnek can now finally rest in peace. I said a prayer for Ken.

Me: (In Latin)

Pater noster, qui es in caelis,

sanctificetur nomen tuum.

Adveniat regnum tuum.

Fiat voluntas tua,

sicut in caelo, et in terra.

Panem nostrum quotidianum da nobis hodie,

et dimitte nobis debita nostra,

sicut et nos dimittimus debitoribus nostris.

Et ne nos inducas in tentationem,

sed libera nos a malo.

Amen.

* * *

We went to Tokyo, Japan and we were there to ask for the forgiveness of Ken's Parents. We had his parents with us in the park.

Nico (to Ken's parents): I just want you two to know that you were crazy confronting me near Ken's grave and-

Yolei (Sternly): Nico, that's not what we rehearsed in the house!

Me: Yolei. This is not helping.

Nico: J.D.'s right. I'm sorry Mr. & Mrs. Ichijouji. I never intended for any of this to happen to you both. I didn't mean to kill your son. It was all an accident.

Me: It's true.

We told them what happened when we fought a Nobody that was Ken's and they were shocked. Nico was a fractured soul because of it and he suffers from PTSD because of it and more.

Me: So you see, that day still haunts him every day and he didn't mean for any of this to happen and didn't mean to cause all this pain to you. It was not his fault. He was fed up with the tyrannical oppression that Ken caused to all the Digimon when he tried to rule it with an iron fist and he snapped. He tried to talk him out of it but because MaloMyotismon's influence was too strong, he wouldn't listen to reason. Nico didn't mean for all of this to happen. So if you have anyone to blame for all the pain and suffering caused to your family, blame MaloMyotismon. He was the true mastermind behind the death of your son. Ken Ichijouji was a pawn in his diabolical plans that would ultimately destroy the planet.

Nico: That's right. I know it's gonna take a lot of time for you to forgive me. And words can't even begin to express how terrible I feel about killing Ken and all the pain I caused. And for that I'm so sorry.

Mr. & Mrs. Ichijouji knew that he was right.

Mr. Ichijouji: I forgive you Nico.

Mrs. Ichijouji: Me too.

Nico was forgiven. It was a joyous time.

Bee Keeper is now the chief Bee Keeper for the Redemption Squad.

Bee Keeper: (To the Viewers) Bee good to your bees and they will Bee good to you. (Laughs) Get it?

Luan: (Laughs) Good one Doc.

THE END

---

Another Fanfiction Complete.

I got the idea for the Superhero Antics part from the Superhero Episode of Total Drama Action. I got the obstacle sore loser robots from out of the blue and I got the idea for the Bee Keeper part from the Johnny Test Episode Johnny Bee Good. It was funny! NicoChan11 gave me the ideas for this one. Thanks man as usual. Let me know what you all think.

See you all next time.

# The Wrath of Cyborg Lincoln

## Part 1: Saiyan VS Evil Uchiha

* * *

It starts with us watching TV in the living room.

Nico: Guys I can't thank you enough for helping me get over my grief.

Me: No sweat buddy. That's what friends do.

Nico: I'm glad to have awesome friends like all of you guys.

Vince: We are too man.

Carol: It's great that you're better.

Nico: Thanks Carol.

Me: Would a fight in the simulator get you back in the game?

Nico: I would like that J.D.

Me: Lets go then.

We went to the simulator.

* * *

In the Simulator Control room, Nico was getting ready.

Me: We're gonna have you face an Evil Sasuke.

Nico: We haven't done one of those in a while.

Me: No we haven't. Are you ready?

Nico: I'm ready.

Me: Good luck man.

Nico: Thanks.

Nico went in and the Simulator activated. Nico found himself in the shinobi world. Nico saw was flying over the Land of Iron and he saw the fight with Danzo and Sasuke Uchiha. Tobi is helping him.

Nico: This is gonna be awesome. Showtime.

Nico went Super Saiyan 4 and he fired an energy blast at both Danzo and Tobi and killed them both instantly before they even got a chance to react.

Nico: Danzo Shimura and Obito Uchiha you both have failed this world.

Nico landed and Sasuke saw him.

Sasuke: Who the Hell are you?

Nico: My name is Nicolas Chan. But everyone calls me Nico. And I am your worst nightmare.

Nico dashed and kneed Sasuke in the face with devastating force and he grabbed him and spun him around really fast and threw him into the mountain wall.

CRASH!

Sasuke was buried under a bunch of huge boulders. He then exploded out of the rubble and he was extremely enraged.

Nico: Sasuke Uchiha, I will never forgive you for everything you've done to the Leaf and the Five Great Nations. Especially to Naruto's family. You will pay for everything your family has done to this world.

Sasuke: What my family has done? Don't you mean what the Leaf has done to my family?

Nico: No. You are nothing but a pure evil monster and you care about no one other than yourself. Now I'm going to make sure that there are no more Uchiha in this world, period.

Sasuke was enraged when he heard that. His Mangekyo Sharingan appeared.

Sasuke: You have some nerve! We are the elite! We are the strongest in the world and we have more power than anything! The best there is!

Nico: You are no elite Sasuke. You are just a stupid spoiled brat and a pathetic low-grade amateur and the Uchiha are nothing but a bunch of (Censored) up evil demons and monsters. Nothing but a bunch of power hungry thieves, murderers and traitors.

But when Sasuke heard that, he went absolutely insane! He exploded in a massive explosion of rage and ballistic fury and Sasuke charged at him. Nico smirked and Sasuke punched at him and Nico dodged it and Sasuke tried to slash him with his sword. But Nico chopped it and broke the blade into a thousand pieces. Sasuke was completely stunned. And when that feeling of being stunned lifted it was replaced with a massive explosion of extreme rage and insane fury! Sasuke charged at him and Nico punched him in the face and fired a blast of purple lightning at him using X.A.N.A.'s powers and Nico fired a blast of energy and they hit him and exploded.

KABOOMM!

It sent him flying and Nico dashed with incredible speed and kicked him in the back and flew into the air. He sprouted Vulture's Wings and fired feather missiles. They hit Sasuke and exploded with incredible power.

KABOOOM!

Sasuke fell from the explosion and he flipped and landed on the bridge.

Sasuke: (Echoing) **FIRE STYLE: FIREBALL!**

Nico fired a powerful blast of fire from his hands using Firefly's powers and the blasts of fire collided and exploded.

KRABOOM!

Nico landed and punched the bridge with devastating force using Bane's Superhuman Strength and it exploded into a massive pile of dust and Sasuke fell and Nico fired a powerful blast of ice using Vexen's powers of Ice and the ice turned into snowflake shuriken and they slashed Sasuke in his face and stomach. Sasuke looked up and he saw that Nico had vanished.

Sasuke: Where did he go?

Nico appeared out of the water using the powers of the Queen of The Black Puddle and threw a jellyfish and it hit Sasuke and electrocuted him with 20 billion volts of electricity and he screamed in pain. Nico then sprouted Whiplash's tail and slammed it into him and crashed him into the cliff.

CRASH!

Sasuke coughed and in Nico's place was Sakura Haruno!?

Sasuke: Sakura? What are you doing here?

Sakura: Please marry me Sasuke. I love you.

Sasuke walked up to her and then "Sakura" turned her arm into a powerful tentacle and slammed it into Sasuke's face and sent him skidding across the water and he crashed into another cliff.

"Sakura" turned into Nico.

Nico: I didn't know I had Madame Rouge's shapeshifting powers. That was awesome!

Sasuke got up and he saw Nico and he was extremely pissed!

Sasuke: (ENRAGED SCREAMING) I WILL KILL YOU! (Echoing) **INFERNO STYLE: FLAME CONTROL!**

Sasuke fired a powerful blast of the Black Fire of Amaterasu and Nico fired a powerful blast of fire using Pyro's powers and the blasts collided and exploded.

KRABOOOOOOMMM!

Sasuke threw numerous shuriken and kunai at him and Nico used Riot's powers and turned his arms into swords and deflected them and destroyed them. Sasuke pulled out a kunai and dashed at Nico and Nico formed a blade of light with Shiv's powers and slashed the Kunai apart and Nico formed Scorpion's tail and slammed it into Sasuke's face and fired a blast of acid and it hit Sasuke in the back and burned him bad. Nico went at him and slashed Sasuke with Xehanort's Keyblade and summoned numerous Heartless and they kicked his butt hard. Nico backed away and Sasuke fired more blasts of fire and Nico fired a blast of water with Hydro Man's water powers and the water hit the fire and a massive cloud of steam erupted out.

Sasuke was now completely out of his mind with so much rage and fury that was unbelievable!

Sasuke: I'VE HAD IT WITH YOU! ***I HATE YOU!***

Nico's aura flared up with an incredible intensity.

Nico: You can hate me all you want. But all you're doing is just making me more powerful.

Nico threw Hobgoblin's pumpkin bombs and they hit by Sasuke and exploded and blew him into the rock wall. Nico then fired Trap Jaw's laser bow. The blast hit Sasuke and sent him into the wall further. Sasuke got up and he charged up a Chidori.

Sasuke: (ECHOING) **CHIDORI!**

Sasuke ran at an incredible speed and Nico used Ebon's powers and went through a portal of shadow and reappeared in the sky. Nico used King Leonard the Pig's powers and threw TNT Crates and they all hit around Sasuke and exploded.

BOOM! BOOM! BOOM! KABOOM! BOOM! KABOOM!

Nico then pinned Sasuke down with Webstor's webs and fired Electro's lightning and Evil Stewie's rays at him and they hit him and burned him and electrocuted him. Nico teleported and he spit

Xenomorph acid at him and burned his face and he kicked him and slashed him in the side with Shredder's blades.

Sasuke got up and he charged up another another Chidori.

Sasuke: YOU MAY BE STRONG BUT YOU'RE STILL JUST A STUPID AND WORTHLESS LOSER!

Nico: I would rather be a stupid and worthless loser than a heartless monster like you.

Sasuke: YOU (CENSORED) UP (CENSORED)! (Echoing) **CHIDORI TRUE SPEAR!**

Nico: Pathetic.

Nico took a deep breath and he used Dark Danny's powers and released a massive sonic ghost scream that was so loud that it shattered rock and more. The sonic scream destroyed Sasuke's technique and blew Sasuke into the mountain and buried him in a massive pile of pebbles and rocks.

Sasuke got up from the rubble and he was badly beaten.

Nico: Sasuke Uchiha of the Uchiha Clan, You and your clan have failed the entirety of this world. It's over. You've lost.

Sasuke was extremely enraged.

Sasuke: All that you've done to me, I'll pay you back 10,000 times! No, 10 Trillion Times!

Storm clouds were building up in the sky and lightning struck everywhere.

Sasuke: YOU WRETCHED LOSER! YOU WILL PAY FOR THIS!

Nico was ready to fight some more. The storm building over them was a powerful one. It was shaking the planet to the very core.

Nico got out of his stance.

Nico: It's done.

Sasuke: What do you mean?

Nico stood there not saying anything.

Sasuke: Don't just stand there, say something!

Nico didn't say anything.

Sasuke: You said "It's Done." What do you mean!?

Nico: Your energy level is decreasing with every blow. In fact, you're not even a challenge to me anymore. It wouldn't be fair for me to keep fighting you. I'm satisfied now. Your pride has been torn to shreds. You've challenged and lost to a fighter who is superior to you in every way and to make it worse, he was a loser. Right?

Sasuke had his words thrown right back into his face and he was in so much shock and rage.

Nico: It would be meaningless to fight you now. You're too scared and ashamed. Live with the shock. Keep it bottled up inside of you. Silently.

Sasuke's pride had been completely and irreparably shattered and he was completely humiliated by Nico. Nico had him completely outclassed. Sasuke had no idea what he was up against. He was completely outclassed by the sheer ferocity of Nico's power. Sasuke was completely no match for him.

Sasuke was not going to accept this! He was so enraged that it was unbelievable!

Sasuke: I WILL NOT TOLERATE THIS! I'M AN ELITE! I COME FROM A CLAN OF ELITES! I WILL NEVER BE DEFEATED!

Sasuke then went through a huge number of hand signs.

In the control room we were watching and J.D. 2 recognized the hand signs that he was about to do!

J.D. 2: (Gasp!) J.D. you have to get everyone in that world out of there now!

Me: What is it? What's wrong?

J.D. 2: That jutsu he's about to use is a Catastrophic Kamikaze Forbidden Jutsu called Fire Style: Armageddon!

Me: What does that jutsu do?

J.D. 2: It's a deadly and extremely devastating jutsu that turns the user into a living Gamma Ray Burst and it possesses enough power to destroy the entire planet with the explosive power of a Supernova!

Me: WHAT!? It has that kind of power!?

J.D. 2: That's right. Sasuke is going to blow himself up and take Nico and the entire world of Shinobi with him!

Me: Oh man!

I snapped my fingers and beamed Nico back to us and everyone merged everyone with their counterparts. Sasuke thought that Nico was still there and he activated his jutsu.

Sasuke: IF I GO DOWN, I'M TAKING YOU ALL AND THIS (CENSORED) PLANET WITH ME! SEE YOU ALL IN HELL YOU (CENSORED)! (ECHOING) **FIRE STYLE: ARMAGEDDON!**

Sasuke was enveloped in a massive white light and a massive explosion of fire and light enveloped the planet and then the whole planet exploded with unbelievable power!

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion was so powerful and so devastating that it illuminated the entirety of the Solar System. When the smoke cleared, the entire planet was completely obliterated in an instant. There was nothing left. It was all gone.

Me: Wow! What power! I can't believe that there is a jutsu that has enough power to destroy the entire planet.

Nico: Unbelievable.

Lincoln: That was almost too close for comfort.

Laney: No kidding.

Lana: But that Sasuke deserves death.

Nico: But thanks guys. That was a really close one.

Sasuke: I just can't believe that I was gonna turn into someone that was that evil.

May: No kidding.

CRUNCH!

May had just kicked Sasuke right in the crotch.

Sasuke: (Squeaking) Okay. I deserved that.

Me: May that wasn't needed.

May: I know but I wanted to make sure that he doesn't go down that path ever.

Me: Well you got a point there.

Nico: Yeah.

## Part 2: The Kindergarten Total Drama Contestants.

We were walking through the halls of school. The Total Drama stars were with us.

20 minutes earlier, Lincoln and Laney were in Mrs. Johnson's class.

Mrs. Johnson: Okay class. We have a special project coming up.

Lincoln: Oh. Mrs. Johnson. I'm sorry to interrupt but we have to go to Mrs. Shrinivas' class.

Mrs. Johnson: That's right. How about you tell everyone what it's for Lincoln?

Lincoln: Sure. We're giving a special presentation to the kindergarten kids about our adventures on Total Drama.

Everyone was excited.

Clyde: That is awesome buddy!

Lincoln: Thanks Clyde.

Liam: (Southern Accent) Those challenges you all did were amazing.

Zach: They sure were.

Lincoln: Thanks guys.

Stella (LH): You all had an awesome time over there and you all sure kicked some butt.

Mrs. Johnson: They sure did Stella. I think it was amazing that you got to be on a show like that.

Lincoln: Thanks Mrs. Johnson. Ready Laney?

Laney: You know I always am Lincoln.

In the present Mrs. Shrinivas was letting everyone know what was going on.

Mrs. Shrinivas: (India Accent) Now class, we have some very special guests coming to give a presentation for you all.

Everyone cheered.

There was a knock on the door.

Mrs. Shrinivas: They're here. Please welcome the contestants of the most popular show in Canada and the world: Total Drama.

The door opened and we came in.

Me: Hello kids.

Everyone cheered.

We gathered and sat down.

Me: It's so awesome to give you all this presentation for you all. Our presentation for you all is our fun adventures on the world's most popular show up in Canada: Total Drama.

Everyone cheered.

Little kids that were little versions of Owen, Duncan, Izzy, Gwen, Noah, Cody, Beth, Courtney, Harold, Bridgette and Leshawna hopped onto their older versions laps.

Me: Now for those of you that don't know what Total Drama is, it's a show that was created up in Canada.

Ms. Shrinivas handed me a globe and I pointed to Canada.

Me: This is Canada. It's a country located up north.

Darcy: That is amazing.

Lisa: Indeed Darcy.

Kid 1: What is Total Drama?

Me: It's a very popular show. It's a show where you compete in these crazy challenges that can get someone seriously hurt.

Darcy: What was the hardest challenge you all did?

Gwen: That is a good question. I would say that the hardest challenge we did was the awake-a-thon.

Me: That challenge was a hard one. During the first season they had to stay up close to 96 hours.

Kid 2: How long is that?

Noah: That was 4 whole days.

Kids: Wow!

Lisa: That was a very excruciating challenge from what we have seen.

Me: It sure was Lisa. When we did it during season 7, me and my brother won the challenge and we stayed up for over 5 days.

Kids: Wow!

Darcy: That's a long time.

Duncan: It sure was. I'm impressed.

Little Duncan: Yeah I sure am bro.

Duncan: Yep.

Kid 2: Who was the worst person on the show?

Me: That is one of our most popular questions.

Leshawna: But the worst of them all was a vicious monster named Heather.

Darcy: Who is Heather?

I pulled out a photo of all of us on Total Drama and I showed it to them and pointed to Heather.

Me: That's her. That girl is Heather and she is the worst of them all.

Lori: She is literally the worst of them all kids.

Leni: She totes gives a new meaning to… Uh what was it?

Me: The worst human being to ever live.

Leni: Right that.

Luna: You said it dude.

Me: Yep. Here's a series of clips for you all to see what Heather was like.

Mrs. Shrinivas pushed in a TV and I pressed the play button and we showed everyone a montage of clips that showed how evil Heather was.

Me: This is a video of the evil monster that Heather was.

Everyone saw how bad Heather was.

Me: And there you have it kids.

Darcy: Wow. Heather was one nasty girl.

Leshawna: Nasty is an understatement.

Little Leshawna: I would not want to meet someone like that.

Leshawna: You and me both.

Me: Okay now. Everyone we're going to share our opinions with you all on Heather.

Darcy: Neat.

Me: Beth what is your opinion?

Beth: She is a bossy psycho.

In Total Drama Island, Heather gets Beth to join her alliance, although Heather is just using her along with Lindsay. Beth, however, finally becomes brave enough to stand up to Heather and quits the alliance in Paintball Deer Hunter. Afterwards, their conflict continues throughout the rest of the series, even though Beth mostly chooses to ignore Heather in all their later interactions.

Darcy: She sure hurt you bad.

Beth: Yeah she did.

Little Beth: I'm sorry big sis.

Beth: It's okay.

Me: Blaineley?

Blaineley: I was the host of Celebrity Manhunt and I also had an appearance in Total Drama World Tour.

Kid 3: How did you hate Heather?

Blaineley: Hate is a very strong word. But here's what I know about her.

In Celebrity Manhunt's Total Drama Action Reunion Special, Blaineley covers Heather and Gwen's blog war (even having them appear on the show) and says that she sides with Gwen. When Blaineley becomes a contestant in Niagara Brawls, Heather greatly shows a dislike towards the former Celebrity Manhunt co-host, even expressing her dislike towards her during Blainerific. Blaineley is also mad when Heather got to be partnered up with Alejandro for the challenge.

Their conflict grows in Chinese Fake-Out. As they run, Heather tells Blaineley to stop breathing down her neck when she makes a comment, to which Blaineley responds by violently smacking Heather across her face. Later on, Blaineley mocks Heather, which prompts Heather to say that Blaineley is a diva that doesn't look like she's going anywhere anytime soon. At the end of the first challenge, Heather seems more determined to beat Blaineley than anyone else and isn't happy when she finds out that Blaineley had arrived before her. During the second part of the challenge, Heather accuses Blaineley of cheating because she seems to be getting normal food rather than the gross food everyone else was getting. Before she takes the Drop of Shame, Blaineley tells Heather and Alejandro to drop the act and make out. Blaineley is the only person to be on Heather's team originally in Hawaiian Style, although this is because Duncan put a team Heather flar in the injured Blaineley's sling.

Lisa: What Heather did to you makes her nothing more than a heartless and true psychopathic monster.

Laney: You got that right Lisa.

Me: Yeah. Bridgette?

Bridgette: Me and Geoff were the hosts of Total Drama Aftermath and it didn't work out well.

Me: But regardless you all had a good time.

Bridgette: Yeah.

Despite being on different teams, Bridgette knows of Heather's cruelty and has a few minor scuffles with her early in Total Drama Island. While the conflict briefly foreshadows in the first episode, it truly begins in Not Quite Famous when Heather attempts to stir up drama with the Killer Bass by accusing Bridgette of sabotaging Courtney on purpose so she could get her "fifteen seconds of fame" and further mocks Bridgette of gaining extra weight if she eats too many potato chips. In retaliation for the second comment, Bridgette throws her bag of chips at her. Later, when Heather reads Gwen's diary out loud to the campers and the entire viewing world, Bridgette agrees with Courtney that it was mean of Heather to do so.

Bridgette's dislike for Heather makes her abandon her peaceful nature and shoot Heather with paintballs in Paintball Deer Hunter after Harold reminded that Heather is one of the "deer" in the challenge. The conflict intensifies in Brunch of Disgustingness as Heather attempts to pull Bridgette into forming an alliance with her, though Bridgette ends up choosing her friends Gwen and Leshawna over her.

Their conflict isn't as intense in later seasons, though Bridgette dislikes it when Geoff calls Heather "the hottest girl on the show" in The Aftermath: I. When Heather appears as a guest in The Aftermath: III, Bridgette makes fun of her new wig.

When Heather becomes part of the final three in Total Drama World Tour, Bridgette pities her for having only one supporter and forces Owen, Justin, Leshawna and Eva to join Team Heather. After

Heather defeats Alejandro in her ending of Hawaiian Punch, Bridgette cheers for her.

Izzy: I remember that. That was a cool team.

Me: It was.

Darcy: Yeah.

Me: Cameron?

Cameron: Heather is how I would describe as a monster.

Like the others, Cameron greatly dislikes Heather, especially when she steals the prize money and tries to run away with it in Up, Up And Away In My Pitiful Balloon. While chasing the zeppelin, Heather throws several Gemmie statues at Cameron, one of which hits him in the groin. Eventually, Cameron's rocket crashes into the zeppelin, defeating her and winning the challenge.

The two of them become teammates in Total Drama All-Stars after Cameron switches to the Villainous Vultures in Moon Madness. However, Heather doesn't seem to like Cameron and insults him on his first day along with Courtney and Alejandro. In No One Eggspects The Spanish Opposition, Heather tries to convince Cameron and Gwen to help her to vote off Alejandro by lying that he is targeting Cameron for the next elimination. Although Cameron questions why should they help her in the first place, he and Gwen indeed vote for Alejandro that night. In The Final Wreck-ening, Cameron stands up to Alejandro and Heather and refuses to let them pass, professing his loyalty to Zoey.

We cheered for Cameron.

Me: Well done Cameron.

Lisa: Indeed. That was most impressive.

Nico: It sure was.

Me: Yep. Cody?

Cody: I didn't talk much to Heather.

Cody and Heather didn't interact much in Total Drama Island, though the latter often teases Cody for his weaker attributes. Two seasons later, they are on the same team again. When they reach the final four, Heather would attempt to get Cody to team up with her under the promise of her defending him from Sierra. Despite Heather indirectly causing his defeat in Hawaiian Punch, Cody still supports her against Alejandro, because he nearly killed him. Cody even calls her a "good guy", to try to get her out of the cage he accidentally trapped her in. In Heather's ending, he applauds Heather, like the others.

Cody: I only applauded for her to show support because we were on the same team.

Me: Good for you Cody.

Darcy: That was nice of you Cody.

Cody: Thanks Darcy.

Little Cody: It sure was nice.

Me: Courtney, you have a grudge with Heather right?

Courtney: I sure do. She was a monster.

For the first two seasons, Courtney and Heather are placed on opposing teams, but appear to be conflicted towards one another. This includes trying to be the better leader in Dodgebrawl and Heather becoming obsessed with gaining Courtney's hair in One Million Bucks, B.C. They were both put on Team Amazon in Total Drama World Tour, where their conflict rises due to wanting the leadership role and, later on, both of them having a romantic interest in Alejandro. In the finale, Courtney chooses to support Alejandro and goes to great lengths to prevent Heather from winning. Two seasons later, their rivalry continues (albeit shorter) after Courtney transfers to the Villainous Vultures as they once again fight over leadership of the team.

Courtney: She was a total monster and we needed someone to put her in her place.

Little Courtney: I'm glad you did big sis.

Courtney: Me too.

Me: You got that right. D.J.? What do you think?

D.J.: Heather is an absolute monster.

DJ is apparently one of few contestants that Heather has a soft spot for, even showing concern for him in The Sand Witch Project when his recent guilt becomes too great for him to handle. While DJ sometimes dislikes Heather's mean attitude, he still treats her politely as he does with everyone else. When DJ loses confidence in continuing Total Drama World Tour after becoming the final member of his team, Heather offers to protect DJ with the condition that he becomes allies with her team. Heather would go to great lengths in Newf Kids on the Rock to gain DJ's trust, but DJ outright refuses her help any further after being tricked into singing as well as completing the first two challenges. Ultimately, DJ decides to ally with Team Chris Is Really Really Really Really Hot instead. When DJ is eliminated in the next episode, Heather sarcastically mocks him for choosing the wrong team to ally with. DJ initially chooses to support Cody in the finale, but after he is eliminated, he switches to Heather's side due to his bigger hatred for Alejandro.

Me: Well there was some good in Heather. But that doesn't excuse her for the terrible person she is.

Lisa: Indeed.

Me: Yeah. Duncan?

Duncan: Well I was once in love with Heather.

Initially, Duncan displays attraction to Heather when everyone arrives at Camp Wawanakwa (though Heather always rejected him), and continues to show small signs of attraction in future episodes. However, he grows to hate her like everyone else does soon enough, even finding her cold in That's Off the Chain! when she abandons Lindsay. When accused of being just as nasty, Duncan retorts that he is at least "straight with people." However, he would try to deceive Heather later on in the season as it came down to the final four, only to have it turn around on him and results in his own elimination. Additionally, he wrongly accuses Heather of being the cause of Courtney voted off the island. In Total Drama Action, he continues to dislike Heather, particularly when she mockingly calls him "pretty boy." He informs her that the last person who calls him pretty looked a lot less pretty. Eventually, Duncan loses all signs of attraction for her and the conflict between them becomes intense.

Duncan: Falling in love with her was a mistake.

Little Duncan: I would never fall in love for someone like Heather.

Duncan: I agree with you little bro.

Me: We also had a contestant on our show named Eva. She had a really nasty anger problem. She was mad all the time kids.

Kid 4: Was she really that angry?

Me: Oh yeah. Her anger was so strong that she hated everything.

Eva is the first person to be eliminated due to Heather's scheming. In The Big Sleep, Heather steals Eva's MP3 player and then returns it to her later on after Eva had destroyed the Bass' cabin in an attempt to find it. This leads to Eva being voted off by her teammates. When Eva returns in No Pain, No Game, Eva frightens Heather when she enters the cabin and when she questions the presence of the tape that Heather placed on the floor in the previous episode, Heather quickly removes it, stating that it isn't important. After the challenge ends, Heather votes for Eva, calling her a "rageaholic" and scribbling devil horns and a pointed beard on her picture. Likewise, Eva chooses to vote for Heather.

In Trial by Tri-Armed Triathlon, Heather is spooked by the presence of two wooden carvings of Eva's head (and even called it upsetting) during the third challenge. By Haute Camp-ture, Eva finds out that Heather was responsible for her initial elimination and vows revenge. Throughout the episode, she constantly badmouths Heather. After the winner is declared in The Very Last Episode, Really!, Eva tells Heather that she stinks, due to her being locked in the confessional after Owen had used it.

In Hawaiian Style, Eva initially sides with Cody, but Bridgette forces her to support Heather instead, much to her displeasure. Despite this, she still cheers for Heather when she wins in her ending.

Me: Eva hated everyones guts and she wanted to destroy everyone.

Darcy: That is scary. But Heather should be scared of her.

Lisa: Indeed Darcy.

Me: Ezekiel?

Ezekiel: I never really liked Heather, eh? She is the worst of them all and I hate her guts.

Me: You and me both brother.

Darcy: What does Eh mean?

Me: Oh, it's a verbal tick that most people up in Canada use. It's part of the Canadian culture.

Ezekiel: Yeah its been that way for us for years eh?

Despite their rather lack of interaction, Ezekiel admits that he finds Heather bossy in Haute Camp-ture.

In Planes, Trains, and Hot Air Mobiles, when Heather's nemesis Alejandro boards the train she is on, he releases a restrained Ezekiel to attack her, his dislike imminent. Despite a sudden disappearance (which left the rivals to fight each other themselves, resulting in Alejandro being pushed off the train), he reappears again and attacks Heather. She tries to talk to him by bringing back memories of Camp Wawanakwa when he was "still semi-human." Ezekiel is not moved, however, and after a brief yet rough physical confrontation, he manages to throw her out of the train.

Me: Nice job throwing her out of that train dude.

Ezekiel: Thanks man.

Me: You're welcome. Geoff?

Geoff: Heather is the worst of them all dude. Me and Bridgette were the hosts of Total Drama Aftermath.

In Search and Do Not Destroy, after Heather tricks Trent into kissing her, Leshawna tells Geoff to vote either Trent or Heather off the show. In That's Off the Chain!, Geoff glares at Heather as he witnesses the dramatic scene of her abandoning her long-time alliance-mate, Lindsay.

Geoff admits that Heather freaks him out with her strategy talk in Trial by Tri-Armed Triathlon. In that same episode, Heather votes him off because she fears that his overall niceness would end up becoming a problem for her own survival in the future, as being the nicest camper is a huge threat to everyone else.

In The Aftermath: I, Geoff claims Heather to be the most attractive female on the show, which puts a massive strain on his relationship with Bridgette. Despite finding her hot, Geoff claims that he would certainly never date her, seeming disgusted with the idea.

In The Aftermath: III, since Heather was one of the guests in this episode, Geoff straps Heather into the electric chair as part of the "Truth or Electrocution" segment and laughs whenever she is caught lying and is electrocuted as a result. When Bridgette, Leshawna, and Owen agree that Geoff has become much more sadistic and harsh, Heather comments on how proud she is. She later joins Bridgette, Leshawna, and Owen to get Geoff into the electric chair as a taste of his own medicine. Bridgette becomes concerned about him not acting like himself by wanting to hurt the other contestants. She asks him who he thinks is the hottest girl on the show, somehow aware of his comments in the previous aftermath shows.

In Aftermath: Revenge of the Telethon, while interviewing Leshawna, Geoff asks if it felt good to have repeatedly slapped Heather during Slap Slap Revolution.

In Hawaiian Style, Geoff once again compliments Leshawna for beating up Heather in Slap Slap Revolution. During Who You Gonna Root For?, Geoff states that everyone hates Heather. While describing the final three contestants, Geoff scribbles on the monitor of Heather's image, drawing her as a vampire. He explains this is because she is both "evil and unstoppable."

Me: Well said dude.

Geoff: Thanks man.

Kid 5: Heather is a monster. She was born in fire.

We laughed.

Me: Well said. That's a great way to describe her. Gwen?

Gwen: Heather and I have hated each other since day one of the competition.

Little Gwen: She must've been a really bad and dark person.

Gwen: That is really inspirational.

From the moment they first meet, Gwen and Heather display a strong dislike towards one another, similar to many other contestants who have interacted with Heather. In Total Drama Island, Gwen is the most frequent victim of Heather's cruel actions, and is even given the nickname "Weird Goth Girl." A notorious example of this bullying was in Search and Do Not Destroy, where Heather deceives Gwen into believing that her love interest, Trent, was cheating on her with Heather. However, Gwen usually exacts her revenge on Heather, sometimes with the aid of her friend, Leshawna, who has a similar hatred towards Heather. It was due to Gwen orchestrating a brief alliance with Owen in I Triple Dog Dare You! that Heather suffers her greatest humiliation to date: accidentally having her hair shaved off. Heather is eliminated from the competition in the process and Gwen advances to the final two with Owen for the $100,000.

Their intense rivalry and conflict continues in Total Drama Action when they are placed on the same team again. They immediately butt heads from the moment they step off the bus that carries them to their new location, an abandoned film lot. Although Gwen still despises Heather due to her actions in the first season, she reluctantly selects Heather for her team, the Screaming Gaffers, due to Leshawna's advice to "keep your friends close, and keep your enemies closer". Their conflict is heightened (though was cut short) in The Chefshank Redemption, when Gwen is eliminated over Heather after she finds out that Gwen was throwing the challenge. Following the conclusion of the second season, it is revealed in Celebrity Manhunt's Total Drama Action Reunion Special that the two girls engaged in a heated video blog war with each other, confirming that the conflict was still active.

The conflict continues as of Total Drama World Tour, as Gwen and Heather once again end up on the same team, but has lost some focus. However, early in the season, Gwen and Courtney team up against Heather, attempting to vote her off at any chance they got. Their first chance ultimately fails, due to Heather being spared in a fake elimination. In I See London… Gwen is caught kissing Courtney's boyfriend Duncan behind her back, as revealed by Tyler; this scandal completely took the target off Heather's back as Courtney furiously turned against Gwen and desperately tried to get her eliminated. Although Heather teams up with Courtney for a while against Gwen (it was later revealed that Heather had her fingers crossed), she eventually lost her patience with Courtney, due to her going so far as to throw challenges to get their team to lose just so that Gwen could be eliminated. Since Heather disapproved of this, considering winning more important than eliminating Gwen, she ironically ends up teaming up with Gwen against Courtney, only for Gwen to be eliminated in the same episode that they teamed up in, due to a tiebreaker between her and Courtney.

Despite being on the same team a fourth time, Gwen and Heather's conflict is a little more toned down in Total Drama All-Stars, due to Gwen having a more prominent interaction with other members of her team, and Heather's early elimination. In the midst of Heather and Jo's heated arguments about who would be team leader, both attempt forming alliances with Gwen in Saving Private Leechball, but Gwen is oblivious, seeing this more as her team wanting teamwork. Eventually, Heather wants to get back at Alejandro, and tries to pull several members of her team including Gwen to vote him off.

Despite their conflict, Gwen follows the plan, but it is Heather who gets voted off in the end after Alejandro uses the Mclean-Brand Chris Head to save himself. In the finale, the conflict between them resumes once again and Gwen is able to do something that she had waited for several seasons; smack Heather in the head.

### Not So Happy Campers - Part 1

Sparks of a conflict begin in this episode as the Screaming Gophers first walk into their cabins. After Gwen makes a sarcastic remark at Heather for her immediate whining about the cabin, the latter replies by giving her the nickname of "Weird Goth Girl," which she goes on to use in reference to Gwen throughout the series.

### Not So Happy Campers - Part 2

Gwen fully agrees with Leshawna that Heather's reasoning for her refusing to jump off the cliff during their first challenge is ridiculous.

### Dodgebrawl

When Gwen enters the main lodge, Heather along with the rest of the Screaming Gophers cheer due to her helping the team win the previous challenge. Due to Gwen being fatigued, Heather allows her to sit out for the first round. When Noah criticized the lack of effort the team put in the challenge they just lost, Heather announced that for once she agreed with Gwen in wanting Noah to shut up, since he didn't even try to help the team out.

### Not Quite Famous

The challenge for this episode is a talent show, and Heather declares herself team captain which Gwen disagrees as Heather forces her alliance mates, Lindsay and Beth, to vote for her. Gwen angrily leaves with Trent to go to the Dock of Shame to get away from Heather and everyone else. Heather, feeling threatened by her independence and becoming suspicious, finds Gwen's diary (with Lindsay's help) and reads it out for everyone to hear at the talent show, revealing her crush on Trent. Gwen most likely votes her off that night, but it fails when Justin leaves instead. In retaliation, Gwen dumps Harold's red ant farm on Heather (when she is asleep), who runs out of her cabin screaming. Gwen smiles and goes to bed peacefully that night, while Heather screams outside.

## The Sucky Outdoors

Heather tells the rest of the team that Gwen for sure would be the next one to leave the island, after what Gwen did to her the night before. However Trent defends Gwen by pointing out her retaliation is justified, considering how severely Heather humiliated Gwen on national television. Heather refuses to admit that she did anything wrong and swears that Gwen is going down.

## Paintball Deer Hunter

Heather tells Gwen to "worry about her own fluffy tail" grumpily during the challenge when Gwen asks Heather if she is going with Trent and herself in the challenge.

## If You Can't Take The Heat…

Gwen can barely contain her laughter when Heather accidentally blows up her flambé, which not only burns Heather's face but also completely burning away her eyebrows.

## Who Can You Trust? Edit

Gwen and Leshawna mock Heather that morning, who is suffering from a cold after being locked in a freezer for so long in the previous episode. Heather vowed to get her revenge on Gwen (who, actually, had nothing to do with it). Luckily for Heather, she and Gwen are partnered up for the first challenge, where Gwen has to climb to the top of a mountain that has explosive dynamite along with various other obstacles, while Heather has to hold the rope to keep her from falling. Gwen asks Chris if they can trade partners because she refuses to trust Heather. Heather drops Gwen on her head (by accident), and later reveals her underwear to the world (on purpose). Later, after Heather falls into the jellyfish pool and gets relentlessly stung and electrocuted, Gwen is seen very content with this incident in the confessional.

## Basic Straining

Heather and the rest of the team celebrate Gwen's victory after she defeats Geoff in the final challenge, thus securing the Gophers' safety from elimination.

## Brunch of Disgustingness

The teams are dissolved into single-gender teams, and Bridgette, the only female Killer Bass member remaining, was the only new girl on her team. Heather begins acting nice towards Bridgette, but to only convince Bridgette into joining her alliance. Gwen tells Bridgette to watch out for Heather, causing the two to exchange angry looks while Bridgette, sheepishly, walks away. After arguing, Heather divides the cabin; one side being Lindsay and Heather's and the other being Leshawna and Gwen's side. Bridgette ultimately chooses Gwen and Leshawna's side. Later on, during the competition, Heather was notorious for pressuring the other girls to eat the disgusting meals (especially vegetarian Bridgette, who struggled with eating meat-based dishes), only to hypocritically chicken out on a number of meals herself. At one point, Gwen grabbed Heather in an attempt to force her to practice what she preached. At the end of the episode, Gwen and Leshawna lock Heather and Lindsay out of their cabin.

## Search and Do Not Destroy

Heather spots Gwen kissing Trent after he helped her out with getting her key. As she considering the romantic relationship in a rival alliance, Heather wants a monopoly on all alliances, and thus made a plan to break up Gwen and Trent. She had Lindsay forge a love note to Gwen that instructed her to meet him at the Dock of Shame at a specific time for a "surprise." Meanwhile, Heather lures Trent to the dock and proceeds to tell him several assorted lies about Gwen and how she "really" felt about him. Heather tricks Trent into thinking Gwen was only using him to get further in the competition, that she found him to be a cliché and that his music sucked. Just as Gwen arrives at the dock, she sees Heather suddenly kiss Trent. Without even being noticed by Trent, Gwen ran off to the other side of the island to cry out her sorrows in seeing her mortal enemy kiss the one guy she cared for in the competition. Heather succeeded in turning the two against each other, though after all of that, Gwen still did not vote Trent off.

However, after Gwen tells Leshawna her side of the story, Leshawna recruits nearly every camper into a temporary voting block to get rid of Heather or Trent; preferably Heather. Gwen did not know about this. Since Heather won invincibility, the vast majority of the campers voted off Trent. After Heather told Trent he was wrong about getting along with everyone, Gwen accused her of not caring, Heather revealed her treacherous scheme moments before Trent left the island, allowing he and Gwen to make amends. While they parted on a positive note, the end result was ultimately what Heather hoped for: making Gwen vulnerable by getting rid of her boyfriend.

## Hide and Be Sneaky

Gwen is still depressed over what Heather did in the previous episode, but Leshawna promises they will get revenge on her. Later, while Gwen is taking a shower, Heather turns the hot water on in the sink and gives Gwen a freezing cold shower, simply to get on her case. She then gives Gwen a fake apology for the stunt, which prompts Leshawna to retaliate by physically attacking Heather. Shortly after Gwen is found by Chef Hatchet (in her grass camouflage), Heather announces that she has won invincibility again by finding Owen and DJ. Heather passes by Gwen, mocking her for how she looks in her camouflage outfit. Later on, Heather tries to get the girls to unanimously vote one of the guys off, as she became aware of their alliance and their plot to pick the girls off, one by one. However, Gwen and a few choice others refuse to agree on Heather's choice, making the plan to vote unanimously fail.

## That's Off the Chain!

When a bird excretes on Heather's head, Gwen is satisfied and laughs, considering that it is just another way of karma getting back at Heather. When Heather says that her bike weighs only two ounces, Gwen remarks "just like her brain." Gwen also looks mad when Heather ends up being the winner of the motocross challenge. Gwen later glares at Heather for using Lindsay to thrust her way through the competition, and is very pleased to see Lindsay curse Heather out after she got Lindsay eliminated. It's also worth noting that this one act gave Gwen new respect for Lindsay, who she had a tense relationship with. Prior to this, Heather reminds everyone that she gained invincibility for the third time and that no one can touch her; with a vengeful expression, Gwen points out that it was only for this particular week.

### Hook, Line, and Screamer

Heather mocks Gwen and Duncan for their love of horror movies, finding it to be only mindless guts and gore. The two argue that it is actually filled with psychological trauma, using the terrified DJ as an example. Heather is the first one to ignore Gwen's lead on the situation of the challenge, which is to survive a real-life horror movie. Heather dismisses the challenge completely and heads off into the shower in spite of Gwen's warnings. When Gwen rushes into the bathroom after hearing what she thought was Heather screaming (it was actually DJ) Heather assures Gwen that she is fine though she still ignores Gwen's warning about showing alone. Before leaving, Gwen sarcastically notes that Heather's green facial mask is a good look for her, shocking her. When it is discovered that Gwen is facing the real killer, Heather and the others rush over to her to let her know what she is truly up against.

### Wawanakwa Gone Wild!

The challenge was that the campers had to catch an animal that they randomly choose and could use anything in the boat house. Gwen's assigned a duck and Heather has a bear to catch, so they get in a tug-of-war fight over a net. Gwen then sees duck bait, so she let go of the net, causing Heather to fall and get stuck in a bucket of fish. Gwen taunts Heather as she walks out, telling her that the net they were fighting over would never catch a bear anyway. When in the confessional, Heather spews that she's most likely the favorite to win the entire competition because of the remaining campers on the island and lists the remaining contestants, calling Gwen "weird goth girl" in the process. After Gwen captures her assigned animal and returns it back to camp, she told Heather to open the cage door, in which Heather listened and opened it for her, making Gwen win the reward for completing the challenge first. However, Heather doesn't seem to mind Gwen winning the challenge, or she just doesn't care. It is also implied that she did not vote for Gwen, despite their conflict because of her issue with Izzy. She seems very intent on making Gwen receive the last marshmallow over Izzy. Later in the episode, Heather tells Duncan to scrub the shower with Gwen's toothbrush due to Leshawna taking a shower after falling in the mud several times.

### Camp Castaways

In the beginning of the episode, Heather and Gwen were sitting on the steps of their cabin when Heather begins taunting Gwen about Leshawna's elimination. Gwen then stomps on the stairs to mess up Heather polishing her toenails and told her to vote herself off. Later, they, Owen, and Duncan got stranded on a deserted island and Heather said in the confessional stall that she was with crazy people (referring to Gwen and Duncan). Gwen, trying to get back to the campsite, built a raft and started to sail away with Duncan, making Heather plead to go with them, but Gwen tauntingly dismisses her. When Owen convinces his three friends to confess their sins before they die on the island, Heather becomes suspicious of Gwen after having heard her story and even suspected that Gwen may not be her real name. Gwen became suspiciously uncomfortable at this last remark.

### Are We There Yeti?

Gwen and Heather had to partner with one another in the challenge in order to get back to the campsite provided with equipment to help them (Chef was in charge as Chris was away). Gwen later says in the confessional stall that she couldn't believe that the producers left her in the woods with Heather. Heather then said she would have instantly ditched Gwen, but would keep her around so if a bear came, she could push Gwen for the bear to eat her. Initially, they start arguing but eventually decided to work together so that they could win invincibility. Throughout the challenge, they kept trying to outwit the boys but end up losing all of their supplies in the process, having to walk to the campgrounds without any sense of direction.

In the end, they manage to trick the boys by making them believe that the girls would not be able to complete the challenge on their own and would camp with the boys for the night. They then take off after the boys fall asleep and Heather manages to take the map from Duncan. Thus, they won the challenge, even high-fiving each other at the end.

## I Triple Dog Dare You!

Gwen and Heather were bad mouthing each other in the confessional stall. Afterward, they went to the challenge, which was to play 'I Triple Dog Dare You.' Gwen dares Heather to lick Owen's armpit, then Heather dared Gwen to chew and eat her toenail, slowly. When Gwen asks Heather if she was satisfied, Heather responds gleefully by saying that she pictured Trent watching this, believing that he wouldn't want to kiss her anytime soon. The Trent jokes continue after Gwen had to drink powdered fruit punch from the communal toilets. Heather taunted her by saying that Trent would never want to go near her: "At this rate, Trent's gonna need a fumigation squad just to-", which Gwen, sick to her stomach, responding by burping in her face, cutting the jesting short. This quieted Heather. Eventually, Gwen and Owen teamed up when Gwen asked him to give half of his freebies to her, and began whooping Heather with dares. After Heather is eliminated and had her head shaved, Gwen and Owen were relieved that they had finally gotten rid of Heather after everything she had done.

## The Very Last Episode, Really!

Gwen did not list Heather as one of the five sane people, as she called her a backstabbing and manipulative jerk. When Heather comes to the peanut gallery in her new wig, Gwen sarcastically states, "Nice rug!", which prompts Heather to tell Gwen, "Bite me!" In the confessional, Heather reveals that she secretly gave a cupcake made with laxatives to Gwen (with a card claiming the cupcake was from Trent) before the challenge to ensure that she loses (unbeknownst to Heather, Owen ate the cupcake after seeing how delicious it looks). When Owen declares what he would do with the million dollars, Heather cheers for Owen and blows a raspberry at Gwen. In addition to the laxative cupcake, Heather tampers with the various obstacles in Gwen's course in an effort to slow her down, such as greasing her pole (wiped off by Trent) and pulling Justin's shirt off (though it distracts Owen too).

In Gwen's ending, Gwen invites every camper to her party except for Heather. Heather who scowls at her. At the end of the episode, Gwen bumps Heather playfully and tells her she has to be a little happy to see Chris thrown into the water. They smile at each other and Heather admits she is happy. Gwen says that she still hated her, though Gwen was smiling so she may have meant this playfully.

Total Drama, Drama, Drama, Drama Island

Along with Trent and Leshawna, Gwen laughs when Heather walks past due to the drawing that had been made on the back of her head by Leshawna. She refuses to team up with her and laughs when she is being attacked by beavers and Trent makes a joke about helping her.

Me: Gwen and Heather have hated each others guts since the day they met.

Gwen: We sure did.

Me: And here's a video of how much Gwen and Heather hate each other.

I played a video of Gwen and Heather hating each other.

Kid 1: Wow!

Kid 2: That is a tough fight!

Me: It sure was. And Gwen got some serious payback in season 7. Watch.

Gwen and Heather's fight during the events of the Canadian Mutant Island saga and she was awesome!

Little Gwen: You sure were amazing.

Gwen: Thanks little Gwen.

Me: But it was absolutely humiliating when she read Gwen's diary in front of everyone.

Everyone booed.

Me: My thoughts exactly kids. Heather's doctorate was in Revenge and Humiliation. Well it's been revoked.

Everyone cheered.

Me: Harold?

Harold: Heather is an absolute monster.

After Total Drama Island ends and her true nature is revealed, Heather finds herself without an ally, as none of the contestants are willing to trust her, but found an unlikely friend in Harold who sympathizes with her. Even after Heather betrays him in the special, Harold bears no hard feelings towards her and continues to help her later throughout the episode. After a brief talk, Heather tells Harold that they can be friends, although she looks at the camera and shakes her head immediately after.

In Total Drama Action, Heather and Harold are placed on the team, though they spend more time fighting with each other, often with Heather joining Duncan in mocking Harold's geekiness. However, there are moments the two of them get along well. They did not interact much in Total Drama World Tour due to Harold's early elimination and being on different teams. However, during the finale, Harold decides to help Heather beat Alejandro due to his greater dislike for the latter. When she wins in her ending, Harold and majority of the contestants cheer for her.

Me: Way to sock it too her dude!

We fist bump.

Harold: Thanks man.

Little Harold: That monster Heather is a freak.

Harold: You said it Little bro.

Me: Yep. Izzy?

Izzy: I think Heather is an absolute psycho.

As a running gag in Total Drama Island, Heather always calls Izzy impudent names such as "psycho hose beast" or "crazy girl." Izzy and Heather do not have any major confrontations with each other, but tend to argue with one another. After Izzy's return, she apparently joins Heather's alliance, but has little involvement in helping her. A few episodes later, Heather votes off Izzy for shooting her with a tranquilizer dart. In the following episode, Heather continues to mock Izzy in front of Owen, leading to Owen to blow up on her.

In an exclusive clip prior to the special, Heather vomits in disgust after listening to Izzy's scary story. Izzy then proudly exclaims "I told you I could make her barf!"

They have little interaction in the next two seasons, but Izzy chooses to support Heather over Alejandro in Hawaiian Punch and cheers for her when she wins in her ending.

Me: She is really sick! But way to land the humiliation Izzy.

Izzy: (Evil laughter) Thanks J.D.

Little Izzy: Yeah big sis!

Me: Here's what Jo says.

In Up, Up And Away In My Pitiful Balloon, Jo respects Heather's strategies in the past and admits she is a tough contestant, but dislikes her shorts, considering them too "girly-girly." Heather also angers Jo for stealing the million dollars. Later, Heather throws several of Chris's Gemmies at Jo; during said engagement, Jo encourages the mutant flying goats to burn down Heather's zeppelin.

When they are placed on the same team in Total Drama All-Stars, their dominating personalities clash as they argue who should be in charge of their team. In the first episode, Heather pushes the "newbie" out of the way, only for Jo to push and insult her back.

In Evil Dread, they both argue on how they should dig up the 3-D puzzles. They both continue to argue who should be a leader, to the point where they physically hurt each other. At the elimination ceremony, Jo glares at Heather when Chris announces it's time to vote someone off.

The conflict between the two finally reaches a boiling point in Saving Private Leechball. Heather and Jo spend most of the time trying to get Gwen's loyalty in order to get her into an alliance. Jo angers Heather when she votes off Lightning, as she believes that he is a much better teammate. During the challenge, Heather scolds Jo for shooting at Scott with their own cannon. That night, both of them place in the bottom two and Heather presumably votes for Jo, resulting in the latter being eliminated.

Me: Jo may have been a complete jerk but I agree with her.

Lincoln: I agree with you J.D.

Lana: Same here.

Lola: Me too.

Me: Yep and Lynn, Lana and Lola mercilessly thrashed her. But it's too graphic for you all to see.

Darcy: Is it really that bad?

Me: Well how should I put this? It's not pretty. Justin?

Justin: Heather is the most ugliest girl in the world. She is uglier than Eva.

Me: You said it Justin.

In Not Quite Famous, Justin charms Heather when he takes off his shirt after extinguishing a burning bush. Heather then allows him to take part in the talent contest, along with her and Trent. After their team loses, Heather knows that she is the prime target for elimination, and as a last ditch effort, she shifts the target to Justin. She then convinces Lindsay, Beth (in an alliance with her), Izzy (crazy, though Izzy's alleged past relationship with Justin could have been the main reason of Izzy helping her), and Owen (bribed with a piece of cake) to vote off Justin. In The Very Last Episode, Really!, Heather rips off Justin's shirt and uses his "power" to distract Gwen in an effort to slow her down. However, this backfires, as it also distracts Owen.

In Hawaiian Style, Justin initially sides with Cody, but later supports Heather by the orders of Bridgette. In Hawaiian Punch, Justin and the others watch and laugh at Heather's misfortune at the beginning of the episode. When she wins in her ending, Justin cheers for her.

Justin: Heather is an ugly monster!

Me: You tell her Justin!

Everyone cheered.

Me: Yep. Katie & Sadie?

Katie: We hate Heather.

Sadie: You said it girl!

At Playa Des Losers in Haute Camp-ture, while discussing about Heather, they both consider Heather to be extremely bossy, with Sadie even pondering how Heather is in the final five when everyone hates her. Both of them make a big deal out of the Heather-kissing-Trent ordeal from Search and Do Not Destroy in The Aftermath: I, trying to discern who is at fault for the deception, and ultimately agree it is Heather's doing. In Celebrity Manhunt's Total Drama Action Reunion Special, Heather makes fun of Katie and Sadie with puppets of them, mocking their shrill voices and choice of words. In Hawaiian Punch, Sadie is one of three contestants moved by Alejandro and Heather's confession of love to each other.

Me: You two have an awesome opinion about her. Leshawna you have the strongest hatred of Heather right?

Leshawna: You know it man. I hated Heather ever since day 1.

Heather and Leshawna arguably have the most detailed rivalry of all the characters in the entire series. Leshawna occasionally backs up Gwen whenever Heather insults her and engage in many verbal and physical altercations. In season two, the conflict between the two continues, with Leshawna mocking Heather's lack of hair while Heather insults Leshawna's weight. In Riot On Set, Leshawna suggests to Gwen to choose Heather for their team for strategic purposes. After Million Dollar Babies, the two might have gotten along on better terms, but the conflict was brought back up in Slap Slap Revolution, due to Alejandro manipulating Leshawna, and slaps Heather multiple times, resulting in her elimination.

Me: You sure laid down the law with Heather! Righteous dudette!

Leshawna: Thanks dude.

Little Leshawna: That was awesome big sis!

Leshawna: Thanks little sis.

Me: Lightning?

Lightning: Sha-blam! I hate Heather. She's such a sore loser.

In Up, Up And Away In My Pitiful Balloon, once Lightning crashes into the zeppelin, he tries to take back the million dollars from Heather, and the two engage into a fight for it. Heather fake-cries to gain Lightning's sympathy but then hits him several times with the case when he lets his guard down, prompting him to call her crazy. During their fight, however, he attempts to warn Heather that Cameron is about to ram into the zeppelin, but abandons her when she doesn't listen to his warning.

In Evil Dread, Heather smacks Lightning with a shovel after he refuses to hand her one of the shovels he holds. Like the others, she is furious at Lightning for miscounting the number of pieces their team has that costs the Villainous Vultures the win. Later that night, Heather most likely votes off Lightning due to this reason.

In Saving Private Leechball, Heather gets upset at Jo for making the team vote off Lightning, because Heather felt that the team would've been better with Lightning's athletic skills.

Me: Well said dude!

Lynn: Yeah Lightning. Way to lay on the sick burn!

Everyone cheered.

Kid 6: You tell her!

Me: Yeah. Lindsay?

Lindsay: Heather is a big meanie!

Lindsay and Heather have one of the worst conflicts. Initially, Lindsay, along with Beth, was part of Heather's alliance, formed during the early episodes of Total Drama Island. For most of the season, she would help to establish Heather's dominance over their team and to eliminate anyone Heather declares a threat. Even after Beth left the alliance, Lindsay continues to help Heather under the belief that Heather is her best friend and wants to bring her to the finale with her. However, Lindsay finds out in That's Off the Chain! that Heather is only using her for her own selfish needs after she double-crosses her. Angered of her betrayal, Lindsay begins to hate Heather at this point. In later seasons, Lindsay continues to ignore Heather, while the latter continues to insult her for her lack of intelligence.

Me: And you sure damaged her pride.

Lindsay: I did?

Me: In a good way.

Lindsay: Oh.

Me: Yeah.

Everyone gave their opinions.

Mike

In Saving Private Leechball, Mike shoots Heather with a leech while distracted, eliminating her from the challenge. In The Final Wreckening, Heather becomes a helper for Mal. In the confessional, he states if she or Alejandro tries to stop him from winning, he would "bury them alive." While pondering on how to cross the toxic moat, Mal picks Heather up and attempts to throw her in. However, Alejandro stops him and gives him the alternative of using a strong stick to pole vault across, to which Mal throws Heather on the

ground.

Noah

In The Big Sleep, Noah bumps into Heather during the twenty kilometer run around the lake, to which Heather finds annoying. Though later when Owen tries to revive a supposedly unconscious Noah, Heather appears to be worried about him. In Dodgebrawl, he is slightly annoyed because Heather is the one that urges him to participate the most. Also, when Noah is hit by a dodgeball, Heather laughs at his expense. When Gwen tells Noah to shut it after the Screaming Gophers lose, Heather actually agrees with Gwen. In Haute Camp-ture, Noah implies he was happy when Leshawna locked Heather in the fridge. In Are We There Yeti?, Heather compliments Noah about his intelligence, calling him "one seriously smart guy" in the confessional.

In I See London… , Noah indirectly insults Heather by calling Alejandro "Heather with social skills." In Planes, Trains, and Hot Air Mobiles, Noah appears to be angry that Heather made it to the final two first instead of Cody. However, in Hawaiian Punch, Noah happily cheers for Heather in Heather's ending after she defeats Alejandro and smiles when she wins the final challenge.

Owen

Heather treats Owen poorly throughout the series, and despite Owen's claims, he seems to be frightened of her most of the time. He finally snaps at her in Trial by Tri-Armed Triathlon when Heather continuously insults Izzy, his crush, during their challenge. He demands the Wimp Key to remove the handcuffs (which would make them automatically lose) and later enters to the confessional to curse her out. In I Triple Dog Dare You!, Owen shares half of his freebies with Gwen and teams up with her against Heather, successfully eliminating her off the show by using all their freebies and making her do the dares instead. Due to her bigger conflict with Gwen, Heather chooses to support Owen in the finale and does whatever she can to ensure Owen's victory.

The conflict between them tones down a little in the next few seasons, but Owen still refuses to be acquainted with Heather, still finding her untrustworthy. When Heather is in the finale of Total Drama World Tour, Owen was forced to support her by Bridgette much to his annoyance. However, when it comes between her and Alejandro, Owen genuinely shows his support to her due to his bigger dislike for Alejandro.

Sam

In Evil Dread, Heather joins the other villains in laughing at Sam when he gets stung by a jellyfish.

I gave Scott's opinion.

Like the other newcomers, Scott is not happy to see Heather during her return to the island in Up, Up And Away In My Pitiful Balloon.

In Total Drama All-Stars, the two are placed on the Villainous Vultures and have a minor conflict with each other. In Food Fright, Scott disgusts Heather with his attraction towards Courtney. In No One Eggspects The Spanish Opposition, Heather tries to get Courtney and Scott to vote for Alejandro by lying that Alejandro is targeting Scott.

Sammy hates Heather just as much as we do and as much as she hates her just as much Amy.

Sierra

Upon Sierra's debut into the competition, Heather immediately tries to make an alliance with her, which Sierra accepts. However, Sierra's repeated viewings of every Total Drama episode educated her on Heather's game tactics, adding that she is only pretending to be friends with Heather and secretly plans to vote her off. After the merge, the two of them continue to hate each other but put it aside in the end in order to eliminate Alejandro.

Trent

A very unfortunate event

Heather kisses Trent in front of Gwen.

In the beginning of the series, Trent treats Heather with respect, even when it wasn't mutual. However, he grows to hate her once she manipulates him into kissing her in Search and Do Not Destroy, breaking up his relationship with Gwen and later causing his elimination.

In The Sucky Outdoors, Trent rebels against Heather by stating that Gwen was justified to dump Harold's red ant farm onto Heather's bed as revenge for reading her diary in Not Quite Famous, calling it "harsh" on Heather's part. In Up the Creek, she interrupts a conversation between him and Cody, calling them "ladies" and asking them if they were finished with their "tea party."

In X-Treme Torture, Heather shows no remorse for Trent after he falls thousands of feet straight into the ground, resulting in full-bodied injuries. She even counts on this happening when she draws a chalk outline of his body on the ground. When pulled on a stretcher by Chef Hatchet, she blames Trent for losing the challenge.

Heather sees Gwen and Trent's relationship in Search and Do Not Destroy as the formation of an alliance, and thus a threat to her. To that end, Heather conspires with Lindsay to break up Trent and Gwen. After luring him onto the dock, Heather tricks him by telling him Gwen's feelings aren't genuine and that he is being used. Upon Gwen's arrival, Heather kisses Trent in front of him. This event leads to Trent being the target of elimination by the other campers rallied by Leshawna as Heather has immunity. After Trent is eliminated, Heather confesses that everyone fell for her plan. From here on, Trent's conflict with Heather becomes mutual.

Trent never forgives Heather for her actions in this episode, evidenced in Haute Camp-ture, when Trent says he never wants to meet anyone like her ever again. In Total Drama, Drama, Drama, Drama Island, he asked Leshawna and Gwen if they should help Heather while she was stuck head-first in a beaver dam and getting attacked by beavers; however, within moments, all three of them burst out laughing at the suggestion.

In the premiere episode of Total Drama Action after Chris begins the challenge, Trent shoves Heather aside while shouting "outta my way!" In Beach Blanket Bogus, Trent accidentally throws salt and pepper in her face, causing her to scream in pain and sneeze uncontrollably. Later in 3:10 to Crazytown, Trent asks how they would be able to tell the difference between the cowboys and cattle. When Chris answers his question, saying that cowboys would wear hats and the cattle would wear udders, an annoyed Heather remarks, "You just had to ask."

Trent initially sides against her in Hawaiian Style and also laughs at her misfortune at the beginning of Hawaiian Punch. After Cody is eliminated, however, Trent switches to Heather's side and cheers for her when she defeats Alejandro in her ending.

Tyler

Heather scorns Tyler solely because Lindsay has a crush on him (which distracts her from their alliance), even though he is on the opposing team. Seeing this as a threat, Heather is determined to keep them apart. In Dodgebrawl, Heather throws a dodgeball at his groin when he blows a kiss to Lindsay. Later, when he and Lindsay make out under the dock, Heather throws a kayak at him. On numerous occasions, she makes sure Lindsay does not get too distracted by him.

In Hawaiian Punch, Tyler cheers for Heather after she defeats Alejandro in her ending.

Zoey

In Up, Up And Away In My Pitiful Balloon, Zoey is at first excited to see Heather but then gets offended when Heather, calls her a loser, insisting she is not a loser unless everyone else thinks she is.

In Heroes vs. Villains, Zoey impresses Heather when she saves Mike and Gwen from the sharks.

Me: So yeah. We had all kinds of opinions for how we feel about Heather. And I have a special treat for you all. (Signal Whistle)

The door opened and in came Heather in a straitjacket and a Hannibal Lector mask.

Me: You all are gonna smack Heather into pulp!

The kids cheered.

Me: With Piñata Sticks!

Everyone cheered again.

Me: Lets go outside.

We did so and we had Heather tied from a tree branch.

Me: You all ready to have some fun?

Everyone cheered!

Me: Who wants to go first?

Little Gwen: I do!

I hand her a stick and Little Gwen went up to Heather.

Heather: Why are you Gwen back whe…

POW!

Little Gwen smacked Heather all over her face.

---

Me: Wow! Nice hits. Hey guys remember the Paintball Deer Hunter challenge?

Gwen: How can I forget that? That was so awesome how Heather was covered in paint.

Beth: I covered Heather in Paint.

Lindsey: She deserved it.

Me: Well here is another awesome part. Paintball Blasters!

I had a lot of paintball blasters.

Beth: Oh yes!

Owen: Whoo-hoo! Yeah!

Little Owen: This is gonna be awesome!

Me: And check this out.

I sprouted jellyfish tentacles, octopus tentacles and my Punk Shock tail and crouched down on all fours.

Me: This is a move I call The Rapid Fire Paintstorm of Death! Lets give Heather a paintball pounding she'll never forget.

Leshawna: This is gonna be sweet dude!

Me: Oh yeah! Let her have it!

We fired a lot of Paintballs at Heather and she was getting pelted and pulverized with paint at an incredible rate and the paint represented all our favorite colors. Chris and Chef were watching the whole thing up in Canada and they were laughing their heads off at the humiliation we were dishing out on Heather.

We ran out of paint balls and smacked Heather with piñata sticks. Heather was badly beaten and dripping with paint.

Everyone cheered.

Trent: That was so much fun! Serves you right Heather.

Me: You tell her Trent.

Noah: That was the most fun we've ever had.

Little Noah: It was fun.

Me: Did you all have so much fun?

Everyone cheered.

Mrs. Shrinivas: Wonderful presentation J.D.

Me: Thanks Mrs. Shrinivas. I'm glad we can give everyone some awesome inspiration.

Mrs. Shrinivas: Me too.

We had a lot of fun.

## Part 3: CARMEN'S FIERY VENGEANCE!

Carmen was walking to her classroom. She opened the door and then a bucket of raw sewage fell onto her and covered her.

SPLAT!

Feathers covered her. Mandy and her two friends Caitlin and Dominique arrived and they laughed at her.

Mandy: We sure got you!

Caitlin: What a twerp!

Carmen: You three have unleashed my vengeance!

Mandy: And what are you gonna do about it?

Carmen: Allow me to impress upon you the severe mistake you have made. For years, you three have gotten away with every mean thing to Sam, Clover, and Alex. But now that you've pranked me, you have forced me to unleash upon you the vengeful flames of a thousand suns. You shall curse your mothers for the day of your birth. So, go now, go, and begin your life of fear, knowing that when you least expect it, the looming sword of Damocles will crash down upon you, cleaving you in two and as you gaze upon the smoking wreckage that was once your life, you will regret the day you crossed the WRONG GIRL!

Caitlin (to Dominique): She didn't think it was funny.

Carmen walked away.

Back home, Carmen came in and we were shocked.

Maria: Carmen, what happened to you?!

Carmen: Mandy and her cronies thought it was funny to prank me.

Cornelia: Are you going to get her back?

Carmen: I'll think of something.

Rachel (Animorphs): I have a feeling that you might not have to do anything.

And Rachel was right. Mandy, Caitlin and Dominique got home.

Mandy (sees a package of chocolate on her table): My shipment of chocolate arrived!

Caitlin (scared): Are you crazy? What if Rockell got to it first?

Dominique: You heard her. She wants to cleave us in two.

Mandy: Oh, come on! It looks like chocolate.

Caitlin: You know what else looks like chocolate? Poison when dipped in chocolate.

Dominique (to Mandy): Let's just hide in here for a while. I mean, it's not like she knows where you live.

7 Hours later, Mandy and her friends were getting frantic.

Mandy (looks out the window): No sign of Rockell yet.

Caitlin: I'm just glad that it wasn't her older sister that we ticked off.

Dominique: I just realized something. You know those 3 losers Sam, Clover, and Alex?

Caitlin: Of course. Why?

Dominique: I think they have a crush on Lincoln Loud.

Mandy: Get real, you two! Lincoln Loud's way younger then them. The odds of those losers being his girlfriends are like, 0%!

But she is dead wrong.

Mandy was taking a shower while Caitlin and Domiinique were in the living room.

Dominique: Okay, it's my turn to stand watch. You can take your nap.

Caitlin (suspiciously): Pretty eager for me to go to sleep. So tell me, how's she been?

Dominique: How's who been?

Caitlin (angrily): Don't play dumb with me! You're working with Rockell!

Dominique: Me? How do I know you're not working with her?

Caitlin I'll tell you how! (punches Dominique and the two start fighting)

Mandy (comes down to the living room in fresh new clothes): I can't leave you two alone for 5 minutes!

Caitlin: It's Dominique's fault!

Dominique: Oh yeah!?

Mandy: Alright, break it up! Can't you see this is what Rockell wants? For us to beat each other up?

Caitlin: You're right. Look at us. We've gone crazy.

Dominique: We can't live like this anymore. We have to confront Rockell.

And they will.

The next day at school, Mandy, Caitlin and Dominque went to confront Carmen.

Mandy: Ok, you win, just do it already!

Carmen: Do what?

Caitlin: Get your revenge!

Dominique: The sewage and feathers? The practical joke?

Carmen: Ohh yes, I had forgotten…

Mandy: GOOD, good… us too.

Carmen: But now that you reminded me… the humiliation I suffered that day will not go unpunished! My pain is the bubbling cauldron of molten steel that will forge the saber of your demise! I SHALL NOT BE DENIED MY VENGEANCE… HAHAHAHAHA! (laughs insanely)

Mandy: [sprays Carmen with hose] Huh, wonder why we didn't think of this 24 hours ago.

But then a powerful torrent of water slammed into Mandy and her friends and they crashed into a bunch of garbage cans.

Maria just soaked Mandy and her cronies.

Mandy: I guess this is the part where you permanently take us down, right?

Rachel (Animorphs): Nah. You three have been through enough punishment for today. But next time, we won't leave you off with a warning!

Maria: You three better watch yourselves. Next time there will be no mercy.

Carmen: YEAH!

Maria: And if you prank my little sister again, it will be the last thing you ever do.

They walked away.

---

## Part 4: THE WRATH OF CYBORG LINCOLN!

---

*It was wonderful sunny day in Gotham Royal York.*

*The camera pans over to the Gotham Royal York Park, where 15-month old Baby Lily Loud Santiago was happily playing with her baby toys while her older brother Cyborg Lincoln was just laying down on a tree branch several yards away. The rest of the sisters and us on Team Loud Phoenix Storm were further away busy doing our own things to notice their cyborg brother and baby sister.*

Lily L.S.: *giggling*

Hay Lin (to the bullies approaching them): Can we help you?

Thug: Out of the way girl.

*That's when a shadow loomed over the baby Loud Santiago.*

Lily L.S.: *notices the shadow moving over her* Poo-Poo? *curiously turns to look at what's causing it*

*That's when she saw a large thug menacingly tower over her little self.*

Lily L.S.: *terrified, tears in her eyes* P-Poo-Poo?! Winky! Winky!

Thug: *angry* OUTTA MY WAY, YOU LITTLE TWERP!

*The thug brings down his hand and brutally slaps Lily. The thug slapped Lily so hard, a painful slap bruise appeared on her cheek. Lily whimpered before crying loudly.*

Thug: *annoyed* Shut up, you little brat!

*Lily's crying and the thug's angry yells were enough to wake up Cyborg Lincoln.*

Me: Uh oh!

Cyborg Lincoln: *startled* Huh?! Lily?! *notices the thug towering over his now crying baby sister, malicious intentions on his faces* LILY! *leaps off the branch and speeds over to her*

Thug: *raises hand to slap Lily again* I SAID SHUT UP! *brings hand down to slap Lily again*

Cyborg Lincoln: *furious* OH, NO, YOU DON'T! *catches thug's hand and breaks it*

Thug: *screams in pain* What in the… ?!

I kicked the thug in the face.

POW!

Hay Lin (fires gust of wind): Leave Baby Lily alone!

The thug crashed into a drinking fountain.

Lincoln: *grabs thug by the throat* You think I'm gonna let you get away with hurting my baby sister? You got another thing coming. *knees thug in gut, breaking ribs* *stomps on his legs, breaking them*

Thug: * screams in massive pain* GAH! *glares at Lincoln with extreme rage* You… miserable… WRETCH!

Me: Who the Hell do you think you are!?

Cyborg Lincoln: *kicks thug across the face, breaking jaw* I suggest you stay down, it'll save you from death.

*The thug growls fiercely as he tries to stand up.*

Thug: *furious* I won't go down… to the likes… of YOU!

Cyborg Lincoln: Hey, come on. There's no shame in getting your butt whooped by an 11-year old cyborg.

Me: And no shame in thrashing you for hurting Lily.

Thug: *infuriated* I don't have to listen to you! And beside! *points at Lily threateningly* That stupid little brat of yours got in my way! *nastily* She'll never grow up to do anything big! She'll always be a dumb, bratty, idiotic screw-up who'll never accomplish anything in her ridiculous, stupid, pointless life! *laughs in a nasty tone*

POW!

I punched the thug in the face and broke his nose!

Cyborg Lincoln: *enraged* AS IF YOU'RE ANY BETTER! *punches thug across the face, throws him to ground, elbows his spine*

I punched him in the stomach and kneed him in the face and flipped him over. I threw him into a bunch of garbage cans.

Me: You are a worthless monster. You think you are better than us?

Thug: *slowly sits up, smirks evilly* Of course I am. *quickly pulls out a gun and shoots a bullet at Lily. Lily sees the bullet soaring towards her and cries out in fear*

Cyborg Lincoln: *runs to Lily and catches bullet, infuriated* NOW YOU'VE REALLY DONE IT! *grabs gun and crushes it* You're going to suffer a long and painful death!

Me: You are seriously one (Censored) up (Censored)! Now you will die!

*The sisters and everyone else, noticing the commotion that's going on, come over to try to find out just what happened.*

Lori: *shocked at what she sees* Lincoln! What's going on here?! What are you doing?!

Cyborg Lincoln: *infuriated* Teaching this piece of scum what happens when he hurts and tries to shoot Lily!

Sisters: *in shock* WHAT?!

Me: You heard right guys. This thug had the audacity to try and kill the cult Lincoln's sister.

Luna: *sees Lily, picks her up* Lily, are you okay?!

Lily L.S.: *crying* Gah, gah, gah, goo! *cries louder*

Lisa: *shocked* He slapped you across the face, then tried to fire a bullet at you?!

Lily L.S.: *whimpers as she nods*

Sisters, sans Lily: *become enraged*

Nico: YOU MONSTER! YOU HAVE FAILED THIS WORLD!

Lynn: *tightens grip on baseball bat* Now I'm REALLY glad I brought my bat!

Lucy: *venomously* You will suffer for eternity for what you have done!

Laney: (Beyond Furious) You will be ripped apart!

Lana: *furious* No one hurts our baby sister!

Lola: *furious* Not even us!

Lisa: Normally, I wouldn't care for inane human emotions, but… *becomes infuriated* NO ONE HURTS MY YOUNGER SISTER UNIT!

Lori: *furious* You are literally going to regret this!

Leni: *angry* How could you do this to a baby?!

Luna: Lily, stay here and look away. *sets Lily down, grips guitar tightly* Now you'll all see why I call this an "axe"!

Luan: *outraged* We're going to seriously mess you up!

Cyborg Lincoln: *infuriated* Girls, for what he did to Lily, how about we give this guy a VIP seat… *cracks knuckles* in the HOSPITAL?!

Sisters, sans Lily: YEAH!

Me: You'd better start praying! (Cracks Knuckles)

*The thug realizes how screwed he is.*

Thug: *eyes widen in horror* Oh, crud…

Cyborg Lincoln: *breaks thug's arm*

Lori: *gives thug a black eye*

Leni: *kicks out thug's teeth*

Luna: *bashed guitar on thug's head*

Luan: *crushes thug's crotch*

Lynn: *bashes bat over thug's head*

Lucy: *rips a chunk of the thugs arm out.*

Laney: *Stabs thugs stomach with a knife*

Lana: *bites thug's leg*

Lola: *claws thug's face*

Lisa: *twists thug's ankle*

Older Lily: *Slashes thugs eyes*

*The thug screamed in horrible pain from the torture he was receiving. We mercilessly thrashed and tortured him. After a few hours, the Loud siblings have finally ceased, the thug was now a crumpled, battered, bloodied, broken, bruised up lump as he groaned in pain.*

Thug: *weakly* Mommy…

*He yelped in fear when he saw 12 furious Loud siblings glaring at him with pure hatred.*

Cyborg Lincoln: *grabs thug and lifts him by the hair* I'm gonna make this short and sweet. If you ever, and I mean ever, come near my baby sister again, you'll be buried in our backyard. Got it?

Me: (Menacing talk) You mess with one of us again and we're going to kill you!

*The thug nods fearfully while letting out a pathetic whimper.*

Cyborg Lincoln: Good. *drops thug onto the street* Then stay out of our sight.

*The thug lets out a terrified scream as he bolts away from the Loud siblings while crying like a big baby. He didn't stop until he was out of sight.*

Lori: *scoffs* What a baby.

Luan: Seems he couldn't handle the "thug" life!

Everyone sans Lincoln and Lily: *laugh*

Cyborg Lincoln: *picks up Lily* Lily, you okay?

Sisters, sans Lily: *stop laughing*

Lily L.S.: *crying* Winky! *hugs Lincoln as she cries into his shoulder*

Cyborg Lincoln: *hugs Lily gently* Shhh. It's okay, Lily. That horrible man is gone now, he can't hurt you anymore. moves his own body in a rocking motion to try to help further comfort his baby sister*

Sisters: *join the hug*

Lori: *sad* Poor thing. She must literally be traumatized.

Me: No kidding.

Leni: *sad* She's like, never gonna forget this.

Older Lily: I wouldn't forget it either.

Lana: *tilts her head* Should we tell Mom and Dad about this?

Luna: *nods* They HAVE to know about this, dude.

Cyborg Lincoln: Luna's right, Lana. They deserve to know what happened. They're our parents, after all.

Me: Yeah.

Lynn: And they deserve to know if one of their kids is hurt or almost shot.

Nico: I agree.

Lucy: Like what just happened to Lily.

Luan: Plus, they'll see her bruise and become concerned regardless of if we tell them or not.

Lisa: *nods* Indeed.

Rachel S.D.: What that thug did was absolutely pure evil.

Me: You got that right Rach.

Cyborg Lincoln: Okay, guys. Let's go.

*We all head back home to the estate, with Cyborg Lincoln carrying a sobbing Lily L.S.*

*They soon arrive at the Loud House and head inside, where Lily L.S. begins to calm down.*

*Rita and Lynn Sr., who were sitting on the couch reading novels, notice their kids.*

Rita: *sets down her book* Oh, hey, kids. How was the park?

Cyborg Lincoln: Mom, Dad, it was fine until this happened. *shows Lily's bruise*

Rita, Lynn Sr.: *gasp in shock*

Rita: *shocked* Oh my gosh! Lily!

Lynn Sr.: *shocked* What happened to Lily, son? Who did that to her?!

Cyborg Lincoln: Some thug thought it would be fun to slap her across the face.

Me: Yeah.

Nico: He hit her good.

Rachel S.D.: He was a total animal.

Rita: *gasps* Poor thing!

Lori: So, we gave him a beat down he'll literally never forget.

Me: Yeah. We gave him a merciless beatdown. I have his blood on my knuckles to prove it.

I showed my bruised knuckles covered in dry blood.

Lynn Sr.: *sees the blood in Lana's mouth* Lana, is that blood?!

Lana: Yeah, Dad. I bit him in the leg.

Me: It was a good bite.

Rita: *sees broken bat and guitar* I assume you beat him with those, too?

Luna, Lynn: *nod*

Laney: I stabbed him in the stomach with a knife.

Older Lily: And I slashed his eyes out.

Cyborg Lincoln: And that's not the worst part, he almost killed Lily by shooting a bullet at her.

Me: Yeah.

Rita, Lynn Sr.: *gasps in shock* WHAT?!

Cyborg Lincoln: *sighs* I wish I was kidding, but I kid you not. It's true.

Nico: Here's the pieces of his destroyed gun to prove it.

Nico put the gun pieces on the table.

*Lily sniffles as Lincoln rubs her back.*

Rita: *horrified* Oh my gosh…

Lynn Sr.: *shocked* Did you call the cops?!

Cyborg Lincoln: Well…

Leni: *looking at the TV* Uh, guys? You may want to see this.

*We all gathered around the TV.*

Reporter: Police are saying a man just turned himself in for trying to shoot a minor that was no older than 2 years old. He arrived at the police station with a black eye, broken wrist, cracked ribs, a bloody leg, a twisted ankle, a stab wound, cut out eyes and more injuries. He told police that the minor's 11 older siblings and a couple of friends did this to him, their ages ranging from 4 to 25 and a bunch of others did this to him as well. I would almost feel bad for him, if he hadn't tried to shoot the minor. Now back to you in the studio.

Lola: Wow, he even turned himself in!

Me: He sure did.

Luan: Guess we scared him that much.

Luna: Well, we did beat him up pretty badly.

Cyborg Lincoln: Honestly, he got what he deserved.

Sisters: *all nods* Agreed.

Me: Yep. We gave him a big case of TLPS-Shock Syndrome.

We all laughed.

Luan: (Laughs) Good one J.D.

Me: Thanks.

Nico: That was funny.

Rita: Kids, me and Lynn have some things to say.

*The kids look at their parents.*

Leni: Are we in trouble?

Lynn Sr.: *smiles* No, of course not. We're really proud of you for defending your baby sister.

Rita: *smiles* However, if this were to happen again, which I hope it doesn't, try not to let your anger get the better of you. Understand?

Siblings: Yes, Mom and Dad.

Me: That thug was a monster.

*There was a knock at the door.*

Lori: I'll get it. *opens the door to find Bobby and Ronnie Anne* Boo-Boo Bear? Ronnie Anne?

Bobby, Ronnie Anne: Hey, babe./Hey, Lori.

Cyborg Lincoln: What are you guys doing here?

Bobby: We saw what happened on the news. Is Lily okay?

Cyborg Lincoln: Physically, it's just a bruise. Though, I'm sure she's gonna be traumatized for the rest of her life.

Lily L.S.: *sniffles as she hugs Lincoln tighter*

Cyborg Lincoln: *sits on the couch, hugs Lily back* Yeah, she's pretty traumatized.

Me: Yeah.

Ronnie Anne: *feels bad* Jeez, poor thing.

Bobby: I can't believe that guy would do something like this to a baby.

Me: I can't either.

Lori: At least he turned himself in.

Lynn: Yeah, after we pounded him.

Laney: Yeah.

Cyborg Lincoln: *rocking Lily* Hey, Lily. How bout I get you some ice cream? Will that help you? *smiles* I'll even let you pick out the flavor you want.

Lily L.S.: *looks at Lincoln, sniffles and nods* Poo-Poo…

Cyborg Lincoln: *smiles* Alright. C'mon, you. *carries Lily into the kitchen*

News Reporter: Now returning to the story of the thug trying to shoot a minor, we now have video footage of the thug slapping the baby. *displays video* You can see here the minor's older brother is beating the thug already, before the thug takes out a gun and shoots at the minor. *gunshot* However, in that split second, the brother seemingly ran and caught the bullet just before it hit her. Then, the other ten, yes, TEN, sisters joined in beating up the thug, before the boy grabbed him and he ran off. This video was taken by a Ms. Sam Sharp Loud. Reporters caught up to her and questioned her, though she asked to keep her face hidden.

Sam S.L.: *off-screen* I just can't believe someone would do something like this to a baby. Do I feel bad for the baby? Yes, the poor thing is probably traumatized for life now. The thug? *scoffs* As if. He got what he deserved. I would have tried to stop him myself, but who better than the baby's older siblings?

Me: Sam recorded this? Cool!

*The name "Sam Sharp Loud" made Luna gasp in shock.*

Luna: *surprised* Sam recorded all of that?!

Laney: She sure did.

Cyborg Lincoln: *comes back with Lily eating a strawberry cup, suddenly gets surprised* Wait, did he say Ms. Sam Sharp Loud?!

Laney: He sure did.

---

Later we found out that Ronnie Anne and the Cyborg Lincoln are in love.

Lori: Hmm, maybe we can plan a triple date movie night next weekend. Me with Bobby, you with Sam, and Lincoln with Ronnie Anne?

Luna: Yeah, that'd be great, dude!

Cyborg Lincoln: *whispers to Ronnie Anne* Of course they would throw us into the mix.

Ronnie Anne: *whispers to Cyborg Lincoln* I'm not surprised.

Bobby: *grins* I'm liking it, babe!

Ronnie Anne: Oh well, I guess it wouldn't hurt.

Lincoln: Yeah, guess not.

Lori: *grins* Knew you two would agree!

Cyborg Lincoln: *in his head* I don't know how I put up with her.

Ronnie Anne: *in her head* I don't know how I put up with him.

Bobby: Well, me and Ronnie Anne better get going now.

Lori: *hugs Bobby* Bye, Boo Boo Bear.

Lincoln: See ya, Ronnie.

Ronnie Anne: Later, Lame-O.

Bobby: *returns the hug to Lori, kisses her cheek* Bye, babe.

Me: See ya compadre.

*Bobby and Ronnie Anne leave the Loud House.*

*The next day, Royal Woods High School.*

Lori, Leni, Luna, Luan: *walk into school*

Boy 1: Hey, there they are!

Crowd: *begins murmuring*

Lori: Uh, what's going on?

Luan: I think they saw the news.

Girl: It's some of the girls that beat up that thug that tried to shoot their baby sister!

Luna: Yep, they know.

Boy 2: I'm glad they sent that thug to where he belongs!

Varie: You got that right.

Boy 3: I heard one of the younger girls bit his leg and made it bleed.

Aylene C.: That's right. That was Lana.

Girl 2: And the boy ran fast enough to catch a bullet!

Girl 3: Yeah, it was brutal, but amazing!

Girl 1: I had no idea Leni could be that brutal when defending her siblings.

*Leni blushes.*

Bobby: *approaches the sisters* The whole school's talking about the news. Ronnie even said the elementary school is going on about you guys.

*Elementary School*

*We were walking through the hallways.*

*Clyde notices them from a crowd.*

Clyde: Lincoln, there you are!

Cyborg Lincoln: *walks up to Clyde, along with his younger sisters* Hey, Clyde.

Boy 1: Hey, it's the thug beaters!

Crowd: *cheers*

Cyborg Lincoln: Yeah, they know about it.

Lana: Wow, the news about us spread like wildfire!

Lola: Yeah, no kidding.

Me: It sure did.

Boy 2: They sure gave that thug the one-two!

Girl 1: Lana, did you really bite the guy's leg?

Lana: *smiles, revealing dried blood on her teeth* Yep. It's gonna take a while to get it out of my teeth, though.

Girl 2: I like how Lola clawed his face.

Lola: *takes off glove* It was worth chipping a nail.

Boy 3: Wait, what did Lucy do?

Lucy: *whispers to boy 3* That's best kept secret.

Boy 3: Okay, then.

Cristina: Lincoln!

Cyborg Lincoln: *turns and sees her*

Cristina: That was amazing how you saved your little sister, and caught a bullet for her. It's made me realize how heroic you really are. And, I'm sorry for ignoring you rudely. We can be friends, right?

Cyborg Lincoln: *smiles* Sure thing, Cristina. Of course we can be friends, and I forgive you too.

Cristina: *smiles* Thanks.

Ronnie Anne: *walks up from behind Cristina* Hey, Cristina.

Cristina: *turns and sees Ronnie Anne, surprised* Ronnie Anne?

Ronnie Anne: I saw you apologizing to Lincoln, *smiles* so I forgive you too.

Cristina: *smiles* Thanks, Ronnie Anne.

*Cristina and Ronnie Anne share a friendly fist-bump, then Ronnie Anne takes Lincoln's hand.*

Cyborg Lincoln: So, we'll see you at lunch then?

Cristina: *smiles* Sounds good.

Cyborg Lincoln: *smiles* Alright. See you then. *walks off with Ronnie Anne, Lucy, Lana, Lola, and Clyde*

After the events of the fight with Pariah Dark, Ronnie Anne unfortunately broke up with our drifter friend Cody. It was sad to here that. But they accepted it and are now friends.

*In Kindergarten*

*Lisa enters her classroom.*

Lisa: Another day of learning in this establishment for children of my age.

*When Lisa goes over to sit down, she sees the kids, Darcy, and Ms. Shrinivas looking at her with smiles.*

Lisa: I assume you all know about what happened yesterday?

Ms. Shrinivas: *smiling* (India Accent) We sure do, Lisa! You're an absolute hero for saving your baby sister from that horrible man!

Lisa: Well, if it wasn't for my brother's discovering of the situation, it's likely something worse could have happened. I was doing what an older sibling does for their younger sibling.

*Darcy gives Lisa a hug.*

Darcy: *happy* I'm so glad you're my best friend, Lisa.

Little Gwen: Same here.

Lisa: *smiles* Thank you, Darcy and Gwen.

Ms. Shrinivas: *smiling* Everyone, let's give Lisa a round of applause for being a hero!

Classmates: *applaud Lisa*

Lisa: *smiles proudly*

*Later, after school, at the Team Loud Phoenix Storm Estate.*

*Rita was on the phone with Albert, her dad.*

Rita: I know, Dad. Ever since yesterday, the kids have been praised as heroes for saving Lily.

Albert: *on the phone* Yeah, they really laid the smack down on that whipper snapper.

*The Loud Kids walk into the house with smiles on their faces.*

Lynn Sr.: *sees the siblings walk in from the couch, smiles* Hey, kids. Have fun being praised as heroes?

Kids: *smiling* Yeah, Dad!

Rita: Well, how about you explain it to your grandfather? *puts phone on speaker* Dad, you're on speaker, and the kids just walked in.

Albert: *on the phone* Uh, I think you mean the heroes just walked in?

Kids: Hi, Pop-Pop!

Me: Hey Mr. Albert.

Albert: *on the phone, smiling* Well, if it isn't my favorite heroes!

Kids: Awww!

Albert: *on the phone, smiles* I'm really proud of you all for pounding that punk. *angry* Seriously, who tries to shoot a baby?!

Me: A monster that's what.

Cyborg Lincoln: *angry* I know, right?!

Lori: *angry* It's literally so wrong!

Lucy: *angry* Honestly, that's too morbid, even for me!

Albert: That's how you know it's messed up!

Kids, Rita, Lynn Sr., Albert: *laugh*

Luan: *laughing* Good one, Pop-Pop!

Me: That was funny!

Lily L.S.: *laughing* Poo-Poo!

Albert: *on the phone, chuckling* Exactly, Lily. Also, Luna?

Luna: Yeah, Pop-Pop?

Albert: Is what your mother told me about you being gay true?

Luna: *nods* Yeah, it's true.

Albert: Okay, just making sure. I'm really happy you're expressing yourself.

Luna: So, you're happy with it?

Albert: You're my granddaughter. Of course I'm happy for you.

Luna: *smiles* Thanks, Pop-Pop.

Albert: *on the phone* Well, I gotta get going. I'll talk to you heroes soon.

Kids: Bye, Pop-Pop!

Albert: *on the phone* Later, kiddos. *hangs up*

Cyborg Lincoln: Now that felt great.

Lori: *smiles* Sure did, Lincoln.

Me: We sure got a lot of praise huh?

Cyborg Lincoln: Yep.

Laney: I hope this doesn't go to our heads.

Luna: By the way, bro, how's your hand?

Cyborg Lincoln: It's fine. Bullets don't hurt me anymore, remember?

Luna: Yeah, I know. Just makin' sure you're okay, dude.

Cyborg Lincoln: *smiles* Yeah, I know.

Hay Lin: (To the Viewers) The moral to this is, you hurt a baby and there will be a horrific smackdown dealt to you.

THE END

---

Another Fanfiction Complete.

The ideas for this one came out of the blue. Also the Cyborg Lincoln story is based on nbwatts story "ReBAL - What Did You Do To My Baby Sister?!" Credit goes to you for making an awesome story and thank you for letting me use your story in my fanfic. NicoChan gave me the ideas for part 3 of the story as well as the beginning of part 4. Thanks man as usual. Let me know what you all think.

See you all next time

# Supersonic Speed of Rodan

## Part 1: Fun by The Pool

---

It starts at the estate. Lynn was resting and shooting some hoops in her room from her bed after a long workout. I came in and I had a cool water gun with me.

Me: Hey Lynn.

Lynn: Hey J.D.

Me: Have a good workout?

Lynn: I always do.

Me: Cool. Everyone is down by the pool. Me, Nico and Lincoln are gonna do a surprise ambush on Lori, Leni and Carol. You want to join us?

Lynn: Oh it is on!

Me: Lets do it.

Lynn got her water gun ready and we had water in it that was Arctic cold.

Maria was about to get ready. She came across Harry Potter.

Maria: Hi Harry.

Harry Potter: (British Accent) Morning Maria.

Maria: Wanna head to the pool with us, Harry?

Harry: You guys go. I have some something to take care of.

Maria: All right.

Me: Lets give Lori, Leni and Carol a surprise they'll never forget.

---

It was a perfect sunny day and it was perfect for swimming in the swimming pool.

Varie was sitting on the edge of the pool and Tamao was in her mermaid form swimming with Lana.

Lana: This is so much fun!

Tamao: It sure is Lana.

Lana: Think fast Tamao!

Lana splashed Tamao and Varie laughed.

Varie: (Laughs) She sure got you sis.

Tamao: She sure did.

Luan was in her wheelchair because she was still in no condition to swim and Eddy was looking out for her.

(SpongeBob Music Agent Woodrow plays)

On the roof of the estate we saw everyone having fun. We saw Lori, Leni and Carol sunbathing.

Me: Targets sighted.

Lynn: Oh this is gonna be good.

Nico: Yep.

We climbed down the roof like ninjas in the cover of darkness. We had our water guns ready and aimed them at Lori, Leni and Carol.

Lori: Hey Boo-Boo-Bear, can you rub some sunscreen on my back?

Bobby: Sure babe.

Bobby did so. Then a stream of water hit him in the face and he screamed in freezing cold.

Bobby: (Screams) COLD!

Lori got hit and she screamed too.

Lori: (SCREAMS) COLD!

Leni and Carol got hit too.

Leni: (SCREAMS)

Carol: (SCREAMS)

Me: Surprise!

Ronnie Anne laughed at Bobby.

Ronnie Anne: (Laughs) J.D. sure got you good!

Bobby: He sure did NiNi.

Lori got a look of fun on her face.

Lori: Oh you guys are literally gonna get it!

Me: Bring it on baby-cakes!

Lori, Leni and Carol were laughing and Lori charged and I stepped to the side and she fell into the pool.

SPLASH!

Nico: Lori, Leni and Carol you three have failed to get us wet.

We laughed.

Carol: (Laughs) That was funny though.

Me: Thanks. Hey Nico.

Nico: What's up?

I fired a blast of water at May and she screamed as she got a cold blast.

May: (Screams)

Nico: Hey! Oh you're gonna get it now J.D.!

Me: Bring it!

Nico used Waterbending and threw blasts of water at me and I flew into the air and fired a blast of water at him and it sent a wave of cold at him.

Lincoln: That was so much fun!

Laney: You guys sure are having fun.

Then I saw the Sun's light reflect off something. A white circle of light was on my hand.

Me: What the? Guys is something reflecting off of you guys?

Nico: I don't think so.

Aylene C.: I see it. I wonder where it's coming from.

I saw a light shining from a bush in our yard. I knew something was up. I fired a blast of Arctic cold water into the bush and we heard a man scream and out from the bush arose Jiraiya.

Jiraiya: Geez that was cold!

Me: Jiraiya-sensei!? Were you peeking on us!?

Jiraiya: I was getting some research!

Lori: I'LL SHOW YOU RESEARCH!

Lori charged at him and mercilessly pulverized him into pulp and turned him into a human pretzel!

Me: Wow! What a huge amount of rage!

When Lori was done we went over to him and he was badly beaten up.

Me: Whoa!

Nicole: Whoa is right dad! Lori that was awesome!

Lori: Thanks Nicole.

Nicole: You definitely have what it takes to join the Anti-Pervert Patrol. If you would like.

Lori: I'll take your offer into some thought.

Nicole: Okay.

Me: I'll take him to the Leaf hospital. Lady Hokage is gonna have a field day when she finds out.

I snapped my fingers and went into my Leaf Shinobi attire. I picked Jiraiya up and took him to the Leaf.

---

In London, Harry Potter was facing Dolores Umbridge, the Traitor of Hogwarts.

Dolores Umbridge stood her ground, hiding her fear.

Umbridge (stares Harry down): Well, this tears it, Potter. I always said you were no good, and here you are to prove it!

Harry (sighs): I don't expect you of all people to understand. I had to give those villains what they deserved so everyone could be safe. Just like I'm gonna give you what you deserve. But this probably won't be as satisfying as I had hoped it to be.

Umbridge: I hope you eventually get killed! (gets hit by Stunning Spell)

Captain America and Nick Fury arrived and arrested her. Zatanna stripped Umbridge of her magic and her wand.

Dolores Umbridge was sentenced to eternity in the Comet Lovejoy Prison for Evil Wizards. Comet Lovejoy is also called the Great Comet of 2014 and it has an orbital period of 11,000 years. We use this comet as our prison for evil wizards. It has a magical energy that destroys and neutralizes all magic.

---

Part 2: Sideshow Bob's Redemption.

---

Me, Nico, Bart, Toad Man and Lincoln were over in the crater that was once the evil and stupid town of Springfield, Oregon.

Nico: Wow. So this is what happened to Springfield.

Me: Yep. It's all gone. It was because of the corruption and villainy of Mr. Burns, Mayor Quimby, Chief Wiggum, Principal Skinner, Reverend Lovejoy, Superintendent Chalmers, Krusty the Clown and the Spucklers that lead to this whole town's destruction. They didn't call Springfield, Oregon the Meanest Town In America for nothing.

Nico: Boy Springfield was a town doomed from the start.

Lincoln: It deserved to be wiped out.

Me: Yep. The only survivors of this towns demise are the children, Edna Krabappel and Ruth Powers. But there is one building that still stands.

Toad Man: What building is that?

We were over at Campbell's Chunky Soup Maximum Security Prison. The only building still standing after the destruction of Springfield. It was Springfield's version of Alcatraz. But after Springfield was destroyed, the Oregon Government kept it open because of the economy.

We were walking through the prison. Then we saw a face that Bart met a long time ago. It was the man that was Bart's teacher when Mrs. Krabappel died: JACK LASSEN! One of Bart's most dangerous enemies!

Jack Lassen: Bart Simpson!

Bart: Jack Lassen!

Lassen: Now I can get my revenge on you (Censored) up Brat!

Me: You know this guy Bart?

Bart: Unfortunately yes.

After being transferred to Springfield Elementary School, Jack encounters Bart and is quickly introduced to his shenanigans. Feeling that the boy is in need of discipline, Jack punishes Bart on multiple occasions by cutting his hair, humiliating him in front of his classmates and by electrocution. Seeking revenge on his teacher, Bart secretly spies on Jack, eventually discovering an event far out in the desert called Blazing Guy, where Jack has been chosen to execute the main event by burning a large wooden effigy to commemorate the celebration. At the festival, Bart, accompanied by Milhouse, covers the wooden statue with fire retardant substance, ruining Jack's moment and humiliating him in front of a large crowd. Once Jack notices the boys' tampering with the statue, he attempts to kill the two by burning them. Bart climbs up the statue to avoid the lunatic teacher, but fails to escape him. Seeing his son in life-threatening situation, Homer catapults himself towards the two, but quickly loses velocity due to his weight and breaks the statue's foundation. The statue quickly collapses, bringing Jack and Bart to the ground, where Jack gets placed in a human-formed jail.

Back in Springfield Elementary School, Jack is fired for his actions and is later employed at the Springfield Penitentiary, where he meets Sideshow Bob. After seeing that both share mutual hatred for Bart, Jack suggest they partner up to kill the boy. Bob initially agrees, but refuses at the last moment when Jack suggests that they share their proposed kill.

Me: Whoa! This guy is a lunatic!

Nico: Jack Lassen you have failed this country!

Lassen: I will kill you and come after your family!

Me: You're too late for that! Springfield has been completely destroyed. We blew it up and destroyed it. Completely wiping it off the map. All that's left of it now is nothing but a radioactive crater. If you don't believe me see for yourself.

He did so and saw that I was right. Springfield was now a radioactive crater.

Lassen: It IS gone! (ENRAGED GROWLING) I HATE YOU ALL MORE THAN LIFE ITSELF!

Our auras flared up.

Bart then swooped in and kicked him in the face.

Me: You are a worthless man. You humiliated Bart for the last and final time.

I fired an energy blast and vaporized him completely.

Homer appeared.

Homer: You were right son. That guy was a total monster to you and I'm sorry I didn't believe you.

Bart: It's all right dad.

Me: That was a misunderstanding. Lets keep moving.

We did and we got to a cell. We saw a prison cell and in it was a man with big curly red hair and big feet. It was Robert Terwilliger Jr. A.K.A. SIDESHOW BOB!

Sideshow Bob: (British Accent) Hello Bart.

Me: Sideshow Bob I presume?

Sideshow Bob: That's right and you are J.D. Knudson of Team Loud Phoenix Storm.

Me: That's right.

Sideshow Bob: Well, Bart. You finally win. I'm in prison for supposedly killing Principal Skinner, there's no other job that will take me, and the Legion of Doom doesn't think I'm evil enough. So, congratulations for finally defeating me.

Bart: Actually, we didn't come here to have me rub it in your face. We came here to get you out. We have a lot to tell you. Just over a year ago there was a massive war on Springfield.

Sideshow Bob: So that's what had happened outside. I heard some explosions but I never knew what was causing it.

Me: That was Springfield being totally destroyed. We have quite a story to tell you. We encountered this on the final days of our global trip.

I hand him a newspaper from when we encountered the war.

Sideshow Bob: Please tell me that at least Krusty and Snake Jailbird were among those killed!

Me: They are. We found them among the number of dead bodies. All of the adults in Springfield were viciously butchered and blown to pieces.

We told Sideshow Bob about the war against Springfield. The reasons behind it and why. The kids have all had enough of all of Springfield's corruption and dark deeds that they decided to rise up against it and completely destroy it and kill everyone.

Sideshow Bob was shocked.

Me: And that's it. Springfield was an absolute cesspool of evil. My dad called it a toilet thats never been flushed.

We laughed.

Bart: That was a good one!

Sideshow Bob: Yes that was indeed amusing.

Homer: That was funny.

Me: But just so you know Bob. You don't mind if I call you that right?

Sideshow Bob: That's fine J.D.

Me: Good. You didn't kill Principal Skinner. Bart did. He was one of the conspirators that lead to the Destruction of Springfield. Springfield was a town totally doomed from the start.

Sideshow Bob: This town can go to Hell.

Me: It already did. Springfield is now a radioactive crater and is completely wiped off the map. Also Bob, we talked it over with the United States Government and we wiped your slate clean after we brought the corruption of all of Springfield to light. The President of the United States was actually glad that all of Springfield was destroyed. He said that Springfield was a disaster that would destroy the country.

Sideshow Bob: You're willing to let me out of here? After everything that I've done?

Me: Everyone deserves a second chance.

Sideshow Bob: Before we get out of here, can I make one request?

Toad Man: Sure.

Sideshow Bob: Please resurrect Homer Simpson. Bart should have at least one parent alive to raise him and his sisters.

I snap my fingers.

Me: Done.

Homer was brought back to life.

Homer: WOOHOO! I'm alive!

Bart: I missed you being alive dad.

Homer: Me too son. Me too.

I opened Sideshow Bob's cell.

Then a massive prison riot began.

Me: Uh oh.

?: Looks like you all could use some help.

We saw a young boy in a red shirt and blue shorts.

Me: Hey I know you. You're Billy Batson.

Billy: That's right. SHAZAM!

A massive blast of lightning hit him and he turned into Captain Thunder!

Lincoln: Wow! Captain Thunder!

Me: Oh that is so awesome!

Captain Thunder: That's right. It's a pleasure to meet you J.D. Everyone on the Justice League talks about you.

Me: Tell me something we don't already know.

Captain Thunder: Looks like we have a prison riot to stop.

Me: We sure do.

We blasted and pulverized all the inmates into pulp and putty and electrocuted them with lightning and more.

Me: I heard that you and Superman had an argument.

Captain Thunder: Yeah but it's cool. We both were played for fools by Lex Luthor.

Lincoln: He played everyone for fools.

Me: Yep.

Captain Thunder: Well it's cool now. We reconciled our friendship and I'm back on the Justice League.

Me: Well that's cool.

Lincoln: So what does SHAZAM stand for?

Me: It's actually an acronym. It's a name that is a fusion of the powers he got when he became like this. He got the wisdom of **S** olomon, the superhuman strength of **H** ercules, the superhuman stamina of **A** tlas, the powers of **Z** eus, the courage of **A** chilles and the superhuman speed and flight of **M** ercury.

Bart: Wow! That is so awesome!

Captain Thunder: It sure is.

We blew apart the rioters and all that and we got out of the prison and got Bob into his normal clothes. We showed Bob the crater that was once Springfield and he was shocked and both glad that it was gone.

Me: After we get back Homer, how would you like to have some donuts?

Homer: Mmm. Do-nuts. (Drools)

Me: I'll take that as a yes.

We got back home and I gave Homer a box of his favorite donuts. A variety pack and he sat on the couch. We gave Homer a great job as a food critic and he loves to eat. We also gave Sideshow Bob as a wine connoisseur. He loves the job. It was a good pay for them both. The reason Sideshow Bob turned to a life of crime in the first place was because he was extremely unappreciated by Krusty. But not anymore. We gave him a great job and appreciate him more. Nico caught a Politoed and a Sudowoodo on the way back home.

---

Part 3: The Supersonic Speed of Rodan.

---

In the estate we were watching TV and reading books. Then the alarm went off.

Me: Uh oh.

We went to the computer and we saw something going on in the small mining village of Kitamatsu on the island of Kyushu in Japan. The village was right next door to Mount Aso, one of the most active volcanoes in Japan.

Me: The village of Kitamatsu?

Lincoln: What's that village?

Me: It's a mining village that gets most of Japan's coal from it. I know a friend over there. His name is Shigeru Kawamura and he's the collier engineer for the mines there.

Laney: We better go see what's up.

Me: Yeah. Team Loud Phoenix Storm, lets fly!

We set out for Japan.

---

Kitamatsu, Japan.

---

We arrived and it was a beautiful place.

Me: Kitamatsu, Japan. It's just as beautiful as I remember.

Lori: It's literally beautiful.

Carol: It sure is.

Vince: Yeah.

Me: But I remember something about this from over 60 years ago. I can't remember what exactly.

Then the alarm sounded.

Me: Uh oh. Come on!

We went to the mines and we were accompanied by Shigeru.

Me: Shigeru. It's great to see you again.

Shigeru: You too J.D.

Me: What's going on?

Shigeru: Number 8 mine is flooded.

Me: We'd better go check it out.

We pulled out miner helmets with lights on them. We went into Number 8 mine.

Man: Who are these people with you Shigeru?

Me: We're Team Loud Phoenix Storm.

Shigeru: They're with me. Lets go.

We went in and went deep into the mine. We found out about a break in the mine wall and then there was a flood. The creeping floor contributed to it. 2 men Yoshi and Goro, went in to do some work and they went missing.

We saw 6 and a half feet of water in the mine.

Me: Wow. Look at all this water.

Lincoln: I've got a very bad feeling about this.

Carol: Same here.

I split the water and we went down into the mine. It was a frightening sight to see this much water in a mine tunnel.

Me: Boy this is terrible. This is almost like what happened in Chile back in 2010.

Lori: I saw that on the news.

We then came across a gruesome sight. It was a body floating in the water.

Me: Whoa!

Leni: Like, who's that?

Shigeru: It's Yoshi.

We picked him up and we saw an ugly wound on his right shoulder. Something almost completely chopped off his right arm.

Me: Wow! What a wound. This is no knife attack. Something almost completely chopped off his arm.

Carol: Wow. Someone would have to be incredibly strong to inflict a wound like this.

Shigeru: Lets get him out of here.

We did so.

We went to the doctor and it was a terrible cause of death.

Me: Boy. Something got to him. But to inflict a wound like that would have to require the strength of a dinosaur. Like Godzilla.

Shigeru: That is a possibility. But Godzilla has been destroyed.

Me: Yeah after 64 years. We killed him just as you all did back 65 years ago.

Shigeru: Yes. We were horrified when we found out about what happened to Tokyo because of Godzilla.

---

Later 3 more bodies came in and they all had the same woulds inflicted upon them. The whole village was in the grip of fear. We're using the mining headquarters as our base of operations for the time being.

Me: I don't like this guys. Whatever is killing all these people is not

human.

Then the alarm sounded and people were running for their lives.

Me: Uh oh! Lets go!

We went out and accompanied Shigeru, the police and the guards. We found a huge insect on a hill and it was an ugly creature. We got

Officer: Kanda, Sabata! Spread out! Don't get too close.

Me: That is an ugly insect.

Leni: Ew!

Lori: That thing is literally disgusting!

Lincoln: It sure is.

Lana: I'll say.

Me: Lets blow it apart!

Officer: Fire!

The police and guards fired their guns and Lincoln and Nico fired blasts of fire and lightning. The lightning electrocuted the creature and burned it. Then the creature grabbed both the guards and mortally wounded them and Carol fired a blast of Gravity Lightning and blew the creature into a thousand pieces in a fiery explosion.

The two guards went down the hill and we went down and looked them over.

Me: So that's it. These killings were done by that ugly insect.

Shigeru: You're right J.D.

We analyzed the remains of the creature and we found out that it was a prehistoric dragonfly larva called a Meganulon. A giant species of prehistoric insect that once roamed the Earth.

We went down into the mine and we set up machine guns. We saw that the water went down a few feet.

Me: The water went down a lot.

Shigeru: Yes its gone down.

We went through the water.

Lana: Wait. I see something.

Lana crawled over the mine carts and she saw a body in a hole in the wall of the mine.

Lana: It's a body. It's got to be Goro.

Then another Meganulon insect appeared!

Me: Everyone get back! Fire!

We fired machine guns and lightning and fire and lava at it.

Lana: I have an idea. I'm gonna release the coal carts.

Me: Go get it Lana.

We pulled back and we braced to the walls and Lana released the carts and was riding on the back and she got off and the carts slammed into the Meganulon. Killing it.

Me: Way to go Lana!

Carol: Great job!

Lana: Thanks Guys.

Shigeru: Come on. I got to get to Goro's body.

We went up to the hole.

Shigeru: This is where the water came into the mine.

Me: This is definitely where the water came from.

We got the rocks off Goro's body but then another Meganulon appeared and it went after Shigeru. Carol fired Gravity Lightning and blew it apart and then a rock slide happened and caused a huge cave-in.

---

We thought Shigeru was gone. But then we felt an Earthquake.

Me: Wow!

Nicole: That was weird.

Me: That earthquake was not very strong. It only measured at 4.3 on the richter scale.

Nicole looked up where the epicenter was.

Nicole: This is weird. The epicenter of the quake is half a mile northwest from here.

With us was biology professor Dr. Kyouichiro Kashiwagi. Another friend of mine.

Professor Kashiwagi: We better head over there now.

Me: Right.

We did so and we got to the site of the epicenter and we found that a massive sinkhole was formed right at the base of Mount Aso.

Me: This is a huge sinkhole!

Laney: This is huge!

Aylene C.: What might've caused this?

Me: I think Mount Aso is getting ready to erupt.

Then we saw a man wondering the area. We went down and saw that it was Shigeru.

Me: Shigeru!

Lola: They're still searching for him at the mine!

Lisa: Let me take a look at him.

Lisa looked him over and it was discovered that he has Amnesia. We decided to try and help him in any way we can to help him remember.

Over the next few days we got strange reports of planes and ships being destroyed by an Unidentified Flying Object moving at over 1,150 miles per hour. This object was moving at such incredible speed that it was impossible to try and get a good view of it. A couple of cities in China, Philippines, Singapore and Indonesia were destroyed because of it. I remembered reading something about this. But I was having a hard time remembering where I saw it. Suddenly Shigeru had a memory relapse and his memory returned.

Kyo: Shigeru. Your memory has returned to you.

Me: Shigeru thank goodness.

Shigeru: J.D. the monsters.

Shigeru was showing us a rather shocking development. After he awoke after being knocked out he saw numerous Meganulon in a small cave and he saw an enormous egg and it hatched and out came a pterodactyl-like creature and it was eating the Meganulon. Shigeru showed us a picture of a Pteranodon and it looked exactly like what he saw. We went down into the mine again and went through the hole where the water came from into a cave and we had a cold feeling go down us. It was like we were entering through a volcanic pit that lead into the heart of pure evil. We didn't let fear worry us. It was a scary place and we were in a huge room. It was a creepy cave and it made us cringe in an ominous presence.

Me: Is this where you saw the insects and that huge egg Shigeru?

Shigeru: Yes. It was a terrifying sight.

Me: Hmm. There might be an eggshell somewhere.

We dug through some rocks and found a piece of eggshell.

Shigeru: Guys come here. This is a piece of shell.

Me: This is definitely eggshell.

Suddenly there was a landslide! We got out fast!

---

Back in the laboratory we were examining the shell. We found out that the piece of shell we found was indeed eggshell. It was a reptilian eggshell and it was over 67 million years old and from the late Cretaceous Period. We measured the egg and found out its size. It had a total volume of more than 100,000 cubic feet. We reported our findings.

Professor Kashiwagi: After study of all the relevant data, I can now state that the Unidentified Flying Object is a giant flying reptile closely related to the extinct Pteranodon. So far here on the data we had gathered for you. Its weight is over 100 tons and it has a wing spread of perhaps 500 feet.

Me: Wow. Unbelievable.

Professor Kashiwagi: Because of its size and supersonic flying speed, it generates a shockwave with all the destructive force of a typhoon. Just one thing more. Although related to the Pteranodon, this creature is a carnivorous reptile and belongs to a species called Rodan.

I gasped when I heard that name and I suddenly remembered what I was trying to remember.

Me: Professor. I know Rodan. He's a kaiju, like Godzilla.

Brawn: I thought all the Kaiju would get the hint after the deaths of both Godzillas.

Me: Apparently they didn't. But after we killed Godzilla here in Japan we had a feeling that there are other Kaiju here and we had to know where to look. We ended Godzilla's 64 year reign of terror when it was about to attack Japan in 2018. Now we can make sure that Rodan dies. Also from what I remember, you all had an experience with Rodan before right?

Professor Kashiwagi: Yes. It was back in 1956.

Me: 63 years ago. Lets get him Team Loud Phoenix Storm! Lets turned that bird into fried chicken!

Beachcomber: You think we'll ever meet a Kaiju that's friendly.

Barricade: I sure hope we do.

We set out to destroy Rodan. He surfaced somewhere near Mount Aso. The cave he hatched in under the mine connected with where he surfaced from. We flew over the area and we found him and he flew out of the place where he surfaced. We flew after him and fired lasers and missiles at him and we also fired energy blasts and elemental energy blasts at him.

Edzilla: ED SMASH PTERODACTYL! (punches Rodan's wings)

This slowed him down.

Beachcomber: It's combo time!

Richter agreed.

Beachcomber lifted up a huge rock and threw it at Rodan and Richter was on it.

Beachcomber: EARTHQUAKE ROCK SHRAPNEL SLAM!

Richter smashed the rocks and it shattered into a thousand pieces that went faster than a bullet fired from a gun. They hit Rodan and hurt him. Rodan landed and was screeching and he was blowing powerful blasts of hurricane winds. Barricade from 2007 swung an axe and mace and threw it at Rodan!

Barricade (Energon): Lets get him Toad Man.

Toad Man: You got it Barricade!

Toad Man fired a deluge of deadly rain and Barricade (Energon) fired missiles at him.

Barricade (Energon) and Toad Man: MISSILE RAINSTORM DEATHRAIN!

The missiles and rain hit Rodan and hurt him bad.

Nico: Rodan, you have failed this city!

Me: More like he has failed the world!

Me and Nico fired powerful energy blasts. The G-Force arrived and fired lasers and missiles and powerful bombs at Rodan.

Carol (grows to giant size): How do you like me know, Rodan?

Carol fired Godzilla's blue atomic ray and it hit him and exploded. Nico fired blasts of fire and burned Rodan.

Carol: It's final smash time.

Brawn: Ladies first.

Carol: You are too kind. SPIRIT KAIJU DEATHRAY!

Carol fired a powerful blast of Godzilla's orange spiral atomic ray. It hit Rodan and exploded with incredible power.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Brawn: My turn. MISSILE FIST BARRAGE!

Braw fired his fists and they multiplied and rained down onto Rodan and we fired powerful energy blasts at Rodan and they hit him and blew him to pieces and a massive fiery explosion.

KRABBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Rodan was dead. Another Kaiju was dead. We cheered wildly as we had defeated one of the fastest Kaiju known. After 63 years, Rodan was dead.

We went back home.

Carol: (To the Viewers) You guys are gonna see more Kaiju in the future. All Kaiju beware, Team Loud Phoenix Storm is coming for all of you.

THE END

---

Another Fanficton Complete

Rodan is one of the most amazing Godzilla monsters ever made. He can fly at over 1,100 to 3,200 miles per hour and he can fire a ray of fire from his mouth. I did this chapter to follow the movie from 1956. Rodan came out 63 years ago and it was a movie I knew ever since I was a little kid. It was awesome! Sideshow Bob from The Simpsons is one of the villains I feel sorry for on the show. He turned to a life of crime because of Krusty making him feel completely unappreciated. But Kelsey Grammer did a great job voicing him for 30 years and counting. NicoChan11 gave me the ideas for this one. Thanks man as usual. Let me know what you all think.

See you all next time

# The Broccoli Aliens From Space

Chapter opens with a view of the Gotham Royal York.

Narrator: The city of Gotham Royal York.

(A view of Earth from space; pull back.)

Narrator: On the planet Earth.

(Pull back farther; now the moon is also in view, with something hovering behind it.)

Narrator: Out in outer space. (Zoom in on the moon.) And not too far out in outer space- (It slides away.) -just behind the Earth's moon, a mysterious craft lies in wait.

(Spinning in place, the craft in question looks vaguely as if it was grown in somebody's backyard garden. Two alien voices speak from inside.)

Voice 1: Target achieved, Your Highness. Firing sequence ready on your command.

Voice 2: Excellent. Launch the sporepedo.

(The underside of the craft bulges briefly and expels a projectile that resembles a flower which has not yet opened up its petals and bloomed. A spearhead is attached to this. The object hurtles through space and enters Earth's atmosphere, landing in a farm field with its pod/bloom facing straight up and its base glowing. This swells up for a moment and then bursts; a cloud of green vapor pours out and envelops the entire field. A few seconds later, in a long shot, the miasma dissipates to leave only a spot of pulsing green light where the missile hit. Fade to black.)

(Fade in quickly to a rural setting: farmhouse, barn with a crowing rooster on the roof, tractor in front. The sun is smiling and chewing a stalk of wheat.)

Narrator: The town of Farmsville! (Pan across the scene as he continues.) A quiet, hardworking agricultural community whose residents take humble pride in the most important of duties…

(During the pan, we see your average small town, with more barns, a gas station, a general store, animals grazing, and so forth. Stop on a field, in which a man is using a combine harvester to gather the produce-broccoli.)

Narrator:… the growing of wholesome, natural foods, which are promptly harvested-

(Zoom in on the broccoli stalks as they enter the machine, then pull back; they are now in crates and being loaded onto a truck.)

Narrator: -packed, and shipped- (The truck rolls off toward Townsville.) -to the many hungry and grateful residents of Gotham Royal York.

(Cut to a city street, humming with business activity of all sorts, and pan along it.)

Narrator: These busy city-dwellers may have important appointments to keep- (In an office, two men shake hands over a contract.) -deals to make- (The control room of a TV station.) -information to distribute- (A building being put up.) -and constructions to construct-

(Turn down toward Malph's Market and zoom in slowly as he continues. The truck from Farmsville is parked in front.)

Narrator: -but none of the business that is Townsville could even begin without a trip to the market and a heaping plate full of that nutritious, delicious farm-raised goodness.

(Dissolve to a woman eating dinner, which includes a healthy portion of broccoli. She eats a forkful and smiles.)

Woman: Mmm-mmm!

(Pull back; her children-a son and a daughter-are next to her in the family kitchen. They glare at their food with loathing, and their mother is trying to get them to eat it.)

Woman (Mother 1): Come on, kids, eat your vegetables.

Daughter: No way, Jose!

Son: Yeah. No way, Jose!

Daughter: I don't eat broccoli.

Son: Yeah. I don't eat broc… (Both look crossly at him.)… lo… ri.

(Cut to a man at the table with his infant son. He is playing around with the child's food, waving a forkful around and trying to steer it in-but with no luck.)

Father 1: Here comes the Broccoli Express… (He imitates a train whistle.)… into the tunnel! (He laughs.) Here comes the pirate ship to hide treasure in the secret cave! Here comes the X-Wing space fighter zooming around through hyperspace with proton torpedoes to blow up the Death Star!

(His face falls at his lack of success. Cut to a kid in football gear, with his dinner plate in front of him and his helmet next to him on the table. His plate also has a fair amount of broccoli on it. Chewing sounds are heard o.c.)

Football Jimmy: Yuck! I ain't eatin' that!

Football Mom: (from o.c., bored) Why?

Football Jimmy: 'Cause vegetables is for sissies and rabbits. Right, Dad?

(Pan left slightly to bring his father partially into view-a big, beefy fellow with a Marine Corps tattoo on his arm and an entire steak speared on his fork. He is the one chewing. The left edge of the screen cuts off his head.)

Football Dad: (bored) Right.

Football Jimmy: And eatin' the flesh of stupid lesser beasts makes you strong. Right, Dad?

Football Dad: Right.

(Pan left again; now we see the father in all his buzz-cut glory. The mother stands next to him, with a bowlful of broccoli in hand and an annoyed look on her face. He stops chewing after a few seconds and looks at her sheepishly; now he opens his mouth so she can stick a forkful of greens into it. He bites down. The whole time, her face remains locked in that annoyed look, making sure that her husband ate the broccoli, one way or another.)

(Cut to the all of us at the estate and we are eating dinner. We are eating broccoli. Everyone except the young Powerpuff Girls, who are peeking over the edge of the dinner table at a plate of everybody's favorite vegetable.)

Bubbles: Ewww! What's that icky green stuff?

Blossom: It definitely isn't cake.

Buttercup: It ain't a corn dog.

Bubbles: I know it's not a hamster.

Blossom, Buttercup: (shocked) You eat hamsters?!

Bubbles: No! I like hamsters, and I know I don't like that… stuff!

(Pull back. The Professor is at the table as well; Blossom and Bubbles are perched on booster seats. Buttercup's chair is hidden by its placement and the plate of broccoli.)

Me: Come on girls. I know it doesn't look good. But broccoli is one of the best things you can eat.

Varie: That's right. It's good for you.

Professor: Now, girls, Varie's right. Eat your broccoli. It's exactly what growing superheroes need to charge up their powers.

(He flexes his muscles on the end of this line.)

Professor: Oh, it's packed with all kinds of vitamins and minerals, and mmm-mmm! It's so good for you!

Johnny: I don't like broccoli myself but it's good with nacho cheese on it.

Dukey: I'll say.

Adult Buttercup: Yep. It's one of my favorite vegetables.

Jared: Mine too Buttercup.

Buttercup: Too bad it tastes so nasty. (Blossom sticks her tongue out at the broccoli.)

Bubbles: You haven't even tasted it yet.

Blossom, Buttercup: Shhh!

I spear a forkful of broccoli and just as I was about to eat it, my powers reacted to it and lightning destroyed it.

Me: That's unusual. My powers know something is up with the Broccoli.

Bunny: It looks okay to me.

Professor: Well, you're not leaving the table until your broccoli is all gone. (Zoom in on him and his plate; he spears a forkful.) And the only way to get rid of broccoli is to eat it all up. Like this!

(On the end of this line, he lifts the fork to his mouth and the camera follows and zooms in. The girls react with fear and revulsion.)

Bubbles: Ewww!

Buttercup: Professor, no!

(Extreme close-up of his mouth as the broccoli enters it. Fade quickly to black and turn up into the stars, where the UFO is still hovering. The first alien voice speaks again.)

Voice 1: Your Highness, readings show the receptor spores have been ingested.

(During this line, zoom in quickly and cut to inside the craft. Its interior also has a very organic motif. The speaker is a giant humanoid stalk of broccoli with a rather nasty-looking face. It and a second stalk are seated at control panels; a third sits behind them on an elevated chair, holding a scepter and wearing a belt with a red jewel. It speaks next-this is the ruler, who has been referred to as "Your Highness," and who was the second voice heard at the start.)

Ruler: Excellent. (Zoom in on him.) The time is ripe to initiate hypnotransmithesis.

(On the end of this line, cut to a close-up of the scepter. He presses a button on its head, and it begins to glow with the same green light as the projectile in the field. The camera follows it as he brings it back in front of his face.)

Ruler: Now the Earth's barbaric mammal people shall be hypnotized into a vegetable state, allowing my warriors to reap through the Earth's animal population and weed out all the human beings. Leaving we, the Broccoloid Empire, to harvest the fruits of the earth and plant the seeds of a new empire! (He laughs evilly as the camera slowly zooms in on his scepter.)

The camera zoomed out and in came a scientist.

Broccoli Tech Guy: Sir, I've managed to make copies of our Dark Orb and spread them across the planet.

Broccoli Leader: Excellent. We may go down today. But at least Team Loud Phoenix Storm's lives will be a lot harder.

(Dissolve to a close-up of the Professor's head. His eyes are pulsing with the same light, and his skin has taken on a greenish tint. His face is frozen into a flat mask.)

Blossom: (from o.c.) Professor? Professor? Are you all right?

Me: Professor? What's wrong?

(Pull back slightly to reveal his entire body seems to have gone stiff.

He tips backward and crashes to the floor. Pull back; he is as stiff as a board and unresponsive. Blossom and Bubbles stand near him and are visibly distraught.)

Buttercup: (from o.c.) You see?! (landing by him) I told you that stuff was wrong!

I check his pulse.

Me: He's still alive but he's in a braindead state.

Bubbles: (voice breaking) Why did you eat it, Professor? Why?

(A faint cacophony of voices starts up, and the girls cock their heads and cup their hands to their ears, listening intently.)

Narrator: Just then, the girls' ultrasonic hearing is bombarded with cries for help.

Laney: What is it girls?

Buttercup: We have many people crying out!

Blossom: Sounds like we're not the only ones in trouble. We gotta find out what's going on!

(Overhead view of the Estate as we all exit through the roof and head into the city.)

Narrator: So Team Loud Phoenix Storm heads out across Gotham Royal York.

(Cut to the black family's kitchen. The mother is in the same condition as the Professor; her kids are nearby, crying. Blossom, Lincoln and Adult Blossom fly in through the window.)

Narrator: But everywhere they go, the story's the same.

Girl: Our mom was trying to make us eat broccoli, but-

(In another house, Bubbles, Laney, Nico and Carol are on the scene. A woman lies on the floor, with her kid nearby.)

Kid: -I wouldn't, so she ate it and her-

(Buttercup, Varie, Adult Buttercup, Aylene and Lana are checking out the parents of the football kid. The mother's expression has gone from the annoyed look she had as she was feeding her husband the broccoli earlier to a similar zonked-out look like on the Professor, with her hair somewhat frazzled, and her husband in a similar state as well.)

Football Jimmy: -eyes started glowin' and then they just zonked out, man!

(We all gather for a conference.)

Blossom: Just like the Professor! (Pull back; We are in all the street, with a crowd of kids around us.)

Adult Blossom: This looks very familiar to all of us.

Me: How so Blossom?

Adult Blossom: We fought evil broccoli aliens that wanted to invade the Earth to take it for themselves.

Me: I know that kind of trouble all too well. Who were these evil Broccoli Aliens?

Adult Blossom: These aliens were called the Broccoloids and they are an alien race that want to take over the universe.

Me: So they're evil vegetable aliens.

Robin (PPG): I remember these aliens. They were tasty.

Football Jimmy: They were. We showed them and we got to love eating them and vegetables.

Me: Well we got to find out where the source of the bad broccoli came from.

(Cut to us in flight, heading toward Farmsville.)

Narrator: So Team Loud Phoenix Storm traces the broccoli back to its roots, in hopes of unearthing some clues.

(They land in one of the fields; cut to all of us, inspecting the stalks left over from the harvest.)

Bubbles: (from o.c.) Hey, guys! (Pan right slightly; she is farther back from them.) Over here!

(Cut to her; she has found the spent shell and is looking intently at it. We all join her.)

Bubbles: What is it?

Buttercup: Looks like a missile.

Bubbles: Or a weird pea pod.

Blossom: Or both.

Me: I've never seen something like this.

(Close-up of Blossom, now looking very closely at it. The highlights in her pupils are glowing slightly; zoom in on the projectile as the Narrator speaks.)

Narrator: Upon closer inspection, Blossom's microscopic vision reveals…

(Dissolve to a magnified view of the surface of the exposed bulb at the center. It is covered with glowing green particles. This is Blossom's perspective.)

Blossom: It was carrying some sort of alien mind-control spores. (Cut to Buttercup, bent over a furrow in the field.)

Buttercup: There's spores all over this field! (Pull back; we are standing away from her.)

Blossom: It must have infected the broccoli.

Me: These aliens are crafty.

Lincoln: So that's why our powers didn't let us eat the broccoli.

Laney: Or we would've ended up like the people that did.

Then my dark orb detector went off and it showed millions of Dark Orbs coming into our atmosphere.

Me: Uh oh.

Bubbles: But why? (A high-pitched humming begins.) Where did it come from?

(In the sky, the organic flying saucer descends toward the field.)

Blossom: (from o.c.) Looks like we're about to get our answer. (Cut to a nearby scarecrow.) Quick, hide!

(The girls dive into it and poke their heads out. Top to bottom: Blossom, Buttercup, Bubbles. Me, Lincoln, Laney and Lola hid on top of the barn. The craft extends legs and touches down. Its underside bulges and ejects four Broccoloid soldiers armed with blasters made from carrots. The ruler, who could be now dubbed as "Emperor" due to his earlier decree regarding the Broccoloid Empire, stands in the middle of the group; he now wears a red cape in addition to the belt and still carries his scepter.)

Ruler: Leaftenant, branch out and scout the area for our first wave of invasion. (The soldiers fan out as he finishes. Also, "Leaftenant" would actually be "Lieutenant" in normal military rank designations, though it is dubbed "Leftenant" in the British Armed Forces.)

Buttercup: What?!

(The girls jump down in time with their next lines. Each one ends up with different clothing from the scarecrow-Blossom the hat, Buttercup the shirt, Bubbles the pants and shoes.)

Blossom: Nobody invades Earth-

Buttercup: -without a fight-

Bubbles: -from the Powerpuff Girls!

Me, Lincoln, Lola and Laney jump down.

Me: And Team Loud Phoenix Storm!

Broccoli Leader: You will not defeat us this time, Powerpuff Girls!

Blossom: We did before and we can do so again!

(He pulls a weapon of his own and fires. The shot vaporizes the hat, leaving only a wisp of black smoke above Blossom's head that she looks up at as her bow parts to emit the wisp of smoke from where the scarecrow's hat had been. The other troops begin shooting; Buttercup jumps out of the shirt just before it is blown full of holes. Bubbles charges at the enemy, still wearing the pants and shoes and taking long, floppy strides to avoid the barrage. Blossom strikes the blaster from a soldier's hands-and, in the same blow, knocks the hands themselves off. Buttercup beheads another with an uppercut, while Bubbles disposes of a third with a high kick. Blossom splits the fourth with a flying karate chop.)

(The battle is not over, however; the four Broccoloids quickly regenerate the body parts they have lost. Even the one Blossom just split in half regenerates, with each half becoming a new soldier and advancing again. The girls scream and grab each other, and Bubbles jumps out of the scarecrow pants.)

Bubbles: That scared the pants off of me!

Buttercup: How are we ever gonna stop 'em?

(Blossom has a mental picture of the Professor and recalls his words at the dinner table-words that do not put her at ease as she recalls them.)

Professor: (memory) The only way to get rid of your broccoli is to eat it all up.

(A Broccoloid jumps at her, snarling; zoom in slowly on Blossom who does not realize what she is about to do. Faced with no other option, she finally opens her mouth as wide as she can and slams her teeth together. The enemy is dispatched in four huge bites; Blossom swallows hard and looks a bit ill from the experience. The other Broccoloid infantry and the ruler are left shocked by what they just witnessed.)

Ruler: Barbarians!

Bubbles: Ew-ew-ew-ew-ew-ew-ew-ew-ew!

Buttercup: Ugh! Nasty!

Blossom: Swallow your pride, girls! We gotta eat 'em to beat 'em!

Me: I know you girls don't like it but we can do it. Besides. I'm getting hungry. (Licks lips)

(The Broccoloids yell and charge at us and we do do so likewise with our teeth bared. Blossom crunches through the midsection of one, Bubbles eats her way up from the legs of another, and Buttercup takes the head off a third with a single bite. Me and Laney bit a bunch of them and ate them. Buttercup struggles with the lower half of this one for a moment before finally getting it down. Now Bubbles and Buttercup chomp one from opposite ends and make short work of it.)

(Buttercup joins Blossom and Bubbles on the ground; then later rubs her stomach.)

Bubbles: Oh… I'm getting full.

Me: (Burps) Excuse me.

Blossom: I think I've got room for one more.

(She looks o.c. on the end of this line, and the camera pans to follow her gaze. The Broccoloid Emperor stands by himself at the entrance to the saucer. What he says next starts with him having a look of sympathy on his face before turning it back into an evil smile.)

Ruler: What? You're getting full already? But that was just an appetizer. (The sky fills with saucers, a couple deploying their landing gear as they prepare to touch down first to reinforce their leader.) Here comes the main course! (He laughs wickedly.)

(We all look into the sky with great apprehension.)

Me: There's hundreds of them!

Blossom: Uh-oh. We're gonna need some help! (The reinforcements start to land.)

Ruler: What's the matter? Don't have the stomach for it?! (He laughs again; We all take off for the city.)

Narrator: And with that, Team Loud Phoenix Storm retreats back to Gotham Royal York to enlist the aid of the other children.

(Dissolve to the girls in the midst of a crowd of kids.)

Blossom: So you see? The only way to save the Earth is by eating broccoli! (Close-up of her.)

Me: That's right. You all beat these broccoli aliens before and you can do so again.

Varie: That's right. The world is in danger and they will kill us all if we don't stop them!

Aylene C.: That's right.

Adult Blossom: Me, Bubbles and Buttercup got you all together and we beat these aliens the first time. If we don't stop them they will kill us all.

Bunny: That's right. Our older selves have experiences with this. So what do you say guys? Shall we eat some vegetables and save our world and our parents from ultimate death!?

(Football Jimmy was touched by our words and sobs and sniffles for a few seconds before raising his helmet.)

Football Jimmy: Let's do it for the folks!

(His teammates roar and bang their helmeted heads together, and several of the other kids cheer with a new fighting spirit. A huge boy wearing a black T-shirt with the letters "nWo" on its front shoves them aside.)

Edzilla: ED EAT BROCCOLI!

Huge boy: Lemme at 'em! Lemme at 'em! (Pan briefly to us, who look on in approval.)

Flint Lockwood and Chowder arrived.

Flint L.: Let us help too.

Lincoln: Flint Lockwood and Chowder?

Viper: Flint? What're you doing here?

Flint L.: You think I was gonna miss out on dealing with a food crisis? As if!

Chowder: Whenever there is food I will eat it.

Me: We need all the help we can get.

Narrator: And so-

(In the field, armed assault vehicles built from ears of corn and tomatoes roll out of the saucers.)

Narrator: -as the vegetarian forces mobilize for invasion-

(As he continues, two kids put cooking pots on their heads and a third dons a fireman's helmet.)

Narrator: -the children of Gotham Royal York gird their loins for battle.

(The helmet has a strobe light on top; the kid presses a button to activate it and a siren. Broccoloid soldiers rush to parade formation, salute their ruler, and seize blasters. A kitchen drawer is opened; several kids reach in to grab utensils. One boy slides salt and pepper shakers into a bandolier slung across his chest as if they were shotgun shells; a fork is already loaded in. Another boy checks the aim on a bottle of ketchup and drops it into a cowboy-style holster at his belt. The alien ruler, now mounted on a giant carrot creature, gives a signal to the troops, and the march to Gotham Royal York begins.)

(Blossom has a set of battle plans spread before her on the ground and is explaining them to a group of kids as Bubbles and Buttercup look on. When she finishes, two of them snap to attention and salute. We were ready to fight and launch an all-you-can-eat buffet of pain and torture on the Broccoloids. The assault force approaches the city, but stops at the ruler's command.)

Ruler: Halt! (to a nearby soldier) Colonel, let's trim back that overgrown city.

(The soldier, dressed in a military cap and belt, speaks with the first alien voice we heard-the one that addressed the ruler twice before on the saucer.)

Colonel: Artillery, on my mark. (Cut to a row of assault vehicles; he continues o.c.) Ready! (They roll into position.) Aim! (The cannons are leveled. Back to him.) Fire!

(Before anyone can obey the command, though, the vehicle next to him is blown to bits, knocking the Colonel's hat off in the process as he shields himself from the splatter that results from the artillery piece's demise.)

Colonel: Huh?

(Blossom flies overhead, her face locked in an angry, fighting mood, firing shots from her eye lasers and wiping out several vehicles. Her sisters do likewise, after which all three take cover in the city. Lincoln fires a lot of lightning and burned the tanks to a crisp. The ruler looks after them and growls in surprise and fury at the cheap shot to his armor so that the city skyline remains unharmed.)

Ruler: Those little sprouts have pulped my tanks! No matter. (turning around, to ranks of soldiers) Infantry! After them!

(The troops run through the streets.)

Ruler: (from o.c.) Storm the city!

(They charge down one street but find nothing. Turn up to an upper-story window in one building; Blossom and a kid watch, keeping as far out of sight as they can so the Broccoloids don't see them. Suddenly she stands up.)

Blossom: Release the cheese!

(Up and down the street, kids tip over huge kettles of melted cheese, and the contents rain down toward the Broccoloids.)

Troops: Huh?

(They scream as the cheese douses them; when the deluge ends, they have been reduced to a dripping yellow mass on the pavement, leaving a few pairs of eyes to blink in confusion and arms and legs sticking out of the mess to twitch in helplessness. Cut to a closed door, which bursts open. A horde of kids swarms out, with Bubbles floating above them.)

Bubbles: CHARGE!

(The kids start to cheer as they rush out on Bubbles' command to attack. We storm out of the buildings and began eating the Broccoloids. Buttercup smashes her way through another door, and she and more kids fall on top of the incapacitated invaders. Everybody digs in with great enthusiasm and not a little bit of bloodlust, though their table manners could use some improvement-one of them chews with his mouth open far enough to allow us to see the contents.)

(A soldier standing near a trash can is chomped by a kid who pops out from inside it; another one meets the same fate after stepping too close to a basement window. Several others retreat around a corner, firing up the street, but one trips and falls-and is promptly set upon. Now a troop transport made from a pumpkin and tomatoes rolls onto the scene, and a hatch in front opens to allow its occupants to join the battle. They are met by the football team, with Buttercup standing behind them like a quarterback.)

Buttercup: Eighty-two! Thirty-six! Bite!

(They tackle the invaders and chomp away. Now we see a close-up of a soldier advancing down the block, gun drawn, and stopping to look back and forth. No threats in sight. Crunching is heard, and the soldier looks down-the camera following-to find two babies eating it from the legs up. Another enemy has a kid at gunpoint, but promptly gets a faceful of salt and is devoured.)

Nico: Broccoloids, you have all failed this city!

Nico ate a bunch of Broccoloids and he was still hungry.

Me: (Chomps a Broccoloid) (With my mouth full) More like they have failed our galaxy. (Gulps)

Sprout grew lots of killer plants and they ate them.

Cosmos fired lasers and burned the Broccoloids.

Cosmos: I love fried broccoli! Combo time!

Sprout agreed. Cosmos fired lasers and Sprout grew ferocious plants.

Cosmos: LASERPLANT FIRESTORM!

Cosmos fired lasers from Sprout's killer plants. They incinerated them. During the skirmish Laney caught a Flabebe, Galvantula, Torterra, Gogoat, Sceptile, Serperior and a Leavanny. Nico caught a Jumpluff, an Aipom and the Ultra Beast Pheromesa.

Edzilla (eats Broccoli aliens left and right): ED KNOWS THAT FRIENDS ARE HUNGRY! BUT ED IS HUNGRIEST OF THEM ALL! BROCCOLI ALIENS BELONG TO ED NOW!

Carmen (nervously gives Edzilla one of the Broccoli aliens): It's cool, big guy! Have all the broccoli that you want.

Viper fired missiles and Coconuts fired a banana bomb blaster.

Viper and Coconuts: BANANA MISSILE BARRAGE!

The banana bombs and missiles blew the Broccoloids into mush.

Flint L.: Final Smashing! ROTSTORM RAY!

Flint fired a ray gun the turned the Broccoloids into stalks of rotten broccoli and it smelled horrible.

Lana: That was awesome Flint!

Lana ate the rotten Broccoli.

Chowder: My turn! CHOWDER EAT!

Chowder was eating the Broccoloids like there was no tomorrow.

(The football kid is pinned down and at the mercy of yet another soldier, which laughs at him. Cut to Bubbles as she opens a cage of rabbits, which hop over and quickly nibble the threat into submission, saving the kid. Blossom stands next to a boy lying on his back; his belly is greatly swollen, and he sounds very ill and weak.)

"Injured" boy: Forty-seven stalks… the horror… the horror…

Blossom: Stay down, soldier. You've seen enough action.

Bubbles: (from o.c.) Blossom! (Pan left slightly; she stands with several other kids, all looking sick.) A lot of us are getting really full. I don't know how much more we can eat!

Me: Yeah! I'm getting bloated!

Leni: This is totes too much for me.

Lori: This is literally too much. (FARTS LOUDLY)

Me: Lori!

Lori: That was my shoe!

I rolled my eyes.

(The Broccoloid Emperor has a quick conference with the Colonel. The Colonel is still without his hat after it was knocked off by the earlier attack on the Broccoloid artillery pieces by the Girls.)

Colonel: Sire, their forces are weakening. We have them on the run.

Ruler: Excellent. It's only a matter of time before-uh?

(A sound like that of a Harley-Davidson starts up in the distance, and the two look toward it. The camera pans in that direction to show a silhouette and a cloud of dust racing toward the battlefield; close-up of a kid wearing sunglasses and a bucket on his head. He holds the horns of an animal, perhaps a goat, and the camera pulls back to reveal that this is in fact what it is. The boy and the goat charge in at top speed, and a second rider appears on the scene. They leap over the Emperor and Colonel, who look on in total disbelief.)

Narrator: Ha-haw! Here comes the hungry cavalry!

(When they hit the ground, they each do a screaming U-turn and plow into the ranks of surviving troops. Each is seen in turn; the goats eat the bodies and leave pieces of the heads flying, and the riders finish these off. Severed arms and legs flying everywhere during the blitzkrieg. Blossom and several other kids, including the football kid, watch in admiration.)

Kids, Blossom: Hooray!

Me: Yeah!

Blossom: CHARGE! (They do so.)

Jared: Lets get them!

Ruler: RETREAT!

(He does so, but the other Broccoloids are quickly set upon; Blossom takes one out in a single flying bite. The ruler makes a break for it but finds Buttercup and several other kids blocking his path. They cheer and yell at him, and he directs his mount in a new direction. This time, he runs into Bubbles and still more fired-up defenders. He is knocked to the ground when one of the goats munches the animal.)

Me: You're finished Broccoloid Emperor.

Broccoli Leader: Even if you defeat us, we still managed to make copies of our Dark Orb around the planet. That will give the villains of this world a fighting chance!

Nico: Well, we don't mind hunting those orbs down one at a time. After all, I like a challenge!

Me: Me too.

Broccoloid Leader: Well then how about this for a challenge? Release my secret weapon!

A huge pumpkin landed and out of it came a huge dragon heartless.

The Heartless that appeared before us was a black mechanical dragon. Optimus Prime was able to recognize it. It was MEGATRON! As a Heartless. But he was called the Megatronic Nightmare.

Optimus Prime: Megatron!

Megatronic Nightmare: Did you really think our battle was over, Optimus Prime?

Me: Megatron!? But how can this be?

Megatron: I am now a Heartless. But as a result, my power is greater than ever!

Me: We stopped you before and we can stop you again. Jared, Cornelia, Sam M, Laney, Riley and Ben, You all fight the Broccoli leader.

Jared: You got it dad.

Lily: Optimus let me help you face him.

Lori J.: Me too Optimus. I've had it with this freak!

Optimus Prime: Okay.

Optimus Prime transformed into his Super Mode.

Optimus Prime: Give it all you got Megatron. OPTIMUS PRIME SUPER MODE!

Lily: We've had it with you Megatron! You're dead!

Lori J.: If there's one thing I've learned since being with the Autobots and Optimus and his friends it's that we will always win no matter what!

Optimus Prime: That's right. We have right on our side.

Megatronic Nightmare: (Laughs) For all the good that will do. Now prepare to meet your end.

Optimus Prime: Wrong Megatron. It's your reign of evil that's ending.

Lily: You're the one who's going to die Megatron. We killed you before and we can kill you again.

Lily kicked the Megatronic Nightmare in the face and Lori J. and Lily grew to Megatron's size.

Optimus Prime: At the end of this day, one shall stand. And one shall fall!

Megatronic Nightmare: Why throw away your life so recklessly?

Optimus Prime: That's a question you should be asking yourself, Megatron!

Megatronic Nightmare: No! I'll crush you with my bare hands!

Lily kicked him in the face and fired a massive blast of water and Lori fired a massive blast of fire and the blasts combined and exploded.

KRABOOOOOMMM!

Megatron was still standing. And he transformed. (Megatron's Transmetal 2 form from Beast Wars)

Megatronic Nightmare: Is that really all you got? You pathetic fools.

Lily: We're just getting started.

Optimus Prime: Good will always triumph over evil.

Megatronic Nightmare: Ha! You must be joking.

Lori J.: Like Hell we are!

Optimus Prime: Even if you destroy me you haven't won. My friends will never stop fighting you and if they fall others will come forward. As long as all you care about is yourself, you'll have to take on the Entire Universe! YOU WILL NEVER WIN!

Lily: And we're gonna make sure that we send you back to Hell you bastard!

Lori J.: Yeah! You've tormented the Universe for the last time Megatron!

Megatronic Nightmare: Even if you all are right, which you're not, there's still one thing I can do. I can be rid of you!

Megatronic Nightmare charged up his most powerful attack and he charged up a powerful blast of dark energy in his dragon head.

Lily charged up a Kamehameha Wave.

Megatronic Nightmare: You can't possibly withstand my full power! GOOD BYE AND GOOD RIDDANCE!

Megatronic Nightmare fired a massive blast of dark energy and Lily fired a powerful Kamehameha Wave and the blasts collided and Lily's overpowered his and it exploded in his face.

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

It blew him into the armada of Broccoloid saucers and knocked him down.

Megatronic Nightmare: No… no more Optimus Prime! Please have mercy! I beg of you!

Optimus: Mercy? You, who are without mercy, now plead for it? I thought you were made of sterner stuff, Megatron

Lily: I've had it with you Megatron! I will never forgive you for all the pain and suffering you caused to the universe!

Lily thought about all the terrible and dark deeds that Megatron caused to all of Cybertron and all of the Autobots and the Decepticons all throughout the years and she also thought about all the times Megatron tried to destroy the universe and kill everyone Optimus Prime and all his friends care about. She also thought about all the times Megatron tried to kill all her friends and everyone she cares about. She knew that Megatron was the ultimate evil of Cybertron and the most dangerous menace to the entire galaxy.

Then Lily screamed in a massive roar of unrelenting fury and she had her aura flare up in a massive explosion of energy and her hair turned aqua blue and grew down to her knees. She had lightning flicker all over her at an incredible rate and water swirled around her. Lily was now a Super Angel 3! And her power was incredible!

Megatronic Nightmare: What trickery is this!?

Lily: I am your end Megatron! Optimus, Lori, lets send this monster back to Hell!

Lori J.: With pleasure.

Optimus Prime: I agree. This ends here.

Lily gave Lori and Optimus Prime versions of Vector Prime's Time Sword.

Optimus Prime: We'll give you one last chance to surrender.

Megatronic Nightmare: Ha. You three are pathetic to the end.

He charged at them.

Optimus Prime: Very well. Then this shall be your end!

Optimus Prime slammed him with the sword and blew him back with

incredible force.

Megatronic Nightmare: Such power! (Groans)

Megatronic Nightmare stopped.

Optimus Prime: You will always lose Megatron. You think of nothing but destruction. None of your victories last. You care about nothing but yourself. No one cares about you. The time has come to end your struggle.

Megatronic Nightmare: You're right old friend. (Forms a sword of dark energy) We've waged this war for far too long! (Glows in a dark purple aura)

Optimus Prime: Only one shall stand Megatron.

Lily: And it's not going to be you! (Flares up her Aqua blue aura)

Lori J.: You've tormented our universe for the last time! (Flares up a Crimson Red Aura)

Optimus Prime: It ends here! (Flares up a yellow aura)

Megatronic Nightmare: NEVER! (CHARGES AND SCREAMS)

Lily, Lori and Optimus Prime charged.

Optimus Prime: At last the Universe will be free of your evil!

Megatronic Nightmare: AAAAAAAAAAAAAAAAAAHHHH!

Optimus Prime: AAAAAAAAAAAAAAAAAAAAHHHHHHH!

Lily: AAAAAAAAAAAAAAAAAAAAAAAAAAAHHHHHHHH!

Lori J.: AAAAAAAAAAAAAAAAAAAAAAAAAAAAAHHHHH!

Megatronic Nightmare swung his sword. But Lily, Optimus and Lori's swords were too strong and they went through it and shattered it into a million pieces and they impaled the Megatronic Nightmare all the way through his black spark! He screamed in excruciating pain.

Lily: GO BACK TO HELL! AND STAY THERE YOU FUCKING SON OF A BITCH!

Lori J.: NEVER SHOW YOUR UGLY FACE ON OUR PLANET AGAIN!

Lily: THIS IS OUR UNIVERSE! AND YOU WILL NEVER BE WELCOME HERE!

There was a massive explosion.

KRABBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

When the smoke cleared, the sun was rising over the horizon and the Megatronic Nightmare had 3 swords skewered all the way through him and his black spark. He was dying.

Megatronic Nightmare: I still function. (Weakly) You haven't won. Not while my spark… Still burns. (Laughs)

He was fading away.

Optimus Prime: You've fought well. Good bye Megatron.

Nicole sent Megatron's spirit into the River of Fire. He was gone for good.

Lily fell to the ground exhausted.

Lincoln rushed over to Lily.

Lincoln: Lily!

Optimus Prime: She's all right Lincoln. She's really exhausted.

Lincoln had tears of joy in his eyes.

Lincoln: Lily I'm so proud of you.

Lily: Thanks big brother.

Jared, Cornelia, Sam M, Laney, Riley and Ben as Wildvine were facing the Broccoloid Emperor.

Broccoloid Emperor: This world will be ours and humans will all be dead! Our ambition is to make the galaxy perfect for all vegetables.

Cornelia (clearly angry):… Are you kidding me? Are you fucking KIDDING ME?! YOU JUST DROP YOUR BROCCOLI SPORES ON THE GROUND LIKE NOTHING!? WHAT THE HELL'S WRONG WITH YOU ALL?! TALKING ABOUT MAKING THE GALAXY A BETTER PLACE, YEAH RIGHT! YOU'RE ONLY POISONING THE WORLD WITH YOUR SPORES AND PLANET DOMINATION CRAP! IF YOU WANNA MAKE THE GALAXY A BETTER PLACE, MAKE YOURSELVES BETTER PEOPLE: LEARN TO READ, FINISH YOUR EDUCATION, AND GET A DAMN JOB! AND IF YOU ALL CAN'T BRING YOURSEVES TO DO THAT, THEN YOU'RE JUST A BUNCH OF RETARDED PUSSBAGS!

We applauded for her.

Me: Well said Cornelia.

Nico: You tell her.

Megan: Way to lay down the law on him sis!

Irma: Corny, you know your parents aren't gonna be happy that you said some bad words, right?

Cornelia (smirks): It was worth it!

Cornelia fired blasts of bramble vines at him and Laney, Sam M., Wildvine and Riley slashed him with whips and vines.

Ruler: No! No! Leaf me alone! I don't dessert this!

(The girls' shadows fall over him on the end of this line, and one by one, they open wide for a huge final bite of mutant broccoli. The scepter falls to Blossom's feet and, after she looks at it as it glowed for a few more seconds, is reduced to mush by one well-placed stomp from her Mary Jane-the invasion is over.)

(Cut to a slow pan down a street full of cheering, celebrating kids. We all were cheering wildly. Buttercup is tossing a couple of them into the air, Bubbles is being tossed by two-one of them being the football kid-and Blossom is shaking hands with another.)

The Broccoloids all appeared as spirits.

Broccoli Leader (as a spirit): We will return! And when we do, we will… (Edzilla pours ketchup on him) What are you doing?

Edzilla: Ed want to eat Broccoli spirit with ketchup! (about to devour him)

Broccoli Leader (horrified): NO! PLEASE! HAVE MERCY!

Nicole sealed them into the Book of Vile Darkness.

Narrator: So, with the Broccoloids devoured-

(Cut to a pan up a street full of recovering adults as he continues. The kids hug them. The football kid's father is a bit befuddled at finding a rabbit in the celebration.)

Narrator: -and the hypno-transmithesizer destroyed, the parents of Gotham Royal York awaken. And families once torn apart by war are reunited once again.

(Cut to the Professor and the girls doing some grocery shopping. Bubbles and Buttercup ride in the cart; Blossom floats along above it. Things have returned to normal as life continues after the girls have saved Gotham Royal York once more.)

Narrator: And as normal life resumes, we join the Utonium family on an outing to the supermarket.

Professor: Why don't you girls go pick out some cereal, and I'll meet you in the produce aisle.

Blossom: (as the girls zip away) Okay!

Professor: (to himself) We'll see if we can't find some greens they will eat.

(An o.c. commotion brings him up short; in the produce aisle, kids are ferociously digging into the fruits and vegetables on display. The girls are leading the offensive.)

Blossom: Give 'em heck, troops! We'll show 'em who's boss! You can never be too careful. (The Professor and several parents watch, completely stunned by this turnaround of their kids eating the greens that they hated only a day ago.)

Flint L.: (To the Viewers) Eat your vegetables. They are very good for you.

(The background for the end shot comes up.)

Narrator: And so once again the day is saved-

(Team Loud Phoenix Storm and the Powerpuff Girls appear in their usual pose.)

Narrator: -thanks to the Team Loud Phoenix Storm and the Powerpuff Girls!

(The background is chomped away in three huge bites; it ends up looking exactly as it did before, but now several kids have appeared below the girls.)

Narrator: And the hungry little tykes of Gotham Royal York.

THE END

---

Another Fanfiction Complete.

I like broccoli just as much as anyone else. But that episode Beat Your Greens on the Powerpuff Girls was a funny one. We sure showed them huh? The fight with the Megatron Heartless was based on the final fight with Optimus Prime and Galvatron on Transformers Cybertron. That was an epic and awesome fight! We lifted our temporary ban on bad words now. NicoChan11 gave me the ideas for this one. Thanks man as usual. Let me know what you all think.

See you all next time.

# The Great Race in A Cave

## Part 1: The Poisonous Atmosphere of Pandora

---

It starts with the U.S.S. Valor flying in space.

Me: Captain's Log, Stardate 2579.6: The U.S.S. Valor is flying through space en route to the planet Pandora in the Alpha Centauri system, 4 and a half light-years away from Earth. Our mission is to find out if the planet is perfect for one of the upcoming death-defying challenges of Total Drama Galaxy.

Lincoln: So what is the Planet Pandora?

Me: From what I saw in the movie Avatar, it's a planet that is very much like Earth but it has an atmosphere that is poisonous to human life. It has 18% Carbon Dioxide, Nitrogen and Oxygen. 5.5% Xenon and 1% Methane and Hydrogen Sulfide. It's also 20% denser than Earth's.

Earth: Wow. That is amazing.

Me: It sure is.

Lincoln: And what year does the movie Avatar take place?

Me: 2154. 135 years into the future.

Lori: That's literally a long time.

Me: It sure is.

Lisa: 2nd Elder brother, we have appeared to have arrived at our destination.

Me: On screen.

We saw the planet Pandora up ahead and it was a breathtaking planet that looked very much like Earth. But it was in orbit around a blue Saturn-Size Gas Giant Planet called Polyphemus and it had 4 moons. It was literally beautiful.

Me: Wow!

Lori: It's literally beautiful.

Lisa: Indeed it is.

Me: Lets head down. Lisa, Lincoln, Laney, Lori, Lynn, you guys come with me. Nathaniel you have the conn.

Nathaniel: Acknowledged Grandpa.

We went down to the planet and we had our exo packs on.

We landed on the planet and we saw that it was an awesome forest planet and it was loaded with dense jungles, strange floating mountains, massive trees that stuck out like sore thumbs, a breathtaking view of Polyphemus and 2 of the 4 moons.

Me: Wow! What a view!

Lincoln: This has to be the most beautiful planet I've ever seen.

Lori: It sure is.

Laney: It's magnificent.

We heard a thump and we saw in a crater, a huge mining vehicle and a bunch of dump trucks loaded with rocks.

Me: It's a huge mining operation. Just like in the movie.

Laney: What are those truck trucks loaded with?

Me: From what I remember they are loaded with a strange metallic element that was thought to have been fictitious: Unobtanium.

Lisa: Fascinating. That metallic substance is fictional. But with everything that's been happening over the course of the last 3 years, it's now real.

Me: It sure is Lisa. And believe it or not, it's worth it's weight in diamonds. It's priced at $20,000,000 per kilogram.

Lynn: Whoa! That is a lot of money.

Laney: It sure is.

Me: Lets go see where those trucks are going.

We followed the trucks and we were lead to a huge mining facility. We saw that it was a building from the 22nd century.

Me: This is a 22nd Century Mining Facility.

Laney: Why was this all set up here?

Me: If I remember what happened in the movie, this whole mining facility was built out here on Pandora to get Unobtanium. But they have a huge opposition from the natives that live here. They are a race of humanoid aliens that are similar and identical to that of the Native American Indians on Earth. They are called the Na'vi.

Lynn: Oh yeah. They were cool!

Lori: They literally were something.

Lisa: They were indeed a magnificent extraterrestrial species. Albeit a fictional one.

Me: But one thing still puzzles me. Let me see here.

I took off my mask and I took in a breath.

Me: (Inhales) Hey! I can breathe!

Laney: How can that be? This planet has an atmosphere that's poisonous to human life.

Me: That's what surprises me too.

J.D. 2: I can answer that. The Ebonwu Squadron has the ability to breathe on any type of planet. Regardless of what the atmospheric conditions or how inhospitable it may be.

Me: Wow! That's amazing!

J.D. 2: It sure is.

Me: I can breathe in any environment regardless of the conditions. So living on a planet that has an atmosphere poisonous to human life is a walk in the park for me.

Lincoln: J.D. that's so cool! Let me see if I can do it.

Lincoln, Lori, Lynn, Laney and Lisa took off their masks and they can breathe in the poisonous air too!

Lincoln: We CAN breathe!

Lori: We literally can.

Laney: This is amazing!

Lynn: Wow! This is cool!

Lisa: Fascinating. The air may be toxic to humans, but to us it's not.

Me: This is awesome. Lets go talk to whoever is in charge here.

We walked and I noticed that I was lighter on Pandora than on Earth.

Me: Wow. Do you guys feel lighter here than on Earth?

Lori: I sure do.

Me: It appears that the gravitational density is lighter here than on Earth.

I did a scan of Pandora and compared it to Earth. I discovered that Pandora is about the same size as the planet Venus and the gravity is 20% lighter than Earth's.

Me: Wow. Check this out.

I revealed the results and everyone was amazed.

Lincoln: So Pandora is smaller than Earth?

Me: That's right. Pandora is 9% smaller than Earth at about 11,447 kilometers or 0.8984 Earths.

Laney: So about 15/16 the size of the Earth.

Lisa: Ah. Close enough.

Me: That's right.

A mining truck came by us and we saw sticking into its huge time some huge arrows.

Me: Wow. These arrows are huge.

I pull one out and it was a big arrow. It was about 5 feet long and it had an arrowhead that was about 6 inches wide.

Me: Wow! These arrows are amazing! These are almost as big as spears!

Lori: They are literally just about that long.

Me: No kidding. And the craftsmanship is amazing.

I held onto it. We went into the mining facility and we were amazed at what we were seeing. We saw 22nd technology that was 135 years more advanced than anything we were familiar with.

Me: Wow. This is all amazing technology.

Lisa: Indeed. Even the technology in the city of Gotham Royal York has no comparison.

Laney: It sure is advanced.

We saw all kinds of equipment and more and we met some amazing people.

We saw an amazing creature in a tank with some kind of fluid.

Me: Wow.

Lori: What are these?

?: These are Avatars. They were grown with a mixture of human DNA and the DNA of the natives.

Me: Oh wow! Oh I'm sorry. J.D. Knudson, Leader of Team Loud Phoenix Storm.

Dr. Patel: Oh wow! It's an honor to have you all here. I'm Dr. Max Patel. I'm one of the heads of the Avatar Program.

Me: It's a pleasure to meet you.

We found out that the Avatar Program was designed for human drivers to subconsciously link up to Human-Na'Vi creatures they call Avatars and the purpose of the Avatar program to try to get the Na'vi to relocate while they mine for Unobtanium.

Me: Wow! That's a huge deal. But something tells me that that's not gonna be an easy task.

Dr. Patel: It's not.

We went to talk with the owner of the facility and we were introduced to Mr. Parker Selfridge. Head of the Mining Operation on the planet Pandora. We talked to him about what was going on and more. But we recently found out that the relations with the Na'Vi and the Humans are only making things worse. They were getting along good at first. But things are starting to escaltate between the two races. And they are worried that a war may soon happen.

Me: Boy it sounds like you all have your hands full.

Parker: We do J.D. And we are worried that if this project doesn't go through, then we've had it.

Me: Looks like we got here just in time.

We discussed why we were on Pandora and Mr. Selfridge accepted it. But on one condition.

Me: What is your proposal?

Parker: We need your help to get the Na'Vi to listen to us so we can work together.

Me: It's not gonna be an easy task. But we're known all throughout the universe and we'll do everything we can. But you have the support of Team Loud Phoenix Storm.

Parker: Thank you so much J.D.

Me: You're welcome. The Na'vi won't listen to you all, but I have a feeling they will listen to me.

The Loud siblings went back to the ship and I went to talk with the Na'vi. They were an amazing blue humanoid race and they were amazing creatures. I showed my wings and my symbol on my forehead and they knew who I was. Turns out I was inscribed into many of their art and it was in a prophecy that I would bring their race and another race that threatens them together. Their prophecy came true. I brought them both together and it was the beginning of an interplanetary friendship. I told the Na'vi about the ghost of Heather that is invading their land and I told them to let us worry about it when the time came.

## Part 2: The Great Race in A Cave.

We were at the estate watching TV and reading books.

Me: So far things have been very quiet.

Then the Racing Channel came on.

Lana: Cool! It's the racing channel!

Billy Natson was on.

Billy Natson: Hey racing fans. We have quite a treat for you. We are in the Ural mountains of Central Russia and we are going to be racing through an amazing Cave. We are going to be racing through the largest and most treacherous cave system in the world. It's a race through the Cave Of Doom! The cave is called that because no one that has entered this cave has ever come out alive.

Me: Ooh that sounds like a great race!

Laney: (Gulp) That sounds like a scary cave.

Lucy: If it's dark I will love racing it.

Rocky: Me too.

Me: This is gonna be awesome! It's race time guys!

We cheered and we were in our roadsters and we were off to the Ural Mountains in Russia.

Central Russia

We were in our roadsters and it was an awesome time. We were at the entrance to the largest cave system in the world: The Nukoma Cave, also known as THE CAVE OF DOOM! They call it that because anyone that entered it never came out alive.

Tracks, Bumblebee, Bluestreak, Wheeljack, Smokescreen, Sideswipe, and Sunstreaker were participating in the race and so was Cheetah, Scream, Lasher, Fuzzy and his nephews, Breach, Ace, Bleez, Frightwig, Stalker, Kraven, Phage, Calypso, and Toxin.

Cheetah's roadster was called Cheetah's Prowling Speeder and it was a yellow car with black and orange spots and it had a cheetah tail on the back spoiler and cheetah ears over the lights. The lights were cat eyes. It had the number 72 on it.

Scream's roadster was called Donna Diego's Screaming Storm and it a black and yellow car with lashing spear tentacles on the side and Symbiote tentacles on the back. It had the number 48 on it.

Lasher's roadster was called Ramon Hernandez's Whiplashing Roadbleeder and it was a green-blue and black car with scythe blade tentacles on the side and Symbiote Tentacles on the back. It had the number 95 on it.

Fuzzy and His Nephew's all drive one car and it was called The Lumpkin's Meatstorming Battlecruiser and it was a pink car with many kinds of meats on the sides and all kinds of stuff you would find on the farm. There were 2 sidecars on both sides and in them were Scuzzy and Wuzzy and there was a top car on top of the car behind Fuzzy with Cuzzy in it. The three of them had meat ray blasters on them. The car had the number 123 on it.

Breach's roadster was called Breach's Interdimensional Portal Skimmer and it was a black and red car with her two big arms on the sides as rails and there were her portals on the sides. And the number 113 was on it.

Ace's roadster was called Mariah's Psychic Roadwarper. It was a purple car with a big eye in the front and it had hypnotic spirals on the sides and the number 66 on it.

Bleez's car was called Bleez's Raging Bonecrushing Bloodcruiser. It was a red car with bones and blood on the sides and her wings were on the back and the headlights were red like blood and the symbol of the Red Lantern Corps was on the front hood. It had the number 79 on it.

Frightwig's car was called Frightwig's Hair Raising Pummeler. It was an orange and yellow car with her hair tentacles on the sides and the heads of Thumbskull and Acid Breath were on the back. The number 342 was on it.

Stalker's car was called Stalker's Jungle Deathstormer. It was a green car with symbols of all the animals of the animal kingdom on it and leaves were on the back spoiler. It had the number 73 on it.

Kraven and Calypso are in the same car. It's called Kraven and Calypso's Jungle Shredder. It's a green car with animals and leaves on it and leaves were on the sides. The number 777 was on it.

Phage's car was called Carl Mach's Viral Road Decayer. It was a black and yellow car with Symbiote tentacles and vicious fangs on the radiator grate. It had the number 654 on it.

Toxin's car was called Patrick Mulligan's Bloody Road Poisoner. It was a black and red car with Symbiote tentacles on the sides and the number 400 on it.

Drag Strip: Hope you guys don't mind us participating in the race. We haven't been in one since the Speed Planet.

Me: I can tell. It's good for you all to get a good race every now and then.

Drag Strip: That's true.

Override: I haven't had a fun race in a long time.

Bumblebee: This is a first for me.

Override's hood opened and in it was Lori Jimenez.

Lori J.: Hey guys.

Me: Hey Lori. I didn't know you and Override were gonna join as well.

?: She'll be buried six feet under when we run her off the road.

Me saw a rickety go cart and in it were two kids. They were the two ruthless bullies from The Little Rascals and they hate everyone that races: BUTCH & WOIM.

Me: I know you two! You're Butch & Woim. The worst cheating racers in the history of go kart racing.

Butch: That's right and when you lose we're going to kill you.

Me: Don't count on it you little brats.

Override: You kids have no idea who you are up against.

We saw Dick Dastardly drive up.

Me: Dick Dastardly, we haven't seen you since the Gotham Royal York 500.

Dick Dastardly: That's right and I have a score to settle with all of you.

Bumblebee: Bring it on you villainous freak!

Bowser Jr.: These races are actually similar to those Mario Kart tournaments I participated in.

Wildrider: Really?

Bowser Jr.: Remind me to show you some of the games sometime.

Breakdown: I don't know about this. What if the cave's too small for us?

Motormaster: Relax, Breakdown. I'm sure the cave won't be that small.

Me: It won't be Motormaster. This is gonna be so much fun!

Superman and Shazam were in the crowd watching.

Superman: Shazam, I want to say that I'm sorry.

Shazam: For what?

Superman: You were right back then. It was wrong of me to just blindly attack Luthor, and I'm sorry for how I treated you back there. You were right to try calling me out on all of that.

Shazam: Yeah, I can. You just made a mistake… and so did I. I know it was wrong of me to just attack you, but you were out of line. But… I know that I shouldn't have been trusting of Luthor. And so, I'm sorry too.

Superman: So I guess we're even.

Shazam: Yeah. But lets root for J.D.

Superman: Yeah.

Billy Natson appeared.

Billy: And welcome to one of the most interesting races in Roadster Racing history. Hello. I'm Billy Natson and we are going to be racing through the infamous Nukoma Cave, the Cave of Doom. With us we have the famous Team Loud Phoenix Storm and their magnificent roadster racers. You ready to have a good race J.D.?

Me: I sure am Billy! Lets burn some rubber!

Everyone cheered!

Billy: I love that racing spirit. I noticed that Lily is not here.

Me: Yeah she exhausted herself during an invasion with Broccoli Aliens. I know it sounds crazy but it's true.

Billy: Ah. That's understandable. And I'm sure she's watching us right now.

And he is right. Back at the estate, Lily was resting in her bed after exhausting herself during the fight with the Broccoloid Invaders and the Heartless Megatron. She was drinking some tea. She was watching the race on TV.

Lynn Sr. came in.

Lynn Sr.: How are you feeling sweetie?

Lily: I'm almost better daddy.

Lynn Sr.: That's good. I'm sorry you couldn't race with everyone today. But they'll be back.

Back in the race we were ready.

Krysta: And are we ready?

We revved up our engines.

Krysta: On your mark…

Me: (To Butch and Woim) You two are going to eat my dust!

Butch: We'll see.

Krysta: Get set…

We were ready to burn rubber.

She waved the flag.

Krysta: REV UP AND GO!

We put the pedal to the metal and we were off.

Billy: AND THEY'RE OFF!

We entered the cave and it was a breathtaking marvel. It took thousands, maybe millions of years to form it. We entered the cave and the ceiling of the cave was covered in razor sharp stalactites. The stalactites, stalagmites and columns were absolutely amazing.

Me: Wow! What a cave.

Lana: I would love going into a cave like this.

Cheetah: It sure is amazing.

Laney: I can't believe it took so long to form a cave of this magnitude.

Me: Caves take thousands of years to form and it probably took millions of years for this cave to form.

Lisa: That is a good assumption.

Then a stalactite fell from the ceiling.

Me: Look out!

We dodged it and it hit one of the other racers cars.

Me: That was a close one.

KABOOM!

The other racers car exploded into a fireball. He got out safely.

Me: That was a close one.

Dick Dastardly fired lasers at the stalactites and made them fall.

Sideswipe transformed and fired lasers at the falling stalactites and blew them apart. He transformed back.

Nico: Good save Sideswipe.

Sideswipe: You're welcome guys.

Smokescreen (smugly): Good thing my vehicle mode's speed has increased since meeting J.D. and the others. At this rate, I'll be the first Autobot to cross the finish line.

Lola: Don't count on it Smokescreen.

Sideswipe: Come on, Sunstreaker, step on it!

Sunstreaker: If you hadn't forced me to look at that section of the cave back there, I'd be ahead now!

Sideswipe: Neither of us'll win at this rate!

Dick Dastardly: Drat! We'll have to do something else to stop them Muttley.

We then entered another part of the cave and it was pitch black dark. It was so dark that we couldn't see anything in front of our faces.

Nico: Man it's really dark in here! I can't see a thing in here.

Me: Good thing our cars come equipped with nocturnal scopes that enable us to see in the dark.

I pressed a button and a scope came up to my eyes and I saw everything in the dark. It was like the vision of Riddick. He can see everything in the dark.

Me: Wow. This nocturnal scope can see everything in this level of

darkness.

Lynn: This is so cool.

Lucy: I don't need to use a scope. My eyes enable me to see in the dark.

Drag Strip: Hurry up, Dead End or I'll beat you to the finish line!

Dead End: So? Big deal. Beat me!

Then we felt a rise in temperature.

Me: Whew! Man it's getting hot.

Lincoln: Yeah. How hot is it?

I looked at a temperature gauge.

Me: 485˚ Fahrenheit!? How did it get so hot!?

Lisa: There must be a pocket of molten magma ahead.

I lifted my nocturnal scope and saw a red incandescent light coming from another room.

Me: If that's the case it's time to cool down. Here we go.

We pressed some buttons and an insulated dome formed over us and it had a viewing window in it. We went into the room and we saw a race road that goes right over a huge lake of lava!

Me: Wow!

Luna: It's a lake of lava!

Me: We're 25,000 feet below the surface of the Earth and this cave goes through a volcano.

Lincoln: This is so amazing!

Lola: It sure is Linky.

Varie: Boy it's really hot in here.

Luan: There's no Cooling down from this one! (Laughs) Get it?

Most of us laughed.

Me: (Laughs) Good one Luan.

We saw erupting geysers of lava come out of the lake and it was like we were taking a glimpse of the fiery pits of Hell itself.

Then massive lava bombs exploded out of the lava lake and rained down onto us.

Me: Incoming!

We saw them coming and we dodged them and they hit the road in huge fiery explosions and lava globs rained down too.

We got out of the room of lava and we went into the fourth room. It was the most magnificent and most dazzling crystal cave we had ever seen! There were massive crystals all over the room. It was much bigger than the Crystal Cave in Chihuahua, Mexico.

Me: Wow!

Lori: This is literally the most amazing crystal cave ever!

Leni: These crystals are totes beautiful.

Lincoln: I can't believe it took thousands of years to form these crystals.

Me: Actually these are all diamonds. And it took 3.3 billion years to form all these.

Lisa: That is correct. The process of forming solid carbon into diamonds takes 1.8 to 3.3 billion years for geothermal heat and pressure to compress carbon into diamond crystal.

Me: Wow. So 75% of the time it took the Earth to form.

Lisa: Correct.

Butch: It's time to cheat!

Woim: You got it.

Butch and Woim had blades form on their tires.

Carol saw the race from a drone hovering over us.

Carol: J.D., Butch and Woim are fighting dirty! They have blades on their tires!

Me: I see them!

Motormaster: If Butch and Woim want to play dirty, we can stoop to their level!

Drag Strip: You guys continue on ahead. We're gonna show those two cheaters what happens when they mess with the Stunticons!

Me: Show no mercy Drag Strip!

We floored it.

And Drag Strip fired lasers from his engine and they hit the back of Butch and Woim's car and set it on fire. Their car exploded and flipped them over and they crashed.

Wildrider: You assholes messed with the wrong racers! HAHAHAHAHA!

Nico: Butch and Woim, you two have failed this race!

Lori J.: Serves those two right.

Override: You said it little sister.

Me: You mess with the fire of Team Loud Phoenix Storm and we will burn you.

We got to the final room. The most deadliest room of them all. It was loaded with all kinds of dangerous obstacles. There were all kinds of Cave Monsters, Millions of bats and cave dragons. We dodged all of them. We saw the finish line up ahead and Dick Dastardly and he was setting up explosives.

Dick Dastardly: This race is all mine for the win. (Evil Laughter)

But Fu saw what he was gonna do.

Fu: Heads up J.D.! Dick Dastardly is gonna blow up the cave and block the road so he can take the race.

Me: Not for long Fu.

I pressed a button and fired a laser and it hit the detonator plunger and it exploded in his face.

Me: Nice try Dastardly.

Dick Dastardly: DRAT! DRAT! DRAT! AND TRIPLE DRAT!

Billy Natson: And here comes the first racer to cross the finish line! It's Nico Chan!

Everyone cheered wildly! We defied the impossible and made it out of the most dangerous and treacherous cave in the world.

Nico: I won!

Billy Natson: And in a tie for 2nd it's J.D. Knudson, Laney Loud and Lori Jimenez and Override!

Me: Yeah! This was so awesome!

Override: This was a fun race Lori.

Lori J.: It sure was Override.

Everyone did the impossible and made it out of the cave!

Nico was presented with the trophy. It was a magnificent gold trophy with a blue Swarovsky Crystal cluster and a race car zooming around it. Nico also got $50,000,000.00 in cash.

Butch and Woim arrived last and their racer was completely destroyed and burned. It fell apart when they got to the finish line.

They walked up to us.

Butch: It ain't right. We went through all that trouble to get your race car design right and you still win!

Me: You two should realize that cheaters never prosper.

Laney: That's right. You don't deserve to be in any race at all. Because you two don't play fair.

Butch: Yeah? Well you better brace yourself. Because now I'm going to kill you all you fuckers!

Laney: We would like to see you try!

Butch tried to throw a punch but Laney dodged it and she grabbed his arm and flipped him and she broke his arm and the bone was sticking out of his arm. And then she punched him in the face and knocked him out.

Me: Nice work Laney.

Luna grabbed Woim and he had a look of fear on his face.

Numbuh 1 arrived and with his was Sector R from Moscow, Russia.

Numbuh 1: We'll take it from here guys. We'll take these two to their parents.

Numbuh 521: (Russian Accent) Yes comrades of Team Loud Phoenix Storm. We contacted their parents and they are in lot of trouble.

Me: Thank you uh..

Numbuh 1: Oh I'm sorry J.D. This is Yulia Petrakov. She's also Numbuh 521 and the leader of Sector R in Russia.

Me: It's a pleasure to meet you.

Numbuh 521: Likewise comrade J.D.

Me: Is this the first time an international sector of the Kids Next Door reported kids to their parents?

Numbuh 1: Yes. It's a first for the organization. These two are looking at being grounded until they are 18.

Me: Well good riddance to bad rubbish.

Varie: Yep.

Sailor Mars: This race was sure awesome. (To the Viewers) Remember this guys. Cheaters never Prosper.

Lincoln: You said it Rei.

Me: But great job man. You won your first ever race.

Nico: I sure did. It was so cool!

Me: It sure was.

Nico: And I also caught a Suicune and a Raikou.

Me: Awesome! Now we both have the 3 Legendary Wolves.

Nico: We sure do.

---

We went back home.

We walk in and Lily was watching TV in the Living Room.

Me: Hey Lily.

Lily: Hey J.D. I saw the race! You guys were awesome!

Varie: Thanks Lily.

Lily: You're welcome Varie and Nico congratulations on winning. You did great!

Nico: Thanks Lily. It's my first ever race.

Me: You were awesome buddy.

Nico: Thanks man.

Later we were celebrating at the Burping Burger.

Me: That was an awesome race.

Nico: It sure was. That cave was a breathtaking marvel. And we killed two birds with one stone. Dick Dastardly lost another race and 2 cheating bullies have been grounded and placed on 24/7 supervised grounding. They will never be trusted again and they were also permanently banned from racing.

Me: Well said man.

Laney: Did I go overboard with breaking Butch's arm like that?

Luna: No way Lanes. He deserved it for being a cheater.

Sam S.L.: You got that right Lunes.

Vince: Those two give racers all over the place a really bad name.

Me: Well said partner.

Carol: They sure do.

Me: Yep.

We had a great celebration.

At the houses of Butch and Woim they were at the dining room tables eating Brussels Sprouts and their parents were really mad at them. When they were returned to their homes, they paid the price: Grounded for life with no hope for TV or dessert. They can never be trusted again and they were placed on 24/7 supervised grounding. Butch's arm was in a sling.

Butch: I hate Team Loud Phoenix Storm. I will have my revenge.

Butch's mom: Shut up and eat your Brussels Sprouts!

Woim was locked in a cage and he had all his stuff but his bed taken away.

Woim: I HATE YOU TEAM LOUD PHOENIX STORM!

Woim's Dad: SHUT UP IN THERE!

SERVES YOU PISSWORMS RIGHT!

THE END

---

Another Fanfiction Complete.

I got the idea for part 1 from the movie Avatar. One of the most awesome Science Fiction Movies of all time. It was awesome and I loved it! 2009's Avatar was the biggest and most awesome movie ever! The Avatar Part is the Prequel to the upcoming Total Drama Galaxy Saga we have in the drawing board stages. The Cave Race came to me as I was working on a recent chapter. I included the bullies from The Little Rascals - Butch and Woim to add some excitement. I've known that movie The Little Rascals since I was a little kid and it was awesome and so funny! That movie was made in 1994 and it was awesome! NicoChan11 gave me the ideas for this one. Thanks man as usual. Let me know what you all think.

See you all next time.

Avatar and The Little Rascals belong to their rightful owners.

# Alien Hero of Metro City

It starts in another city. We were walking in Metro City and it was an awesome and amazing city. It was also located just outside of Detroit.

Me: Wow. Look at this place. Metro City is just like it was in the movie.

Lincoln: It sure is.

Lana: I love that movie Megamind.

Lola: It was so awesome!

Then we were greeting by the famous former supervillain now superhero: MEGAMIND!

Megamind: Team Loud Phoenix Storm! On behalf of the citizens here, welcome to Metrocity!

Minion: It's Metro City, sir.

Me: Megamind it's such an honor.

Megamind: We were told so much about all your deeds and achievements. You all are an amazing inspiration.

Me: Thank you Megamind.

Kim Possible (to Megamind): Has anyone told you that you look like a nice version of Dr. Drakken.

Megamind: You're the first one. I actually laughed when I heard that you guys got him grounded!

We laughed.

Me: Yeah Drakken got what was coming to him.

Nico: Is Metro Man still around here?

Megamind: He actually decided to retire and live a normal life.

Me: Well that's understandable. I'm glad he wants to settle down.

Lori: Me too.

---

Megamind took us to his special cave lair and it was amazing.

Batman: I have to admit, Megamind. Your hideout is similar to the Batcave.

Megamind: I know, right? Except without all the bats.

Me: It is an amazing feat. We met all kinds of superheroes and supervillains and they had all kinds of amazing feats.

Volcana: That's right J.D.

Megamind: It sure is amazing.

Me: Yep.

---

We were now at Metro Man's mansion and it was as amazing and big as the estate.

Me: Wow! Look at this mansion.

Megamind: Yeah this is the mansion of Metro Man.

We rang the doorbell and it opened and we went in. We were amazed by the amazing interior of the mansion.

Me: Wow!

Laney: What an amazing house.

Lola: It's just as amazing as home.

Lana: I'll say.

Lisa: This is all a magnificent and beautiful piece of architectural engineering.

With us was Lisa's Best Friend in Kindergarten Darcy Helmandollar.

Darcy: It sure is Lisa. I love this house.

Lincoln: I do too.

Metro Man: (Offscreen) It is an amazing house.

We saw Metro Man in the flesh.

Me: Metro Man. It's such an honor.

Metro Man: You too J.D. And Team Loud Phoenix Storm welcome to my home.

Me: Thank you Metro Man.

Metro Man had us in his living room and we were talking about our adventures.

Metro Man: Wow. You all have done it all and more.

Me: We sure have and we don't like to brag.

Metro Man: That's good. And J.D. I also heard that you gave your heart to a young girl.

Me: I sure did. She was dying and Flint Marko was touched by it. Everyone says it was the one of the most selfless deeds I ever did.

Lana: Penny goes to our class and she is doing much better than ever.

Lola: J.D.'s heart is doing well for her. But it also gave her powers.

Me: It was a side effect of the transplant and the blood I gave her. Also because of my immortality and invincibility, my organs regenerate.

Metro Man: You are a truly gifted man J.D.

Me: Oh thank you Metro Man.

Then 3 girls flew in over our heads laughing and having fun and they were firing lasers from their fingers and eyes. They had black hair and blue eyes and they had red, blue and green clothes on.

Me: Wow!

Metro Man: Oh these are my kids. The one in the red summer shirt is Michelle. The one in the blue sweater is Sierra and the one in the green t-shirt with the dark red leaf on it is Tiffany.

Me: Wow! They are adorable and they have inherited your powers.

Metro Man: They are my little super heroines.

Me: They sure have a lot of energy.

Varie: They sure do.

They landed and they were triplets.

Michelle: Oh wow! Team Loud Phoenix Storm! It's such an honor.

Sierra: You guys are our heroes!

Tiffany: You all have such amazing skills!

Me: I'm glad we all have some fans.

Michelle: You guys are awesome! We saw all your adventures.

Tiffany: And they are so awesome!

Maria was feeding her Horsea.

Maria: You sure are very hungry Horsea.

Then explosions were heard as the whole city is under peril.

Me: Uh oh! We got trouble.

Then a television broadcast came on. It was evil supervillain Hal Stewart A.K.A. Tighten!

Tighten: Megamind! I am broadcasting to you to call you out. I'm going to kill you for everything you've done to me and after I kill you I'm going to destroy this fucking planet and kill you all! You better come or I will kill everyone! (Evil laughter)

The broadcast turned off.

Me: This guy is pure evil!

My dark orb detector found out that he has a dark orb.

Me: He has a Dark Orb. It must've given him his powers back.

Lori: I never saw the movie. But who is this Tighten jerk?

Megamind: He was once Roxanne's cameraman Hal Stewart.

He was introduced as simply being Roxanne Ritchi's nerdy cameraman, Hal. He clearly has a crush on her, but his attempts at flirting with Roxanne only makes her very uncomfortable. While Roxanne is snooping around the headquarters of the film's protagonist, the supervillain known as Megamind, Hal accidentally gets hit by Megamind's serum, which gave him the powers of the seemingly deceased superhero Metro Man.

Megamind was planning on creating a new superhero to face after feeling isolated of his victory against Metro Man, so he tracks Hal to his apartment building and manipulates him by taking on the guise of his "Space Dad". Megamind attempts to train Hal into a hero, but unknown to Megamind, Hal is not as noble or just as Metro Man. However, Megamind believes that Hal is ready, and gives him a red-and-white suit and the name "Titan", which Hal misinterprets as "Tighten".

However, it turns out that Hal only wanted to take the superhero gig to "get the girl" by winning Roxanne's heart. The first thing he does is kidnap Roxanne under the pretense of 'rescuing' her, dropping her several times only to catch her again. Hal then reveals his identity to Roxanne, but gets rejected for his recklessness, causing him to fly away in anger. Roxanne then continues on dating Bernard (who is actually Megamind in disguise), much to Hal's disappointment and anger.

Believing that being a hero means to get the girl for himself rather than fighting for the greater good, Hal decides he is better off being a villain and goes on an unseen crime spree. After leaving Megamind waiting for several hours, Tighten meets the villain in his home. He reveals his true intentions of why he took the gig and offers a partnership with Megamind, with him as the muscular brawn and Megamind as the 'brain with glasses'. Horrified and outraged that his 'hero' turned out to be a selfish person, Megamind refuses and instead goads Tighten into a fight by revealing that he's both Space-Dad and Bernard in disguise and that he's the one who gave Tighten the powers in the first place.

As planned, Tighten battles Megamind, but with much more rage and anger then Metro Man ever did. Megamind is quickly defeated and awaits to go to jail again, but this doesn't change Tighten's decision to become a villain as the battle had instead increased his anger, and that he wants to kill Megamind rather than having him arrested. Horrified, Megamind intends to recapture Tighten by trapping him on a copper failsafe sphere, after learning that copper is Metro Man's weakness, but this fails, forcing Megamind to escape. Megamind eventually finds out that Metro Man is actually alive, having faked his weakness of copper and his death to retire being a superhero and focus on a career in music, as he felt tired battling Megamind and that he never had a choice of what he wants to be in life.

With Megamind on the run, the towns people initially congratulate Tighten for freeing them from Megamind, but Tighten responds that he is actually taking over as the new villain and starts off by violently flicking the Mayor off with his finger, much to everyone's shock. Without hesitation, Tighten terrorizes Metro City by burning the name 'Tightenville' into the ground in colossal letters, causing more damage to the city than Megamind has ever done. As such, the citizens attempt to evacuate the city to avoid getting into Tighten's wrath.

Feeling remorseful for letting this happen, Megamind turns himself back to prison, and Roxanne, feeling guilty for hurting Tighten's feelings, attempts to take action by appealing to Tighten's conscience. Unfortunately, Tighten denies that he has any good in him, and acts purely out of spite from being rejected by her. Tighten then kidnaps Roxanne and straps her to the radio tower where she rejected him, threatening to kill her if Megamind doesn't arrive to fight him.

Seeing this on TV, Megamind decides to take responsibility for his actions and arrives in usual flamboyant style. He enacts a plan into freeing Roxanne and trying to stop Tighten. Tighten apparently crushes him with the radio tower, but he turns out to be Megamind's right-hand man, Minion, in disguise. Tighten nearly kills Roxanne by shoving a bus, but Metro Man suddenly appears, splitting the bus into two, saving Roxanne. Tighten is frightened into fleeing by Metro Man's orders, but realizes that it's the real Megamind in disguise after the hero tells him to leave 'Metrocity'.

Tighten fights Megamind again and nearly kills him, but ultimately fails. Upon remembering where he left his defuser gun the night Roxanne dumped him after his Bernard disguise faltered away, Megamind takes the weapon, but Tighten throws him up into the sky before turning his rage towards Roxanne, hoping to finish her off. However, Megamind appears in front of Tighten after temporarily dehydrating himself to land himself into the water fountain where Roxanne is standing. After re-hydrating instantly, Megamind uses the defuser gun to remove all of the unearned powers from Tighten, rendering him powerless and reverting him back to Hal for good. Having reveled in his real victory, Megamind saves Minion by throwing him into the water fountain, since he knows that fish need water to survive.

In the end after Hal's defeat, Megamind gets his Brainbots to repair all the damage he and Hal has done to Metro City, and he is praised as the new hero by everyone (including a disguised Metro Man). As for Hal, he is imprisoned in Megamind's old cell, serving a life sentence as punishment for his crimes against Metro City. He is seen Dancing in Megamind's old cell at the end of the movie back to his old self.

Me: So he got his powers back through a dark orb and is back to get

revenge.

Nico: We have to stop this guy!

Me: And we will.

Metro Man (smiles): You know what? Maybe I can help protect the city one last time. Alongside you guys, of course.

Me: It would be an honor.

Metro Man put on his superhero uniform one last time.

Me: Lets get this clod.

Metro Man: You got it J.D.

We shook hands.

Michelle: That's our heroes and our daddy.

Me: You're more than welcome to join us girls.

Michelle: Really?

Me: Sure. We're more than willing to give you all a shot.

Sierra: Oh it's an honor!

Me: Lets waste this dirtbag!

We went out into the city.

---

Tighten was causing all kinds of mayhem all over the city. He was destroying cars and buildings like there was no tomorrow. Then suddenly he was punched in the face with devastating force and he crashed into a building and it crashed onto him.

He got out of the rubble and saw us.

Tighten: Team Loud Phoenix Storm! Metro Man! Megamind! Now I can get my revenge!

Me: You will pay for all the crimes you've done Tighten.

Megamind: You got what was coming to you Hal. Metro Man is a better hero than you!

Tighten: I hate you Megamind!

Megamind flew at him and he had a dark blue aura flare up and he punched Tighten in the face with devastating force and he crashed into a car and it exploded and he had a nasty black eye.

Megamind: Wow! Did I suddenly get stronger?

Me: You got a boost of power from his hatred Megamind. When you are with us we have the ability to get stronger from hatred. We absorb Negative Energy and convert it into positive energy and it makes us more powerful.

Megamind: I guess that's why I can punch harder now.

Me: Yep.

Michelle: That is awesome!

Megamind: I like it.

Tighten got up and looked at us with incredible rage.

Tighten (to Megamind): Do you know how much I hate you, Megamind?

Megamind (smirks as his aura flares up): No. But do remind me.

Tighten: I had all the power in the world. But you had to go and take it all away! But now that I have it back, I'm gonna make sure it stays that way. Starting with killing you!

Metro Man looked at him with a glare.

Tighten (to Metro Man): That look doesn't scare me anymore, you phony! Haven't you heard the news? Metro Man's gone!

Me: Enough you fucking FREAK!

I went Super Ebonwu 30,000 Phoenix Angel and we some of us transformed.

Tighten: I'm not alone this time!

Tighten summoned numerous Soldier Heartless.

Me: Now it's on!

We went at the Soldier Heartless and slashed them all apart and we got a massive power boost from each one we killed.

Nico punched Tighten in the mouth and knocked out some of his teeth.

Edzilla (grabs Tighten by the cape): ED SMASH SUPERMAN RIPOFF!

Tighten: Hey! I am not like Superman! (Edzilla slams him into the ground)

Tighten got up.

Tighten (grabs Shockwave by the throat): When you see your pal Megatron in Hell, tell him that the rest of his former lackies will be joining him soon!

Shockwave punched him off.

Shockwave: You can tell him that youself!

Nico: Hal Stewart, you have failed this city!

Tighten: You think I care?!

Nico: You should. You know, you can play the cold blooded villain all you like. But deep down, you're just a sad little man who takes his problems out on others. You're not even worth killing after we defeat you! You are just a worthless little fucked up nerd with a major drinking problem and can't even get himself a girlfriend! No wonder

Roxanne dumped you. You little freak!

WHOA! THAT IS A LOW BLOW!

Then Tighten screamed in so much rage and ballistic fury that it was unbelievable!

We killed all the Soldier Heartless.

Me: That's that for the Soldier Heartless.

?: But that's not the worst of your problems.

We then saw another Heartless and it was someone that we recognized!

The Heartless that appeared was fat and smelled like rotten limburger cheese with zombies like features. Ironhide recognized the Heartless.

Ironhide (shocked): Stinky Pete?!

Stinkstorm Golddigger: Ironhide. Shame that Woody isn't here. But I'll gladly kill you instead for killing me!

Buzz: You make me sick Stinky Pete! And this smell is perfect for your personality!

Me: Yeah! But you look like someone put a balloon that was filled with raw sewage down your throat and shoved you into a vat of rotten Limburger Cheese and left you there for 50 years!

Lincoln was gagging at the smell Stinkstorm Golddigger was giving off and Lola was hurling her guts out.

Stinkstorm Golddigger lunged at Ironhide.

Stinkstrom Golddigger (pins Ironhide down with his pickaxe): Not so tough without your cannons, are you?

Ironhide: I don't need them to take you out!

Ironhide kicked him and sent him crashing into a building.

Me: Combo time!

Outback: You got it J.D.

Wasp: Lets get him!

Wasp flew into Outback's gun and Outback fired her.

Outback and Wasp: WASP CANNON SWARMDEATH!

Barricade (2007) Our turn!

Barricade fired his lasers and Maria fired a blast of water.

Barricade (2007) and Maria: MAELSTROM LASERCYCLONE DEATHSAW!

The techniques combined and slashed apart the Stinkstorm Golddigger to pieces and killed him.

Buzz: Never torment us again Stinky Pete!

Nicole: And he won't ever again Buzz.

Nicole sent the spirit of Stinky Pete into the River of Fire. He will never return.

Nicole: Burn in eternal Hell you defective toy.

---

Back in the fight with Nico and Tighten, Tighten roared in so much rage and ballistic fury that it was completely unbelievable! Tighten flew at him and Nico punched him in the face and fired a powerful blast of fire and burned him. Michelle, Sierra and Tiffany flew at Tighten and punched him with devastating force and kicked him in the face. Nico punched him in the face again and fired a blast of energy and it exploded in his face.

KRABOOOMMM!

Me: Final Smash time!

Megamind: Oh this is gonna be awesome! MINDSTORM DEATHRAY!

Megamind fired a blue laser blast from his huge head and it hit Tighten and exploded in his face.

KRABOOOM!

Me: Awesome!

Then we got a surprising shock when we saw Darcy fly up to Tighten and she punched him square in the face with incredible force! Knocking out all his teeth! Tighten then fired a laser vision blast that hit her in the right arm and she went at him and kicked him square in the crotch!

Superman: My turn! GRAND LASER BLAST!

Superman fired a massive laser vision blast and it hit him in the eyes and burned them and permanently blinded him.

Metro Man punched him.

Metro Man: Ready for our grand finale final smash kids?

Michelle: You know it daddy!

Sierra: This is gonna be awesome!

Tiffany: Let us at him!

Metro Man: Lets get him!

Michelle fired a red laser from her hand.

Sierra fired a green laser blast and Tiffany fired a blue laser and they focused all three blasts into a superlaser blast and Metro Man fired a white laser.

Metro Man, Michelle, Sierra and Tiffany: PRISMATIC SUPERLASER SHOT!

The lasers converged, focused and fired at Tighten and they hit him and exploded with incredible power.

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Tighten was defeated. The Dark Orb that was inside Tighten shattered and was destroyed and we got a major power boost.

We landed.

Lisa saw Darcy and she then got a surprising shock when she saw her arm. She saw that there were wires and chips in it and they were repairing themselves!

Lisa: (Gasp) Sweet mother of all things in science!

Me: What is it Lisa?

We saw the robot parts in Darcy and we were amazed.

Me: Oh my gosh. Darcy you're a cyborg.

Darcy: Yes I am.

My computer eyes turned on and it showed that Darcy was a full fledged cyborg and her bones were now a metallic endoskeleton and her organs were all fully artificial. (Think of Bicentennial Mans Artificial Organs) She was essentially immortal. This kind of technology was 100 years more advanced than anything we were familiar with in the fields of robotics.

Me: Wow. Darcy how did this happen to you?

Darcy: 6 months ago I was in a nasty car accident and I was badly hurt. I was made a cyborg as a result.

Me: That's amazing.

Nico: Darcy this is so amazing for you.

Lisa: It is. And you have all kinds of amazing abilities because of it.

Darcy: You're not afraid?

Lisa: Negative Darcy. You are still and always will be my best friend regardless.

Me: That's right and we have a cyborg Lincoln that is on our team.

Vince: You have been given a great gift. And with great power comes a great responsibility.

Me: That's right partner.

Darcy: Thanks guys.

We went up to Hal and he was now stripped of his powers. With us was Roxanne. They looked at him with extreme hatred. Then…

CRUNCH!

Nico and Roxanne kick him right where the sun doesn't shine with devastating force and it had a sickening crunch. We winced when we heard that.

Hal: (Squeaking) Mommy.

Me: Oooh! That must've hurt!

Roxanne (Megamind): You are the worst monster ever! WE ARE FINISHED YOU ASSHOLE!

We cheered for her.

Me: Well said.

Then Michelle, Sierra and Tiffany jumped onto his crotch and slammed into it with devastating force and completely crushed his manhood with an extremely sickening crunch!

**CRUNCH!**

Me: (Winces) OOOH!

Nico: (Winces) OUCH!

Lincoln: (Winces) THAT MUST'VE REALLY HURT!

Michelle: You make me sick you freak!

Sierra: No one hurts our city and gets away with it.

Tiffany: YEAH!

Megamind: That's telling him. (To the Viewers) They sure have spunk. And it goes to show you that teamwork can overcome many obstacles.

Me: Yep.

I gave Nico two Pokeballs with a Yanma and a Quagsire in them.

Me: Metro Man it was such an honor to have you fight alongside us.

Metro Man: You too J.D. It was such an honor to work with you.

We shook hands and Tiffany, Sierra, Michelle and Darcy were made honorary members of Team Loud Phoenix Storm. Hal Stewart was condemned to the Neptune Prison for all eternity.

THE END

---

Another Fanfiction Complete.

Megamind was an awesome movie from 2010 and Will Ferrell, Tiny Fay, Jonah Hill, David Cross and Brad Pitt did a great job and it's too bad that this movie was so underrated. But this movie was awesome! NicoChan11 gave me the ideas for this one. Thanks man as usual. Let me know what you all think.

See you all next time.

Megamind belongs to DreamWorks Animation, Paramount Pictures and Tom McGrath.

# Racing Hearts

Note: This takes place before Sam Strikes Back

---

[It starts at the Knudson-Loud-Anderson estate. Lori knocks on the bathroom door.]

**Lori:** "Come on, Leni, hurry up. Other people live in this house too, you know."

[Leni appears on the stairs.]

**Leni:** "But Lori, Mom said no running on the stairs."

**Lori:** "Oh. Sorry, Leni. I didn't real… Wait. If you're not hogging the bathroom, who is?"

[The door opens and reveals Luna, with her robe and a face mask.]

**Luna:** "It's me, dude."

**Lori:** "Luna? Are you… primping?"

Me, Varie and Laney appear.

Me: What you getting ready for Luna?

**Luna:** "I'm just getting ready for the Royal Woods Astonishing Quest. Sam's my partner, s-so I want to look good."

**Lori:** "Sam? Shut up."

**Leni:** "Tell us everything."

[Lori and Leni enter the bathroom.]

Me, Varie and Laney follow.

**Lori:** "This is your first date, isn't it? You must be so nervous."

**Luna:** "Nah, just stoked. I know Sam and I are gonna be perfect for each other."

**Lori and Leni:** [Smiling] "Eee!"

[Lynn appears]

Varie: What's the Astonishing Quest?

Me: You team up with a partner to find clues and the first one to finish gets a trophy. It's like a city-wide scavenger hunt.

**Varie:** Oh that is cool!

Laney: It sure is. Joey is my partner.

**Lynn:** "Excuse me, guys. Mind wrapping this up? I got some calluses to scrape off."

**Lori:** "It's all yours, Lynn. We gotta head to the Quest anyway."

**Leni:** "Sorry you're banned this year."

**Lori:** "Though, to be fair, you were a tiny bit, um…" [Clears throat] "aggressive last time."

[Flashback to the previous year's Astonishing Quest.]

**Lynn:** "Whoo!" [Tackling people out of her way.] "Move it, slowpokes!" [Gloating her victory in front of other participants.] "Kiss my first place heinie, losers! Whoo!"

[End flashback]

**Lynn:** "I don't know what you're talking about. But anyway, I moved on. Now, whose file can I borrow?"

[Laney, Varie, Luna, Lori, and Leni squirm backwards in disgust.]

---

[At the quest, everyone is getting together with their partner, Luna looks around and sees Sam sitting at the fountain.]

**Luna:** "Hey, Sam."

**Sam:** "Hi, Luna."

[Sam gets up, and offers a hug, but Luna offers a high five.]

**Luna:** [In union] "Up high."

**Sam:** [In union] "Bring it in."

**Luna and Sam:** [Realizing] "Oops," [Luna offers a hug and Sam offers a high five.] "Let's try that." [They realize that they're doing it again, and get a little frustrated, but they laugh it off.]

**Luna:** "I'm not sure what we're supposed to do here."

**Sam:** [Offers a handshake] "Mm, put her there, partner."

[They shake hands and laugh.]

Me: Hey Sam.

Sam: Hey J.D. Hi Varie.

Varie: Are you excited for the Astonishing Quest?

Sam: I sure am.

**Mayor Davis:** "Hello, everyone. As mayor of Royal Woods, it is my pleasure to welcome all of you to this year's ASTONISHING QUEST!"

[Everyone cheers. Lincoln and Clyde fist bump, Scoots and Helen snap and point at each other, Albert and Myrtle high-five, and Lori, Leni, Rita, and Lynn Sr. glare at each other. All the while, Luna and Sam are excited.]

**Me:** This is gonna be so awesome!

Varie: It sure is.

Laney: I can't wait to have fun.

Joey: (British Accent) Me too Laney.

**Mayor Davis:** [Plays a gong sound effect.] "Got this from my kids for Christmas." [Plays a lazer sound effect.] "I like that one. So, here's how the quest works: [Luna and Sam are given a letter.] teams will get clues that lead them to locations where they have to complete challenges. The team that finishes the last challenge first will win, the key to the city!" [Pans to the city's key. Mayor Davis covers it with a blanket.] "Nah, just kidding. You get this trophy. [Picks up a tiny trophy with the words "YOU DID IT!" engraved into the center.] It's cute. Any questions?"

**Scoots:** "Uh, yeah, you want to save time and hand the trophy to Helen and me now?"

**Helen:** [She and Scoots high five.] "Ooh, sick burn."

[They laugh triumphantly.]

**Mayor Davis:** "Good one, Scoots." [Plays a rimshot] "Okay, teams, you have the first clue. On your marks, get set… [Accidentally plays a fart sound effect.] Whoops, that's not it." [Plays the right one, which is an air horn.] "Go!"

**Sam:** [Pulls out the first clue] "Your first challenge will be easy to master, if you're handy with a blaster."

**Luna:** "Dude, it's 'Lazer Maze'."

**Scoots:** "Thanks for the tip, doll." [She and Helen ride away.]

Me: Come on guys. We can show that scooter-riding maniac who's boss!

Varie: Yeah!

---

[Later, Me, Varie, Laney, Joey, Sam and Luna enter Lazer Maze, where it's pitch black.]

**Lazer Maze Employee:** "Welcome to Lazer Quest, my dudes, you need five hundred points to get the next clue." [Turns the lights in the room on.] "You can grab your gear inside, go forth, questers."

Me: This is gonna be good!

[Luna runs in with Sam behind her. In the arena, Luna scopes around and ducks in cover, Sam follows after her, unsure of what to do.]

**Luna:** "Okay, Lisa and Darcy are on the left, Scoots and Helen are trying to flank us on the right, let's move." [Fires her lasers, zapping Lisa and Darcy.]

**Lisa:** "Oh, dang it, told you not to wear white, Darcy."

**Luna:** "Yes! A hundred points, we only need four hundred more."

**Scoots:** "Ambush!"

[She and Helen come out of nowhere, blasting confidently, Luna takes cover.]

**Luna:** "Sam! Cover me!"

[Luna fires back at Scoots and Helen, Sam tries to work her blaster, but she fiddles around with it before dropping it. It fires and I held up a mirror in front of it and it reflects it and hits Scoots and Helen.]

Me: Nice try you maniacs!

Varie: That was really clever.

**Laney:** It sure was.

Joey: Good show.

[We eventually get our five hundred points and leave the arena.]

**Lazer Maze Employee:** "Well done sharp shooters, took you a little while, but here's your next clue." [Hands them an envelope] "Pew! Pew! [Walks off]

**Sam:** "Uh, sorry about that Luna, laser tag just isn't my thing."

**Luna:** "That's okay, I get into it, but I know it's not everyone's jam, anyway," [takes the clue out of the envelope.] "we still got the next clue; How, now, brown cow, don't take a lickin', you'll win this round, unless you're chicken."

**Sam:** "Hmm, cow, chicken, oh, that's easy."

Me: It's Liam's farm.

Sam: That's right.

---

[Later, we arrive at Liam's family's farm, Liam is waiting at his 'Astonishing Quest' booth, when we run up.]

**Liam:** "Ooh, uh, howdy, welcome to my family's farm, your challenge is to collect a dozen eggs from yonder hen house," [hands them a basket, and they run in.] "Ooh, you city folk might wanna breathe through your mouths."

Me: Don't worry I got this.

I pull out some noseplugs and we put them on our noses.

[In the hen house.]

**Sam:** "Bawk, bawk, bawk-bawk, ba-gawk, bawk. [The chickens come up to her.] "Ooh, aren't they cute?"

**Me:** (Nasally) They sure are Sam.

Laney: I think all chickens are cute.

Joey: Indeed.

**Luna:** [Seeing how pointy their beaks are, shudders.] "I don't know, brah, those beaks look pretty sharp."

**Sam:** [With a full basket] "All done, one dozen eggs."

[Sam points to Luna and clicks her tongue. Just then, the chickens surround Luna and start pecking around her feet.]

**Luna:** [Panicking] "Shoo, dudes! Aah!"

[Luna freaks out and knocks Sam over, splattering their eggs all over themselves. Eventually, they get another dozen eggs.]

**Liam:** "Here's your next clue."

**Luna:** [As Sam takes out the clue.] "Sorry I messed that up, farms aren't really my thing."

**Sam:** "That's okay, I mean, I love them, but, I get they're not for everybody."

**Luna:** "We'll just avoid any dates that involve lasers and livestock."

[They laugh awkwardly.]

**Sam:** "So, here's our next clue; Feeling restless? In a rut? Come over here, and shake your butt."

**Luna:** "Ooh, I know that one."

Me: It's the Werk It Dance Studio.

---

[Later, Sam, Luna, and some of the other teams are at the 'Werk it Dance Studio', Luna is excited, but Sam is uncertain.]

**Dance Instructor:** "Okay, questers, who's ready to get their cardio on, eh? Just follow the dance moves to get the next clue."

**Me:** You got it.

**Luna:** [Throwing the goats] "Whoop! Whoop!"

[Sam is nervous.]

**Dance Instructor:** "Alright! Five, six, seven, ocho!"

[He turns the music on and starts shaking it, everyone else does the same, except Sam who is having trouble, and accidentally falls on Scoots' lap.]

**Scoots:** [Not very pleased about this.] "Shove off, missy, this seat's taken."

[Scoots throws Sam off, and she lands on the other teams. After the dance, the other teams continue on the quest, while Sam and Luna talk outside the studio.]

**Sam:** "Sorry, dancing's not really my thing."

**Luna:** "As in, all dancing, like, even at, concerts?" [Sam shrugs] "Cool, I get that." [Awkward silence, and Luna pulls out the next clue.] "Here's our next clue; Your muscles ache, but don't you stop, your challenge is to reach the top. Huh."

**Sam:** "Ooh, ooh, ooh, I know this one."

Varie: It's a rock climbing wall.

---

[Later, they are at the park's rock climbing wall.]

**Rock Climbing Instructor:** "Alright, just reach the top to get the next clue."

**Sam:** [Almost at the top] "Almost there, how you doin' Lunes?"

**Luna:** [Dangling from her rope] "It's not really my thing."

[Sam isn't surprised by this, she grabs the clue and they head down.]

---

[Later, Luna is sitting on a bench next to a row of port-o-potties, depressed. Leni walks up to her.]

**Leni:** "Hey Luna, look at this cute backpack Lori gave me for the quest." [Leni shows Luna the backpack, which is actually a leash, handled by Lori, who walks up to them, and motions for Luna not to tell.] "Where's Sam?"

**Luna:** "Bathroom."

**Lori:** "So, how's it going?"

**Luna:** "Not good dude, I thought Sam and I were gonna have everything in common, but it turns out we have like, nadda.

**Leni:** "Oh, well, at least you have nadda."

**Lori:** "Leni, nadda means nothing. Okay, don't panic, this is totally normal with new couples, it even happened with Bobby and me."

**Luna:** "Really? So how'd you deal."

**Lori:** "I embraced the things Bobby liked, and he embraced the things I liked; just be open to the stuff Sam's into, and you might actually enjoy it."

Me: That's right Luna. This is totally natural in things like this. Me and Varie are cool with this.

Varie: That's right Luna. I like all the things J.D. likes.

Me: And I like all the things Varie likes.

Lori: [Luna likes the idea, suddenly Lori realizes something.] "Oh no, Leni got off her leash! Leni!" [Runs off] "Here, Leni!"

---

[Later, Sam and Luna are walking down the streets, Luna reading the next clue.]

**Luna:** "Okay, next clue; Mail that burger, back to sender, try something healthy, from our blender."

**Sam:** "Oh, the organic juice store." [Runs off]

**Me:** Mmm. I love juice.

**Luna:** [Unsure] "Awesome."

[Later, at the store.]

**Juice Store Clerk:** "Namaste, fellow quester, your challenge is to identify as many ingredients as you can, in our new 'Earth Warrior' juice."

**Sam:** "Mmm, hope it's as good as your spinach spritzer. Eh?"

**Luna:** [Pretending to like organic juice.] "Yeah, mmm, let me get in on this."

[She and Sam smile at each other, the clerk hands them the juice and they both drink.]

**Sam:** "Okay, I'm tasting; kale, wheat grass, dandelions, nutritional yeast and-

[Right at that moment, Luna spits her juice out, and all over Sam.]

**Luna:** "Fish oil." [Smiles]

Me: Mmm. (Slurps) Tasty stuff.

Varie: It sure is good.

---

[Later, they are at Tall Timbers Park, in a sailboat.]

**Sam:** [Reading the clue that led them here.] "Tie the knot and cast away, the wind's at your back so don't delay. Yes! I love sailing."

**Luna:** [Nervous about this] "Totally, I mean, you know, who doesn't."

[Luna tries to get on board, but her right foot gets stuck in the mud, and her left foot makes it into the boat, which starts drifting away, putting Luna in a very uncomfortable situation.]

**Sam:** [Offers Luna a hand] "Here, here, let me help you." [Pulls Luna on board. Sam handles the tie rod, while Luna just keeps low, nervous.] "All we gotta do is make it across the pond, Luna, hoist the main sail."

**Luna:** [Not knowing what that means] "Um, yeah, uh, the main sail."

**Sam:** [Confused] "Right by the boom." [Luna still has no clue.] "That pole."

**Luna:** "Right, the pole." [Luna works on the knot, but she lets the rope go and the sail starts spinning freely, the girls duck the first round, but on the second round Luna finds herself hanging from the boom, and lands on Sam, the sail then starts spinning faster and the whole boat launches them into the pond, they get out at the end of the pond, not saying anything, and Luna sees the clue.] "Well, we got the clue." [Sees Sam's lack of enthusiasm about this] "I'm sorry about that Sam, you know, sailing's just-"

**Sam:** [Having heard this before.] "Not really your thing?" [Luna nods] "Then why didn't you just tell me that?"

**Luna:** "I just wanted us to have something in common," [sighs] "haven't you noticed? We've kind of got nothing."

**Sam:** [Understanding] "Yeah, I noticed, that's such a bummer cause, I kind of thought we were perfect for each other."

**Luna:** "Me too."

**Sam:** "Well, what do you think? Should we call it quits?"

**Luna:** "Well, we've come this far, we, we might as well finish the quest anyway, you know, as friends."

**Sam:** [Heartbroken] "Right, friends."

[They're both heartbroken by this.]

Me: Oh I'm sorry girls.

Varie: Me too.

Laney: Same here.

**Luna:** "Well, I guess I should, read the last clue; One last challenge, and then you can gloat, this Astonishing Quest, ends on a sweet note."

---

[Later, they enter 'Larry Berry Bakery', still bummed out, and see the other teams.]

**Mayor Davis:** "You made it, guys, congratulations, let me show you to your station. [Escorts them to a table] "Your last challenge is to bake an apple pie, good luck." [Plays a lazer sound effect on her keyboard.]

**Luna and Sam:** [Seeing the situation they're in.] "Ooh, baking's not really my thing."

[Luna gasps, and they smile at each other, realizing they finally have something in common.]

**Luna:** [Reading the recipe] "Okay, two sticks of butter." [They both reach for the butter, Luna grabs both sticks and Sam's hand lands on hers, they look at each other, blushing, Sam pulls away and awkwardly smiles, Luna puts the butter in the bowl and awkwardly smiles back.] "One cup flour." [Sam puts the flour in] "Two cups of lard." [Luna puts the lard in.] "And, uh, maybe we should mix it up now."

[Sam grabs the bowl, puts it under the mixer, and turns it on hi. It starts mixing, but since they're not holding the bowl, it starts spinning with the mixer, and the dough splatters all over Sam. The girls look at themselves, and Luna, seeing that she's still clean, starts laughing, Sam looks at Luna unamused, but then grows a devilish grin, which turns into a sinister look, she grabs Luna and gives her a big ol' hug, and they start laughing together, so much that they fall over, and continue laughing on the floor, once they stop laughing they look at each other, Sam smiles at Luna, and Luna smiles back. Suddenly, and air horn sound goes off.]

**Mayor Davis:** "Spatulas down, folks, we have our quest winners. [Plays a drumroll sound effect.] "J.D. & Varie were the first to finish the final challenge and bonus: their pie is delish. [Hands the trophy to them.] Congrats, you two."

**Me:** Thank you so much Madam Mayor.

Mayor: You're welcome J.D. Great job you two.

Varie: Thank you.

Laney: Congratulations guys.

Joey: Indeed.

Me: Thanks Laney.

**Luna:** "Well, we didn't win, but I had a lot of fun today. I think I was wrong before, I know we don't have a lot in common, but maybe we can discover new things we both like, you know, like, together."

**Sam:** [smiles] "I'd really like that. And, uh, next time, I'll try not to hit you with any lazers."

**Luna:** "I'll try not to spit any juice on you."

[They both laugh, and then hug. Luna then looks at her two oldest sisters, Lori, giving a thumbs-up, and Leni is in awe. Luna smiles and gives them a thumbs-up back.]

**Leni:** [Hears a dog barking] "Ooh, cute dog." [Walks towards it] "Is it a corgi?"

[Lori pulls Leni back on the leash and Scoots and Helen speed across them.]

**Helen:** [Hops off the scooter and throws the pie onto the ground in rage.] "That trophy should've been ours!" [She growls, until her mask falls off, revealing her to actually be Lynn, who realizes that she's been exposed.]

Lynn: Uh oh.

**Mayor Davis:** "Lynn Loud?! I thought I banned you!" [Plays a siren sound effect.]

**Lynn:** "Uh oh, floor it, Scoots!"

[Scoots speeds across Lynn, who hops back on, and they escape.]

**Mayor Davis:** [Chases after them] "Get back here you freeloader!"

[Luna and Sam laugh at this. They then look at each other and smile.]

Me: Boy, some people will just never learn.

Varie: No they won't.

Laney: But they have to learn the hard way.

Sailor Venus: (To The Viewers) Never attend a competition if you are a gloater.

THE END

Another Fanfiction Complete

Racing Hearts was an adorable episode that aired last month. It was so cute. Let me know what you all think.

See you all next time.

# The Funny Minions of Gru

In an unknown location, something evil was about to go down.

El Macho: Tell us why you broke me and Bratt out, Vector.

Vector: Well, I have the brains, you have the brawn, and Bratt over here has skill.

Bratt: Thanks for the compliment.

Vector: But we all want the same thing.

Bratt: World Domination?

Vector: That, and we also want Gru dead!

El Macho: So how do we kill him this time?

Vector: Don't worry. I've got a plan in motion.

---

In the Estate of Team Loud Phoenix Storm we were talking about Stinky Pete and Lotso.

Woody (to Ironhide): You actually fought Stinky Pete's Heartless?!

Ironhide: Yep. I didn't have my cannons that time but I still managed to beat him up.

Eddy: Did you guys know that some people are wondering about what happened to Lotso and Stinky Pete after the Toy Story movies?

Buzz: Not until now. Why?

Eddy (laughs): Now they'll know what really happened to them!

Me: And they will now. I posted these videos of our battles with them on the internet on our blog web site.

Eddy: Hey that's great J.D.

Buzz: Now everyone is gonna know about them.

Me: Yep. And look at this.

I point to how many followers we have.

Me: 175,000,000 followers and counting. That's more than half of the population of the United States of America.

I showed everyone our blog and it was an amazing blog.

Eddy: That's a great blog.

Me: Yep. It's my brainchild.

---

In Peach Creek in Atlanta, Georgia we were in the cul-de-sac. The reason we were there is because Eddy wanted to show us his brother Tyrone's room. We were at Eddy's old house and we went into his brothers old room.

Sarah: So this is your brother's room?

Eddy: Yep. Until today, you and Jimmy were the only cul-de-sac kids who haven't been in it.

Me: Your brother sure has a lot of neat stuff.

Lana: I'll say.

Lola saw the window bricked up.

Lola: Why is this window all bricked up?

Eddy: My brother had a talent in laying bricks.

Me: He sure did a great job. But no one can see out this window.

I punch the brick wall and shattered it into powder.

The sunlight shined in and we saw that the window had a view of the trailer park.

Me: Wow. You can see the trailer park from here.

Marie K.L.: That is too coincidental.

Lincoln: It sure is.

Jimmy: Those Kanker's were mean bullies. No offense Marie.

Marie K.L.: None taken Jimmy.

Me: Eddy from what I remember there was a car your brother had in here right?

Eddy: Yep. It was right here.

We saw a spot where tires from a car once stood.

Eddy: This is where the car was.

Edd: Eddy said that his brother kept a vehicle in his brothers bedroom to keep his snake in the trunk.

Ed: Yep. It was cool.

Laney: Hey guys look at this. This heat vent is all blocked up with bricks.

Me: That's a potential fire hazard.

Lincoln: That is really dangerous. I got this.

But just as Lincoln was about to pull the bricks out, a huge black safe dropped onto him and I caught it.

Me: Whoa! That was a close one.

Lincoln: Thanks J.D.

Luan: That sure wasn't a Safe bet. (Laughs) Get it?

Me: (Laughs) That was a good one Luan!

Eddy: (Laughs) That was funny. I forgot to tell you that my brother had a talent in setting up booby traps.

Me: He sure has quite a talent. Boy this thing is heavy.

I put the safe on the floor.

Luan: Your brother may have been a jerk but he had an amazing room.

Me: Yeah. One second.

I took out a stethoscope and pressed it against the safe and turned the vault dial. I got it open and opened the safe and in it was numerous rolls of gold coins.

Me: Wow! Eddy this safe is loaded with gold coins!

Eddy saw the gold coins and I picked up a coin and looked at it.

Me: Wow! These are 1854 $20.00 Liberty Head gold coins! These are worth over $485,000.00!

Eddy was whooping and hollering in joy. HE WAS FILTHY RICH!

Luan: Eddy you and me are rich!

Eddy: We sure are Luan!

They kissed.

Eddy: Thank you J.D. You made us so happy.

Me: Actually it was Lincoln that accidentally made you rich. He triggered the safe that contained the gold to fall and I caught it.

Luan: He sure did. Thanks Link.

Lincoln: You're welcome Luan.

Linka: That's a lot of money for you both.

Edd: Indeed it is Linka. Talk about a lucky find.

Me: It sure was Double D. Eddy you told me that your brother did a prank on you with a treasure map.

Eddy: Yeah. His map lead to a suitcase full of wishbones underneath the Kanker's trailer.

Me: Wishbones? Yuck.

Marie K.L.: Yeah. May had a terrible habit of collecting gross things and she collected a lot of wishbones and put them in a suitcase.

Edd: Which was really disturbing.

Ed: That is weird huh Double D?

Edd: Yep.

Me: I wonder where Tyrone found all this.

Lincoln: Who knows.

We got the coins cashed in and they were worth over $800,000,000,000,000,000.00. Eddy and Luan now live in a mansion next door to the estate.

---

Back at the estate we were watching TV and I gave Homer a plate of donuts.

Me: Hey Mr. Simpson can I ask you a question?

Homer: What is it?

Me: Bart said that you hated your father because he was not only a crazy old codger but also a mean son of a bitch to your mom. How come?

Homer: Yeah my dad calls me the biggest mistake of all. (Sniffles)

He hated me more than life itself. (Crying) He's the reason why my mother died!

Me: Oh man.

Laney: Mr. Simpson, I'm so sorry.

Lola: That man is a monster!

Lana: I would chew that guys head off!

Lucy: If you ask me Mr. Simpson, putting your father into that nursing home was a mistake. He belonged in a mental hospital.

Nico: Abraham Simpson, you have failed this country and at being a parent and a husband.

May: You said it Nico.

---

In another part of the city, Vector, El Macho and Bratt put their plan into action. They set their sights on three girls. The adopted daughters of Gru from the Despicable Me series Margo, Edith and Agnes.

Vector (to Margo, Edith, and Agnes): Hello, girls!

Margo: Vector?! (he knocks them out with a tranquilizer dart)

El Macho (to Minions): Hello, old friends!

El Macho used his Dark Orb to turn into his purple monster form before grabbing a handful of the Minions.

Lucy Wilde (sees Balthazar Bratt): Balthazar Bratt?!

Bratt: Sup, Lucy? (summons Powerwild Heartless that grab her)

---

Back at the estate we were watching TV and then the alarm went off.

Me: Uh oh.

We got to the computer and we saw the girls kidnapped and the men that did it!

Me: (Gasp) That's Vector, El Macho and Bratt! The main enemies of Gru from Despicable Me!

Lori: I saw those movies and they are literally funny.

Lincoln: They sure are and those minions are funny and silly.

Lola: They sure are.

May: Who are those three that kidnapped them?

Me: They are the worst villains in the series. One is Victor Perkins A.K.A. Vector.

---

When Felonious Gru first encounters Vector at the Bank of Evil, he does not seem like the type of guy who'd be competent enough to steal an ice cream cone, let alone the Great Pyramid of Giza, as his boasts only irritate, and his latest invention - the Piranha Gun - falls flat. Even when the bank manager, Mr. Perkins, confirms it, Gru only reacts with disbelief and plans to steal the moon to mend his broken pride. However, with the right tools, though, Vector proves to be a significant threat to his own plans to steal the moon.

When Gru first steals a shrink ray from an East Asian facility, Vector steals it from him in turn, evades all his efforts to shoot him down, and to add insult to injury, uses the shrink ray to shrink Gru's aircraft, leaving him and his two Minions to putter home in defeat.

When Gru tries to infiltrate his fortress, Vector defeats him several times over, all with the push of a button. However, when he lets Margo, Edith, and Agnes to order cookies from them, he unwittingly inspires Gru to adopt the girls and use them to get the shrink ray back. When they deliver Vector's cookies, Nefario's cookie robots shut down his security, allowing Gru and his Minions to steal it back from under his nose.

Later, after learning from Mr. Perkins (revealed to be his father) that the shrink ray is currently in Gru's custody, Vector tries to hitch a ride on Gru's rocket with his Squid Launcher, only to be thrown off when Gru electrifies its exterior before proceeding to successfully shrink the moon.

Undeterred, Vector sneaks into the girls' dance recital and abducts them, intending to ransom them for the moon. When Gru learns about the kidnapping, he heads over to Vector's fortress and turns over the moon as promised, but Vector reneges on the deal and instead flees in his escape pod while holding the girls hostage after Gru knocks out his pet shark and makes short work of his security. As Gru launches a rescue with the help from Nefario and the Minions in their aircraft (which has grown back to its original size).

Nefario reveals that the shrink ray's effects are temporary and that the object will return to its original size based on its mass, making Gru realize that the moon will grow back to its original size. As such, the moon begins growing, and Vector soon loses control of the ship due to the heavy mass while Gru manages to rescue the girls. As the moon rolls around, it hits the button for a backup propulsion system, launching the ship into space before it explodes, leaving Vector stranded on the surface as the moon returns to its normal size and orbit. Despite being horrified to learn that he is now stuck in the moon's surface forever, Vector (with an elastic space helmet) is last seen dancing to "You Should Be Dancin'", only to be joined by a Minion who floated away from the Earth after drinking some antigravity serum earlier.

According to an AVL document in Despicable Me 3, Vector is still stranded on the moon; at night, if viewed through a telescope, he is visible as an orange dot. It is completely unknown if Vector ever escaped from the moon and make it back to the Earth or stayed there until he died of starvation.

---

Me: The 2nd man, the big one, is Eduardo Perez A.K.A. El Macho.

---

Some 20 years ago, Eduardo terrorized Mexico as the villain "El Macho". He was ruthless, dangerous, and (as the name implies) very macho. One day, El Macho apparently committed suicide (probably to get his enemies off his back) in the most macho way possible: riding a shark, while holding two pineapple grenades and with 250 pounds of dynamite strapped to his chest, into the mouth of an active volcano.

In reality, El Macho had faked his death and gone into hiding. He moved to America, married, had a son named Antonio, and later opened a very successful Mexican restaurant named "Salsa & Salsa".

Eduardo's wife apparently died at some point. As he told Gru, he also suffered from a broken heart and spent many nights trying to drown his sorrows in guacamole which has contributed to his overweight appearance.

20 years later, a secret laboratory near the Arctic Circle is stolen by a mysterious vehicle using a giant magnet. The Anti-Villain League (AVL) recruits the former supervillain, Felonious Gru, now a kind jelly manufacturer, to find out which evil person is about to start using the mutagen PX-41 to produce everlasting and indestructible monsters. Gru and undercover-Anti-Villain League-agent Lucy Wilde (Gru's love interest and partner in the film) must search the Paradise Shopping Mall, where they are given a bakery as their headquarters.

During their first day, Gru and Lucy meet Eduardo. After an introduction and a brief chat, Gru suddenly recognizes El Macho and compares it to Eduardo and thinks that Eduardo is really El Macho, not dead and the mastermind behind all of this. After Eduardo leaves, he tells this to Lucy and they decide to break into his restaurant that night. That night after breaking in, they are spotted by Eduardo's pet chicken El Pollito, who happens to be Eduardo's security guard.

The chicken attacks them but Lucy manages to shake him off Gru and then freezes him with a substance. They break into the cooking place, but they find nothing to compare Eduardo to El Macho nor any evidence that he is the mastermind behind all of this and they escape after nearly being caught by Eduardo. Most of Gru's minions have also been mysteriously disappearing recently because of Eduardo.

The next day, Eduardo meets up again with Gru and his girls, Margo, Edith and Agnes in his restaurant. Margo has also developed a crush on Eduardo's son, Antonio and Eduardo invites the family to his party at his place. At the party, Eduardo again meets up with Gru and asks him why he is looking so sad (Gru is sad because Lucy is moving away to Australia, but he doesn't tell Eduardo that). Eduardo tells him that he once felt a sadness once but stated that "they are survivors" and that "there's much more to us than meets the eye". Eduardo leaves but Gru follows him to his secret lair inside the place.

After following him, he loses sight of Eduardo but when Gru enters the lair, Eduardo (transformed in his El Macho self) appears and Gru realizes that he was right about everything about Eduardo and El Macho tells him that he faked his death, but he is now "making a spectacular return to evil". He then reveals that Gru's elderly assistant Dr. Nefario is now working for him and kidnapping all the Minions that disappeared recently and using the PX-41 mutation formula to turn them into mutated, indestructible, mindless, eating, killing minions with purple fuzzy hair that serve El Macho. El Macho reveals that he has an army of them.

He tells Gru that he will soon unleash them on the world and they will conquer the world while he rules the world. He offers Gru a chance to join him, saying that he has admired his work as a villain for years. But Gru makes his excuses and leaves. He gathers the girls and leaves with them. Margo has also broken up with Antonio because of his interest in another girl, so Gru freezes Antonio with his freeze-ray gun as a result.

After they leave, Lucy has arrived because she has decided to stay with Gru. She enters the party and encounters Eduardo's chicken, El Pollito. El Pollito charges at her but picks up her purse and shows it to Eduardo. Eduardo now knows that Lucy and Gru have both been working for the Anti-Villain League and he holds Lucy hostage. He ties her to a rocket and hides it along with her away in a opening a closing water fountain. Dr. Nefario changes his mind about joining El Macho and sides back with Gru and tells him this after the party is

over.

Dr. Nefario then creates an antidote for the minions to turn them back as they were originally and puts it in the jelly and puts the jelly into all of their guns and when Gru, the doctor, the girls and the rest of the minions travel back to El Macho's lair, they use it to fire it at all of the mutated minions and they are all restored back to normal. Gru confronts El Macho on the top balcony and demands to know where Lucy is. He reveals where she is and the fountain opens and the rockets slowly pops out. El Macho is then holding a remote with one large button on it and reveals that one push of the button would send the rocket straight into the same volcano where El Macho faked his death.

A minion takes the remote away and throws it to the ground (in the process managing not to press the button in the process). El Macho says that they could have ruled the world together, but instead Gru would die and El Macho takes out the last of the PX-41 mutation formula, drank it all, and it turns him into a giant mutated, ogre-like monster. After a short showdown, Gru gains the upper hand and uses Lucy's lipstick taser (which she had given to him earlier) to subdue El Macho.

He is surrounded by the Minions and scoffs "I am not afraid of your jelly guns." Dr. Nefario then finishes El Macho off by replying "Oh, this ain't a jelly gun, sunshine", stunning him by shooting the fart gun at him. It is unknown what happens to him next, but it is probable that he returns to normal and gets arrested by the AVL.

---

Me: And the 3rd man is Belthazar Bratt. Boy we have one of each villain from all 3 movies.

---

During his youth, Balthazar Bratt played a character called Evil Bratt in his own self-titled series Evil Bratt, which revolved around him performing various evil deeds (such as robbing banks, defeating armies, destroying cities, and anything else dastardly). Although the series was beloved worldwide, during the third season, Bratt hit puberty and the series fell from popularity and was cancelled soon after. Bratt, having his reputation and career destroyed by his fall from grace, immediately turned to a life of crime, believing himself to actually be Evil Bratt.

After his turn to villainy, Balthazar Bratt quickly rose to the top of the Anti Villain League's most wanted criminal list and fought with them on various occasions, particularly with Felonious Gru, an ex-supervillain and the AVL's newest member as well as his partner/wife, Lucy Wilde.

Bratt, along with his robotic sidekick Clive (who was also in the television series), robs an ocean liner transporting the world's largest diamond, the Dumont Diamond, using his rapidly inflating bubblegum to turn the ship airborne. Balthazar then gets into a fight with Gru, and, after disarming each other, begin "dance fighting", although Gru seemingly knocks him out. As Gru prepares to turn the diamond back to the authorities, Bratt gets back up, stating that he was only pretending to be knocked out, and blows Gru away using a sonic keytar, publicly humiliating him in the process. Before Bratt can get away, numerous AVL agents swarm the liner, forcing him to escape. As punishment for failing to capture Bratt, both Gru and Lucy are fired from the AVL by the new and overly harsh director Valerie Da Vinci.

After escaping Gru, Bratt poses as an overweight jewel inspector in order to gain access to and retrieve the Dumont Diamond from a museum in Paris. The next day, Balthazar Bratt's diamond heist makes the first page of the news, infuriating Gru. Later, Bratt trains for "the big day" and watches an episode of his television series in which Evil Bratt attacks a city with a giant robot and uses his expanding bubblegum to float the city into space, with Bratt planning on doing the same thing to Hollywood as revenge for them cancelling his show.

In order to get his old job back, Gru plots to steal the Dumont Diamond back from Bratt with the help of his twin brother Dru (who believes them to be stealing it as an act of villainy, not heroism). Making it to Bratt's bedroom, they narrowly avoid waking him up and alerting him before he wakes up himself and continues working on his giant robot. After Dru accidentally alerts Bratt to their presence by nearly choking on his expanding bubblegum, Gru throws the gum at Bratt, sticking him to the wall while they take the diamond and narrowly escape his fortress in a helicopter piloted by Lucy (who had followed them) and they return to Dru's mansion with the diamond.

Once at the mansion, however, Gru and Dru get into an argument over how the former wants to return to the AVL while the latter wants to continue their family's villainy tradition, ending with both disowning each other and Gru storms out.

Meanwhile, Bratt disguises himself as Lucy (tying up and gagging the real Lucy, and stuffing her in a closet), takes the diamond back and kidnaps Margo, Edith and Agnes (along with Agnes' new pet one-horned goat Lucky). Gru is about to leave out the door when he finds Lucy in the closet and she frantically tells him that Bratt took the girls. Gru rushes to Dru who is still sulking from their argument. But learning that his nieces have been snatched by Bratt, Dru immediately drops his anger at his brother and he, Gru and Lucy board his hovercraft and fly to Hollywood to stop Bratt and rescue the girls. On the way there, they nearly collide with the aircraft that the Minions built (to escape from prison), and the Minions decide to follow them.

At Hollywood, Bratt's giant robotic self-replica emerges from the ocean and begins attacking the city, shooting his expanding gum everywhere as several people fearfully panic and run. Edith demands Bratt to release her and her sisters, and Bratt complies by casually placing the girls (and the goat) on the ledge of a building in order to give them a perfect view of the destruction he is causing. After shooting enough of the gum, Bratt uses the robot's diamond-powered laser cannon to begin separating Hollywood from the ground in order to let it drift off.

Gru, Dru and Lucy arrive at Hollywood to see Bratt's robot attacking the city and Dru realizes Bratt's plan due to having watched Evil Bratt. The Minions parachute out of their aircraft and onto the expanding gum and desperately try to pop it, but it is too strong and sturdy. While Lucy rescues the girls, Gru and Dru shoot Bratt's robot with a number of missiles. Unfortunately, they prove to be ineffective and Bratt has his Bratt-Bots-modified Evil Bratt dolls-bring down Gru and Dru's plane, and the two brothers leap out of the aircraft before it crashes and explodes. Dru uses the suction on his spy suit to land on the robot's chest plate (without Bratt noticing), while Gru lands hard on the ground, knocking him unconscious. Seeing the unconscious Gru, Bratt begins firing his laser towards him, but before the beam can reach Gru, Dru destroys the robot's generator, causing it to collapse.

Whilst trying to search the wreckage for his brother, Gru comes face to face with an enraged Bratt, and before he can use his keytar to blow him away, Gru proposes a dance fight and Bratt complies, setting the music to Madonna's "Into the Groove". After a brief dance fight, Gru snatches Bratt's keytar and uses it to both blow him away and humiliate him in a similar fashion to how Bratt had previously done to him earlier, leaving Bratt floating away in his own gum while naked, as AVL helicopters swarm in.

It is unknown what happened to Bratt after that, but it is possible that he either got arrested or that he died if the gum he was floating in could have popped, leaving him to fall to his death.

---

Me: They were all defeated by Gru, his kids and the Minions. Now they want revenge. And the scanners have picked up that they each have a Dark Orb.

Laney: We got to stop them!

Me: And we will. This looks like a job for Team Loud Phoenix Storm. Nico, you, May, Dirt Boss, Sailor Mini-Moon, Pipes, Shadow Man and Star Lord will hold them off and we'll go and rescue the kids and the Minions.

Nico: You got it.

Me: Lets fly!

We went out to the city.

---

In the middle of the city square Vector, El Macho and Bratt were watching as the kids and Minions were tied up. Suddenly the three of them were kicked and sent crashing into 3 cars. They got up and saw us ready to fight.

Nico (to Vector, El Macho, and Bratt): You three have failed this city!

Vector: Just like you failed in protecting Gru's so called family! It was very easy for us to kidnap them!

We cut the kids and minions free.

Me: Are you girls okay?

Margo: Yes we are.

Lucy W.: Yes. Thanks to you J.D.

Me: (To Vector) And it was very easy for us to rescue them and the Minions.

Maria: You three are going to jail.

Nico: But not without a fight.

Vector then got in his suit. It was an awesome super suit.

Lola: What a suit!

Vector: Thanks Lola. You can never beat me in this.

Lola: Come on out, jumpsuit boy! I want to see how smart you are when you're beat up all over the pavement!

Vector (blasts her from behind): Now that wouldn't be too heroic, would it?

Lola jumped up and then she surprised us.

Lola: DECEPTICON CYBER KEY POWER!

Galvatron's Cyber Planet Key went into a device on her left arm and out of it came out Starscream's most powerful blaster.

Lola: This device Lisa made for all of us is amazing! FINAL STRIKE!

Lola fired a massive laser blast that hit Vector and it exploded with incredible power.

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion blew the whole suit to pieces. Vector was down.

But he got up.

Vector: You know what my favorite move is in playing cards?

Lola: No.

Vector: A royal flush! (punches a fire hydrant open and it gets Lola wet) There! I bet you can't use your fire powers when wet!

Lola: Nice try!

Lola fired a blast of fire and it burned him. He screamed in pain as he was burned and Nico tied him up.

Nico: Alright, Vector. You're going to the Moon…

Vector: Not again!

Nico:… Prison! You're going to the Moon Prison! You didn't let me finish.

Vector: Oh. Well, at least I'll get to eat food there.

Me: Lola you did really well!

Nico: I'm inclined to agree. You did really well little sister.

Lola was touched by that comment and she hugged him.

Lola: Thanks big brother.

Maria: You are going down Bratt. Ready Arixam?

Arixam: You know I'm always ready sis.

Maria: All right. AQUAMARIA!

Arixam appeared.

Maria: Lets get him.

Arixam slashed him in the chest with her swords.

Maria: I have a new form just for you Bratt.

Maria then was enveloped in a huge vortex of water and turned into a powerful dragon of pure water. It was in the form of Scourge from Animatron.

Carmen (shocked at seeing Maria's water dragon form): Sis? Are you still in there?

Maria: I still am sis.

Carmen cheered.

Maria: I call this form Scourge Water Dragon.

Bratt: You think I'm scared of an overgrown lizard?

Maria: You should be scared of this one and it has a few extras. ANIMATRON CYBER KEY POWER!

The Cyber Planet Key of Animatron appeared and stuck into her back and she had 2 more heads form.

Bratt (sees Maria's water dragon form): Ugh! I liked your Aquamaria form better. At least that form looked human.

Maria: Dragons are awesome. Three heads are better than one! MAELSTROM DRAGONSTORM BREATHBLAST!

Maria fired a massive blast of water that possessed the strength and power of a massive megatsunami. And it slammed into Bratt and knocked him down.

Arixam: Oh that was so awesome!

Maria: It sure was.

Maria walked up to him as he was down.

Maria: Alright, Bratt! You've been cancelled!

Bratt: I already got cancelled, Rockell!

Maria: I know. I meant that you're going to the Mariana Trench Prison for a long time.

Bratt: Oh poop.

I tied both Vector and Bratt up and got rid of the Dark Orbs and we got a major power boost.

Nico: You are history El Macho!

Then Edith, Margo and Agnes suddenly remembered all the horrible deeds that El Macho did and then when they remembered that they were kidnapped because of him, They snapped!

(Lion King Simba VS Scar Theme plays)

Edith, Margo and Agnes charged at him and roared in ballistic fury. Edith punched El Macho in the face with devastating force and knocked out some of his teeth, Agnes kicked him in his eyes and he screamed in pain, Margo punched him right where the sun doesn't shine and we heard a sickening crunch that made us wince. Edith punched him in the nose and slashed his eyes out with her fingernails, Agnes bit his nose clean off his face in a bloody fashion, Edith bit off his ears and that was brutal, Agnes then rammed him and knocked him down and then she bit his legs and tore a chunk of his leg out! We could not believe what we were seeing! We saw 3 kids around Lucy and Lisa's ages and they were ferociously ripping apart El Macho like he was a well cooked steak being put into a blender! It was an extremely savage and ferocious brawl!

Me: It's all the pain and suffering that these three put them through. All that anger and rage is being let out onto them.

Then Gru arrived. And with him was Dr. Nefario.

Gru: J.D. Knudson. Good to finally meet you!

Me: Gru. You too. Your children were kidnapped by…

Gru: I know. Thank you all for saving them and the Minions.

Me: No problem Gru.

Edith, Margo and Agnes were done and they ran and hugged and cried hard.

Gru: Oh it's all right. You're all safe thanks to Team Loud Phoenix Storm.

May fired her Freeze Ray and froze Vector and Bratt in blocks of ice.

May: You really like that freeze ray, don't you, Gru?

Gru: It's been my favorite weapon since I was a kid.

May: It's similar to my ice gun that Victor Fries gave to me.

Dr. Nefario: You know, if you want, I can give you goggles that can protect your eyes from the glare your ice gun gives off whenever you use it.

May: Thanks Dr. Nefario. But that won't be necessary. My powers protect me from it.

Me: Now lets finish this dirtbag off and put him out of his misery.

Gru: Count me in J.D.

El Macho then got up and he transformed into a furry Purple Monster!

Me: Wow!

El Macho: You've used your last weapon, Gru. Had you just accepted my offer from the start, I would have left your wife and kids alone, but now that you've really pissed me off, I'm gonna finish them off slowly and painfully. Your family and I, we're gonna have a hell of a time

Me: You monster!

Edzilla (punches El Macho in the stomach): ED SMASH PURPLE MAN!

Nico (to El Macho): Everyone else thinks you're still dead. (grins evilly) Who are we to disappoint them?

Leobreaker then appeared and slashed El Macho with his claws.

Me: Leobreaker!

Leobreaker: Glad I arrived J.D.

Me: You sure did. Lets link up and show him the power we have when we work together.

Leobreaker: You got it.

Leobreaker transformed and he turned into a robotic arm and I put my hand into him.

Me: J.D. Knudson, SAVAGE CLAW MODE!

Nico: Oh that is awesome!

Me: You haven't seen anything yet Nico! ANIMATRON CYBER KEY POWER!

The Animatron Cyber Planet Key went into Leobreaker and claws opened and I had awesome wrist claws.

Me: Awesome!

I went at El Macho and slashed him in the chest and disemboweled him.

Leobreaker: Boy that was awesome!

Me: It's the power of Humans and Transformers working together. Lets finish him with our combos and final smashes.

Pipes: You got it. Sailor Mini-Moon?

Sailor Mini-Moon: Right!

Pipes turned into a Semi-Truck and Mini-Moon got on top.

Pipes and Mini-Moon: ROADKILL HEARTSTORM LASER!

Sailor Mini-Moon fired her heart laser from her scepter and it burned El Macho. And then Pipes ran over him.

Dirt Boss: Lets get him Shadow Man! CYBER KEY POWER!

The Velocitron Cyber Planet Key went into Dirt Boss's back and he was lowered into street level.

Shadow Man: Lets get him.

Shadow Man had a huge shuriken star ready.

Dirt Boss and Shadow Man: DARK SHURIKEN ROADKILL!

Shadow Man threw his shuriken and pinned El Macho to the ground and Dirt Boss ran him over.

Dakota: It's time for me to pummel him into pulp. Dakotazoid style!

Dakota turned into her monster form Dakotazoid and pulverized El Macho all over the place with powerful and devastating punches and kicks. She reverted back and Sam caught her.

Star Lord: Final Smash time guys. I'll start. STAR GALAXY BLAST!

Star Lord fired a powerful blast of energy from his blasters and it hit El Macho and exploded.

KRABBOOOOOOOOOOOOOOOOOOOOOMMMMM!

Gru: My turn! FARTBLAST ACID MIST!

Gru fired a powerful blast from his fart blaster and burned him badly.

Me: Now lets finish him with our final smash Nico.

Nico: You got it. I've always wanted to try this. DECEPTICON

CYBER KEY POWER!

The Decepticon Cyber Planet Key went into Nico's Arm Device and Galvatron's Cyber Arm Blades formed on his left arm.

Nico: Awesome cool!

Me: It sure is. Lets go!

We charged at El Macho.

Me and Nico: SAVAGE DECEPTICON DEATHSLASH!

Me and Nico slashed El Macho and then he exploded into a thousand pieces. We got a massive power boost when the Dark Orb shattered and was destroyed.

Me: Burn in Hell El Macho.

We all cheered.

Me: That was awesome!

Gru: You all have amazing teamwork and fighting skill.

Me: That's the power of Team Loud Phoenix Storm and Humans and Transformers working together. Great job all of you!

Nico: Thanks J.D. You were awesome with Leobreaker.

Me: We both were man. Great job.

Nico: Thanks.

El Macho was sealed into the Book of Vile Darkness. This was also the first ever time we utilized the powers of the Transformers in many ways with the Cyber Planet Keys. During the battles Nico caught an Espeon and a Murkrow.

* * *

Back at the estate we were resting and watching TV and reading books.

The Minions were with us.

Carmen (sees the Minions): Aw! These little guys are so cute!

Margo: Dad said that they used to belong to a bad woman named Scarlet Overkill back when he was a kid.

Me: That's what I heard.

Megamind: You know, Gru. You and I have a lot in common.

Gru: If you're talking about the fact that we're former villains who became good people, then yes, we do.

Me: You both sure do have things and common.

Agnes: I liked the adventure where you guys beat up Princess Morbucks!

Eddy: The first time or the second time?

Edith: Agnes likes the second time. That one was more awesome and took place during Christmas!

Me: That was one of our most incredible adventures and we put that spoiled brat back in her place.

Edith: You said it.

Gru: (To the Viewers) The Power of Teamwork is a formidable force. If you work together, you can overcome many obstacles.

Me: You said it Gru.

In the Moon Prison, Vector was having the worst time of his life. He was in the prison infirmary coughing up blood from eating supernova hot cajun food courtesy of Cajun Fox.

Vector: I hate my life.

In the Mariana Trench Prison, Bratt was having the worst time of his life as well.

Bratt: I hate my life.

THE END

---

Another Fanfiction complete.

Despicable Me has been a very popular series ever since it first came out in 2010 and 3 movies have been created in 2010, 2013 and 2017 and a 4th movie is in the works! Steve Carell, Jason Segel, Russell Brand, Kristen Wiig, Miranda Cosgrove, Will Arnett and Julie Andrews all did a great job in those movies. It was awesome! And funny too. NicoChan11 gave me the ideas for this one. Thanks man as usual. Let me know what you all think. Also I got the ideas for humans and transformers working together from Transformers Cybertron. One of my favorite Transformers Series.

See you all next time.

Despicable Me series is owned by Universal Pictures, Pierce Coffin and Chris Renund.

# Stage Plight

Note: This takes place before Space Invader

---

[At Royal Woods High School, Luan goes to her locker, opens it, looks in the mirror inside and sees Eddy getting stuff from his locker, she stares at him with a passionate look.]

Mr. Coconuts: "Hey, who's the dream boat, toots? You're looking at him the way I look at a fresh coat of varnish."

Luan: [Covering his mouth] "Shh. That's Eddy, the boy I've been telling you about. He just moved here from Peach Creek. But it's hopeless. How can I get to know him better if we never spend any time together?"

Mr. Coconuts: "I may be a dummy, but it seems to me if you want to spend some time with him, try talking, not gawking."

Luan: "I know, but the only class we have together is Advanced Mime. I can't exactly talk to him then." [Sees something] "Hold on. What's Eddy doing?"

[Eddy signs a poster on the bulletin board and walks away, Luan and Mr. Coconuts are watching from behind the lockers, Mr. Coconuts takes a looks and gives a 'move out' signal, they go up to the board to see what Benny did.]

Luan: [Intrigued] "Ooh, auditions for the drama club production of Romeo & Juliet." [Signs up] "This is perfect, if Eddy and I both get cast, I'll finally be able to spend time with him."

[Mr. Coconuts chatters his teeth, and winks at Luan.]

Mr. Coconuts: I'm sorry it didn't work out with you and that Benny kid.

Luan: Don't remind me.

---

Luan was in her room crying her eyes out. I heard her crying and came in.

Me: Luan what's wrong?

I go over and sit by her.

Luan: (Crying) Nothing J.D.

Me: Luan come on. You can tell me.

Luan: (Crying) Oh it's Benny.

Me: What happened?

Luan: I caught him being with another girl.

Me: (Gasp) Oh my gosh. I'm sorry Luan.

Luan's siblings came in and they heard us and were concerned.

Me: Luan maybe he wasn't the right kind of boy for you. But there's still plenty of other fish in the sea.

FLASHBACK ENDS

[At the auditions, Ruby is first.]

Ruby: "Like, to be, or like, not to be, that is like, the question."

[Spencer's turn]

Spencer: "To thine own self be-" [checks his arm] "blue! No, wait. True!"

[Eddy's turn]

Eddy: "A rose, by any other name, would smell as sweet."

[Offstage, Luan is blissfully staring at her new crush, and sighing dreamily.]

Mr. Coconuts: [Bringing Luan back to Earth.] "Toots! Put your peepers back in your head. You're on."

Luan: [Realizes] "Whoops."

[She goes for her turn, and tosses Mr. Coconuts onto the director's chair, where he lands on a rather observant position.]

[The next day at school, the results for the play are posted onto the bulletin board, and everyone is trying to see if they made the cut or not. Luan and Mr. Coconuts are seen hiding behind a wall.]

Luan: "Ooh, there's the cast list." [Moans in stress] "What if I didn't make the cut?"

[They all leave and half a second later, Luan and Mr. Coconuts sneak up to the list.]

Luan: [Looks away] "I'm too nervous to look."

Mr. Coconuts: [Looks at the list] "Relax, doll, you're in the play, and so is your fella." [Luan hugs Mr. Coconuts, squealing in excitement.] "Hey, save that drama for the stage."

[At the rehearsal, everyone is chatting, and Luan walks up to Eddy.]

Luan: "Oh, hey Eddy, I didn't know you were in the play."

Eddy: "Hey Luan, yeah," [looking at his scarf] "I'm a Montague."

Luan: "Oh," [points to her hat] "and I'm a Capulet. Guess we're sworn enemies."

Eddy and Luan: [Pointing at each other with dirty looks.] "Ooooooh!"

[They laugh, and smile at each other, when suddenly the lights in the auditorium go down.]

Mrs. Bernardo: [Offscreen] "And now thespians," [nobody knows what is happening.] "here's your drama teacher," [Rex hiccups] "the two time nominee for 'Royal Woods Dinner Theatre's Best Director'," [everyone is looking for where this is coming from, and Parvana points up.] "Mrs. Bernardo!" [Small applause]

Eddy: "Did she just announce herself?"

Luan: "It sure looks that way."

Mrs. Bernardo: "Stop it, you're too kind." [chuckles and claps] "Gather round, children, gather. I am so thrilled to be helming this production of Romeo & Juliet! Now, Capulets, I want you stage left, Montagues, stage right. You'll be rehearsing separately."

Luan: "What? Why? [Looks at Eddy] I mean, uh, is that really necessary?"

Mrs. Bernardo: "Yes! It'll enhance the dramatic tension. Remember, these families hate each other!" [chuckles again]

[Everyone heads over to the assigned group. Eddy shrugs and waves to Luan as he walks to his group, Luan waves back, and is now bummed.]

Luan: [Groans] "This is not gonna work for me."

[Later, everyone is doing vocal warm ups and Luan seems bored.]

Mrs. Bernardo: [Clapping] "Okay everyone, good vocal warm up. Let's take five, and then we'll dive into the text."

Luan: [Comes up to Shannon] "Hey, Shannon, would you mind switching with me? I can't be a Capulet, I'm, uh, allergic to hats, they make my head swell up, and then I, can't get the hat off, it's a vicious cycle."

Shannon: [Gasps] "That sounds awful, of course I'll switch. [But then realizes] "Ooh, wait, I can't be a Capulet if my arch nemesis Amy is." [Points to Amy]

Luan: "Oh, okay, hang on." [Goes to Amy] "Hey, Amy, how'd you like to be a Montague?"

Amy: "A what? Sure, whatev, but only if my boyfriend Rex can be one too. He kind of like, can't be without me."

[Meanwhile, Rex is standing right next to her, looking at Jackie, who winks at him. Amy grabs his arm and pulls him in.]

Luan: "Ooh, okay, one sec." [Leaves while Amy gives Rex a dirty look, and he awkwardly smiles at her. Luan approaches Lyberti.] "Hey Lyberti, you know, you strike me as more of a Capulet, they're so much cooler. How'd you like to switch with Rex?"

Lyberti: "Sure, but only if my BFF Leo can be a Capulet."

Luan: [Not surprised, sighs] "Yup, I'm on it."

[Luan goes back to the Capulet side of the stage, and without saying anything, pushes one of the Capulets to the Montague side, and pushes Shannon to the Capulet side. Everyone switches sides of the stage, and trade hats and scarves.]

Mrs. Bernardo: "Thespians, assemble."

[Luan sighs with relief, and Eddy approaches her.]

Eddy: "Hey Luan," [sees her scarf] "so, you're a Montague now?"

Luan: "Yeah, Leo really really wanted to be a Capulet. So what are you gonna do? Break the kid's heart?"

[The next day]

Mrs. Bernardo: "Welcome to day two of rehearsal, now, we'll start with act one, scene five, better known as, the kiss; Romeo, Juliet, center stage, the rest of you, take five." [Claps]

[Everyone goes to take a seat, Luan goes to get her bag.]

Luan: Come on, Mr. Coconuts, let's grab a seat next to-" [sees something] "Huh?" [Shannon has one of the seats next to Eddy, and Leo and Lyberti are about to take the other one.] "Go, Mr. Coconuts!" [Throws him into the seat. Leo, who just sat down, jumps into Lyberti's arms, and they fall over offscreen. Luan nonchalantly sits next to Eddy.] "Oh, hey Eddy, did you see last night's episode of The Real Mimes of Miami?"

Eddy: "Yeah. I really felt for Magda when she was trying to order a pizza over the phone."

Luan: "Mime life. Am I right?" [Just then, Benny's stomach grumbles, making him blush, and the two of them laugh. Luan pulls a banana out of her bag.] "Here, your stomach might find this apeeling."

Eddy: [laughs] "Thanks, a bunch!"

Luan: [laughs] "Good one."

[Back at the stage, Spencer and Ruby are about to do the scene.]

Mrs. Bernardo: "And… action!" [Goes offstage, moving her arms in a waving motion.]

Ruby: "Like, saints do not, like, move, though grant for, like, prayer's sake."

Spencer: "Then move not-" [Stops and looks at his arm.] "Hang on." [Mrs. Bernardo can't believe this.] "While my prayer's effect I fake. No, wait, that's a 'T', take, not fake."

Mrs. Bernardo: "No, no, no no no no, this is all wrong; I'm just not feeling it." [She then notices how good Eddy and Luan are at making themselves, and each other laugh. Eddy has the banana peel on his head and is doing a monkey face for Luan, who is blushing, and laughs so much she snorts, and covers her mouth in embarrassment, the two continue to laugh, and Mrs. Bernardo gets an idea.] "Ruby, Spencer, this is the hardest part of any director's job, but, I've decided to go another way with my Romeo & Juliet, don't be discouraged, if you keep working your craft-"

Ruby: [Not discouraged at all] "So, like," [holds up the script] I don't have to memorize, like, anymore of this."

[Mrs. Bernardo nods]

Spencer: [Sighs with relief, and pulls up his shirt, revealing smeared ink.] "I sweated off the rest of my lines in gym class."

[He and Ruby leave]

Mrs. Bernardo: "Fear not, thespians, the show will go on. The perfect Romeo & Juliet, have been with us all along," [Jumps off the stage to the pair she has in mind.] "Eddy and Luan!" [They gasp at this] "I've been watching you two, and I know you are going to be wonderful." [Brings them close, almost choking them, and they look at each other, blushing. Mrs. Bernardo pushes them towards centre stage.] "Now, Romeo and Juliet, let's pick up where we left off, the kiss." [Goes offstage, moving her arms in a waving motion.]

Luan: [Realizes something, and gets nervous] "The kiss? Uh, oh, I just remembered, I have a… an orthodontist appointment today, gotta get the old braces tightened, otherwise this'll be Romeo and Drooliet. [Awkwardly laughs as she makes a run for it.]

[At home, Luan is laying in her bed.]

Mr. Coconuts: "Hey, what happened back there, doll? You and the hunk make a great Romeo and Juliet. Isn't that everything you wanted?"

Luan: "Yeah, but, we have to… kiss."

Mr. Coconuts: "So?"

Luan: [Sits up on her bed] "I've never kissed anyone before. I bet everyone else in my class has, including Eddy. What if I'm bad at it, and he thinks I'm lame?"

Mr. Coconuts: "You're overthinking it, doll. You'll be fine. It's just a smooch. There's nothing to it."

Luan: "Maybe you're right, Mr. Coconuts."

Mr. Coconuts: "I know I'm right. You can do this."

[Luan smiles at Mr. Coconuts.]

I came in.

Me: Luan? Are you feeling better now?

Luan: Yeah I'm doing okay. But I'm nervous about Eddy. I want to share my feelings with him but I don't know what to do.

I sit by her on her bed.

Me: Aw you're just nervous Luan. You've got butterflies in your tummy. This is perfectly normal when it comes to these things. You just need to find the right time and that time will come to you.

Luan: Really?

Me: Sure.

[At the next rehearsal, they are trying to practice the kiss again.]

Eddy: "Then move not, while my prayer's effect I take." [Leans in to kiss Luan.]

Luan's Thoughts: "I can't do this."

Luan: "Time out! I need a pee break, I really hit the old OJ hard this morning." [Leaves, and returns later] "Sorry, sorry, I'm ready to go."

[Suddenly, one of the sandbags falls from the rafters, right in front of Shannon, who yelps. Leo looks up and jumps into Lyberti's arms again just before one hits him, and Parvana immediately dodges another one.]

Mrs. Bernardo: "Gadzooks! Which is also the name of my one woman show. Rehearsal's cancelled until I can get the janitor to fix this safety hazard." [Leaves to get the janitor]

Luan: "Aw, shucks. No rehearsal? So, uh," [Awkwardly walks away, while holding a pair of scissors behind her back.] "parting is such sweet sorrow."

[Runs off, almost dropping her scissors, which she places in her bag, much to Mr. Coconuts discomfort.]

Mr. Coconuts: "Ouch! Watch it, toots."

[The next rehearsal… ]

Mrs. Bernardo: [Rides in on a rolling trellis] "Once more onto the breach dear thespians, which is theatre talk for, let's try that kissing scene again."

Luan: [Offstage] "Come on Luan, it's just a kiss, you got this." [Walks onto the stage with confidence, but as soon as she sees Benny, and he smiles at her, it all goes away.]

Luan's Thoughts: "Ooh, oh no you don't."

Luan: [Pulls out a banana peel, and casually throws it onto her path.] "Hey everybody, can't wait to rehearse." [Steps and slips on the peel.] "Woah!" [Falls onto the stage, Mrs. Bernardo and Benny check on her.]

Mrs. Bernardo: "Heavens, my dear girl! Are you okay?!"

Luan: "Oh, it's nothing. Probably just a slipped disk. No pun intended. [Laughs] Ow-I mean, ow, ow, ow!"

Mrs. Bernardo: "Rehearsal's cancelled for today!"

Luan: "Whew."

THE NEXT DAY…

Luan: [Offstage again] "Okay, come on Luan, no more stall tactics. You have to do this."

Mrs. Bernardo: [Gets the thespians' attention] "Comrades, look to the skies. It's Mrs. Bernardo!" [Flies toward the stage with wires attached to her.] "Where's my Romeo? Where's my Juliet? Chop chop, it's kissing time."

Luan: "Ohhh… [Walks onto the stage and in front of Benny.]

Mrs. Bernardo: "And… action!"

Benny: "Then move not, while my prayer's effect I take." [Puckers his lips to kiss Luan.]

[Luan gets a surge of anxiety as Benny moves closer, until… ]

Luan: "Wait! Uh, I have an idea. Um, um, instead of a kiss, why doesn't Juliet, uh, [Pulls out her phone] send Romeo a text."

Mrs. Bernardo: "A text?"

Luan: "Yeah. I think a kissy emoji and a heart would really get the message across."

Mrs. Bernardo: [irate] "Luan, what are you suggesting is…" [Luan gets nervous and Mrs. Bernardo is now ecstatic.] "… pure genius~! A modern take on a classic, bravo! Prop department," [Flies away on the wires] "I need cell phones for Romeo and Juliet, pronto!"

[Luan looks at her phone, and then looks over to Eddy, giving him flirty eyes, and walks off. Eddy on the other hand, looks at the ground with a node of disappointment.]

[At what is supposed to be the next rehearsal.]

Luan: "Hey, Mrs. B. Ready for rehearsal, been doing some thumb strengthening exercises for my big texting scene."

Mrs. Bernardo: [In despair] "You've done them in vein! Rehearsal's cancelled until I can find a new Romeo."

Luan: [Aghast] "What?! What happened to Eddy?"

Mrs. Bernardo: "He up and quit, he suddenly remembered he has a conflict with chess club. Chess club!" [Pretends to faint] "Check and mate." [Wheels herself away on the trellis] "Uh, I was a fool to leave the dinner theatre circuit."

Luan: [Walks up to Mr. Coconuts, confused.] "This doesn't make any sense, Eddy isn't even in chess club."

[Later, she finds Eddy sitting on a bench.]

Luan: "Hi, Eddy." [Joins him]

Eddy: "Hey."

Luan: "I heard you quit the play."

Eddy: "Yeah."

Luan: "How come?"

Eddy: "Honestly Luan, because of you, it's clear you aren't comfortable with me playing Romeo."

Luan: "No! Just the opposite." [Sighs, and looks away] "The only reason I wanted to be in the play is so I could spend some time with you."

Eddy: "Really? Then, why did you keep finding ways to avoid kissing me?"

Luan: "Oh, it's not you, uh, it's… Never mind."

Mr. Coconuts: "She was nervous because she's never kissed anyone before."

Luan: [Shocked] "Mr. Coconuts!"

Mr. Coconuts: "What? Someone's gotta say it."

[Luan nervously looks at Eddy, as he pulls out his own dummy, Eddo.]

Eddo: "Well, that's nothing to be ashamed of. Eddy's never kissed anyone either."

Eddy: [Gasps] "Eddo, ah, you weren't supposed to tell."

[Eddo shrugs]

Mr. Coconuts: "Well, I gotta say that's a load off. Luan didn't want to embarrass herself in front of old Eddy boy. Just between you and me, she's sweet on the guy."

Eddo: [Laughs] "Really? Edward rather fancies her as well."

Mr. Coconuts: [With Luan's voice] He does?"

Luan: I mean," [starts blushing] "you do?"

[Eddy nods, and starts blushing himself. The two gaze at each other sheepishly, they laugh, and then kiss. Mr. Coconuts and Eddo wink at each other and shake hands. The next scene is in the theatre where the play has ended. Everyone applauds and Luan and Eddy thank the audience.]

Me: Bravo guys! Bravo!

Varie: That was a magnificent performance!

Laney: That was the most awesome play.

Lily: It sure was.

Mr. Coconuts: "Well, Eddo, I think this is the beginning of a beautiful friendship."

Lola: [Hears that, and gasps with fear.] "Who said that?"

I noticed a budding romance between Eddy and Luan right away.

THE END

---

Another Fanfiction Complete

Stage Plight was an adorable episode that aired last month. I thought it was the cutest thing ever. There wasn't that much to edit in this one because it mostly centered around Luan and Eddy. But I hope this answers all your questions about how Eddy and Luan's romance kicked off. Let me know what you all think.

See you all next time.

# The Radioactive Planet Villain

It starts at Gotham Royal York Elementary School. We were in Mrs. Johnson's class and she had a special announcement.

Mrs. Johnson: Okay class. I have a special project and contest for you all. This week is gonna be very special for all of us. Next Monday is Earth Day!

Everyone was excited for that. Even me. But Rusty was stumped.

Rusty: What's Earth Day?

Me: Rusty, it's on April 22nd and it's the day we give thanks and appreciation to the planet we live on: Planet Earth.

Mrs. Johnson: That's right J.D. And Earth is also the embodiment of Planet Earth so she is very special for us.

Earth: Thanks Mrs. Johnson.

Lincoln: This is gonna be so awesome!

Me: It sure is buddy. Earth Day is one of my favorite holidays. It may not be a major holiday but it is a special one. The reason we do this holiday is because we recycle all the stuff that is non-biodegradable, and reusable. Here let me show you.

I pull out a holographic globe of the Earth and turn out the lights. A holographic globe of the Earth appeared.

Me: The Planet Earth, our home planet. 4.6 Billion years of majestic history. Earth has been our home planet for 200,000 years ever since the Great Ice Age. But as humans progressed over the centuries, we've been damaging our home and our planet by poisoning it with garbage, pollution and all kinds of dangerous things. The one that we have to watch the most is the Ozone Layer.

Zach: What is the Ozone Layer?

Me: It's the shield that protects our planet from the Sun's Ultraviolet Radiation. The Sun is a ball of Hydrogen and Helium gas that is extremely radioactive. Without the Ozone Layer, all life as we know it would cease to exist.

Laney: That's right. That's why the Ozone Protects us from the Sun. The Sun would destroy us if we didn't have it.

Me: That's right Laney. We're damaging the Ozone Layer as much as the Earth and the Oceans. We're damaging the Ozone with chemical gases called Chlorofluorocarbons or CFC's. These are dangerous and poisonous chemical gases that dissolve at the Ozone Layer very slowly.

Stella: Where do they come from?

Me: They can be found in many things. They come from Styrofoam Containers and cups, Hairspray and Aerosol cans, Car exhaust and even refrigerators.

Clyde: I didn't know that they come from Refrigerators.

Lincoln: Me neither.

Me: I was surprised myself. Another source that's destroying our atmosphere is air pollution. This is all bad air that comes from major industrial facilities like coal, gas, oil, and even nuclear energy.

Girl Jordan: Where do we get all that energy from?

Me: Well we get all those from the decaying remains of the things that died out over time. We get all the things we need from things we call Fossil Fuels. These make coal, gas and oil. These are very poisonous and they pump a lot of a dangerous gas into our atmosphere called Carbon Dioxide.

Lincoln: I know that type of gas.

Laney: Yeah that stuff is poisonous.

Me: It is. Carbon Dioxide is a poisonous gas that comes from many sources. It comes from industrial facilities, cars, and even the air we breathe out. Also, Carbon Dioxide comes from another source: Volcanoes. When a volcano erupts it shoots massive amounts of ash, rock, dust and poisonous gas into the air. Carbon Dioxide is part of its chemical composition.

Lincoln: That's right. We learned that on our global trip and when we rescued all those people in Dante's Peak.

Me: We sure did buddy. But another danger is also affecting our forests: Clear Cutting.

Zach: What's clear cutting?

Me: That's where they cut down all the trees in a forest and destroy it completely.

Everyone gasped.

Me: It's a dangerous thing and when you destroy all the trees, you deprive Earth and all life on the planet the one thing we need to live: Oxygen to breathe. Without plants, they can't make the oxygen we need to breathe.

Girl Jordan: That's horrible!

Laney: Take it from me Girl Jordan. Me and Crysta stopped a major clear cutting operation in Australia and saved a whole forest from total destruction.

Lincoln: I remember that Laney. You 2 did a great job.

Me: They sure did. Also here's an interesting fact. All the paper we make and all the dollar bills we have is made from trees. We use paper to make newspapers, comic books, books we read, and even the money we use on a daily basis and all that paper is made from trees.

Lincoln: I didn't know that.

Clyde: That is a surprise.

Stella: It sure is.

Me: Yep. But as we're turning trees into paper, we're also destroying the homes of many animals across the planet.

Laney: That's awful.

Lincoln: Yeah.

Me: Yep. And here's another fact. We're also destroying the oceans.

Girl Jordan: How are we doing that?

Me: We're destroying our oceans and our sea life by throwing trash and garbage into the ocean. We throw glass bottles, plastic soda can ties and even aluminum, plastic and fishing nets.

Lincoln: That's awful!

Clyde: It sure is. Throwing trash and junk into the ocean is one of the most dangerous things anyone can do.

Me: You got that right Clyde. Also we're contaminating our land and our seas with another deadly pollutant: Toxic Waste!

Laney: That stuff is gross!

Me: It is. Toxic Waste is the leftover waste that comes from industrial facilities and factories. It's really nasty stuff and every year we produce over 400 million tons of hazardous waste. This stuff destroys everything it touches.

Girl Jordan: That's awful!

Lincoln: I saw what that stuff can do. It's horrible stuff.

Me: Yep. So not only are we endangering the land, the air and the ocean with all kinds of dangerous and poisonous materials, but we're also endangering the animals all over the world. Like Elephants, Whales, Polar Bears and any kind of animal we can think of. It's not a pretty sight.

Laney: That is absolutely awful.

Lincoln: I can't believe that all this is happening to our planet.

Me: Yeah. We have to do something to stop it. Or else our planet and the human race won't be around for much longer. So what do you say everyone? Shall we band together and save our planet and make it a better place and a more beautiful home than ever!?

Everyone: YEAH!

I turned the lights back on.

Mrs. Johnson: Great presentation J.D. That was a truly inspirational demonstration.

Me: Thanks Mrs. Johnson.

Mrs. Johnson: You're welcome J.D.

I went back to my seat.

Mrs. Johnson: Now this is the project. From today until April 22nd, you all have to find and bring in all the recyclable materials you can find.

Me: Oh yeah!

Clyde: What kind of materials are there?

Me: We have to find all the materials that can be recycled. Have you all heard of the Recycling Triangle?

Everyone but Laney: No.

Me: The recycling triangle is the symbol that shows the cycle of Recycling. It's the Three R's of Recycling: Recycle, Reuse and Renew.

Mrs. Johnson: That's right J.D. For this contest, you have to find as many recyclable materials as possible. Glass, Plastic, Newspaper, Aluminum, Copper, all that. You all will be divided into teams for this project.

Me: This is gonna be interesting.

Mrs. Johnson: It sure is. And the winner that brings in the most recyclable materials will get this…

The camera turned and it showed an awesome globe trophy that was in the shape of the planet Earth and it had a halo above it and the symbol of recycling was on the planet Earth.

Mrs. Johnson: The Earth Day Greatest Recycler trophy!

Me: Wow! What a trophy.

Laney: That is an amazing trophy.

Lincoln: It sure is.

Mrs. Johnson: It sure is a nice trophy. Now here are the teams.

Mrs. Johnson went over the teams.

Mrs. Johnson: For team 12 we have J.D. Knudson, Lincoln and Laney Loud and Clyde McBride. J.D. you are team captain.

Me: Affirmative Mrs. Johnson. Everyone, may the best recycler win.

Everyone agreed.

---

After the school day was done we got started.

Me: Okay, lets get started.

Clyde: So where are we gonna go to find some materials for recycling?

Me: What better place to start than the place we throw out our garbage: The Dump.

Lincoln: That's a great place to start.

Laney: Lets do it.

We went to the Gotham Royal York Dump and we got to work. We had numerous bags with us labeled with all the things we need to get. We had work gloves on and we were filling our bags to the brim with all kinds of recyclable materials. When we were done with the dump, we got the garbage level down to 25% and we had lots of bags full of glass, plastic, aluminum, copper and newspapers. Not only that but Laney replaced all the buildings all over Gotham Royal York with massive plants and trees that looked like all the buildings themselves. And she also built awesome houses and more. We also built Wind Farms, Solar Energy farms, and Water mill generators. Our estate was left the same. Gotham Royal York was now a true jungle.

We went back home and we tallied up our recycling.

Me: We're off to a great start guys.

Laney: We sure are.

Lincoln: Yep.

Lori: I think this is literally a fantastic project guys.

Me: Thanks Lori. And I'm glad we're all doing our part.

Lana: I am too J.D. This is so awesome that we're working to help our planet.

Me: It sure is.

Optimus Primal: I must admit this is a very interesting way to help out the planet.

Me: We have a lot of technologies to try and save our planet.

Terrorsaur: Wasn't there a group of kids that protect the Earth from Environmental threats?

Me: Yes there is Terrorsaur. They are called the Planeteers. They are 5 kids from 5 parts of the world. Lady Gaia the spirit of the Earth gave them five powerful and magical rings to them. They are as follows:

Kwame of Africa - He has the power of Earth.

Wheeler of North America - He has the power of Fire

Linka of Eastern Europe - She has the power of Wind

Gi of Asia - She has the power of Water

And lastly Ma-Ti from South America - He has the power of Heart.

They are the Planeteers and their major mission is to defend the planet from the evil eco villains that want to destroy the very planet we live on.

Laney: That's a huge job.

Lincoln: They have a job as big as ours.

Me: You got that right.

Poison Ivy: You know, this is exactly why I began my former life of crime in the first place.

Me: That is a huge sense of irony huh? But this job for the Planeteers is as big as ours.

?: That's right J.D. Knudson.

An astral image appeared and it was a woman with dark purple hair and purple eyes.

Me: (Gasp) (Kneels down) Lady Gaia, Spirit of Earth. It's truly an honor.

Gaia: Same to you J.D. We heard so much about all your achievements. We would like to have you come to the island. We have to talk.

Me: We would be honored.

Gaia vanished and we went to the Island of The Planeteers.

---

We arrived at the island of the Planeteers. It was located in the Caribbean.

Me: Wow! So this is the island of the Planeteers.

Luna: It sure is beautiful dudes.

Laney: It sure is.

We saw the Planeteers headquarters.

Me: Nice headquarters.

We walked up to the door and Wheeler answered it.

Wheeler: J.D. Knudson. It it such an honor to meet you! Come on in! Sorry if our headquarters doesn't look like much, though.

Me: It's an honor to meet you too Wheeler. Your headquarters is just as nice as ours. You're all doing a great job protecting the planet like we are.

Wheeler: We sure are.

Gaia: J.D. Knudson and Team Loud Phoenix Storm. Welcome.

Me: Lady Gaia, thank you for inviting us over.

Gaia: You are welcome.

We were talking to the Planeteers about our adventures.

Gi: So Springfield, Oregon was a town built on darkness and corruption?

Me: It sure was Gi. We destroyed it because it has caused so much corruption and pain and suffering over the years. Springfield was completely doomed from the start.

Linka (C.P.): (Russian Accent) It's good you all destroyed that town.

Me: Thanks Linka. And you have our sympathies for what happened to your cousin. What Verminous Skumm did was completely unforgivable.

Linka (C.P.): Thank you J.D.

Me: You're welcome Linka.

Wheeler: I will kill that rat for doing this to her!

Francis: I'm actually surprised that you're actually eager to kill your enemies.

Wheeler (darkly): Let's just say that the last straw was Skumm getting Linka's cousin killed. And the fact that we could go to jail for murder.

Me: It's not murder if we kill only those that deserve it. And all your enemies fall into that category. And you have the strength and support of Team Loud Phoenix Storm. Your enemies have now become ours as well.

Gi: Thank you so much J.D.

Me: You're welcome.

TV Reporter: We interrupt this broadcast with an emergency news report! Duke Nukem is causing havoc in Chernobyl. Along with what appears to be a more monstrous version of Tantrum aka Thomas Kim!

We gasped!

Me: Tantrum!? I thought he was dead.

Nico: He must've been reborn as a Heartless.

Me: Must have. But who is Duke Nukem?

Kwame: He's one of our most dangerous enemies. He's a radioactive man that wants to turn the Earth into a Radioactive Wasteland.

He is a dangerous mutant that can shoot radioactive blasts from his hands. He is also a walking disaster area and so his henchman, Leadsuit, like his name implies, has to wear a lead suit to be near him. His primary goal is to cover the entire planet in radiation and turn everyone into mutants like himself.

He is also physically strong as he is the only Eco-Villain aside from Captain Pollution to actually defeat Captain Planet.

The ecological disaster he represents is the misuse of nuclear power. In the two-part Captain Planet episode, Mission to Save Earth, Duke is among the five Eco Villains who create Captain Pollution. They did this by creating and using five Anti-Elemental Rings consisting of Deforestation, Toxins, Smog, Super Radiation, and Hate. Duke's element was Super Radiation. Unfortunately for the Eco Villains, Captain Pollution was destroyed and the Anti-Elemental rings along with him, leading Duke and the other villains to flee.

Me: This guy is a walking nuclear reactor! And Blight sure gave us a run for our money.

Gi: Is it Dr. Blight?

Me: No. This was someone else. His real name was Derek Powers and he was poisoned by a deadly nerve gas of his own creation. The only way to treat him was with high levels of Gamma Radiation. But it had an unexpected side effect and it made him turn into Blight - A Walking Radioactive Hazard. This is what he looked like.

I showed them what Blight looked like and they gasped.

Me: Yeah. He emitted as much radiation as Chernobyl. But we got to stop Duke Nukem and Tantrum.

Gaia: You'll need this then.

Gaia fired a purple beam of energy into the sky and a gold ring appeared and it had a gem that was purple and it had a lightning bolt in the gem.

Me: Wow. What's this ring for?

Gaia: It's the Ring of Lightning. I'm sure you know what to do.

Me: I do Lady Gaia. Thank you. Lets fly!

I put the ring on my finger and we were off to Chernobyl, Ukraine.

---

In Chernobyl, Duke Nukem and the Heartless Tantrum were wreaking havoc and destroying everything. Then blasts of fire and earth flew at him and hit Duke Nukem with incredible power and sent him crashing into a building. Edzilla punched the Heartless Tantrum in the stomach and slammed him into a wall. The Tantrum Heartless was now called Thunderous Tantrum and he looked like a purple version of Thing.

Thunderous Tantrum (sees Edzilla): Tantrum remember…

He suddenly got flashbacks of fighting Edzilla during the fights at Dakota City and during the fight with the Fright Knight.

Thunderous Tantrum (enraged): TANTRUM REMEMBER YOU!

Edzilla (he and Thunderous Tantrum punch each other): ED SMASH PURPLE THING!

Duke Nukem: I'm actually glad you Planeteers aren't holding back on me anymore. Because it's just made you reckless and more vulnerable to attack! (punches Wheeler)

Wheeler had a bleeding cut on her forehead and I fired a powerful energy blast and it hit Duke Nukem and exploded. It blew his whole right arm off and he screamed in excruciating pain.

Terrorsaur: Lets get them guys! Terrorsaur TERRORIZE!

Terrorsaur transformed.

Danny: I'm going ghost!

Danny turned into Danny Phantom!

Static helped Wheeler up.

Static: Are you all right Wheeler?

Wheeler: Yeah.

Static: Tantrum is a tough guy Wheeler. He's a mindless beast that is all brawn and no brains.

Wheeler (to Static): Static, how did you defeat Tantrum the first time?

Static: I just let him tire himself out! But that probably won't work this time!

Me: No it won't. It's time for some teamwork. Power up guys!

We transformed and powered up.

Maria: Lets get them! Ready Arixam?

Arixam: You know I am always ready sis.

Maria: AQUAMARIA!

Arixam appeared in a blinding flash of aqua blue light.

Nico: Duke Nukem, you have failed this city!

Me: More like he has failed the whole world! You will pay for everything you've done! Now you will be the first Eco Villain we killed and send off to Hell!

Duke Nukem: Come and get me!

Me: With pleasure!

I went at Duke Nukem and punched him in the face with devastating force and the ground underneath him exploded and blew him into the air.

Killer Frost fired a powerful blast of snow and icicles at the Thunderous Tantrum and they froze and skewered him and Killer

Frost punched him in the face.

Poison Ivy lashed him in the back with a whip of ivy and he was itching bad.

Lana fired a blast of ice and froze off his arms and legs.

Me: Time for some heavy hardware. GIGANTION CYBER KEY POWER!

Metroplex's powerful giant battle axe appeared and the Gigantion Cyber Planet Key went into the top of it and turned it into a powerful battle axe.

Edzilla knocked down the Thunderous Tantrum.

Hulk: Hulk help Edzilla with puny ripoff! (grabs Thunderous Tantrum by the throat)

Me: Pass me the ball Hulk!

I went at the Tantrum Heartless and Hulk threw him at me. I swung the axe and it slammed into the Tantrum Heartless with devastating force and blew him apart into a gory mess of icy blood and guts.

Laney: That was awesome!

Lola: That was the most awesome attack ever!

Me: Thanks guys. Metroplex's Axe really comes in handy. Now for Duke Nukem.

We went at Duke Nukem and I slammed the axe into him and blew his legs to pieces.

Me: Lightning!

I fired a powerful blast of lightning from my ring and it hit Duke Nukem and exploded.

Me: Oh that was awesome!

Arixam: It sure was. Sis can I use the powers of the Transformers and the Cyber Keys?

Maria: You sure can sis. We all can use them.

Arixam: Sweet! Lets see here. EARTH CYBER KEY POWER!

The Earth Cyber Planet Key went into her device and a rocket launcher formed and it opened and out came a powerful missile launcher.

Arixam: Oh this is so awesome!

Nico: That's Thunderblast's rocket launcher.

Arixam: Awesome!

Terrorsaur: Very impressive. Lets use a combo on him.

Arixam: You got it Terrorsaur.

Terrorsaur fired a powerful energy blast from his shoulder cannons and his blaster and Arixam fired a powerful laser missile from her rocket launcher.

Arixam and Terrorsaur: LASER ENERGYSTORM CYCLONE!

Arixam and Terrorsaur's blasts bombarded Duke Nukem and exploded with incredible power.

Lola fired a massive blast of fire and burned Duke Nukem. Taranee fired a powerful blast of fire and burned him and melted part of his chest.

Bloom: DRAGON FIRE!

Bloom fired a massive blast of fire and it turned into a dragon of pure fire and it hit Duke and exploded.

KRABOOM!

Lea fired massive fireballs at Duke Nukem and burned him.

Swerve (Cybertron): Now it's time for our combo!

Danny Phantom: Lets get him Swerve.

Swerve (Cybertron): CYBER KEY POWER!

The Velocitron Cyber Planet Key went into the back of the roof of him turned into a blaster. He fired and Danny fired a blast of echo-energy.

Swerve and Danny Phantom: ENERGY GHOSTLASER STORM!

The blasts combined and turned into a barrage of energylasers and ghost bombs and they hit Duke Nukem and exploded.

Me: Awesome! Now it's Final Smash Time.

Francis: Wheeler would you like to have a shot at him?

Wheeler: It would be an honor Francis. Lets do it together.

Francis: Lets get him.

Francis and Wheeler: INFERNO FIRESTORM FURY!

Francis and Wheeler fired a massive blast of fire and it hit Duke Nukem and exploded with incredible power.

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMMM!

When the smoke cleared Duke Nukem was weak and on his last legs.

Francis: My turn. FIRESTORM TORNADO SPIN

Francis fired a massive blast of fire and it turned into a massive tornado of pure fire and it spun Duke Nukem around.

Wheeler: My turn. FIREBALL BARRAGE OF PYROS!

Wheeler fired a massive barrage of fireballs at Duke and they all exploded.

Me: Now to make sure you never terrorize and destroy our planet ever again Nukem. This time you will die! GIGANTION CYBER KEY

POWER!

My device on turned into a huge earth-shattering drill and the Gigantion Cyber Planet Key went into the back of it and enhanced it.

Me: Awesome! It's Menasor's drill!

Nico: It's not from the Menasor of the Stunticon's.

Me: No this is totally different. Now it's time to finish this freak once and for all.

I charged and Duke Nukem was up on half of his body and I slammed the drill straight into his chest and he screamed in excruciating pain as he was being ripped apart by the power of the drill.

Me: GO TO HELL! AND STAY THERE YOU FUCKING SON OF A BITCH!

The power of Menasor's drill completely shattered Duke Nukem into a million pieces. Killing him instantly. When the dust cleared, I was standing victorious and the drill was glowing red hot.

Me: That's the end of the radioactive terror Duke Nukem.

Everyone cheered.

Nico: J.D. that was so awesome!

Me: It sure was.

Menasor: (Irish Accent) You did well there lad. My drill really helped you out there.

Me: It sure did Menasor. And it was so awesome using it on him. One thing is left undone.

I went to his severed right arm and pulled off a ring it had on it and it was one of the 5 Rings of Destruction. The one Duke Nukem had was for Radiation.

Me: This ring will be a perfect trophy. Now to make sure that Nukem never returns.

Nicole: What are you gonna do with him dad?

Me: Obliterate him in the one place he never knew about. I'm gonna throw him into a black hole.

Nico: Good idea.

Lincoln: That's a great place to throw him into.

Me: Yep.

I opened a portal and it lead into the Supermassive Black Hole at the center of the Milky Way Galaxy. I threw the pieces and dust of Duke Nukem into the portal and they went into the black hole and were completely obliterated in an instant.

Me: That's it for him.

The portal closed and Nicole sealed his spirit into the Book of Vile Darkness.

Nico: That's it for him. The Radioactive menace known as Duke Nukem has been silenced forever.

Me: Yep.

Wheeler: That was awesome guys!

Me: Thanks Wheeler. How did you like using a Final Smash?

Wheeler: It was so awesome!

Me: I'm glad you liked it.

---

We were back at the island of the Planeteers and we formed an alliance with them. We proposed to work together to rid the world of the enemies of the Planeteers. Day 1 of the Earth Day Project is done. Earlier I caught a Charizard and Nico caught a Misdreavous and a Slowking.

Wheeler: (To the viewers) Picking up trash is good but recycling is much better.

THE END

---

Another Saga is Underway and Part 1 is done.

This saga is part of an 8 day saga we have in progress for the great adventures of the cartoon Captain Planet and The Planeteers. One of my favorite Cartoons from my youth. NicoChan11 gave me the ideas for this one. Thanks man as usual. Next up is Looten Plunder. The Lex Luthor of the Planeteers.

See you all next time.

# The Deforestation Planet Villain

It starts in the forests of Gotham Royal York. We were in a dead tree patch and we were planting many trees and plants for the forests to grow. It was day 2 of our Earth Week project and we needed to plant as many trees as possible.

Gi: So this is Gotham Royal York?

Me: Yep. Home Sweet Home. We made some changes to the city to get rid of the harmful effects of pollution.

Kwame: It's a really good change.

I was digging a hole and removing a tree stump that was dead. I pulled the whole stump out and it was a huge job.

Kwame: Wow. Great job J.D.

Me: Thanks Kwame. Lifting a tree stump out of the ground is an easy job for me.

I lift up a baby tree and put it in the hole and covered it with dirt.

Me: Now it needs some water.

Gi: I got that. WATER!

Gi fired a blue blast from her ring and it hit a nearby lake and sent some water over and soaked the tree.

Me: That was awesome Gi!

Gi: Thanks J.D.

Cornelia was growing flowers and trees with her powers of Earth.

Linka (Captain Planet): (Russia Accent) Your powers are amazing, Cornelia!

Cornelia: Thanks, Linka. There's a reason I'm called the Guardian of Earth.

Laney and Lana were carrying a couple of little trees.

Laney: It's a huge responsibility and she and her friends were chosen as the Guardians of Candrakar for a reason.

Lana: Yeah. The worlds of Candrakar were in the grip of darkness by the rule of an evil tyrant named Phobos.

Lincoln: Yeah he was pure evil.

Linka (CP): That's awful.

Me: It was.

Nico: Hey guys. I just caught a Wobbuffet and a Weepinbell.

Me: Sweet job man!

Lana: How long does it usually take for trees to grow back?

Me: Well it takes hundreds of years. Sometimes it takes decades. Oftentimes it takes hundreds of years.

Lana: That's a long time to wait.

Wheeler: It is.

Laney: Yeah but we'll be here by the time they grow into full fledge trees. Our immortality will see to it.

Me: Yep.

Kwame (to Maria): Maria, I have a question.

Maria: Shoot.

Kwame: I know that Tantrum was cured by J.D. and the others on the day that you reunited with Carol. So how was he killed during the Fright Knight incident?

Maria: Because Fright Knight made a clone of Tantrum during the latter incident. (laughs) Too bad said clone got killed by Edzilla!

Me: And we had Edzilla practice what he was capable of in a Simulator exercise against him before that. We have to be prepared for anything and know your enemies.

Optimus Prime: Alright, let's all each vote on 1 of the remaining eco villains. Whoever gets the most vote is the one we go after next.

Me: Good idea Optimus.

We casted our votes and we decided to go after Looten Plunder next. And just as I was about to ask who he was Gaia appeared.

Gaia: Team Loud Phoenix Storm and Planeteers.

Me: Lady Gaia. What's going on?

Gaia: Looten Plunder is cutting down all the forests in Saskatchewan, Canada.

Me: That's coincidental. We were just talking about him. So Clear Cutting is his forte.

Gaia: Yes. You have to stop him from destroying the forest.

Me: Yes Lady Gaia. We're on our way.

Gaia vanished.

Me: Before we head out we need to know more about him. You all know Looten Plunder, right Kwame?

Kwame: Yes we do. He specializes in clear cutting like you said.

He is a businessman who only cares about money and will do anything to obtain more, even cause a lot of harm to the planet and let other people suffer. He is even willing to sell out the other Eco-Villains if he could benefit from it. He has also done poaching in order to obtain more wealth. His primary source of income may be the lumber industry as his pollution ring was the power of deforestation, though as stated before he will do anything to obtain more money.

Whenever the Eco-Villains team up, he would usually become the leader of the group due to his vast wealth, except for when Zarm grouped them together.

Looten Plunder is also the only Eco-Villain to ever truly defeat the Planeteers allowing himself to cut down a whole forest.

Looten Plunder symbolises unethical business actions and uncontrolled capitalism. In the two-part Captain Planet Episode, Mission to Save Earth, Looten Plunder is among the five Eco Villains who create Captain Pollution. They did this by creating and using five Anti-Elemental Rings consisting of Deforestation, Toxins, Smog, Super Radiation, and Hate. Looten Plunder's element was Deforestation. Unfortunately for the Eco Villains, Captain Pollution was destroyed and the Anti-Elemental rings along with him, leading Looten and the other villains to flee.

Me: Boy this guy is REALLY bad news.

Superman: Plunder reminds me of my deceased archenemy, Lex Luthor.

Tailgate: Why do we still have his corpse inside the prison you guys sent him to?

Blackout (2007): Maybe because it served as a trophy.

Me: You are right Blackout. Lets get him! Team Loud Phoenix Storm, lets fly!

We were off to Saskatchewan, Canada.

---

In Saskatchewan, Canada numerous men were cutting down a lot of trees. These men had chainsaws and axes and they were cutting down a lot of trees.

Suddenly Venom shot a web sling blast and grabbed a man.

Venom (grabs one of Plunder's henchmen by the throat): Eyes. Lungs. Pancreas. So many snacks, so little time.

Sandman: Why do you like those parts specifically?

Venom: Because they are the most tasty.

And that's when Venom bites off the unfortunate henchmen's throat.

Henchman 1: Team Loud Phoenix Storm is here!

A blast of lava exploded out of the ground and it began to take form. The Heartless that appeared before us looked like a demonic minotaur that made of pure molten lava.

Bai Tza (eyes widens in horror): Dai Gui?!

Volcanic Minotaur: **Hello, "sister". I think we need to have a talk about your betrayal. Don't you think?**

Vince: But that's impossible. I killed you!

Dai Gui: **Yes Vince. You did kill me. But I am now reborn as a Heartless and I now serve Looten Plunder. You took my heart and that is what turned me into a Heartless.**

Vince: I still have your heart in a jar.

Volcanic Minotaur (grabs Bai Tza by the throat): **I expected such treachery from Shendu and Valmont, not you! You had all the power in the world alongside us and you threw it all away by siding with Jackie Chan and Knudson!**

Bai Tza (spits at him): Girl Jordan showed me the error of my ways, "brother"! (grins) But to be honest, I started doubting everything that Shendu told me before Jackie and his family sealed me back into the Netherworld the first time. (to us) I'll tell you about that later.

Me: Okay.

Bai Tza then turned into pure water and she went out of the Volcanic Minotaur's hand and then she turned into her Water Demon

Sorcerer form.

Bai Tza: **You are never welcome here "Brother!"**

Bai Tza fired a massive blast of water at him and hardened him into solid rock.

Vince: I think it'll be perfect to have a much better trophy than your heart Dai Gui!

Vince chanted a powerful Chinese Magic Spell and it turned Dai Gui into a Statue like Shendu was. And he stripped him of his powers and made them his own.

Me: Wow! Way to go partner!

Vince: Thanks J.D.

Dai Gui: **Let me out of here you fools!**

Vince: Not this time. You are now gonna be stuck in a statue for all time.

Bai Tza returned to her human form.

Bai Tza: This is perfect for you "brother" and now you have to endure the same fate as Shendu.

Then a huge robotic thud was heard and we saw Looten Plunder in a massive robotic power suit.

Me: Wow! What a power suit!

Plunder: You like it? Now I'm going to use it to kill all of you!

Me: Where did you get a suit like this?

Plunder: From Lex Luthor's designs and we made some perks to it.

The chest of the suit opened up and revealed that it had a dark orb in the middle as a power source.

Me: You have a dark orb as the power source.

Plunder: That's right.

Superman: This power suit reminds me of the time when I fought Corben the first time.

Nico: Really? You fought Corben as he was in a suit like this Kal?

Superman: Yeah. It was my first ever fight Nico. He put up quite a fight.

Nico: I know that feeling.

Kwame: We will make you pay for all the pain and suffering you've caused and stop your clear cutting spree.

Nico: Looten Plunder, you have failed this city!

Me: More like he has failed our planet. Lets get him guys!

We transformed and powered up.

Me: You mess with our planet, you mess with us! Now you will die just like Nukem.

Plunder: You killed Duke Nukem?

Me: That's right and he got what was coming to him. He's been obliterated in the black hole at the center of our galaxy.

Varie: And you will join him.

Me: Lets get him guys!

We went at him and I punched him in the face and he punched at me and I dodged it. Laney entangled the suit in vines and Cornelia made a massive tree grow that trapped him in it. Lynn then formed her fist into a fist of pure rock and punched the suit in the chest with devastating force and it shattered the Dark Orb and we got a massive power increase. Demona flew at Plunder and slashed him in the chest and the face with her claws. Sandman formed a mace club arm and slammed it into the power suit.

Nico: Now you will face the power of the Snake!

Nico used the powers of King Hiss and shed his skin and summoned 5 more snakes and they went at Plunder and they bit him and stunned him with their poison.

Me: Time for some awesome hardware. AUTOBOT CYBER KEY POWER!

The Autobot Cyber Planet Key went into my device and an awesome missile appeared on my right shoulder and it turned into an awesome laser cannon!

Me: Oh this is so cool!

Optimus Prime: It is J.D. That's Red Alert's laser cannon.

Me: This is awesome Optimus. (To Plunder) (Imitating Scarface) SAY HELLO TO MY LITTLE FRIEND!

I fired a red laser blast from the cannon and it hit Plunder and exploded.

KRABOOOOMMM!

Me: Oh wow! That was awesome!

Lucy: Indeed it was brother. Lets see what makes him tremble with fear.

Lucy fired a blast of black lightning and it hit his eyes and he was shaking in fear. Plunder saw his hands turn into his skeleton!

Clayface formed an axe of clay and slammed it into his legs and chopped the suits legs off.

Riku fired a powerful blast of dark fire from his Keyblade and burned him and Roxy called the power of the animals and fired a blast of dust and pawprints at Plunder and burned him.

I flew up to Plunder and looked at him in the face with eyes full of hatred and righteous fury.

Me: You make me sick just looking at you Plunder. You have no love for anyone other than yourself. You've caused too much pain and suffering to both humans and nature. You may be a human but you have the heart of a demon.

Earth: That's right. You don't deserve to live.

Me: Lets get him guys. Combo time!

Tailgate: You got it J.D.

Tailgate fired a magnetic blast and Martian Manhunter turned into a dragon and fired a massive blast of fire.

Tailgate and Martian Manhunter: MAGNETIC FIRESTORM INCINERATOR!

The blasts combined and they blew apart the legs of his suit and incinerated them.

Blackout (2007): Our turn. Lets get them Mariah!

Ace: You got it!

Ace formed into a massive eagle and Blackout fired an Energon Wave Cannon.

Blackout (2007) and Ace: ENERGY EAGLE EXPLOSION BURST!

The energon merged with the Eagle and turned it into an eagle of pure energy. It hit the suit and blew it apart and freed him.

Kwame: Final Smash Time! EARTH BOULDER PUMMEL!

Kwame fired a green blast of energy from his ring and threw numerous rocks and boulder at the suit and crushed it.

Cornelia: My turn! EARTHSHRED GUARDIAN!

Cornelia formed a massive golem of Earth and it slammed into the suit and destroyed it completely. Nothing of it was left.

Me: Now to finish you once and for all Plunder. You will now pay for your crimes against our planet.

Rhino: I got this.

Rhino grabbed Plunder.

Plunder (in Rhino's grasp): You want a piece of me? You want a piece?!

Rhino: No! I want… (rips Plunder in half)… two!

Me: Whoa!

Nico: That was gross but he deserved it.

Me: Yep. But great job. All of you.

We cheered wildly. Nicole sealed Looten Plunder's spirit into the Book of Vile Darkness. I found Looten Plunder's Ring of Deforestation and kept it as a trophy. Vince put the statue of Dai Gui in his room and now he can talk to Dai Gui and have a conversation with him.

Kwame: (To the Viewers) Planting new trees is very essential to the ecosystem and it helps rid the world of poisons in the atmosphere. You can do your part and help the air and the trees.

Me: That's right.

THE END

---

Another Fanfiction complete.

Part 2 of the saga is done. I had to do part 2 today because I'm going to hang out with my friends tomorrow. Part 2 was supposed to be tomorrow on Tuesday the 16th and part 1 was today's chapter on the 15th. But because I'm going to hang out with my friends there was a change of plans. Looten Plunder was one of the worst villains of Captain Planet. He was a clear-cutting monster. I call him the Lex Luthor and Starscream of Captain Planet. NicoChan11 gave me the ideas for this one. Next up on the 17th is Sly Sludge and we're gonna be covering the effects of Air Pollution. Let me know what you all think.

See you all next time.

# The Air Pollution Planet Villain

It starts in the power plants on the outskirts of the city. It was day 3 of our Earth Week project all we were building domes that cover the power plants. These domes were special anti-pollution domes that filter out the bad air and convert it into breathable air.

Me: These domes are perfect for the Air Pollution removal project.

Lori: They literally are.

Wheeljack (overseeing the construction of the domes): More! Straighten it up! (Bonecrusher finishes a dome) There. That does it!

Huffer (sees Gears building a dome): Yo, Gears! Get with it! Build that dome right, or we're gonna be here 'til the Big Dipper gets rusty!

Me: Easy Huffer. No need to get bossy and make them work too hard.

Huffer: Sorry.

Me: Okay the next villain we have to destroy is Sly Sludge.

Nico: This guy doesn't sound like a nice guy.

Me: He never is.

Sly Sludge is a pollutionist/con man who specialises in tricking others into thinking he and his crew are helping to build something to help the environment just so he can get free space to dump his wastes (oil, toxic sludge, and gunk).

Sly and his dumping crew do not seem to have any real reason for doing this-one would assume he is building dumps to make money, but he is never shown collecting any money, however it has been stated that "he'll pollute anything for a buck".

Sly is portrayed as a fat, lazy, greedy, money grubbing slimeball with a fondness for trickery and little care for the planet. If Sludge and his workers can not dump it in the ocean or into landspaces than they will burn it and make acid rain.

Strangely, despite being a dumper, instead of polluter clothes, he instead wears the uniform that an army soldier would, and despite being a human, his unusual last name and strange facial look makes him seem like a monster. In the series, the Planeteers must unite to summon Captain Planet to help stop men like Sludge from harming the earth.

Despite his run-ins with the superhero he continues his evil work, on some occasions he and his men load guns with oil to try and stop Captain Planet. He also appeared in the comic books based on the series.

Sly symbolizes ignorance and short term-thinking. In the two-part Captain Planet episode, Mission to Save Earth, Sly is among the five Eco Villains who create Captain Pollution. They did this by creating and using five Anti-Elemental Rings consisting of Deforestation, Toxins, Smog, Super Radiation, and Hate. Sly's element was Smog. Unfortunately for the Eco Villains, Captain Pollution was destroyed and the Anti-Elemental rings along with him, leading Sly and the other villains to flee.

Nico: This guy is really bad news.

Me: He is. He is poisoning our atmosphere. He specializes in Air Pollution.

Jake (Animorphs): I'm willing to bet that Sly Sludge has a Dark Orb and a robot suit.

Me: I have a feeling you're right Jake.

Nico: While we're waiting for Sly Sludge to make his move, you guys wants to go for ice cream?

Me: I'm up for it man.

Mixmaster: There! All finished.

Me: Great job guys!

Mixmaster: Thanks J.D.

We have lots of people all over the globe working on domes covering Industrial facilities all over the world.

Me: All right guys. Lets get some ice cream.

We cheered.

William (to Maria): What ice cream do you want, Maria?

Maria: I want Blue Raspberry.

Arixam: Me too Maria.

We went to the ice cream parlor and had all kinds of flavors.

Me: (Slurps) Mint Chip. My favorite flavor.

Lincoln: Orange creamsicle for me.

Lori: (Slurp) I like Vanilla.

Nico: Cookies and Cream for me. (Slurps)

May: Cotton Candy is my favorite.

Carol: Grape is my favorite.

Vince: I like bubble gum. My favorite part is chewing the gum in it.

Vince chewed some bubble gum and blew a bubble and it popped.

We laughed.

Linka (Captain Planet): (Russian Accent) I like butterscotch.

Me: We have a lot of great flavors.

We laughed.

Then Gaia appeared.

Gaia: Team Loud Phoenix Storm and Planeteers.

Me: What is it Lady Gaia?

Gaia: Sly Sludge is making the pollution worse in Gurugram, India.

Me: Gurugram, India? That's the most polluted city in the world.

Gaia: It is. And Sly Sludge is making it worst.

Me: We're on our way.

Gaia vanished.

Me: Lets fly!

We were off.

Gurugram, India

The city was covered in an extremely thick cloud of smog and smoke. We saw this.

Me: Wow! That smog is so thick you can't even cut it with a knife.

Nico: No kidding. I got this.

The 2-Star Dragonball on Nico's bracelet lit up and he sucked in all that smog and smoke and it made him stronger.

Me: Wow! That was awesome Nico!

Nico: (Coughs) Yep. That was the power of Haze Shenron. The 2-Star Dragon. His power is pollution and it makes him stronger.

Aylene C.: That's really clever.

Me: It sure is. Lets go!

We went into the city and we saw Sly Sludge and gust as Jake said, he had a power suit on him.

Me: Sly Sludge, I presume?

Sly Sludge: That's right J.D. And I see you all have come.

Me: That's right. To kill you and put an end to your smog spree.

Sly Sludge: I'm blaming the Joker for this! If he hadn't acted insane in front of you all, maybe you heroes wouldn't be about to kill me right now.

Me: You can tell to him yourself when you see him in Hell. Also you had a hand in killing Linka's cousin and for that you will suffer!

Sly Sludge: It was actually Skumm that did that. Not me. And I'm not doing this alone.

Me: What do you mean by that?

?: Sly means me.

We saw a living mass of wind.

The Heartless that appeared before us resembled a demonic toad made entirely of air.

Lori: Xiao Fung?!

Cyclonic Toadblower (grins evilly): **Lori Loud. It's been a long time.**

Me: But you died when Breach sent you flying into the Sun!

Bai Tza: (Shocked) How did you come back here "Brother"?

Cyclonic Toadblower: **The power of the dark orb used to power Sly Sludge's Power Suit.**

My dark orb detector found the Dark Orb in his suit and it was being used to power the suit.

Me: He's right. But there is one thing I learned when we fought the rest of your brothers and your sister Po Kong. We hate Shendu.

Cyclonic Toadblower: **I agree with you on that one J.D. Shendu was always doing things all by himself.**

Me: It's nice we can agree on things like this. But we came here to fight you and Sly Sludge. Lets power up!

We transformed and powered up.

Me: Lets dance!

We went at them!

Cyclonic Toadblower: **You fools won't be able to defeat me this time! Not when I can unleash my full power!**

Lori: No but we can literally take that bet toad boy!

The Cyclonic Toadblower blew a massive hurricane at us and it was an incredible blast of wind.

Chazz: You will never win you freak! I summon Infernal Incinerator!

I sent out Incineroar.

Chazz had Infernal Incinerator fire a purple blast of fire and Incineroar fired a blast of fire. The blasts of fire combined and they hit the Cyclonic Toadblower and weakened him.

Lori and her children kicked the Cyclonic Toadblower into the air and used a powerful magic spell on him that turned him into a statue. He was stripped of his powers and Lori made them hers and her children's.

Teresa (to Bai Tza): I wonder why we didn't just turn your siblings into statues in the first place.

Me: We should've done that before we killed them.

Lori: That would've literally been too easy. Besides someone would've found them and try to continue their evil ways.

Linda: That's right mommy!

Lori: Lets get this clod!

We went at Sly Sludge and I punched him in the face and Nico threw him into the air.

Lori and her children fired a massive blast of super hurricane force wind and blew him higher into the air and Leni formed a fist of pure gravity and slammed it into the power suit. Hay Lin fired a massive blast of wind and blew him higher into the air. Musa fired her Sonic Blast and blew him around. Karai and Xion slashed the arms of his suit off and Teresa fired a sonic blast and blew his legs off. Arpeggio fired his laser feathers and they hit part of his suit and blew it apart.

Me: Now to finish him off once and for all. DECEPTICON CYBER KEY POWER!

A Decepticon Cyber Key went into my device and both of my devices on both of my arms got Starscream's Purple Sword blades.

Me: Sweet! Now for double the pain. EARTH CYBER KEY POWER!

The Earth Cyber Planet Key went into the device on my left arm and I got Mudflap's long green saw sword.

Me: Awesome! Lets triple the power! ANIMATRON CYBER KEY POWER!

The Animatron Cyber Planet Key went into my device and a helmet appeared on my head and a long sword horn appeared on it. It was Backstop's Sword Horn.

Me: Now this is being decked out!

Linka (CP): (Russian Accent) Lets use our combo on him.

Me: You got it Linka!

I flew at the suit with the swords ready.

Linka (CP): WIND!

Linka fired a blast of wind at me from her ring.

Me and Linka: CYCLONIC SLASHSTORM SURPRISE!

The wind swirled around the swords and turned them into deadly cyclone blades. And I rammed the suit with devastating force and shredded it into dust.

Lori: That was literally awesome!

Roxanne: It sure was!

Wingsaber: That was really impressive J.D.

Me: Thanks Wingsaber.

Sly Sludge landed on the ground and he was hurt.

Nico: Sly Sludge, you have failed this city!

Venom: We're gonna enjoy feasting on your brains!

Me: Now lets finish him off for good!

Broadside: Lets make this clod pay! It's combo time Jake!

Jake (Animorphs): You got it.

Jake turned into a giraffe.

Jake charged and Broadside fired a lightning ray.

Jake (Animorphs) and Broadside: LIGHTNING GIRAFFE ELECTROCUTION!

The lightning wrapped around Jake and turned him into a Giraffe made of pure lightning. It bucked him and sent him crashing into a building.

Bomb Man: Time for some explosive power!

Blackarachnia: Lets get him. Blackarachnia TERRORIZE!

Blackarachnia transformed.

Bomb Man fired some bombs and Blackarachnia fired some lasers.

Bomb Man and Blackarachnia: SPIDERBOMB BARRAGE EXPLOSION!

The bombs exploded and blew him into another building.

Me: Now it's Final Smash Time.

Linka (CP): I'll get us started! HURRICANE STORMBLADE BARRAGE!

Linka fired blades of pure wind from her ring and they slashed Sly Sludge and slashed his right arm off and he screamed in pain.

Lori: Now it's literally my turn. CYCLONE SHREDDER TORNADO!

Lori spun around with incredible speed and released a powerful tornado and it slashed him apart.

Me: Venom, go get him. It's feeding time.

Venom: With pleasure.

Venom walked up to Sly Sludge and Sly looked at him with fear.

Venom: **You come to this part of the world again, in fact if you go anywhere on this planet preying on innocent people and we will find you and eat both your arms, both and then both of your legs and then we will eat your face right off your head. Do you understand? Yes. So you will be this armless, legless, faceless thing. Won't you? Rolling down the street like a turd in the wind. Do you feel we?**

Sly Sludge: What the Hell are you?

Venom revealed half of Eddie's face.

Venom and Eddie: **We are Venom.**

Venom then ate Sly Sludge like he was a piece of cake.

Venom (spits out Sly Sludge's head in disgust): Yuck! Not very tasty!

Me: Well he tastes like Smog and all that crud. I mean what do you think he's been poisoning our air with?

Venom: That's true.

Sly Sludge's spirit then appeared.

Sly Sludge (to Venom): I hope I gave you indigestion!

Venom (disgusted): Even your corpse doesn't give a lot of tasty value! We know that we only managed to eat off Ms. Henious' face but at least that part gave our taste buds a unique and tasty experience!

Me: That's true.

Nicole: And this slob and filthy freak will never poison our air ever again. (Chants an incantation) ALDRUON ENLENTHRANEL VOSOLUN LIRUS-NOR!

Sly Sludge's spirit went into the Book of Vile Darkness and I took Sly Sludge's ring and kept it as a trophy.

Nico: During the battle I also caught a Girafarig and a Forretress.

Me: Nice! Good job Nico and great job to all of you.

Linka (CP): (To the Viewers) It is never okay to poison the air with so much pollution or you'll be hurting the very air we breathe.

THE END

---

Another Fanfiction Complete.

Part 3 of the Earth Week Saga is done. Polluting the air is never okay and it can irreparably damage your lungs and affect your health. It also poisons the atmosphere and we have to do something to stop it and reduce Carbon Dioxide emissions. NicoChan11 gave me the ideas for this one. Thanks man as usual. Next for part 4 is Hoggish Greedly and we'll be covering endangered species, the effects of overfishing and how to save them. Let me know what you all think.

See you all next time

# The Animal Danger Planet Villain

## Part 1: Avalanche Rescue in Siberia

* * *

At the estate I was watching TV at 9:00 PM. Then the alarm went off.

Me: Uh oh.

The computer popped up and it showed that there was a tremendous avalanche in Siberia, Russia and it showed that someone was buried in 10 to 20 feet of snow.

Me: Oh man! I better get over there.

I flew off to Siberia.

* * *

I flew over the site of the avalanche and it was stormy and bone-chilling cold. I turned on my infrared vision and it found a person buried under 20 feet of snow. Barely alive.

Me: There!

I spun around and blew all the snow away and when there was only one foot of snow left I lifted it away and I got a shock when I saw who was buried under the snow! It was Bridgette!

Me: (Gasp) BRIDGETTE!

Bridgette was in really bad shape. She was covered in bruises and scrapes and she had a lot of broken bones.

I checked for her pulse and she had one.

Me: She's still alive. I have to get her to a hospital.

I picked her up bridal style.

Me: Hang on Bridgette. I'm gonna get you to a hospital.

I used Instant Transmission and beamed to a hospital in Canada.

Toronto, Canada

In Toronto, Canada I rushed into the hospital and Bridgette was rushed into surgery. As I waited for the doctor to come out, I was praying for Bridgette to make a safe recovery.

Me: Bridgette just hang in there.

The doctor came out.

Doctor: J.D.?

Me: Yes?

Dr. Nukoma: I'm Dr. Gary Nukoma of the trauma center. Bridgette is gonna be all right. She did however sustain bad injuries to her legs and her right arm. Some ribs were cracked and she has a minor concussion.

Me: Thank goodness doctor. Is she awake?

Dr. Nukoma: She is. The avalanche broke her right leg in two places and she has a twisted arm. Her left leg is broken. All in all, Bridgette is one lucky girl.

Me: She sure is.

I went into her room. She was in her aqua blue robe and she had a bandage on her head and her arm and legs were in a cast and she had an I.V. drip in her.

Me: Hey Bridgette.

Bridgette: J.D.? What happened?

Me: You were found over in Siberia, Russia buried under 10 to 20 feet of snow from a tremendous avalanche. You would've died if I hadn't saved you.

Bridgette gasped when she heard me say that and then she broke down crying.

I went over and sat on her bed and comforted her.

Geoff came in and he was worried.

Me: Hey Geoff. She's had a major traumatic experience.

* * *

When Bridgette calmed down Bridgette told us what happened. We were shocked.

Me: What!? Blaineley did this to you!?

Bridgette: Yeah. She kidnapped me and sent me to Siberia to meet a super fan and I never realized that it was all a ploy that would try to kill me.

Me: That's awful!

Geoff: This is not like Blaineley. You and I have known her on Celebrity Manhunt and Total Drama Aftermath. How can she do something like this?

Me: That's what I would like to know as well.

Bridgette's mom and dad and little brother and sister came in. They hopped onto her bed.

Little Bridgette: Sis what happened to you!?

Bridgette: I'm all right.

Bridgette's mom: Thank goodness you're okay sweetheart!

Bridgette's dad: Thank you so much for saving Bridgette J.D.

Me: You're welcome.

Blaineley then came in and I saw all of Bridgette's family looking at her with a menacing and hateful glare. Then I noticed something on the back of Blaineley's neck.

Me: Wait a second. Blaineley there's something on the back of your neck.

Blaineley: What is it J.D.?

Me: Hold still.

I move her hair and saw a bandage on the back of her neck and pull it off and under the bandage was a computer chip implanted into the back of her neck.

Me: It's some kind of computer chip.

Bridgette's dad: How did that get there?

Me: That's what I would like to find out.

I pulled the chip out and Blaineley had a tremendous headache.

Blaineley: (Groans) What a headache.

Me: Lets head back to Team Loud Phoenix Storm Estate and run an analysis.

Bridgette: Okay.

Me: Be careful Bridgette.

I rolled in a wheelchair and we went back to the Estate.

---

In the estate I was analyzing the chip and the computer revealed some very strange and very sophisticated technological details.

Me: This is a really sophisticated and highly unusual chip.

Bridgette: What is it?

Me: It's a mind control chip. It's full of artificially created neurotransmitter circuitry. Microwave controlled cerebral cortex stimulation. It also has some kind of piggyback mechanism in it that can erase the memory of what the person did while the chip was activated.

Blaineley had a bag of ice on her neck.

Blaineley: That explains why I don't remember sending Bridgette off to Siberia like that to her death.

Nico: Whoever built this chip really knew what they were doing.

Me: They sure did. Let me see if I can trace the radio waves to where they came from.

I typed in a sequence and it traced the radio waves to a house that is in the central part of the city. It pulled up a picture of who owns the house and we got a major shock! It belonged to none other than Scarlet!

We gasped in shock and horror!

Me: Scarlet!?

Bridgette: Scarlet tried to kill me!?

Me: She sure did.

Maria: So I guess being a bad guy is ok as long as Scarlet is doing it, huh?

Me: From the looks of things yes. She just will never learn. First she tried to blow up Pahkitew Island and take everyone on it with it, then she badmouths the entire Redemption Squad, and now she has the gall to try and kill Bridgette by making Blaineley do it against her will!

Bridgette: What a monster!

Geoff: That girl has some majorly serious problems!

Me: No kidding!

Nico: She's no longer welcome here! I'm going to run her out of this town!

Me: Go get her man! I got to report this to Chris.

Nico: Okay.

Nico went out the door.

---

20 minutes later on the outskirts of the city, Nico was standing on the edge of the city and Scarlet was standing on the border by the sign of Gotham Royal York.

Nico: You're a fucking hypocrite, Scarlet! About a month ago, you judged William, Maria, and Stewie for their past crimes and said that they couldn't be trusted! And yet you find it ok to do something like this?!

Scarlet: Fine! I admit that I did try to kill Bridgette and everyone else on Total Drama. But I still think you're a fool to trust Rockell and Dunbar. Who's to say that they won't eventually betray you?!

Nico: You are no longer welcome in my city, Scarlet. If I ever see you again, I'll kill you. Any chance of redeeming yourself is now gone! As well as any chance of us being friends! I'm a man of my word, Scarlet, and, from this day forward, you are my enemy. Don't ever contact me again.

YOU TELL HER!

Scarlet was exiled from the city and then she revealed her true colors! She let her hair down and her eyes glowed blood red with pure unrestrained evil!

Scarlet: I will kill you for this Chan! I will return and I will have my revenge! I will get stronger and everyone and everything you love and protect will die at my hands! I WILL KILL YOU FOR THIS! I SWEAR IT!

Nico pointed behind her and she left. Scarlet was exiled. She left through a portal that took her to an uncharted island off the coast of Antarctica.

He went back home.

---

Back at the estate I was talking to Chris McLean through a hologram video phone.

Chris: So Scarlet tried to kill Bridgette!?

Me: Yeah. She used Blaineley as a pawn to try and get revenge on me and all of my team on Total Drama. Trying to blow up Pahkitew Island and Badmouthing the entire Redemption Squad wasn't enough. Now she controlled Blaineley like a puppet and tried to kill Bridgette by burying her in a tremendous avalanche in Siberia.

Chris: Boy that girl has some majorly serious problems.

Me: Yeah she's the spawn of Satan. By all accounts her parents created a monster.

Chris: Yeah no kidding. So Bridgette will be out for 8 to 10 months?

Me: No. We managed to use one of Sora's healing potions and Nico used his Cure spell from Xehanort's Keyblade to heal her up. She's now in crutches for 2 weeks.

Bridgette: Two weeks is better than nothing.

Me: Yep.

Chris: I'm glad you're all right Bridgette. And me and Chef send you our sympathies. But what Scarlet did to you was completely unforgivable.

Bridgette: Thanks Chris.

Chris: You're welcome.

Me: Here's an idea Chris. You all sang some awesome songs in Total Drama World Tour that are Grammy Award winning right?

Chris: Yeah?

Me: Well I was thinking in Total Drama Galaxy coming up in the next 11 months, we sing songs. You saw how talented we were when we sang in the Seychelles.

Chris: I sure did and you all have an awesome talent. Singing songs again it is.

Me: It'll be like a mixture of American Idol, Star Trek, Star Wars, Fear Factor, Survivor and Amazing Race. 6 great shows squeezed together.

Chris: I know. I can't wait!

Me: This is gonna be awesome!

Chris: You got that right J.D. Let me know if you have anymore challenge ideas.

Me: You got it. I gave you 2 more earlier this morning.

Chris: True. You did. See ya around dude.

Me: Will do Chris my man.

I hung up. Blaineley was racked with guilt and it was gonna take a while for her to get over it. We put signs all over the roads 200 miles outside of Gotham Royal York and they said NO SCARLET'S ALLOWED! And underneath the Gotham Royal York Sign was a face of Scarlet and a Skull and Crossbones was behind her face. When Nico says a threat, he always goes through with it and this time there will be no mercy!

---

## Part 2: The Feral Ezekiel Strikes Back

Sammy was sleeping soundly. As she was doing so a shadowy figure crept into the house on the roof and went in through the air vents. Sammy was waking up just now and then she saw right on her bed the figure and she screamed loudly.

Sammy: AAAAAAAAAAAAAAHHHHHHHH!

Me and everyone bursted in.

Me: Sammy! Are you all…

I saw the figure and it was FREAK EZEKIEL!

Me: It's Ezekiel! And he's feral!

Ezekiel: How can that be me, eh? I'm right here!

Me: I'll never forget how ugly you were when you were feral Ezekiel. Lets see how primal he really is against me!

I growled and turned into J.D. the Nocturnal! It was gonna be a fight of the feral beasts.

Me: (GROWLING FEROCIOUSLY)

Freakzekiel: (GROWLING FEROCIOUSLY)

I crouched on all fours and I was looking at him with ferocious fury.

Ed: Oh this is way cool!

Edd: Indeed it is Ed. It's like what happens when two wolves meet. They growl at each other until one of them attacks or gives up.

Me: **Lets take this outside. We don't want to hurt anything here.**

Freak Ezekiel agreed.

Outside we were circling eachother. It was like I was about ready to fight Gollum from the Lord of The Rings.

Freak Ezekiel had eyes blazing red with predatory rage and bloodthirsty fury.

Me: **You make me sick looking at you freak! Chris had every right to do all those things to you Freak! He threw you off the plane, got you thrown into a mine full of toxic waste, and now you have the gall to come here to try and get Sammy.**

Freak Ezekiel roared in guttural fury.

Freak Ezekiel: (PRIMAL ROAR!)

Me: **You really are a freak! Bring it you son of a bitch!**

We went at each other and I slashed him in the face with my claws. And blasted him with black lightning and kicked him in the face and slashed him in the chest.

Freak Ezekiel then fired a massive blast of vomit at me and I dodged it and it hit the ground and melted it like acid.

Me: **Acidic vomit!? You are seriously fucked!**

Gwen: I've had it with this freak!

Gwen then pulled out a bazooka and a jar full of sulfuric acid.

Gwen had it aimed at Freak Ezekiel.

Me: **You make me sick Freakshow!**

Gwen fired the Sulfuric Acid and it hit Freak Ezekiel and melted him until he was a gory mess of bones and blood.

Me: **Wow! Nice shot Gwen!**

We cheered wildly.

I changed back.

Me: Gwen that was an awesome job!

Gwen: Thanks J.D. On Total Drama All Stars, Ezekiel was about to kill Chris for all the humiliation he was put through over the course of the entirety of the show.

Me: I remember that. And on World Tour he somehow turned feral. And on the 100th episode of the show on T.D.A.S. 1 he tried to kill Chris by boiling him in toxic waste.

Ezekiel: I can't believe I was like that, eh? I'm sorry I caused all that pain to all of you.

Duncan: It's all behind us Zeke.

Courtney: But we got rid of your evil feral freak clone.

Me: Actually Gwen is the real hero. She saved the show from having to deal with another Freak Ezekiel. I got to tell this to Chris.

I went to the Living Room and told Chris what happened. He was shocked by what went down.

Chris: Are you serious J.D.!?

Me: I'm dead serious Chris. A clone of Freak Ezekiel came and he was out to get Sammy to get revenge on her for kicking him all the way into the lake. And Gwen beat him by melting him with Sulfuric Acid fired from a bazooka.

Chris: Oh that was awesome!

Me: It was. She has a great shot as well. I faced Freak Ezekiel as J.D. the Nocturnal and it was in every way like a clash with two wolves on a nature documentary.

Chris: From the way you told me how it went down, it sure looked like it. But who made a clone of Freak Ezekiel?

Me: We don't have any idea. In fact we don't even know where he came from.

Chris: That's weird man. But at least we've seen the last of Freak Ezekiel. You saw what he did to me on Total Drama All Stars right?

Me: I sure did. We watched all the shows here in America and what he did was worse than all the insane challenges you put everyone through. But you did humiliate him throughout the entirety of the series.

Chris: True and I'm sorry about that. In all honesty I had no idea I was that ruthless and sadistic.

Me: I guess all those reruns here in America during the Sore Loser Fiasco really gave you a chance to reflect on what you've been doing.

Chris: It sure did.

We talked and we had now seen the last of Freak Ezekiel.

## Part 3: The Animal Danger Planet Villain

It was day 4 of our Earth Day Week and our project for the day and the contest was to help animals in a local animal sanctuary out. I was feeding steaks and meat to lions and bears. Nico was feeding fish to polar bears and seals.

Will and Lana were feeding a lot of frogs. They were feeding frogs flies and bugs.

Will (feeds some frogs): I'm actually a fan of frogs. I even have some frog stuff in my room.

Lana: You have a lot of talents in feeding frogs Will.

Sam S.L. and Poromon were feeding some chickens.

Poromon (to a chicken): What are you looking at?

Sam S.L.: (Clucks)

The chickens came to her and she fed them.

Poromon: That was great Sam.

Sam S.L.: Thanks Poromon. It's a talent I have. I just wish my brother could be here to see me now.

Luna: Hey Sam I promise we will find him.

Lincoln was feeding steaks to wolves.

Lincoln: There you go guys.

The wolves loved them.

Then Gaia appeared.

Gaia: Team Loud Phoenix Storm and Planeteers.

Me: What is it Lady Gaia?

Gaia: Hoggish Greedly is doing some overfishing down in Rio De Janeiro, Brazil. You have to stop him before they run out of fish completely.

Me: We're on our way.

We were off and we were learning all about Hoggish Greedly.

He is of pig-like proportions and lives to devour the Earth's natural resources. His love for over consumption extends to every aspect of his behavior and is particularly evident in his "sloppy" eating habits.

Greedly goes after precious gems and minerals, noble forests, endangered species - whatever will satiate his enormous appetite for any rare, nonrenewable resource. Wherever he strikes, Greedly leaves waste and destruction in his wake.

Hoggish Greedly's repugnant, hog-like looks are accentuated by his snuffling manner and snorting interjections. Greedly is well aware of his piggish mannerisms. In fact, he delights in using his grossness to frighten and disgust his opponents. His clothes may vary from episode to episode but his preference for a pig motif - whether in clothes, accessories or machinery - remains consistent.

Me: So he's a pig villain that specializes in harming animals that are endangered?

Kwame: Yes and he is a very sick monster.

Lincoln: I'm in the mood for some succulent and tender pork after this.

Me: Me too buddy. Lets turn that freak into roast ham and bacon!

Everyone: YEAH!

We arrived in Rio De Janeiro and we saw a boat loading numerous fish onto it and there were lots of fish on it. The men were that of Hoggish Greedly.

Me: Not this time. LIGHTNING!

I fired a blast of lightning from my ring and it hit the boat and electrocuted the men and numbed them and then the boat exploded.

KABOOM!

I grabbed the men and threw them towards the beach. On the beach, Hoggish Greedly was having a big lunch and he was eating disgustingly. Then the two men crashed by his feet into the sand.

CRASH!

Hoggish: (Coughs) What's going on!?

He saw his men in the sand and he pulled them out.

Hoggish: What happened?

Man: (Coughs) It's Team Loud Phoenix Storm and the Planeteers! They're here!

I swooped in and kicked Greedly in the face and he crashed into a bunch of umbrellas.

We landed by him.

Hoggish saw us and he was ugly.

Me: Boy you really are a disgusting pig.

Hoggish: Fuck you!

Me: Ooh. Did you kiss your mother with that mouth? And you are one ugly freak of nature.

Nico: Hoggish Greedly, you have failed this city!

Me: More like he has failed Earth and the Entirety of the Animal Kingdom.

Then a massive blast of lightning exploded out of the ground.

The Heartless that appeared before us looked like a golem made of pure lightning.

Lincoln: Tchang Zu?!

Terrifying Thundergolem: **Lincoln Loud. Such a displeasure to see you again.**

Me: Tchang Zu!? But Lincoln killed you!

Bai Tza: "Brother!?" How are the eco villains bringing all my dead brothers back!?

Me: That's what has me wondering as well.

Terrifying Thundergolem: **So you've encountered some of my brothers as well.**

Me: We saw Dai Gui and just recently Xiao Fung and now you.

Tchang Zu: **So you haven't encountered Shendu yet?**

Me: No. I have a feeling he's going to be a more powerful adversary than before when I killed him.

Lincoln: Lets have a rematch Tchang Zu. This time I won't be holding back!

Terrifying Thundergolem: **Then neither will I. Let's make things interesting, shall we? (punches the ground, making it electrified)**

We flew above it and Lincoln went at Tchang Zu and he punched him in the face.

Shrapnel (to Tchang Zu): You're not the only one who can use electricity!

Shrapnel fired a massive blast of lightning and it hit him and overloaded him.

Punch: It's Combo Time!

Shade Man: You got it!

Punch fired his photon beam and Shade Man fired a slash blade from his claws.

Punch and Shade Man: PHOTON SHADOW SLASH!

The attacks combined and turned into a pitch black blade of energy.

Tarantulus: It's our turn. Tarantulus TERRORIZE!

Tarantulus transformed and he fired his machine gun legs. Viper fired a blast if poison from her mouth.

Tarantulus and Viper (Kung Fu Panda): VENOM BULLETSTORM BARRAGE!

The Venom and Bullets hit the Terrifying Thundergolem and hurt him.

Elena: Final Smash time! I'll start. LIGHTNING STORMSHOWER!

Elena held her Keyblade up to the sky and a massive storm built up and lightning hit the Thundergolem all over the place with powerful lightning.

Shrapnel: My turn! LIGHTNING DEATHRAY!

Shrapnel fired a massive lightning blast and it hit the Terrifying Thundergolem and electrocuted him.

Bai Tza flew at him.

Terrifying Thundergolem (to Bai Tza): **You're wasting your time fighting me, Bai Tza. I just need to blast you and you'll be dead. Electricity is effective against water, remember?**

Bai Tza: But you're forgetting one thing "Brother." And that's water short circuits electrical items!

Bai Tza fired a powerful blast of water and it hit the Terrifying Thundergolem and short-circuited him and he was screaming in a lot of pain.

Lincoln fired a blast of lightning and sealed him into a statue. Lincoln stripped Tchang Zu of his powers and made them his own.

Bai Tza: Great job Lincoln.

Earth: Way to go Linky!

Earth hugged him.

Tchang Zu: **You will pay for this Lincoln. I will get out of this statue and make you wish you were dead!**

Lincoln: Not on my watch you will.

Me: Good job Lincoln. Now lets kill this ugly pig.

Lincoln: You got it J.D.

Hoggish then got into a robot suit and we went at him. It was a savage fight. Elena fired a massive blast of lightning and electrocuted him and it blew the left leg of his suit off.

Lincoln: This will come as a shock to you!

Lincoln channeled billions of volts of electricity and Hoggish screamed in excrucitating pain. Will kicked Hoggish in the nose and broke it. Shocker fired a massive blast of sonic energy and it hurt Hoggish's ears badly.

Venom: I'm getting hungry for some pork and he will be a tasty snack.

Me: You can have a leg and his lower body Venom.

Venom: Ooh tasty.

Venom kicked him in the face and punched him in the stomach.

Venom: Time to tenderize some pork.

Venom unleashed a ferocious flurry of punches and kicks onto him.

Rhino: Let me help with that buddy.

Venom: Be my guest.

Rhino pulverized Hoggish all over the place.

Laney: Flora lets add some herbs and spices to make this pig tasty.

Flora: You read my mind Laney.

Laney grew herbs and spices and added some flavor to him. Same with Flora and she added all kinds of vegetables and herbs.

I saw something stuck to a shack at the edge of a beach.

Me: Hey what's this?

I went over to it and saw that it was was a long thin dagger on a handle. In between the dagger and the handle was a ruby. Two golden thunderbolts came out of the handle. The handle was a small, yet wide handle, allowing for easy grasp.

Me: What is this?

I pulled it out and it had a powerful level of energy unlike anything I've ever seen or felt!

Me: Wow! What power!

J.D. 2: J.D. that dagger you pulled out is a mystical and powerful artifact called a Shen Gong Wu.

Me: A Tool of God?

J.D. 2: That's right and their power is incredible. It dates back to hundreds of years ago.

Shen Gong Wu (神工物 Shén gōng wù, lit. "God Work" or "Tool/Thing of God") were powerful magical objects created by Grand Master Dashi. The Shen Gong Wu activated one by one over a long period, and both the Xiaolin and the Heylin had ways of detecting their activation. The Xiaolin warriors had Dojo Kanojo Cho, and the Heylin villains had Wuya. Wuya grew more powerful with more Shen Gong Wu, so the Xiaolin Dragons-in-training had to collected as many as they could to stop her.

Wuya's story began 1,500 ago, where she fought a great battle between herself and the great Xiaolin Master Dashi in the first Xiaolin Showdown. Wuya pitted her dark magic against Dashi's Shen Gong Wu, and in the end Dashi was the victor and Wuya was imprisoned in a wooden Puzzle Box/Iron Spring. Then, Dashi spread his Shen Gong Wu around the Earth so no evil could ever lay the hands on them.

Me: Wow! It sounds like this Wuya character is really bad news.

J.D. 2: She is. And the powers of the Shen Gong Wu are unbelievably strong.

Me: Then we better be ready for her when the time comes. I want to see what kind of power these have.

J.D. 2: Okay. What you have in your hands is the Thorn of Thunderbolt. It fires a powerful and deadly blast of lightning.

Me: Wow! That is lethal and powerful.

J.D. 2: It is. In order to activate it just yell its name.

Me: Okay.

I went over to Hoggish.

Me: I'll take it from here guys.

I aim the Thorn of Thunderbolt at him.

Me: THORN OF THUNDERBOLT!

It fired a powerful and deadly blast of lightning at Hoggish and it electrocuted him with 10 billion volts of electricity. He was deep fried pork!

Me: Oh that was… AWESOME!

Lincoln: That was so cool J.D.!

Me: It sure was. But that's one less Eco Villain we have to worry about.

I take my sword and slash Hoggish in half at the waist line and gave it to Venom. He was eating it and Fuzzy and his nephews turned the rest of him into pork and bacon.

Me: (Eating a sandwich) Mmm. Good lunch and great job guys!

Venom: Good pork J.D.

Nico: This is a delicious lunch.

Lincoln: It sure is.

Me: Well Hoggish may be a bad guy, but he is a tasty and delicious bad guy!

We laughed at my joke. Nico got a Dunsparce and a Gligar during the battle.

Elena: (To the Viewers) Never overfish or harm the animals that are endangered. They are a part of our planet and we love them. We have to take care of them.

THE END

---

Another Fanfiction Complete

The first part of the chapter I got out of inspiration from SAGraphics1997 picture on Deviantart for Total Drama called "Total Drama: Visiting Hours" and that's what gave me the idea and the inspiration for it. Credit goes to you for the idea and inspiration. Thanks man. I really hate Hoggish Greedly, not only because of his looks but also because of his eating habits and how he threatens the lives of all endangered species. I also wanted to include getting the Thorn of Thunderbolt Shen Gong Wu to add some interest. We're gonna get the Shen Gong Wu to prepare for the fight with the Heylin and Wuya. Part 4 is done. NicoChan11 gave me the ideas for this one. Thanks man as usual. Next up is how Trash and Toxic Waste affects the oceans and the sea life and how we can clean it up.

See you all next time.

# The Toxic Waste Planet Villain

It was Day 5 of the Earth Week Project and we were over at the beach by the oceans on the American East Coast. We were picking up litter and garbage on the beaches and in the oceans. We were cleaning up the oceans and the beaches to make sure that no harm comes to the creatures of the land and the seas. We were picking up plastic soda ties, aluminum cans, glass bottles and even cleaning up paper and garbage.

Me: Boy a lot of garbage is here on the beach.

Lily: There sure is.

Laney: Hey Lily how did you know that Mr. Krabs was doing all kinds of bad things?

Lily: I'm not exactly sure myself. But I think that the ocean was telling me somehow by the feel of the water. I didn't know what to make of it but I knew Mr. Krabs was untrustworthy. So I waited until the time was right.

Me: Very clever and good thinking Lily.

Lily: Thanks J.D.

Maria was feeding her Horsea.

Maria: Guys, I have a faster way we an get all this trash out of the water.

Nico: And that is?

Maria: Me and Arixam can turn into our water forms and merge with the ocean. Then, we can get all of the trash out.

Me: That's a great idea Maria. Go for it.

Maria: Okay. Ready sis?

Arixam: You know I'm always ready sis.

Maria: AQUAMARIA!

Arixam appeared.

Arixam: This is gonna be so awesome!

Maria: You know it sis.

Maria went into her swimsuit and Arixam had an aqua blue bikini on.

Lincoln: Arixam you look incredible!

Arixam: (Giggles) (Strikes a pose) Like what you see Lincoln?

Lincoln: I sure do.

Earth: So do I

Wheeler (to Arixam and Maria): Nice swimsuits, girls.

Arixam (blushes): Thanks, Wheeler.

Maria: Lets get wet.

They went into their water forms and went into the ocean and went into their mermaid forms. Arixam had an aqua blue tail and they merged with the water. They combined with the water and manipulated it and out came lots and lots of garbage. And they put it all on the beach. There was a massive pile of trash and junk on the beach.

Me: Holy mackerel! Look at all that junk!

Lincoln: There sure was a lot of it!

Laney: I can't believe that we threw all this into the oceans so carelessly.

Me: Lets get cleaning up. Great job you two!

Arixam: Thanks J.D.

Maria: That is a lot of garbage.

Me: No kidding.

Gi: What people have been doing to the oceans is just sick.

Me: You don't have to tell me twice Gi.

We got to work and we found old rusted out aluminum cans, plastic soda ties, glass bottles and even old discarded fishing nets.

Me: These fishing nets are old.

Lana: They sure are. They look like they were used ages ago.

Nico: No kidding.

The fishing nets had holes and ruined floats on them.

Rikki: Ugh, look at all that garbage. I won't be surprised if any fish got killed from that.

Laney: Me neither. But I think we got all the garbage out of the oceans.

We kept sorting and my geiger counter started clicking.

Me: Uh oh. Radiation. There's something radioactive in here.

I Pulled out a barrel and it had the radioactive sign on it.

Me: Stand back guys! It's a barrel full of radioactive waste!

Wheeler: Whoa! Someone must've dumped a lot of it into the oceans.

Me: Looks like it. Lincoln you better call the HAZMAT division.

Lincoln: I'm on it.

Lincoln pulled out his cell phone and called them. Lisa, Starfire and me pulled out over 2,000 barrels of radioactive waste. The HAZMAT Division arrived and they were loading all the barrels into trucks.

HAZMAT chief: This is a lot of Radioactive waste you all found. Great job finding it and cleaning it all up.

Me: Thank you chief. This was all the radioactive waste that was illegally dumped into the ocean over the decades. And this was all the garbage that was dumped into the oceans over the years. There was a lot of it.

HAZMAT Chief: I can see that. Great job to all of you.

Me: Thank you chief. Whoever dumped all this waste probably has no recollection of it by now.

HAZMAT Chief: I have a feeling you're right J.D.

After the HAZMAT division left we got back to work.

Nico: So, Bai Tza, when exactly did you start doubting Shendu's lies?

Bai Tza: Well, it happened a few hours after Valmont and Shendu freed me. I came across a little girl trapped in a fire. The fire was no match for my water powers and I eventually managed to reunite the little girl with her family. After the family thanked me, that's when I started to doubt Shendu's words.

Me: That was a very heroic deed you did Bai Tza.

Xerneas: It sure was.

Jackie: I have to admit, Bai Tza. You really have come a long way. I mean, first, you were an evil demon sorcerer. And now, you're a Redemption Squad member.

Uncle (smiles): Uncle agrees, Jackie. (to Bai Tza) Uncle is very proud of you for proving yourself as a hero, Bai Tza.

Bai Tza (smiles): Thanks, Uncle.

Uncle (sternly): Do not tell anyone about this, though! Uncle does not want people thinking that Uncle has gone soft!

Bai Tza (laughs): My lips are sealed!

We laughed.

Wheeler: J.D. how come you're not being hurt by Radiation?

Me: I'm impervious to radiation and it makes me stronger. It's how I got a tail.

Lincoln: It's true. J.D. ate a radioactive marshmallow on Total Drama 3 years ago and it gave him his tail.

Kwame: I think I saw that.

Gi: That was a strange thing that Chris did. But I'm glad you all changed his ways.

Me: We're glad too Gi.

We got done with our cleaning at sunset. It took all day but we did it.

Me: Whew! Wow! What a day!

Ma-Ti: This was a lot of garbage we cleaned up.

Me: Yeah no kidding. And we're sweating like pigs.

Lola: You said it J.D.

Lana: I'll say.

Laney: But we did a great service to the oceans and the marine life. We cleaned them completely.

Me: We sure did.

Linka (CP): (Russian Accent) Guys, I have to go to Russia. It's to do something important.

Me: Okay Linka.

We went to Moscow, Russia and we were at a local graveyard near Moscow. We were in front of a grave for Linka's deceased cousin

Boris, who was killed by Verminous Skumm because of the Bliss drug.

Linka (puts some flowers at her cousin's grave): Boris, I am very sorry that you can't be here with us today. If I had just prevented you from taking that damn Bliss drug, you would still be alive. But I swear, Skuum will pay for taking you away from me!

I walked up to Linka.

Me: Linka, I'm so sorry about your cousin. Verminous Skumm will pay for everything he has done. I promise you. He will pay.

We went back home into the estate and we formulated a plan. While we were cleaning, Nico caught a Steelix and a Granbull.

Me: Okay before we set out to kill Verminous Skumm we need to know more about him. We already know he killed Linka's cousin Boris. But we don't know anything else.

Laney: J.D.'s right. We have to know who we are dealing with before any definitive course of action can be taken.

Wheeler: That's right.

Ma-Ti: Know you're enemy. That's a great saying.

Kwame: Okay. Here's what Verminous Skumm is.

He is a real dirty rat. Born and raised in a sewer, this towering "Verman" aims to mold the world in his image, and is determined to inherit the Earth. He is quite likely the most evil Captain Planet villain, as he is responsible for killing Linka's cousin by selling him a designer drug which he fatally overdosed upon, and harassed Todd Andrews, an HIV positive kid by making people hate and fear him by lying to them about HIV and AIDS.

Skumm fancies himself an agent of entropy with a mission to instigate chaos and degeneration in the natural order. He exults in humanity's every ecological mistake and helps to accelerate the environment's decline. His weapons are a loathsome intelligence combined with the cunning of a trapped rat, in addition to apparently quite skilled knowledge of chemistry and pathology. His rat pack inhabits only the most vile, degenerate environments of sewage and toxic waste, which they often use to aid in Skumm's odious plots.

Though standing seven-and-a-half feet tall, Verminous Skumm truly resembles a disease-ridden rat in every way, including the tail and claws. He wears a tattered blue jumpsuit and a red scarf around his head and face. His clothes are always dirty, torn and disheveled, as he spends most of his time underground - in sewers or the like.

Like all the villains in Captain Planet and the Planeteers, Skumm represents an ecological threat. In his unique case, he mainly represents not one but two evils: poor sanitation (With a particular focus on the spread of disease that comes about as a result of it), and social/ urban ills such as crime and bigotry. In the two-part Captain Planet episode, Mission to Save Earth, Verminous Skumm is among the five Eco Villains who create Captain Pollution. They did this by creating and using five Anti-Elemental Rings consisting of Deforestation, Toxins, Smog, Super Radiation, and Hate. Skumm's element was Toxins, perhaps used as an evil counterpart for Gi's Water ring. Unfortunately for the Eco Villains, Captain Pollution was destroyed and the Anti-Elemental rings along with him, leading Skumm and the other villains to flee.

One episode revealed that Skumm was (possibly) from an alternate/ past civilization that he helped guide into destruction through massive overpopulation. Alternate future versions of him are shown to be even more mutated, sporting an extra smaller head on his shoulders.

Me: So he's a mutated Bubonic Plague-filled mutant rat.

Wheeler: That's right J.D. and he want's to take over the world with an army of rats.

Lola: EW! I HATE RATS!

Me: I don't like them that much either Lola. Rats are diseased-ridden pests and they are the most repulsive creatures ever known.

Lana: I have a rat named Bitey.

Me: Bitey is the exception. But all rats are full of disease.

Lori: I know. I literally hate rats and mice too.

Me: Lots of people do. But also what is this Bliss drug that Skumm made?

Kwame: It's a very bad drug.

Bliss was a synthetic drug created by Verminous Skumm that made an appearance in the Season Two episode Mind Pollution.

It is a highly addictive substance that seemingly caused people that consumed it to become immune to pain, both physical and emotional. However, withdrawal from the drug is shown to be profoundly hard to experience, and users will do anything to take more Bliss rather than go without it. One of its known victims was Linka's cousin, Boris, who was responsible for getting Linka addicted by slipping Bliss into food that he gave her. Boris ultimately died from a combination of blood loss and a Bliss overdose, and his death convinced Linka to give up the drug.

The formula to create Bliss was destroyed by Captain Planet to ensure that the drug could never be manufactured again to harm more people. In the end of the episode, Verminous Skumm eats a piece of cheese that he doesn't realize is laced with Bliss. He realizes in horror that he has become addicted to his own drug.

Me: Geez! That drug is 1,000 times more addictive than Heroin.

Lisa: Indeed. A drug formula like that would be considered a very dangerous substance to the pharmaceutical and medicinal industry.

Darcy: It sure would Lisa.

Me: And it was this drug that killed Boris. Now Skumm will pay the Ultimate Price.

Nico: You got that right. He has failed the world and the worlds of medicine.

Me: Yep. So far he hasn't made his move. But when he does, we'll be ready for him. But until then lets devise a plan of attack.

Nico: I have an idea. Doesn't Skumm like cheese?

Gi: Yep. After all, he is a rat.

Maria: I get it! We'll lure Skumm into a trap using a trail of cheese. Pretty clever!

Me: Actually that's just a myth. Rats liking cheese has been proven to be just a myth.

Earth: J.D.'s right. We need to use something else.

Nico: I had no idea. But from the looks of things it worked on Skumm before.

Wheeler: It did Nico.

Me: But if it worked before, then we'll do it. But we have to make sure he can't escape so we have to tie him up by his arms and legs.

Stewie: I have just the kind of trap that will work. We'll use a cage trap.

Me: That's brilliant Stewie.

Stewie revealed a set of blueprints and it was similar to that of a Wile E. Coyote roadrunner cage trap.

Me: These plans are genius Stewie. It's perfect.

Stewie: Thank you. And the bars are narrow and made of reinforced Titanium. He won't be able to get out of this one.

Me: Great.

Gali: As long as we get to take a crack at him to make sure he pays for his crimes.

Nokama: I know.

We went to sleep.

We woke up and had breakfast. We had pancakes and French toast.

Me: Mmm. Good French Toast.

Laney: It sure is.

Later as we were watching TV and Gaia appeared.

Gaia: Team Loud Phoenix Storm and Planeteers.

Me: What is it Lady Gaia?

Gaia: Verminous Skumm is on the move and is trying to poison Sydney, Australia with his Bliss drug.

Me: We're on our way Lady Gaia.

We set out for Sydney, Australia.

We got to setting up our trap.

Brian: This reminds me of when me and Peter always lure James Woods into a trap.

Me: I heard about that Brian. He used the old box trap. That is an ages-old trap that was commonly used.

Brian: It was.

We got the trap set up and we had Cheddar cheese as the bait. We covered the trap up and had the bait set up.

Me: Okay. The trap is all set.

We went and hid in the bushes and waited. 20 minutes later we saw a periscope pop out of the ground and out came VERMINOUS SKUMM! He crawled over to the cheese.

Skumm: I love cheese.

He started eating it and the trap sprung.

Skumm: What the!?

CLANG!

The cage trap trapped him!

We walked up to him and he saw us.

Skuum: Should've known I'd be walking into a trap.

Linka: Remember Boris? The boy you got killed using Bliss?!

Skuum: Of course I do. But what does it matter to you anyway?

Linka (angry with tears in her eyes): EVERYTHING! (punches Skuum in the face)

Nico: Verminous Skumm you have failed this planet!

Me: You will pay for everything you've done. You murdered Linka's cousin Boris and now you will answer for your crimes when we send you off to Hell!

Skuum: I don't know why you Planeteers chose now to be harsh on me. If you had been harsh on me at the beginning, then you would've saved a lot of people pain. Including your loved ones!

Me: Then we're about to start right now!

Then we felt tremendous footfalls!

Me: What the!?

Nico: What in the world is that!?

Me: It's huge whatever it is. But I'm sensing Heartless coming.

Skumm: Oh I have a huge friend.

We saw a huge Heartless.

The Heartless that appeared before us looked like a female giant made of solid rock.

Ed: Po Kong?!

Mountainous Heavyweight: **Hello, Ed! I never did get to eat you!**

Me: Po Kong!?

Bai Tza: Sister!? How are you a Heartless?

Mountainous Heavyweight: **It's a funny story sister.**

Skuum: She's not the only Heartless you have to worry about!

Another Heartless appeared. This one was a witch made of pure black water.

Courage: The Queen of the Black Puddle!

Bai Tza: You think she's still mad that the three of us killed her?

The Dark Water Devil roared.

Maria: Yep! She's still mad!

Me: This is gonna be rough guys! Lets power up!

We powered up and transformed.

Inferno (BW): Inferno TERRORIZE!

Inferno transformed.

Nico: Destroy that monster Inferno! (Points to the Dark Water Devil)

Inferno: Yes my boss.

Inferno fired a blast of fire and incinerated it.

Gi: Why did we get stronger when the Queen of the Black Puddle's

Heartless was destroyed? That didn't happen when we killed those other Heartless.

Me: She was pure evil and we have the ability to get stronger by absorbing negative energy and converting it into positive energy. It makes us far more powerful.

Gi: That's amazing.

Kwame: It sure is.

The Mountainous Heavyweight then grabbed Ed and ate him. She swallowed him.

Mountainous Heavyweight: **Mmm. Tasty.** (LOUD BELCH)

Me: You are disgusting Po Kong.

But then something happened inside her. A bulge in her chest formed and Ed exploded out of her chest as Edzilla and the burst-out splattered mud and tissue made of pure mud all over the place.

Everyone: EW!

Lana: Oh that was cool!

Me: Very clever using the Chestburster method.

Nico: It sure was.

Maria: Lets get this freak!

Luna: Lets do it dudes!

They went at the Mountainous Heavyweight and it was a savage and merciless beatdown. Luna fired a powerful blast of singing water at the Mountainous Heavyweight and it hit her square in the face and she punched her in the face with devastating force. Maria slammed a fist made of pure water into the Mountainous Heavyweight's big belly and she belched out a tremendous amount of mud and dirt from the hole in her chest and her mouth. Lily fired an enormous blast of glowing water and it hit her in the face and knocked out some of her crystal teeth. Varie whistled and a whale jumped out of the water and it slammed onto the Mountainous Heavyweight with a tremendous and thunderous thud. Varie got the whale off and Irma fired a massive blast of water at the Mountainous Heavyweight.

Misty: Lets go Gyarados!

Gyarados came out and Misty spread her wings.

Misty: Gyarados, Dragon Rage!

Gyarados fired a massive blast of blue and black energy fire and it turned into a dragon and Misty fired a powerful ice beam blast. They hit the Mountainous Heavyweight and exploded with incredible power!

KRABBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion blew a hole into the Mountainous Heavyweight's big belly and she belched out even more mud and earth. Gali slashed her with her axe swords and fired a powerful blast of water and it slammed into her with devastating force and Nokama fired another blast of water and it slammed into her.

The Mountainous Heavyweight got up.

Mountainous Heavyweight: **You have a great teamwork. Too bad it won't be enough.**

She went up to Jackie Chan.

Mountainous Heavyweight (to Jackie): **Chan!** (picks up boulder) **Any last words?**

Edzilla (gets up): Ed… (Mountainous Heavyweight turns towards him)… SMASH! (punches the ground, making Mountainous Heavyweight fall down)

The Mountainous Heavyweight fell down.

Me: Lets finish this overgrown tub of lard!

Ed and Leni fired a massive blast of magic and they sealed Po Kong into a statue and Leni got Po Kong's powers as her own.

Me: Now for Skumm.

We walked up to Skumm.

Thundercracker: J.D., me and Skywarp found all of Skumm's entire supply of the Bliss drug and destroyed it completely.

Me: Good work Thundercracker.

We walked up to Skumm still trapped in the cage.

Skuum: Go ahead and kill me. It won't bring back your precious cousin B-

Linka (grabs him by the throat): You don't get to say his name!

Nico: Not even criminals like Bane and Luthor would commit the crimes that you've done!

Skuum: I guess that's why I wasn't invited to the Legion of Doom.

Me: This time you won't ever be welcome here Skumm. Attack!

We busted the cage and Maria fired a powerful blast of water that sent him into the sky. Arixam jumped up and slashed Skumm with her water swords and chopped his tail off.

Juvia: (Echoing) WATER CYCLONE!

Juvia casted a whirling torrent of water which resembles a cyclone. It hit Skumm and soaked him.

Gray: (Echoing) ICE-MAKE: LANCE!

Gray extended his arms forward, creating long, curved ice lances that he shot towards Skumm, impaling him. Bai Tza fired a massive blast of water and soaked Skumm. William fired a blast of ice from his blaster and froze Skumm.

Luan: This one is going to Light you up! (Laughs) Get it? But seriously it will.

Luan fired a massive blast of light at Skumm and it burned him in the chest. Shego fired a powerful blast of green fire and burned him. Stella fired a blast of light from his hand.

Thunderblast rode on a wave of water created by Maria.

Thunderblast: WHOO! Lets make this rat stew!

Divebomb agreed.

Thunderblast: CYBER KEY POWER!

The Earth Cyber Planet Key went into Thunderblast's rocket launcher and made it a bigger rocket launcher.

Thunderblast: It's combo time!

Thunderblast fired numerous massive laser blasts and Divebomb dove.

Thunderblast: EAGLEMISSILE BARRAGE!

Divebomb (Energon) went at Skumm and pulled up and the laser blasts hit Skumm and exploded.

KRABOOOM! KABOOM!

Garurumon: It's our turn Matt!

Matt: Lets get him Garurumon!

Garurumon: I'm always ready for anything Matt.

Sandstorm: Lets get him.

Sandstorm went into his helicoptor mode and fired missiles.

Garurumon: (Echoing) HOWLING BLASTER!

Garurumon fired a powerful stream of blue energy from his mouth.

Sandstorm and Garurumon: DESERT WOLF ASSAULT!

The missiles combined and turned the energy blast into a deadly wolf of pure energy and it hit Skumm and exploded.

KRABBOOOOOOOOOOOOOOOMMM!

Brawl: It's combo time Inferno.

Inferno (BW): You got it Brawl!

Brawl fired his electron gun and Inferno fired a flamethrower blast.

Brawl and Inferno (Beast Wars): PYROCUMULUS STORM BLAST!

The blasts combined and turned into a deadly pyrocumulus cloud that struck Skumm with lightning.

Cleo: Time to test out my new hardware. WINGS OF TINABI!

Cleo had a backpack-like device on her back and it opened and grew eagle wings and she flew and the wings left a rainbow vapor trail behind.

Me: Oh wow! That is so cool!

J.D. 2: That is a Shen Gong Wu called the Wings of Tinabi. It's a special transportation Shen Gong Wu that enables the user to fly with the wings of an eagle while leaving a rainbow vapor trail behind.

Me: That is awesome! And she can fly very fast with it. I wonder where Cleo found it.

J.D. 2: That's what I would like to know.

Cleo flew up to Skumm at a blazing speed and she punched him with powerful force and a fist with ice on it formed into a spike ball.

Me: It's final smash time!

Lily: I'll start us off! GLOWING TSUNAMI SLAM!

Lily fired a massive blast of glowing water and it slammed into

Skumm with devastating force.

Bai Tza: My turn. 巨型水波龙 (Translation: MEGA WATER WAVE DRAGON)

Bai Tza fired a massive blast of water that turned into a deadly and ferocious dragon made of pure water and it slammed into Skumm with devastating force.

Gi: My turn. MEGATSUNAMI SPEAR SLAM!

Gi fired a bunch of spears made of pure water at Skumm and they hit him and impaled him and exploded.

Luna Loud: My turn dudes! SIREN WATER SONG!

Luna sang loud and a massive blast of water exploded out of her mouth and it hit Skumm and exploded.

Cleo: Time for the grand finale girls!

Rikki: You got it Cleo!

Emma: Lets do this!

Bella: Yeah!

Cleo, Emma, Bella and Rikki: OCEANIC SMASHER FORCE!

They fired a massive blast of water and it hit Skumm with devastating force and sent him crashing into the ground!

I pulled out my 50 caliber pistol and put a bullet in it.

I spun the barrel.

Me: Linka. He's all yours.

I handed her the gun.

Linka: Thank you J.D.

Linka walked up to Skumm and pointed the pistol at his head in between his eyes.

Linka: This is for Boris you monster! Go to Hell and stay there you son of a bitch!

She pulled the trigger.

LOUD BANG!

Linka blew Skumm's head right off his body and killed him instantly.

I fired a powerful energy blast and vaporized him.

Wheeler walked up to Linka and she cried hard and grieved for Boris. Wheeler comforted her.

Skumm's spirit appeared.

Wheeler (to Skuum's spirit): It's over for you, you filthy vermin. And Captain Pollution's next!

Nicole: And you will never poison our planet ever again!

Nicole sealed Skumm's spirit into the Book of Vile Darkness and I kept Skumm's Ring of Toxins as a trophy. Ed and Leni kept the statue of Po Kong.

Gi: (To the Viewers) This was an eventful Day for all of us.

Me: It sure was Gi.

THE END

---

Another Fanfiction complete

Part 5 is done. This chapter covered the effects of what garbage and Toxic Waste does to the oceans and the marine life. It's not pretty. Verminous Skumm was by far the worst enemy of them all and he killed Linka's cousin Boris indirectly in cold blood! He was a disgusting Bubonic Plague-ridden scum-sucking puss filled rodent! NicoChan11 gave me the ideas for this one. Thanks mans as always. Next up is Captain Planet's polar opposite and ultimate enemy: Captain Pollution! And that chapter is going to show us the effects of all forms of pollution in general. Let me know what you all think.

See you all next time

# The Ultimate Form of Pollution

Scene opens to an extremely polluted city.

Narrator: Our world is in peril! Gaia, the spirit of the Earth can no longer stand the terrible destruction plaguing our planet.

Gaia fired a purple blast of energy into the air and it formed into 6 orbs of energy that turned into 6 magic rings.

Narrator: She sends 6 magic rings to 6 very special young people.

The Earth symbol showed 6 people running on it as the rings went to them.

Narrator: Kwame - From Africa, with the power of Earth!

Kwame fired a green energy blast from his ring that formed a mountain and it stopped poachers driving a jeep as they were trying to get away.

Scene changes to Duke Nukem driving a truck full of nuclear materials and the police are on his tail.

Narrator: From North America, Wheeler with the power of Fire!

Wheeler was hovering in the Planeteer jet and he fired a red blast of energy and it melted the street and Duke Nukem drove into the melted street and the police caught him. Scene changes to numerous logs being turned into lots and lots of paper courtesy of Dr. Barbara Blight and Sly Sludge.

Narrator: From Eastern Europe, Linka with the power of Wind!

Linka fired a blast of white energy and it blew the paper around and tied up Dr. Blight and Sly Sludge. Scene changes to Looten Plunder cutting trees down all over the place.

Narrator: Also from North America, The leader of the almighty Team Loud Phoenix Storm, J.D. with the power of Lightning!

I fly over the land and fired a blast of lightning from my ring and it blew all the clear-cutting machines apart and electrocuted Looten Plunder and all his men. Scene shifts to the ocean.

Narrator: From Asia, Gi with the power of Water!

Gi fired a blast of blue energy from her ring as she surfed on a wave and she formed a tornado of pure water and it entangled Hoggish Greedly in a fishing net and freed a dolphin. Scene shifts to a jungle on fire and animals are running for their lives.

Narrator: And from South America, Ma-Ti with the power of Heart!

Ma-Ti fired a yellow blast from his ring.

Animation changes to a scene where all six of us fire our ring powers all at once.

Narrator: When the 6 powers combine, they summon Earth's greatest champion, CAPTAIN PLANET!

The powers called forth the mighty Captain Planet, defender of all things good on Planet Earth!

Planeteers: GO PLANET!

Captain Planet flew in and blew water onto the burning jungle and extinguished the fire.

Intro Song for Captain Planet And The Planeteers plays.

Kwame: EARTH!

Wheeler: FIRE!

Linka: WIND!

Me: LIGHTNING!

Gi: WATER!

Ma-Ti: HEART!

Planeteers: GO PLANET!

Captain Planet emerged.

Captain Planet: By your powers combined I AM CAPTAIN PLANET!

(Woman Singing) CAPTAIN PLANET, HE'S A HERO. GONNA TAKE POLLUTION DOWN TO ZERO. HE'S OUR POWERS MAGNIFIED AND HE'S FIGHTING ON THE PLANETS SIDE.

CAPTAIN PLANET, HE'S A HERO. GONNA TAKE POLLUTION DOWN TO ZERO. GONNA HELP HIM PUT ASUNDER BAD GUYS WHO LIKE TO LOOT AND PLUNDER.

Looten Plunder: YOU'LL PAY FOR THIS CAPTAIN PLANET!

Planeteers: (SINGING) WE'RE THE PLANETEERS! YOU CAN BE ONE TOO. 'CAUSE SAVING OUR PLANET IS THE THING TO DO. LOOTING AND POLLUTING IS NOT THE WAY. HEAR WHAT CAPTAIN PLANET HAS TO SAY!

Captain Planet: THE POWER IS YOURS!

---

It starts with us in a graveyard. It was day 6 of our Earth Week Project. But before we got started we were at the aforementioned graveyard in front of a memorial. We were at the graveyard for a reason. Today was April 20th, 2019. And it was also the 20th anniversary of one of the darkest days in American history: The Columbine High School Massacre. We were at the graveyard in Littleton, Colorado paying our respects to the 13 people that died in this horrific tragedy. I wasn't born back then but it was a horrible day for all of us. 20 years ago today on April 20th, 1999 two high school kids Eric Harris and Dylan Klebold walked in with a load of guns and bombs and killed 13 kids and teachers and killed themselves. 24 survived with non-fatal injuries. It was without a doubt the worst ever massacre in the history of the United States of America.

Lori: This is literally awful.

Laney: I can't believe those 2 kids did this to this school 20 years ago today.

Me: Yeah. It was absolutely horrible what they did. These were killings all motivated by revenge and for the sheer thrill of it.

Varie: I can't believe this happened and those 2 kids needed a lot of psychological therapy.

Aylene C.: The warning signs were never detected.

Lincoln: And this all happened anyway.

Sasuke: It's just absolutely horrible at what those two kids did to these people. It's awful and I thought the massacre on my clan was bad.

Wheeler: Yeah.

Me: And they had their lives senselessly cut short by two kids out for Vengeance. Lets pay our respects to these kids and those that have survived.

We got on the ground and prayed to them and paid our respects to them on this tragic day. We said a prayer for them.

---

Back at the estate we were discussing about what to do for our Earth Week project.

Flik: So, what environmental activity are we going to do today?

Me: We're going to be discussing about all the effects of pollution in general.

Gi: That's a great idea J.D.

Wheeler: You know what I just realized? We never called Captain Planet yet.

Me: No we haven't. And we just recently joined the Planeteers.

Kwame: That's right.

Gi: I wonder how Captain Planet's doing. I hope he's ok.

Captain Planet just got done fighting space pirates sent by Kanjar Ro.

Captain Planet: I wonder how the Planeteers are doing. I hope nothing bad's happened on Earth in my absence.

Bubble Man: Maybe we should have Captain Planet hang out with us to make him feel like part of the team.

Me: That reminds me. Wheeler you said before Skumm was sealed into the Book of Vile Darkness that Captain Pollution is next. Who is Captain Pollution?

Kwame: He is the exact opposite of Captain Planet.

He is an evil clone of Captain Planet who exists with a completely destructive and insane personality to make the world a pollution-filled cesspool. He is one of the superhero's most powerful enemies due to Captain Planet weakness to pollution, though Captain Pollution, in turn, is weakened by the natural elements of the Earth, such as water, clean air, sunshine, etc.

Me: Whoa! This guy is pure evil to the core!

Lincoln: He's Captain Planet's Evil Twin.

Laney: Instead of protecting the planet he wants to destroy it.

Lori: Literally the exact opposite.

Lana: How are we gonna kill a creep like Captain Pollution?

Me: He's immortal and in every way like me and he can't be killed by conventional methods or our powers. But he is weak to the natural elements.

Laney: I have an idea.

Me: What you got Laney?

Laney: Remember how me and Crysta sealed away Hexxus into another enchanted tree?

Me: I'll never forget that Laney.

Lincoln: Yeah that was so awesome!

Laney: Me and Crysta can do the exact same thing to Captain Pollution.

Me: That's a great idea Laney. It just might work. If he's eternally sealed into a tree then he'll die and become one with all of nature. The very thing he's trying to destroy.

Luan: That is a cruel twist of irony for him.

Lynn: It sure is.

Me: But in order for that to happen we would have to summon a tremendous amount of Nature's life energy.

Laney: I can do that. I can send a message to Pips and everyone in FernGully to help us.

Me: Okay. We have to make sure that Captain Pollution never returns.

Linka (CP): (Russian Accent) It's not gonna be an easy fight but we can do it.

Lola: We sure can!

Bai Tza: Guys I just noticed something.

Maria: What is it Bai Tza?

Bai Tza: I noticed that with every Eco Villain we fought, one of my former siblings were with them.

Me: I know it's like a blast from the past in Heartless form.

Vince: First was Dai Gui.

Lori: Then Xiao Fung.

Lincoln: Then Tchang Zu.

Leni: And now Po Kong.

Me: I have a very strong feeling that Shendu is coming.

Bai Tza: And if that wretch that was once my brother appears then he will die.

Me: I killed him Bai Tza.

Jackie: And without a strong doubt he will try to get revenge on me. I foiled all his plans.

Me: I remember that Jackie. And we'll be ready for him. So far all of Bai Tza's siblings were turned into Heartless made of different elemental forces in their pure form. The Volcanic Minotaur was pure lava, the Cyclonic Toadblower was made of pure wind, the Terrifying Thundergolem was made of pure lightning and the Mountainous Heavyweight was made of solid rock. I have a strong feeling that Shendu's Heartless is gonna be made of pure fire, Tao Lan's Heartless is gonna be made of pure lunar light and Hsi Wu's heartless will be made of pure metal.

Jackie: I have a feeling you're right J.D.

Bai Tza: It's just absolutely awful that we did all kinds of terrible deeds over the course of 900 years. I was so blind for all those years.

Sam S.L.: It's not your fault Bai Tza. If anyone is to blame it's your former siblings.

Then Gaia appeared and she didn't look good.

Me: Lady Gaia what's wrong?

Gaia: (Weakly) It's Captain Pollution! He's destroying all of Erta Ale.

Me: In Ethiopia?

Gaia: That's right. You have to stop him.

Me: We're on our way Lady Gaia. Hang in there.

Gaia vanished.

Me: We have to do this now. Laney you better gather your power.

Laney: Okay J.D.

Laney stood in a meditative position and she started to glow. Thunder rumbled and a choir vocalizing was heard. The whole city and all of nature all over the area began to glow and all of natures powerful life energy began to flow right into Laney. We were amazed as Laney was glowing in a powerful sky blue aura and her energy levels were rising at an astronomical level. When it was done, Laney was completely infused with all of natures power.

Me: Laney? How do you feel?

Laney opened her eyes and her sclera were glowing aqua blue and she had a tree full of life emblazoned in the middle of her forehead.

Laney: (Echoing Voice) **I feel incredible J.D. And the power of all of nature will help us.**

Me: Incredible.

Lincoln: Laney you look unbelievable!

Lana: Yeah you look like you can take on the most evil of all threats to the planet.

Lola: Yeah!

Laney: **I know. Lets go get Captain Pollution.**

Me: You got it. Kwame we need to summon Captain Planet!

Kwame: Let our powers combine. EARTH!

Wheeler: FIRE!

Linka: WIND!

Me: LIGHTNING!

Gi: WATER!

Ma-Ti: HEART!

6 beams of light fired into the sky and combined and out of the blast came CAPTAIN PLANET!

Captain Planet: BY YOUR POWERS COMBINED, I AM CAPTAIN PLANET!

He landed by us.

Me: Captain Planet it's such an honor to meet you.

Captain Planet: You too J.D. I heard a lot about you and all the good deeds you have been doing.

Me: We get that all the time.

Captain Planet (to the Planeteers): I'm very proud of you all for defeating the other eco villains by yourselves.

Me: Thanks Captain. But he have a huge problem. Your evil twin Captain Pollution is causing problems in Ethiopia.

Captain Planet: Lets go then.

We were off to Ethiopia.

---

We were flying over Africa. We arrived in Ethiopia and we saw the entire land area around Erta Ale completely on fire and black smoke was billowing into the sky at an incredible rate.

Me: Wow. What an inferno.

Lola: What is causing that?

Me: It's not just Captain Pollution. This is the work of something else.

We went into the inferno and we saw Captain Pollution making things worse.

Me: So that guy is Captain Pollution.

Captain Planet: That's right. He's my evil twin always trying to destroy everything.

Me: This guy really is pure evil. THORN OF THUNDERBOLT!

I fired a powerful blast of lightning at him from the Thorn of Thunderbolt and it him him and exploded.

KRABOOM!

It blasted a hole in his back.

Lola: Nice shot J.D.

Me: Thanks.

Captain Pollution flew up to us.

Me: Captain Pollution in the toxic flesh.

Captain Pollution: J.D. Knudson and all of Team Loud Phoenix Storm. And you have Captain Planet and his Planet Weaklings.

Me: For your information you planetary biohazard, they are the Planeteers and our friends and teammates. You've tormented our planet for far too long and now you live pay for everything you've done. You've caused all this destruction and you will now pay for it.

Captain Pollution: Oh I didn't cause all this. (Points to something) He did.

We saw a creature of pure fire!

The Heartless that just appeared was a dragon made of pure fire that's hotter than the sun.

Jackie: Shendu?!

Inferno Planetkiller: **You and I have a score to setttle, Jackie Chan!**

Me: Shendu!? But I killed you!

Inferno Planetkiller: **Yes you did J.D. and now I can kill you after I kill Jackie Chan!**

Me: You want to get to Jackie, you'll have to go through me!

Bai Tza saw Shendu reborn as a Heartless and she was shocked as all get out. But that shock quickly turned into incredible rage! She fired a massive blast of water at him and a massive cloud of steam came off him and he screamed in pain.

Bai Tza: You make me sick just looking at you "Brother"!

Inferno Planetkiller: **Dear sister. How could you be so blind?**

Bai Tza: No "Brother", it is you that is blind. I've lived for 900 years and I had to endure the hardships of being a Demon Sorcerer and I've had to put up with all of your pathetic lies! One after the other. You are a disgrace and I should've killed you all those years ago.

Lola: Wow! Jackie I didn't know Bai Tza had a horrific vendetta against Shendu.

Jackie: All of Bai Tza's siblings had a massive vendetta against him.

Me: That is one powerful grudge. And she lived for 900 years harboring such a hateful vendetta? That's awful.

Girl Jordan: No kidding. But I'm glad I helped Bai Tza come into the light.

Me: I'm glad you did G.J. Bai Tza, I killed Shendu so I'll deal with him.

Bai Tza: Okay J.D. Show no mercy on him.

Me: With pleasure.

I walked up to him and I was looking into his eyes full of righteous fury.

Me: Shendu I will never forgive you for all the pain and suffering you've caused over the centuries.

Inferno Planetkiller: **If it wasn't for Jackie Chan, I would still have my empire.**

Me: You will never torment our planet ever again Shendu. Also I'm not the same as I was back when we fought the last time.

Inferno Planetkiller: **How so J.D.?**

I had a ring of fire appear around my feet and I was enveloped in a massive vortex of pure fire and it turned into a phoenix. When the vortex faded I was now in my Super Ebonwu 30,000 Phoenix Angel form.

Me: This is how. I'm now more powerful than ever. Shall we dance?

Inferno Planetkiller: **Lets.**

(Battle of The Heroes Theme from Star Wars III plays)

We went at each other and I punched Inferno Planetkiller in the face and kicked him in the stomach. Inferno Planetkiller forms a sword of pure fire and I unsheathed my sword and we clashed our blades. We were clashing our swords at a powerful and ferocious rate of such unimaginable power that it was incredible. Sparks and embers were flying everywhere and setting much of the land on fire and the whole area around the volcano was turning into a raging and massively epic conflagration of incredible fury. I fired a powerful blast of energy at Inferno Planetkiller and it hit him and exploded and I kicked him in the face and slashed him in the face and stomach.

Me: You've tormented our planet for the last time Shendu. For 900 years you've ruled and I destroyed your reign for good.

Inferno Planetkiller: **I remember that. You destroyed me in the clouds of Jupiter.**

Me: Yes. And since we're not in those clouds I figured it might as well be here where you will never torment our planet ever again.

Inferno Planetkiller: **Bold words from a human. Maybe I'll put them on your tombstone.**

Me: This fight isn't going to be over until one of us is standing. And it's not going to be you Shendu.

Inferno Planetkiller: **You are right.**

Me: Nice to know that we agree. Now it's time for you to say hello to Oblivion!

I went at the Inferno Planetkiller at a blazing speed and kicked him in the stomach with incredibly devastating force and then I fired a blast of magic that sealed him into a statue once again and stripped him of his powers and made them my own.

Shendu: **NOT AGAIN!**

Me: Yes again. And you're gonna be a great trophy for me. Now there's only one thing left undone.

I went to join the battle with Captain Pollution.

Captain Planet: You won't get away with everything you've done Pollution.

Planeteers: GO PLANET!

Captain Pollution (grabs Captain Planet by the throat): Look at everyone's favorite environmental hero now, you stupid pathetic waste! (punches Captain Planet) You've been serving the Earth for too long, Captain Planet! Now your time is up! (punches him again) And don't worry. I'll take good care of your precious Planeteers!

Nico swooped in and kicked Captain Pollution in the face and punched him several times in the stomach and kicked him in the chest with devastating force.

Nico: Captain Pollution you have Failed the entirety of the Universe.

Captain Pollution: You will fail this universe like everyone I will destroy!

Me: Not likely freak!

I punched him in the face with devastating force and fired a blast of water at him and it weakened him.

Me: You will pay for tormenting our planet Pollution!

Captain Pollution: Not if I kill you all first.

Nico: Bring it on you freak!

I went at Captain Pollution and punched him in the face and I fired a powerful blast of fire at him and burned him and Captain Pollution fired a powerful blast of energy at me and I did the same and our blasts collided and they exploded.

KRABOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMM!

Lori called her spears of wind and spun them rapidly and fired a massive dragon of pure wind at Captain Pollution. It hit him and spun him around in a massive tornado of wind and Luna and Maria fired a massive blast of water and drenched him in water. It substantially weakened him.

Carol fired a blast of lava at Captain Pollution with Baragon's Lava blasts and she fired a blast of Destoroyah's Micro-Oxygen ray. The blasts hit him and exploded.

KRABOOOM!

Vince and Carol held hands and fired King Ghidorah's Gravity Lightning and it hit him and exploded all over him.

Lana fired a blast of ice lightning and froze Captain Pollution. Lola fired a blast of fire and burned him and Lincoln and Linka fired blasts of lightning and electrocuted him bad. Carol flew up to him and had her hand in a karate chop form and it glowed orange-yellow and she slashed him in his chest and blood made of sludge and grime exploded out of him from the wound.

Me: Yuck! That was Destoroyah's Horn Katana. Deadly and powerful.

Captain Pollution belched out some sludge blood.

Captain Pollution: I will destroy us all before I let you all live! Either way you all will never make it out of here alive!

Me: We'll see about that!

Captain Pollution put his hands together and channeled all his power into a red energy ball. He had it float up into the sky.

Captain Pollution: Guess what? I just had a brilliant idea. I figured out how to beat you.

Me: Hmm?

Captain Pollution: Your power is all amazing but there's more to winning than that. Sometimes it's the smartest one that wins. Not the strongest! (Laughs Insanely)

The energy ball powered up.

Me: Uh oh.

J.D. 2: J.D. he's going to destroy the planet Earth like with how Frieza destroyed the planet Namek!

Me: (Gasp) That's not good!

Captain Pollution: NOW SAY GOOD-BYE TO EARTH!

He fired the energy ball down to the planet.

Me: Oh no!

Captain Pollution: DIE PLANET DIE!

But before the blast could hit the planet Nico teleported and caught the energy ball.

Nico: Nice try Pollution. But I know all of Frieza's moves and how he destroyed the planet Namek.

Me: Nice save Nico. (To Captain Pollution) But what you did shows that you are nothing more than a coward. Destroying all of us to make sure that we don't win isn't any way to fight. It's just another way of giving up.

Nico: Now it's time for you to die Pollution!

Me: It's combo and Final Smash Time!

Elita One: Lets start things off.

Flik: You got it Elita One.

Elita One was in jet mode and she fired lasers and missiles and Flik fired berry bombs.

Elita One and Flik: LASER BERRY BARRAGE!

The berries and lasers hit Captain Pollution and exploded.

Bubble Man: Our turn. Ready Sky Lynx?

Sky Lynx: You know I am!

Bubble Man fired a blast of water and Sky Lynx fired a powerful laser.

Bubble Man and Sky Lynx: BUBBLE LASER DEATHSTORM!

The Bubbles and Lasers hit Captain Pollution and exploded all over him.

Captain Planet: It's Final Smash time! PLANET ELEMENT STRIKE!

Captain Planet fired blasts made of Earth, Fire, Wind, Lightning and Water and they hit Captain Pollution and exploded.

Jackie: My turn. 12 TALISMAN SPIRIT STRIKE!

Jackie fired blasts from the 12 Talismans of Shendu and they represented one of each of the 12 Animals of the Chinese Zodiac. They hit Captain Pollution and exploded. He was knocked out.

Me: Now it's time to make sure you never terrorize our planet ever again.

During the battle, Nico caught a Qwilfish and a Scizor. And I found the Shen Gong Wu called the Third-Arm Sash which has the power to extend several meters and grab far away objects.

* * *

Back at the estate in our backyard, Laney was ready. She had a seed grow inside Captain Pollution after he swallowed it and she, Crysta and the fairies of FernGully helped it grow.

Nico (to Captain Pollution): I hope you like being a tree!

Me: It's gonna be your prison from now on for all of eternity. You will now be one with the very thing you've been trying to destroy.

Captain Pollution let out one final scream before he was sealed into a huge tree for all time. It bloomed with plants and flowers and all that.

Laney powered down.

We were finally free of Captain Pollution.

Nico (to Captain Planet): You want to have pizza with us? I can imagine that you've never had time to hang out with Wheeler and the others socially.

Captain: I would be honored Nico. (To the Viewers) You all have the power to do anything to save the planet. THE POWER IS YOURS!

* * *

In My room I had Shendu by my wall.

Shendu: **You will pay dearly for this J.D.**

Me: Don't be so sure my fiery friend. You've had this coming for over 900 years. You are now my prisoner Shendu. And besides I could use someone to talk to.

Shendu: **Very well. But how long will I be sealed in this accursed statue again?**

Me: For 900,000 lifetimes. Thats 67,500,000 years. Besides I beat you twice and you can at least be here for a bit.

Shendu: **Very well.**

Me: Now we have the rest of your brothers to deal with. I take it you heard about us encountering them when we killed the rest of the Eco Villains?

Shendu: **Of course. They have been reborn as what you call Heartless.**

Me: Same with you Shendu. We have the Heartless of Tso Lan and Hsi Wu left to face.

Shendu: **You do know that it was my brother Hsi Wu that played with Jade Chan's feelings right?**

Me: How can I forget that? What he did was absolutely despicable. You mess with someones feelings like that and there will be hell to pay. I take it you know the old saying "Hell Hath no fury like a Woman Scorned."

Shendu: **Of course. I've seen how dangerous women can be.**

Me: We agree on that. But nobody should have to hear that.

THE END

---

Another Fanfiction Complete.

Part 6 of the Earth Week Saga complete. This chapter was also made as a tribute to the infamous Columbine High School Massacre. It was a terrible day back on April 20th, 1999. 20 years ago today it happened and 13 people were senselessly killed in an act of vengeance and the sheer thrill of it. I was in 6th Grade in Elementary School when it happened. Captain Pollution was the most powerful and most dangerous enemy of Captain Planet and it was also the first time ever that we summoned him. NicoChan11 gave me the ideas for this one. Thanks man as usual. Part 7 is gonna be where we face Dr. Blight and all the hatred she has on the entire planet in general. Let me know what you all think.

See you all next time

# The Hateful Eco Villain

HAPPY EASTER 2019 EVERYONE!

---

It starts in Gotham Royal York's central park. I picked up an easter egg colored red, orange and yellow.

Me: Pretty colors.

I put the egg in my basket.

Me: (To the viewers) Oh hello there. Today is a special day here in Gotham Royal York Central Park and all over the world in the Christian Religion. Today is April 21st, 2019 A.K.A. Easter Sunday and this is a very important day in the Christian Religion. 2 days ago, in the year 33 A.D., Jesus Christ our lord and savior was condemned to be executed on the cross by the Jewish People. It was a gut-wrenching day and Jesus Christ died a horrible and agonizing death so that he can make the ultimate sacrifice to have our sins forgiven. That day 2 days ago is what we call Good Friday. Jesus said that in 3 days after he dies he will come back from the dead. And today is that day. Easter Sunday celebrates the resurrection of Jesus Christ and his great ascension into Heaven. We also celebrate this glorious holiday with an awesome Easter Egg hunt. Every year we hunt for these awesome Easter Eggs that are filled with chocolate, candy, jelly beans, and in rare circles: Money. Easter is a major holiday for all of us and it's a fun one too.

It was also day 7 of the Earth Week Project.

We picked up numerous eggs of different colors as we walked through the park and collected all kinds of Easter Eggs of many colors and designs. But we were also having another contest. Whoever finds an Easter Egg made entirely out of solid gold wins an awesome trophy and a giant 10 pound chocolate bar.

Lana picked up a blue easter egg. And as luck would have it she found the solid gold easter egg!

Lana: I found the gold Egg!

Laney: Way to go Lana!

Lana had won the contest. But then she saw something sticking out of the grass like a sore thumb.

Lana: What's this?

She pulled it out and it was a sword.

Lana: Wow! I found a sword!

It was a goldish-bronze scimitar with a black handguard, simple grip, and an oriental pommel with a tassel at the end.

Me: Hmm. I've never seen a sword like that one.

J.D. 2: That sword is a Shen Gong Wu.

Me: Oh wow. It's a Shen Gong Wu?

J.D. 2: Yep. It's called the Sword of The Storm. It can create powerful blasts of wind and even tornadoes.

Me: Wow! That's incredible.

J.D. 2: It is.

Me: Lana that sword is a Shen Gong Wu called the Sword of The Storm. It's a powerful Shen Gong Wu that can create powerful blasts of wind and tornadoes.

Lana: Oh that is awesome! I'll be careful with it.

Lana had won the trophy and the huge chocolate bar and got an awesome Shen Gong Wu to boot.

We had an awesome breakfast outside in the yard by the lake. We were having pancakes, waffles and omelettes. During the Easter Egg Hunt, Nico caught a Shuckle and a Heracross.

I was having blueberry waffles and chocolate pancakes.

Manaphy, Poromon, and Poliwag: HAPPY EASTER, EVERYONE!

Nico: Thanks guys.

May: This is so awesome

Nico: Happy Easter, May.

May: You too Nico.

Me: Mmm. Yummy pancakes and waffles.

Lana: I'll say. Dad makes awesome breakfasts.

Varie: He sure does.

Carmen: Sis, can I eat the chocolate from some of the eggs?

Maria: Only a couple of chocolates sis.

Carmen: Okay.

Carmen ate some chocolates.

Lori Jimenez looked at her breakfast and it reminded her of something from her past. And then she broke down crying.

We were concerned about this.

Me: Lori?

We went over and we were concerned.

Me: Lori what's wrong?

Laney: Why are you crying?

Optimus Prime: I wonder what has Lori so upset?

Scattershot: Boy I don't know Optimus.

Gi: Lori you can tell us what's wrong?

Me: Yeah Lori.

Lori J.: (Sniffles) This reminds me of my mother. Before she died! (Crying)

We were saddened by what happened.

Me: What happened to your mom Lori?

Lincoln: You can tell us Lori and we can try to help you.

Lori J.: (Sniffles) Okay. It was back several months ago. Before I met you guys.

---

Lori J.: (Narrating) **The Cybertronian War was in its climax and Optimus Prime and the Autobots were fighting Galvatron and the Decepticons to stop a black hole from destroying the universe. Using the cover of the war, Dr. Blight set out to cause a lot of damage to the planet. My mother Gloria got word about Dr. Blight's plots and she tried to stop her.**

FLASHBACK PAUSES

Me: How does your mother know Dr. Blight?

Lori J.: This may come as quite as a shock to you all but Dr. Barbara Blight is my moms sister and she's also my aunt.

We gasped in sheer horror. Dr. Blight, the most evil mad scientist trying to destroy the planets ecosystem is also related to Lori Jimenez's mom.

Me: My gosh! We had no idea she was your aunt Lori.

Lori J.: It's worse than that J.D.

FLASHBACK RESUMES

Lori J.: **My mother tried to stop her from launching a chemical**

**weapon into the atmosphere to destroy the ozone layer. She succeeded by pressing a self-destruct button and it blew up the rocket containing the chemical weapon. But Dr. Blight became enraged and she stabbed my mother in the chest! Killing her! (Crying)**

FLASHBACK ENDS

We were absolutely horrified and shocked.

Shockwave: That is awful.

Hot Shot: That woman is a monster. I can't believe she would kill her own sister like that in cold blood.

Batman: Lori, I'm so sorry. I know just how you feel. I know what it's like to lose a parent. I lost both of my parents in an act of revenge when my father got a local mob boss arrested.

Superman: I know how you feel too Lori. I lost both of my parents when the planet Krypton exploded and killed all my people.

Me: That's right Lori. Most of us all come from tragic backgrounds and lifestyles.

Volcana: It's not a pretty lifestyle Lori.

Sasuke: That's right. I lost my whole clan due to the corruption of the village elders.

Naruto: I lost my family because of a rogue Uchiha that was out to destroy the planet and kill everyone.

Me: Yeah. Lots of us come from lifestyles that are good and bad.

Optimus Prime: I had no idea you all had rough lives.

Me: It's been like that for all of us Optimus. But Lori, I promise you that when Dr. Blight makes her move, Justice will be brought to that malevolent monster. I promise you.

Lori J.: Thank you J.D.

Me: You're welcome. But before we go after Dr. Blight we need to know more about her. If she is as dangerous as the Planeteers say she is then we have a huge challenge ahead of us.

Kwame: You are correct J.D.

Wheeler: Dr. Blight is the most evil eco villain we know. She even tried to get a nuclear bomb to Adolf Hitler!

We gasped in fright when we heard Wheeler say that name!

Me: She tried to give a nuke to the most hated man in all of our history!? The very leader of the Nazi's who terrorized all of Europe during World War II!?

Linka (CP): That's right J.D.

Me: She is just as Anti-God as Hitler. And my grandfathers both fought in World War II against him. My father calls Hitler and all the Nazi's and all of Nazism all Anti-God because it's beyond pure evil. Hitler was responsible for the deaths of over 500,000 people back in 1943 during the Holocaust and we had to kill him and save the world or we would have no future. But lets focus on the matter at hand.

Dr. Blight began her career researching biological and chemical warfare and, thus, has a host of deadly and dangerous weapons at her disposal. She represents the dark side of science, using her vast knowledge to create biological monstrosities, wipe out entire populations of plants and animals, and generally wreak havoc on Earth. She even used a time machine in order to sell an atomic bomb to Adolf Hitler himself, which was considered her most evil act by the Planeteers. Bambi Blight was the first person to reveal that Dr. Blight will often flirt or flatter in order to get her way, though she is unafraid to stand up for herself if one of the other Eco-Villains dares to upset her.

Her supercomputer, MAL, is programmed for pure evil. MAL's high level of artificial intelligence is often devoted solely to calculating new and diabolical ways to destroy Captain Planet and the Planeteers, leaving Dr. Blight to pursue more creative research. Sometimes, she will be very pleasant and flirtatious towards MAL, while at other times, she will become extremely angry, violent and aggressive when dealing with him.

Dr. Blight sees herself a fashion plate, often appearing in a chic long-sleeved jump suit and high-cut boots. She wears a utility belt to which various items may be attached. Her hairstyle help hide the huge scar on the left side of her face. The scar's origin has never been explained, but it was likely caused by one of her experiments. Blight likes to show off her figure by wearing skin-tight jumpsuits, usually colored pink.

As an Eco-Villain, her character symbolizes the dangers of uncontrolled technology and scientific experimentation. In the two-part Captain Planet episode, Mission to Save Earth, Dr. Blight was one of the five Eco Villains who created Captain Pollution. They did this by creating and using five Anti-Elemental Rings consisting of Super Radiation, Deforestation, Smog, Toxins, and Hate. Barbara's element was Hate. Unfortunately for the Eco Villains, though, Captain Pollution was destroyed along with the rings, leading Blight and the other villains to flee.

Me: So Dr. Blight is a Chemical Warfare specialist.

Wheeler: That's right. She wants to destroy the entirety of nature and all of humanity with chemical and biological weapons.

Me: Just what the world needs. Another mad scientist running amok. But this time she wants to destroy the entire human race.

Laney: I can't believe she is that evil.

Thundercracker: That woman needs to be stopped and killed now.

Me: We'll attack when she makes her move Thundercracker. But until then we have to wait. Also we're gonna have to figure out a way to take out her supercomputer sidekick.

Lori L.: I know. That woman literally disgusts me.

Me: She disgusts all of us.

Ben: What environmental activities do we have planned for today?

Me: We're gonna be talking about the affects of Global Warming and chemicals.

We did so. 45 minutes later Gaia appeared.

Gaia: Team Loud Phoenix Storm and Planeteers.

Me: Lady Gaia. What's up?

Gaia: Dr. Blight is trying to melt the polar ice in Antarctica. You have to stop her.

Me: We're on our way. Looks like Dr. Blight has made her move. Team Loud Phoenix Storm and Planeteers, lets fly!

We set out for Antarctica.

---

SOUTH POLE, ANTARCTICA

---

We arrived over in Antarctica and we saw a huge factory in the middle of the Antarctica continent.

Me: This factory is not supposed to be here.

---

In the factory, Dr. Blight was working on her latest experiment.

Dr. Blight: Nearly complete and everyone will all die.

Then a massive fiery explosion blasted a hole into the roof of the factory and we came in.

We saw Dr. Barbara Blight in the flesh.

Me: Dr. Barbara Blight, I presume?

Dr. Blight: That's right. J.D. Knudson and Team Loud Phoenix Storm. What brings you all here?

Me: What else? We're here to kill you and destroy all your experiments.

Lori walked up to Dr. Blight.

Lori J.: Hello Aunt Barbara.

Dr. Blight: Lori. My dear niece.

Lori J.: I'm not your niece anymore! I know you killed my mother during the Cybertronian war! You used the war as a cover so you can destroy the Earth!

Thundercracker: Wait… you used the Cybertronian War to your advantage, didn't you?! You did your experiments and lured Lori's mom to her death, knowing full well that Prime and the others would be too occupied with fighting us, Megatron, and Starscream!

Blight: Very good. And people say that Decepticons aren't too smart.

Skywarp: Don't get too cocky! We just need to blast you and you'll be finished!

Me: She will be dead by our hands Skywarp.

I noticed that her hair was blown back and I noticed that she had an ugly scar over 45% of the left side of her face and her eye was badly burned.

Me: What happened to your face Blight?

Dr. Blight: I had an accident that rendered me scarred because of it.

Me: That's all I wanted to know.

Lori J.: You are gonna pay for killing my mom Barbara. You are no longer part of our family! And I will make sure that justice is dealt!

Nico: Dr. Blight, you have failed this city!

Me: More like she has failed the entire universe!

Sam S.L.: You remind me of my deceased parents! Only way more evil!

Me: She is beyond pure evil Sam. She makes even the devil himself look like a joke.

Then a mass of stars appeared and it was a heartless.

The Heartless that just appeared was a creature made of stars and gravity.

Kraven: (Russian Accent) Tso Lan!

Stellar Gravityhorror: **Kraven. It seems the hunter has become the hunted!**

Me: Tso Lan!

Bai Tza was shocked to see one of her brothers as a Heartless.

Bai Tza: But you were killed brother! How are you still here!?

Stellar Gravityhorror: **Quite frankly my dear sister Bai Tza, I was reborn thanks to the hatred of Dr. Blight here.**

Blight: That's not the only Heartless I have!

Another Heartless appeared. This one was a humanoid figure made of pure ice.

Nico: Strikemaster Ice?!

Cryofreezer Demon: That's right! And I got new powers and a new look to go with my name now!

Me: But you died when we faced Shendu and his siblings and the Dark Hand!

Cryofreezer Demon: Yes and now I have a score to settle with Nico!

Nico: What are you angry at me for? Francis was the one who killed you!

Cryofreezer Demon: Yeah. But you were the one who talked back to me. I have feelings too, you know!

Nico: I guess your feelings make you as pathetic as a turkey sandwich.

Me: Lets take them down!

We went at them.

## BATTLE 1: Stellar Gravityhorror

Kraven punched the Stellar Gravityhorror in the face and Sam S.L. fired a powerful blast of fire at it. It burned him.

Leni punched him in the face with a gravity enhanced punch and the Destruction Mini-Con Team went at him.

Buzzsaw - the bucket-wheel excavator slashed the Stellar Gravityhorror with his bucket excavator sawblade wheel.

Drill Bit - the tunneling machine pierced the Stellar Gravityhorror with his powerful drill.

Dualor - the Gepard anti-aircraft tank fired numerous missiles and laser blasts and they hit the Stellar Gravityhorror and exploded.

Gargoyle threw a massive rock at the Stellar Gravityhorror.

Buzzsaw: Lets use our combo team, Gargoyle.

Drill Bit: You got it Buzzsaw.

Dualor: Lets do it!

Gargoyle agreed.

The Destruction Mini-Con Team fired numerous lasers and missiles and Gargoyle threw a huge rock.

Destruction Mini-Con Team: LASER MINE EXPLOSION-BOULDER!

The lasers merged with the rock and turned it into a huge bomb and it hit the Stellar Gravityhorror and exploded with incredible power.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Sam S.L.: My turn for my final smash. VOLCANIC FIRESTORM SLASH!

Sam formed a sword of pure lava and slashed the Stellar Gravityhorror and it exploded. Kraven then used a powerful spell that sealed Tso Lan into a Statue and Kraven had an awesome trophy.

Kraven (looks at Tso Lan's statue): It seems I have another trophy to add to my collection.

Me: You sure do Sergei. Great job.

---

BATTLE 2: Cryofreezer Demon.

---

Nico punched the Cryofreezer Demon in the face.

Nico: Is that the best you got you pissant. My mother hits better than you.

Cryofreezer Demon: YOU MAKE ME SICK NICO!

The Cryofreezer Demon fired a blast of ice at Nico and then a shadowy figure appeared and it went at Black Widow.

She dodged it and she saw a ninja in black clothes.

Black Widow: Look's like we're dealing with a Hydra Agent.

Ben saw the Hydra symbol.

Ben: That sure is a Hydra Agent. But he's a dead one.

Ben turned into Eatle.

Ben: EATLE!

Eatle ate some metal and fired a green energy laser from his horn and killed the Hydra Agent.

Nico punched Cryofreezer Demon in the stomach and kicked him in the face and sent him crashing into the wall.

Nico: You are just a big baby that is just as pathetic as his bitch of a mother.

Cryofreezer Demon was enraged!

Cryofreezer Demon: I HATE YOU MORE THAN LIFE ITSELF NICO!

Nico got a massive increase in power!

Nico: Thanks for the power increase and I've heard better snapbacks from a turkey sandwich. Go fuck yourself!

That was the insult that made him explode! Cryofreezer Demon went at Nico and he dodged all his strikes with ease.

Chromia placed a detonator on the Cryofreezer Demon's back without him noticing a thing.

Chromia: Combo time Eatle!

Eatle: You got it Chromia!

Eatle fired an energy beam from his horn and Chromia had a detonator remote.

Eatle and Chromia: LASER BOMB DESTROYER!

The Energy beam hit the Cryofreezer Demon as Chromia pressed the button on the detonator remote and it exploded.

KRABOOOOOOOOOOOOOOOOMMMMM!

Thundercracker: Yee haw! That was awesome!

Ironhide (G1): That's my girlfriend for ya.

Black Widow: Now to finish you for good with my Final Smash! SPIDER VENOM SHRED!

Black Widow fired a blast of lightning and shredded Cryofreezer Demon into melted ice!

Nico: StrikeMaster Ice you have failed this world.

---

BATTLE 3: Dr. Blight!

---

Lori was facing Dr. Blight. And she had a look of pure rage on her face directed at Blight.

Lori J.: I will never forgive you for killing my mother Blight! You took my mother away from me and you will pay for that!

Dr. Blight then unsheathed an energy sword and they clashed! They clashed violently and it was unbelievable and they were sending sparks all over the place as the whole lab and factory was set on fire.

Dr. Blight backed away and used her ring of Hate.

Dr. Blight: HATE!

She fired a blast of pure evil energy and it made us more powerful than ever before.

Me: Wow! What power!

Nico: Dr. Blight's Hate Ring has extremely powerful negative energy that is so strong that it makes all the other villains hatred look like that of small children.

Sam S.L.: No kidding.

Lori then slashed off Blight's right arm and she screamed in excruciating pain and Sam punched her in the face and fired a blast of fire at her and burned her face even more.

Lori J.: This is for my mother Blight! Good-bye and go to Hell!

Lori stabbed Dr. Blight in the head with her sword and Dr. Blight then exploded into flames and she was incinerated into ashes!

Lori J.: Burn in Hell.

Lori then broke down crying and Nick came and comforted her.

Nick: It's all right Lori. It's all right.

I took the Ring of Hate. It was the final ring and the last trophy of the Eco Villains of the planeteers.

Sam S.L.: (To the Viewers) Hatred is never okay for anything human, planet or anything! Remember that.

Me: You got that right Sam. (To the Viewers) This was a memorable Easter. I hope you all collect lots of good easter eggs and candy and may the blessings of the Lord be with you always.

I wink at the screen and an Easter Egg irised in on my face.

THE END

---

Another Fanfiction Complete

Happy Easter Everyone! Part 7 is done. Dr. Blight was by far the worst villain in all of Captain Planet. What she did made her just as bad as anything Anti-God. NicoChan11 gave me the ideas for this one. Thanks man as usual. The final part is next and that one is gonna have the Fossil Fuel 4. The Villains from Radioactive Man on The Simpsons. Let me know what you all think. Have a happy and wonderful Easter and may God and his son Jesus bless you all.

See you all next time.

# Fight For Earth Day

HAPPY EARTH DAY 2019 EVERYONE

---

It was the final day of our Earth Week project. It was April 22nd, 2019 A.K.A. Earth Day and it was the day we give appreciation to the very planet we call home: Planet Earth.

We were picking up garbage and getting ready for the announcement of the trophy.

Lincoln: Happy Earth Day, Earth.

Earth: Thanks Linky.

Lily picked up garbage and she threw some bottles into a bin.

Then Gaia appeared.

Gaia: Team Loud Phoenix Storm and Planeteers.

Me: What's wrong Lady Gaia?

Gaia: Four new villains appeared and they are wreaking havoc in the crater that was once Springfield.

Me: Do you know who they are?

Gaia: They call themselves the Fossil Fuel 4.

Bart: The Fossil Fuel 4!? The team of bad guys that killed Radioactive Man!?

Me: Sounds like these guys are really bad news Bart.

Bart: They are.

Stewie: What can you tell us about them Bart?

Bart: Well first there's Old King Coal. He's a man made entirely out of coal based on the old nursery rhyme Old King Cole. He fires coal from his scepter. Next is Petroleus Rex. He's a dinosaur that was once a skilled scientist named Rex Bernstein. Next is French femme fatale Charcoal Briquette and she shoots fire from the grill on her head. And lastly is The Fracker. He blasts out polluted water from a pipe he uses.

Me: Wow! Boy these guys sound like they are really bad news! We're on our way Lady Gaia. Team Loud Phoenix Storm, lets fly!

We set out for the Springfield Radioactive Crater.

---

SPRINGFIELD RADIOACTIVE CRATER, OREGON

---

We arrived and we saw Radioactive Man facing the Fossil Fuel 4.

Bart was flying and he was in his Superhero Alter Ego, BARTMAN!

Me: Whoa! So these are the executioners of Radioactive Man. And that guy in the red must be Radioactive Man.

Bartman: That's him J.D. He's one of the most awesome superheroes ever. Lets go.

We went at them and punched the Fossil Fuel 4 in their faces and sent them crashing into the ground.

Me: Thought you could use some help Radioactive Man.

Radioactive Man: Nice to finally meet you, J.D.

Me: You too.

Nico: Fossil Fuel Four, you have failed this city!

Me: These guys are the ones that are going to kill you Radioactive Man.

Bartman: It says so in this comic I got before we destroyed Springfield.

Bartman showed him the Comic he got "The Death of Radioactive Man."

Radioactive Man: You all arrived just in time. If you hadn't I would've died.

Me: Yeah. But lets take these freaks down. No more fossil fuels will be used to poison the atmosphere!

Nico: You losers give the Fantastic Four a really bad name!

Me: Lets get them!

We went at them.

---

BATTLE 1: Old King Coal.

---

Stewie was facing Old King Coal. The monster that embodies the fossil fuel of Coal. Coal is a combustible black or brownish-black sedimentary rock, formed as rock strata called coal seams. Coal is mostly carbon with variable amounts of other elements; chiefly hydrogen, sulfur, oxygen, and nitrogen. Coal is formed if dead plant matter decays into peat and over millions of years the heat and pressure of deep burial converts the peat into coal. Vast deposits of coal originates in former wetlands-called coal forests-that covered much of the Earth's tropical land areas during the late Carboniferous (Pennsylvanian) and Permian times.

As a fossil fuel burned for heat, coal supplies about a quarter of the world's primary energy and two-fifths of its electricity. Some iron and steel making and other industrial processes burn coal.

The extraction and use of coal causes many premature deaths and much illness. Coal damages the environment, including by climate change as it is the largest anthropogenic source of carbon dioxide, 14 Gt in 2016, which is 40% of the total fossil fuel emissions. As part of the worldwide energy transition many countries have stopped using or use less coal.

The largest consumer and importer of coal is China. China mines account for almost half the world's coal, followed by India with about a tenth. Australia accounts for about a third of world coal exports followed by Indonesia and Russia.

For over 370 million years coal has been in the ground and we've been using Coal for as long as anyone can remember. But we're also poisoning the atmosphere with it.

Stewie dodged a blast of coal fired from Old King Coal.

Stewie (in his head): If I can ignite the coal when it's near him, I might be able to damage him!

Stewie dodged another blast and got close and fired a blast of fire from his ray gun and it ignited him and completely incinerated him.

Stewie: This planet is gonna be clean and coal free whether you like it or not you bastard!

---

## BATTLE 2: Petroleus Rex.

---

Bowser Jr. was facing Petroleus Rex. The monster that embodies the fossil fuel of Gasoline and Petroleum Fuel. Gasoline, petrol (British English) or gas (American English) is a colorless petroleum-derived flammable liquid that is used primarily as a fuel in spark-ignited internal combustion engines. It consists mostly of organic compounds obtained by the fractional distillation of petroleum, enhanced with a variety of additives. On average, a 42-U.S.-gallon (160-liter) barrel of crude oil yields about 19 U.S. gallons (72 liters) of gasoline after processing in an oil refinery, though this varies based on the crude oil assay.

The characteristic of a particular gasoline blend to resist igniting too early (which causes knocking and reduces efficiency in reciprocating engines) is measured by its octane rating. Gasoline is produced in several grades of octane rating. Tetraethyl lead and other lead compounds are no longer used in most areas to increase octane rating (still used in aviation and auto-racing). Other chemicals are frequently added to gasoline to improve chemical stability and performance characteristics, control corrosiveness and provide fuel system cleaning. Gasoline may contain oxygen-containing chemicals such as ethanol, MTBE or ETBE to improve combustion.

Gasoline used in internal combustion engines can have significant effects on the local environment, and is also a contributor to global human carbon dioxide emissions. Gasoline can also enter the environment uncombusted, both as liquid and as vapor, from leakage and handling during production, transport and delivery (e.g., from storage tanks, from spills, etc.). As an example of efforts to control such leakage, many underground storage tanks are required to have extensive measures in place to detect and prevent such leaks. Gasoline contains benzene and other known carcinogens.

Petroleus Rex fired a stream of gasoline at Bowser Jr.

Bowser Jr: You know what the bad thing about Gasoline is?

Petroleus Rex: No. What?

Bowser Jr: It's easily flammable! (breathes fire onto the gasoline)

Firestar (G1): Lets blast this freak with our combo

Killer Frost: You got it Firestar.

Killer Frost fired a blast of ice and snow and Firestar fired a massive laser blast.

Firestar (G1) and Killer Frost: FIREICE DEATHBLAST!

The blasts combined and they hit Petroleus Rex and he exploded was burning.

Killer Frost: Time to finish him Land Military Mini-Cons

Bonecrusher (Mini-Con): You got it Louise.

Bonecrusher the missile truck - fired a missile.

Knock Out the armored personnel carrier - fired his blast cannon.

Wreckage the twin-missile tank - fired his twin missiles.

Killer Frost fired a massive blast of snow and ice.

Killer Frost and the Land Military Mini-Con Team: ICESHARD MISSILE DESTROYER!

The Ice Shards and missiles blew him to pieces and he was incinerated.

---

BATTLE 3: Charcoal Briquette

---

Lisa, Inque and Lori were facing the French Femme Fatale, Charlcoal Briquette. She embodies Charcoal Briquettes used for cooking. Charcoal briquettes sold for cooking food can include:

Wood charcoal (fuel)

Lignite coal (fuel)

Anthracite coal (fuel)

Limestone (ash colourant)

Starch (binder)

Borax (release agent)

Sodium nitrate (accelerant)

Sawdust

Wax (some brands: binder, accelerant, ignition facilitator).

Chaff (rice chaff and peanut chaff)

Some briquettes are compressed and dried brown coal extruded into hard blocks. This is a common technique for low rank coals. They are typically dried to 12-18% moisture, and are primarily used in household and industry.

Lori: You literally disgust me! I can't believe that you would use hickory charcoal to destroy!

Charcoal Briquette: (French Accent) You are no better my little American sass-mouth.

Lisa threw a chemical bomb at Charcoal Briquette and it exploded into fire and she kicked her in the face.

Inque (fires ink at Charcoal Briquette): Hope this cools you off!

But Charcoal Briquette dodged it.

Lori: Lets see how you survive this deadly gas.

Lori grunted hard and out came and explosive fart and it hit Charcoal Briquette square in the face and her fire ignited the fart and it exploded and she was incinerated.

Inque: That was very clever Lori.

Lisa: Indeed 1st borne eldest sibling. Your flatulence problem may prove to be a very good weapon when the situation calls for it.

Lori: Thanks Lisa. It just literally might.

Inque: But you did great.

Lori: Thanks Inque.

---

BATTLE 4: The Fracker.

---

Me, Rubberband Man, Tecna, Lily, Venom, Tecna, Layla, Nico and Radioactive Man were facing the enemy of all drinking water everywhere: THE FRACKER. Hydraulic fracturing (also fracking, fraccing, frac'ing, hydrofracturing or hydrofracking) is a well stimulation technique in which rock is fractured by a pressurized liquid. The process involves the high-pressure injection of 'fracking fluid' (primarily water, containing sand or other proppants suspended with the aid of thickening agents) into a wellbore to create cracks in the deep-rock formations through which natural gas, petroleum, and brine will flow more freely. When the hydraulic pressure is removed from the well, small grains of hydraulic fracturing proppants (either sand or aluminium oxide) hold the fractures open.

Hydraulic fracturing began as an experiment in 1947, and the first commercially successful application followed in 1950. As of 2012, 2.5 million "frac jobs" had been performed worldwide on oil and gas wells; over one million of those within the U.S. Such treatment is generally necessary to achieve adequate flow rates in shale gas, tight gas, tight oil, and coal seam gas wells. Some hydraulic fractures can form naturally in certain veins or dikes.

Hydraulic fracturing is highly controversial in many countries. Its proponents advocate the economic benefits of more extensively accessible hydrocarbons,[6][7] as well as replacing coal with gas, which is cleaner and emits less carbon dioxide (CO2). Opponents argue that these are outweighed by the potential environmental impacts, which include risks of ground and surface water contamination, air and noise pollution, and the triggering of earthquakes, along with the consequential hazards to public health and the environment.

Methane leakage is also a problem directly associated with hydraulic fracturing, as a Environmental Defense Fund (EDF) report in the US highlights, where the leakage rate in Pennsylvania during extensive testing and analysis was found to be approximately 10%, or over five times the reported figures. This leakage rate is considered representative of the hydraulic fracturing industry in the US generally. The EDF have recently announced a satellite mission to further locate and measure methane emissions.

Increases in seismic activity following hydraulic fracturing along dormant or previously unknown faults are sometimes caused by the deep-injection disposal of hydraulic fracturing flowback (a byproduct of hydraulically fractured wells), and produced formation brine (a byproduct of both fractured and nonfractured oil and gas wells). For these reasons, hydraulic fracturing is under international scrutiny, restricted in some countries, and banned altogether in others. The European Union is drafting regulations that would permit the controlled application of hydraulic fracturing.

The Fracker slammed his pipe into the ground and pulled a valve and the flaming fracking fluid came at us and we dodged it.

Rubberband Man (avoids Fracker's polluted water): I'm not surprised if some of that water came from the sewers!

Me: Hey Fracker, don't you realize that your method of energy is dangerous?

Fracker: Studies show I'm America's best hope for energy independence. (Laughs)

Me: That is absolute bullshit.

Radioactive Man: Those studies were industry financed!

Fracker fired a blast of flammable water at Radioactive Man and I fired a tremendous blast of fire at the water and it ignited it.

Fracker: You lie!

Me: He's not lying! And you've poisoned our water for far too long you natural gas fuck!

The fire went into the pipe and blew it completely apart!

Me: Lets finish this freak!

Rubberband Man punched Fracker with a huge fist and sent him flying. Tecna fired a rainbow prism blast and burned him and Layla fired a blast of water and drenched him. Lily fired a blast of Glowing Water and it drenched him and Radioactive Man fired a blast of radiation at Fracker and burned him.

Lincoln: Time to call in the special forces Luna.

Luna: You got it bro.

Luna and Lincoln put on brown rings with the letter R on them.

Luna and Lincoln: IT'S RIPPING TIME!

They formed a portal and out came the Ripping Friends.

Crag: Hey Luna. We haven't seen you all in a while.

Luna: We've been very busy saving the world. We're facing him. (Points to the Fracker)

Lincoln: He's trying to poison our water supply with Fracking.

Chunk: Whoa you can't say that here.

Rip: Shut up you dumb head!

Crag: Fracking is really Hydrolic Drilling. We'll gladly help out. Come on fellas.

Crag, Chunk, Rip, Slab, Luna and Lincoln: (ECHOING) IT'S RIPPING TIME!

They slammed their rings together and got a massive power increase. They went at The Fracker and mercilessly pulverized him into pulp. Crag punched him in the stomach and Slab punched him in the face and stomach and Rip got on his shoulders and got him in a nasty bonecrushing neck hold. Chunk punched Fracker in the leg and broke it with the brute force of his strength. Luna grabbed the Fracker's tongue and bit it with a major league chomp that bit his tongue off and blood was pouring out of his mouth. Lincoln fired a blast of lightning and electrocuted him.

Firestar (G1): Lets get him with our combo!

Nita: (Brother Bear) Lets get him Firestar.

Nita turned into a grizzly bear and Firestar fired a laser blast.

Firestar and Nita: FLAMING GRIZZLY LASERSTRIKE!

The lasers merged with Nita and she slashed the Fracker and he was burned and had a nasty wound. Bartman punched the Fracker in the face and kicked him right where the sun doesn't shine with devastating force.

Me: Final Smash time.

Radioactive Man: I'll start us off. GAMMA RAY ENERGY!

Radioactive Man fired a blast of Radiation and it hit the Fracker and blew a hole in his chest.

Inque: My turn. INK SCYTHE SLASH!

Inque formed her arm into a scythe blade and slashed his black heart.

Crag: Shall we do a Final Smash J.D.?

Me: Go for it Crag!

Crag: Lets get him fellas!

Crag, Chunk, Rip, Slab, Luna and Lincoln: RIPPING FRIENDS JUSTICE PUNCH!

Luna, Lincoln and the Ripping Friends jumped into the air and their fists glowed in colored energy and they flew at the Fracker and they hit him was knocked down.

Me: Oh that was awesome!

Venom picked him up.

Venom: Eyes, lungs, pancreas. So many snacks so little time.

Venom ate the Fracker.

Me: That was great Venom!

But then we got an unexpected surprise. A Heartless appeared. It was flying really fast and it was almost too hard to keep up with it. The Heartless that just appeared looked like a bat made out of metal.

Jade: Hsi Wu?!

Steelwing Skyterror (grins evilly): **Hello, Jade! Did you miss me?**

Jade: You have a lot of nerve coming back here Hsi Wu!

Bai Tza: We encountered the rest of our siblings "brother".

Jackie (grabs Steelwing Skyterror by the throat): You think it's funny to play with Jade's feelings?! She trusted you! And you manipulated her!

Steelwing Skyterror: **It probably wouldn't have happened if you had just given me my tail in the first place!**

Jade: Uncle Jackie, let me handle this. I got a score to settle with this freak.

Me: Here Jade. You'll need these then.

I took off my Talisman belt and gave it to Jade.

Jade took my belt.

Jade: Thanks J.D.

Jade put on the belt and she was ready. Jade spread her wings and flew at him and punched the Steelwing Skyterror in the face and kicked him in the stomach. She fired a blast of fire energy from her hand and she fired lasers from her eyes. They hit the Steelwing Skyterror and exploded.

KRABOOM!

Jade punched him in the face some more and kicked him into the air. She flew up to him and dealt him a spinning axe kick and sent him flying to the ground.

Jade: NO ONE MESSES WITH MY FAMILY!

Jade fired a powerful energy blast at him and it hit him and exploded with incredible power.

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The power of the explosion was so powerful and so devastating that it destroyed the crater and blew the area apart. The crater filled up with water from the ocean and the Steelwing Skyterror was floating in the water. Jade casted a powerful magic spell that turned Hsi Wu into a statue.

Me: Just like his brothers and sister.

Jade: Yep.

Me: You did really well Jade. Well done.

Jade: Thanks J.D.

Thor: Me and Hulk actually have fought a villain that also goes by the name of Radioactive Man.

Radioactive Man: Well, I can assure you. I am not related to that villain in any way.

Thor: Well that's a relief.

Me: Lets head home.

During the battle Nico caught an Ursaring and a Sneasel.

Radioactive Man: (To the Viewers) Never mess with the power of clean and safe energy or you will be asking for trouble.

---

We were back home and at Gotham Royal York Central Park we were having the award ceremony. Mrs. Johnson was hosting.

Mrs. Johnson: Good evening everyone. Today is Earth Day as you all know and we have a very special award ceremony for you all.

Over the course of the last 8 days from April 15th to today we have had a magnificent project done by our very own class and we have had a tremendous amount of progress done. Our class has not only done recycling and gathering up all the materials used for recycling but also spread out all over the planet and helped clean up the pollution and cleaned up the oceans and destroyed the villains that were destroying the entire ecosystem. So without further ado I present the Earth Day Greatest Recycler Trophy to J.D. Knudson, Lincoln & Laney Loud and Clyde McBride.

Everyone cheered and I held the trophy.

Me: Thank you all so much! It's an honor to be given this trophy

Lincoln: We couldn't have gotten this trophy if it weren't for the support of everyone we helped out all over the world.

Laney: And thank you to everyone in our family and to our friends, neighbors and everyone who helped us.

?: And I have something else too.

On the stage was the founder, president and CEO of the United Nations Environment Programne, Inger Andersen.

The United Nations Environment Programme (UNEP), an agency of the United Nations, coordinates the organization's environmental activities and assists developing countries in implementing environmentally sound policies and practices. It was founded by Maurice Strong, its first director, as a result of the United Nations Conference on the Human Environment (Stockholm Conference) in June 1972 and has overall responsibility for environmental problems among United Nations agencies; however, international talks on specialized issues, such as addressing climate change or combating desertification, are overseen by other UN organizations, like the Bonn-based Secretariat of the United Nations Framework Convention on Climate Change and the United Nations Convention to Combat Desertification. UNEP's activities cover a wide range of issues regarding the atmosphere, marine and terrestrial ecosystems, environmental governance and green economy. It has played a significant role in developing international environmental conventions, promoting environmental science and information and illustrating the way those can be implemented in conjunction with policy, working on the development and implementation of policy with national governments, regional institutions in conjunction with environmental non-governmental organizations (NGOs). UNEP has also been active in funding and implementing environment related development projects.

UNEP frequently uses the alternative name UN Environment.

UN Environment has aided in the formulation of guidelines and treaties on issues such as the international trade in potentially harmful chemicals, transboundary air pollution, and contamination of international waterways. Relevant documents, including scientific papers, are available via the UNEP Document Repository.

The World Meteorological Organization and UN Environment established the Intergovernmental Panel on Climate Change (IPCC) in 1988. UN Environment is also one of several Implementing Agencies for the Global Environment Facility (GEF) and the Multilateral Fund for the Implementation of the Montreal Protocol, and it is also a member of the United Nations Development Group. The International Cyanide Management Code, a programme of best practice for the chemical's use at gold mining operations, was developed under UN Environment's aegis.

Me: Ms. Anderson of the UNEP. It's truly an honor.

Inger: You too J.D. And I have something for you all.

A secretary had a pillow with gold medals that had the planet Earth on them and the outside looked like the sun.

Inger: We got word of all your recent activities that you all were doing all over the planet and in dealing with those ruffians that have been destroying our planet and all the good deeds that you've done to help further eliminate all the harmful effects being inflicted to our planet. So on behalf of the United Nations Environment Programme as founder and president I am pleased to present you with our highest honor: The Earth Environment Hero Medal. For going above and beyond the call of duty to help save our planet.

Everyone cheered and we had the medals placed around our necks and we were praised as heroes of the planet Earth. And Planet Earth was fully on its way to a strong recovery to what it was before all the pollution started.

Teresa (kisses Francis): Happy Earth Day, Francis.

Francis: You too babe.

Me: I would like to close this awesome Earth Day with a song.

The song opened with Swahili chanting and the sun rose in the background.

Me: (Singing Divinely)

From the day we arrive on the planet

And blinking, step into the sun

There's more to see than can ever be seen

More to do than can ever be done

There's far too much to take in here

More to find than can ever be found

But the sun rolling high

Through the sapphire sky

Keeps great and small on the endless round

It's the circle of life

And it moves us all

Through despair and hope

Through faith and love

Till we find our place

On the path unwinding

In the circle

The circle of life

It's the circle of life

And it moves us all

Through despair and hope

Through faith and love

Till we find our place

On the path unwinding

In the circle

The circle of life.

Everyone saw the beauty and majesty of our planet and the creatures and all of life that live on the planet we call our home. When the song was done everyone from all over the city cheered wildly.

Me: THANK YOU!

Mrs. Johnson: Great song J.D.!

Me: Thanks Mrs. Johnson. It was so awesome doing the Earth Week Project with all of you.

Mrs. Johnson: I'm glad you all had fun.

Lincoln: We sure did.

Me: Happy Earth Day everyone!

Everyone: Happy Earth Day J.D.

We put the trophy and the medals in our trophy case and we were so proud of what we did for our planet. But we weren't gonna brag about it.

THANK YOU TEAM LOUD PHOENIX STORM!

THE END

---

Another Fanfiction and Saga complete.

The Earth Week Saga is complete. The Fossil Fuel Four on the Simpsons were the strangest villains I've ever seen on the show. They showed in 2014's season and it was cool! But in all honesty I didn't know what to think when they killed Radioactive Man. I wanted to finish this saga with a bang by having us fight the greatest supervillains that killed Radioactive Man on The Simpsons and I knew that this would finish the saga with a bang. Not only that but I hate Comic Book Guy on the Simpsons. They didn't call him one of the biggest jerks in the history of all animation for nothing. Now that Springfield has been blown up we can care less about him. But now we have the assistance of Radioactive Man from the Simpsons. NicoChan11 gave me the ideas for this one. Thanks man as usual. I had to do this chapter today because I'm hanging out with my friends tomorrow. We were supposed to do this chapter tomorrow but there was a change of plans. But next is gonna be one of the most grueling battles in the history of the entire universe. We're going to face the Ultimate Transformer, The Transformer Devil himself - UNICRON! Let me know what you all think.

See you all next time.

Captain Planet and The Planeteers is owned by Hanna Barbera and Cartoon Network.

Xiaolin Showdown elements are owned by Christy Wui and Cartoon Network.

# The Transformer Devil Cometh

It starts with me in the living room watching TV. Suddenly the alarm went off.

Me: Uh oh.

I went to the computer and it showed a massive planet-size transformer heading straight for the planet Cybertron.

Computer: J.D. my space scanners have shown a massive planet-size transformer heading for planet Cybertron. The name of this massive transformer is Unicron.

I gasped in sheer fright when I heard that name.

I pressed a big red button that said "Code Firestorm Alert" and pulled out a microphone and got onto the radio frequency and the intercoms.

Me: ATTENTION ALL MEMBERS OF TEAM LOUD PHOENIX STORM AND THE REDEMPTION SQUAD! THIS IS J.D. KNUDSON CALLING WITH AN EMERGENCY CODE: FIRESTORM! THIS IS NOT A DRILL! I REPEAT! THIS IS NOT A DRILL!

Everyone got back fast.

Vince: What's going on Partner?

Nico: I just got done catching a Magcargo and a Piloswine in the park.

Me: We have a terrible situation brewing guys. Unicron the Transformer Devil is heading right for Cybertron!

Everyone gasped in sheer horror when they heard me say that name.

Optimus Prime: Unicron is attacking Cybertron!?

Hot Rod: I thought Unicron was just a myth.

Lincoln: Who or what is Unicron?

Me: He's the Ultimate Transformer and he's the ultimate transformer of pure ultimate evil. He's called the Transformer Devil. He is a transformer that's the size of a whole planet and he is the brother of the creator of all transformers: Primus himself. This is what he looks like.

I change the image to what Unicron looked like and it showed that he was as big as half of our whole planet in planet mode. But when transformed he is as big as our whole planet!

Lincoln: Whoa! Look at the size of him!

Lori: He's literally huge!

Leni: How can he be so big?

Me: Not only is he so big but he is a Transformer that has been around since the dawn of time itself.

Lori J.: I remember that Unicron was the progenitor of the entire war between the Autobots and the Decepticons. Unicron is the source of all evil in the universe. One of them.

Me: That's right Lori. Nico told me that you Bud and Coby had helped the Autobots in the war against a Black Hole made by Unicron when he was destroyed.

Lori J.: That's right.

Me: That was awful what happened. Nico you've known a lot about the Transformers for a while. What do you know about Unicron?

Nico: Unicron is the ultimate evil of Transformers like you said. But he is far more than that.

Before the dawn of time, Order and Chaos existed within an extra-dimensional entity known as The One. To explore the fledgling universe, he created the astral being known as Unicron, and then subdivided him, creating his twin, Primus. Both brothers were multiversal singularities, unique in all realities, but whereas Unicron could only exist in one universe at a time, moving between them at will, Primus existed simultaneously in all realities at once. It is suggested, in fact, that the two brothers embody the basic concepts of reality-good and evil, order and chaos-and that their continued existence is necessary for the stability of the multiverse.

As Unicron and Primus went about their appointed task, venturing through the cosmos, it became apparent to Primus that Unicron was a corrupt being, and he took it upon himself to stop the threat posed to all of existence by his sibling. In combat, Primus was no match for Unicron. In cunning, however, he proved himself to be his brother's superior when he shifted their battle to the astral plane, and then back to the physical world once more, only to have both their essences manifest within metallic planetoids, leaving them both trapped. It was with this act of sacrifice that Primus hoped to contain Unicron's evil forever. Unfortunately for him, over time, Unicron learned to psionically shape his prison into a giant metallic planet, and Primus followed suit, becoming the mechanical world of Cybertron. When Unicron then learned to transform his planetary form even further, into a gigantic robot form, Primus adapted the idea to suit his own ends, creating a group of thirteen robots that possessed the ability to change shape, like Unicron.

The war between Unicron and Primus came to its seeming end during a climactic battle in which one of the Thirteen, who would forever afterwards be known as The Fallen, betrayed Primus and became an acolyte of Unicron. The battle ended when the Fallen and Unicron were sucked into a black hole and disappeared from reality. With Unicron gone for now, Primus entered an eons-long slumber, his self-imposed sleep preventing Unicron from detecting him through the mental link the brothers shared.

Unicron is the eternal arch-enemy of his twin brother Primus. Also known as the Lord of Chaos, the Chaos Bringer, and the Planet Eater, he is dedicated to consuming the multiverse. His massive form is powered by the consumption of planets, moons, stars, and even the very fabric of existence. Unicron will not be sated until his ultimate goal is attained: to bring an end to the annoying creation boasting independence around him, and find peace by becoming the living center of a swirling, infinite torrent of nothingness at the end of all things.

To undertake this seemingly overwhelming task, Unicron is able to travel across realities at will, a meandering plague upon existence itself. Integrated into his systems are incomprehensible quantum computers which calculate probabilities forward and backwards in time, in perpetuity, giving his processors an ever changing, evolving map of the multiverse. With these abilities at his disposal, Unicron has thus far devoured approximately 22.56% of known universes. Seen at a detached distance from the multiverse, this collective "Unicron Phenomenon" acts with the characteristics of a virus or plague seeping through reality, succeeding where it can, retreating when it cannot. Various permutations of Unicron can spawn into existence outside the trappings of the larger entity, hailing from a more mundane origin but possessing the same consumptive traits. For much of multiversal history, the singularity Unicron threatened all of existence, but now, that is no longer the case, versions of Unicron being restricted to their own dimensions.

The only thing that he fears is Primus's essence, contained inside the Matrix. To a being of chaos and uncreation, this font of life is a poison.

Frequently, Unicron will make deals with lesser beings, promising them vast new powers in exchange for their servitude. These minions are sometimes stripped entirely of their free will, but others follow him willingly. Service to Unicron, however, is a double-edged sword, for it causes insanity and loss of self. And in the end, Unicron's plans ultimately call for their consumption as well.

We were flabbergasted and overcome with sheer horror.

Laney: Are you serious Nico!? Unicron is that powerful!?

Nico: He is. Unicron is the Cybertronian version of the Devil himself and he's just as powerful, cunning, evil and manipulative as the Devil here on Earth.

Me: This could very well be the biggest and most powerful battle we have ever faced. This could be the battle to end all battles and it could very well test the ultimate extent of the entirety of our power. The Entire Universe is now in grave danger and Unicron has to be stopped. We have to stop Unicron at all costs or the Universe as we all know as it is will be completely destroyed as we know it.

Carol: How are we gonna stop a massive planet size transformer like Unicron? He has to be the most powerful enemy we had ever gone up against.

Me: This is a fight of epic porportions guys.

Nico: There's only one thing we can do guys. We need to get all the help of every transformer we can find. Also I have another idea and you're not gonna like it J.D.

Me: What is it Nico?

Nico: I know you're gonna think I'm crazy but we don't have any other choice. We need to resurrect Soundwave, Frenzy, Thrust, and Dirge and release Ramjet from Prison and get them to help us.

We were shocked at what Nico had in mind.

Lori J.: Nico are you out of your mind!?

Luna: Yeah dude those 5 Decepticon's have tried to kill us and they worked for Megatron!

Nico: I know it's crazy but the entire universe is now in Grave Danger. And we need all the help we can get. Plus I'm now the new leader of the Decepticons and with Megatron dead, I have assumed command of the Decepticons as their leader.

Sideways (Cybertron): Nico is right. It might seem crazy but we don't have a choice. Unicron poses a tremendous threat to all creatures in the entire universe and we have to work together to destroy him.

Nico: That's right. I agree with Sideways. The war with the Autobots and the Decepticons nearly destroyed the entire universe and we can't let history repeat itself. I have a strong feeling that it was Unicron that was responsible for all the events that have happened over the eons. Now it's time for the Autobots and the Decepticons to put aside all their differences and band together to destroy the Ultimate Evil.

Me: I agree Nico and you raise a good point. When we all killed Megatron we killed Cybertron's greatest enemy. Nico is now the Leader of the Decepticons and he is now leading them on the right path to redemption. And now they have an even bigger enemy looming on the horizon. A Transformer that possesses more power than every single one of them combined together. Nico, (Snaps Fingers) do what you got to do. Soundwave, Thrust, Frenzy and Dirge are resurrected. So do what you got to do.

Nico: Right buddy. Lets go!

May: Be careful Nico.

Nico: I will May.

Nico and the Decepticons were off.

---

On the Planet Velocitron, Nico and the Transformers were there to recruit the Transformers of Velocitron. They found Frenzy and Dirge fighting.

Frenzy (grabs Rumble by the throat): You think I'm just gonna forget that you helped kill me, you sorry excuse for a brother?!

Nico: THAT'S ENOUGH!

Frenzy released Rumble as he, Soundwave, Thrust, and Dirge look at Nico.

Nico: This isn't the time for personal grudges, you 4. The time for Autobots and Decepticons fighting each other is over. This is a new world, where Cybertronians coexist peacefully. If you can't accept that, then kill yourselves now and save time.

Dirge: Nico Chan! Who are you to come here and talk to us like that?

Nico: I'm the new leader of the Decepticons!

Thrust: Say what?!

Nico: And right now, we have a new enemy to destroy.

Soundwave: Question: What enemy is that?

Nico: Unicron is coming.

Dirge: Unicron the Planet Eater!?

Soundwave: How is Unicron coming?

Nico: Unicron is coming to destroy all of Cybertron and when he's done with Cybertron he is coming for Earth. We have to stop him at all costs or the Universe as we know it will be completely destroyed. Unicron poses a threat to all creatures in the universe including us!

Thrust: This is a nightmare!

Dirge: How did you come across this information?

Nico: My boss, leader and best friend J.D. Knudson told me. Right now Unicron is heading right for Cybertron even as we speak and if we don't stop him then all hope is lost! So as new leader of the Decepticons we need to put aside all our differences and band together in this time of crisis. If you all don't stop this pointless fighting, then we have no future. So please. Will you help us?

Soundwave, Thrust, Dirge and Frenzy huddled and they broke.

Soundwave: You do raise a good point Nico. We'll help you out and we want to redeem ourselves!

Nico: Good choice Soundwave. Welcome to the alliance, Team Loud Phoenix Storm and The Redemption Squad.

Dirge: We won't let you down Nico.

Frenzy: Yeah!

Nico: We have one last thing to do before we take the fight to

Unicron.

---

Nico and the Transformers went to the Cybertron Prison and they were in front of Ramjet's cell.

Ramjet: What do you want, Nico? Come to rub it in my face?

Nico: No. We need your help.

Ramjet: With what?

Nico: You know about Unicron?

Ramjet: The planet eater? Yeah, I've heard of him.

Nico: He's coming. And we need all the help we can get. Including you. So, will you help us?

Ramjet: All right. I'll help. But, I hope you realize that the rest of your friends won't be happy about this.

Nico: I already explained it to them.

---

Back on Earth, I got all our forces assembled and it was time for us to head to Cybertron. Once we got there it was all Transformers united. Now we were ready for the ultimate fight that will decide the fate of the entire universe.

Me: This is it guys. The battle that will decide the fate of the entire universe is now about to begin.

Lisa: 2nd Elder Brother, something is approaching. Slowly but surely.

We saw something coming.

Lincoln: Is that a small moon?

We saw what looked like a moon space station.

Me: That's no moon.

Lincoln: And it's not a Space Station.

We flew out and we saw that it was an ugly planet with horns and a mouth-like hole in the middle. It transformed into a massive Transformer right in front of our eyes. We saw it become a massive robot as big as an entire planet. The level of evil it had was far more powerful than all the evil villains we have killed over the entirety of the course of the last 3 and a half years combined all together at once. When his transformation was done we saw the Ultimate Transformer standing right in front of our very eyes! The Transformer Devil himself:

**UNICRON - SUPREME HARBINGER OF UNIVERSAL ARMAGEDDON!**

The level of power he had was so unbelievably strong and it was so powerful that it completely defied all levels of mortal and godly comprehension. It was like we were staring right into the face of pure evil itself amplified to the power of infinity.

Me: Whoa!

Varie: So that is Unicron. He's huge!

Aylene C.: He's massive.

Rachel S.D.: And his power is absolutely unbelievable!

Nico: J.D., Me, Hot Rod, Ironhide, Francis, Ratchet, Spiderman, Hulk, Thundercracker, Skywarp, and Shockwave are gonna go inside Unicron and destroy him from the inside. We need to destroy Unicron with the Transformer Matrix from inside him.

Me: Okay Nico. We'll hold him off while you all do that. Be careful man.

Nico: Will do. Lets do this!

Thundercracker: You got it boss!

Optimus: Lets head inside him!

They did so.

Me: All right guys! Time to power up! GUARDIANS UNITE!

Team W.I.T.C.H.J.E.M.M.L went into their guardian forms.

Will: THE HEART!

Irma: WATER!

Taranee: FIRE!

Cornelia: EARTH!

Hay Lin: AIR!

Me: LIGHTNING!

Elyon: TIME!

Megan: SPACE!

Matt turned into Shagon.

Lillian: LIGHT!

Me: Sonar, Runway, Jetstorm, Powerlink!

Sonar, Runway and Jetstorm turned into the Star Saber.

Me: Star Saber! Now it's time for the ultimate battle. Time to merge powers!

Will: Right!

The Guardians channeled the Auramere's into me and I went Super Ebonwu 30,000 Phoenix Angel and I grew to the size of Unicron.

Me: (Echoing Voice) **Unicron, you're gonna pay for all the pain and suffering you've caused to the entire universe!**

Unicron then formed a Dark Saber and we clashed. The power of the clash was equal to that of a supernova explosion. We clashed our blades and it was shaking the very foundation of the entire universe to the core. We then broke off the clash and stood ready.

Me: **I don't understand you Unicron. Why do you want to destroy the entire universe?**

Unicron: **Because I want to remake it in my own image and take my rightful place as supreme overlord of everything.**

Me: **You will never be supreme overlord of anything as long as Team Loud Phoenix Storm and the Transformers have anything to say about it!**

Unicron then fired a massive blast of lightning from his horns on his shoulders and I fired a powerful blast of lightning as well. The blasts collided and they exploded with the power of a supernova!

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

I emerged from the fiery explosion and we locked hands. It was the battle with an angel with the powers of an ultimate god and the ultimate evil of the Transformers. Everyone else was blasting Unicron all over the place with energy and powerful attacks.

---

Inside Unicron, Nico and team were heading to the Heart of Unicron.

Nico: Wow! The inside of Unicron goes on forever!

Optimus Prime: It sure does.

But then they got some unexpected company. Unicron had minions that looked like G1 Galvatron, G1 Cyclonus, G1 Scourge, and the G1 Sweeps.

Nico: Oh no! It's the G1 Galvatron, Cyclonus, Scourge and the Sweeps!

Optimus Prime: I can't believe this is what they looked like all those years ago. I completely forgot.

Nico: Not to mention that the G1 Cyclonus and Scourge were the biggest jerks in all of Cybertron.

?: Let me help you all out as well.

They turned and they saw Nova of the Nova Corps.

Nico: Sam Alexander A.K.A. Nova. It's a pleasure to meet you.

Nova: You too Nico.

Hulk: Hulk happy to see you Sam.

Nova: You too Hulk. Hey, Web Head! Long time no see.

Spiderman: We can catch up later Sam. Lets get these overgrown tin cans.

Galvatron: Optimus Prime! I am Galvatron! I have come to kill you and take the Matrix!

Nico: Not on my watch!

Galvtron: Hand over the Matrix, Prime, and I might spare your life!

Nico: You sound just like Leonard Nimoy from the Star Trek Series. I've known the Transformers for years and I may be a Saiyan but I know the Transformers. But you are just like G1 Megatron and Cybertron Galvatron when we destroyed them. I am now the new leader of the Decepticons and you are now completely obsolete!

Hulk (punches G1 Galvatron): First Galvatron hurt Ed! BUT HULK WILL SMASH SECOND GALVATRON!

Hulk punched the G1 Galvatron with devastating force and punched a huge hole into his chest.

Galvatron fired a powerful laser blast at Thrust, Ramjet, Dirge, Frenzy, and Soundwave and Nico deflected it back and it hit one of the Sweeps and destroyed it.

Ramjet: You saved us? After all the things we tried to do to you and your friends?

Nico: Didn't you hear me before? There's no more conflicts between Autobots and Decepticons. If we can forgive the rest of the Depceticon army except for Starscream and Megatron, we can forgive you guys as well.

Hot Rod: Final Smash time! FIERY ROADBURN!

Hot Rod turned into an awesome Hot Rod car and burned rubber and he went so fast that he set the whole road on fire! He burned G1 Galvatron!

G1 Galvatron then grabbed Hot Rod.

G1 Galvatron (about to strangle Hot Rod to death): First, Starscream. Then, Megatron. And now, you! It's a shame that you Autobots and Decepticons die so easily or else I might actually have a sense of satisfaction now!

Then a bright light enveloped Hot Rod.

Primus (from the Matrix): Arise, Rodimus Prime!

Nico: Primus!

They saw Hot Rod turn into Rodimus Prime!

Nico: Rodimus Prime!

Rodimus Prime kicked G1 Galvatron off of him.

Nico kicked Galvatron in the face and charged up an energy blast.

Nico: This is the end of the road, Galvatron! You and Unicron have failed this universe!

Nico fired a powerful energy blast and completely obliterated the G1 Galvatron in an instant.

Nico: Now it's time to finish off his lackeys. Hulk, Lets use our combo on the G1 Cyclonus, Scourge and the Sweeps.

Hulk: Got it Nico!

Nico used Solomon Grundy's super strength and Hulk used his Super Strength.

Nico and Hulk: SUPER DEATH SMASHPUNCH!

Their powerful death punch smashed the G1 Cyclonus, Scourge and the Sweeps to pieces instantly.

Nico: That one was for you, Grundy.

Nova: These guys are bad news. I can't believe that they are that strong.

Ramjet: They aren't as powerful as they were when Nico and his friends faced all of us.

Nico: Yeah. G1 Cyclonus, Scourge and the Sweeps, you all have failed this universe.

Frenzy: Lets hurry on.

They did.

* * *

Outside, the battle raged on.

Moonracer: Unicron you will never win!

Iceman (Marvel): You got it Moonracer!

Moonracer fired her Photon Pistol and Iceman fired a powerful blast of ice.

Moonracer and Iceman (Marvel): PHOTON ICESTORM BURST!

The blasts of Photons and Ice combined and they hit Unicron in his neck and exploded. He screamed in pain and I headbutt him and slashed him in the chest and I kicked him in the stomach and face and then I slashed his arm.

Me: **Unicron, I will never forgive you for everything you've done!**

Then I sensed something strange.

Me: **What the? I sense something inside Unicron. Whatever it is it must be the source of all of Unicron's power.**

I punched Unicron in the face and punched him in the stomach again.

* * *

Inside Unicron, they made it to Unicron's black and gigantic heart.

Nico: Unicron's black and malevolent heart.

Nova: It's huge.

Spiderman: I can't believe that Unicron's heart is this big and it's beyond pure evil.

Francis: Me neither.

?: Help me!

Nico gasped!

Nico: Who's there?

Optimus Prime: That sounded like a little girls voice.

Nico scanned for where she might be by concentrating. He found her inside the heart.

Nico: She's inside Unicron's heart.

?: Help me Lori! Help me!

Nico: How does she know Lori? And how did she get inside Unicron's dark heart?

?: (Malevolent laughter) I'm impressed you all made it this far gentlemen. You should be congratulated.

Nico: I know that voice! Armada Sideways!

Sideways of Transformers Armada appeared out of Unicron's black heart.

Optimus Prime: Sideways!

Nico: The most diabolical traitor of all next to Starscream.

Sideways (Armada): Please. I'm not impressed by your petty labels.

Optimus Prime: You've been with Unicron all along haven't you?

Nico: And if that's the case then you will pay for your crimes.

Unicron: (Speaking Through Armada Sideways) **Actually to be more precise, we are one in the same my dear friends. This shell that you've come to know as Sideways is but a disguise.**

Nico: So you are also Unicron as well!

Unicron: **That's right. For eons I've absorbed energy from your battles all over the universe and with the fights with Optimus and Galvatron. Making me the most formidable adversary in the cosmos. And now that my metamorphosis has come this far it is time to take my rightful place as Supreme Leader.**

Optimus Prime: You only absorbed our negative energy.

Unicron: **Precisely. I must confess, there was more than enough of it to feed off of. And while you were squabbling I surpassed your strength without any of you even noticing.**

Nico: Who is that girl that you've imprisoned inside your heart?

Unicron: **The girl inside my heart is a young human girl named Emma Jimenez and she is the younger sister of the human you call Lori Jimenez.**

They gasped in sheer shock.

Nico: Lori's little sister is inside your heart!?

Optimus Prime: How did you get Lori's sister into your heart!?

Unicron: (Chuckles) **It was very easy. As you were fighting the evil human you all call Dr. Blight, I made my move and kidnapped her to restore me. You see, Emma has a strange and mysterious power that enables her to absorb Negative Energy. She was the catalyst that made me stronger and I'm getting stronger by the second thanks to her. And soon when she has served her purpose I will destroy her like I will destroy all of you.**

Nico: You monster! I won't let you get away with this Unicron!

Nico went Super Saiyan 3.

Optimus Prime: Nico wait!

Nico flew into Unicron's black heart and went deep into the void.

Nico was inside Unicron's malevolent and evil heart. It was as black as evil can get and it was an endless heart of pure darkness.

Nico: (Echoing) Emma? Emma?

Nico followed the dark arteries of the heart and then he saw Emma. She was a girl with black hair and she was in blue pajama clothes torn up and she was no older then Lucy Loud.

Nico: Emma!

Nico flew up to her.

Nico: Emma wake up! Please wake up!

Emma woke up and she was barely alive.

Emma: (Weakly) Who are you?

Nico: I'm Nico Chan and I'm here to get you out of here.

Emma: I tried to get out but I can't.

Nico: I can do it.

Nico ripped the arteries out and undid her bindings. She fell and Nico grabbed her.

Nico: Lets get out of here!

Nico put her on his back and flew out of the black heart. Nico formed an air bubble around Emma and she was getting air in the endless void of space.

Nico and Emma flew out of the Heart.

Optimus Prime (about to open the Matrix): Now, light up our Darkest Hour!

Optimus opened the Matrix and threw it into Unicron's heart.

Nico: Lets get rid of this Unicron buttface! Astroscope, Payload, and Sky Blast, Powerlink!

Astroscope, Payload and Sky Blast turned into The Requiem Blaster.

Francis: I've had it with this freak! Lets combo attack Ramjet!

Ramjet: You got it Francis!

Francis fired a powerful blast of fire and Ramjet fired lasers and missiles.

Francis and Ramjet: FIRESTORM BARRAGESTRIKE!

The fire and missiles and lasers burned and hit Armada Sideways.

Sideways (Armada): You all will pay for everything you've done!

He transformed into a motorcycle and rider and burned rubber and went at them.

Sideways (Armada): YOU'RE MINE!

Nico: Shut your mouth and burn in hell you motherfucker!

Nico fired the Requiem Blaster and blew Armada Sideways to pieces.

Nova: Time to finish him for good with a final smash. NOVA ENERGY STRIKE!

Nova fired a huge blast of blue energy from his hands and it hit Armada Sideways and completely obliterated him.

Nico: Armada Sideways, you have failed this universe. Lets get out of here!

Nova: Nice shot Nico!

Nico: Thanks Sam. Same to you. Come on guys!

They went out of Unicron.

Nico: J.D. do you read me?

Me: **I read you Nico. Did you plant the Matrix into Unicron's heart?**

Nico: We did J.D. But we also made a surprising find. Unicron had a hostage.

Me: **What!? Who was it?**

Nico: It was Lori's little sister Emma Jimenez.

I gasp.

Me: **How can that be?**

Nico: During the fight with Dr. Blight she was kidnapped by Unicron and she has this really unusual power that enables her to absorb negative energy. Unicron was using her like some kind of battery.

Me: **Did you get her out of Unicron's heart?**

Nico: I sure did. She's weak from the removal but she should be okay.

Me: **Great job Nico. Get out of there now guys. I'm going to finish Unicron once and for all.**

Nico: Okay.

---

Unicron then screamed in excruciating pain as he looked like he was having a huge Heart Attack.

When Nico and team got out it was time.

Me: **Now it's time to finish you for good Unicron and end your reign of terror once and for all!**

I raised my hands.

Me: **Everyone, share your energy with me!**

I gathered energy from all over the galaxy. And a Spirit Bomb the size of Cybertron had formed in my hands.

Me: **This Spirit Bomb is not enough. Master Goku, I need you to call King Kai and tell him to help me get more energy for the Spirit Bomb.**

Goku: You got it J.D. (Telepathically) King Kai? King Kai can you hear me?

King Kai: I hear you loud and clear Goku. What's the problem?

Goku: J.D. is using the Spirit Bomb to destroy the evil Transformer Devil Unicron. We need energy from all over the entire universe to destroy him once and for all. It's our only hope!

King Kai: Pep from all over the universe huh? All right I'll get right on it Goku. (Telepathically to the Kais) Kais of the East, South and West, lend me your strength for the Entire Universe depends on it!

The Kais strengthened their telepathic link.

King Kai: (To Goku) Okay Goku it's all ready.

Goku: Okay. J.D. it's all ready.

Me: **Okay Master Goku! Everyone SHARE YOUR ENERGY WITH ME!**

Energy from all over the entirety of the Virgo Supercluster flew into our galaxy and poured into the Spirit Bomb like wildfire and the Spirit Bomb grew to massive size and it was as big as a Hypergiant star.

Me: **Master King Kai, thank you so much and thank everyone all over the universe for their assistance.**

Unicron was still screaming.

Me: **This is it Unicron! Now go to hell and stay there!**

Unicron: **Destiny… you cannot… destroy… my… DESTINY!**

I threw the massive Spirit Bomb at him and it completely consumed him and completely obliterated him in an instant! It went all the way out into the vastness of space and exploded.

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

When the smoke cleared, Unicron - the Supreme Harbinger of Universal Armageddon, had been silenced forever and the Universe was finally free of his terror. After so many eons of pain, suffering, death, destruction and chaos, the universe was finally rid of his evil once and for all thanks to us and everyone all over the universe! I powered down and I wasn't in the least bit exhausted.

Me: It's over guys! We won! Unicron has been destroyed.

Everyone cheered wildly in a thunderous roar of victory.

Optimus Prime: Everyone, Unicron and his minions have been defeated. And I am happy to announce that Rodimus is my new second in command.

Rodimus Prime: Now, let this mark the end of the Cybertronian Wars as we march forward to a new age of peace and happiness! Till all are one!

All: Till all are one!

Me: Nico, you did really well. Great job buddy.

Nico: It wasn't just me J.D. It was all of us.

Me: It was. We triumphed together.

Thundercracker: It's good to have you guys back.

Frenzy: Good to be back. (sighs) Rumble… I wanted to say I'm sorry.

Rumble: For?

Frenzy: Being dead… well, for a while… it gave me perspective. Let me realize how much I've screwed up letting Megatron lead me down a dark path like I should have. But now that I've gotten a second chance, I'm gonna use it wisely and fight bad guys by your side.

Ramjet: Ditto. What happened was… well, it gave me some perspective too. Made me realize I've been an idiot in following Starscream and Megatron's destructive ways. But I know that I can make it up for it by helping you guys out against the villains on Earth.

Thrust: Same goes for the rest of us.

Soundwave: Megatron and Starscream: Inferior. Nico Chan: Superior.

Nico (smiles at them): Don't worry. You all proved yourselves by helping us kill Megatron. Now, how about we go the estate for the victory party?

Thrust: We'd like that.

Dirge: You're the boss. And this time… we all mean that.

Ramjet: We all do.

Rodimus Prime: (To the viewers) As long as evil exists in this universe, we will be there to stop it.

Nico: Come on guys. Lets head home.

We did so.

---

In the infirmary, Emma was waking up. She woke up in a bed and she saw Lori sitting on her bed.

Emma: Lori?

Lori J.: Hey sis. I'm glad you are back.

Emma: Sis!

Lori and Emma hugged and Emma cried hard.

Emma: (Crying) I was so scared!

Lori J.: I know sis. But you're back now and that's all that matters.

Emma was crying hard.

---

We were watching TV and some of us had bandages on from the battle. But it was all worth it and we had come out victorious.

Me: This was by far without a doubt the biggest and most powerful battle we've ever had.

Nico: It sure was. And Ben used the power of Alien X to stop another Black Hole from forming.

Me: He sure did. And that was clever.

Mike: Guys I have something to say to Zoey.

Me: Okay Mike.

Mike held Zoey's hand and stood in front of us.

Zoey: So Mike, what is it you want to say.

Mike: (Holds her hands) Zoey, you are the best thing that ever happened in my life and I want to spend the rest of my life with you. Zoey, (he gets down on one knee and reveals a ring with a red ruby and diamonds as everyone gasps excitedly) will you marry me?

Zoey: (Wiping away her tears of joy and give him a hug) Yes!

They shared a kiss and we cheered wildly for them.

Me: Congratulations guys!

Lynn: Way to go you guys!

Lincoln: That was amazing!

Laney: I'm so happy for you both.

Lola: Me too.

Mike: Thanks guys. Zoey is the best person in the world and I want to be with her forever.

Me: I know you two are perfect for each other buddy.

We had a great dinner. And we saw Sammy sad.

Me: What's wrong Sammy?

Sammy: I miss my dad. My father died of cancer and it was because of Amy and my mother that I lost him.

Lori: Oh Sammy. That's awful.

Sammy: I know Lori. But I miss my dad so much. If only there was a way to reunite with him so I can get some closure.

Me: I think I have that answer.

I pulled out a blue crystal.

Me: I found this in the mine we were in when I was on Season 7.

Cameron: (Amazed) That is not just any ordinary crystal, it's a Resurrection Crystal.

Gwen: So it's just like the Resurrection Stone in the Harry Potter books?

Cameron: Kind of, the only difference is that after you let go of it after using it, it will destroy itself.

Shawn: So I could bring back someone that I have lost for a few minutes?

Cameron: Yep! I wish I could see it work myself, but I've got to get back to work. (He leaves)

Me: That's amazing Cameron. I didn't know I had a powerful crystal in my hands.

I gave the crystal to Sammy.

Me: Here Sammy. You need this. I think it's best for you to have some closure.

Sammy: Thanks J.D.

(Sammy takes the crystal, holds it close to her heart, closes her eyes and thinks about her father. She then hears a familiar voice.)

?: Sammy!

(Sammy opens her eyes and is surprised to see her father standing right there as if he never died. Everyone is also surprised to see this.)

Dave: (To Sky, shocked) You're seeing this too right? (Sky nods)

Me: This is incredible. It's all real.

(Sammy walks up closer to her father)

Hank: You've grown up so much. You've made a lot of new friends, you found a new home, and you've helped those that needed it. I am so proud of you! (Sammy smiles at him.) I saw everything you've done and I'm so proud of you.

Sammy: (Touched) Thanks Dad!

Hank: (Turns to Jasmine) Thank you for taking my daughter away from Amy and her mother.

Jasmine: You are welcome!

Hank: (Turns to Sky and Shawn) And thank you for saving her life.

Shawn: Anytime!

Sky: She's very special!

Hank: Yeah she is. (Turns to me) J.D. Thank you so much for helping my daughter. I know she is in good hands and thank you for throwing Amy in jail.

Me: It was our pleasure Hank. And I'm so sorry all this happened to you.

Hank: It's all right J.D. (He looks at Sammy) Remember, even though I am gone, I am always proud of you and I will always love you.

Sky: (Gasps) Just like what Misty said on the Island.

Hank: And I am also glad that she is safe. Misty is so lucky to have a sister like you who is always there for her. (Sky smiles)

Sammy: I'm happy that I got to see you one more time.

Hank: I know sweetie, I know. Just remember, I will always be right here, (points to her heart) right here.

Sammy: (Teary eyed) Thanks daddy, I love you.

Hank: And I love you too Sammy. (The two of them share a hug that feels so real. Sammy then drops the crystal and it smashes to the ground. And just like that, her father was once again gone.)

Me: I'm glad you got closure Sammy.

Sammy: I am too J.D. (Tears flow down her face) I am too.

We had a most amazing battle, Mike and Zoey got engaged and Sammy got closure after everything that had happened to her at the hands of her evil sister and her cruel former mother.

THE END

---

Another Fanfiction Complete.

Unicron, the Transformer Devil is by far the most ruthless monster in all of the Transformer Universe. But we all united together and destroyed the ultimate evil of the Transformers. NicoChan11 gave me the ideas for this one. Thanks man as usual. Let me know what you all think.

See you all next time.

# The Shark Sibling Mutants

## Part 1: Meeting May's Parents.

---

It starts in the Hoenn Region which is over in British Columbia, Canada. Me and Xerneas were riding Rapidash and Nico, May, Ash, Serena, Dawn, Misty, Brock, Iris, Lincoln, Earth and Laney were flying and Jessie, James & Meowth, Reggie, Max, Lucy, Bonnie and Clemont were riding in the hover carriage. As we rode to May's parents house Nico caught an Octillary and a Corsola.

Me: So the Hoenn Region is in British Columbia in Canada. That's sweet.

Ash: I wonder how May's mom and dad are doing.

May: Me and Max haven't seen them ever since we came here to this world.

Max: That's right. I missed them and it has been a while.

Me: I heard your dad is also the Gym Leader of the Petalburg City Gym.

Max: That's right J.D.

May: Ash won against him to earn the Balance Badge.

Ash: It was the first ever badge I got from the Hoenn Region.

Me: That's awesome.

Nico: Guys I'm really nervous about meeting May's Parents. What if they don't like me?

Me: Don't worry man. You have our support and we'll be there for you.

Laney: That's right. You and May are perfect for each other and we can help you with our support.

Nico: Thanks guys.

Me: You're welcome.

We saw May's house up ahead and it was right on the outskirts of the city of Victoria, British Columbia.

May: That's my house right there.

We stopped.

Me: Wow. May your house is amazing.

May: Thanks J.D.

We went in.

May: Mom? Dad? Me and Max are home!

May's parents Norman and Caroline Mabel came and they were overjoyed to see them.

Norman (hugs May and Max): Max! May! We've missed you!

Caroline: It's so nice to see you two again! How've you two been?

Max (Pokemon): We've been good. And May has some news.

May: I brought Jessie, James, Meowth, and my new boyfriend!

Norman tensed at the word "boyfriend".

Norman: Excuse me for one moment. (goes to his room)

Nico: (to James, Jessie, and Meowth) Do you guys have a sudden feeling of dread?

James: Yep. And I'm glad it's not just me.

Jessie: And we know what Norman's capable of.

Meowth: I feel my life flashing before my eyes.

May: Stop be so dramatic. So long as he doesn't bring out the scrapbook, we'll be fine.

Norman did come back, but it was not with the scrapbook. Instead, he brought out a double barrel shotgun and a Slaking.

Norman: Step away from my kids and nothing will happen… (points gun at me, Jessie, James, and Meowth, who hug each other in fear with Slaking growling at us)

Me: (lowers the shotgun) Norman, there's no need for that. Just calm down and I'll explain everything that you missed.

Norman: And who are you?

Me: Oh I'm sorry we didn't introduce ourselves. I'm J.D. Knudson, Leader of Team Loud Phoenix Storm.

Norman: Oh wow! It's such an honor.

Caroline: We've heard so much about all of you.

Norman: It's an honor.

We were outside and all our pokemon were out eating apples and food and we got to talking about our adventures and we told then about all our adventures and how much we have done.

Norman: Wow. You've all done so much.

Me: We don't like to brag but we have to do what is needed to protect the entirety of the universe.

Norman: Wow. You guys have had a tremendous impact on the entire world.

Me: Not just the world but also many worlds from all over the universe.

Caroline: And I heard you all destroyed an abusive Pokemon trainer.

Me: Yep. That was Reggie's little brother Paul. He was probably the most evil Pokemon Trainer we've ever met. Next to those of Teams Flare, Rocket and Galactic.

Nico: Yep.

Caroline: Oh my.

Reggie: My little brother always had such a cruel side to him and I knew it was going to be the death of him one day.

Me: Yeah. But that's not the worst thing he ever did.

We told them what he did and how bad he was and how he was going to kill us with his own version of the Sinister 6.

Norman: What!? Are you serious?

Me: We are Norman. He was a Pokemon Trainer with no honor and he deserved to die.

May: Yep.

Nico: Norman, Caroline I was very nervous coming out here to meet you.

Caroline: We understand Nico.

Me: We should tell you about Nico. You see, he is a Saiyan. The Saiyan's are a race of powerful warriors from the planet Sadala and they were once considered the most feared race in the whole galaxy.

Nico: That's right. My people were considered the most feared and prideful race in the universe. But they were all destroyed by a merciless and ruthless galactic tyrant named Frieza. I am now the last of my kind along with my master and teachers Kakarot who is also called Goku, and the prince of all Saiyan's Vegeta.

We revealed what happened to Nico and how he got to where he was. When it was done Norman and Caroline were shocked.

Norman: Nico that's awful. I can't believe that Ken's Parents would accuse you like that!

Caroline: It wasn't your fault!

Nico: It's all right. I'm over it now. J.D. and everyone helped me get over my grief. They are true friends.

Me: Thanks man.

Dawn: It was a harrowing journey for him. But we helped him out.

Me: Yeah. But as long as evil exists no one will be safe.

Nico: Norman, Caroline, I promise I will always be there for your daughter. She is the most beautiful and most amazing girl in the whole world and together we have gotten through the most amazing battles and adventures.

Norman: Nico, make sure to treat May nice.

Nico: Relax, sir. I'll always remain faithful to your daughter!

Me: He's a man of honor and always sticks to his word Norman.

Nico: That's right. I may be a Saiyan, but I am not like the rest of my people. I'm what's called the black sheep of my race.

Norman: I believe it. Okay Nico. We'll hold you to your word.

Nico: Thank you Norman.

Caroline: J.D. who is the next team you have to take down?

Me: That would be Team Aqua. After we destroyed Team Galactic over in Central Europe we set our crosshairs on Team Aqua. They want to use the power of Kyogre the Ocean Pokemon to expand the oceans and flood the entire planet. They also want to defeat Team Magma. So far they haven't made their move. But when that time comes, The Waters of the Alpha Ocean will come for them.

Nico: The Alpha Ocean?

Me: It's the name of a Team I made for Kyogre. Team Alpha is the ferocity of the power of the ocean and the beginning of the start of life on Earth.

Xerneas: Wow! That's very philosophical and creative.

Me: Thanks. We made team tattoos for the legendary birds of Moltres, Articuno and Zapdos. See?

I showed the tattoos we have on our arms. In order from top to bottom was the symbols of Team Valor, Team Mystic and Team Instinct.

Caroline: Those are amazing symbols! It's perfect for you all.

Me: Thanks Caroline. We came up for the mottos ourselves.

I pulled out the flags for Team Valor, Team Mystic and Team Instinct and they were in order as follows:

Team Valor: The Valor of Fire Shall Incinerate Evil

Team Mystic: The Mystic Freeze shall Extinguish the Fire of Evil

Team Instinct: The Instinct of Lightning will Electrocute Evil to Ash.

Norman and Caroline were amazed.

Norman: These flags are amazing.

Caroline: And the mottos they have are amazing.

Me: Yep. Villain Teams are still out there and when they make their moves we will make them pay.

All: Yeah!

Nico: Those Villain Teams have failed this world.

We laughed.

Me: You got that right Nico.

Lincoln: And we will be there to make sure that they all pay.

Earth: That's right. They've been terrorizing our world for far too long and we won't let them do what they want anymore.

Xerneas: And that is a fact.

Me: Yep.

Later we went back home and Norman and Caroline knew that May was in good hands and so was Max.

---

Part 2: Movie Time.

---

In the living room we were watching the most awesome movie ever. It was called The Prince of Egypt and it was centered around the story of Moses in the Book of Exodus in the bible.

Moses: Rameses! Let my people go!

Rameses: [laughing] Still gnawing away at that bone, are we? Carry on.

Moses: You cannot keep ignoring us.

Rameses: Enough! I will hear no more of this Hebrew nonsense. Bring him to me.

[the guards take swords out, then they jump in the water]

Tzipporah: Moses!

Aaron: No!

[the guards continue walking in the water, then the wind blows at Moses]

God: Take the staff in your hand, Moses.

[Moses holds the stick, then walking in the water, then touching the water, putting the red of blood in the water, then they all run down, then the blood continues flowing at the guards, then touching the blood water]

Rameses' Son: [touching the blood of water] Father.

Tzipporah: It's…

Guard: Blood! Blood! Oh, blood!

Me: "And the Rivers and Waters of Egypt ran red and were as Blood."

[they all run to the boat, then holding on, putting blood around]

Rameses: Hotep! Huy! Explain this to me!

Hotep: Ah!

Huy: Rest assured, Your Majesty,

Hotep: Uh, yes, we were going to demonstrate the superior might of our gods. Uh… [puts the jug down, then putting blood in] By the power of Ra!

Rameses: [puts his hand in the blood, chuckling, then laughing] Abandon this futile mission, Moses. I've indulged you long enough. This must now be finished.

[They all look at the boat]

Moses: No, Rameses. It is only beginning.

Me: Moses is right guys. God's power far surpasses those of Egypt.

Cody: I know the power of the Egyptian Gods and Goddesses and you are right J.D.

Me: Yep.

Aaron: But, Moses, d-didn't you see what happened? The priests did the same thing. Pharaoh still has the power over our lives.

Moses: [puts his hand on the shoulder] Yes, Aaron, it's true. Pharaoh has the power. He can take away your food, your home, your freedom. He can take away your sons and daughters. With one word, Pharaoh can take away your very lives. But there is one thing he cannot take away from you: your faith. Believe, for we will see God's wonders.

[They all look at a building, then cut to a building, with geese flying away, with the music playing, then putting the pot down, then the frogs leap up the stairs, then running away, then growing a cup, with ants walking away, then the cow lays down, then getting up, then a man wakes up and he has lice on him, then the flies fly, then the frogs leap, then hearing thunder, then lightning strikes and fireballs rain down, then looking at the fireballs falling down, then running away, then looking around, then landing on the man, then hearing thunderclap, then looking at the flies, by grasshoppers, then they all run away, then cutting the hay, then grabbing a man, then looking at Moses, then going inside, then grabbing a table, then breaking a table, then pointing, then grabbing the food, then looking at Moses, then the fireballs continue falling down, then running away, then putting separate faces, then Rameses walks away, then the wind blows at Moses, then the statue breaks, then then the buildings all fade, then walking up, then touching the hand on the wall, walking in the dark building]

We saw 9 of the most destructive and most devastating plagues ever unleashed by the power of God. We saw The Plague of Frogs. Hundreds of thousands of frogs covered the streets of Egypt like wildfire.

Then we saw the Plaque of Lice. Lice covered everyone and everything in Egypt and it was horrific.

We then saw the Plague Upon the Cattle and the Livestock and it was awful seeing all the cattle and livestock die.

Next was the Plague of Flies. Millions of flies flew into Egypt and they covered everyone and everything.

Then came the Plague of Hail and Fire. We saw powerful storm clouds roll in and lightning struck and huge fireballs rained down onto Egypt and burned everything they touched.

Next was the Plague of Incurable Boils and Sores. We saw most of the people covered in huge ugly boils and sores that were extremely painful.

Then we saw the Plague of Locusts. A massive swarm of Locusts flew in from out of nowhere and destroyed all the crops and vegetation.

Thus saith the Lord

Since you refuse to free my people

All through the land of Egypt…

I send a pestilence and plague

Into your house, into your bed

Into your streams, into your streets

Into your drink, into your bread

Upon your cattle, on your sheep

Upon your oxen in your field

Into your dreams, into your sleep

Until you break, until you yield

I send the swarm, I send the horde

Thus saith the Lord

Once I called you brother

Once I thought the chance

to make you laugh

Was all I ever wanted…

I send the thunder from the sky
I send the fire raining down
And even now I wish that God
had chose another
Serving as your foe on his behalf
Is the last thing that I wanted…
I send a hail of burning ice
On ev'ry field, on ev'ry town
This was my home
All this pain and devastation
How it tortures me inside
All the innocent who suffer
From your stubbornness and pride…
I send the locusts on a wind
Such as the world has never seen
On ev'ry leaf, on ev'ry stalk
Until there's nothing left of green
I send my scourge, I send my sword
Thus saith the Lord!
You who I called brother
Why must you call down another blow?
I send my scourge, I send my sword

Let my people go

Thus saith the Lord

Thus saith the Lord

You who I called brother

How could you have come to hate me so?

Is this what you wanted?

I send the swarm, I send the horde…

Then let my heart be hardened

And never mind how high the cost may grow

This will still be so:

I will never let your people go…

Thus saith the Lord:

Thus saith the Lord:

I will not…

Let your (my) people go!

This was the scariest and most amazing part of the movie.

Lastly we saw everything go dark. It was the 9th plague: The Plague of Darkness.

Me: "And he stretched forth his hand towards the heavens and there was darkness throughout the land of Egypt."

Moses: Rameses? Rameses?

Rameses: Oh. Let me guess. You want me to let your people go.

Moses: I hoped I would find you here.

Rameses: [throws a cup on the ground] Get out!

Moses: Rameses, we must bring this to an end. Rameses, please, talk to me. We could always talk here. [he sighs] This place. So many memories. I remember the time you switched the heads of the gods of the Temple of Ra. [he sighs]

Rameses: If I recall correctly, you were there switching heads right along with me.

Moses: No, it was you. I didn't do that.

Rameses: Oh, yes, you did. You put the hippo on the crocodile, and the crocodile…

Moses: On the falcon.

Rameses: Yes! The priest thought it was a horrible omen and fasted for two months. Father was furious. You were getting me into trouble. [walks away, then Moses walks up to Rameses] But then… [chuckling] You were always there to get me out of trouble again. Hmmph. Why can't things be the way they were before?

Rameses' Son: Father. It's so dark. I'm frightened. Why is he here? Isn't that the man who did all this?

Rameses: Yes. But one must wonder why.

Moses: Because no kingdom should be made on the backs of slaves. Rameses, your stubbornness is bringing this misery upon Egypt. It would cease if only you would let the Hebrews go.

Rameses: I will not be dictated to. I will not be threatened. I am the morning and the evening star. I am Pharaoh.

Moses: Something else is coming. Something much worse than anything before. Please, let go of your contempt for life before it destroys everything you hold dear. Think of your son!

Rameses: I do. You Hebrews have been nothing but trouble. My Father had the right idea about how to deal with your people.

Moses: Rameses…

Rameses: And I think it's time I finished the job.

Moses: Rameses!

Rameses: And there shall be a great cry in all of Egypt, such as never has been or ever will be again!

[camera zooms to Pharaoh pointing at a baby, babies in the water, and Rameses' Son, then looking around]

We gasped in sheer horror at what Rameses was gonna do. He was going to use the 10th plague to kill all of Moses' people!

Moses: Rameses, you bring this upon yourself.

Me: But he has no idea what the power of God is capable of.

[camera zooms out of the building]

Moses: God has come to me again, saying, "Take a lamb, and with its blood, mark the lintel and posts of every door, for tonight, I shall pass through the land of Egypt, and smite all the firstborn. But when I see the blood upon your door, I will pass over you, and the plague shall not enter." [closing the window, then the wind appears, flowing down at the buildings, then rattling, then hugging the people, then flowing at the door, sleeping, escaping the breath, then flowing inside, escaping the breath, then blowing the fire out, then opening a window, looking at a wind, then closing the window, then walking upstairs, with the wind flowing, then the pottery breaks, then the wind continues flowing at the men, running away, with the shadow flowing on the head, then the breaths escape, then the wind disappears, then Rameses walks up, holding Rameses' Son, then Moses walks up, then putting a blanket around him]

We saw God's mighty angels of death fly into Egypt in the form of a ghostly white wind and they killed all of the firstborn children except for all of Moses' people who had their doors marked by lambs blood. When it was over, there was a horrible cry that echoed throughout the land.

Rameses: You and your people have my permission to go.

Me: This was the price he had to pay for incurring the wrath and power of God.

Lola: I can't believe Rameses was like that!

Lana: What a jerk!

Nico: Rameses of Egypt you have failed all of the known world.

We laughed.

Me: It's over 3500 years too late to say that Nico. But you are right. Rameses had to learn the hard way and now look at what happened to him. He lost everything to the power of God.

Lisa: That is a very interesting and very powerful religious curse and penalty bestowed to Rameses, 2nd Elder Brother.

Me: It was.

Laney: But from all accounts he deserved it. And he paid the price for his arrogance and stubbornness.

Vince: He sure did. From all accounts he deserved it. This is also one of the most important holidays in the Jewish Religion: Passover. It was on April 20th, 2019.

Lynn: Just a couple of days ago.

Me: Yep. Passover is one of the most important holidays in the Jewish Religion.

Varie: I believe it.

When we finished the movie we cheered and it was awesome!

Me: That movie is always awesome!

Lola: It sure was.

Lana: J.D. what do you think happened to Rameses after Moses freed his people?

Me: I honestly don't have any idea. But if I had to take a guess I would say that Rameses and all of the people that were with him were forever damned.

Laney: I have a feeling you're right J.D.

Lily: I have that feeling too. Anyone that doesn't follow God or his son Jesus are condemned to eternal damnation.

Me: Well said Lily.

## Part 3: Shark Sibling Mutants

At a local shipment plant in San Francisco, California something was going on. Slobster and Slash a humanoid Lobster and Swordfish were threatening security guards.

Slobster (grabs two security guards by the throats): Where are the parts you're delivering? (the guards remain terrified) Talk! Or I'll-

Slash (intervenes): Gentlemen. I apologize. My friends here is… inelegant. He simply doesn't know the art of persuasion. (drills his nose into a security guard's shoulder)

Randy: Oh, man! I did not need to see that! (goes invisible)

The invisible Randy runs away but while doing so, he knocks over a soda can, getting the Seaviates' attention.

Slash: What was that?

Slobster: Let's check it out.

Randy ran away and he ran all over the plant. He ran through the halls and doors and he lead them on a wild goose chase.

Slash: It's a wild goose chase!

Slobster: I hate wild goose chases!

Slash: Lets get back to work.

They put it aside and got back to what they were doing.

---

At a local fish cannery some serious fighting was going on.

POW!

A man was punched through a crate.

KROW!

Another man was kicked through a crate and lots of cans of tuna fell on him.

Nico and Maria were dealing with pearl poachers trying to sell pearls from oysters on the black market.

Nico: You pearl poachers have failed this city.

Maria: And then some.

Nico: Lets wrap these guys up with our combo.

Maria: You got it Nico.

Maria fired a blast of water and Nico sent out Carnage's red and black tentacles.

Nico and Maria: BIND UP NET!

The tentacles from Carnage tied them up and the water put them in a net.

Nico (high fives Maria): Nice job, Maria!

Maria: Thanks Nico. That was awesome!

The Pearl Poachers were arrested.

Nico: Maria, are you glad you and I are spending quality friendship time together?

Maria: I sure am Nico.

Nico and Maria walked around the wharf.

Nico: San Francisco is so beautiful. You can see everything. Alcatraz Island, the Golden Gate Bridge and more.

Maria: It sure is a breathtaking marvel. I wish William was here to enjoy it.

Nico: I know.

Maria: Hey what's that over there?

Nico and Maria went to where it was and they got a surprise as they saw The Street Sharks and they were hurt.

Nico: Oh man! It's the Street Sharks!

Maria: We have to help them!

Nico: Lets get them to the estate.

Nico formed Tentacles with Undergrowth's plants and Maria formed water tentacles and they lifted them up and beamed over to the estate.

---

In the laboratory of the mad scientist Dr. Luther Paradigm, something evil was going on. Repteel, Killimari, Slobster, and Slash were working on a machine, Paradigm's last option if all else failed.

Paradigm (comes into the room): How are things going?

Slobster: We're getting there, Doc. I can't believe we're actually building this thing.

Paradigm: You three know that this might be the end of our operations in Fission City. I want to be able to continue our plans, even if they have to be in another reality. If we're lucky, we might even bring some of our fellow villains with us.

Repteel: Easier said then done, Doctor. Most of our best minds are dead or in the space prisons. MODOK, Octavius, heck even Mojo Jojo, all gone. As fair as we're concerned, you, Sterns, and Spicer are among the remaining geniuses left.

Slash: Don't remind me of that mama's boy. He hasn't been the same ever since that last Xiaolin Showdown that caused most of the Shen Gong Wu to be scattered. He's had an odd shift in personality since he started working on that blaster weapon of his.

Paradigm: I know. Wuya has him over watch. She'll let me know if something goes wrong regarding him. Look, this device of ours is extremely important. So for once, I'm trusting you three not to mess it up.

Paradigm walked away leaving his three minions alone with their work again.

Killamari: There's a good chance that this machine will work. But someone has to stay behind to destroy it so that Team Loud Phoenix Storm won't follow the rest of us.

---

Back at the estate in Michigan we were watching TV and playing Card Games.

Nico and Maria came in.

Nico: Guys we have hurt friends!

Nico and Maria took the Street Sharks to the infirmary. Robot Lori and Maria Santiago looked them over. They were gonna be all right.

When they woke up they saw us.

Me: Are you all okay?

Varie: We mean you all no harm.

Ripster: Who are you guys?

Me: I'm J.D. Knudson, leader of Team Loud Phoenix Storm.

Jab: Whoa it's an honor to meet you dude!

Ripster: How did we get here?

Nico: Me and Maria found you and brought you here.

Ripster: Thanks guys. I'm John Bolton. But I'm also called Ripster.

Jab: Name's Clint Bolton and everyone calls me Jab.

Streex: My name is Bobby Bolton but everyone calls me Streex.

Slammu: I'm Coop Bolton but everyone calls me Big Slammu.

Shredgirl: And I'm Stacy Bolton but everyone calls me Shredgirl.

Me: It's a pleasure to meet you all.

Lincoln: We heard about the Bolton Siblings and what happened.

Me: But how did this happen to you guys?

Shredgirl: Doctor Paradigm! That's what!

Me: Dr. Luther Paradigm? The mad scientist responsible for all the terrible crimes done to the country and to mother nature?

Jab: Yeah! He's the monster that did this to us.

I used my computer eyes and look them over and I saw that their DNA was spliced with each of the species of five different species of sharks. One for each of them.

Me: Dr. Paradigm robbed you of your humanity.

Laney: He really is playing with fire and is really tampering with the laws of nature.

Lola: No kidding.

Me: How did he cause this to happen to you guys?

Shredgirl: It was a nightmare.

---

Shredgirl: (Narrating) **We were having hamburgers and it's our favorite food. When we were about to take a bite we started to change. It was an excruciatingly painful transformation.**

Stacy was about to take a bite out of her burger when suddenly her hands and skin turned pink and she was in a lot of pain as she was transforming.

Stacy: DEAR GOD! WHAT'S HAPPENING TO ME?!

Bobby's skin turned sky blue and purple and the Bolton brothers were in an incredible amount of pain and they were changing.

Bobby: My hands!

John's skin turned dark blue and his hair was falling out and his shirt shredded apart and he grew razor sharp teeth. He was now half Great White Shark. Clint's red shirt ripped apart and his skin turned brown and his hair fell out and he turned into half hammerhead. Coop's skin turned light orange and his hair fell out and his yellow shirt was torn apart and he grew bigger and stronger and he turned into half whale shark and Bobby's shirt was torn to shreds as his skin turned light blue with purple stripes on him and his hair fell out and he had sharp teeth. They still had their pants on. John had black pants and shoes, bobby had green shorts, knee guards and skates on, Clint had blue and white pants, Coop had white football pants on and Stacy had Brown pants with pink skates on.

Clint saw what he looked like and he was horrified!

John: That lousy gene-slamming Paradigm is gonna pay for this!

Bobby: Lighten up guys. Maybe it's not all that bad.

Stacy's skin turned pink and she lost all of her brown hair and she grew a long chainsaw-like blade from the middle of her forehead and she grew a fin and her shirt and clothes were torn to shreds. Her pants and skates were still on though.

When the transformation was done, she looked at herself in the reflection of a spatula and she screamed in absolute horror!

Stacy: (BLOODCURDLING SCREAM) WHAT DID THAT MOTHERFUCKER DO TO US!?

Coop: I don't know about you but I'm still hungry.

Coop took a huge bite out of a whole hot dog cart.

It was a terrible ordeal they went through.

FLASHBACK ENDS

Shredgirl: Ever since then Dr. Paradigm ruined our lives and ruined the lives of so many innocent people.

Me: What a monster!

Lori: Dr. Paradigm literally disgusts me!

Me: Just what the world needs. Another mad scientist running amok.

Fox: I would call this Dr. Paradigm Earth's version of Andross.

Me: You and me both Fox. Well we've dealt with some pretty crazy people. Some of them were mad scientists. But Dr. Paradigm is the worst one of them all. What were you all doing before Dr. Paradigm mutated you?

Ripster: We just found out that dad somehow disappeared.

Jab: Our friend Lena, who is one of our dads students told us that he disappeared.

Ripster: I was eating my breakfast.

Jab: I was sleeping.

Streax: I was talking to the ladies.

Slammu: I was practicing for a football game.

Shredgirl: And I was over at the skatepark practicing some sick moves.

---

Shredgirl: (Narrating) I was practicing some awesome moves when I heard my cell phone ring.

Stacy's cell phone rang and she answered it.

Stacy: Yo talk to me.

Shredgirl: Dad's student Lena was on the phone.

Lena: Stacy it's Lena. Your father says that you and your brothers are to meet him in 15 minutes.

Stacy: Be right there.

Shredgirl: I had no idea that it would lead me and my brothers into getting spliced with Shark DNA

FLASHBACK ENDS

Me: And how did Dr. Paradigm inject you all with the DNA of 5 different species of sharks?

Ripster: He set up a fake meeting spot at his laboratory and he relayed a fake message from our dad saying to meet him there in 15 minutes.

Jab: But it was all a trap. He caught us and injected us with the DNA each of 5 different species of sharks.

Shredgirl: He strapped us down and injected it into our arms.

Me: That monster!

Nico: I can't believe Dr. Paradigm did this to you all!

Shredgirl: Me neither. Being injected with Sawshark DNA was the most painful thing I've ever felt in my life.

* * *

Shredgirl: (Narrating) I was injected with it right in my right arm and it felt like someone had stabbed me right in the arm with a hatchet.

Stacy was injected with Sawshark DNA and she was screaming in excruciating agony.

Stacy: (SCREAMS) WHAT!? WHAT DID YOU DO TO ME!?

Stacy was thrashing around in so much pain that it was unbelievable.

FLASHBACK ENDS

Me: That makes even the pain of Hell look like a total joke.

The Wereshark girls, The Flock Girls, Mutio, Kathy, Sonia and Rocky understood how they felt.

Kathy: Ripster I completely understand how you all feel.

Sonia: Like you, we too were spliced with DNA and made into Geneslammers as you call them.

Rocky: Yeah. We had our lives ruined.

Jab: How did that happen to you girls?

Ben: Blame Dr. Animo for that.

Nancy: Yeah. But we got our shark powers because of a curse.

Stephanie: We were cursed by the curse of the Wereshark.

Mariah: On the night of the full moon, we were bitten by a wereshark and we were cursed.

Ruby: It's not a pretty sight.

Ripster: What kind of sharks can you girls turn into?

Nancy: I turn into a Great White.

Stephanie: I'm a Goblin Shark.

Mariah: I'm a Tiger Shark.

Ruby: And I'm a Hammerhead.

Jab: That's interesting.

Streex: That's awful what you went through.

Max R.: It was the same with me, Nudge and Angel here. We were from a post-apocalyptic world and we were part of an experiment that was going to destroy the planet called the Angel Project. We are now 98% human and 2% bird. We were spliced with bird DNA.

Kathy: Dr. Animo spliced us with Insect DNA. I'm a Spider.

Rocky: I'm a blue beetle.

Sonia: And I'm a scorpion.

Mutio: I was made by a brilliant scientist named Zorndyke and he flooded the entire planet to destroy all of humanity.

Me: Yeah. We've dealt with a lot of mad scientists and saved a lot of people from them. It was a terrible ordeal they went through. They were robbed of their humanity and we helped them out and they can now transform at will.

Slammu: That's amazing guys.

Jab: It sure is.

Ripster: But you all have essentially been through hell.

Streex: No kidding.

Shredgirl: Yeah. But I had no idea you all had such amazing power.

Streex: That is cool though.

Me: What happened to your father, famous genetic researcher Dr. Robert Bolton?

Jab: We don't really know J.D.

Slammu: He disappeared and we have no idea where he is.

Me: Hmm. I have a very strong feeling that it was Dr. Paradigm that had something to do with it.

Nico: I do too. Nico to Soundwave.

Soundwave: (On the radio) Soundwave here boss.

Nico: I need you and Blaster to go out and find Dr. Robert Bolton. He's hiding somewhere.

Soundwave: We're on our way boss.

Me: Okay. Dr. Santiago as we call her says you're all clear to leave the Infirmary.

Ripster: Thanks J.D. We were trying to get away from a recent attack done by Paradigm. We were going to find you guys.

Me: But Nico and Maria found you first.

Shredgirl: It's good they did.

Randy then came in and he was frantic.

Nico: Randy, there you are! Where were you?

Randy: I barely escaped from Slobster and Slash!

Streex: You didn't kill them?

Randy: Do I look like I could've killed them by myself?!

Me: Dr. Paradigm's minions are on the move.

Later in the living room we went over all the mad scientists we killed and destroyed.

Ripster: So who was the first mad scientist you all destroyed?

Me: That's an easy one. The first Mad Scientist we killed was a shinobi named Orochimaru.

I pull up his profile.

Jab: Yuck! This guy looks like he needs a serious plastic surgeon!

Me: That was my first thought too Clint.

Orochimaru was once an orphan who became a pupil of Hiruzen Sarutobi alongside Jiraiya and Tsunade. Compared to the more laid back Jiraiya, Orochimaru stood out as a genius - his talents, knowledge, and determination were considered by Hiruzen to be that of a prodigy seen only once in a generation. According to Tsunade, Orochimaru had a twisted personality even as a child. His sadistic attitude was presumably due to the death of his parents. At some point after losing them, Orochimaru found a white snake near his parents' grave, with Hiruzen's explanation of it representing fortune and rebirth inspiring Orochimaru to study kinjutsu and obtain knowledge of all techniques. Jiraiya theorised that Orochimaru went down this path in an attempt to forget his painful memories.

During the Second Shinobi World War, Orochimaru joined Jiraiya and Tsunade in fighting Hanzō, who gave them the title of Konoha's "Three Legendary Shinobi" (伝説の三忍, Densetsu no Sannin) as a reward for surviving their battle with him, while the rest of their group were easily slaughtered in the process. On their way back to Konoha, they encountered three Amegakure orphans, with Orochimaru proposing a mercy killing before Jiraiya chose to train them instead. In the anime, Orochimaru orchestrated the last known rampage of the Eight-Tails in Kumogakure by infiltrating the village while disguised as a Kumo-nin and posing as Blue B's doctor in order to trick him into taking special genjutsu inducing pills, allowing him to extract the tailed beast. After its rampage, Orochimaru obtained the severed horn of the Eight-Tails and harvested Blue B's DNA from it.

Some time after Team Hiruzen was disbanded, Orochimaru became an Anbu member and joined Root to work directly under Danzō Shimura, while also becoming a mentor to Anko Mitarashi. It was during that time that Orochimaru met Kabuto Yakushi while accompanying Danzō in forcing the boy's guardian, Nonō, into a mission. While Orochimaru's ambitions did include becoming the Fourth Hokage, he intended to use the title for his own agenda. Though Hiruzen knew the potential evil his former pupil had in him, he hoped to stir Orochimaru from the path before slowly realising that he was beyond anyone's help. When Hiruzen finally named Minato Namikaze his successor, Orochimaru saw no more reason to remain in Konoha and began to be less discreet with his actions. This led to his experimentation on Hashirama Senju's DNA with sixty children he kidnapped to recreate the First's Wood Release, having help from Danzō. Believing it to be a failure, Orochimaru was unaware that one child had survived his Wood Release experiment. He later refined the process enough to inject Hashirama's cells into the Sharingan-infused right arm of Shin Uchiha, which he transplanted to Danzō.

Orochimaru performed various experiments on his prisoners, some being fellow Konoha shinobi he kidnapped. He used them as human guinea pigs to develop techniques that would grant him immortality, the end result being Living Corpse Reincarnation. Some time later, Orochimaru was at the outskirts of Kirigakure as he found Kimimaro, the sole survivor of the Kaguya clan. Soon after, thanks in part to Kimimaro, Orochimaru's research on the source of Jūgo's powers led him to find the Ryūchi Cave and master senjutsu. Unable to enter Sage Mode because of the fragility of his host body, Orochimaru instead developed an alternate method of harnessing his senjutsu chakra through cursed seals, which he tested on Anko and several others before eventually using the finalised versions on Kimimaro and the Sound Four. In the anime, Orochimaru found the Iburi clan living underground near Konoha. Taking an interest in their ability to become smoke, Orochimaru took advantage of the clan's fear of their imperfect and potentially fatal transformation by partially stabilising it with his cursed seals. Telling them that he needed more research to perfect the process, the clan willingly gave Orochimaru test subjects. In the anime, Orochimaru witnessed Itachi Uchiha performing a training run normally meant for older and more experienced users due to the danger of it. After the young Uchiha flawlessly completed it, Orochimaru instantly became amazed and excited at Itachi's advanced growth rate. In the anime, he also allied himself with Amachi out of interest for creating a shinobi capable of underwater combat, kidnapping Land of the Sea villagers for their experiments, while introducing Anko to the project. Sometime after, Orochimaru lost interest in the project, and ordered Amachi to cancel it, while also seeing Anko as a lost cause for her refusal to use the cursed seal, and wiped her memories as she left him.

Orochimaru was later sent on a mission by Danzō to Iwagakure to ensure that both Kabuto and Nonō, the former having joined Root as a spy, killed each other as they had become major liabilities. Orochimaru instead brought Kabuto to his hideout, which would become part of his personal hidden village, Otogakure, and revealed Root's intent for Kabuto's life and the role he was to play in it. Though Orochimaru revealed that he was also sent to kill the one who survived this ordeal, he told Kabuto that he saw a bit of himself in the boy and decided killing him would be a waste of great talent. Therefore, Orochimaru offered Kabuto a position as his right hand and spy with the promise of an identity.

As his test subjects began to die off, Orochimaru was caught red-handed by Hiruzen. Though he knew it was his duty, Hiruzen lacked the will to kill his student, allowing him to escape. In the anime, during his escape, Orochimaru was found by Kakashi Hatake. Despite the young prodigy's best efforts, Orochimaru swiftly defeated him. Letting his guard down at the approach of a snake, Orochimaru was greatly injured by an explosive tag concealed in the snake's mouth. Cursing Hiruzen for ruining his plans, though greatly injured, Orochimaru quickly regained his composure. He then resumed his retreat from the country, leaving a terrified Kakashi frozen in place from his malicious glare alone. Seriously wounded, Orochimaru visited the cave where the Iburi clan lived and killed them all, trying to restore his power. Upon the arrival of the youngest member, Yukimi, Orochimaru pursued her while being chased by Kakashi Hatake and Kinoe. Eventually, he managed to take a sample of Yukimi's blood, intending to inject it into himself to temporarily gain her ability and slip across the border, but he was attacked before he could do so and quickly escaped. Orochimaru managed to destroy most of his research facilities and booby-trap the rest.

Orochimaru ultimately escaped Konoha, leaving his emotionally broken mentor, with Jiraiya's plea for him to reconsider falling on deaf ears. Orochimaru soon became affiliated with and joined the elite criminal organisation Akatsuki. Orochimaru was then partnered with Sasori, with whom he did much good for the organization. He later watched in amazement when Itachi Uchiha joined the organisation. Later, when Orochimaru saw his opportunity to steal his body to gain possession of the Sharingan, Itachi used his Sharingan to stop him from doing so, while also cutting Orochimaru's left hand off to prevent him from breaking the genjutsu he was under, which lead to him leaving Akatsuki to acquire a new body. For Orochimaru's defection, Sasori developed a grudge against him and used Kabuto, whom Orochimaru had sent to serve as his spy within Akatsuki, to counter spy as his sleeper agent. However, Orochimaru discovered and undid the technique Sasori had used on him. In the anime, when tipped off by Kabuto that Sasori was on his trail, Orochimaru chose to use this as an opportunity to test his development of the Second Hokage's Summoning: Impure World Reincarnation. Against Sasori's Third Kazekage puppet, Orochimaru summoned the actual Third Kazekage through his technique. While proving his reincarnated ninja being stronger than the human puppet, the technique ultimately proved incomplete as the Third Kazekage was able to regain control and break the summoning contract..

Orochimaru had also been on a life-long search for the Totsuka Sword, an ethereal sword, but was unaware that it was in the possession of Itachi's Susanoo. In the anime, Orochimaru witnessed Mizuki killing a comrade during a mission. Under the pretence as a gift for Mizuki's bold actions, Orochimaru granted him a specialised cursed seal. In truth however, it was an incomplete experimental tool that would destroy whoever used it, to which Orochimaru was merely curious as to how the effects would happen on Mizuki.

Ripster: Boy this guy was really messed up! What did this Orochimaru specialize in?

Me: He specialized in Forbidden Jutsu, techniques that are considered far too dangerous to be used by any shinobi.

Slammu: He sounds like a smart and dangerous guy.

Me: He was. But he was also known as the Greatest Enemy of the Leaf Village next to Madara Uchiha. We killed him several times over the last 3 years and in different dimensions. But here is another scientist.

I pulled up another profile and it was Zorndyke.

Me: Jung Zorndyke. He was one of the worst. He decided that humanity wasn't worthy of inheriting the Earth.

Jung Zorndyke was born in Tirana, Albania. Details of his early life are mostly unknown but at some point, Zorndyke graduated from the University of Tirana and decided to study in the United States to research a hybrid gene project. After doing research at Caltech and MIT he became the head researcher on the food DNA production research project. Later, he moved to England and continued to work at the government clone science institution. With venture capital investors' help, he got involved in the Socodara Okiami hybrid gene project. Zorndyke became one of the most brilliant and recognized scientists in the world and one of the wealthiest.

After returning to Albania, his wife and much of his family were killed because of his research. The last words from his public speech at the University of Tirana were "Chaos, Cosmos, Eros, Thanatos".

He joined others in the creation of an organization known as "Blue" and changed the research facility that he bought with his own money into a Blue military base. He finished the research on the Chimera, which is the science of two cells combining in one.

But as it turns out, when his wife and children were killed in a racial cleansing, he went mad with grief, rebelled against the Blue organization and occupied the South Base. He decided that mankind needed to be taught a lesson in humility and that despite recent achievements, nothing had truly changed: though they had colonized the ocean floor, solved the world hunger problem, taken great strides towards mastering genetic sciences, and filled most material needs, they have actually regressed ethically; war and strife were as common as ever, now only because of the most insignificant of reasons - prejudice.

In an attempt to teach the world the pointlessness of race he decided to reduce the number of humans alive. He also created a highly intelligent race of genetically created ocean-adaptable chimera, made from genes of the various animals of the world. This race was completely loyal and obedient to Zorndyke and he came to love them as his own children.

The first stage of Zorndyke's plot involved the melting of the ice caps and massive flooding that covered many cities all across the world. This also created a more broad domain for the various creatures he created using the captured South Base. He also modified a portion of Antarctica to serve as his personal home. This portion became tropical and contained jungle forests and a small village. Beyond the village was a massive chasm where Zorndyke had constructed the machinery he intended to use to cause a pole shift (reversing Earth's magnetic poles). This is predicted to cause severe waves of solar radiation to seep through the atmosphere and cause the destabilization of the Earth's continents.

Naturally, Humanity would not sit back and be destroyed without a fight, the Blue Organization became a global military force and battle against Zorndykes forces for several years.

Shredgirl: Boy this guy was horrible.

Jab: What did Zorndyke specialize in?

Me: Zorndyke specialized in Hybridization. He made these humanoid hybrid creatures with different animal species. We defeated Zorndyke and he is now in the Lake Vostok Prison in Antarctica for all time.

Chione: Hybridization is what made me into what I am. I'm half human, half Necrofriggian. I was spliced with Necrofriggian genes and that's what got me my powers.

Ben: Necrofriggian's are moth-humanoids from the planet Kylmyys, 29,000 light-years away from Earth.

Nick F.: Yep and I was born half human, half Viscosian. They are jelly aliens from the planet Viscosia.

Me: That's right.

Jab: Wow! That's awesome! But what happened to Zorndyke's creations?

Me: We made a new country for them in Northern Myanmar called Naturma. It's their new home. But here's the mad scientist that nearly ruined Kathy, Sonia and Rocky.

I pulled up the profile of Dr. Animo.

Me: Dr. Aloysius Animo. His specialty was Cross-Breeding experiments.

Ben: He's also one of my most dangerous enemies.

He was once a promising researcher in veterinary science. His career was cut short when it was discovered that he was performing twisted genetic experiments on animals. He had hoped that his research would win him the Verties Award, which is an award in veterinary science. Because of the nature of his research, he lost the award to another doctor, named Kelly. This drove him mad, and he dropped off the map for five years until he could perfect his research. In the episode "Washington B.C", he finally finishes his work. For some reason, his skin is currently yellowish-green. A picture of him on Gwen's computer shows that he had normal skin in the past.

By using the Transmodulator, a device of his own design, Animo can mutate animals into giant versions of themselves. The second phase of his work involves reanimating dead cells, literally bringing dead animals back to life. All of this is in pursuit of the award which he had lost. His quest ends in failure, since Ben was there to stop him, reversing the effects of his Transmodulator by damaging it. He is arrested in that episode.

He appears again in the episode "Dr. Animo and the Mutant Ray", where he creates a much larger version of the Transmodulator using the broken-off faceplate of the Omnitrix. This version mutates living creatures with alien DNA, creating odd mixtures of alien and terrestrial creatures, such as a "Heatbat". Before he can complete his plans to use a satellite to shoot the ray all over the world, Ben stops him with Gwen's help. Since his mutants were never shown being cured, it is possible that they are still around. For some reason, his trademark giant frog is also present, though he may have simply re-mutated it sometime after his original defeat. How and when he escaped is unknown.

In "Ben 10,000", Animo is still alive, though his head is the only part of him that remains. However, it controls a unique apparatus that allows him to attach himself onto animals specially reformatted with a device (in this case, an albino gorilla) and control them. He was the one responsible for creating Exo-Skull and reviving Vilgax. He is defeated by both Gwen and her future self, Gwendolyn, as well as a cybernetically-enhanced Grandpa Max.

The animals he has mutated or reanimated include a mammoth, a Tyrannosaurus Rex, a bat, a cockatoo, a hamster, a rhinoceros, a seagull, a squid, a hornet, and his trademark frog. Vilgax could be counted in as one of the creatures since Animo reanimated him. The same goes for Grandpa Max in "Dr. Animo and the Mutant Ray", when Animo turned him into a slug-like creature.

In "Divided We Stand", it is revealed that his first name is Aloysius. He escapes what seems to be Alcatraz Island on a mutant seagull and captures one of Ben's Dittos to access the DNA stored in his Omnitrix. He creates an army of self-replicating Lepidopterran mutants, but they are destroyed and he is captured again. Afterwards, Max deletes all of his computer files, preventing him from using any more Omnitrix DNA in his experiments if he escapes again.

He also appears in "Ben 10:Secret of the Omnitrix", but only as the instigator of the main plot. In it he tries to create a DNA bomb that was designed to devolve all life on Earth. He is defeated and the bomb is disabled, but a stray burst of energy is still emitted by it. Ben's Omnitrix absorbs the energy, causing it to start a self-destruct sequence and therefore beginning the plot.

He makes a brief appearance at the end of Goodbye and Good Riddance, wearing an ape-like exo-suit, and leading a group of animal mutants towards Ben's school.

Animo appears in Ben 10: Protector of Earth as the main antagonist of the Southeast. He battles in a robotic gorilla suit. He kidnaps Gwen at the Southeast. After Ben defeats Clancy, Animo's agent, he learns Animo and Gwen are at Oil Refinery. When at Oil Refinery, it is revealed that Animo as tied Gwen up to lure Ben into a trap. Ben fights Animo and saves Gwen (thought he doesn't untie her).

Five years later, during the time of Ben 10: Alien Force, Dr. Animo is found in the Null Void (he purposely went in to find new animal species but couldn't get out) where he assumed control over the Null Void Guardians and took on the alias "D'Void". His appearance change in this series his body is more muscular. Considering his surprise when he learned that Brainstorm, (before he learned it was really Ben) knew his name, it can be assumed that he never went by it while there. He plans to open a wormhole to the real world to use the Guardians to take over the Earth, and he forces the citizens there to gather a mineral that not only powered his drill but gives him immense strength and near invulnerability. In "Voided," his plans are foiled by the joint efforts of Helen, Manny, Ben, Max (codenamed "The Wrench"), and a group of other Plumbers' kids (including a Havoc Beast and a Vulpimancer).

Animo later returns in Ben 10: Ultimate Alien, having somehow escaped from the Null Void and going by his true name again.

At the beginning of Escape From Aggregor, he used a device to take control of the Yeti in the Himalayas and create a "De-Evolution Bomb" to turn everyone in the Southern hemisphere into yetis (which Ben, Gwen, Kevin and even the Yeti thought was a stupid idea). Using Brainstorm, Ben was able to turn his mind-controlled Yeti against him, while Kevin and Gwen disabled the bomb. He's then most likely sent back either to the Null Void or a normal jail. He has also returned to his original appearance (for the most part) and voice.

Animo returns in "It's Not Easy Being Gwen" where he attempts to raise an army of his signatured mutated Frogs using the enhanced version of his telescopic transmodulator. He is eventually defeated by Gwen, Ben and Kevin.

Animo comes back again in the episode The Eggman Cometh where he has a farm which is where he uses his de-evolution ray to turn normal eggs into Dinosaur eggs that when they hatch, they have creatures similar to Dragons. However, he's defeated & all of the reatures are turned back into normal Chickens thanks to Jury Rigg and Jetray.

Animo reappears in It Was Them where he raided an army of giant ants that breathe fire as well as building a helmet that allows him control over the creatures. Ben and Rook stumble into his giant ant hill after they mistakenly believed him to be behind the attacks of Khyber's dog. Rook uses a specialized goo to blend in so that the giant ants won't attack them. Animo catches Ben and Rook and orders his army of ants to attack them, but is interrupted when Khyber's dog joins the battle as Mucilator. Ben mistakes that Khyber's dog belongs to Animo (just like how he thought that Buglizard belonged to Psyphon), but Animo insists that it isn't his. Ben defeats Mucilator by redirecting Animo's ants to attack it instead. At this point, Animo has regained his green skin color from the original series and his eyes are never seen to being covered in goggles. Also, his brain is exposed in a dome on top of his head (similar to Mojo Jojo) with two antennas that enable him, by thinking hard enough, to immense a powerful beam that controls animals.

In a flashback in Special Delivery, Dr. Animo and his mutant mosquito attack Ben. However, Way Big crushes the mosquito by swapping it with Mr. Bauuman's truck, accidentally sending the truck into outer space and knocking over Mr. Bauuman's car in the process.

In a flashback in Evil's Encore, Animo infiltrated Mt. Rushmore with the help of his Technobugs planning on using them to take over Plumbers HQ. He also sends a two-headed giraffe after the Tennysons, but the giraffe accidentally has its two smashed together and is knocked out. Ben, Gwen and Max find Dr. Animo using his Technobugs to override the controls and mutate the world, but Merk Upchuck eats the Technobugs and accidentally destroys the heads of Mt. Rushmore whilst spitting them outside. In the present-day, Animo tries using the same plan to escape prison; however, his plan was thwarted when Blukic unwittingly ate the Technobug.

Animo appears again in T.G.I.S, where he resurrects and forms an alliance with V.V. Argost. Argost grants Animo his own army of Chupacabra in exchange for an entire life supply of essence. This prompts Rook to contact the Saturdays for help. Animo raids his army of Chupacabra everywhere in Bellwood, including Mr. Bauuman's shop and Undertown. Animo and Argost confront Ben Rook and the Saturday family out on the streets. However, their alliance soon falls apart when Animo's antennas break apart freeing the Chupacabra from his control and when Feedback strips Argost off of the power that Animo gave him.

In Animo Crackers, Animo is seen in his cell in Plumbers HQ having somehow been recaptured. He vents his anger towards his stuffed animals on his numerous failures in enslaving the world (in the process, he mentions having once allied himself with Joseph Chadwick) when suddenly, a robotic Gorilla Toy appears in his cell. The toy lasers the cell door open and instructs Animo in his escape from Plumbers HQ. It even blasts the elevator Animo was in into the forest, crash-landing and destroying the toy. Animo then comes face-to-face with his future self, who had traveled back in time and transported the toy to his cell so that he can escape. Future Dr. Animo explains that he freed him from prison because he seeks a rare DNA tube called the "A.R.C Project" from the SECT team. Both Animos encounter a faceless figure calling itself "Chrono-Spanner". Ben and Rook, who followed the crash, locate both Animos and reluctantly join forces with Spanner to defeat them. While being chased, Animo uses his new antennas (which he acquired from the Gorilla Toy earlier) to mutate a large army of ferals squirrels into attacking Rook whilst the Future Animo deals with Ben and Spanner. Eventually, both Animos succeed in getting the final vial of the A.R.C Project only to end up fighting over it. When Ben gains a new transformation named Gutrot, he incapacitates the Animos with short-term memory loss gas. As Spanner makes off with the future Dr. Animo, the present one wakes up and Ben and Rook deceive him into thinking it's game night for the prisoners at Plumbers HQ.

Me: We put an end to Dr. Animo's insane experiments and he is now in Arkham Asylum.

Shredgirl: That's good. People like him need to be locked up forever.

Me: You got that right. But this is one of the worst scientists.

I pulled up the profile of Andross.

Me: Andross, the mortal enemy of the Lylat System.

Slammu: He looks like a human monkey.

Me: He was from the planet Corneria. It's home to a race of anthropomorphic animals. No offense Fox.

Fox: None taken J.D. But yes that is the correct way to describe us.

Jab: What was Andross known for?

Me: Inhumane Biotechnological experimentation.

Andross was once a brilliant Cornerian scientist with pure intentions. His research proved to be extremely beneficial towards both Corneria and the Lylat System at large, earning him the title of a genius to be honored, respected, and influential. However, in time, Andross gained a wide lust for power, bringing him to the point of insanity with a disregard for public safety. Dangerous experimentation left of the Cornerian Army suspicious, often questioning the ethics of them. It was not long until both Andross and General Pepper came into a serious confrontation over the issue.

Andross was ordered to terminate his research, but blatantly ignored the general's demands. Eventually, his experimentation caused a massive explosion that tragically destroyed a large portion of Corneria City, and also transformed most of the Lylat System into a wasteland of near-extinction. Infuriated, General Pepper banished Andross to the desolate planet Venom, in fear that he could potentially subvert the entire Lylat System if left to do his bidding. General Pepper assumed that Andross would not survive.

When he was sent to Venom, however, Andross survived and made the discovery that Venom hosted life-forms of humanoid lizards and monkeys. As the years progressed, he began to build an army and conduct various life-threatening experiments on himself. He became a twisted shell of his former being and was driven by madness. His thoughts and intentions shifted from protecting the Lylat System to destroying it and ruling a new galaxy under his name. Andross's evil ambition had served as a magnet to attract the scum of the Lylat system into his service. The most powerful and intelligent of his followers had been promoted to positions of leadership in Andross's military machine, and were given command of specialized war machines of great power. Andross dispatched these key lieutenants to seize strategic locations throughout the Lylat system. The machines they controlled came in a variety of shapes and sizes, and were always accompanied by fleets of support craft. With this new power founded by the forces of Venom, Andross created an empire. Five years had passed, and General Pepper noticed strange activity coming from Venom. Under direct order from the Cornerian Army, a band of mercenaries known as the Star Fox team were sent to investigate.

The team consisted of three members: James McCloud, the founder and leader, Peppy Hare, his best friend, and Pigma Dengar, his other best friend. Upon their arrival however, Pigma betrayed the team, leaving James and Peppy to be captured by Andross. James was killed, and Peppy barely managed to escape. Returning home, he informed General Pepper of what happened and told James' son, Fox, about his father's fate. A few years after the incident on Venom, Andross declared war on the Lylat system, proclaiming himself emperor to all. Andross's legions of minions were mustered from sources throughout the Lylat system. From bio-tech enhanced monsters from the abysses of Aquas to mechanized starfighters assembled in Macbeth's weapons labs, Andross's minions had one thing in common: they were expendable. Each fighter pilot was expected to willingly give his life for the emperor; each robot was programmed to destroy or be destroyed, and each mindless bio-tech drone had been conditioned to think only one thought to destroy Star Fox. Andross also had his own answer to General Pepper's Star Fox team when he offered Wolf O'Donnell money to lead a mercenary team against Fox McCloud, because Wolf was a vicious pilot who seemed to be trying to prove his equal piloting skills and see Fox fail. Andross also made his whining nephew Andrew Oikonny a Star Wolf pilot to keep him out of his own business, and because he wanted nothing to do with him.

Pigma Dengar also joined Wolf's team because of their delight in Star Fox's doom, and Wolf also found the mysterious Leon Powalski in a rough bar on Venom. Funded and equipped by Andross, the Star Wolf team was born as a group of elite evil pilots who defend the key routes to Venom, always flying the most advanced version of Andross's "Wolfen" class star-fighter prototypes which may even have been superior to the Star Fox team's Arwings. Wolf then vowed to destroy Star Fox and protect Andross, so that he may be feared throughout the galaxy. The Venom Army was unleashed onto Venom's neighboring planets, destroying everything in their path. Any form of rebellion was crushed, causing the Lylat system to be on the brink of becoming a wasteland of near extinction. Corneria, Andross's homeworld, was the final defense left against the menacing threat which had overcome the galaxy. The Cornerian Army stood no chance against the forces of Andross, leaving General Pepper to desperately call upon a new Star Fox team for help. This new team was led by James' son, composing of Peppy Hare, Toad Slippy Toad, and Lombardi Falco Lombardi. Having been trained to become experts at flying the swift Arwing, Fox McCloud and his team immediately came to Corneria's aid without hesitation.

The young but keen Fox guaranteed that Andross would be stopped and Pigma would be brought to justice, leaving to assist in fending off the Venomian Army's invasion. After achieving what seemed impossible, the Star Fox team became the Cornerian Millitary's leaders in defeating the forces of Andross. The planets of the Lylat system were saved thanks to their efforts, and even the rival bounty hunters of Star Wolf were disposed of. Venom's homeworld forces were also defeated, until the dictator himself awaited his demise.

It seemed that Andross had been one step ahead of the Star Fox team since their invasion upon Area 6, Venom's air defenses, understanding that they posed a very large threat to his survival. This however, didn't stop Fox from destroying the evil scientist's Ultimate Space Weapon Gorgon. Neither did the Ultra Performance

All-Range Fighters Wolfen II, piloted by Star Wolf prevent Star Fox from reaching the Emperor's underground tunnels. As Fox made his way closer to Andross's main base, the madman also accessed Fox's communication channels to taunt Fox. Andross taunted Fox by telling him that the latter would die just like his father did and that he was foolish for coming to face Andross alone. Soon, Fox reached Andross. Staring into the eyes of his father's killer, Fox was repulsed by what Andross had become. The countless lethal experiments Andross had performed in his exile took a toll on his appearance, as the madman was nothing more than an immense disembodied head with giant mechanical hands at either side.

Fox then encountered Andross and a furious battle ensued. Eventually, Fox destroyed the outer layering of Andross's head, and soon the Ape revealed himself in his true form: an enormous brain with two bulging eyes that were connected to the brain by energy strands. Even though being an evil mastermind, he made a pun, stating he was the only one with the "brains" to rule the Lylat System. Fox then entered All-Range Mode, taunting Andross about deciding to show his true form, before confronting the monstrosity. Fox couldn't attack the brain directly because it was equipped with shooting eye balls and a Dimension Transporter and that would allow it to evade Fox's attacks head on. The grueling battle continued, and both suffered large amounts of damage, but Fox gave it his all and managed to defeat Andross by destroying the cerebellum. As he burst into flames, Andross declared that if he was going to die, then he was going to take his opponent down with him, and with the last of his power, let loose a devastating self-destruction, hoping to claim Fox's life in doing so. Andross would have succeeded had it not been for James McCloud's spirit, who helped Fox escape by leading him back to the planet's surface. Meeting with General Pepper, Fox informed everyone that the great leader of Venom had finally been defeated and that the Lylat system had been saved.

Four years passed since the presumed death of Andross. After the Lylat Wars, the galaxy seemed to be at peace. A Cornerian base was established on Titania for research on its ruins, but was unfortunately a front for the leader of the base, Captain Shears, to resurrect the great Andross by cloning remnants of his DNA found on the planet. Sometime during the past four years, a space gang, led by Katt Monroe, had hacked into the main database of Captain Shears' files and discovered research documents on resurrecting Andross, although they initially believed that they were plans for a bioweapon. She managed to contact Falco, a former member of the gang, for assistance in dealing with what she found. Falco left without his team's permission while they were debriefed on the situation. Captain Shears misled the Star Fox team into believing the gang were actually servants of Andross, resulting in a dogfight between Fox and Falco.

It was not until after Slippy explored the base and realized the truth, as well as the gang hailing Fox on the communications channel and explaining what happened and reviewing the files they hacked, that the fighting ended, although Slippy ended up captured in the process. Fox entered Captain Shears' base on Titania in an attempt to stop him, but it was too late. The once powerful dictator Andross had awakened, despite Slippy's efforts in stopping his revival. Captain Shears was crushed by the resurrected Andross, who thereafter immediately attacked Fox. Fox blinded Andross by throwing Shears's rapier at one of his eyes, escaping a close encounter and enraging Andross even more. Luckily, the Star Fox team managed to destroy the base and left Andross beneath its ruins by using a Landmaster with one shot of the Nova Bomb.

After his apparent defeat at the hands of Fox, Andross, severely weakened and reduced to a disembodied spirit, fled the Lylat system and took refuge on Sauria, the Dinosaur Planet, where he learned of the Krazoa. Andross found and gave the renegade dinosaur warrior General Scales, who was invading the Krazoa Palace at the time, more power to defeat the EarthWalker army and conquer Dinosaur Planet while at the same time keeping himself relatively unknown to Scales. After some time, [ wiki/Krystal Krystal] arrived on the planet and discovered the Krazoa. She completed one of six spiritual tests, releasing a Krazoa Spirit into the palace. When she did this, Andross, who had been observing her the entire time, attacked, trapping her within a crystal which ascended to the roof of the palace. After this incident, he disappeared into the shadows and awaited the moment when all six spirits would eventually be released. A distress signal had been sent out by an injured

EarthWalker soldier near the first Krazoa Shrine, and it was General Pepper who received it.

The Star Fox team, who had been orbiting the planet at the time, was ordered by General Pepper to investigate. Falco had left Star Fox years earlier, and the team was in desperate need of funds to make repairs on the Great Fox. They saw this as a great opportunity to do so. Arriving on the planet, the lone hero Fox discovered Krystal's Staff and battled his way through the dangers of the Dinosaur Planet, fighting against the vicious tribe known as the SharpClaw. He learned after much research that sections of the planet were split apart, which had been causing the destruction of Dinosaur Planet. The team also learned of the Krazoa Spirits, and were ordered to collect all six to reassemble the missing sections of the planet. It was later discovered that General Scales was a mere puppet of Andross. After the final confrontation between him and Fox, the voice of Andross demanded General Scales give up the last of the Krazoa Spirits, which he held inside himself all along. Fox recognized the voice, but could not remember who exactly it was.

Having the last Spirit released, Andross arose in the form of a mighty Krazoa statue under the name "Krazoa God", looking over the vast Krazoa Palace, claiming to be a divine deity. Krystal was released from her prison and saved by Fox, who watched as she took back her Staff and quickly tried to destroy the floating statue. Her attacks did nothing as it floated to the skies, where it was followed by Fox in his Arwing. Arriving in space, a confused Fox gazed upon the great Krazoa statue which stared back at him. It suddenly spun around, revealing the creature it had been hiding. Andross, who was thought to have been killed eight years ago, laughed and remarked at how he was going to destroy the Lylat system. Fox, horror-struck, knew Andross had to be destroyed once and for all.

A clash between good and evil ensued, as both viciously attacked one another. The fighting could be heard by the inhabitants of Dinosaur Planet itself, where they prayed for their savior's life. Andross had come too far to be defeated again, and soon gained the upper hand by nearly destroying Fox's Arwing. Only a miracle could save him from being crushed by Andross' jaws. Falco appeared from nowhere and saved Fox from being killed by firing a bomb directly at Andross as he was using his vacuum breath. Andross sensed the danger only at the last second and closed his mouth before it went inside, stunning him long enough for Falco to encourage Fox to keep fighting.

Andross did not think anything of this act, ignoring Falco and concentrating on killing Fox. This was his downfall, as Falco provided bombs for Fox to use. One by one they were released into Andross' mouth, revealing the large brain he shelled underneath. Rapid shots were fired and immediately the effects of both Fox and Falco's team work was shown. Andross, screaming in defeat, burst into a blast of energy, destroying him and almost claiming Fox and Falco's Arwings. The evil ex-emperor had finally been defeated for good. Fox prevented the Lylat system from war once again, thanks to the help of an old friend.

Andross may be gone, but his descendants; nephew Andrew Oikonny and grandson Dash Bowman, both attempted to carry out his desires. Dash tried to revive the memory of his grandfather's original intentions of helping the Lylat system, whereas Andrew proclaimed himself the new emperor to continue Andross's evil intent on ruling the Lylat system. As for Andross's true fate, himself, no one knows. His "ghost" appeared to takes the form of either a Killer Bee, Dune Worm, Grunner, or even Monarch Dodora.

He also taunted anyone who attempted to gain the weapon. However, this ghost was somewhat capable of thought, since he had difficulty controlling Monarch Dodora when fighting Dash Bowman, and attempted to support Dash in getting the device, presumably because he hoped that Dash will continue his legacy.

In Star Fox: Assault, Andross's position as emperor and ruler of his forces is succeeded by Andrew Oikonny, but this is short-lived when Oikonny is defeated by Fox, Falco, Slippy, and Krystal, and later destroyed by an aparoid moth (although Command depicts his survival, though it is considered non-canon).

Me: We killed Andross and sealed his evil spirit into the Book of Vile Darkness.

Jab: Good riddance to bad rubbish.

Slammu: You said it.

Shredgirl: Yeah. But he was a monster to begin with.

Me: He wasn't always like that. But it was an insane lust for power that caused him to become like that. Here's another Mad Scientist.

I pulled up the profile of Dr. Zalost.

Me: Dr. Zalost, the most miserable scientist ever.

Francesca: Yeah. This guy was extremely bad news.

Courage: Mm-hmm. He was one of our most dangerous enemies.

Me: He wanted to kill everyones happiness and make the whole world as depressed and unhappy as he was.

Dr. Zalost was a depressed scientist whose goal in life was to make everyone as miserable as he was. In order for this to happen, he created bombs that, when a person is hit, they would instantly become unhappy. His proposal for his plan was laughed at, however. When he started firing his bombs at the citizens of Nowhere, he was given money in order for him to stop his attack upon Nowhere. Still not satisfied, he continued his attack on the citizens. This even effected Muriel Bagge. Zalost had an assistant, an anthropomorphic rat named Rat. Their relationship was rather complicated, and it's shown that Zalost was more abusive in their relationship. For example, he was angry with him for not giving him a proper hug. When Courage discovered that the antidote to the bombs was Muriel's Happy Plums, he snuck into Zalost's tower, with the help from Eustace who disguised himself as a pizza deliveryman. Zalost then entered a hangman game with Courage, while he was tied up with one of the bombs facing him. Courage won, and Zalost was enraged. He soon sent his henchman Rat after him. Courage gives him some of Muriel's plums, and he is converted into a weeping infant. He then added the Happy Plums into the bomb mix, and it created new bombs that cured everyone, including Muriel. The result of the bombs being created destroyed Zalost's

Tower, however. He later arrived at the Bagge house, and saw some of the Happy Plums on the table. He ate some, and was converted into a more happier scientist, and he then immediately reconciled with his henchman Rat.

Francesca: We beat him twice and killed him in the end.

Me: Yep. We killed him on the planet Venus. Here's another Mad Scientist we killed.

I pulled up the profile of Dr. Wily.

Me: Dr. Albert Wily. He specialized in Robotics.

Ripster: Oh I've heard of this guy.

Streex: Yeah, I heard he placed a huge bounty on you guys.

Me: He sure did. The bounty was $100,000,000,000,000,000,000.00.

Ripster: That's an enormous amount of money.

Slammu: You can buy a lot of burgers with that much money.

Me: I don't think you could eat that many burgers in your entire life.

Dr. Albert W. Wily, also better known as Dr. Wily or Doctor Wily, is the main antagonist of the classic Mega Man series, and a major character and antagonist in the franchise overall. He is a knowledgeable and intellectual scientist and the former college friend and rival of Dr. Light, who strives to conquer the world. In almost all of his appearances, he does this through enlisting an army of Robot Masters to assist with his plans, which are always foiled by his nemesis and Dr. Light's creation, Mega Man.

Mega Man: Dr. Wily was my arch nemesis and he deserved to be killed.

Me: He was a terror to the world of Robotics. And when we killed him that bounty became null and void.

Lily: Here's the mad Scientist I beat.

Lily pulled up the profile of Sheldon J. Plankton.

Lily: Sheldon J. Plankton. He specialized in many scientific projects. But what he really was after was the Krabby Patty Secret Formula.

Me: He was the owner and founder of the most disgusting restaurant in all of the ocean: The Chum Bucket.

Varie: Yeah. The food was bad enough to turn your stomach inside out.

Slammu: Yuck!

Shredgirl: I would not want to eat there.

Me: No one ever would. The food was so terrible that it makes you puke your guts out.

Sheldon James Plankton (born November 30, 1942), simply known by his surname Plankton, is the overall main antagonist of Nickelodeon's animated series SpongeBob SquarePants. Although he is the main antagonist of the series, he is sometimes an anti-hero. He is the former best friend turned arch-enemy of Eugene H. Krabs and the on and off arch-enemy of SpongeBob.

He runs an unsuccessful restaurant called the Chum Bucket along with his sidekick/wife Karen Plankton. He seeks to grow his business by stealing the Krabby Patty formula and eventually take over the world. He also appears as Krabs' business rival. He has a Napoleon Complex due to his very short stature. He is the main antagonist of the show's first theatrical film The SpongeBob SquarePants Movie, and the secondary antagonist-turned-deuteragonist of its second theatrical film The SpongeBob Movie: Sponge Out of Water.

Plankton works with the help of his sidekick/"W.I.F.E." Karen, a sentient computer who gives him most of his evil plans. He is an evil planktonic copepod and the business rival of Mr. Krabs, the owner of the Krusty Krab where SpongeBob SquarePants works. Despite being portrayed as an antagonist in most incarnations, he frequently appears as an anti-hero (an example being the second movie The SpongeBob Movie: Sponge Out Of Water).

While the Krusty Krab is popular among the sea creatures of Bikini Bottom, Plankton's own restaurant, the Chum Bucket, gets little to no customers. Plankton's plans all revolve around stealing the elusive "Krabby Patty Secret Formula" so he can copy it and make the Chum Bucket popular. He lives inside his restaurant, where he has an elaborate laboratory that contains Karen's system.

Plankton constantly attempts to steal the formula for the Krabby Patty, the delicious burger-like food that is sold in the Krusty Krab. Plankton believes that the Krabby Patty is the reason for the Krusty Krab's success and that his Chum Bucket would be equally popular if it sold the Patties as well. However, ensuring the success of his business is only the first step in Plankton's plan, which will culminate in him ruling the ocean.

For the events of post-movie seasons (namely season 4 and so on but set in events between the first three seasons and the movie), Plankton does find alternate means to achieve success, but only temporarily.

In The SpongeBob SquarePants Movie, Plankton serves as the main antagonist of the film, and it marks the first time when he becomes an alarmingly dangerous and depraved villain of the franchise. As Mr. Krabs is being interviewed by Perch Perkins, Plankton watches in rage, envious of him for succeeding in life when he's never had a single customer. Plankton continues to lament to Karen about how he's tried every scheme to steal the Krabby Patty formula from A to Y, and Karen informs him that there is a final letter in the alphabet; Z. Plankton discovers his "Plan Z" in the back of his filing cabinet and revels in its sinister nature, before going outside to monologue about his upcoming victory, only to be stepped on by SpongeBob, who was heading to the grand opening ceremony of the Krusty Krab Two.

That night, Plankton initiates the first phase of his plan by stealing King Neptune's precious crown (which concealed his baldness) and subsequently abandoning it in the forbidden Shell City, framing Mr. Krabs for the crime. As a result, Neptune freezes Mr. Krabs in place and allows SpongeBob and Patrick six days to retrieve the crown. Plankton then takes advantage of Mr. Krabs' frozen state and steals the Krabby Patty formula with ease, producing Krabby Patties under the guise of preserving the Krusty Krab's legacy, also giving out free bucket helmets with each purchase, allowing the Chum Bucket to become just as popular as the Krusty Krab had been previously. When Karen points out that SpongeBob and Patrick could retrieve the crown and unravel Plankton's plan, he reveals that he had thought ahead and hired a hitman named Dennis to destroy the two. Later, Squidward uncovers Plankton's scheme and threatens to report him to King Neptune, resulting in Plankton revealing that the bucket helmets were also minded control devices, enslaving the entire population of Bikini Bottom and turning them against Squidward. Plankton then begins turning Bikini Bottom into "Planktopolis", a city dedicated entirely to him, which Princess Mindy attempts to use as a motivation for SpongeBob and Patrick when they prepare to give up.

Even when SpongeBob and Patrick finally manage to return the crown to Neptune after defeating Dennis and the Cyclops, this still doesn't stop Plankton as he puts a mind-controlling helmet on Neptune, revealing that the theft of the crown was nothing more than a ruse to lure Neptune under his control and take over the seas for himself. Eventually, Plankton is eventually defeated by SpongeBob when he sings the "Goofy Goober Rock" to remove the bucket helmets from all of the fish. Plankton is then arrested for his crimes and sent to jail.

Plankton returns in the 2015 sequel The SpongeBob Movie: Sponge Out of Water which set before the first film as the secondary antagonist turned deuteragonist. He attempts to steal the Krabby Patty secret formula, but in this conflict, it disappears when Burger-Beard writes in the magic book to steal it. Then he later becomes an anti-hero, when he begrudgingly teams up with SpongeBob who was rescuing him from Mr. Krabs and the people of Bikini Bottom falsely accuse Plankton of stealing the formula and SpongeBob for "joining his side". Throughout the journey, SpongeBob tries to show Plankton the meaning of teamwork, much to his annoyance. Then they go time traveling to keep the secret formula from disappearing but fails. Then Plankton, who was hiding inside SpongeBob's pocket, surprisingly appears to help out with SpongeBob, Patrick, and the others to get the Krabby Patty secret formula back from Burger-Beard (the true culprit) as superheroes.

Using the magical book that Burger-Beard stole earlier, Plankton becomes a giant muscle-bound hero (dubbing himself as Plank-Ton). After Burger-Beard defeats SpongeBob, Sandy, Patrick, Squidward, and Mr. Krabs, he attempts to escape, only for the muscle-bound Plankton to stop him by lifting up his ship. Embellished with the true meaning of teamwork, Plankton helps SpongeBob create a storm full of the bubble to capture Burger-Beard and force him to return the formula.

After kicking Burger-Beard away into a marooned island, Plankton ponders on what to do with the formula, much to Krabs' distraught. However, Plankton decides to give the formula back to Krabs, admitting that keeping things to himself is a selfish thing to do. As everything in Bikini Bottom was turned back to normal, Plankton continues his role as the Krusty Krab's business rival going back to his formula-stealing tricks just to keep things in the status quo.

Lily: I stopped him from ruling the world and got him sent to prison with a terrible curse: Eternal life as a brainless idiot. But his mind was too strong for the curse and it kicks in at times. The 2nd time he broke out of prison and I stopped him again. This time I banished him into the endless void of space.

Gali: And it's good she did.

Me: Yep.

Streex: He deserved it.

Me: Yep and here's our latest kill.

I pulled up Dr. Blight's profile.

Me: Dr. Barbara Blight. She specialized in Biochemistry and Chemical Warfare.

Ripster: I heard about her. She was trying to destroy the Human Race.

Lori J.: She was my aunt.

Emma J.: And she was a monster!

Me: Yep. And she was totally Anti-God.

This super-scientist believes in better living through biochemistry and has experimented on herself in her efforts to produce the perfect human. Deviously demented, she misuses her scientific genius by inventing new methods to sap the environment of its health and vitality in order to supplement her own.

Dr. Blight began her career researching biological and chemical warfare and, thus, has a host of deadly and dangerous weapons at her disposal. She represents the dark side of science, using her vast knowledge to create biological monstrosities, wipe out entire populations of plants and animals, and generally wreak havoc on Earth. She even used a time machine in order to sell an atomic bomb to Adolf Hitler himself, which was considered her most evil act by the Planeteers. Bambi Blight was the first person to reveal that Dr. Blight will often flirt or flatter in order to get her way, though she is unafraid to stand up for herself if one of the other Eco-Villains dares to upset her.

Her supercomputer, MAL, is programmed for pure evil. MAL's high level of artificial intelligence is often devoted solely to calculating new and diabolical ways to destroy Captain Planet and the Planeteers, leaving Dr. Blight to pursue more creative research. Sometimes, she will be very pleasant and flirtatious towards MAL, while at other times, she will become extremely angry, violent and aggressive when dealing with him.

Dr. Blight sees herself a fashion plate, often appearing in a chic long-sleeved jump suit and high-cut boots. She wears a utility belt to which various items may be attached. Her hairstyle help hide the huge scar on the left side of her face. The scar's origin has never been explained, but it was likely caused by one of her experiments. Blight likes to show off her figure by wearing skin-tight jumpsuits, usually colored pink.

As an Eco-Villain, her character symbolizes the dangers of uncontrolled technology and scientific experimentation. In the two-part Captain Planet episode, Mission to Save Earth, Dr. Blight was one of the five Eco Villains who created Captain Pollution. They did this by creating and using five Anti-Elemental Rings consisting of Super Radiation, Deforestation, Smog, Toxins, and Hate. Barbara's element was Hate. Unfortunately for the Eco Villains, though, Captain Pollution was destroyed along with the rings, leading Blight and the other villains to flee.

Me: She was killed by us and sealed into the Book of Vile Darkness. We killed her down in Antarctica after we helped save the world from many of the Planeteers enemies.

Lori J.: Good riddance to that monster.

Emma: I'm glad we never have to see her again.

Me: Yep. Lets see what it says about Dr. Paradigm.

I pulled up Dr. Paradigm's profile.

Me: Dr. Luther Paradigm. It says that he's a geneticist that specializes in Marine Genetics.

In the movie - which can be taken as the first episode or first three episodes of the TV series - he obtained DNA from Ghengis Khan and Captain Blood to use on a swordfish and a lobster. Dr. Bolton, a respected scientist, tried to put a stop to Paradigm's experiments, but after injecting the swordfish and lobster with the DNA, mutating them into Slash and Slobster, he injected Bolton with DNA, transforming him into an unknown monster and taking his watch.

When Bolton's sons John, Bobby, Coop, and Clint came over to the nuclear power plant, he injected them with shark DNA, transforming them into anthromoporphic sharks called the Street Sharks (renamed, respectively, Ripster, Streex, Slammu, and Jab. However, they used their power for good and not evil.

Paradigm attempted to take over the city while maintaining a public image, claiming that the Street Sharks were dangerous and that Bolton transformed them. When Lena Mack told Guy in the Sky that

Paradigm was responsible, he denied it and everyone believed him.

In an attempt to eliminate the Street Sharks's loyalty, which he perceived as weakness, Paradigm planned to inject them with piranha DNA. This went wrong, as the resulting battle caused Paradigm to be injected with it instead, giving him piranha-like features. This form is called Piranoid. The DNA was unstable, so he returned to his original form, only transforming into Piranoid when he was angry.

With the discovery of unstable DNA he sent Slash and Slobster to impersonate the Street Sharks in an attempt to frame them, however, Bends and Lena Mack revealed the truth to the city, and in a rage, Paradigm transformed into Piranoid, exposing him for the monster that he was. He attempted to use a smart bomb to destroy the city, however, the Street Sharks fought him in a final battle, ending with Piranoid grabbing onto a metal beam, Slammu biting it to send it falling, and Jab punching a hole in the ground below Piranoid, sending him falling to his apparent death before his lab was destroyed by the smart bomb, which the Street Sharks set to crash into the lab instead.

The final scene shows Piranoid's arm in the rubble moving upward, hinting that he may still be alive.

Ripster: Yeah and he's the monster that did this to us.

Slammu: He made us this way and now he wants to turn all of humanity into Seaviets.

Me: That is absolutely disgusting!

Laney: He's really playing with fire.

Lisa: And he's tampering with the laws of mother nature.

Me: Just what the universe needs. Another mad scientist running amok. Maybe we can put his research to good use.

I pulled out a flash drive and insert it into the computer.

Me: Computer, copy, download and triple encrypt all data on the experiments of Dr. Luther Paradigm.

Computer: Acknowledged.

The computer copied and downloaded all the data.

Computer: Replication and Download complete.

Me: Great. (pulls out the flash drive) Computer, purge all of the data on Dr. Paradigm's computer in Fission City. Passcode: FIRESTORM.

Computer: Purging Data from all of Dr. Paradigm's computers.

On the scans it showed that the purge was done.

Me: Purge is done. Now it's time for us to kill Dr. Paradigm once and for all.

Jab (chuckles darkly): You don't know how long we've wanted to hear those words!

Razorclaw: You guys seem eager to end Paradigm.

Shredgirl (angrily): He's ruined so many lives, including ours! You know, I had plans before my transformation. Finish college. Get a boyfriend. Have a life!

Me: First lets turn you all human again. How would you like to have the ability to turn into your Street Shark forms at will?

Ripster: That would be awesome.

Me: Okay. But just so you know this is gonna hurt. A lot.

Jab: We can handle it.

Me: Okay. But boys you better cover your eyes.

I snap my fingers and covered my eyes and the Street Sharks were reverting back.

Stacy: Oh no.

The Bolton Siblings were holding their stomachs in excruciating pain and Stacy started changing back first.

Ripster: (Groans in Pain) SO PAINFUL!

Jab: (Groans in Pain) WHY DOES THIS KEEP HAPPENING!?

Streex: (Groans in Pain) IT'S TOO MUCH!

Slammu: (Groans in Pain) IT HURTS SO BAD!

Shredgirl: (Groans in Pain) IT'LL BE OVER SOON GUYS!

Stacy starts reverting back and we cover our eyes and she loses her pink skin, shark teeth, long saw nose and big muscles and she regains her brown hair and she was topless. The same things happened to her brothers.

John: I'm… I'm human again!

Coop: Awesome!

Bobby B.: I have my beautiful face again!

Clint: Righteous! It feels great!

Stacy: My beautiful self is restored!

We had our eyes covered.

Stacy (giggles as Nico covered his eyes with a blindfold): It's ok, Nico. You can look. I don't mind. It's been a while since boys have admired my beautiful body!

Nico: Why should I look? So Nicole and the rest of the Anti Pervert Patrol can beat me up? Nope, my blindfold's staying on until you put on a shirt.

Maria: Me and Teresa will help her with that.

Me: Okay.

Maria and Teresa took her up to Leni's room.

Stacy had an indestructible black sleeveless trench coat and pink shirt with the sleeves torn off and a skull on it. The clothes were elastic and there was a cut in the back to allow a shark fin to grow through.

Maria: So how do you feel, Stacy?

Stacy (admires herself in a mirror): I feel great! I can't wait to do human things again. I felt like a prisoner trapped in a shark body!

Stacy then showed that she can control the changes of her Street Shark Form and her human form at will. She changed her hand back and forth at will.

Stacy: I can control my changes at will. J.D. lifted a huge curse off us and gave us a powerful gift.

But then her hand started to change without warning.

Stacy: This is gonna take some practice though.

Maria: You'll get the hang of it Stacy. But with great power comes a great responsibility,

Teresa: Me and Maria know how you feel, Stacy. The two of us got mutated by the Big Bang until we got cured.

Stacy: I heard about that. I'm sorry you guys.

Maria: It's all right.

Maria massaged Stacy's shoulders.

Stacy: Ahh. That feels so good. I missed being human.

Maria: I felt the same way Stacy.

Maria also massaged the spot where Stacy's fin came out and it was really relaxing.

Stacy: Ahh! That's the spot! Right there, right there, right there! Ah. Much better.

Maria: A lot of pain you have huh?

Stacy: Yeah and then some.

The Bolton Siblings were now human again.

The doorbell then rang. John had a blue trenchcoat on and he had a dark blue shirt with shark teeth on it. Bobby had an aqua blue trench coat and a purple shirt on with shark teeth. Clint had a brown trench coat and red shirt with shark teeth on it. Coop had a red trench coat and an orange shirt with shark teeth.

Me: So how do you guys feel?

John: We feel awesome J.D!

Coop: It's great being human again!

Bobby B.: Yeah we felt like prisoners in Shark bodies.

Clint: It's great to be human.

Lincoln got the door and in came Luke Cage A.K.A. Power Man.

Luke Cage: Hey guys.

We saw him.

Me: Luke Cage A.K.A. Power Man. It's an honor.

Luke Cage: You too J.D. The Avengers have told me a lot about you.

Me: I had a feeling they did.

Spiderman: Hey Luke.

Power Man: Spidey! Long time no see. How've you been?

Spiderman: Good and better than ever.

Me: We're about to head out to kill Dr. Paradigm. He's a mad scientist that turned the Bolton Siblings here into Sharks.

Luke Cage: The Street Sharks? I've heard a lot about them. But I didn't buy a single lie that Dr. Paradigm said about them.

Me: Not only that but he has done all kinds of horrible things and tampered with the laws of Mother Nature. He will pay for his crimes.

We went over the crimes of Dr. Paradigm and it was awful.

G1 Grimlock: Me, Grimlock will chomp bad Doctor into nothing!

Power Man: Get in line, Grimlock! When I'm done with Paradigm, his body's gonna be all over the place!

Me: Easy guys. Dr. Paradigm will pay for his crimes. But before he does we have to let everyone know what kind of monster he is.

John: That's a good idea.

Stacy: We can't let Dr. Paradigm get away with his crimes.

Me: No we won't. All right Team Loud Phoenix Storm, lets fly!

We set out for Fission City, Washington. Our mission was to destroy Dr. Luthor Paradigm and make him pay for everything he has done.

---

## FISSION CITY, WASHINGTON

---

As we flew over Fission City we saw that our domes we set up were holding nicely.

Me: Our Anti-Pollution domes are working well.

Varie: They sure are.

Nico: Yep.

Soundwave: (On the Radio) Soundwave calling Nico. Do you copy?

Nico: Nico here Soundwave.

Soundwave: We found Dr. Bolton boss. But you are not gonna like what he has become. Your suspicions were right. Dr. Paradigm did change him.

Nico: Oh man. Meet us over at the University. We're going after Dr. Paradigm.

Soundwave: On our way now boss.

We met at the university and Soundwave and Blaster arrived and we saw Dr. Bolton. But he was completely different. He was now half man, half blue whale and it gave him superhuman strength and power and he now had sonar and more. We were shocked and horrified at what he had been turned into.

Me: Dr. Robert Bolton.

Dr. Bolton: J.D. Knudson and Team Loud Phoenix Storm.

Me: I can't believe that Dr. Paradigm is that insane. No. He's more than insane. He's incredibly fucked up.

Dr. Bolton: I know J.D. I can never show myself in public like this because of him.

Me: No. I can fix your condition doctor. I have the power to do so. I did so to your children.

Dr. Bolton: You did J.D.?

Me: See for yourself.

Dr. Bolton saw his kids human again.

Dr. Bolton: My children.

John: Hey dad. We were worried about you and now we know what had happened.

Dr. Bolton: I know son. But I can't believe that the man that I once respected did this to me.

Me: Dr. Paradigm betrayed everyone and he ruined so many lives. He will pay for everything he has done with his life.

Laney: We won't let him get away with this.

Lucy: He will suffer 10,000 deaths for everything has done.

Lana: Yeah!

Me: Dr. Paradigm is messing around with the laws of nature in its entirety. He's really playing with fire and messing around with forces no one should ever know.

Lincoln: And when you mess with Mother Nature there will be horrible consequences.

Dr. Bolton: That's right.

Me: Lets get you human again.

I snapped my fingers and Dr. Bolton was back to his human form.

Dr. Bolton: I'm cured!

Clint: Dad!

Stacy: Daddy!

John: Dad!

Coop: Dad.

Bobby B.: Dad!

They hugged him.

Dr. Bolton: My kids. I'm so glad you're okay.

John: Thanks to J.D. dad. We would've never gotten our humanity back if it weren't for him.

Dr. Bolton: Thank you J.D. I feel better than ever before.

Me: I also gave you the ability to transform into your whale form at will. Your children now have the same power. But they also have a powerful bonus.

John: What is it J.D.?

Me: You'll love it John. Come on guys. It's time to show Dr. Paradigm what happens when you mess with the laws of nature!

Everyone: YEAH!

We went to Dr. Paradigm's lab in an abandoned goverment facility.

We were outside.

Me: So this is his lab.

Dr. Bolton: Yes. And I tried to stop him but he turned me into a Blue Whale monster.

Slobster: That's not the least of your problems!

We saw Slobster, Slash, Killamari and Repteel.

John: Slobster!

Clint: Slash!

Bobby B.: Killamari!

Coop: Repteel!

Me: You guys are really ugly. A mutated Lobster, Swordfish, Squid and Electric Eel. But when we kill you we're gonna be eating you guys for dinner.

Nico: Lets beat them up and turn their corpses into food.

Me: Lets get them guys!

Slash: Here, take Killamari. No one likes him! (throws Killamari near us as he and the other three run away)

Killamari: Oh, thanks a lot, you traitors!

We were glad he did that.

I put up a barrier to make sure they didn't escape.

Me: Lets turn these freaks into fish dinner!

We went at them.

## Battle 1: Killamari vs Edzilla

Edzilla smashed his fist into Killamari and knocked out his teeth.

Edzilla: ED SMASH SQUID FREAK!

Ed smashed the Killamari all over the place.

Nico: Easy now. Remember, we want to kill him while leaving his body intact. Otherwise, we can't make food out of his corpse.

Edzilla: Oh.

We then went after Slash, Slobster and Repteel as they went into the factory.

We saw Dr. Paradigm running and Slash, Slobster and Repteel were behind him.

Nico (runs after Paradigm): You know you won't get very far from us! You disappoint me, Paradigm!

Just then, a door blocked our path to Paradigm.

Nico: Damn door!

Inside, Paradigm was near the dimensional doorway along with Slash, Slobster, and Repteel

Paradigm: They'll get through that soon. We don't have a lot of time. We'll get away with this dimensional doorway. I set the coordinates, so we can use it to escape to another world and- (pauses)

Slobster: Something wrong?

Paradigm: No. Team Loud Phoenix Storm have visited other dimensions before. If we leave, we could take them with us. Everything we and the other villains have been through- it will start all over again. We can't let that happen.

Power Man (punches through door): Knock knock! Anyone home!?

Paradigm: Repteel, you know what to do. Whatever happens to us doesn't matter anymore. The rampage of Team Loud Phoenix Storm has to end- on our Earth.

Repteel (shoots electric eel at dimensional doorway): With pleasure!

The eel shorted out the doorway, destroying it.

Nico: That was a mistake, Paradigm! You're gonna pay for that. But only for a little while. And then the world goes black for you and it'll be all over!

Me: Dr. Luther Paradigm. So we meet at last in person.

Dr. Paradigm: So it would seem J.D.

Me: It's a shame really. You had so much talent and knowledge to share with the world and you threw it all away just to satisfy your own twisted and selfish pleasures.

John: You turned us into sharks and ruined our lives.

Stacy: Not just us, but you ruined the lives of many others and destroyed their humanity!

Paradigm (to Sonia, Rocky, and Kathy): I see you three still have your monster forms.

Sonia: How do you know about that?

Paradigm: Who do you think gave Animo the DNA he injected into you three? That would be me!

We gasped.

Me: You will now pay for your crimes Paradigm!

We transformed and powered up.

Me: We're pulling your plug for good Paradigm! It's time for you to face up to your crimes against nature.

Nico: Dr. Luther Paradigm, you have failed the scientific community, and the entire planet in general.

Me: And he has also failed the entirety of the laws of Mother Nature! Lets take him down!

We went at them and it was a vicious battle.

---

Battle 2: Slash vs Rhino

---

Rhino rammed Slash and sent him crashing into the wall and he was mangled up.

Rhino: Swordfish is my favorite.

---

Battle 3: Slobster vs Clawful

---

Clawful punched Slobster and knocked him out.

Clawful: You are gonna make a great gumbo for dinner.

---

Battle 4: Repteel vs Frankenstrike

---

Ben turned into Frankenstrike and overloaded Repteel's body with lightning and knocked him down.

Repteel: Fine. Kill me. But I have to warn you. My body will not be tasty for you.

Frankenstrike: Eat you? What are you talking about? You're part eel.

Repteel: But Paradigm said…

Frankenstrike: Sounds like you got hoodwinked. Bamboozled. Flimflammed. Not many people like eels. Believe me, my Grandpa sometimes makes them. And you were human before.

I snapped my fingers and stripped Repteel of his Moray and Electric Eel DNA and turned him back to normal.

---

Battle 5: Dr. Luther Paradigm.

---

We were facing Dr. Paradigm.

Me: Now it's just you and us Dr. Dickhead.

Dr. Paradigm: Not for long!

Dr. Paradigm went to the computer and typed in a sequence and a syringe went at Luke Cage. But just as it was about to poke him, the syringe shattered into a million pieces.

Paradigm: What?! That's impossible!

Power Man: Unbreakable skin, dumbass.

Dr. Paradigm: Let me guess. From being around Team Loud Phoenix Storm, right?

Power Man: Actually, my parents gave me unbreakable skin even before I met J.D. and the others.

Aquaman: How do you get medical vaccinations then?

Power Man: I drink them.

Maria: Really?

Power Man: I'll explain later. (grabs Paradigm by the wrist) Now, hold still! If you do, your death will be over before you know it!

Luke Cage threw him into the air.

Me: Combo time guys. But we need him alive to face trial for his crimes.

G1 Grimlock: Me Grimlock understand.

G1 Grimlock fired a stun rifle and Aquaman fired a blast of water.

Aquaman: ELECTRIC STUNWAVE BLAST!

The blasts combined and electrocuted Dr. Paradigm.

Razorclaw (G1): Our Turn Maria.

Maria: You got it Razorclaw!

Maria became a bull of pure water.

Maria and Razorclaw: MAELSTROM BULL RAM!

Me: Final Smash time!

John: I'll start us off. GREAT WHITE CHOMP!

John turned into Ripster and went at Dr. Paradigm and bit his whole suit off.

Luke Cage: My turn! POWER MAN SLAM!

Luke Cage dealt a powerful kick to Dr. Paradigm's stomach and sent him crashing into the ground.

I pulled Dr. Paradigm out of the ground and threw him into the wall and ripped off his suit.

Me: It's over Dr. Paradigm. You are through!

But then we got an unexpected shock and we saw Dr. Paradigm change. He had grown fish scales, webbed hands and feet and fins and his face changed horrifically. He had ugly teeth that were razor sharp! He was now half human, half piranha. He was DR. PIRANOID!

Me: WHAT THE FUCK!?

Nico: You are one ugly motherfucker.

Ripster: When he gets mad he turns into Dr. Piranoid.

Me: I think it's perfect for him.

We tied him up.

Dr. Piranoid: I LOATHE YOU ALL MORE THAN ALL OF LIFE ITSELF!

We then got a massive power boost unlike anything before!

Me: Wow! That was powerful.

Ripster: Why do I suddenly feel stronger than ever before?

Stacy: Yeah. That was amazing.

Me: Whenever someone expresses a tremendous amount of hatred or negative emotions towards us, we get stronger from them by absorbing Negative Energy. Apparently the word Loathe is much more powerful than hate.

Dr. Paradigm/Piranoid was arrested.

---

We revealed the full extent of his crimes to the world and all the pain and suffering he has caused to the people of the world and to the country. We also revealed all the pain and suffering he caused to so many people. Dr. Paradigm was condemned to death. We had him executed by firing squad and sealed into the Book of Vile Darkness. Repteel was in reality known as Mr. Cunneyworth who was a hotel manager. He was thrown into prison for his crimes.

Rachel (Animorphs): J.D. can I turn into a Street Shark?

Me: Hmm. Lets find out Rachel.

Stacy turned into Shredgirl and Rachel touched her.

Rachel concentrated and groaned in agony as she fell on her hands and knees. Then she saw fangs growing out of her mouth as her human teeth sank into her gums.

Rachel (Animorphs): It's starting already!

She noticed her hands were changing into claws

Rachel: At least I'll have powerful hands!

Rachel's skin color turned grey. Her face pushed outward into a pointy snout with her nose becoming slits along with it, her eyes going wider and smaller. Her brown hair then fell out.

Rachel: I hope my transformation is almost done!

Finally, Rachel felt an itching feeling in the center of her back. She felt something protruding against the back of her vest and shirt.

Rachel: Well, that's a lot of money that I'm not getting back for those clothes!

A giant fin burst out of her back, destroying her shirt and vest and completing her transformation.

Me: You can turn into a Street Shark!

Rachel (Animorphs): I sure can.

Ripster: That was cool. (To the Viewers) Never mess with the laws of mother nature or there will be horrible consequences.

Me: You said it Ripster.

We headbutt.

All: JAWSOME!

Dr. Bolton, Ripster, Jab, Streex, Slammu and Shredgirl now live with us in the estate and the Wereshark girls are now dating the four brothers.

THE END

---

Another Fanfiction Complete.

Street Sharks has been one of my favorite cartoon shows since I was a little kid. It was awesome! Same with the Prince of Egypt. I've known that movie since I was a little kid and it was awesome! The scariest part of that movie was the 10 Plagues. The most deadly and most destructive plagues ever unleashed by the power of God. I may be Christian in terms of religion but I have always been very curious about all the religions. NicoChan11 gave me the ideas for this one. Thanks man as usual. Let me know what you all think.

See you all next time.

The Prince of Egypt belongs to Dreamworks Entertainment.

Street Sharks is owned by Martha Moran and Phil Harnage and DIC Productions L.P. and Bohbot Entertainment.

# Neighborhood In Danger

It starts with me in the living room on the computer. I was installing a new software to the satellite system we have in orbit.

John: What are you working on J.D.?

Me: I'm installing a new Dark Orb Radar system. This way the satellites we have set up in orbit can find them without any problems.

John: Hey that is cool!

Me: It is.

Stacy: What are these Dark Orbs you all went after?

Me: They are the fragments of the most evil keyblader in all of history. He tried to destroy the entire universe and remake it in his own image by balancing light and darkness. His name was Xehanort. The Dark Orbs are the fragments of all of his malevolent evil.

Lincoln: That's right. And we had 3 orbs left to find. But the fights with Team Galactic and The Broccoloid's added more Dark Orbs than ever before to Earth.

Me: Yeah. Ah. The software is ready.

We tested it and it showed a holographic orb of planet Earth and there were purple dots all over the planet and there was a lot of them. The number showed 75,345 on the planet.

Me: Whoa! I can't believe that we have this many Dark Orbs to find and destroy.

Laney: There's so many of them!

Maria (to Stacy): So, Stacy. How have you dealt with readjusting back to human life?

Stacy: It's great Maria! And I am so glad to be human again.

Bobby B.: Me too sis.

May: Stacy, do you have a love interest in mind?

Stacy: I haven't thought that far. But when Dr. Paradigm took away my humanity along with my brothers, my life was essentially ruined.

May: Dr. Paradigm was a monster.

Me: He was.

Nico: He deserved to pay for his crimes.

Me: Yeah. Wait.

I looked on the computer and I saw that there was a dark orb in the middle of the city in a skyscraper in the central region of the city.

Me: There's a Dark Orb in the middle of the city.

Clint: Think we should check it out?

Me: Like you even have to ask Clint? Team Loud Phoenix Storm, lets fly!

We set out for the city.

---

We got to the middle of the city and we saw the kids of a neighborhood in a state of fear. We knew all these kids.

Me: What's going on here?

Varie: I don't know but it's not good.

We walked up to the kids.

Arnold: Team Loud Phoenix Storm, right? Welcome to our neighborhood.

Gerald: You kinda came at a bad time, though. We have a… crisis going on at the moment.

Me: Why what's going on?

Harold (gets hysterical): THIS IS CRAZY! Do you guys even remember what's happening right now? And just a few minutes ago, we were fighting against fucking Heartless of all things! We're completely outmatched and our plan is to just confront Scheck head on and hope for the best?! How many people even fit in this place?! (sighs) I'm sorry. I know that we get together once in a while to fight back against a problem that arises. But I think you guys are treating this like another incident with Wolfgang or Ludwig. This is different! We're about to lose our homes and we're just now coming up with a game plan?! We're as good as gone!

Arnold (sternly): It's not the perfect plan but it's all we got. The alternative is to give up. Anyone who prefers that option can speak up at any time.

We were proud that Arnold said that. But then I remembered something.

Me: Whoa whoa whoa whoa! Scheck, as in the president and CEO of Future Tech Industries, Alphonse Perrier du von Scheck?

Arnold: That's him. He wants to destroy our entire neighborhood so he can building a fancy mall.

Me: That's insane! This whole neighborhood is a historical landmark!

Rachel S.D.: Yeah it's not meant to be torn down.

Me: You got that right Rach. Not only that but my father is the one that brought Scheck's father in and executed him for treason.

Helga: How did that happen?

Me: It was back 60 years ago when my dad was around Arnold's age.

Me: (Narrating) **It was back in 1959. My dad was having a lot of fun when he got word about Scheck's father Alphonso Scheck, the pervious owner of Future Tech Industries, was planning on turning all of the city of Ames, Iowa into a massive office building complex. When he got word of this, my dad decided to do something to make sure that he never succeeds. He went into the building and kicked all of his men into pulp and confronted him. He found a deed that belongs to the city of Ames declaring it a historical landmark. My father and my grandpa got the deed back and reported it to everyone and praised dad as a hero for it. But word about this got out to President Eisenhower and he had Alphonso Scheck indicted for high treason and his company hereby ordered by the President of The United States to be permanently shut down. Trying to destroy a city or national landmark is the same as war crimes in the United States in its entirety and high treason and it is punishable by death. That's exactly what Alphonso Scheck got. He was condemned to die by firing squad. But before he died, his last words were:**

Alphonso Scheck: You will pay for this Sumner Knudson! I will kill you and your entire family for everything you've done to me! I WILL HAVE MY REVENGE AND YOU WILL ALL BURN IN ETERNAL HELL! I SWEAR IT! FUCK YOU ALL! FUCK AMERICA! BURN IN FUCKING HELL YOU FUCKERS!

Me: **And with that they pumped his guts full of lead and Alphonso vowed that we would one day have his revenge on my father. My grandfather killed him for his crimes.**

FLASHBACK ENDS

Me: Even if he told me then I never would've known that his own son would try to complete his fathers dirty work. But now his son has resurrected his company and is planning to finish what his father started in the past.

Everyone was amazed and shocked. My father had brought down one of the most notorious traitors in all of our countries history next to Benedict Arnold.

Gerald: Man I didn't know your father had a horrifying history with this guy.

Me: Yeah and now Alphonse Scheck is my enemy.

Nico: I've heard about this guy and I hate his guts! Just looking at this guy really makes my blood boil!

Me: He makes my blood boil too man. Come on guys. Lets head to Future Tech and plan our attack.

Arnold: Okay.

Me: Vince, you go to the President of the United States and tell him that we have a code Landmark Destruction AA305Ω.

Vince: You got it Partner.

Vince went to Washington D.C.

We went to the building next to Future Tech Industries and we were planning our attack. We stayed out of sight to avoid having been detected.

Me: Okay first we have to disable the security system and then we can launch our attack.

Nico: Randy, think you can sneak in and deactivate the security systems?

Randy (smirks): Just watch me. (turns invisible)

Randy went into the building.

Laney: We'll wait until I give the word after Randy gets back.

Rhonda: My favorite adventure that you guys went on was when you took down the Purple Dragons.

Francis: Oh, I remember that.

Kevin: We killed a lot of scumbags back then.

Casey: We also formed the Antipode club for the first time.

Duncan: I still think I killed more Purple Dragons than you guys.

Me: That was the most action packed adventure we have done and we did the city a major favor by killing the most ruthless gang ever known.

Arnold: You sure did. But I also heard that you all destroyed the ultimate Transformer: Unicron.

Me: You heard right Arnold. That was one of the most unforgettable battles ever.

Nico: Oh yeah. Unicron was a most incredible adversary.

Vince: We'll never forget that.

Vince got back 10 minutes earlier. While we waited Nico caught a Delibird and a Mantine.

Randy then suddenly reappeared and he had a box of M&M's.

Randy: Hey guys.

Helga: What the hell took you? Did it take that long to take out the security?

Randy (eating M&Ms): No. But I did get some candy from the vending machines. You should try some before we confront Scheck.

Me: Good work Randy. Now we begin our attack! Lets do it.

We charged and went at the building. We bursted in with an incredible fiery explosion and a Phoenix cry was heard.

Street Sharks: SHARK ATTACK!

We went in and punched all of Scheck's men all over the place and blew them into the walls and kicked them into the walls and decorations.

Man: I HATE YOU KIDS!

Our auras flared up to incredible power and Arnold threw a man through a wall with devastating force. Also Arnold and all his friends got a wide variety of powers as well.

Gerald: Dude, how'd you throw that guy? He was twice your size!

Arnold: Beats me. Maybe it had something to do with him saying that he hated me.

Me: That's exactly what it was Arnold. We have the power to absorb negative energy through hatred and convert it into Positive Energy which makes us more powerful.

?: Then you will be weak when you are consumed with fear.

The Heartless that appeared before us was familiar to most of us. The only things that changed was that it had scarier teeth, a black aura, and a vicious scythe.

Lori: Scarecrow?!

Fearsome Scarecrow: Lori Loud. We never did finish our threapy session. (sees Arnold and his friends) And look! You've brought more playmates. I wonder what they're afraid of.

Me: Scarecrow you are really starting to infuriate me!

Arnold: Who is that guy J.D.?

Me: You would hate this guy to the core Arnold. His name is Jonathan Crane A.K.A. Scarecrow. He was once a professor of Psychology at Gotham University. He specialized in Fear and Phobias. But he was fired because of conducting inhumane experiments with a hallucinogenic gas he made that brings peoples worst fears to life. Even though they aren't even there.

Fearsome Scarecrow: That's Right! And you all killed me!

Me: You poisoned Lori with your gas and made her think that her own family turned against her! It was because of that moment that we had to kill you. You've been a major thorn in our side for far too long Crane. You are just as fucked up as the Joker was when we killed him.

Fearsome Scarecrow: Don't you dare compare me to him you asshole!

Me: You got what you deserved Crane. You are a fucked up homicidal psychopathic motherfucker! You get a sick thrill of torturing people with their worst fears for your own sick pleasure and that makes you a monster! And we're gonna send you back to Hell for good!

Nico: Jonathan Crane the Scarecrow, you have failed this world!

Me: More like he has failed everything. By all accounts Lyle Bolton should've killed you before we did when he worked at Arkham.

When he heard that name he was enraged.

Fearsome Scarecrow: I LOATHE YOU ALL SO MUCH!

We got a massive power boost.

Me: Thanks for the power increase.

Fearsome Scarecrow: But I struck my latest victim before I encountered you.

Me: What do you mean by that?

We saw Tara shaking in fear and she was in a curled up ball in a fetal position.

Tara is currently seeing a Fear Gas vision of her beating up the other Titans under Slade's command.

Tara (afraid): This isn't real!

?: Oh, but it is.

Tara then saw a past version of her when she was wearing the armor Slade gave her.

Tara: I know you're not real. This is only because I was exposed to the Fear Gas.

Evil Tara: Actually, I am real. It turns out that fears become reality when exposed to the powers of darkness.

Tara: So, you're just going to talk me to death?

Evil Tara (punches her): No. I'm gonna beat you to death!

Gloria: Mommy snap out of it!

Selena: It's not real mommy! Fight it!

Lori then remembered all the pain and suffering Scarecrow caused not just to everyone in Gotham Royal York but also to her and her family. She was tortured with a hallucination of her family turning against her because of her own selfishness and nearly scarred for life. Now Scarecrow has the gall to come back and continue his spree of fear-inducing terror and get Tara. Lori was not gonna take it anymore! She was going to Make… Him… PAY!

Lori: (In her head) This monster has literally threatened and killed so many people with his poison and he nearly killed me with it. Now he poisoned Tara! I WILL NEVER FORGIVE THIS ASSHOLE FOR ALL THE PAIN HE HAS CAUSED! I WILL LITERALLY MAKE SURE THAT THIS MOTHERFUCKER PAYS 10,000 DEATHS FOR THE FULL EXTENT OF HIS CRIMES 1000-FOLD!

Lori then let out a massive scream of ballistic and unrelenting fury! Then a massive explosion of energy and wind blew out the whole bottom of the building with incredible power! Lori had a sky blue aura flared up and blades of wind energy were starting to swirl around her. Lightning was arching and flickering around her at an incredible level as her energy levels were continuing to rise at an unprecedented and incredible level at an accelerated rate. The ground was shaking extremely violently and lightning was striking all over the building from Lori and it set the whole building on fire!

Lori: (ENRAGED SCREAMING) I HATE YOU SCARECROW!

Fearsome Scarecrow looked at Lori and he was wondering what was happening.

Lori: I WILL KILL YOU! YOU WILL LITERALLY SUFFER 10,000 DEATHS FOR EVERYTHING YOU'VE DONE!

Lightning arched all over the place and stone tiles and pebbles lifted up off the ground and the wind blades blew the concrete pillars apart.

We were looking at Lori in shock and then she let out a massive scream of blood-lusting fury and she released her power at an incredible level! Then the whole building suddenly exploded with unbelievable power.

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The whole building exploded into rubble and collapsed and its dust and debris went flying all over the city. When the smoke cleared I had us all protected in a powerful force field and all the workers including Scheck himself arose from the rubble and they had bleeding cuts, scrapes and shredded clothes and bruises and scrapes.

Lori emerged from the dust and she was forever changed. She was now a Super Angel 10,000 Hurricane Eagle! Her hair was sky blue and spiky and she had a vest with the symbol of an Eagle above a hurricane on the back and her wings were now glowing neon blue and flooded with energy. The power she was emitting was absolutely incredible. It was as powerful as my Super Ebonwu 30,000 form.

Lori: Scarecrow I will never forgive you for everything you've done!

Me: Wow! Her power is completely unreal!

Nico: Holy mackerel!

Laney: What power!

Lori: Everyone you take down Scheck and his cronies, I'll deal with this monster.

Me: Okay Lori.

Lincoln: Be careful big sis.

Lori: I'll be just fine brother.

Roxanne: Show no mercy mommy!

Linda: Yeah no one messes with our mommy and literally gets away with it.

Ramon: You literally said it!

Lori: You literally did.

Fearsome Scarecrow: Let's see how your new form handles this!

Scarecrow uses his sickle to rip open a hole in reality, as crows come out to signal the coming of an even bigger chain coming from inside the rip. Lori is then pulled into a graveyard, where a gigantic version of Scarecrow drags herwith the chain, smashing and pounding her into the ground twice. Finally, Scarecrow smashed Lori downwards into a grave with her name engraved on the headstone before they both came back into reality.

Fearsome Scarecrow (to Arnold): Now, little Arnold. I know you're wondering about your parents. Sorry to say that you won't get the chance to find them!

Me: You shut the fuck up Scarecrow!

Lori was not affected by Scarecrow's little illusion.

We went after Scheck and Lori went at the Fearsome Scarecrow and punched him in the stomach with devastating force. She kneed him in the face and flipped him and threw him to the ground and then she plunged her hand into his chest and ripped out his still beating black heart and she threw it onto the ground and crushed it in a pile of blood and guts.

Gerald lit a match and threw it at Scarecrow's Heartless.

Gerald: How about a little fire, Scarecrow?!

Rhonda: Was that from the Wizard of Oz?

Gerald: Sure was. It actually is a good movie.

The match lit the Fearsome Scarecrow on fire. Then Lori threw him into the air and changed up a Kamehameha Wave.

Lori: Scarecrow! I NEVER WANT TO SEE YOUR UGLY FUCKING FACE EVER AGAIN YOU MOTHERFUCKING MANIAC! GO BACK TO HELL AND STAY THERE YOU SON OF A FUCKING BITCH!

She fired a Kamehameha Wave at the Fearsome Scarecrow and it hit him and exploded with incredible power.

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion of the blast completely obliterated him in an instant and Nicole swooped in and sent him into the River of Fire for all eternity. And we got a massive power boost as a result.

Nicole: You and your fear poison will never be welcome here.

We were now facing Scheck and his cronies himself.

Me: Alphonse Perrier du von Scheck. So we meet at last.

Scheck: J.D. Knudson. You will pay for ruining everything! You and that little football-headed brat!

Me: You will do anything possible to get what you want. You're exactly like your father was when my grandfather and father killed him over half a century ago.

Lola: That's right you freak!

Scheck: I'm what!?

Me: The apple doesn't fall far from the tree. Now you will endure the same fate he did.

Scheck: Well I can't die no matter what!

Nico: What do you mean by that?

Scheck revealed that he had a Dark Orb imbedded into his chest.

Scheck: Thanks to this dark orb I now have immortality and nothing can kill me. Not even you.

Me: When we're finished with you Scheck, you'll wish that you were dead. You'll be completely helpless. Try to imagine how it would feel to live on forever, unable to do anything with all of your power. An eternity where there's nothing but you.

Nico: Alphonse Perrier du von Scheck, you have failed this city and this entire planet.

Me: He sure has. Lets dance.

We went at him and I punched him in the face and knocked out some of his teeth and kicked him in the chest and shattered the Dark Orb. It gave us an immense power boost as a result.

Me: Now to finish him off for good and send his sorry ass straight to prison for all eternity. It's combo time!

Ben: You got it J.D.!

Ben turned into Jetray.

Ben: JETRAY!

Sludge: Me Sludge smash.

Sludge slammed his feet onto the ground and shook it with the power of a massive earthquake. Jetray flew at incredible speed and fired a laser blast and energy ball at Scheck's workers.

Jetray: ENERGYQUAKE SLAM!

The blasts merged with the earthquake and blew some of the workers away.

Headstrong: It's our turn Mariah.

Ace: Lets get them Headstrong.

Headstrong became a rhinoceros and Ace used her powers and turned Headstrong into a stampede of rampaging rhinos.

Headstrong and Ace: RHINO STAMPEDE SLAM!

The rhinos slammed into the workers and flattened them into pancakes.

Big Slammu fired a blast of Earth at a worker and it sent them crashing into some rubble.

Big Slammu: Oh yeah! That was awesome!

Me: I gave you guys the powers of the Elemental Forces of nature. Earth, Air, Fire, Water and Lightning.

Ripster: That is sweet man!

Jab: Yeah dude this is awesome!

Shredgirl: It's so awesome!

Me: It's final smash time!

?: Let us help out too.

Out came the famous blind vigilante Daredevil and the powerful martial arts mistress Elektra.

Me: Wow! Matt Murdock A.K.A. Daredevil.

Varie: And Elektra Natchios.

Me: It's an honor to meet you guys.

Daredevil: You too J.D. The Avengers sent us to help you out.

Me: Tony sure knows how to lend a hand. Lets get him guys!

Elektra: Lets. This is gonna be good.

Daredevil: Let me start. ECHOES OF THE AIR!

Daredevil moved with amazing and incredible speed and he kicked the men all over the place with the power of sonic echoes.

Lynn: Wait a minute? How is Daredevil able to hit his targets? He's blind isn't he?

Me: He is. Matt Murdock was hit by toxic waste in his face that permanently blinded him. But as a result it greatly enhanced his other senses to superhuman levels and he can move and react because of the vibrations in the air. He uses the echoes of sound to get his way around. Like how bats get around in the darkness of the night. He became Daredevil because his father was murdered by the ruthless mob boss Wilson Fisk A.K.A. Kingpin. He vowed to get justice on him and bring all criminals to justice. He took the law into his own hands and became the vigilante known as Daredevil.

Lincoln: So he was in a chemical accident.

Me: Yep. And it made him into an awesome vigilante.

Lucy: I think that would be an amazing power to have for him. It suits him like the power of a vampire.

Me: It sure does.

Arnold closed his eyes.

Arnold: Now it's my turn. LEAVES OF THE GREEN EYES!

Arnold opened his eyes and they turned emerald green and he threw numerous leaves that were glowing green at Scheck and they hit him and shredded him.

Ripster: It's time for our final smash combo.

Streex: Lets get him guys!

Jab: You got it bro.

Slammu: This is gonna be awesome!

Shredgirl: Oh yeah!

Street Sharks: ELEMENTAL SHARK FEEDING FRENZY!

Ripster, Streex, Jab, Slammu and Shredgirl turned into sharks of Pure Earth, Fire, Wind, Water and Lightning and they went at the men and bit them and badly injured them.

After the whole fight was over, we saved the neighborhood. Scheck and his cronies were arrested for Treason.

Vince: The president said that Scheck and his father will always be traitors.

Stacy: But he deserves to be in prison for the rest of his miserable life.

Me: You said it Stacy.

We administered the Fear Gas antidote to Tara and she was crying hard with Beast Boy comforting her. Gloria and Selena were doing the same for her.

Arnold: (To the Viewers) You mess with our neighborhood and we will stop you with a fight. Team Loud Phoenix Storm and all of us will stop you.

THE END

---

Another Fanfiction Complete.

The Hey Arnold Movie was awesome back in 2002 and it was awesome! The next part coming up is 2017's The Jungle Movie. NicoChan11 gave me the ideas for this one. Thanks man as always. Let me know what you all think.

See you all next time.

# Journey Into San Lorenzo

It starts in the city. Me, Lincoln and Stacy were resting in the park.

Me: Boy it sure is a beautiful day.

Lincoln: You said it J.D.

Stacy: I can't even remember when the last time I got this comfortable was.

Me: I know Stacy. Being as a shark really was awful for you and your brothers. But you were given amazing power as a result.

Stacy: And with great power comes a great responsibility.

Lincoln: That's right.

Our stomachs growled.

Stacy: I'm getting hungry.

Me: Lets get some grub.

Lincoln: Good idea.

We then skated into town.

Me and Lincoln had Roller Skates on and we had some awesome and gnarly moves.

I did some pipe spin moves in a concrete pipe and Lincoln did a 720˚ spin with a hand stand on a truck.

Everyone was loving our skating moves and we landed at the entrance to a burger restaurant.

Me: Whoo! That was awesome!

Everyone cheered.

Me: Thanks folks!

Stacy: You guys got some great moves.

Me: We've done a lot of sports. But your brothers taught us their moves.

We went in.

Me: That was some sick shredding.

Lincoln: It sure was.

?: Stacy?

We turned and saw 3 more Gene Slammed girls. One was half human half octopus and she had purple skin, 6 arms and yellow eyes. The 2nd girl was half human, half Sea Wasp and she had a jellyfish umbrella and several long jellyfish tentacles. She also had blue skin and her face remained the same and she has a scar in the middle of her forehead in the shape of a lightning bolt. The 3rd one was half human, half viperfish and she had a long glowing lure on a long spine coming out of her forehead, red eyes, red skin and long fanged teeth and she had a Cobra Tattoo on her left cheek. They were also wearing black legging and blue denim jeans. Luckily Stacy knew who they were.

Stacy: Dayna, Olga, Yuna!? Wha? What happened to you?

Dayna: Dr. Paradigm that's what! And everyone calls me Shredimari.

Olga: I'm often called Jelzap.

Yuna: And I'm also called Lightlure.

Me: How did Dr. Paradigm do this to you girls?

Olga: He spiked our drinks somehow with Octopus, Jellyfish and Viperfish DNA.

Dayna: It was a total nightmare for us.

Stacy: Me too my sisters. It was the same for me and my brothers. Until J.D. and all of Team Loud Phoenix Storm helped us kill Dr. Paradigm.

Me: Yep. I take it you three have heard about what happened to him?

Yuna: We sure did.

Olga: And Dr. Paradigm got what was coming to him.

Me: And then some. How did you start changing into these forms?

Dayna: We were resting at the skatepark after shredding some moves.

---

Dayna was a blonde girl with a blue shirt and tank top with an awesome skateboarding style. She had natural yellow eyes and she had a green streak in her hair.

Olga was a goth rollerblader with purple hair and she has a scar in the middle of her forehead in the shape of a lightning bolt. She wore black and blue clothes.

Yuna was a girl that had red hair and natural red eyes and she had a cobra tattoo on her left cheek.

Dayna: (Narrating) We just drank some water and then we were suddenly in excruciating pain.

Dayna (holding her sides in pain): I don't feel good.

Olga (holding her stomach in pain): Same here. Worst gut-busting pain ever.

Yuna (holding her head in pain): Damn that Dr. Paradigm. What did he do to us?

They then transformed into Shredimari, Jelzap and Lightlure. Dayna's blond hair fell out as her skin turned purple and she grew two more sets of arms and her eyes turned yellow as her hair fell out. Her blue shirt was torn to shreds during the transformation. Olga's black hair started to fall out as her skin turned blue and her head lost all its hair as it swelled up huge and she grew numerous tentacles surging with enough electricity to power 12,000 cities. Olga's black vest and shirt was shredded apart into pieces as she was transforming. Yuna's red hair fell out as her skin turned red and she grew a long worm like lure on a long spine out of her forehead and her teeth and mouth grew big and wider and her eyes turned redder than normal. Her red summer shirt ripped to shreds as she was transforming.

They saw themselves in a shop window and they screamed in horror!

Dayna: WHAT THE HELL HAPPENED TO US!?

Olga: I LOOK LIKE A JELLYFISH!

Yuna: I LOOK LIKE A FREAK!

FLASHBACK ENDS

Dayna: Ever since then we ran away. But we heard that you disappeared with your brothers and we ran away from home and went into hiding.

Me: That's awful girls.

Stacy: I'm so sorry that happened to you all.

Lincoln: Yeah.

Me: I can help you girls return to normal and I can give you the power to transform at will.

Olga: How can you do that?

Me: You're looking at the Leader of Team Loud Phoenix Storm here. I have the power to do anything.

Dayna: Oh wow! Please help us J.D.!

Me: Okay girls. But this is gonna hurt a lot. Uh… Lincoln you may want to cover your eyes.

Lincoln: I'm way ahead of you J.D.

Lincoln covered his eyes.

Me: Okay girls this is gonna hurt bad.

I snapped my fingers and they were reverting back. Their fish features were gone and they stood up and I had my eyes covered.

Dayna (shows off her topless body to nearby boys with a smirk): Like what you see, boys?

Olga (covers her chest): You might be comfortable topless, Dayna! But I'm not!

Nearby Man (to a topless Yuna): Miss, what happened to the shirts of you and your two friends?

Yuna (blushing): Um… they accidentally got ripped off?

Me: Here girls.

I pulled out three robes and they put them on. I uncovered my eyes and so did Lincoln.

Me: We'll get you some new clothes when we get to the estate. But you three are human again.

Stacy: Yeah take a look guys.

Stacy formed a mirror of pure lightning and they saw that they were human again!

Dayna: We're human again!

Olga: I feel alive again!

Yuna: We're finally free!

Me: I cured you girls. It's also how I was able to cure Stacy and her

brothers.

Lincoln: J.D. is a powerful force of nature. He can do anything.

Dayna: We can see that.

Olga: Lets get some clothes now.

Me: Okay.

We went back to the estate.

---

Back at the estate we went up to Leni's room and Leni, Maria and Teresa were making new clothes. I knocked on the door.

Leni: Come in.

We went in.

Me: Hey Leni.

Lincoln: We encountered three more girls that were changed by Dr. Paradigm.

Maria: What? Are these three them?

Stacy: They are. These are my best friends and sisters Dayna, Olga and Yuna Orromov.

Me: Orromov? That's a Russian name.

Dayna: Yeah our family is from Russia.

Me: Cool.

Maria: What were you girls spliced with?

Dayna: I was spliced with the DNA of an Octopus.

Olga: I was spliced with the DNA of a Sea Wasp.

Yuna: And I was spliced with the DNA of a Viperfish.

Maria: Oh man!

Teresa: You aren't the only ones that have had their DNA ruined.

Maria: Yeah. Me and Teresa were mutated because of a Biohazardous Mutagen in Dakota City. I was turned into pure water and called Aquamaria.

Teresa: And I was turned into a Harpy with a powerful sonic scream. I was Talon.

Me: It wasn't pretty girls.

Stacy: Yeah. But also me and my brothers were mutated because of Dr. Paradigm.

Olga: What!? That explains why you suddenly vanished.

Stacy: Yeah. We were turned into 5 different species of sharks. I was a Saw Shark.

Dayna: That's awful.

Yuna: Yeah.

Stacy: But now that Dr. Paradigm is dead we never have to see his ugly face ever again.

Me: Amen to that Stacy. Lets get you three some new clothes.

Dayna: Okay.

Dayna was now in a sky blue summer shirt with an ocean blue sleeveless trench coat and her summer shirt had four holes on the sides for her extra arms to pop through. Her shirt also had an octopus on it.

Dayna: I look amazing. Maria I didn't know you and Teresa can make awesome clothes.

Maria: It's actually Leni that taught us. But she is the master when it comes to clothes.

Teresa: She is a great fashionista.

Olga was wearing a black summer shirt with a lightning bolt on it and she had a black sleeveless trench coat.

Me: Are you a goth girl Olga?

Olga: I sure am J.D.

Me: Cool. My daughter Brittney is a goth girl too.

Lincoln: And so is my sister Lucy.

Me: How did you embrace the darkness of the Gothic subculture Olga?

Olga: It's not a good thing I like to discuss. It centers around how I got this scar on my forehead.

Me: You don't have to tell us right away. You can tell us when you are ready.

Olga: No you have a right to know. It's my way of thanking you for turning us back. I was only 5 years old.

---

Olga: (Narrating) I was with my dad when I was 5. We were in the car and then we were in a nasty accident. We crashed head on into a gas carrier and it exploded into this massive fireball. I got out of the car just as the whole thing exploded. But my dad was not so lucky. I was in the hospital and had a bandage on my head. Dad died in the accident. That's how I got a scar in the middle of my forehead in the shape of a lightning bolt. I dyed my hair purple and embraced the darkness of the Gothic Subculture to hide my pain.

FLASHBACK ENDS

Me: Oh man.

Lincoln: Olga I'm so sorry about your father.

Stacy: I was shocked when she told me this.

Me: Olga I'm so sorry that happened to you.

Olga: I know. But thanks guys. My goth name is the Dark Thunder Empress.

Me: Good name.

Yuna: I think it's a great name for her.

Yuna had a red summer shirt and a red trench coat with rainbows on it.

Brittney then appeared in a swirl of darkness.

Brittney: Hey guys. Hey dad.

Me: Hey Brittney.

Olga: It's a pleasure to meet you Brittney. I'm Olga Orromov the Dark Thunder Empress.

Brittney: Pleasure to meet you too Olga. I'm Brittney Knudson, the Empress of Darkness.

Olga: I like your fangs.

Brittney: Thanks. I like being a vampire because a lot of people in the gothic subculture like being vampires.

Then the alarm went off.

Me: Uh oh.

Dayna: What's that?

Me: It's our crime alarm. It lets us know when crime is going on.

I look on my device and it showed that there was a bank robbery and a hostage situation in progress.

Me: Time for action.

I went to the bank.

GOTHAM ROYAL YORK 1ST NATIONAL BANK

I flew into the bank and knocked out 2 of the robbers I saw that the robbers had all the hostages wired with 8 pounds of C4 on all of them. I saw the lead robber.

Robber: Just the man I wanted to see. It's been a long time J.D. Knudson.

Me: Who are you?

He took off his mask and I saw that it was an old enemy from my elementary school days: Lyle Mensa.

Me: Lyle Mensa.

Lyle: That's right.

Me: I can't believe that you would sink this low after all these years.

Hostage 1: You know this guy J.D.?

Me: Unfortunately I do. He was the worst ever bully in my elementary school days. I got him expelled and sent to juvie for 6 years.

Lyle: That's right! And ever since then I wanted to kill you for ruining my life!

Me: You did that yourself Lyle. If you weren't so rotten to the core we would've been good friends. But you're nothing more than a waste of a life.

He held up a detonator remote.

Lyle: Do you know what this is?

Me: Some kind of detonator from the looks of it.

Lyle: There's 8 pounds of C4 strapped to every one of them. This is a spring-loaded deadman switch. If my thumb comes off it, Boom.

Me: You don't have the balls.

Lyle: Oh I don't huh? And now, since we've had a little change of plan with the police showing up and you knocking out all my partners, I want you to break into the vault. You'll find 3/4 ton palettes of small bills inside. $30,000,000.00

Me: That's small change compared to what I have.

Lyle: So I've heard and you're gonna carry it for me, and you're gonna get me safely away from here with the money or else they'll be cleaning up these hostage's with a mop.

Me: No way shitkicker. I don't make deals with hostage takers. Especially with people from my past that I brought in.

Lyle: I will blow up this entire building you asshole.

Me: I would like to see you try you motherfucker.

Lyle: I will blow them sky high and their blood will be on your hands. Do you hear me Asshole!?

Me: I hear you loud and clear. Motherfucker.

I fired a laser vision blast and burned off Lyle's hand and took the remote and the C4 off of them and threw it into the air and it exploded.

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOM

Me: That was a close one. Are you all okay?

Hostage 2: Thanks to you J.D.

Hostage 3: We owe you one.

Me: No problem.

Lyle was arrested and his hand was severed off. He was sentenced to 60 consecutive life sentences without parole plus 5,627 years in the Uranus prison.

---

The next day, Me and Varie were having a talk with Arnold. Earlier we had a talk with Helga's mom and dad and we got Helga's mom to stand up to her stupid ex-husband and divorce him and she took Olga and Helga with her and she sued him for everything he got: $500,000,000,000.00. This put his company completely out of business and with little money he had, he moved into an apartment with the harshest landlord ever. We also got Arnold and Lila hooked up.

Me: So Arnold, how long has it been since you last saw your parents?

Arnold: Nine years.

Me: Oh man. What were your parents known for?

Arnold: My parents are very famous Humanitarian Explorers and they went down to San Lorenzo.

Me: That's somewhere in between Guatemala and Belize. What were they doing down there?

Arnold: They were helping a mysterious tribe called The Green Eyes.

Me: The Green Eyes? They're one of the most elusive and very secretive tribes in all of Central America and legend says that they are one of the last surviving tribes of the ancient Aztec Empire after it was destroyed during the Genocide of the Aztecs, Mayans and Incas.

Arnold: That's right. How did you know that?

Me: Because my ancestor helped them out a lot over the years. I'm not just descended from witches and wiccans in Salem, Massachusetts. But I'm also a direct descendant of the most famous emperor of the ancient Aztec empire: Montezuma.

Arnold: Wow! That's amazing!

Me: It is.

I had a bracelet and armband on.

Me: This bracelet and Armband once belonged to Montezuma and they are a family heirloom.

Varie: I didn't know you were descended from the ancient Aztec's, J.D. Lisa said on our global trip that the odds of finding any descendants of the Aztec's, Inca's and Mayan's were very slim. Almost to probability zero.

Me: I know. Lisa did a DNA test and she did find out that I am indeed a direct descendant of Montezuma. I don't know how that's possible but somehow it is.

Arnold: That is awesome!

Me: It is. I was shocked myself. Lisa said that the odds were 523,374,364,343,433 to 1.

Arnold: That's very slim odds.

Me: Almost non-existent. But Arnold, how did your parents get so liked with the Green Eyes?

Arnold: They retrieved a sacred relic that was stolen by the evil river pirate Lasombra.

I gasped when I heard Arnold say that name.

Me: Lasombra!

Arnold: You know him J.D.?

Me: I've been after him for 8 years.

Varie: Sounds like you have a really bad history with him J.D.

Me: I do. He's a treasure hunter, a pirate and a ruthless cutthroat that sells priceless artifacts, rare animals and treasure on the worlds black market for enormous profits. But what he's after the most is the sacred treasure of the Green Eyes. He will kill anyone that gets in his way to get what he wants.

Arnold: Do you think my mom and dad are?

Me: I don't think so Arnold. But what was the reason your parents went back to San Lorenzo?

Arnold: They were called back to help cure a sleeping sickness that was killing them.

Me: Hmm. I have a strong feeling that it was because of Lasombra.

I turned on my Dark Orb detector radar and it found a dark orb in the middle of the Guatemalan Jungle moving slowly towards San Lorenzo.

Me: Arnold lets gather your friends. We're going to San Lorenzo.

Arnold: Yes! Hang on mom and dad. I'm coming.

---

We gathered all of Arnold's friends and told them what's going on.

Me: So you see, Arnold's parents are in San Lorenzo, Guatemala and we are gonna go on a rescue mission.

All of Arnold's friends minus Gerald disagreed with us.

Harold: Why should we help Arnold?

Me: Because Arnold lost his parents 9 years ago. And no one should ever be without his parents.

?: That's right.

We turned and we saw Iron Fist.

Iron Fist (bows to me): Hello, J.D. I hope you don't mind if I accompany you on this trip.

Me: (Bows to Iron Fist) Daniel Thomas Rand-K'ai A.K.A. Iron Fist. It's an honor to meet you. And you are more than welcome to join us.

Iron Fist: Thank you.

Rhonda: Harold's right. Why should we help him?

Iron Fist: That is enough! Arnold only wanted to find his parents again. He didn't keep this secret to hurt any of you.

Sid: Really? How do we know that you're not just saying that?

G1 Divebomb: We would never lie to you. Besides, you said it yourselves that Arnold has been the best friend to all of you.

Slug (to Harold): You Harold said that him Arnold help you give up bullying ways.

Harold (sighs): That's true.

Skylanders Blackout: And Rhonda, you said that Arnold made you less of a snob and into a better person.

Rhonda (ashamed): Yeah. I did say that.

Volcana: So, are you all really going to just give up on Arnold after everything he's done for you guys?

Everyone: No!

Helga: We need to go help Arnold.

Cindy: Why do you want to help Arnold in particular? For honor? For love?

Helga: No! I want to prove that I'm better then him! If I help him now, I can hold this over him forever! (Cindy laughs) What's so funny?

Cindy: You can fool yourself and everyone else, but you can't fool me. I know who you are.

Helga: You don't know squat about me.

Cindy:: I know everything about you. I know you play like you're meanest and heartless, but you're actually scared on the inside.

Helga: Shut up!

Cindy: I know you act mean to Arnold and you push away anyone who's willing to put up with you, because just a little bit of love reminds you of how big and empty that hole inside you actually is!

Helga: I said shut up!

Cindy: I know that when you were little, no one ever gave a rat's ass about you because of how your dad raised you!

Helga: I'm serious, Vortex!

Cindy: Just like nobody gave a damn about me when I was the only smartest girl in class before I met Jimmy. I know who you are, Helga Pataki. Because you're me.

Helga:… What kind of a pair are we?

Cindy: The kind that's gonna help our friends.

Stan Lee: (Offscreen) That's telling her.

We saw Stan Lee and he was walking his dog.

Me: Stan Lee. Taking a break from writing comics?

Stan Lee: I may be 95 years old but I need a break every now and then.

Nico: That's true.

Me: Come on guys. We're wasting time here. Lets go!

With that we were off to San Lorenzo, Guatemala.

## SAN LORENZO, GUATEMALA

We were in the Jungles of Guatemala near the Guatemala and Belize borber.

Me: Boy it's like we're in the jungle in the movie Predator.

Lincoln: It sure does feel that way.

Laney: It's an amazing jungle though.

Dayna: Is the Predator watching us?

Me: Let me see.

I turn my vision to Infrared and there was nothing.

Me: No. Nothing.

We pressed on and it was a creepy jungle.

Lincoln: This place is loaded with plant life.

Me: It sure is.

I look on my radar and it showed that the Dark Orb was getting closer.

Me: I sense trouble coming. Adam you better turn into He-Man just in case.

Adam: Right.

Adam pulled out his sword.

Adam: BY THE POWER OF GRAYSKULL!

The sword hilt opened and the clouds stormed up. The hilt turned and lightning struck him and he turned into the mighty HE-MAN!

He-Man: (Echoing) I HAVE THE POWER!

Me: Stay sharp everyone.

Nico: Right.

Then out came a man.

Me: Are you Eduardo?

"Eduardo": Yes I am.

Me: I don't buy it.

I shot off his hat and it was LASOMBRA!

Me: Lasombra!

Lasombra: (Spanish Accent) That's right J.D.

Me: So where's the real Eduardo?

Lasombra: Oh, he's here somewhere. But by the time he finds you all, it'll be too late!

Me: You and I have an old score to settle Lasombra.

Lasombra: I will kill you and all your friends J.D.

Arnold: Where's my mom and dad!? What have you done with them!?

Lasombra: So you are Miles and Stella's boy. Yes. I heard all about you.

Me: If you've done anything to Arnold's mom and dad I will kill your fucking ass where you stand!

Lasombra: It's quite an interesting tale if you don't mind my bragging. I was the one that unleashed the sleeping sickness onto the Green Eye people. You see, when I heard that Miles and Stella brought back the Corazon to the Green Eyes, I vowed to get revenge. I planned to put them in the Sleeping Sickness when they came back so I can steal all the relics of the Green Eyes uncontested.

Laney: And the Green Eyes that were affected?

Lasombra: Collateral Damage.

Me: You make me sick Lasombra! I will now kill you like I should've done 8 years ago.

Nico: Lasambra, you have Failed the Jungles and Rivers of The Entire Universe.

Then monster vines grew and they were going to attack us.

Teresa: Guys, is it me or is the jungle attacking us for some reason?

Me: It's not just you Teresa.

Olga: What's happening?

Just then the ground shook and out came a massive monster flower. It was a Heartless.

The Heartless that appeared before us look like the Archespore from the Witcher series but with a dark aura.

Sprout of Hate: Surprise!

Me: I know that voice. It's Evil Seed!

Sprout of Hate: I'm flattered that you remember me J.D.

He Man: Evil Seed?!

Sprout of Hate: Hello, He Man. It's been a while.

Lori: But me and Teresa literally killed you on Eternia!

Sprout of Hate: Yes you did and now I will have my revenge!

He sent vines at Gru.

Sprout of Hate (has vines attack Gru): Looks like Deadshot wasn't the only father you all killed. IF I remember correctly, just a few weeks ago, you all killed El Macho, who had a son.

Gru (fires Freeze Ray at vines): El Macho's son was taken into child services after El Macho's first defeat!

Me: Lets get this freak!

I put up a barrier to prevent Lasombra from escaping. Lori fired a tremendous blast of wind and it cut up some of the Sprout of Hate's vines and Laney slashed him with a sword plant. She slashed the Sprout of Hate and it screamed in pain.

Teresa fired a sonic blast at the Sprout of Hate and blew his vines apart.

Blackout fired a blast of darkness and it hit the Sprout of Hate and exploded.

Blackout: It's combo time Slug!

G1 Slug: Me Slug do.

Slug turned into a Triceratops and charged and Blackout fired a powerful blast of darkness.

Skylanders Blackout: TOTAL ECLIPSE TRICERA!

The darkness covered Slug and turned him into a Triceratops of pure dark energy and he slammed into the Sprout of Hate with devastating force.

Volcana: Time to burn this freak Divebomb.

Divebomb (G1) agreed.

Volcana fired a massive blast of fire and G1 Divebomb flew at the Sprout of Hate at an incredible speed.

Volcana: FLAMING EAGLESWOOP SHOCKWAVE

The fire merged with Divebomb and turned him into a powerful Eagle made of pure fire and he slammed into the Sprout of Hate and incinerated him into ashes.

Me: You are next Lasombra.

Nico: I got a brand new Skarmory and a Houndour ready to fight you Lasombra.

Lasombra: Then lets see you survive all my new friends.

He raised his hand up and slammed it into the ground and out came numerous heartless zombies and they were those of all the enemies we all have killed!

Hay Lin: Are those zombie versions of our dead enemies?!

Leo: Yep. Including Shredder and Hun.

Azula (sees a zombie version of her): Oh yeah. That's right. J.D. and the others did kill an evil version of me.

Lily: Time for some help.

She raised her hand into the air and chanted an incantation. Out through a portal came Gamora.

Gamora: What's wrong Lil.. (Sees the Zombies) Zombies!

Lily: Those are zombies of all the bad guys we killed.

Gamora: There's so many of them.

Che: You know what? THAT TEARS IT!

Gamora: What are you talking about?

Che (angry): If my life doesn't mean anything to you all anymore, then I'm not holding back either! DO YOU HEAR ME?! YOU'RE ALL NOT GOING TO KILL ME AND GUT ME LIKE A WILD ANIMAL!

Me: Lets destroy these zombies and send them into the River of Fire!

Nico: Lets get them!

We went at the zombies and it was a brutal and vicious fight. The portal into the River of Fire was opened.

Arnold kicked the Hun zombie in the face and punched him in the crotch and threw a green energy leaf at him and sliced him in half down the middle. He disintegrated into dust and was sucked into the river of fire.

Arnold: The Purple Dragons have been slain!

Nico and Gerald were facing the Shredder zombie and Nico slashed him with his sword and kicked him in the face and threw him into river of fire.

Gerald: Final Smash time! POWER OF FRIENDSHIP!

Arnold and Gerald did their signature friendship greeting and fired a powerful laser at the Shredder Zombie and completely obliterated him in an instant.

Nico: That was well done guys. Ch'Rell you have failed this universe!

Hay Lin and Sheena were facing the Phobos Zombie. They fired a massive blast of air at him and blasted him into dust with hurricane force winds.

Sheena: That was amazing!

Hay Lin: That was well done though Sheena.

Lana and Helga were facing the Vexen Zombie and Lana fired a blast of ice and Helga fired a meteor blast from her hand and they hit the Vexen Zombie and obliterated him in a powerful explosion.

Helga: That freak was a monster.

Lana: He was Helga.

Lila and Azula were facing a Zombie that was that of Azula's Dark

Side. Lila fired a powerful blast of fire and Azula used her Lightningbending and she fired a massive bolt of lightning and they obliterated the Azula Dark Side Zombie.

Phoebe, Taranee and Stinky were facing a Slade Zombie and Phoebie and Taranee fired a powerful blast of fire and Stinky threw globs of lava at him and incinerated him.

Mega Man and Rhonda were facing a Zombie of Dr. Wily and Rhonda fired a blast of leaves and they shredded Dr. Wily into pieces.

Megaman (walks over to zombie Wily's head): Now you know why I held back on you all those years, Wily. (stomps on his head) And that's for all the years of shit that you gave me!

Lincoln and Sid were facing a zombie of the 10,000 Volt Ghost and they fired a powerful blast of lightning and overloaded the zombie and he exploded.

Sid: That was so cool Lincoln!

Lincoln: Lightning beat him before in life too.

Lucy and Curly were facing the zombie of the Tar Monster and they fired a blast of black fire and black lightning and they blew him away.

Lucy: The darkness has melted some tar.

Curly: It sure has.

Luna and Brainy fired a powerful blast of water at the Demyx zombie and ground him up into dust and mud.

Luna: He was turned into mud dude.

Brainy: (Breathes loudly) Yep.

Lori and Harold were facing a zombie Lotso.

Lori: Lets see how you like smelling like this.

Harold and Lori pointed their butts at the zombie Lotso.

Lori and Harold: FIRE IN THE HOLE!

They farted in his face at point-blank range with a massive and explosive fart.

KRAFFFFAAAAAAAAAAAAAAAAAAAAARRRRTTTTT!

The fart melted the Lotso Zombie into mush.

Harold: That was awesome!

Lori: Don't tell anyone but I hate having a gas problem.

Harold (Hey Arnold): I can't make promises about that Lori. But for you okay.

Lori: Thanks Harold.

Owen and Ruth were facing a zombie Stinky Pete. Ruth punched him and fired a blast of wind and Owen jumped and crushed him with a devastating butt sit.

Owen: Oh yeah! (Farts) (Laughs)

Ruth: That was awesome Owen.

Owen: Thanks Ruth. Not bad for your first time using powers.

Lynn and Eugene were facing a zombie G1 Megatron. Lynn threw Eugene and entombed him in a spike ball of pure lava and he slammed into it and incinerated the G1 Megatron Zombie.

Eugene: I'm okay.

Lynn: You did great though Eugene.

Ed was facing the Static Shock Tantrum zombie

Edzilla (throws Zombie Tantrum into Zombie Starscream): ED SMASH ZOMBIES!

Iggy smashed the Static Shock Tantrum zombie with a devastating slam of his feet.

Iggy: Yeah!

Big Patty was facing a zombie Starscream and she punched him with a punch of lava and he disintegrated into dust.

Big Patty: Serves you right you traitor.

Iron Fist was facing Zombies of Xiao Fung, Strikemaster Ice, Scarecrow, Queen of the Black Puddle, Shendu, Hsi Wu, Tso Lan, Po Kong, Tchang Zu and Dai Gui.

Bai Tza: Even zombies of my former siblings!

Iron Fist: These siblings of yours have no honor. Time to face them with my Final Smash. FURY OF THE CHI DRAGON!

Iron Fist released a yellow energy dragon and it slammed into the remaining zombies and obliterated them. Suddenly we felt an earthquake and then we saw the volcano erupt!

KABOOOOOOOOOOOOOOMMMMM!

Me: Wow!

Nicole: Mount Pacaya is erupting!

Smoke and ash blocked out the sun and Lava poured down the volcano. A massive earthquake was felt and we saw the lava carve out the ground and Lasombra was standing on a land island in the middle of the river of molten lava. The land was too far away for him to jump across.

Me: Not so fast Lasombra!

Poison Ivy: I want to have a crack at him.

Me: Go get him Pamela.

Poison Ivy jumped and landed on the land island. She seductively walked up to him.

Poison Ivy: What's your hurry big boy?

She walked up to him and strum her finger on his chest.

Lasombra: You sure know how to charm a guy señora.

Me: Ooh hubba hubba.

Poison Ivy: Let me give you a good kiss.

Lasombra: As you wish señora.

But he has no idea what he was in for. Poison Ivy kissed him on the lips and then suddenly Lasombra got sick and he was gasping.

Poison Ivy: My kiss is not like any other. You see, my kiss is poisonous.

Suddenly he died in an instant and fell right off the land island and into the molten lava where he died in an instant. But he was dead long before he hit the lava.

We looked away from seeing him be incinerated by it.

Me: That's one of the most excruciatingly horrific deaths ever known. Death by volcanic lava.

Lola: Yeah but he deserved it.

Me: Yep.

Nico: Burn in Hell Lasombra.

Lori: He literally already is.

Sheena: He sure is.

Me: You all did a great job.

Poison Ivy got back to us.

Me: You did really well Pamela. Way to pour on the Femme Fatale charm.

Laney: Your poisonous kiss is amazing.

Lucy: The Kiss of Death. Wicked.

Me: Exactly my thought Lucy. Lets get to the temple of the Green Eyes.

We pressed on and we arrived at the ancient city of the Green Eyes.

Me: We found the Green Eyes.

Arnold: It's amazing.

Me: It sure is.

We then went in and stood before the king and queen of the people.

Me: We apologize for coming into your village without permission. But we mean you all no harm. I am J.D. Knudson, Leader of Team Loud Phoenix Storm and direct descendent of King Montezuma of the Aztec Empire.

Green Eye King: You all welcome here. And you brought Arnold.

Arnold: That's me yes. I'm looking for my parents Miles and Stella.

A girl lead us to them. When we saw them we were shocked to discover that Arnold's parents had contracted the disease affecting the Green Eyes themselves. They were in a coma because of the Sleeping Sickness.

Me: They are in a coma. But there has to be a cure for them.

Green Eye Girl: There is.

The girl lead us to a special temple. It had the cure to the disease. And the only way to unlock it was with a heart of gold. Only Arnold as the chosen one can unlock it and release the cure.

Arnold placed the heart in the key and it opened a mechanism and released storm clouds that rained the healing elixir and it cured the Green Eyes and the butterflies all over the village sprang back to life. Everyone and everything sprang back to life!

Me: Oh wow!

Arnold: There's butterflies. Could that mean?

We followed Arnold and he went into Miles and Stella's room and he saw his parents awake.

Miles & Stella: Hey, Arnold.

For the first time in 9 years, Arnold was finally reunited with his parents and he hugged them for the first time.

Me: Miles and Stella, I'm so happy that you are okay.

Miles: Thank you.

Me: Sorry. I'm J.D. Knudson, leader of Team Loud Phoenix Storm and direct descendant of Montezuma.

Stella (Hey Arnold): It's a pleasure to meet you.

Me: We have so much to tell you.

We told them everything.

Mile: Wow. We sure have missed out on a lot. How long were we out?

Eduardo, Miles and Stella's close friend was with us.

Eduardo: 6 years Miles.

Me: Wow. Six years.

Lori: That's literally a long time to be in a coma.

Laney: No kidding. But I'm glad that Miles and Stella are all right.

Lana: Me too.

Me: I am too.

Stella: Looks like you've finished the work we started Arnold.

Miles: I'm proud of you son.

Arnold: Thanks dad.

Stella (Hey Arnold): And you beat that monster Lasombra. You all did the world a favor.

Me: We did everyone in the universe a favor Stella.

Gerald: (To the Viewers) We managed to reunite Arnold with his family and we got to help all of Team Loud Phoenix Storm destroy Lasombra. It was cool helping them all.

The Green Eyes were forever grateful to all of us including Arnold. But I was proud of everyone. Arnold now has his family back, the Green Eyes are no longer just a legend and they are now free to share their secrets with the world. We even set up a special program where they can learn all about what the world has to show them. We call it the Green Eye Education Program. Raythor spanked Helga's Dad really hard after we killed the rest of Lasombra's goons. It was a great time for Arnold and his friends and family.

THE END

---

Another Fanfiction Complete.

The Hey Arnold Jungle Movie was an amazing adventure movie. After 13 years of waiting when the show stopped on June 8th, 2004 we were left with lots of questions left unanswered. But on November 24th, 2017 we finally got the answers to all those questions and it was everything we all needed to know. The ending of the movie was a great one and it was a perfect way to conclude the whole series. Arnold was finally reunited with his family after so long and he and Helga are now Boyfriend and Girlfriend. I liked the pairing of Arnold and Lila the best. Thank you Craig Bartlett for giving us a great show and series. No I am not descended from

Montezuma in real life. I made up the robbers name. NicoChan11 gave me the ideas for this one. Thanks man as usual. Let me know what you all think.

See you all next time.

Hey Arnold belongs to Craig Bartlett and Nickelodeon Studios.

# The Evil Lioness of Africa

It starts in Tanzania in Africa. We were in the Pridelands. Man-At-Arms was with us.

Sora: I haven't been to Simba's world for a long time.

Me: Me neither. Last time we were here Sora, we had to get some stinkbugs for Leni to make her stop smelling like a skunk.

Lana: I remember that.

Nico: That was a strange method to get rid of skunk smell. But it really worked.

Lincoln: It sure did.

Me: So how are you liking your visit to Earth, Man-At-Arms?

Man-At-Arms: It's amazing and it's just like home. Now that Eternia's problems have been solved we have more time to visit planets we haven't seen in a long time.

Me: I'm glad.

Rika: So why are we here in the Pridelands?

Me: Our satellites have picked up a dark orb in the Outlands.

I point to an area covered in the darkness of the shade of the clouds.

Me: The Dark Orb is believed to be right out there.

Laney: I have a strong feeling that Zira has the Dark Orb.

Me: And if that's the case then she will be a merciless lioness.

Timon: (Offscreen) Hey!

Sora: Timon! Pumbaa!

Timon: Sora! Long time no see!

Pumbaa: It's been only without ya!

Jeri: Timon and Pumbaa. It's great to see you again.

Timon: You too Jeri.

Pumbaa: How have things been?

Jeri: Good.

We then were at Pride Rock. Simba and Nala and the Lion Guards came out.

Simba: Sora!

Sora: Simba it's great to see you again!

Jeri: Hey Simba.

Simba: Jeri it's great to see you and all of you.

Me: Same here your majesty.

Kiara: Things have been very quiet so far.

Kion: But the Lion Guard has been as busy as ever.

Kovu: That's right but we've been protecting the Pridelands a lot.

Me: I can tell.

Mufasa: It is good to see you again J.D.

Me: You too Mufasa. How have you been?

Mufasa: I'm doing good and going strong.

Me: That's great.

We then went on a tour of the Pridelands of Tanzania. We saw all kinds of animals and neat places and we saw the Lion Guard in action. We saw them rescue a baby giraffe from being eaten by crocodiles. As we walked around Nico caught a Kingdra and a Donphan.

Nico: Wow! The Pridelands are so beautiful.

Laney: They are Nico.

Lana: Yeah. I love coming here to the Pridelands. It's where they got the best worms to eat.

But then Zazu came and he had some Urgent news.

Zazu: Sire!

Me: What's wrong Zazu?

Zazu: Our spies in the Outlands found out that Zira and the Outsiders are on the attack! Heading this way! IT'S WAR!

Simba: I'll assemble the Lionesses. You guys head there to stop Zira.

Me: You got it Simba.

Nico: Kovu, I hope you realize that by siding with us, you'll have to fight your own mother.

Kovu: Zira stopped being my mother when she got that Dark Orb.

Laney: Looks like my suspicions are right.

Me: We have to stop her. Lets go!

We set out for the Outlands. A massive thunderstorm was building over us. We were in the Outlands and we were staying alert. Simba and the Lionesses were with us. We then came across a fork in the road. One road went to the right and the other went to the left.

Lynn: Which way do you think she is?

Luna: Looks like we have two choices dudes.

Rika: Jeri, me, Renamon, Guilmon, and Takoto should go with you.

Takoto: Yeah! Us Tamers need to stick together!

I look at my radar for the dark orb and it was down the left path.

We were getting close and then we heard a lion roar and a lioness jumped at us and Jeri kicked it in the face and sent it crashing to the ground. We saw ZIRA and the Outsiders ready for action.

Me: Zira. So we meet at last.

Kion: Zira.

Kovu: Hello "Mother".

Zira: You all have a lot of nerve coming here Simba.

Simba: To make sure that we stop you Zira!

Timon: We've had it with you coming into our Pridelands!

Zira: "Your" Pridelands! The Pridelands belong to Scar.

Me: Scar was never the real king you monster!

Jeri: He got what he deserved!

Me: Scar died because he betrayed his brother and king Mufasa!

Sora: That's right.

Kairi: You will never be welcome in the Pridelands as long as we have anything to say about it.

?: Then let me say something on her behalf!

We saw a Heartless appear before us. The skeleton Heartless with a staff that we saw that was familiar. The only difference was that it didn't have a robe.

Me: (Shocked!) It… It can't be!

He Man: Skeletor!

Boney Skeletal Nightmare: Ah. He Man. What a displeasure to see you again!

Me: Skeletor!

Zira: I see you two know him.

He Man: Yes.

Man-At-Arms: How are you alive?

Boney Skeletal Nightmare: You'll find out another time. But you're here at last J.D. I've been waiting a long time for this. Finally I can claim the revenge I've dreamed of for all this time. I didn't think I would see Clawful with you. But I wouldn't be surprised.

Clawful: Ha.

Me: And I thought we were done with you for good Skeletor. Last I remember you were in about a million pieces.

Varie: Zira has a dark orb and resurrected him into a Heartless. Am I right about that?

Boney Skeletal Nightmare: And how poetic it was for Zira using a fragment of one of your most powerful enemies to save me. From the Humiliation that was inside the Book of Vile Darkness! You can't imagine my suffering in that book! I was forever sealed inside its pages and waited inside a most hellish nightmare where all my worst fears came to life! Where demons, monsters and ghosts lived! They tortured me all the time! They did all kinds of unspeakable things to me! Instead of ruling all of Eternia with an iron fist, I was trapped in a void of everlasting darkness and torture!

Me: Don't try to pin that on me Skeletor! You are the one that caused all the problems to Eternia and that's why we went to you looking for a fight. That's why I killed you. It was all your choice you bastard!

Boney Skeletal Nightmare: But you are far too thick-headed to understand J.D. Your death is my remedy and required before I move on. Because I'll never be able to sleep in this cosmos knowing that I share it with you. You took my face and then you killed me!

Me: Even in death you still remember the agony that I dealt to you. You deserved it Skeletor. This time we're going to kill you again and make sure that there is nothing left of you again when we send you into the river of fire! I'm not the same as I was when we faced you on Eternia. I'm now far more powerful than ever before. In fact we all are much stronger than ever.

?: That's not the only problem you have to worry about.

Then a Nobody came out. The Nobody that was with Zira was a human with familiar hair.

Simba: Scar!

Scartarius Nomana: Call me Scartarius Nomana now, Simba. It seems your time as king is going to come to an end!

Jeri: But that's impossible! I killed you!

Scartarius Nomana: Yes you did kill me Jeri. Now I will have my revenge and take back my rightful place as king of the Pridelands!

Kion: You won't take the Pridelands ever again!

Mufasa: You deserved to die for nearly killing me "Brother" and you are not worthy of ruling the Pridelands.

Me: Ever. Lets kill these freaks!

We powered up and transformed.

Simba: Jeri, you and Kiara fight Zira. We'll handle Scar's Nobody!

Me: Me and He Man will take the Skeletor Heartless.

Nico: Okay.

Jeri: Lets do this!

We went at them and the Battle That will decide the Fate of The Pridelands began.

---

Battle 1: Boney Skeletal Nightmare.

---

Me and He-Man were facing the Skeletor Heartless.

He Man (avoids Boney Skeletal Nightmare's punch): Either my training with J.D. and the others made me much stronger. Or you're not as powerful as you used to be.

Me: It's both actually He Man. Keldor was transformed into Skeletor by Hordak after I melted his face and thought I killed him. His power was increased as a result. But when we killed him on Eternia we took that power away and his power drained by 75%.

He Man: That's a good theory.

I kick the Boney Skeletal Nightmare in the chest and shattered him all over the place as numerous bones and then I crushed his head with a devastating jump and destroyed it into powder. Skeletor was sucked in through a portal that lead into the River of Fire. Then I saw something in a puddle of water.

Me: What's that?

I go over and pull it out and it was a small flower like device. It was in the shape of a sealed lotus. It had petals which were golden on the outside and orange on the inside.

Me: I wonder what this is.

J.D. 2: J.D. be careful with that. That is a powerful and deadly Shen Gong Wu called the Kuzusu Atom.

Me: So this is a Shen Gong Wu. What does it do?

J.D. 2: The Kuzusu Atom can instantly vaporize anything or anyone at will. This is what makes it one of the deadliest Shen Gong Wu ever.

Me: (Gasp) This Shen Gong Wu must be incredibly dangerous! Let me see if it is true.

I point the Kuzusu Atom at a dead tree.

Me: KUZUSU ATOM!

The flower bud on it opened and fired a powerful yellow energy blast at the tree and instantly obliterated it into dust.

Me: Holy mackerel! That is unbelievable!

J.D. 2: It is. That's what makes the Kuzusu Atom one of the most dangerous and deadliest Shen Gong Wu ever known.

Me: I can tell. I'm filing this Shen Gong Wu under to use only when absolutely necessary.

J.D. 2: Good idea.

I pocketed the Kuzusu Atom.

## Battle 2: Scartarius Nomana

Nico was facing Scartarius Nomana.

Nico: Scar you have failed all of Africa!

Scartarius Nomana: You have failed everyone…

POW!

Nico punched him in the face and kicked him in the stomach and Simba slashed him in the face with his claws.

Nico: Guys it's combo time!

Stone Man: You got it Nico!

Tantrum: Lets get him!

Stone Man fired a power stone and G1 Tantrum turned into a Bull.

Stone Man and G1 Tantrum: EARTHQUAKE BULLSLAM!

The Stone merged with Tantrum and turned him into a bull of pure rock and he slammed into Scartarius Nomana with devastating force.

Inkling: It's our turn Swoop.

Swoop: Me, Swoop go.

Scartarius Nomana (avoids Swoop's sword): Do you even have a strategy to defeat me, Dinobot? Actually, don't answer that. You and the rest of your Dinobot brothers always did prefer brawns over brains.

Inkling fired a massive blast of Ink and Swoop turned into a Pterodactyl.

Inkling: INK PTERODACTYL STRIKE!

The ink covered Swoop and he turned into a fast moving pterodactyl flying at Mach 5 and he slammed into Scartarius with incredible force.

Simba: Time for my Final Smash. LION ROAR BLAST!

Simba released a massive and powerful lion roar that blasted out a massive blast of fire and it hit Scartarius Nomana and exploded. He was badly burned and defeated.

Me: I think we have a much better place for you.

I snap my fingers and Scartarius was turned into a normal human and he was beamed to the Neptune Prison for all eternity. He was the first ever Disney villain to be sent to prison.

---

Battle 3: Zira.

---

Jeri and Kiara were facing Zira and it was a savage fight. Jeri slashed at her and kicked her in the face.

Zira got up and she was enraged.

Jeri: I don't understand you Zira. Why do you hate Simba so much and side with a monster like Scar?

Zira: Because Scar was the rightful king of the Pridelands! You can never understand how great he was!

Jeri: You are so delusional! Scar was a monster and he completely destroyed the Pridelands and he nearly killed everyone! Simba is the true king! You are just a soulless and pitiless monster that only cares about herself! It's my Final Smash. JERI THE LIONHEART!

Jeri fired a blast of energy in the shape of a lion and it hit Zira and sent her crashing into a rock. Zira got up.

Kion: Time to show her the true Power of the Lion Guard!

Beshte: We're with you Kion!

Ono: Lets do this!

Fuli: Lets!

Jeri: Lets do this!

Kion: KION - FIERCEST AND LEADER!

Jeri: JERI - 2ND IN COMMAND!

Bunga: BUNGA - BRAVEST!

Fuli: FULI - FASTEST!

Beshte: BESHTE - STRONGEST!

Ono: ONO - KEENEST OF SIGHT!

Kion, Jeri, Bunga, Fuli, Beshte and Ono: LION GUARD ROARFORCE!

The Lion Guard released a powerful blast of energy in the shape of a lion head and it roared ferociously and it hit Zira and exploded with incredible power.

KRABOOOOOOOOOOOOOOOOOOOOOOOOOMMMMM!

When the Smoke cleared Zira was down but she was badly burned.

Me: That was awesome!

Kiara: Nice job little bro.

Kion: Thanks sis.

Bunga: That was un-Bunga-lievable!

Beshte: That was awesome how we did that.

Me: It sure was. This was the first time you all did a combo final smash. That was really well done.

Vitani: I don't believe it. They beat mother.

Kiara: Vitani listen to me. A wise lion once told me that we are one. I didn't understand him at first. But now I do.

Me: Simba, the lions of the outlands are also one of you. What difference does it make. This fighting with all of your kind is pointless and you need to let go of the past and focus on the future.

Simba: You are right J.D. Thank you.

Me: You're welcome.

Zira got up and she saw an opportunity.

Zira: Vitani! Now!

Vitani: No mother! J.D. is right.

Vitani went over to us.

Vitani: Enough.

Zira was shocked.

Zira: If you will not fight, then you will die as well.

Me: You're a monster Zira. You care about no one but yourself and your selfish desire for revenge. You're even willing to kill your own daughter for it. You have no honor.

Nico: Zira you have failed all of Africa.

The other lionesses of Zira were disgusted by how Zira was willing to resort to such disgraceful actions that they left her and joined us.

Zira: Where are you going!? Get back here!

Simba: Let it go Zira. It's time to put the past behind us.

Zira: I'LL NEVER LET IT GO!

Me: You are really insane.

Zira: This is for you Scar!

Zira lunged at us and Kiara rammed at her and they rolled down to a cliff and a riverbed. A river unblocked itself. Kiara was trying to save Zira as she was hanging on the cliff.

Kiara: Zira! Give me your paw.

Zira: I'd rather die then be saved by you, Kiara!

Zira scratched Kiara on the hand as the latter let go and the evil lioness fell to her death.

We saw Zira die.

Kiara was brought back up.

Me: You were great Kiara.

Varie: Yeah. You did try your hardest.

Kiara: I still don't understand why Zira killed herself. How could her hatred of us run so deep? Did she really hate us so much that her own well-being meant nothing to her?"

Nico (remembering an old fable): Like a scorpion.

May: Like a scorpion?

Maria: What do you mean by that?

Nico: I just remembered the old fable about the scorpion and the turtle. My parents sometimes told it to me. There was a scorpion who wanted to get across a river. But he couldn't swim. So he asked a turtle if he could ride across on his back. The turtle thought he had nothing to fear, because he knew that if the scorpion stung him, they would both drown. Well, they were about halfway across the river and the scorpion stung him anyway. And as they sank, the turtle asked, 'Why'd you do that? Now we're both going to die.' And do you know what the scorpion's answer was?"

Rika: No.

Nico: The scorpion answered "Because, I'm a scorpion. It's my nature."

Takato: I think that fable applies to all irredeemable villains.

Me: That's exactly what it means Takato. No matter how much you want them to change, they will never change their ways. And those are the kinds of people that deserve to die.

Nico: Yep.

Takato: Wow.

Simba: (To the Viewers) The Roar of the Lion will destroy all evil to protect the Pridelands.

---

Back home Chris was having breakfast with Rita and Lynn Sr.

Chris: So yeah. J.D. has been giving us awesome challenges and he has been an amazing inspiration for the show.

Rita: We saw Chris. He is a force of good for everyone.

Chris: He sure is. And I have some news however. This is gonna be the last season of Total Drama. After this show, we're done.

Lynn Sr.: Oh wow! But J.D. and everyone had so much fun on your show Chris!

Rita: 2020 really is the grand finale with Total Drama Galaxy.

Chris: Yep. I need J.D.'s help to set up a grand finale challenge and a Special Aftermath show to close the series.

Lynn Sr.: I'm sure J.D. will think of something. We still have 11 months left.

Chris: Yep. But it'll be awesome to finish the show with a bang.

Rita: It will.

THE END

---

Another Fanfiction Complete.

The Lion King 2: Simba's Pride was an amazing movie and Zira was just as bad as Scar was. We did go over how bad Zira was in the Volcanic Trip Saga and she is one of the worst lionesses ever. NicoChan11 gave me the ideas for this one. Thanks man as usual. Let me know what you all think.

See you all next time.

# Wrath of The Parallel Krabs

Chapter starts with the camera set on the Krusty Krab Great Restaurant.

French Narrator: (French Accent) Ah. The Krusty Krab Great Restaurant. Home of the delicious Krabby Patty and it's super secret recipe. But for a certain Loud Girl, today is going to be much, much different.

Customer: 1 Monster Krabby Patty, please.

Pearl: Wow, no one's ordered the Monster Krabby Patty in a long time. Lily, 1 Monster Krabby Patty.

Lily: [gasps, shaking] Did you say a monster Krabby Patty?!

Pearl: You've never heard of a Monster Krabby Patty?

SpongeBob: HUH?! Monster Krabby Patty?!

Customers: Monster Krabby Patty?!

Customer #2: [in bathroom] Monster Krabby Patty?!

Lily: What is a Monster Krabby Patty?

SpongeBob: It's the largest item we have on our menu. Let me show you.

SpongeBob showed her a picture covered in dust. He blew off the dust and it showed a picture of the Monster Krabby Patty. It was as big as a whole pizza and it weighed 15 pounds.

SpongeBob: This is the Monster Krabby Patty. It's also the most feared item we have on our menu. For years no one in the history of the Krusty Krab has ever made one perfectly. Even I tried it twice and failed. The first time my spatula broke in two and the 2nd time my arms were ripped off. Not even my predecessor Jim could do one.

Lily: I didn't know that the Monster Krabby Patty had such a fierce reputation. But I'm always up for a challenge Mr. SquarePants.

SpongeBob: That's the spirit Lily! Go get it!

Lily: Yes sir!

Lily went back to the grill.

[A set of real hands drops a huge meat pile on the grill]

Lily: Wow! That is a huge pile of meat! But this requires a secret weapon.

Lily pulled out a Pizza Spatula and she successfully flipped the giant Krabby Patty and then she made a huge bun for the giant patty. When the patty was done she put it on the huge bun and put the lettuce, tomatoes, onions, cheese, pickles, ketchup and mustard on and a top bun.

Lily: Done!

Lily opened the kitchen door.

Lily: Order up! One Monster Krabby Patty!

She brought out a Monster Krabby Patty and brought it to the customer.

Lily: Your Monster Krabby Patty sir.

Everyone then erupted into a roar of cheering and hoisted Lily up.

Customers: HOORAY FOR LILY!

SpongeBob: YOU DID IT LILY! YOU MADE THE FIRST EVER SUCCESSFUL MONSTER KRABBY PATTY!

Lily: Thanks Mr. Squarepants!.

SpongeBob: How did you do it?

Lily: A regular spatula wasn't gonna be able to lift up that much meat. So I used a pizza spatula.

Spongebob: That was sheer genius!

[A siren horn then goes off and then everyone becomes silent]

Lily: What, did I say the secret word?

SpongeBob: No, Lily, he's back.

Lily: Who's back? [Something red flashes by] What was that?!

SpongeBob: [An alarm sounds] Man your stations! Red alert! Red alert! Take cover! [All the customers scream, and run to take cover]

Lily got ready. She knew that something was going on.

SpongeBob: [SpongeBob's up in the crow's nest searching for him] He's around here somewhere. [SpongeBob sees the red flash by once again] There he goes!

Lily: Who or what are we facing?

Harold: Some say he crawled out from the lowest trench in the ocean.

Pearl: He's the saltiest of all the sea dogs.

SpongeBob: He's the most hated creature in Bikini Bottom and all of the 7 seas. [The red flash then bursts out of the kitchen and we then see it is Krabs holding a Krabby Patty while swinging on a rope]

Krabs: And he's finally got a Krabby Patty! Ar, ar, ar, ar!

Lily: Mr. Krabs!? I thought he was in prison!

SpongeBob: This is a whole new Krabs. He filled in the place of Plankton and his goal in life now is to steal a Krabby Patty and ruin our restaurant.

Lily: So in a way, the roles have been reversed!

SpongeBob: Yeah! You could say it like that. But the worst part of it is…

Lily: [Krabs lands behind her. Shows a shot of naked Krabs and Lily's surprise and disgust] Good grief, he's naked! [A part of Krabs then glints]

Krabs: [Swings up onto a board on a support beam above. Laughs.] Clothe me if you can, silly landlubbers!

SpongeBob: I'm gonna make you eat those words, Krabs! [The cash register spins upside down, and turns into a place where a cannon is located] No shirt, no shoes… no service! [SpongeBob shoots all the clothes out of the cannon at Krabs. All of them miss]

Krabs: Ar, ar, ar, ar, ar!

Lily kicked Krabs in the face and got the patty back and then a rope tied around Krabs and the rope was from Batman!

Lily: Batman!

Batman: Hey Lily. Just happened to be in the area.

Lily: You arrived just in time.

Batman: (To the Viewers) I've always had a knack for showing up at the right place at the right time.

SpongeBob: Knick-knack, the Patty's back! You did it, Lily. Victory screech! [SpongeBob, Lily and all the customers start screeching]

Lily: It was me and Batman that did it Mr. Squarepants.

Krabs: Enjoy your victory screech, SquarePants, because someday the Krabby Patty formula will be mine!

SpongeBob: You'll never get this formula, you twisted fiend!

Lily: And I will make sure you never do you cheapskate!

Krabs: Oh, but I will! Even if I have to come back tomorrow, and the next day, and the next day, and the next day, and the next day…

Lily is right in his face.

Lily: We get the idea Krabs.

Krabs: Oh. Sorry.

Krabs walked away and it was gonna be a long road. But now that Krabs has filled in for the role of Plankton, the Krusty Krab was gonna be in for a really rough ride like before.

---

Back home at the estate, Lily came home.

Lily: Boy what a great day.

Lily hung up her hat and went to the shower. 20 minutes later, Lori was waiting outside.

Lily then came out and she was in her bathrobe and had a towel on her head.

Lily: Oh hey Lori.

Lori: Oh hey Lily. Didn't know you were home already.

Lily: I just got back from work 20 minutes ago.

Lori: You'll have to tell us about it.

Lily: Okay.

On the couch Lily was telling us what went down at the Krusty Krab.

Me: So a Krabs from a parallel universe has filled in the void for Plankton?

Lily: Yeah. I don't know how this happened but it did.

Me: Hmm.

I looked it up on the computer and on a security camera it showed that Mr. Krabs was still in his cell fully clothed.

Me: This is really unusual. Mr. Krabs is still in his cell.

Lily: This Krabs is from a parallel universe and he took the place of Plankton.

Laney: That is so freaky.

Lisa: Indeed. And he runs around in the indecent nude? That is one of the most disgusting features for anyone to do.

Lily: I know.

Me: But great job to you and Batman for stopping him.

Varie: Yeah and way to go on becoming the first ever employee to make a perfect Monster Krabby Patty.

Lily: Yeah. Mr. Squarepants said that never in the history of the Krusty Krab has there been a successful Monster Krabby Patty.

Lincoln: And it weighs 15 pounds!? That's a lot of food!

Lana: I'll say.

Stacy: But it sounds like a tasty one.

Me: Sounds like it.

Me and John were playing billiards. John did some awesome tricks on the table.

Me: Wow John, you're really good at pool.

John: Thanks J.D. Dad taught me a lot in Billiards. He was quite the pool shark.

Me: I can tell.

Lily had a great day at work.

THE END

---

Another Fanfiction Complete.

I did this one as a fusion and twist to the episodes of SpongeBob All That Glitters and The Algae Is Always Greener. 2 episodes combined to add some zest. NicoChan gave me the ideas for this one. Thanks man as usual. Plus I had time to finish the previous chapter last night so I figured why not do a SpongeBob chapter today. Let me know what you all think.

See you all next time.

# Clash of Fire & Water

It starts in the skatepark. Stacy was doing some awesome moves in the half pipe and the pipe grind. She even did some awesome shredding moves on the rails and the ramps.

Stacy: Whoo-hoo!

Stacy was really tearing up the park. Lincoln, Laney and Earth were there too.

Lincoln and Laney were with her.

Lincoln: Stacy sure has some awesome moves!

Laney: She sure does. And Ronnie Anne has good moves too.

Lincoln: Yeah.

Earth: Boy I'll say.

Stacy landed with a great landing.

Stacy: Nothing too it dudes.

Everyone cheered.

Lincoln: That was awesome Stacy!

Stacy: Everything I learned was from my brothers and lots of practice.

Laney: I can tell. You have what it takes to be the next X-Games champion.

Stacy: I can't argue with that Laney. Who's up for some burgers?

Laney: I'm up for it.

Lincoln: Me too.

Earth: I'm hungry.

They went to a nearby burger cart not far down the street from the Estate.

Stacy: That was the best I've ever done.

Lincoln: I know Stacy.

Earth: You were awesome.

As they ate some burgers an explosion rattled the area. They saw a couple of robbers trying to get away with a truckload of jewelry from a jewelry they robbed.

Lincoln: Looks like we got a 211 in progress!

Laney: Lets get them!

Earth: Yeah!

Stacy: SHARK ATTACK!

Stacy turned into Shredgirl and they went at the robbers.

Robber 1: Lets hurry man!

Robber 2: I'm coming man!

Lincoln: The only place you two are going is the Slammer!

Lincoln swooped in and kicked a robber in the face and Shredgirl chomped the bed of their car and ripped it in half. Laney kicked the 2nd Robber in the face and punched him in the stomach and chest. Earth threw a glob of lava into the 1st robbers face and burned him and he screamed in pain. Suddenly there was a whooshing sound and a figure flew in faster than a bullet fired from gun and pounded the 2nd robber all over the place and blasted him into the wall with a powerful blast of water fired from its hands that sent him crashing into the wall. The robbers were beaten up.

Lincoln: Whoa! That was amazing.

Shredgirl: Whoever it is has some moves.

?: You robbers are headed to jail!

Shredgirl: I know that voice.

Shredgirl turned back into Stacy.

Stacy: Trudy? Is that you?

The figure was revealed and it was another Gene-Slammer that was a little girl. She was half human, half flying fish. She had blue skin and a flying fish head and green shiny scale patches. She also had flying fish wings on her back.

Trudy: Stacy?

Stacy: Yeah it's me Trudy.

Trudy: No! Stay away! Don't look at me!

Stacy: Trudy, it's okay. I won't hurt you.

Trudy: You don't understand. I'm a monster!

Stacy: No you aren't Trudy. You were turned into a Gene-Slammer like me and my best friends and my brothers.

Lincoln: Was this all Dr. Paradigm's work?

Stacy: I have a feeling it is. Trudy, how did this happen to you?

Trudy: I was hungry.

---

Trudy was walking down the street. She was a black hair girl wearing tattered clothes and she had blue eyes.

Trudy: (Narrating) **I was walking down the street and I was really hungry and hadn't eaten in days. I was just about to get some food out of the garbage when someone gave me a burger and something to drink. Later I had a stomachache. And it was**

**really painful.**

Trudy (holds her stomach in pain): Oh, Gosh! Is this how it feels to die?!

Trudy: **I went to sleep in an alley and then next thing I knew I woke up looking like this.**

FLASHBACK END

Earth: That damn Dr. Paradigm! Now he has the gall to target little girls!

Stacy: Trudy we can help you. We can turn you back like J.D. did to me and my brothers and best friends.

Trudy: Really!?

Stacy: Sure.

They went back to the estate.

---

Back at the Estate, I was playing pool with John.

Me: 8, 7 and 6 balls in the left side and corner pockets.

I hit the cue ball and it bounces off the 6 ball which went into the left side pocket and it bounced off the 7 ball which went into the left corner pocket and it hit the 8 ball and it went into the right corner pocket.

John: That was awesome!

Me: Thanks John. I learned from the best. Your dad taught me that move.

John: I had a feeling dad did. You have what it takes to be a great pool shark like me.

Me: Well I don't know about that John. But thanks.

Nicole and Lily were playing a game with Bobby B. They were playing SplatToon.

Bobby B: I got you now Nicole!

Nicole: Not this time!

Lily: Oh yeah!?

Nicole then won!

Nicole: Yeah! Goddess of Video Games wins again!

Inkling: You're really good Nicole.

Lily: She isn't called the Goddess of Video Games for nothing Inkling.

Bobby B.: Boy I'll say.

Nicole: And Lily is training just as hard to catch up to me. She's my protégée.

Bobby B.: That's great Nicole. And she's learning really fast.

Nicole: Yep.

The door opened and in came Stacy, Lincoln, Laney and Earth.

John: Hey sis.

Me: How was the skatepark guys?

Stacy: We had a great time. And we stopped some Jewelry Store robbers. But also we had an unexpected surprise. Guys this is my friend that I helped. Trudy.

Lincoln: She got Gene Slammed by Dr. Fishbreath.

Trudy came out and we were shocked.

Me: She's half human, half flying fish.

Maria: (disgusted) So Paradigm even stooped to gene slamming little girls as well?!

I went over to her.

Me: Trudy it's all right. I can cure you and give you the ability to transform into your Flying Fish form at will.

Stacy: J.D. is an awesome guy Trudy. He helped me and my brothers and our father.

Dayna: And he helped us too.

Olga: It's true.

Yuna: Yeah.

Trudy: Okay! And when I'm like this I'm called Fast Flyfish.

Me: Cool name. Now this is going to hurt and be painful. When I snap my fingers you are going to be reverted back to what you were. It's gonna hurt though. But you will have the ability to become Fast Flyfish at will.

Teresa: And we'll get you some fresh clothes as well.

Trudy: Thanks guys.

Me: You're welcome Trudy. You ready?

Trudy: Okay.

Me: Cover your eyes boys.

I snapped my fingers and we covered our eyes and Trudy was in some pain and she was changing back. She was back to what she was before she became Fast Flyfish.

Trudy (covers her chest): Can you guys please get me a shirt?

Maria: First lets get you a bath and get you clean.

Trudy: You're right. I haven't had one in days.

Maria: Okay.

They went up to the bathroom.

Me: So Stacy is Trudy a friend in school?

Stacy: No. She's an orphan girl. Her parents were murdered when she was younger and she had no one else to turn to. So she was forced to live on the streets.

Sam S.L.: I think it was my parents that did it.

Me: I have a feeling you're right Sam.

Varie: Poor Trudy.

Laney: That's awful. No one should ever have to go through all that.

Stacy: I know. Before me and my brothers became the Street Sharks, I found her trying to stay warm in an alley and she was really hungry. Whenever my brothers were at college I would bring her home with me to get her some food and keep her warm in the winter. I would also give her some of my old clothes. She is a fractured soul.

Nico: Poor girl.

Carol: That is so sad.

Stacy: Yeah. After I went to college I promised to visit her in the same alley whenever I got the chance. But Dr. Paradigm ruined that promise by turning us into the Street Sharks.

Lana: That monster deserved to die!

Lola: Yeah! What a monster!

Lisa: Agreed. What Dr. Paradigm did was completely and inhumanely despicable and he ruined the entirety of the laws of nature. He ruined and destroyed so many innocent lives young and old.

Nick F.: I know Lisa. What he did makes him much less than a human completely.

Dr. Bolton: I agree with you on that Nick. That's exactly what I said when I saw Paradigm as Dr. Piranoid.

Nick F.: I guess great minds think alike doctor.

In Leni's room, Trudy had just finished her bath and Maria was getting Trudy dressed. Trudy had blue denim jeans and a blue skirt. She had a blue summer shirt on with a fish on it and a blue hair bow with her hair in the ponytail. She now had blue sandals on.

Trudy: I look better than ever.

Maria: I think these clothes are perfect for you.

Leni: They sure are.

Trudy: Thanks Leni and Maria. I look amazing.

She stomach growled loudly.

Maria: Wow you must be really hungry.

Trudy: I haven't eaten anything for 4 days.

Maria: Lets get you some food.

In the dining room Maria and William made some ravioli and pasta. And boy was Trudy hungry. She ate the pasta and licked the bowls clean.

Me: Wow. You sure were hungry.

The doorbell rang and Lana got it. She saw another Gene Slammer.

Lana: Oh wow!

John: Mantaman!

Mantaman came in.

Mantaman: John it's great to see you again.

John: You too.

Me: Wow. You're half human, half Manta Ray.

Mantaman: That's right. I'm Dr. Terrance Morton. But everyone calls me Mantaman.

Me: I've heard about you. You went up onto the International Space Station to study Alien DNA. But Dr. Paradigm sabotaged it.

Mantaman: That's right and I became Mantaman to stop him. I am not one of Dr. Paradigm's Seavients. I injected myself with Manta Ray DNA to help the Street Sharks stop him.

Me: Wow! That is incredible!

Mantaman: It is. I helped the Street Sharks stop a satellite full of genetic components to mutate the whole world.

Me: Whoa! Dr. Paradigm is worse than what we first thought. Mutating the Bolton Brothers, The Orromov Sisters and Trudy wasn't enough. Now he has the gall to try to destroy all of humanity.

Mantaman: Yeah. I saw you guys kill Dr. Paradigm and thank goodness he got what was coming to him.

Me: We all agree.

Then the alarm went off.

Me: Uh oh.

Trudy: What was that?

Me: That's our crime alarm. It lets us know what crimes are going on around the world.

We went to our computer. A transmission came on from our of the most famous Pokemon Trainers in the world. One of the Elite 4: Lance.

Ash: Hey Lance!

Lance: Hey Ash. It's great to see you again. But I'm afraid this isn't a social call. Team Magma and Team Aqua are on the move. And they are going to kill each other.

Me: So we have two teams to destroy.

Lance: That's right and we have to stop them or the world will be completely destroyed.

Me: Scans show that the two teams are fighting near Lilycove City in British Columbia. Lance, have everyone in the entire city evacuated.

Lance: Right!

Me: We're on our way Lance. Trudy how would you like to help us take them down?

Trudy: It would like that J.D.!

Stacy: It's gonna be dangerous but I have a feeling you can do it Trudy. And after this is over, I'm going to adopt you as my little sister.

Trudy: Really Stacy!? You would do that for me!?

Stacy: I would. I have always been there for you. Now I'm gonna be here for you always.

Trudy hugged her and cried.

Me: That is so sweet.

Lori: It sure is.

Me: But lets get moving. Team Loud Phoenix Storm, Lets fly!

Everyone: YEAH!

We were off to Lilycove City in British Columbia.

We were flying to British Columbia.

Mantaman: So what is Team Magma and Team Aqua?

Me: They are 2 evil criminal organizations that want to destroy the world. The Goal of Team Magma is to use the power of the Continent Pokemon - Groudon to expand the landmasses and unite the lands. Team Aqua's Goal is to flood the entire planet with the power of the Ocean Pokemon - Kyogre. Those goals will ultimately destroy the entire planet.

Mantaman: So they're terrorist organizations. I heard you all killed three organizations just like it.

Me: That's right. We killed Team Rocket, the team Jessie, James and Meowth were formerly apart of. Their goal was to Dominate the world. But we wouldn't let that happen. We killed every single one of them except for Jessie, James and Meowth who were fired before we killed all of Team Rocket. Team Flare was one of the worst. They wanted to destroy the entire planet with the power of Xerneas, Yveltal and Zygarde - the pokemon of Life, Destruction and Order. They wanted to destroy all life on the planet so that Team Flare can rule over it as the superior force. But they upgraded their goal to destroying the entire universe with a Tachyon Particle Superlaser Cannon.

Mantaman: That's insane!

Me: It was. Team Galactic was also as bad. They wanted to use the power of Dialga and Palkia to destroy the entire universe and enslave the world. A world without free will is the ultimate fate worse than death.

Mantaman: Boy these organizations are just absolutely terrible!

Me: They are. Not only that but Teams Aqua and Magma have an immensely fierce rivalry with one another. They want to destroy each other. We were originally supposed to go after just Team Aqua. But now there's been a change of plans. We're going after two Villain Teams at once. The Alpha Ocean will Flood Team Aqua and the Omega Volcano will Blow Team Magma Away.

Lincoln: I like those lines.

Me: I do too.

We flew and we saw Lilycove City.

Me: There it is. Lilycove City.

Maria: Who are the leaders of Team's Aqua and Magma?

Me: The Leader of Team Aqua is Archie and the Leader of Team Magma is Maxie.

Maria: Guys, me, William, and the rest of the Redemption Squad will go after Archie. The rest of you go after Maxie.

Me: Okay Maria. Show no mercy and if possible maybe we can throw some of Team Aqua into prison for all eternity.

Bai Tza: We can't make any promises boss. But we'll do what we got to do.

Me: Okay. Lets split them up!

We did so. The Redemption Squad went towards the Ocean and the rest of us went to a volcano.

## BATTLE 1: TEAM AQUA!

Team Aqua was readying it's forces for battle against Team Magma.

Archie: Soon those Scalawags will know the bitter taste of defeat!

Suddenly a massive fiery explosion blasted through the floor of the hideout and laughing from Jessie and James was heard.

Jessie: Prepare for trouble!

James: And make it double!

Jessie: To protect the world from devastation!

James: To unite all peoples within our nation!

Jessie: To denounce the evils of truth and love!

James: To extend our reach to the stars above!

Jessie: Jessie!

James: James!

Jessie: Team Rocket blasts off at the speed of light!

James: Surrender now, or prepare to fight!

Meowth: Meowth! That's right!

Archie: I thought Team Rocket be dead.

Maria and the Redemption Squad came out of the smoke.

Maria: So you are Archie. Team Aqua you are all gonna die.

Archie (to the Redemption Squad): How kind of Knudson to send his underlings after me. I'm going to enjoy sending you to him in body bags.

Maria: The only person being placed into a body bag is you!

Then a roar was heard.

The Heartless that appeared before the Redemption Squad looked like a sea dragon with 9 heads.

Francis: Merman?!

9 Headed Tsunamidragon: Did you miss me, so-called heroes?

Maria: But we killed you on Eternia, Merman!

9 Headed Tsunamidragon: You did you fools.

Francis: Even in death you just will never learn.

9 Headed Tsunamidragon (grabs Francis by the throat): I remember how you boiled me alive. But you're not going to get that chance again!

Venom slashed off his hand and cut off one of his nine heads.

Maria: I'll take Archie. You guys can have the rest!

They did so. And it was a brutal and ferocious onslaught. Venom slashed apart and ate some members of Team Aqua and splattered their blood and guts all over the place.

Elena was fighting a Sharpedo from Team Aqua Admin Shelly

Shelly (her Sharpedo tries to bite Elena's arm): I don't know why Dunbar was elected leader of your group. Surely, Rockell would've been a better choice.

Elena (knocks Sharpedo aside with Keyblade): Well, Maria was content with being second in command since William did have leadership skills from his time with X.A.N.A. (fires lightning at Shelly, knocking her out) Now, you sleep tight. You're going to prison as soon as your boss is dead.

Elena tied her up.

It was a vicious and blood-spilling fight.

Maria punched Archie in the face and Trudy flew at him and punched him in the stomach with devastating force and he belched up a huge amount of blood.

Breach: Since Nicole's not with us, I'll have to send Archie to the Book of Vile Darkness myself!

Maria: Go for it Breach.

Maria grabbed Archie and Breach fired a portal and it opened.

Maria: Go to Hell you asshole!

Maria threw him into the portal and it closed. Archie was dead.

Venom, Rhino, Kraven slashed and pulverized the 9 Headed Tsunamidragon into dust and Francis fired a powerful blast of fire and Elena fired a massive blast of lightning and reduced him to ashes and Merman was sent into the River of Fire.

Maria: That takes care of these clods.

Bai Tza: To quote our friend Nico: Team Aqua, you have failed this world!

They laughed.

Elena: That's true.

Venom: Yep and they were really tasty for us.

Nicole then arrived.

Nicole: Sorry I'm late guys. Wow! You all did great.

Kraven: (Russian Accent) Thanks Nicole.

Nicole: Wait. Where are the spirits of Archie and the rest of Team Aqua?

Breach: Don't worry, Nicole. I used my portals to send them into the Book of Vile Darkness for you.

Nicole: Oh. Thanks Breach.

Nicole checked and she saw pages that were loaded with the spirits and information of Team Aqua. Except for the members that were tied up.

Nicole: Wow! Good work Breach.

Breach: Thanks Nicole.

William: Lets join J.D. for the grand finale battle.

They all agreed.

## Battle 2: TEAM MAGMA!

In a nearby volcano Maxie was getting ready to lead his team into battle. Suddenly a massive fiery explosion blasted a hole in through the volcano and a phoenix cry was heard and we arrived.

Me: Maxie I presume?

Maxie: That's right. I'll get to you shortly, Knudson. Right now, I'm in the middle of taking Archie down.

Nico: Well, sorry to tell you, man, but Archie is about to be killed. Right now, our friends in the Redemption Squad are going after him and Team Aqua.

Maxie: What!? Only I was allowed to kill Archie. Now you have to die for taking my pleasure away.

Me: Not if we kill you first motherfucker.

Nico: Well then, with that attitude, you're gonna have to go boom. I mean, shouldn't you have gone into therapy for this obsession with another man. (laughs) Maybe you should have just asked him out.

We laughed at Nico's insult.

May (falls down laughing): Nico, I wouldn't be surprised if he was gay. He had plenty of opportunities to kill Archie over the years and he never took them.

Me: (Laughs) Oh that was too funny buddy. And way to lay on the sick burn.

We high five.

Maxie (furious): I'M NOT GAY!

Nico: Nothing wrong with being gay. I know some of my friends who are gay. But then again, you and I aren't really friends, are we?

Maxie: No we aren't and never will!

Then I heard an all too familiar voice I thought I would never hear again.

?: That's not the least of your problems.

Me: (GROWLS) I know that voice.

The Heartless that appeared before us was the form of a familiar old hag.

Will: Nerissa?!

Old Witch of Corruption: Our story still hasn't ended, Vandom!

Me: Nerissa. I thought we were rid of you for good.

Maxie: I see you all know her.

Me: Unfortunately yes. She was going to destroy the entire universe and we had to stop her and make her pay for her crimes. We clashed with a powerful Kamehameha Wave struggle with enough power to obliterate the entire Solar System 100 times and in the end, I killed her with that much power. It was one of the most memorable battles in my entire career. But it nearly ripped the whole planet apart.

Maxie: So I see.

Old Witch of Corruption: A shame that I'm not in my young form. But that will be easily fixed once I claim the Heart of Kandrakar for myself! (fires lightning blast at Will)

Nico jumped in front of the blast and deflected it back at her and it hit her.

Nico: I haven't had my shot at her yet.

Nico then flared up his Super Saiyan Aura and in a blinding flash of light he turned into a Super Saiyan 4.

Nico: I killed Phobos in this form and you won't win now.

Nico teleported and punched her in the face and kicked her in the stomach.

Nico: Nerissa, you have failed this entire universe!

Me: So has all of Team Magma. You guys face all of Team Magma. Maxie is mine.

The Bolton Siblings and the Orromov Sisters turned into their Gene Slammer forms.

Street Sharks: SHARK ATTACK!

We went at Team Magma and it was one helluva bloodbath.

Tabitha from Team Magma should be spared and sent to prison as well.

Tabitha (his Camerupt is using Lava Plume on Edzilla): Mess that brute up, Camerupt!

Edzilla (is unfazed by the Lava Plume): ED SMASH CAMEL! (hurls Camperupt at Tabitha, knocking them both out)

Old Witch of Corruption: (Spits out blood) You can never defeat me Nico.

Nico: You're just an arrogant old hag that should've stayed dead. DRAGON THUNDERCLAP!

The 5-Star Dragonball on his bracelet lit up and Nico fired a powerful blast of lightning from his finger and Will did the same and the blasts combined and they hit her and exploded. She was completely obliterated in an instant and her evil spirit was sucked into the river of fire.

Nico: Go back to Hell and stay there you motherfucking bitch!

Nerissa was gone again. This time for good.

Will: Thanks Nico.

Nico: Anytime Will.

Maxie was shaking in fear.

Nico: You're actually scared of us, aren't you, Maxie? Don't worry. You'd have to be crazy not to be scared.

He tried to run but I blocked the door he was trying to head to.

Me: Going somewhere?

Lincoln fired blasts of powerful lightning and electrocuted several members and they exploded into blood and guts.

Laney slashed apart the members and grunts with plants and they exploded all over the place into piles of chlorophyll slop.

William and the Redemption Squad came and they joined in the fray.

William: It's combo time!

Xerneas: Lets get these freaks Snarl.

G1 Snarl: Me, Snarl agree.

G1 Snarl turned into his Stegosaurus form and Xerneas had a bow ready with an energy arrow and Snarl rolled like a spiked boulder.

Xerneas: LIFEFORCE HAMMER EXPLOSION!

Xerneas fired her arrow and it hit Snarl and he turned into a powerful hammer that went at the grunts of Team Magma faster than a bullet fired from a gun and it slammed into them and splattered their blood and guts all over the place. Yveltal fired his Oblivion Wing and the red ray turned most of the members of Team Magma to stone.

Nico: Nice work bro.

Yveltal: Thanks bro.

William: Our combo is next.

Rampage (G1): You got it William.

William fired a powerful blast of Earth from his blaster and Rampage turned into his rhino form.

William and G1 Rampage: EARTHQUAKE RHINO RAM!

The earth covered Rampage and turned him into a Rhinoceros of pure rock and he slammed into the stone members and shattered them into a million pieces.

Bubble Man: Lets finish them with our final smashes.

Lance (Pokemon): Okay. I'll start. FURY OF THE ELITE FOUR!

Lance fired a red blast of energy and fire and it hit the members and they all exploded into dust and blood.

Bubble Man (Mega Man): My turn! BUBBLEBURST EXPLOSION!

Bubble Man fired a powerful blast of soap and bubbles and they hit more members and they exploded all over the place. Now it was just me and Maxie.

Now it was just me and Maxie.

Me: Now you are next Maxie.

(Mortal Kombat Theme Plays)

We stood ready and did Kung Fu poses and we began our fight. I blocked some of his moves and punched him in the face and kicked him in the stomach and punched him in the chest and crotch. He was knocked down and blood was dripping from his mouth.

Me: You can run but you can't hide from me Maxie. Even if you escape from me you would still have to atone for your deeds.

Maxie: I would?

Me: Yep. That's right. You have zero respect for the lives of others Maxie. And you have no intention of changing do you? You're just going to go on hurting people even if they are from Team Aqua.

Maxie: Not true! I'm a changed man I swear! I would never hurt a person.

He kicked at me and I blocked it.

Me: Nice try but that will be your last bluff.

Then I punched him in the stomach with devastating force and he belched up a huge amount of blood!

Me: YOU'RE FINISHED! IT'S OVER! NO MORE KILLING!

Maxie was in excruciating pain from the punch.

Me: How does it feel? Now you know how your victims felt when you ended THEIR lives!

I punched him in the face and unleash a flurry of ferocious fisticuffs on his face and dealt him a powerful uppercut that sent him flying into the air.

Me: (Cups hands to the side) The time has come for atonement Maxie! KAAAAA! MEEEEE! HAAAAA! MEEEEE!

Maxie knew that his life was done and that his death was upon him.

Me: HAAAAAAAAAAAAAAAAAAAAAAAAA!

I fired a powerful Kamehameha Wave right at him and it engulfed him and completely obliterated him in an instant. Nothing of him was left. When the smoke cleared, Maxie was dead.

Me: Flawless victory.

Nico: Teams Aqua and Magma, you both have failed this entire planet.

We cheered wildly at Team Aqua and Magma's defeat. Team

Magma was now sealed into the Book of Vile Darkness

Lance: (To the Viewers) Never mess with Team Loud Phoenix Storm or there will be Hell to pay.

Tabitha and Shelly and the remaining surviving members of Teams Aqua and Magma were thrown into our prisons where they will stay for all eternity. Nico caught a Porygon 2 and a Stantler during the battle. Trudy was now a member of the Bolton Family. She was adopted and it was a great day for her. The next target is going to be Team Plasma. The Alpha Ocean swept away Team Aqua with the Tide and The Omega Volcano blew Team Magma away. Soon the Delta Sky will Electrocute Team Plasma.

THE END

---

Another Fanfiction Complete

Team Magma and Team Aqua were the most strangest Teams of Pokemon. I can't believe that they were going to destroy each other to see who shall reign supreme. I was originally going to do Team Aqua but it was changed to a double-whammy and have both teams destroyed forever. NicoChan11 gave me the ideas for this one. Thanks man as usual. Let me know what you all think.

See you all next time

# Estate Invasion

It was a magnificent morning and Maria was just waking up.

Maria: (Yawns) Good morning, Horsea.

Horsea: Good morning Maria.

Maria: Lets go down to the kitchen and get you something to eat.

Maria picked up Horsea and they went down to the kitchen.

Lily: (Offscreen) I can't believe that Krabs did this to me!

Maria: Uh oh.

Me: (Offscreen) I just can't believe he almost pulled it off.

Maria opened the backyard door and she and Horsea found me and Lana scrubbing Lily in a washtub full of tomato juice.

Me: But the real question is how did he get a skunk down to the bottom of the sea in an attempt to get the Krabby Patty Secret Formula?

Lily: That's what really has me stumped. Krabs is now as smart as Plankton but twice as dumb.

Lana: That nudist Krabs is a clever freak.

Maria came over.

Maria: What happened to you Lily?

Lily: I got sprayed by a skunk Krabs brought in while defending the Krabby Patty Secret Formula. Now I know how Leni felt.

Maria: How can Krabs get a skunk down to the sea?

Lily: That's what really stupefies me.

Maria: What happened?

Lily: It all started yesterday.

---

The Flashback opens with the fist falling off the roof of a restaurant called the Crusty Crabnet. The Crusty Crabnet was the worst restaurant in Bikini Bottom and it serves the most disgusting food in all of the 7 seas. It took the place of the Chum Bucket. Krabs walks out on the roof and appears to be covering something in his wagon with an old rag.

Krabs: I'm ready, I'm ready! Ready to steal the Krabby Patty secret formula! Prepare to initiate plan number… hmmm… number. What's the number? Oh well. Who cares?

Krabs pushed the wagon and went down the ramp and went to the Krusty Krab.

Krabs: That formula will be mine!

[Krabs pushes the wagon across the street and into front doors of the Krusty Krab.]

Krabs: [driving through the customers] Out of my way, meatheads! Move it, move it, move it! [rings the bell at Karen's cash register] Hey there, snazola! I have a present for you all. Say hello to… Mr. Stinky!

[Krabs takes of the rag and reveals a skunk named Mr. Stinky. The customers think Mr. Stinky is a cat and look at it in awe.]

Krabs was waiting outside.

Krabs: That's right, everyone. Gather in real close. [pulls out remote] Time to trigger the stench! [pushes button] Yoink!

Lily: What's everyone looking at?

Pearl: That cute kitty that Krabs brought in.

Lily saw the skunk and gasped in sheer horror.

Lily: That's not a cat! THAT'S A SKUNK!

Pearl: What's a Skunk?

Lily: The stinkiest animal in the world! They smell so horrible that it'll make your stomach turn inside out!

[The siren on Mr. Stinky's helmet lights up and the helmet lets in a bumble bee. Mr. Stinky gets really scared and then Lily jumped in front of Mr. Stinky's behind as he sprays fumes of his horrible smell all over Lily and the Krusty Krab. The customers including Squidward and Pearl couldn't take the smell and ran out of the restaurant. The fumes went into the kitchen where Lily's Shadow Clone was flipping Krabby Patties.]

Lily: Huh? [tries to wave away the fumes with her spatula] No, no, no, no, no, no!

[The Krabby Patties get engulfed with the fumes.]

Lily: Not the patties! I'll save you!

[Lily's clone inhales the fumes with her nose. But because the stench smelled so terrible, it teared up and vanished in a puff of smoke. SpongeBob, disturbed by the noise, comes out of his office.]

SpongeBob: What's all the racket out here?

[SpongeBob sniffs the air. But when he smelled the skunk fumes, his eyes turned green and popped like balloons. The customers continue to panic outside as the HAZMAT Unit condemns the restaurant so they can rid the horrible smell. SpongeBob and Lily run out with fumes all over them. A firefighter sprays the fumes off of them with a hose. But Lily still smells horrible.]

Lily: Mr. SquarePants, are you alright? What happened?

SpongeBob: I don't know. My eyes were burning! All I saw was a red body and a pair of pinchers… [pauses] Krabs! [Lily gasps] He's still in there! Alone! With the secret formula! He could be doing anything with it! [grabs Lily] He could be reading it!

Lily: Not if I have anything to say about it Mr. SquarePants!

Lily pulled out a noseplug and put it on her nose.

Lily: (Nasally) Ok, I'm going in!

SpongeBob: Good luck, Lily!

[Lily walks back into the restaurant and, using her hand, waves some of the fumes away for her to see where she's going. Mr. Stinky eats the bumble bee and didn't notice Lily sneaking past him. Lily makes it to SpongeBob's office and sees Krabs planting dynamite sticks around the safe.]

Lily: You overgrown sack of meat!

Krabs: I hope you like percussion, Lily. Because these drumsticks really go bongo you stupid girl! [laughs]

[Krabs went away from the safe and ignites the dynamite sticks with a battery on SpongeBob's desk, creating a loud explosion. Lily shields herself. As the smoke clears, the safe opens. But much to Krabs' chargin, there is another safe inside.]

Krabs: What? The old safe in the safe routine?

[Lily grabs Krabs and pins him to the wall.]

Lily: Here's another routine! You're the meat in my knuckle sandwich!

Krabs: I'm not hungry!

[Lily pulverizes Krabs all over the place with a ferocious flurry of fisticuffs until he was a splattered mess all over the wall.]

Lily: Eww. [Throws away claw] Mr. SquarePants!

[SpongeBob comes in with his right arm on the spot where his nose is.]

SpongeBob: Great job Lily. I see the problem.

[SpongeBob regrows his right arm. He and Lily use a pizza spatula to scoop Krabs off of the wall. SpongeBob opens the window and he and Lily fling Krabs out with their spatulas. Meanwhile, the HAZMAT Unit takes Mr. Stinky out of the restaurant, puts him in a basket tied with balloons, and lets him float back up to the surface. However, the wind blows the balloons and makes the basket go the other direction. The basket floats into Bikini Bottom where Mr. Stinky sprays his fumes once more. The Bikini Bottomites frantically scream and run around as the horrible smell drives them crazy. Back in the restaurant, Lily blows the fumes out with a fan.]

Lily: Whew! That was close.

SpongeBob: Whew! That was too close Lily. Great job. Three more safes and he would've had the secret formula.

[SpongeBob unlocks the second safe.]

SpongeBob: Looks like I'm gonna have to beef up security around here.

Lily: How are you gonna do that Mr. SquarePants?

[SpongeBob pushes the buttons on the third safe and opens up, revealing a steel container inside. SpongeBob takes it out and puts it on his desk.]

SpongeBob: I'm gonna need you to do me a big favor Lily.

Lily: What is it sir?

[SpongeBob pushes the buttons on the container and it opens up, revealing the bottle with the secret formula inside.]

SpongeBob: [gives Lily the bottle] Take this home with ya and hide it while I reevaluate my security situation. I'm actually gonna have Krabs think it's at my house.

Lily takes the bottle and winks at SpongeBob.

Lily: Yes sir Mr. SquarePants. But how do you know it will be safe from Krabs at your house?

SpongeBob: Oh I know Krabs is as stupid as Plankton is. He'll think it's still here! His tiny brain is incapable of the kind of abstract thinking that is required for reflection. Or thoughtful reasoning and deduction. He cannot ruminate.

[As SpongeBob talks to Lily, the claw Krabs lost was recording everything and Krabs was listening from outside.]

SpongeBob: [voiceover] He cannot define the hypothesis. He's a tired clown. He'll never know it's in my house!

Krabs: [gets an idea] Oh, you're right, Professor Sponge Cake! I'm much too simple-minded to look there! [laughs]

FLASHBACK ENDS

Lily: I put the Krabby Patty Formula Bottle in the safe after I got home. Now here I am in a washtub full of tomato juice.

Me: That's really clever. He'll be sent on a wild goose chase.

Lana: That is very clever sis.

Maria: It sure is. But I think we need to defend the Krabby Patty Formula as well.

Me: That's a good idea. You better head down to SpongeBob's house and get to helping him.

Maria: Good idea. Horsea, do you want to come with me to visit SpongeBob?

Horsea: Sure.

Maria and Horsea ate breakfast and they headed down to Bikini Bottom.

---

French Narrator: (French Accent) In the bottom of the sea.

---

SpongeBob was having breakfast and his doorbell rang. He went to the door and answered it.

SpongeBob: Oh hey Maria.

Maria: Hey, Spongebob. I hope you don't mind me and Horsea being here to defend the formula?

Maria winked at SpongeBob because Lily told her.

SpongeBob: Sure Maria.

Maria: Thanks.

SpongeBob: Now remember, Gary. I'm entrusting you and Maria with the secret formula.

Gary: Meow.

Maria: You got it SpongeBob! (Salutes)

Horsea: You can count on us sir.

Spongebob: Gary, you be good to Maria and Horsea while I'm gone.

Gary: Meow.

SpongeBob: Stay sharp, Gary. Don't let anyone inside.

Gary: Meow.

Maria: Yes sir!

SpongeBob: Bye, Gary! Bye Maria! Bye Horsea.

[Krabs is behind a rock, watching SpongeBob, Maria, Horsea and Gary.

Krabs: Oh man. I didn't expect Maria and Horsea to be with

SpongeBob. Oh well. I'll stick with my original plan.

[He sees SpongeBob leave his home to work at the Krusty Krab. Krabs laughs and comes up with a plan. Inside SpongeBob's house, Gary, Maria and Horsea guards the door until they hears a knock.]

Gary: Meow.

Maria: I have a feeling I know who that is.

[Gary answers the door and they sees Krabs in the disguise as a salesman. Krabs gently pets Gary, but Gary growls angrily at him.]

Krabs: Why, hey there, little fella! Is SpongeBob.. [clears throat] I mean your master at home? Eh, perhaps I could just come inside for a minute and demonstrate our fine snail products.

[Krabs opens his case and shows snail care products.]

Krabs: Shell polish, slime deodorant, chew toys…

Gary: Meow!

Maria: Hi-YAH! [Maria kicks Krabs in the stomach and sends him flying and she slams the door.] Nice try Krab-cakes.

Gary meow laughs.

French Narrator: Moments later…

[Maria, Horsea and Gary are seen reading the paper on SpongeBob's couch, until they hears the doorbell ringing.]

Gary: Meow?

Horsea: That's probably Krabs again.

[Gary answers the door and they see Krabs disguise as a girl scout selling cookies.]

Krabs: Hello, good people! I'm selling Sweetie Patrol cookies! We have a lovely assortment of fungi and algae flavors. [holds out a list.] How many delicious boxes can I put you down for? If you order ten boxes, I'll qualify for my bottom-dweller badge. If you order a hundred boxes, I'll get my bling-bling badge. You know, you should hide these from your roommate. She'll eat all of them. [regular voice] If you show me your best hiding place, I'd be happy to help.

[It's soon shown that the sofa was pushed outside of the house with Krabs on it.]

Maria: Seriously? I used to be Meta Human criminal. How stupid do you think I am?

[Gary slams the door. Krabs got so mad, he threw the cookie box on the ground and the box exploded.]

KRABOOOM!

They heard the explosion inside the house.

Maria: He must've put nitroglycerin in those cookies.

Horsea: Sounds like it.

Krabs: [dazed] Note to self: Nitroglycerin is not a substitute for vanilla extract. [his claws are blown to dust and he faints]

French Narrator: More moments later…

[Gary is seen growling at the window where he spots Krabs making faces at him. Gary comes out of the house.]

Gary: Meow?

Maria: Gary, no! It's a trap!

In Spongebob's house, Maria took off her outer clothes and was in her aqua blue one piece swimsuit.

Maria (to Gary and Horsea): You two are wondering why I'm in my swimsuit right now. Well, I'm about to do some gymnastics and my swimsuit is close to a leotard.

Horsea: Okay.

Outside, Maria did some awesome acrobatic and gymnastic moves. She did all kinds of cartwheels, jumping jacks, vault jumps and even handstands.

Horsea: Nice gymnastic moves, Maria!

Maria: Thanks Horsea.

Then they heard a crash.

Maria: What was that?

Horsea: Krabs must've gotten inside.

Gary: Meow!

[As Gary slithered by his litter box, Krabs was hiding in the ceiling. Gary looked suspiciously at his litter box, but continues looking for Krabs.]

Krabs: [Jumps down from the ceiling] Now, where is that secret formula?

[Krabs runs into the living room]

Krabs: Where is it? Where is it? Gotta be here somewhere.

[Krabs knocks down a table with a plant.]

Krabs: Nothin' in there. [sees one of the hooks on SpongeBob's decoration] Ooh, look at that.

[Krabs grabs the hook and pops SpongeBob's chair. He knocks over the table and looks in the shellphone.]

Krabs: Hello!

[His voice echoes. Krabs jumps on the wall and rips the wallpaper off.]

Krabs: Where the barnacles is it?

[Krabs rips the floor and sees nothing underneath.]

Krabs: Where is it? Where is it? I know you're in here! You're not foolin' anybody! I went to college!

[Krabs runs into the kitchen, opens the fridge, and jumps up and down to find the formula. He climbs on the stove and knocks over the fridge. Then he knocks over the stove, walks through the pipe and went into the cupboards.]

Krabs: Nope, nope, nope.

[As he is searching, he throws some dishes, kitchen appliances, and a huge trash can. He comes out with a turkey baster. Krabs thought that the baster could come in handy and puts it in his pocket. Gary is napping in SpongeBob's room until he hears the commotion from downstairs.]

[He goes to see what's making the noise. Krabs manages to hide himself from Gary. Once the coast is clear, he runs upstairs to SpongeBob's room. Maria, Horsea and Gary spot Krabs going upstairs and shutting the door. Krabs searches through SpongeBob's room to find the formula.]

Maria: He's inside and is in SpongeBob's room.

[A light bulb pops out from Gary's eye and lights up, giving Gary an idea on how to catch Krabs.]

Horsea knew Gary had an idea.

[Krabs comes out of SpongeBob's room and heads downstairs. On his way down, he slips on Gary's slime, lands and bounces off a mattress and gets flown into the ceiling fan. The fan spins him around and throws him through the basketball net. Krabs falls through the pipe and lands on a record player. Maria, Horsea and Gary snicker as they caught Krabs into their trap. The player spins Krabs around until he gets extremely dizzy. The player flies Krabs onto a board and he lands on a puddle of glue where he gets stuck. The bowling ball on the stool rolls down and board, lands on Krabs head and he shatters into a thousand pieces, which rolls across the floor, and hits ten flower pots like knocking down bowling pins. Then a small vacuum cleaner comes out, sucks up the dirt and broken pottery, and traps crabs inside. Krabs pops out of the vacuum gasping for air.]

Krabs: Alright, Snail! Let's go! Just you and me!

Gary: Meow!

Krabs: Put 'em up! Put 'em up!

[Gary fights Krabs with his eye stalks. During the fight, Krabs notices an opening in Gary's shell.]

Krabs: Of course! What a fool I've been!

Maria: (sees Krabs reaching into Gary's shell) What the hell do you think you're doing? Are you trying to molest Gary?!

Maria punches Krabs in the face and kicks him in the crotch and then she and Horsea and Gary pulverized Mr. Krabs all over the place with ferocious fury.

[It wasn't long until SpongeBob returned home from work.]

SpongeBob: Gary, I'm home!

[SpongeBob gasps in shock to see that his house is completely demolished.]

SpongeBob: What happened here? [gasps] My first Krabby Patty! I had it bronzed! Oh, and I was gonna give that to my grandchildren! [gasps] My Mermaid Man collectible underpants! Oh, I could've worn them a thousand more times! [gasps] My glass of water! [teary] I was gonna drink that!

Maria: Hey SpongeBob. Krabs here got inside and he fell for our trap.

SpongeBob: Good work Maria. You, Horsea and Maria did a great job.

Maria: This is probably the first time that I've defeated a bad guy by myself.

SpongeBob: It sure is.

Gary: Meow.

Horsea: You were awesome Maria.

Krabs was a broken, battered and completely mangled up mess.

Maria: To quote a friend of mine, Krabs, you have failed this city!

They laughed.

Patrick came in.

Patrick: Hey SpongeBob what's with all the ruckus?

SpongeBob: Krabs here broke in.

Patrick: That sweaty former boss of yours!?

Maria: No this is a different version of Krabs.

Maria picked him up and threw him right back towards the Crusty Crabnet.

Maria: Our wild goose chase worked SpongeBob.

SpongeBob: It sure did. You all did a great job.

Maria: Thanks SpongeBob.

Horsea: This was so awesome.

Patrick: (To the Viewers) Uhh. I got nothing.

* * *

Back home, Maria and Horsea told us what went down.

Lily: Our little wild goose chase paid off.

Maria: It sure did and Krabs never suspected a thing.

Horsea: He fell for it every step of the way.

Maria: He sure did.

William: Had a good time at Spongebob's, Maria?

Maria: I sure did. Krabs should learn that he can't fool a former villain. Especially one that was a Metahuman.

William: True. So, what Shen Gong Wu do you think we'll find next?

Maria: We'll have to wait and see. And something tells me that there are some people searching for the Wu as well.

We then see in the sky a large dragon flying through the clouds with 4 people riding on it.

THE END

---

Another Fanfiction Complete

Pineapple Invasion is one of my favorite episodes of SpongeBob SquarePants of Season 9 and it was funny! It aired on July 14th, 2016 and it was really funny! NicoChan11 gave me the ideas for this one. Thanks man as usual. Let me know what you all think

See you all next time.

# The Freak Named Gill Moss

It starts at the estate. There was an explosion and it showed that me, Courtney and Nico were practicing in the training yard. I fired a massive blast of fire at a training statue that looked like Frieza. It hit it and exploded with incredible power.

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMMM!

When the smoke cleared, The statue was completely incinerated.

Nico fired a powerful blast of fire at a statue that looked like Phobos and Nerissa and they hit them and exploded.

KRABBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMM!

The statues were incinerated. Courtney fired powerful blasts of fire from her hands and they hit statues that looked like all the losers of Total Drama and incinerated them in powerful explosions.

Courtney: That was so awesome!

Me: It sure was.

Courtney: Let me see if I can do this move.

I made a statue of Scott and Courtney clapped her hands and a thunderous blast of fire exploded towards the statue in a powerful blade of fire and it hit the statue and exploded.

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

When the smoke cleared, the entire statue was completely incinerated into ash.

Me: That was awesome Courtney!

Courtney: It sure was.

Me: Lets take a rest.

We did so.

Nico: Hey J.D. One thing still puzzles me.

Me: What's that Nico?

Nico: Why would Zira have such an incredible hatred towards Simba and all of the Pridelands?

Me: (Sigh) Because Simba banished Zira and her family from the Pridelands for their loyalty to Scar.

Nico: Why?

Me: After Scar was defeated and deposed, Simba became the true king of the Pridelands. But Zira told Simba he could not rule the Pridelands because Scar chose her son Kovu to be his successor.

Courtney: But Scar was never the real king.

Me: That's exactly right and that's the same thing Simba told Zira. But Zira would not listen to reason. Instead she attacked Simba. But Simba won that fight very quickly. But after that he had no choice. He had to banish Zira and her family from the Pridelands. Forever.

Nico: That is awful.

Me: Yeah. But Zira swore revenge. She vowed to overthrow Simba and reclaim the Pridelands in the name of Scar.

Nico: That is a nightmare! I can't believe her heart was filled with that much hatred and evil.

Courtney: It disgusts me.

Me: Me too Courtney.

Lynn then came out.

Lynn: Guys we got trouble.

Me: Lets go.

We went into the estate.

---

Inside the Estate we went to the computer. We saw a massive spike in radiation at a camp in the middle of southern Iowa.

Me: This isn't good. The satellites are showing a concentrated spike of radiation in southern Iowa.

Vince looked at the location and he saw that it was in a camp that was all too familiar to him.

Vince: I know that camp. That's a camp that was shut down 10 years ago due to an illegal radioactive waste dumping operation. That's Camp Wannaweep.

But when Ron Stoppable heard that name, he had a panic attack.

Kim: Guys. Ron has a majorly bad history with that camp. He once went to that camp.

Ron: I have an old enemy that went there.

---

Ron: (Narrating) **His name was Gil Moss and he was the worst ever bully to me and all of the camp. He was swimming in the lake and it smelled really funny and looked weird. I traded for my spot in swimming for his spot in arts and crafts. We never saw him again until 2 years ago. He was now a swamp monster mutant gillman called Gill Moss. He added another L to his name. He swore to get revenge and swore to stop at nothing to kill me.**

FLASHBACK ENDS.

Me: Boy this guy must be a freak.

Lincoln: No kidding.

Me: It shows that there's a Dark Orb there.

J.D. 2: And there's a Shen Gong Wu as well.

Me: Really? Which one?

J.D. 2: The Orb of Tornami. It's a blue ball that fires a massive stream of water at the target.

Me: Cool! Well we're not gonna get the job done just by sitting here. Team Loud Phoenix Storm, lets fly!

We set out for Camp Wannaweep.

---

We arrived at Camp Wannaweep and it was a total cesspool. The cabins were all covered in moss and disgusting plants and all kinds of rotten features. There was a lot of Radiation in the area. My Geiger Counter was clicking like crazy.

Me: Whoa. This place is a dump.

Vince: It sure is.

Me: First lets find the Orb of Tornami.

J.D. 2: I can lead the way.

Me: How do you plan to do that?

Then a red laser beam fired out of my E crest in the middle of my forehead and it was leading the way to the Orb of Tornami.

Me: That is cool! It's like Ren's compass on the planet Mer.

We followed the laser and it lead to a tree by the lake.

Me: The laser is pointing to this tree.

I went to the tree and in a hole in the tree there was a nest with eggs and it also had the Orb of Tornami.

Me: There it is.

I grabbed the orb and jumped down.

Me: Here it is guys. The Orb of Tornami.

Lola: That's it? It looks more like a blue ball.

Laney: Lola, Looks can be deceiving.

Lola: Oh.

Then we heard some geese flying above the lake. Then suddenly we saw an unexpected surprise when we saw a massive shark jump out of the water and try to grab the geese! The geese flew away!

Me: WHOA! DID YOU ALL SEE THE SIZE OF THAT SHARK!?

Vince: That had to be the biggest shark ever!

Lisa: That's because that particular kind of shark was a prehistoric shark called *Charcarodon Megalodon.*

We gasped when we heard that name.

Me: The Megalodon!? But that's impossible!

Nicole: Those sharks died out 2.6 million years ago. They lived 35 million years ago!

Nico: How can a giant prehistoric shark like that survive after being dead for 2.6 million years?

Then we heard an all too familiar voice

?: That's because it's one of my creations.

Me: I know that voice!

The Heartless that came out of the shadows looked like a humanoid piranha with an aura of dark fire.

John: Paradigm!

Terroristic DNA Piranha: Did you miss me, Street Sharks?!

Me: So you are the one that created this giant Megalodon!

Terroristic DNA Piranha: Yes. Meet Big Toothess. My largest creation ever!

Me: You make me sick Paradigm!

Stacy: You also are the one that ruined my little sisters life!

Olga: And our lives as well!

Trudy saw the shark and then she somehow got a psychic and aura feeling and she knew who's it was.

Trudy: Valerie, is that you?!

Edzilla: ED SMASH SHARK! (punches Big Toothess)

Me: Trudy do you know who that shark is?

Trudy: I do. She's my big sister Valerie.

Stacy: I remember you told me all about Valerie. She disappeared after your biological parents were killed.

?: I see you all like my friend.

We then saw a freak of nature come out and it was a scaly gill man with red eyes.

Ron: Gill Moss!

Gill Moss: Ron Stoppable. Long time no see!

Ron: Way too long. I mean, you and I have only fought each other at last only two times.

Gill Moss: That's because it took me so long to regain my mutant form!

Me: Boy you are a Freak!

Bonecrusher (BW): This guy is ugly and a monster.

Gill Moss: You killed my father!

Me: Who is your father?

Gill Moss: Paradigm.

We were shocked.

Terroristic DNA Piranha: I just want to say that Gill is the son I always wanted.

Gill Moss: Thanks!

G1 Silverbolt: A Heartless for a father? I'm surprised there isn't a Heartless for Gill's mother as well.

Terroristic DNA Piranha (sighs): I never was interested in getting married. I was too caught up in my work for that kind of thing.

Me: (Quietly to Nico) From all accounts you think he's gay?

Nico: (Quietly) No idea.

Lori: That is literally the most disgusting thing I've ever heard.

Me: Now it's time for us to get rid of you freaks for good.

Ron: K.P., there's only one way we can beat Gill.

Kim (eyes widens): Waiit. You don't mean…

Ron: Yeah! I have to get mutated into a beaver again.

Kim: Ron, we don't even know if the slime will turn you into that form again. It might turn you into something more savage!

Ron: We can worry about the consequences later! Now, let's get some mutagen on me!

Me: And I can give you the power to change at will Ron. Lets get them!

STREET SHARKS: SHARK ATTACK!

The Bolton Siblings and the Orromov Sisters transformed and we went at them. I punched the Terroristic DNA Piranha in the face and knocked him down.

Slammu: (Echoing) SEISMIC SLAM!

Slammu slammed the ground with a powerful punch and the ground shook violently and Gill Moss fell down. He fired a blast of mutagenic ooze and it hit Ron and turned him into a beaver. He was all fury and he had a beaver tail.

Ron: YEAH! Now we're talking.

Motormaster: That's a nice look on you, Ron.

Ron: Thanks Motormaster.

Then 4 figures and a dragon swooped in out of nowhere and they punched Gill Moss with a ferocious fury of fisticuffs. They revealed themselves and we saw a young Xiaolin Monk boy, a Mexican Boy, A Japanese girl with purple hair and blue eyes and a Texan boy and a Long Dragon.

Me: Wow! That was impressive.

Omi: (Tibetan Accent) It's a pleasure to meet you J.D. I am Omi, student of Master Fong and Xiaolin Warrior of Water.

Raimundo: I'm Raimundo Pedrosa, Xiaolin Warrior of Wind.

Kimiko: I'm Kimiko Tohomiko, Xiaolin Warrior of Fire.

Clay: (Southern Accent) And I'm Clay Bailey. Xiaolin Warrior of Earth.

Me: (Kung Fu Bow) It's an honor to meet you all.

Gill Moss: (sees the Xiaolin Warriors) Nice move bringing more of your friends, Stoppable.

Ron: I only met them just now.

Gill Moss: (sarcastically) Sure. Stay right there. I'll be right back after I deal with these 4!

I swooped in and kicked him in the face.

Me: You are not gonna get to them on my watch you freak!

Gill Moss: So you're looking for the Orb of Tornami, huh? Well, I just happen to have it in my possession.

Omi: Then please, give it to us!

Kimiko: Trust us. It's more safer in our hands.

Gill Moss: Sure. But only after you kill Stopabble and his friends.

Clay: Now, hold on there. You're asking us to kill fellow heroes.

Raimundo: Yeah! We're not that desperate for the Orb.

Dojo: In fact, now that I think about it, my Shen Gong Wu sense isn't directed towards you.

Me: That's because I have it.

I pulled out the Orb of Tornami.

Me: Omi, I know this is weird but we also have found some of the Shen Gong Wu.

Omi: You'll have to tell us about how you got them.

Me: I plan to Omi. But first we have a monster to kill and a mutated radioactive freak to throw in prison for all eternity.

Kimiko: Okay.

Gill threw fired another blast of ooze at Jab. But he was unaffected.

Jab: (laughs) Sorry. But I'm already a mutant right now!

I kicked Gill Moss in the face and knocked him out and we tied him to a metal pole.

Me: You stay here while we deal with your asshole pedophile of a father.

We went at the Terrorizing DNA Piranha and I punched him in the face.

Laney slashed him in the face with a plant sword laced with sulfuric acid and it poisoned him.

Jelzap fired a powerful blast of lightning at the Terrorizing DNA Piranha and electrocuted him with 500 billion volts of electricity. Lightwire fired a powerful rainbow light blast from her lure and it hit him and exploded.

KRABOOOM!

Cybershark jumped out of the water.

Cybershark: Cybershark MAXIMIZE!

Cybershark transformed and he fired Hammerhead Missiles at the Terrorizing DNA Piranha and they hit him and exploded.

KRABBOOOOOOOOOOOOMMM!

Transquito: Transquito TERRORIZE!

Transquito Transformed and fired a missile at him and it hit him and exploded.

KRABOOOOOOOOOOMMMM!

Cybershark: Lets try out our new upgrades.

Transquito: You got it.

Cybershark: CYBER KEY POWER!

The Animatron Cyber Planet Key went into Cybershark's back and out came 6 tentacles that had laser blasters on the ends.

Transquito: CYBER KEY POWER!

The Animatron Cyber Planet Key went into Transquito's back and his Mosquito Wings spread out and became powerful butterfly wings.

Cybershark: This is an amazing upgrade!

Transquito: It sure is. Lets see what they can do.

Cybershark fired powerful green lasers from the tentacles and they all hit the Terrorizing DNA Piranha and exploded with incredible power in a huge cloud of green smoke and fire.

KRABBOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMM!

Transquito: My turn!

Transquito's wings ignited with a massive amount of pure fire and he flew at the Terrorizing DNA Piranha with Mach 10 speed and he went so fast that he set the ground and the grass on fire and he flew past him with blazing speed and fire exploded all around him.

KRABOOOOOOOOOOOOOOOOOOOOOOOOMMM!

Me: Oh that is so cool!

Nico: Lisa and Nicole and all the Transformers did a great job.

Optimus Primal: They sure did. Time to help out too. Optimus Primal MAXIMIZE!

Optimus Primal transformed.

Me: Time for us to lend a hand too. GIGANTION CYBER KEY POWER!

The Gigantion Cyber Planet Key went into my device on my right arm and Quickmix's Cement Mixer Blaster formed and opened.

Me: Nice! It's Quickmix's Cement Chamber blaster!

Quickmix: (Irish Accent) That's right lad. Use it well.

Me: With pleasure.

I fired a powerful laser blast from it and it hit the Terrorizing DNA Piranha and exploded.

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMM

Lincoln: That was awesome!

Nico: Time for some extreme speed. DECEPTICON CYBER KEY POWER!

The Decepticon Cyber Planet Key went into Nico's Device and his ankles were now equipped with ultra powerful jet boosters.

Nico: Oh wow! It's Cybertron Megatron's Engine Boosters. Lets see what these can do.

Nico activated them and flew at Mach 20 speed and he slammed into the Terrorizing DNA Piranha with devastating force and a Mach 20 sonic boom slammed into him and exploded with unbelievable power.

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Lincoln: That was awesome!

Me: Wingsaber, Leobreaker, lets link up.

Wingsaber: You got it J.D.

Leobreaker: Lets do it.

Wingsaber transformed into an awesome flying jet backpack and he went onto me and Leobreaker went onto my right arm.

Me: J.D. KNUDSON, FLYING SONIC CLAW MODE!

Me: Oh this is so awesome!

Wingsaber: It sure is. Now lets do this.

Me: You got it. AUTOBOT CYBER KEY POWER!

The Autobot Cyber Planet Key went into Wingsaber and his jet nose became a powerful plasma cannon.

Me: ANIMATRON CYBER KEY POWER!

The Animatron Cyber Planet Key went into Leobreaker and his claws fliped forward.

Me: Lets go!

We flew at the Terrorizing DNA Piranha and he fired his DNA Helix Laser blaster at me and I fired the plasma cannon and the blasts collided and exploded.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMM!

Using the cover of the smoke from the explosion, I popped out of the smoke and slashed him and sent him skyward by kicking him into the air and fired another plasma blast and it hit him and exploded.

G1 Silverbolt: Time for some combos.

Sonic: You got it.

G1 Silverbolt turned into a concorde jet.

G1 Silverbolt: CYBER KEY POWER!

The Earth Cyber Planet Key went into his jet engines and missile launchers popped out.

Sonic: Time for some speed power. EARTH CYBER KEY POWER!

The Earth Cyber Planet Key went into his device and he got powerful jet boosts on his feet. G1 Silverbolt fired his missiles and Sonic ran at Hypersonic Speed.

G1 Silverbolt and Sonic the Hedgehog: HYPERSONIC MISSILE THRASH!

Sonic and the missiles went at hypersonic speed and they slammed into the Terrorizing DNA Piranha and exploded.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

G1 Silverbolt: Now that was awesome!

Sonic: Paradigm is a much bigger slow-mo than ever.

Motormaster: Time for our combo. CYBER KEY POWER!

Motormaster turned into a Semi-truck and trailer and the Earth Cyber Planet Key went into the trailer and out came airplane wings and engines.

Bowser Jr. went into his clown car.

Bowser Jr.: Lets make this fun. EARTH CYBER KEY POWER!

The Earth Cyber Planet Key went into the back of Bowser Jr.'s clown car and out came his boxing gloves. But they were bigger than before and they had spikes grow on them. Missile launchers also popped out of the car.

Bowser Jr.: This is awesome!

They flew at the Terrorizing DNA Piranha. Motormaster fired lasers and missiles and Bowser Jr. had his boxing gloves at rapid pace.

Motormaster and Bowser Jr.: MISSILE FISTICUFF ASSAULT!

The missiles hit the Terrorizing DNA Piranha and exploded and the boxing gloves from Bowser Jr.'s clown car punched him all over the place and pulverized him into dust.

Laney: Lets get him Mossman!

Mossman: You got it Laney.

Laney called forth Evil Seed's plant monsters and they screeched with powerful bloodlust and they went at the Terrorizing DNA Piranha and they bit him and threw him into the ground. Laney called forth some Plant Tyrannosaurus creatures and they fired deadly barbs at him.

Mossman fired a massive wave of green plants and flowers.

Laney and Mossman: THE SEEDS OF NATURES FURY!

The plants combined and slammed into the Terrorizing DNA Piranha and they hurt really bad.

Mossman: That was very clever using Evil Seed's powers Laney.

Laney: Thanks Mossman. I learn very fast.

Lana: Lets freeze and smack him Ron.

Ron: You got it Lana.

Lana fired a massive blast of ice lightning and it froze the Terrorizing DNA Piranha in a ball of pure of ice. Lana kicked the ball of ice to Ron.

Ron: SERVICE!

Ron smacked the ice ball up into the air.

Lana and Beaver Ron: ICY VOLLEYBALL SLAM!

Beaver Ron went up into the air and smacked the ice ball towards the ground and it shattered and the Terrorizing DNA Piranha.

Rattrap: Now it's our turn! Rattrap MAXIMIZE!

Rattrap transformed.

Rattrap: Time to test my new upgrades. CYBER KEY POWER!

The Animatron Cyber Planet Key went into his blaster and out came two more blasters.

Rattrap: Oh this is amazing!

Lisa: It's time to turn this DNA Mutant into Primodial Ooze.

Lisa made a powerful blaster that fires primodial slime and she and Rattrap fired their blasters.

Rattrap and Lisa: PRIMORDIAL BLASTSTORM ASSAULT!

The Blasts hit the Terrorizing DNA Piranha and destroyed his arms.

Lynn: Now it's our turn!

Teela: With pleasure Lynn.

Lynn formed a staff of pure molten magma and slammed it into the Terrorizing DNA Piranha with incredible force and burned him bad. Teela slashed him with her staff too.

Lynn and Teela: VOLCANIC STAFF STRIKE!

Lynn and Teela joined their staffs and struck the Terrorizing DNA Piranha with the pure ferocity of a volcano.

Me: Time to finish him off with a final smash!

Ron: You got it J.D. I'll start. BEAVERTAIL SMASH!

Ron grew his Beaver Tail to the size of a sofa and slammed it down on the Terrorizing DNA Piranha with devastating force.

Jab: This is for turning us into the Street Sharks! HAMMERHEAD CHOMP!

Jab bit the Terrorizing DNA Piranha with incredible force and bit off his legs.

Ripster: Lets finish this freak off with a grand finale final smash!

Shredgirl: Lets do it brothers and sisters!

Fast Flyfish: Yeah!

Ripster: POWER OF THE GREAT WHITE!

Jab: POWER OF THE HAMMERHEAD!

Streex: POWER OF THE TIGER SHARK!

Slammu: POWER OF THE WHALE SHARK!

Shredgirl: POWER OF THE SAWSHARK!

Mantaman: POWER OF THE MANTA RAY!

Shredimari: POWER OF THE OCTOPUS!

Jelzap: POWER OF THE SEA WASP!

Lightwire: POWER OF THE VIPERFISH!

Fast Flyfish: POWER OF THE FLYING FISH!

Spirits of the animals they were gene slammed with appeared.

Ripster: IT'S TIME FOR YOUR GENE-SLAMMING WAYS TO END PARADIGM!

Gene-Slammers: WRATH OF THE OCEAN!

The Spirits of the Sea went at the Terrorizing DNA Piranha and they slammed into him and completely vaporized him.

Terrorizing DNA Piranha: DAMN YOU STREET SHARKS!

They reverted back after the fight and Dr. Paradigm was thrown into the river of fire for all eternity.

Nico: And He Shall Smite the Wicked and Plunge them into the Fiery Pit!

Me: That was awesome!

John: Thanks J.D. It was really cool doing a Grand Finale Final Smash.

Stacy: It sure was. You were awesome Trudy.

Trudy: Thanks big sis. Now we have to help Valerie.

Edzilla brought Big Toothess ashore and she was braced down. Trudy flew up to her with her flying fish wings spread. She was looking at Big Toothess in the eye and her face was reflected on it.

Trudy: Valerie it's me Trudy. Your little fish bug. Don't you recognize me?

Big Toothess then recognized Trudy all too well.

Trudy: J.D. you have to help her out.

Me: Okay. Here we go. Boys you may want to cover your eyes.

We did so after I snapped my fingers and Big Toothess was changing back to human. But when the transformation was done she was totally without clothes and she woke up. She had blonde hair and green eyes.

Valerie: What happened?

She saw us with our eyes covered and she saw that she was without clothes.

Valerie: (covers her naked body) CAN SOMEONE PLEASE GET ME SOME CLOTHES?!

Maria walked over.

Maria: I got you covered Valerie.

Maria put some clothes on for her. She gave her blue jeans, purple sandals, a purple summer shirt with shark teeth on it and a purple sleeveless trench coat. She also had a purple hair bow on.

Valerie: That's much better. I look awesome! Thanks Maria.

Maria: You're welcome Valerie.

Trudy: Valerie!

Trudy went over and hugged her sister.

Valerie: (Laughs) Trudy, my little fish bug! I missed you so much.

Trudy: I missed you so much sis.

Valerie: I missed you too.

Stacy: It's great to see you again Valerie.

Valerie: You too Stacy. I heard you disappeared a while back.

Stacy: Not just me Valerie. We have a lot to tell you.

We built a campfire and explained everything. Valerie was absolutely horrified.

Valerie: So I was turned into a thing called a Megalodon!?

Me: Yeah. It's an extinct prehistoric shark that lived 35 million years ago. Do you remember anything that happened before you turned into a Megalodon?

Valerie: The last thing I remember was walking along the beach.

---

Valerie: (Narrating) **I was walking along the beach of Fission City when I was suddenly hit by what looked like a tranquilizer dart. Right in my side. Then I was suddenly in excruciating pain. It was a pain unlike anything I've ever felt before.**

Valerie: (holds her stomach in pain) What's happening to me?! Why am I in so much pain?!

Valerie: **Next thing I did was I dove into the sea and everything blacked out. I had no idea what I was doing and I wasn't in control of myself.**

FLASHBACK ENDS

Valerie: And now here I am all better.

Stacy: That's awful what you went through. You aren't the only one Valerie. Me and my brothers were gene-slammed by Dr. Paradigm and his evil science.

Dayna: Yeah. Same with me and my sisters.

Yuna: It wasn't a pleasant experience.

Trudy: Yeah. It happened to me too.

Me: But we gave them the ability to transform at will.

Valerie: Is that happening to me as well?

Me: Yes. But your transformation has two stages. You can transform into half Megalodon or a full fledge Megalodon.

Valerie: That's awesome!

Trudy: I'm so happy to have my sister back.

Valerie: Me too.

Valerie was made a member of the Bolton Family. We went back to the estate and Lucy used Evil Lyn's staff and magic to strip Gil Moss of his mutant powers and we threw him into the Mariana Trench Prison for all eternity. His cellmate was Cain Marko A.K.A. Juggernaut.

Juggernaut: What are you in for?

Gil: Trying to kill Team Loud Phoenix Storm.

Me: And you are gonna stay here for all eternity.

Nico: You are a disgusting freak Gil. You don't care about anyone but yourself.

Me and Nico: (In Unison) Gill Moss, You have failed this city!

Me: Well said.

Nico: Thanks.

We left the prison and Gil swore to get terrible revenge when he gets out. He wouldn't stop ranting. But with pitch black darkness 36,000 feet down and 16,000 pounds of water pressure per square inch at every corner, he will never be getting out. He will die if he does. During the fight Nico caught a Smeargle and a Hitmontop.

We also gave Ron the ability to transform into his Beaver Ron form at will.

Me: You all did really well.

Lisa: Thank you 2nd Elder Brother. This was an amazing fight.

Me: Yep and we destroyed Dr. Paradigm completely.

Nico: I have an idea for how we can safely use the Shen Gong Wu without fear of them being stolen.

Omi: Explain it to us.

Nico: Well, we can have Stewie and Lisa connect the Wu to devices. Then, we can use said devices to summon Shen Gong Wu in our possession to us no matter where we are. That way, we won't have to keep going back to the vault every time. What do you guys think?

Omi: I think that is a most impressive idea!

Clay: I agree there.

Me: That's a brilliant idea Nico. And I heard that you guys are all having problems with an evil group called the Heylin.

Raimundo: Yeah. They are our sworn enemies.

Me: We'll have to know more about them before we decide to take a course of action.

Kimiko: My favorite adventure was when you guys killed Mother Gothel the first time.

Shocker: To be fair, I was the one who delivered the finishing blow to her.

Elyon: Nope. I was the one who aged her to death. She was dead before she hit the ground.

Me: I think you both really socked it to her. But it was actually Lola that killed her the first time. We killed her twice.

Lola: Oh yeah. That is true. And she was a burned husk.

Kimiko: But she deserved it regardless.

Laney: She sure did Kimiko.

Me: Yep.

Ron: (To the Viewers) You mess with the laws of mother nature and there will be horrible consequences.

Me: You got that right Ron.

Now we have the Xiaolin Warriors with us to help us on our adventures. Valerie and Trudy were reunited after being separated.

THE END

---

Another Fanfiction Complete

Gill Moss was the strangest villain in the Kim Possible series. He was also a true freak of nature. NicoChan11 gave me the ideas for this one. Thanks man as always. Let me know what you all think.

See you all next time.

# A Much More Evil Queen

It starts in my room. I was getting dressed in fighter warrior clothes. I was wearing clothes like Gohan's except they were covered in stars. (Think of how Gohan's clothes looked in the Cell Games Saga)

Me: Perfect! I'm all set.

I went to the living room and I was ready.

Me: Okay. Are you ready guys?

Lincoln: I'm always ready for anything J.D.

Me: Me too buddy. Lets head to Master Fung's temple.

We were off to China.

---

CHINA

---

We arrived at the Temple of Dashi. It was a magnificent Xiaolin Temple next to the Himalayan Mountains and we had to climb up a huge number of stairs to get to it.

Me: This is a lot of stairs. Lets get climbing.

We got to climbing and we climbed up a huge number of stairs and we were at a temple.

Me: Whew! What a climb.

Nico: Piece of cake.

Vince: That was a challenge.

Carol: I know.

Most of everyone was so tired that they were almost out of breath.

We went to the temple after a rest and we saw an incredible temple.

Me: Wow! This is an amazing temple.

Suddenly I heard someone fly through the air and I ducked and blocked a punch and a kick and I jumped and kicked him and he blocked me and uppercut me and I dodged and spun out of the way and got to the opposite side of him. I used an Ox Fist on him and he used a Tiger Claw and I used a Sun fist.

?: You used an Ox Fist and Sun Fist.

Me: And you used a Tiger Claw.

?: And I'll use others. Monkey Steals the Peach.

He went at me and knelt down and swiped at me with his hands and I jumped into the air.

Me: Countered by Dragon Sweeps His Tail!

I did a powerful leg sweep and it knocked him down and he flipped up and got back up.

Kimiko: (Offscreen) Master Fung wait!

The shadow lifted and it was Master Fung.

Me: Master Fung. (Kung Fu bow) It's an honor to meet you in person. I am J.D. Knudson, Leader of Team Loud Phoenix Storm.

Master Fung: You too J.D. I apologize for attacking you.

Me: All is forgiven Master Fung.

Master Fung: But how did you know all those techniques?

Me: I am Xiaolin like you. I was trained by the Xiaolin Master Sun Lin Xing of Tibet.

Master Fung: I see. You have come a long way J.D. How many years have you learned?

Me: This may be a shock to you all, but I was taught under an ancient technique that gave me 1,500 years worth of training done in just 3 days. It was no easy task but I triumphed.

Lincoln: Wow! J.D. that is so cool!

Laney: I didn't know you studied with the Xiaolin Monks.

Me: It took a great amount of patience and concentration. And I had to fight diligently.

Master Fung: I can tell.

Kimiko: J.D.

Me: Hey guys!

Clay: (Southern Accent) What brings y'all here?

Me: I decided to train in the art of the Xiaolin.

Master Fung: We are very gracious to have you have you here J.D.

Me: It's always an honor.

Master Fung: We are more than honored to give you a shot J.D. And to pass you must first get your first ever Shen Gong Wu.

Me: Actually about that sensei. I already found a bunch of Shen Gong Wu. We all did actually. I found the Thorn of Thunderbolt, The Kuzusu Atom, the Third-Arm Sash and the Orb of Tornami.

I showed them said Wu.

Lana: I found the Sword of The Storm.

Cleo: And I found the Wings of Tinabi.

Master Fung: So you did. Where did you find them?

Me: I found the Thorn of Thunderbolt in Rio De Janeiro, Brazil. The

Kuzusu Atom in Tanzania. The Third-Arm Sash in a fabric store in Gotham Royal York, and the Orb of Tornami in a tree near a polluted lake in Southern Iowa.

Cleo: I found the Wings of Tinabi in Australia.

Lana: And I found the Sword of The Storm during an Easter Egg hunt in Gotham Royal York Central Park.

Master Fung: I see. And who has been telling you about what the Shen Gong Wu can do?

Me: That is a very funny and complicated story.

I revealed what went down and how J.D. 2 knows everything and so much more.

Master Fung: I see. That is a most interesting story and adventure.

Me: It was.

Master Fung: Yes. And you have amazing experiences. Very well. I hereby name you J.D. Knudson, the Shoku Warrior of the Stars. And you are also the leader of Omi, Kimiko, Raimundo and Clay.

Me: I am honored sensei. I will not fail you. But I still have so much to learn now that I'm part of your temple.

Master Fung: That's quite all right. And here is your weapon Shen Gong Wu.

Master Fung went to a chest and he pulled out a special Shen Gong Wu wrapped in a cloth.

Master Fung: This is a very powerful Shen Gong Wu J.D. and it has the power to fire powerful blasts of solar plasma and they can obliterate anything. It's called…

Master Fung pulls off the cloth and it was a sword with a dark purple blade shaped like a scimitar's and it had the kanji for Star on the blade and a purple gem on the hilt and it was purple and gold with a dragon wrapped around it.

Master Fung: The Sword of the Hoshiryu.

Me: The Sword of The Star Dragon?

Master Fung: Yes. It's a very powerful Shen Gong Wu. And it's yours.

I picked it up and I could already feel its power.

Me: Thank you sensei.

I bowed in respect to him.

Me: Master Fung I have a question. Kimiko said something about a group of bad guys calling themselves the Heylin. What are they?

Master Fung: Ah yes. The Heylin are our most formidable adversaries and they want to destroy the entire universe.

Me: (Gasp) They pose that much of a threat!?

Master Fung: Indeed.

Me: Boy these guys sound like they are really bad news.

Lori: Literally no kidding.

Me: But we need to know more about them and kill them one at a time or if needed, throw them in prison forever.

Nico: I heard that Jack Spicer helped you guys several times in the past.

Omi: (Tibetan Accent) He sure did. He may be on the Heylin, but he has helped us a lot.

Me: So we'll have to spare him and decide his fate when we cross that bridge. At least he still has some honor. But we have to be prepared for the Heylin when they strike. Sensei I would like to train Omi, Kimiko, Raimundo and Clay in everything I know.

Master Fung: You have my permission to do so J.D.

Me: Thank you sensei.

I snapped my fingers and beamed the whole temple to the Estate grounds and we were back home.

Me: Okay lets get to work.

I trained Omi, Kimiko, Raimundo and Clay in everything I know and more. For 3 whole days we trained and it was a tough road. But we did it.

When we rested Raimundo came up to me.

Raimundo: J.D. how would you like to be in a Xiaolin Showdown?

Me: Sure Raimundo. I heard they were special contests. But I don't know how they work.

Omi went over the rules of it

To participate in the showdown, at least two warriors are needed, and they all must touch the item, person, or thing that they are fighting for at the same time. The warriors do not always have to touch the wanted item physically, as seen when Omi used his Shimo Staff to snag a sack of Shen Gong Wu in "The Return of Master Monk Guan". At least one Shen Gong Wu is often wagered for the Xiaolin Showdown, but this is not required, as seen in the showdown between Omi and Grand Master Dashi in "Days Past". Earlier in the series, the challenger decides what event is used to compete for the Shen Gong Wu, but now anyone can propose the challenge, even if they're a spectator.

The wagered Shen Gong Wu may be used in the Showdown, as well as any Shen Gong Wu that is not wagered but is conveniently on hand. The latter is considered cheating or at least morally questionable, but no rules exist that would disqualify someone who does this, since players such as the Sapphire Dragon or the Fearsome Four must be composed of Shen Gong Wu to exist. After the showdown, the winning warrior(s) then gets the contested item, person, or thing, as well as any other things that were wagered.

No rule prohibits modifications of Shen Gong Wu, forced use of it, unfairly manipulating the environment, spectator interference or attacking another player non-competitively. If the contest doesn't involve losing based on proximity to it, a player can leave the arena, either through flight or extradimensional travel. Fixed gambling plays are also not against the rules, and the "Xiaolin Showdown Dive" is written in the rules as a legitimate tactic.

It has never been shown what happens if a showdown challenge is denied, nor what happens if neither player accepts a proposed contest.

Me: Interesting. But this sounds like an awesome series of challenges. And I'm always up for a challenge.

Raimundo: Cool! Who can go first?

Eddy, Spiderman and William came in.

Eddy: We'll do it.

Spiderman: It sounds like a fun contest.

William: Lets do it.

Me: This is gonna be awesome! But there will be no wager as it's just a demonstration.

Raimundo: Right. Lets go! XIAOLIN SHOWDOWN!

In a bright flash of light, the area changed and it turned into the infinite vastness of the cosmos and Eddy, Spiderman and William were still the same and Raimundo was wearing different clothes.

Raimundo: GONG YI TAN PAI!

Eddy, Spiderman and William were fighting Raimundo and he was really putting up a tremendous effort.

Lensay: Go, Daddy, go!

Eddy fired a blast of light and Spiderman fired webbing and Raimundo dodged it.

William fired a powerful blast of fire from his blaster.

Raimundo (pants): You guys are good.

William: Thanks, Rai.

Eddy: You're not too bad yourself.

Spiderman: Well, I don't like to brag but I do have enhanced reflexes.

Eddy fired a powerful blast of light and it hit a planet and exploded and then the three of them landed a powerful combo punch to his face and the challenge was over.

Spiderman: Did all three of us just win?

Me: You sure did Peter. Well done! That was awesome!

Raimundo: That sure was. Great job!

Luan: Yeah great job Eddy.

Eddy: Thanks my Queen of Comedy.

Then the Crime Alarm went off!

Me: Uh oh.

We went to the computer and we found trouble on the planet Animatron.

Me: The jungle planet Animatron is in trouble. Lisa, deploy the U.S.S. Valor!

Lisa: Affirmative.

We were off to Animatron.

---

The U.S.S. Valor was flying through space.

Me: Captain's Log, Stardate 2618.3: The U.S.S. Valor is en route to the Jungle Planet Animatron after we picked up a distress signal coming from the planet. Our scans show that there is also a Dark Orb on the planet and we are heading there to save it and destroy the dark orb and whoever has it.

Lincoln: So who do you think has the dark orb J.D.?

Me: That's what we intend to find out Lincoln.

Kimiko: This is so awesome being on your starship J.D.

J.D.: I know. It's been our vessel for traveling across the galaxy.

Clay: This is an amazing ship though.

Dojo: It sure is and it makes space travel easier.

Me: Yep.

Kimiko: Manaphy, have you ever used May's cold gun before?

May: No it's too dangerous.

Laney: J.D. we have arrived at our destination.

Me: On screen.

We saw the planet Animatron dead ahead.

Me: There it is. It's just as beautiful as I remember seeing it.

Lori: It sure is.

Clay: Wow. So that there is Animatron?

Me: Yep. It's the Jungle Planet and home of the Beast Transformers.

We landed on the planet and we came out.

Lana: I'll never forget landing here the first time. It was beautiful.

Me: Yeah.

We saw an evil looking castle on a huge hill that wasn't there the first time we landed and it was overflowing with pure negative energy. Lola knew something about the castle. She got a closers look and she gasped.

Me: What's wrong Lola?

Lola: J.D. that castle is the home of the evil immortal tyrant Queen Ravenna.

We gasped when we heard that name.

Me: The evil Immortal Tyrantess queen from Snow White and The Huntsman?

Lola: That's here.

Me: Oh man. This is really bad guys. This is really, really, really bad. This woman is really bad news.

Nico: I know. I watched the movie Snow White and the Huntsman and she is beyond pure evil.

Me: Yeah.

Ravenna is the daughter of an unknown sorceress whose home village was ravaged by a peasant king and found her way to the dark side by using unholy magic that her mother also practiced. At a young age she was abducted by a vicious master and the only power she wielded was her incredible beauty. Her brother, Finn, was her only ally and she used her beauty to seize multiple kingdoms. Ravenna's mother had given her a special enchantment to protect her from time, however she is forced to devour the life-force of young maidens. To become truly immortal Ravenna must consume the heart of Snow White the moment she becomes fairest in the land.

Ravenna has said that she has "lived many lives", meaning she was much older than she looked by the time of Snow White and the Huntsman. It appears she extended this enchantment to her younger brother and sister. Before taking Tabor, Ravenna seduced another King with her beauty and took her place as his Queen. One evening, when they were playing chess, Ravenna murdered the King and took his Kingdom. At the time, at least her younger sister was living with her, and they both attended the King's funeral. At the funeral, Ravenna noticed Freya smiling at the Duke of Blackwood and realizes that they were lovers. Ravenna later tried to tell her sister to leave the Duke because he was already engaged to another, and that he would leave her but she also tells her that she was carrying a child. Freya left the room, telling Ravenna that she did not know all and that the Duke would not leave her.

Freya later gave birth to a baby girl, but one evening, Ravenna asked the Magic Mirror who was the fairest in all the land. The mirror told her that she was, but that her sister's daughter would one day be even more beautiful than she was. Ravenna then tricked her sister into leaving the castle and then cursed the Duke of Blackwood to kill the child. When Freya returned, she was so grief-stricken, and with the belief the man she loved did this, revealed her ice powers and killed the Duke before collapsing into Ravenna's arms. Freya later left the Kingdom.

After the death of Snow White's mother, Queen Eleanor, her father, the Queen's widowed husband. King Magnus, became inconsolable. Taking advantage of his grief, he fought into battle and defeated an invading Dark Army of glass soldiers, then rescues a woman held captive from the Dark Army, who reveals her name to be Ravenna. King Magnus becomes so enchanted with her beauty, that he forgotten his broken heart for the first time and marries her the next day.

Just before the couple could consummate their marriage, Ravenna, who is in fact a powerful sorceress and the Dark Army's master, kills Magnus on their wedding night and usurps control of the kingdom. Snow White's childhood friend William and his father Duke Hammond escape the castle but are unable to rescue her, and she is captured by Ravenna's brother Finn, and locked away in the north tower of the castle for many years.

Tabor is ruined under Ravenna's rule as she periodically drains the youth from the kingdom's young women in order to maintain a spell cast over her as a child by her mother which allows her to keep her youth and beauty. When Snow White comes of age, Ravenna learns from her Magic Mirror that Snow White is destined to destroy her unless Ravenna consumes the young girl's heart, which will make her immortal. Ravenna orders Finn to bring her Snow White, but she escapes into the Dark Forest, where Ravenna has no power. Ravenna makes a bargain with Eric the Huntsman, a widower and drunkard, to capture Snow White, promising to bring his wife back to life in exchange.

The Huntsman tracks down Snow White, but when Finn reveals that Ravenna does not actually have the power to do what she promised, the Huntsman fights him and his men while Snow White runs away. When the Huntsman catches up with her, she promises him gold if he will escort her to Duke Hammond's castle. Meanwhile, Finn gathers another band of men to find her, and Duke Hammond and his son William learn that she is alive. William leaves the castle on his own to find her, joining Finn's band as a bowman.

Halfway to Duke Hammond's castle after the recent demise of her brother Finn, Ravenna shape-shifts as William and tempts Snow White into eating a poisoned apple, but is forced to flee when the Huntsman and William discover her. William kisses Snow White, whom he believes to be dead. She is taken to Hammond's castle. As she lies in repose, the Huntsman professes his regret for not saving Snow White, who reminds him of his wife, and kisses her, breaking the spell. She awakens and walks into the courtyard, and rallies the Duke's army to mount a siege against Ravenna.

Me: We won't let Ravenna get away with her crimes. She will pay for everything she has done in blood. I have a special treat for her. Lets go!

We went at the castle and it looked like a fortress created by the devil himself.

Me: Just looking at this castle sends shivers of fear down my spine.

Omi: Me too.

Laney: I can't believe that this castle is here.

Lucy: We have to make sure that Ravenna never terrorizes this world again.

Me: Lets go.

We went into the castle.

Eddy: Sorry, Lumpy. We want to take Raveena by surprise. So you'll have to take the stairs.

And with that, the rest of us went on the main path, leaving Edzilla by himself.

Edzilla (grumbles as he starts to walk up the stairs): Take the stairs. Take the stairs. (sees how many stairs there are) SO MANY STAIRS!

We flew into over the castle.

In the castle Queen Ravenna was sitting on her throne planning her next attack. Then a massive fiery explosion followed by a phoenix cry blasted in through the room and we landed.

We were facing QUEEN RAVENNA HERSELF!

Me: Queen Ravenna. At last we meet.

Ravenna: (British Accent) So you've all come Team Loud Phoenix Storm. I take it you've come to bow before me?

Me: No. We've come to kill you.

?: (French Accent) You'll have to get past me as well.

Omi: I know that voice.

Out came a strange plant creature. It was the demon plant Gigi!

Me: And what are you supposed to be? The Ugly Weed Patch?

Gigi: I am Gigi and I am a plant demon.

Gigi was unleashed 5,000 years ago and destroyed everything in his path. He was then stopped in an unknown way and locked away for good. But when Jack Spicer retrieved the Heylin Seed, he unleashed Gigi, who served Jack for a short while. After stealing a few Shen Gong Wu from the Xiaolin, Gigi turned on Jack and turned him into a plant. A while afterwards Omi and Raimundo looked after Kimiko, Clay, Master Fung and Dojo, who had also been turned into plants. At the same time, the Moonstone Locust Shen Gong Wu revealed itself, which could be used to defeat Gigi. Gigi forced Jack to take him to the Shen Gong Wu's location via a swamp.

Raimundo and Omi arrived at the Wu's location, using the Crouching Cougar. Omi was soon turned into a plant, leaving Raimundo to get the Moonstone Locust. Gigi was then challenged to a Xiaoin Showdown, and Shen Yi Bu Dares Raimundo, wagering the Thorn of Thunderbolt and Reversing Mirror against the Falcon's Eye and Gills of Hamachi. Raimundo emerged victorious and used the Moonstone Locust to defeat Gigi, ending what could've happened 5,000 years ago.

Me: You are soon gonna be turned into mulch. Nico, you and the others will face Raveena. We'll take care of Gigi.

Ravenna: And he's not the only one.

A door opened and there was a shadowy figure.

The Heartless that appeared before us was a shadow of a familiar enemy.

Me: That voice.

Lori: Gisele Razor?!

Gisele's Heartless: Hello, Lori! Miss me?

Gisele's Heartless came out of the shadows and it was a creature that was half human and half scorpion. It was Gisele and she had her looked like how the Scorpion King did on the Mummy Returns.

Me: Wow! And I thought Dwayne Johnson looked good like that for a bad guy.

Lola: That is the ugliest heartless I've ever seen.

Raging NightmareScorp: You like it? I am more powerful than ever now.

Me: You always did love to hear yourself talk Gisele and the scorpion has always been a perfect creature for you.

Raging NightmareScorp (swings her tail at Lori): I don't know why you killed me in the first place. All I was doing was beating up another one of your enemies!

Lori (dodges tail): Ra's Al Ghul might still in prison but he's earned redemption for his mistakes! Plus, you beat him up all because he took the last tater tot!

Me: I've had it with you Gisele. It's time to rid the world of your evil ways once and for all.

I pulled out a gold scepter and it turned into a spear.

Me: The Spear of Osiris.

I went at the Raging NightmareScorp and stabbed her in her black heart.

Me: (In Arabic) العودة إلى الجحيم الكلبة. واتخاذ طرق سخيف معك!
(Translation: Go back to hell bitch. And take your Fucking ways with you!)

She exploded into black dust and went into the river of fire.

Me: That was awesome!

Ravenna: NO!

Me: Now you will pay for your crimes Ravenna.

Ravenna's soldiers appeared.

KRABOOM!

Edzilla (bursts out of the wall): ED HATE STAIRS!

Air Raid (sweatdrops): Sorry about that, buddy.

Edzilla: Never make Ed walk up stairs again!

Nico called out his Jynx and it used its Draining Kiss on them.

Gigi threw seeds at us and our powers burned them and incinerated them.

Gigi: What!?

Me: Nice try you plant freak!

Gigi: What?! But you are supposed to turn into a plant!

Kimiko: That's the beauty of being with Team Loud Phoenix Storm. Not only does negative emotions make us stronger. But all of us are now immune to any disease or ailments. And now that I'm immune to your plant transforming pollen, let me just say that it's smells nice!

Gigi: That's impossible!

Kimiko (to the Demon Seed): You know what? Spicer might not be perfect but he's twice the human being you'll ever hope to be!

Me: Lets dance!

I went at Gigi and pulled out the Sword of the Hoshiryu.

Me: SWORD OF THE HOSHIRYU!

I swung it and a massive and powerful blast of fiery solar plasma shot out of it and it blew the whole castle apart with a huge fiery explosion that carried the power of a nuclear blast!

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The castle was completely reduced to flaming rubble.

Me: Wow! What power!

Then Gigi regrew and revealed his true form: A gigantic Venus Fly Trap monster.

Elec Man: So that's the Demon Seed's true form?

Jynx (Pokemon): It looks scary!

Me: We're not through yet. Time for some heavy artillery. WE NEED THUNDER MEGAZORD POWER NOW!

The 5 Dinosaur Zords then arrived and lightning struck them and turned them into the Thunder Zords: A Red Dragon, A Black Lion, A Blue Unicorn, A Yellow Gryphon and a Pink Firebird.

The Red Dragon Transformed and the Lion, Unicorn, Gryphon and Firebird zords turned into armor and turned into the awesome Thunder Megazord! I was in the drivers seat of it.

Me: I've always wanted to try this.

Laney: Time for me to help out.

Laney held out three animal crystals. A white one with a wolf in it, a purple one with a hammerhead shark in it and a green one with an alligator in it. She put them in a flute.

Laney: WILD ZORDS DESCEND!

She blows the flute and plays a musical tune and out came the Wolf, Hammerhead and Alligator zords.

Laney: Lets do it. WILD ZORDS COMBINE!

The Alligator Zord turned into the body and the Wolf and Hammerhead Zord turned into the arms and the head of the zord formed and fire burned ferociously in the background. The Predazord was ready!

Me: Nice Laney!

Laney: Thanks. I've learned how to tap into the power of the Wild Force Megazords and I can call any Wild Zord.

Me: That is so cool Laney! You'll have to tell us later. Lets get this overgrown weed patch!

Laney: You got it.

Drag Strip: Need me and the rest of the guys to combine into Menasor, Laney?

Laney: We'll be fine. Just focus on Ravenna!

Drag Strip: Right!

Me: THUNDERSABER!

The Thunder Megazord unsheathed it's Thunder Saber.

Laney: You go first J.D.

Me: You got it Laney. Thunder Saber!

Lightning hit the sword and in a powerful slash he was wounded.

Laney: Now for the grand finale! PREDATOR WAVE FIRE!

A powerful blast of energy fired from the Alligators mouth and it hit Gigi and exploded with unbelievable power!

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

After 5,000 years, Gigi was dead. He was nothing more than a flaming pile of ash.

Me: It's over. His energy signal has completely disappeared.

Laney: Yep.

Me: But well done Laney.

Laney: Thanks.

Me: We still have one loose end to tie up.

The Zords vanished and we went down to help kill Ravenna. During the fight with Gigi Nico caught a Smoochum and an Elekid.

Me: You are next Ravenna.

Ben turned into Swampfire.

Ben: SWAMPFIRE!

Ravenna's soldiers came.

Swampfire (to Queen Ravenna and her soldiers): You better give up right now. Fighting outnumbered didn't work out well for anyone in the past and it won't work out for you now. And if you surrender, I promise we won't kill any of you. Instead, we'll throw you in our space prisons.

Ravenna: Are you even hearing yourselves?! You're all supposed to be heroes. Why are you all doing this?!

Agony: Ugh, not this again! Bro, can we please rip out her vocal cords. We promise to let you and the others kill the rest of her.

Me: Why are we doing this? Because this is justice of the highest degree.

Riley: Alright, Ravenna. Time for you to share Grimhilde's fate!

Jynx (Pokemon): It's combo time!

G1 Air Raid: You got it Jynx. CYBER KEY POWER!

The Earth Cyber Planet Key went into his back and a Compartment opened up and a gun popped out and he got it.

Jynx (Pokemon) EARTH CYBER KEY POWER!

The Earth Cyber Planet Key went into a device on its arm and out of Jynx's back came wings of pure ice and it got lightning powers.

Jynx (Pokemon) and G1 Air Raid: FURIOUS FLYING THUNDERSTRIKE!

They flew into the air and fired blasts of lightning and energy at the soldiers and destroyed them.

Drag Strip: It's our turn Elec Man!

Elec Man: You got it Drag Strip.

Drag Strip: CYBER KEY POWER!

The Velocitron Cyber Planet Key went into his plasma energy cannon and 30 more cannons popped out and enhanced them 100-fold.

Elec Man: EARTH CYBER KEY POWER!

The Earth Cyber Planet Key went into Elec Man's back and wings of pure lightning came out of him and enhanced his lightning.

Drag Strip and Elec Man: LIGHTNING PLASMA STORMCROW!

They fired powerful blasts of lightning and they combined and turned into a raven made of pure lightning and they hit the soldiers and destroyed them.

Nico: Now let me face her.

Nico unsheathed his sword and went Super Saiyan 3.

Nico: Ravenna you have failed this planet.

Me: More like she has failed the whole universe.

Nico punched Ravenna in the face and kicked her in the face and stomach punched her in the mouth and nose and slashed her across her face. He fired a blast of energy at her and it hit her and exploded.

KRABBOOOOOOOOOOOOOOOMMM!

Ravenna got out of the explosion and Nico punched her again. They backed away.

Ravenna: YOU CANNOT DEFEAT ME! I have lived too many lives, ravaged entire kingdoms. I have been given powers that you could not even fathom. I will never stop. NEVER! I will give this wretched world the queen it deserves!

Nico: You are one fucked up bitch!

Nico kicked her in the face and sent her crashing into the ground.

Ravenna got up.

Nico: All those hearts and you still don't have one of your own. I pity you sorceress. In fact I feel more than sorry for you.

Ravenna: I'm sure you do! Your kind will die today. Your war is over! And when I kill you, I will have killed the Last Saiyan!

Nico: Amazing. Every word of what you just said was wrong. This war is far from over. The battle has only begun and I am not the Last of the Saiyans.

Ravenna: I WILL KILL YOU IF IT'S THE LAST THING I EVER DO!

Nico: You've lived for far too long Ravenna. You caused so much pain and suffering. And now it will end with you.

Ravenna: I'll destroy you and all your friends and everything you know.

Nico: No. Strike me down in anger and I'll always be with you. Just like all the people you've senselessly butchered in your tyrannical oppression. It's over. Your reign of terror ends now.

Snow White then came. It was Snow White from 2012's Snow White and the Huntsman.

Snow White (SWH): Now you will pay for killing my father.

Me: It's final smash time guys!

Snow White (SWH): I'll start! CRYSTAL BLADE SLASH!

Snow White formed a sword of crystal and she slashed Ravenna and it dealt a tremendous amount of damage.

Riley: My turn! NATURES VENGEFUL PURITY!

Riley fired a power vortex of leaves and they hit Ravenna and slammed into her with tremendous force and knocked her down.

Me: I got a special treat for you Ravenna.

I take out a dagger and I slash my wrist and coat the dagger blade in my blood. The dagger blade turned red and my wound healed instantly.

I walked over to her and she got up.

Ravenna: Are you gonna bow to me?

Me: No. And you are no queen.

I stab her through her black heart with my blood-coated dagger and she instantaneously felt my blood destroying her.

Me: My blood is a powerful super poison that can kill any immortal being in seconds no matter how powerful they are. And it also destroys the soul completely. Erasing them forever and forever from existence and from ever being born. Go to Hell and stay there you fucking bitch!

Ravenna completely disintegrated into a pile of dust and there was nothing left of her but her clothes. The reign of terror of Ravenna the Terrible has been silenced for all time.

Snow White (SWH): (To the Viewers) That is some deadly blood.

After we rebuilt the castle, Snow White took her rightful place as queen and she removed all the laws of Ravenna and became a benevolent ruler. We were given medals for our heroism. But on Earth, Wuya sensed that Gigi was dead and she knew that we were behind it. Snow White 2012 was now the Queen of Animatron and she and Scourge of the Jungle Planet Transformers now have a powerful alliance.

We later returned home and it was a great battle and adventure.

THE END

Another Fanfiction Complete.

Queen Ravenna was the worst queen I've ever seen from 2012's Snow White and The Huntsman but Kristen Stewart from the Twilight Saga, Charlize Theron, Chris Hemsworth, Sam Claflin, Ian McShane, Bob Hoskins, Ray Winstone, Nick Frost and Toby Jones all did a great job in that movie. And Snow White and The Huntsman was the last movie Bob Hoskins starred before he died in 2014. This was an awesome movie and the special effects were awesome! Power Rangers have always been one of my favorite shows since I was a little kid and it is awesome! NicoChan11 gave me the ideas for this one. Thanks man as usual. Let me know what you all think.

See you all next time.

Snow White and the Huntsman is owned by Rupert Sanders and Universal Pictures. Power Rangers series belongs to Saban.

# A Shrink Ray Accident

It starts at the estate. We were watching TV and playing card games and reading books.

Nico came back.

Nico: Hey guys. I just caught two more Pokemon. A Magby and a Miltank.

Me: Nice catch man.

Eddy: Sorry we had to make you take the stairs when we were fight Ravenna, Lumpy.

Ed: Aw it's okay Eddy.

Dojo: So Manaphy, you got a love interest yet?

Manaphy: In all honesty I don't really know.

Lincoln: I can't wait to see what Total Drama Galaxy has in store for us in 2020.

Me: Me too buddy. But if we win we need to figure out what to do with the money. I would save it.

Varie: We all know that.

Beth: I know what I would do. I would start a family with my boyfriend Brady.

Little Beth: That is so awesome sis.

D.J.: I would use the money to make the greatest animal shelter ever.

Me: That's a great idea D.J.

Gwen: I would use the money to buy Camp Wawanakwa and turn it into a graveyard.

Little Gwen: I would do the exact same thing sis.

Me: You did say that on episode 24 of Season 1. That would be cool.

Geoff: I know what I would do guys. And I already am doing it. I am starting a surf school and spending an awesome life with Bridge.

Bridgette: Of Geoff that is so sweet.

Me: Well said dude.

Lindsay: I would open up a beauty and modeling studio with Tyler.

Me: Cool Lindsay.

Tyler: That is awesome babe.

Me: You said it.

Tyler: I would spend it on a gym.

Me: Good move man. I know what Heather would do. Sue the living crap out of Chris first and then become president and rub it in our faces to rule the world.

Everyone booed.

Me: My thoughts exactly guys. Spoiled snobby bitch.

Harold: I would use the money to start my own academy.

Me: Nice choice Harold.

Little Harold: I think that's awesome big bro.

Harold: You said it.

Duncan: I would use the money to start my own prison and use torturous methods on all the sore losers of the show.

Me: Ooh I like your style Duncan.

We fist bump.

Little Duncan: That is a great idea bro.

Duncan: Thanks bro.

Trent: I would spend the money on a music academy.

Me: Good choice Trent. I like it.

Bridgette: I would use the money to buy my own surf school and swimming academy.

Me: I had a feeling you would Bridgette. Good idea.

Little Bridgette: That is an awesome idea sis.

Bridgette: Thanks sis.

Noah: I would use the money to buy all the books in the world and a bookstore.

Me: You do like to read Noah. Good choice.

Little Noah: I agree bro.

Noah: Thanks bro.

Leshawna: I would use the money to take my sisters and family out to dinner and open a dance studio.

Me: Nice choices Leshawna and I saw you dance on Season 2 Episode 4 and you got some killer moves.

Leshawna: Thanks man.

Little Leshawna: That is awesome sis.

Leshawna: Thanks sis.

Katie: Me and Sadie would buy our own house as roommates!

Sadie: Me and Katie would buy our own house as roommates!

Katie and Sadie hugged.

Me: You two are definitely sisters girls.

Ezekiel: I would start my own farm and grow all kinds of good food. It's a perfect job eh?

Me: Well whatever works Ezekiel.

Cody: I would start my own restaurant. I always love good food.

Me: That's a great idea Code-ster.

Little Cody: I think it's a great idea too.

Cody: Aw thanks bro.

Owen: Whoo-hoo! I would open 10 restaurants! I love to eat guys.

Me: I know Owen. You love to party and you're like a living garbage disposal.

Little Owen: You rock bro!

Owen: Aw thanks little bro.

Courtney: I would buy my own law firm. And I would also sue the losers on the show.

Me: You definitely have what it takes to be a great lawyer Courtney. And I like your idea.

Courtney: Thanks.

Little Courtney: I think it's so awesome sis.

Courtney: Thanks sis.

Justin: I would build my own modeling agency.

Me: I had a feeling you would Justin and you have a lot of looks many men would kill for. You are the biggest heartthrob with the ladies.

Justin: I'm flattered and thanks man.

Me: You're welcome.

Izzy: I would use the money to buy a house in the jungle.

Me: Cool. I think I can arrange that for you.

Izzy: Thanks J.D.

Little Izzy: I think that's awesome sis.

Izzy: I know.

Sierra: I would use the money to marry Cody and start a family.

Me: I had a feeling you would use it for that Sierra.

Harold: I also want to bring my sister back.

Me: Your sister Harold?

Harold: Scarlett.

We gasped when we heard that name.

Me: Oh my gosh. Harold I didn't know Scarlett was your sister.

Nico: I didn't either and I banished her after she forced Blaineley to nearly kill Bridgette.

Me: Maybe we can still make things right with her Nico. But only after we start on Total Drama Galaxy.

Nico: Good idea.

Me: Staci what would you do with the money?

Staci: I would use the money to buy my own library.

Me: Good choice Stacy. And guys I actually went over everything Staci said on Season 4 episode 1 and I looked up her whole family history. Turns out she's right about it all.

I pulled up the computer and showed everyone.

Me: She comes from a long line of famous Canadian inventors.

Staci: That's right.

Mike: Wow! That's amazing!

Zoey: I always thought that they were just lies.

Lightning: We're sorry we doubted you Staci.

Cameron: Yeah we were wrong.

Staci: Aw it's all right guys.

Lincoln: Staci that is so cool!

Lori: That is literally amazing.

Dakota: I would use the money to buy a huge mansion and me and Sam can move in. I also want to start a theatre class in Gotham Royal York High School.

Me: That's a great idea Dakota and you definitely are perfect for the job.

Lori: Our Theatre Teacher is retiring after this year. So you are literally perfect for the job.

Dakota: Thanks Lori.

Sam: I agree.

Me: I have a feeling I know what B wants to do with it. He wants to open up a garage for his inventing.

He gave me the thumbs up.

Me: Nice!

Dawn: I want to open up a yoga studio.

Me: That's a great idea Dawn. And it's perfect for you.

Sam: I want to open up my own Video Game store.

Me: That's perfect for you man. And you and Nicole would be great partners.

Nicole: Thanks dad.

Sam: I agree.

Brick: I want to open up a military school.

Me: You definitely are perfect for the job Brick. Are you by any chance related to General Douglas MacArthur?

Brick: That's right J.D. He was my Grandfather.

Me: Oh wow! General MacArthur was one of the great generals of World War II. He was a great leader and a 5 star General and he was a man who always kept his promises.

Laney: That is so cool Brick.

Lana: I didn't know your grandpa was a great war hero.

Me: General MacArthur was one of the most famous Generals of the United States. He was a great leader and did many great things for our country.

Douglas MacArthur (January 26, 1880 - April 5, 1964) was an American five-star general and Field Marshal of the Philippine Army. He was Chief of Staff of the United States Army during the 1930s and played a prominent role in the Pacific theater during World War II. He received the Medal of Honor for his service in the Philippines Campaign, which made him and his father Arthur MacArthur Jr. the first father and son to be awarded the medal. He was one of only five to rise to the rank of General of the Army in the US Army, and the only one conferred the rank of field marshal in the Philippine Army.

Raised in a military family in the American Old West, MacArthur was valedictorian at the West Texas Military Academy, and First Captain at the United States Military Academy at West Point, where he graduated top of the class of 1903. During the 1914 United States occupation of Veracruz, he conducted a reconnaissance mission, for which he was nominated for the Medal of Honor. In 1917, he was promoted from major to colonel and became chief of staff of the 42nd (Rainbow) Division. In the fighting on the Western Front during World War I, he rose to the rank of brigadier general, was again nominated for a Medal of Honor, and was awarded the Distinguished Service Cross twice and the Silver Star seven times.

From 1919 to 1922, MacArthur served as Superintendent of the U.S. Military Academy at West Point, where he attempted a series of reforms. His next assignment was in the Philippines, where in 1924 he was instrumental in quelling the Philippine Scout Mutiny. In 1925, he became the Army's youngest major general. He served on the court-martial of Brigadier General Billy Mitchell and was president of the American Olympic Committee during the 1928 Summer Olympics in Amsterdam. In 1930, he became Chief of Staff of the United States Army. As such, he was involved in the expulsion of the Bonus Army protesters from Washington, D.C. in 1932, and the establishment and organization of the Civilian Conservation Corps. He retired from the US Army in 1937 to become Military Advisor to the Commonwealth Government of the Philippines.

MacArthur was recalled to active duty in 1941 as commander of United States Army Forces in the Far East. A series of disasters followed, starting with the destruction of his air forces on 8 December 1941 and the Japanese invasion of the Philippines. MacArthur's forces were soon compelled to withdraw to Bataan, where they held out until May 1942. In March 1942, MacArthur, his family and his staff left nearby Corregidor Island in PT boats and escaped to Australia, where MacArthur became Supreme Commander, Southwest Pacific Area. Upon his arrival, MacArthur gave a speech in which he famously promised "I shall return" to the Philippines. After more than two years of fighting in the Pacific, he fulfilled that promise. For his defense of the Philippines, MacArthur was awarded the Medal of Honor. He officially accepted the Surrender of Japan on 2 September 1945 aboard the USS Missouri, which was anchored in Tokyo Bay, and he oversaw the occupation of Japan from 1945 to 1951. As the effective ruler of Japan, he oversaw sweeping economic, political and social changes. He led the United Nations Command in the Korean War with initial success; however, the controversial invasion of North Korea provoked Chinese intervention. Following a series of major defeats, he was removed from command by President Harry S. Truman on 11 April 1951. He later became chairman of the board of Remington Rand.

Me: He did all kinds of great deeds when in the service of our country.

Brick: That's right. And I will always be proud of my grandfather. (Salutes)

Me: You will make a great soldier Brick. Your grandfather would be very proud of you. (Salutes)

Brick: Thanks J.D.

Me: You're welcome buddy. I have a feeling I know what Anne Maria would spend it on.

Everyone: Hair Products.

We looked at each other and laughed.

Me: You got that right guys.

Mike: That's funny. I would use the money to buy my own psychology firm.

Me: That's great Mike. I have a feeling that Jo would use the money to buy her own gym. And Scott would use the money to eat dirt.

We all laughed at that.

Me: The guy is a disgusting freak.

Zoey: I know. I would use the money to buy my own Yoga studio.

Me: Good choice.

Lightning: I know what I would do. I would buy my own gym and me and Lynn would run it. Sha-Yeah!

Me: You and Lynn definitely would be perfect for the gym business.

Lynn: Thanks J.D.

Cameron: I would use the money to buy my own laboratory.

Me: You definitely have what it takes to get one Cameron.

Beardo: I would use it to go into movie acting.

Me: You definitely have what it takes dude. You're a living soundboard and you have quite a talent man.

Beardo: (Imitates applause)

Me: Good job dude.

Leonard: I would use the money to start my own academy for magic and wizardry.

Me: That's perfect for you Leonard. How are those spells I taught you working for you?

Leonard: They are working perfectly for me. Thanks to you J.D.

Me: You're welcome Leonard. I know what Amy would do. Demoralize Sammy more and ruin everyones reputation with her superiority.

Lisa: That girl has some serious problems.

Me: You got that right Lisa.

Rodney: I would spend the money on my own farm in the country.

Me: Good choice Rodney.

Sammy: I would use the money to move my dads tombstone to here for a memorial here at the estate.

Me: That's a wise idea Sammy. Still it just absolutely sickens me that your former sister and mother ruined your life like that. They were just pure evil.

Ella: I know. I would use the money to buy my own fairy tale castle.

Me: You are a magnificent princess Ella and it's perfect for you.

Ella: Thanks J.D.

Me: You're welcome.

Topher: I would become the host of my own spin-off series of Total Drama without all the torturous methods.

Me: That's a great idea Topher.

Topher: Yeah my dad Don is the host of The Ridonculous Race.

Me: Really? I didn't know your dad was the host of The Ridonculous Race.

Topher: Oh yeah. He's my hero and my mentor. I idolize Chris McLean and my dad.

Me: That's cool! I told you guys I was on The Ridonculous Race right?

Bridgette: You sure did J.D. And you dominated the whole competition and it was awesome!

Me: I know. I don't like to brag. Oh that reminds me. I found out that Total Drama Galaxy is the last season of the series. After this season there's gonna be no more Total Drama baby!

Everyone cheered wildly!

Courtney: We're gonna be free!

Gwen: Yeah!

Me: Also Geoff, Bridgette, I talked it over with the producers of Total Drama over in Canada and we are green light for the last Aftermath Special.

Geoff: Hey that's awesome dude!

Bridgette: Oh wow! That is so great!

Me: Yeah! And this is gonna be the grand finale we have for the show. I figured why not end the show with a bang?

Bridgette: Good idea.

Blaineley: I like it J.D. This is gonna be awesome.

Me: Thanks Blaineley. Anyway. Dave what would you do with the money?

Dave: I would start a family with Sky and start my own law firm.

Me: That's a great idea Dave. I know what Scarlett would do. Spend it on a new laboratory. And I know what Max would do. Use it to destroy the planet.

Everyone booed at Max.

Me: You got that right and a Supervillain like Max belongs in prison.

Jasmine: (Australian Accent) I would buy a new Australian Home here in Gotham Royal York Mates.

Me: Sweet! That's great Jasmine.

Sugar: I would use the money to buy my own pageant academy.

Lola: That's great Sugar.

Sugar: Aw thanks Lola darling.

Sky: I know what I would use it for. I would use the money to cure my sister Misty.

Me: What's wrong with Misty, Sky?

Sky: She is in need of a bone marrow transplant and I need the money to help save her life.

We gasped.

Me: Oh man. Maybe I can help in the future. But first I need to give the doctors some of my blood for a DNA test to make sure. Better to be safe than sorry.

Sky: Good idea.

Me: What's wrong with her?

Sky: She has Diamond-Blackfan Anemia and she doesn't have enough red blood cells to get oxygen to her body and she gets sick really easily. She needs a bone marrow transplant to survive.

Me: Oh man.

Leni: That is totes so sad.

Lori: That is literally awful.

Me: Yeah. But I'll think of what to do.

The computer telephone rang.

Me: Oh that's the phone.

I pull up the computer and on a holographic phone screen and it was Chris McLean.

Chris: Hey guys.

Me: Hey Chris, what's shaking?

Chris: I just wanted to see what's up.

Me: We were just talking about what to do with the money after Total Drama Galaxy closes out the series.

Chris: That's cool man.

Me: Chris what brought on those crazy death-defying challenges that nearly got everyone killed in Total Drama?

Chris: That wasn't me that hosted the show. It was my twin brother Billy.

We gasped.

Me: I didn't know you had a twin brother Chris.

Chris: Yeah. He's my evil twin. You guys would hate him with a vengeance.

Me: Let me see here.

I pull up his profile on the computer and we saw Chris's evil twin brother Billy McLean. This guy looked completely like Chris and there was nothing that could tell the two apart.

Me: Holy mackerel! It's like we're seeing another Chris in the mirror.

Chris: Yep. That's my evil twin brother for you. I've always been better than him in everything and gotten all the attention. But I didn't let it go to my head. Billy hates my guts to the core and he wants nothing more than to kill and torture people for his own sick pleasure.

Me: That is completely inhumane. And he needs to be thrown in jail.

Dawn: I can tell who it is by looking at his aura.

Me: Cool. We'll need that for when we face him. I have a feeling that we're gonna face him on Total Drama Galaxy.

Cameron: This is gonna be really dangerous.

Me: It is. But I love a great challenge.

Nico: Me too.

Lincoln: How long should we send him to prison?

Me: Under Canadian Law it would be 15 to 20 years in a Maximum

Security Prison. But because of everything he did, I think he would be declared a Dangerous Offender. And according to Canadian Law if a criminal is declared as a Dangerous Offender they will likely spend the rest of their life in prison without the possibility of parole. But this doesn't work on people that have committed murder or High Treason. This primarily is instated on criminals that have been convicted of crimes like torture, rape and attempted murder.

Laney: That's a good idea. Billy McLean should be designated as that.

Lana: Yeah what a jerk!

Lola: I can't believe that he would put all you guys through so much pain and torment!

Chris: I know Lola. My brother has always been a pest to me and my family. He should've gone to prison a long time ago. But he has always done a good job of covering his tracks.

Me: No kidding. But when we expose him to the world when the time comes, we'll be ready for him.

Chris: Okay. Be careful guys.

Me: Will do Chris.

The call ended and then the alarm went off.

Me: Uh oh.

The computer picked up a Dark Orb inside a house in California. And it also picked up 2 missing children reports in the area for 2 neighbors.

Me: 2 Missing Children reports in a small neighborhood in California.

Varie: That's odd.

Me: We better go check it out.

Poromon: I hope there are some good snacks in California.

Me: There's a lot of good food in California.

Manaphy: Mama, how are we going to get to California?

May: We're gonna fly there.

Me: Team Loud Phoenix Storm, lets fly!

We were off to California.

---

We arrived at the neighborhood where the Dark Orb was detected.

Me: Something is familiar about this neighborhood.

Nico: It sure does feel that way.

Sakura: So where is the Dark Orb at?

I turn on the radar.

Me: It's over in that house.

I pointed to the house in front of us.

We walked over to the door and I knocked on it and out came molecular scientist Wayne Szalinski.

Me: Are you Wayne Szalinski, Professor of molecular science?

Wayne: I sure am. J.D. Knudson and Team Loud Phoenix Storm, it's an honor.

Me: Pleasure is ours. We received a missing children report from this area.

Wayne: Our kids aren't missing. I accidentally shrunk them.

Me: How did that happen?

Wayne took us inside and in the attic he showed us his interesting device he made. It was a ray gun.

Me: Wow. Is this some kind of ray gun?

Wayne: It's a Shrink Ray.

Me: A Shrink Ray? Amazing.

Lisa: Very fascinating device.

Mass Master: So what you're saying is that your kids got shrunk?

Wayne: Yes. But I don't know what made it work, but it did and I shrunk the kids by accident. I also shrunk the Thompson kids too. They are about this big.

Wayne showed that his and the Thompson Kids are about a quarter of an inch tall.

Me: They are that small and in your backyard? That's gonna be like finding a needle in a haystack as big as your backyard.

Nico: Guys, some of us need to shrink down and find the tiny kids. I nominate myself, Mass Master, Slingshot, Appa, Lea, and Breakdown.

Mass Master: I've been tiny before thanks to my powers. This is nothing new to me.

Me: Okay. Wayne what did you use to power the ray?

Wayne showed us the source of power for the machine. It was a dark orb the size of the tip of a pencil.

Me: A dark orb is powering up the machine?

Wayne: Yeah I found that.

Me: Wayne these dark orbs are extremely dangerous and loaded with pure evil. They are extremely dangerous for the entire universe and they pose a majorly serious threat to the universe in general. They are the fragments of the most evil Keyblader in the history of the Universe and he was gonna destroy the entire universe in its entirety and reshape it in his own image. His name was Xehanort.

And we killed him 3 years ago. But his evil still lives on not just on Earth but all over the entire universe as well. Our mission is to destroy all of Xehanort's evil and bring anyone that uses these dark orbs to justice. Alive or dead.

Wayne: I… I had no idea.

Wayne sat on the floor.

Wayne: I'm very sorry about all of this. I should've never taken that Dark Orb home with me!

Me: It's not your fault Wayne. You had no idea about it. But we're wasting time here. Lets get the machine fixed and ready. Nico? You ready?

Nico: Always am J.D.

Me: Okay.

We did so and I took the Dark Orb and crushed it with my bare hands and we got a power boost. Then we got the machine up and running.

Me: Okay here goes. Nico send up an energy blast like a signal flare and we'll know where to find you.

Nico: Roger that.

Me: Okay.

Wayne: She's ready J.D.

Me: Okay. Lets test it first on an apple just to be safe.

Nico: Good idea. Better to be safe than sorry.

I pulled out an apple and placed it on a table. A laser was pointed at the apple from the ray.

Me: Here we go. Fire.

Wayne fired the ray and the apple exploded all over the place.

Me: Whoa!

Nico: Wow! That's quite a powerful ray.

Laney: It sure was.

Me: Hmm. I think I know what the problem is. It's the laser. It's generating too much heat and that's why everything is exploding.

Varie found a baseball that went through the window and there was a burn mark on it.

Varie: He's right. I think this baseball might be a contributing factor. Look.

Varie handed Wayne a baseball.

Wayne: You're right! It was the laser. I get it. The ball came through the window and activated the machine and got in the path of the laser.

Me: Yep.

Aylene C.: It should work now.

Me: Yep.

Nico: Okay lets do it.

Me: Okay.

Nico, Mass Master, Slingshot, Appa, Lea, and Breakdown were ready.

Me: Ready guys?

Nico: We're ready.

Me: Okay. Fire.

Wayne fired the shrink ray and Nico, Mass Master, Slingshot, Appa, Lea and Breakdown were shrunk to a quarter of an inch tall.

Nico: It worked!

Motor Master: It sure did.

Lea: You ok, Appa? (Appa growls in confirmation)

Nico: Lets go!

They flew outside to the backyard. They went to a trash bag that they crawled out of. There was a tiny hole in the bag.

Nico: Looks like the kids found a way out of the bag by cutting out of it.

Lea: Yeah.

Random kid (sees Slingshot and Breakdown): Look! Moving Transformers toys!

Slingshot: Oh slag! He think we're action figures.

Breakdown: RUN!

They flew away.

Just then tiny heartless appeared.

Slingshot: Just what we need. Tiny Heartless!

Breakdown: Good thing they're tiny size as well. We'll be evenly matched!

Lea: There's also a Pot Centipede among them!

Nico: Lets get them!

They went at them and slashed and blasted them.

Slingshot: Time for some heavy firepower! CYBER KEY POWER!

The Earth Cyber Planet Key went into his blaster and enhanced it's power and have 4 more blasters popped out.

He fired numerous laser blasts and blew many Heartless apart.

Appa roared and the Animatron Cyber Planet Key was inserted into his saddle he got enhanced flying speed and the ability to fire powerful blasts of air from his mouth.

Appa fired a blast of powerful wind from his mouth and blew apart numerous heartless.

Slingshot: It's combo time!

Slingshot fired numerous lasers and Appa fired a powerful blast of wind.

Slingshot: HURRICANE LASER SLASHSTORM!

The lasers pierced the Heartless and the wind reduced them all to ash.

They went into the grass jungle.

Lea: Wow! Even a grass backyard is like a jungle.

Slingshot: It sure is.

In the backyard, Nick Szalinski and his older sister Amy, Ron Thompson and his older brother Russ were trekking through the grass jungle. When suddenly the tiny Heartless appeared! They screamed in fear and a powerful blast of fire hit the Heartless and exploded.

Nico, Mass Master, Slingshot, Lea, Appa and Breakdown arrived.

Nico: Are you all okay?

Nick S.: Nico Chan!

Nico: That's right Nick. It's a pleasure to meet you.

Breakdown: We came to rescue you and unshrink you.

Amy S.: How?

Lea: We have a rescue operation in the works.

Ron: We appreciate it.

Russ: You all arrived just in time.

Nico: Lets deal with your little evil friends here first.

The Pot Centipede appeared and it was time to get tough. Mass Master became a cloud and blinded the Pot Centipede.

Lea: It's combo time!

Breakdown: You got it Lea. CYBER KEY POWER!

The Earth Cyber Key was inserted into his plasma energy blaster it enhanced his blaster and 5 more blasters appeared.

Lea: My turn! EARTH CYBER KEY POWER!

The Earth Cyber Planet Key went into his keyblade and it enhanced his fire powers.

Breakdown and Lea: SOLAR FLARE BURST BLAST!

Breakdown and Lea fired a massive blast of fire and energy and it hit the Pot Centipede and exploded with the power of a massive nuke. Nico had everyone encased in a powerful force field.

When the smoke cleared, all the heartless were gone but the Pot Centipede was still standing.

Nico: Now it's final smash time!

Mass Master: I'll start us off. SUPERSIZE GRAVITYSLAM!

Mass Master grew to ginormous heights at 10 inches tall and he slammed the Pot Centipede with into the ground incredible power.

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMMM!

Nick S.: My turn. I've always wanted to do this. SUBATOMIC DISINTEGRATOR BLAST!

Nick formed an atomic atom in his hands and fired a massive blast of atomic energy that completely obliterated the Pot Centipede in an instant!

Nico: That was awesome!

Amy S.: It sure was. Way to go Nicky!

Nico fired an energy blast into the air and I saw it.

Me: There they are!

I went over moved the grass and placed my hand on the ground and they got on my hand.

Me: (Whispering) Good job guys.

Nico: Thanks J.D.

I put my other hand on my hand to prevent the wind from blowing them away. In the attic I placed them gently on the floor and they got off my hand.

Nico: This was the first ever rescue mission we've done at this size. First we fought a criminal smaller than this and now this.

Breakdown: It sure was cool.

Lea: Oh yeah.

Me: Okay. Here we go. Fire.

Wayne fired the shrink ray and unshrink them and it was a joyful reunion.

Me: Great job Nico. You all did great.

Nico: Thanks J.D. This was awesome.

Nick S.: I did a final smash and beat some Heartless.

Nico: You sure did Nick. Your first ever final smash.

Nick S.: It sure was. (To the Viewers) It was awesome doing a final smash and anyone can do it too.

Me: They sure can.

The Szalynski's had us over for dinner and we had a ginormous enlarged turkey. The Shrink Ray was a huge success and the Thompsons and the Szalynski's were now friends. It was a great mission.

---

Over at the Uranus Prison, Cornelia Hale was making a stop to visit the infamous Wet Bandits, Harry and Marv. She went into their cell.

Cornelia (cheerfully): Hi, there. I'm Cornelia Hale.

Harry: Do we look like we give a fuck?

Cornelia: Oh, you should give a fuck. You know that kid that you always pick on?

Marv: Yeah. Why?

Cornelia: I'm the best friend of his sister. (cracks knuckles)

Both Wet Bandits: Oh, son of a bitch!

The sounds of violet punching, screaming and brutal fighting was heard as the camera zoomed out of the planet Uranus. Their screams could be heard from space.

THE END

---

Another Fanfiction Complete.

Honey, I Shrunk The Kids was one of my favorite movies ever since I was a child and it was an awesome movie from 1989. Rick Moranis, Matt Frewer, Marcia Strassman, and Kristine Sutherland all did a great job in that movie back then. Marcia Strassman died of breast cancer in 2014. This chapter is also a tribute to Marcia Strassman. Also this is my 700th Chapter! HOORAY! This is a huge milestone and I have 300 more chapters to go till I reach chapter 1,000.

RIP Marcia Strassman, April 28, 1948 - October 24, 2014. You will me missed.

NicoChan11 gave me the ideas for this one. Thanks man as usual. Let me know what you all think. See you all next time.

See you all next time.

Honey, I Shrunk the Kids is owned by Joe Johnston and Disney.

# The Mad Dentist

It starts with me and Nico in Arnold's Boarding House. We were having a talk with Arnold about one of his deeds.

Me: So Arnold. We wanted to talk to you about one of your great deeds. We heard that you tried to help Mr. Hyunh find his long lost daughter.

Arnold: I sure did J.D. But I thought I failed that.

Nico: I think that was really sweet of you to try and help him reunite him with his daughter.

Arnold: Thanks Nico.

Me: Lets go talk to Mr. Hyunh about it.

Arnold: Okay.

We were in Mr. Hyunh's room.

Mr. Hyunh: (Vietnamese Accent) So what brings you all here?

Me: We would like to ask you what happened when you were separated from you daughter Mai Hyunh. I know this is something you don't like talking about but you don't have to tell us right away.

Mr. Hyunh: No no. You all have a right to know. It was a long time ago. Many years ago I lived in another country. I lived in Vietnam in southern Asia. I was a young man with a family. A beautiful baby girl. I called her Mai. I was the luckiest man in the world. At night, I used to dream about our future together and watch Mai grow up and go to school. To see her be happy. But there was trouble in my country. There was a war in the north. And every day, the fighting was coming closer and closer. I knew this would not be a good place for my child to grow up. I could not keep her safe. Maybe not have enough food for her to eat. So I decided we must try to get out. We must try to find a better life. Everyone was trying to get out.

Everywhere there was confusion. So now I got through. The only way out of the city was by helicopter. There were too many people. I begged a soldier "Please, please take us! Help us find a new life!" But he could not. There was only room for one person. Then I had to make the most difficult decision of my life. I knew I had to do the best thing for Mai. I knew if I gave Mai to the Soldier, they would take care of her. They would find a home for her. And then as soon as I could, I would get out of the country and find her again. As the helicopter left, the soldier called out the name of the city. This city he said to find her here.

I had tears streaming down my face.

Me: The Vietnam War. It separated you back 44 years ago. And the Fall of Saigon was the cause.

Nico: That war tore so many people apart.

Me: Yeah. Nothing good ever comes out of war. My father was almost deployed to Vietnam. The Fall of Saigon was the battle that ended the Vietnam War. April 30th, 1975 was the darkest day in Vietnam's history.

The Fall of Saigon, or the Liberation of Saigon, was the capture of Saigon, the capital of South Vietnam, by the People's Army of Vietnam (PAVN) and the Viet Cong on 30 April 1975. The event marked the end of the Vietnam War and the start of a transition period to the formal reunification of Vietnam into the Socialist Republic of Vietnam.

The PAVN, under the command of General Văn Tiến Dũng, began their final attack on Saigon on April 29, 1975, with the Army of the Republic of Vietnam (ARVN) forces commanded by General Nguyễn Văn Toàn suffering a heavy artillery bombardment. This bombardment at the Tan Son Nhat International Airport killed the last two American servicemen killed in combat in Vietnam, Charles McMahon and Darwin Judge. By the afternoon of the next day, the PAVN had occupied the important points of the city and raised their flag over the South Vietnamese presidential palace. The city was renamed Hồ Chí Minh City, after the late North Vietnamese President Hồ Chí Minh.

The capture of the city was preceded by Operation Frequent Wind, the evacuation of almost all the American civilian and military personnel in Saigon, along with tens of thousands of South Vietnamese civilians who had been associated with the southern regime. The evacuation was the largest helicopter evacuation in history. In addition to the flight of refugees, the end of the war and the institution of new rules by the communists contributed to a decline in the city's population.

Me: The Vietnam War was a terrible war that lasted for 19 years, 5 months, 4 weeks and 1 day from November 1st, 1955 - April 30th, 1975. The cause of the war was because the Northern side of Vietnam was wanting to control the South Side of Vietnam. It was back during the Cold War with Russia.

Arnold: That's awful.

Me: (Speaking Vietnamese) Đó phải là một kinh nghiệm khủng khiếp đối với bạn cả. (Translation: That must've been an awful experience for you both.)

Mr. Hyunh: (Speaking Vietnamese) Nó được. Nhưng nhờ Arnold tôi đã được đoàn tụ với con gái của tôi cho lần đầu tiên trong 20 năm. (Translation: It was. But thanks to Arnold I was reunited with my daughter for the first time in 20 years.)

Me: Tôi rất hạnh phúc cho bạn cả. (I'm so Happy for you both)

Nico: I didn't know you could speak in Vietnamese, J.D.

Me: I'm very multi-lingual Nico. When you travel all over the planet as much as I have you tend to learn languages you never could access.

Mr. Hyunh: I believe it J.D.

Nico: Me too.

Arnold: That's quite a talent you have there J.D. What languages do you know?

Me: This might seem hard to imagine but I know every single language all over the planet.

Arnold: That's amazing!

Me: It sure is. Thank you for sharing your story with us Mr. Hyunh.

Mr. Hyunh: You're welcome.

My device beeped and it meant that trouble was brewing.

Me: Uh oh. We have a mission.

We went back to the estate.

---

Back at the estate we went to the computer. We saw that a wacko dentist named Dr. Bender was causing trouble.

Me: Dr. Bender?

Timmy T: You would hate this guy J.D. He's a crazy wacko dentist that likes to rip out peoples teeth. He doesn't clean peoples teeth. He collects them by ripping them out of peoples mouths while his patients writhe in excruciating agony.

Me: This guy is no dentist! He's an insanely fucked up whack-job!

Stacy: No kidding. He has a nasty reputation. He's not like Dr. Paradigm.

Me: No thank goodness. But he doesn't deserve to be a dentist. And Ms. Rita is a dentist and she would never resort to all that.

Lincoln: That's true. She is. Mom is a great dentist.

Stone Man: I don't think Wily or Dr. Light have taken me to the dentist before.

Me: I don't think robots need to go to a dentist.

Then an explosion blasted in and in came the strongest and toughest fairy in the universe: JORGEN VON STRANGLE!

Me: Jorgen Von Strangle!

Jorgen: (Arnold Schwarzenegger Accent) J.D. Knudson. It's an honor to finally meet you in person.

Me: You too Jorgen.

Jorgen (hugs Timmy): Timmy Turner! How are you?

Timmy: I'm feeling a bit squished right now. Can I please have my spine back?

Me: Uh you may want to let him go Jorgen.

Jorgen: Oops. Sorry.

He did so.

Me: We're going after Dr. Bender. He's ruining the work of the Tooth Fairy.

Jorgen: WHAT!?

Me: I know it's shocking. But we have to make sure that Dr. Bender is locked away in the one place where he'll never touch a single tooth in another persons mouth again: The Saturn Insane Asylum. You want to come with us Jorgen?

Jorgen: It'll be an honor.

Me: Lets get him. Team Loud Phoenix Storm, lets fly!

We set out for Dimmsdale, California.

---

We flew over California.

Maria: Stacy, whenever you're Shredgirl, do you sometimes have trouble controlling your shark mind?

Stacy: No. I'm now in full control and so are my family.

Trudy: Yep. It's awesome being part Flying Fish.

Valerie: And it's great being part Megalodon.

Manaphy: I've noticed that Paradigm really made a lot of people's clothing bills go up with the transformations they go through.

May: I noticed too. Even in Death, Dr. Paradigm has raked up a huge bill for clothing.

Me: You got that right.

Ed: Can we rip out Bender's teeth so we can give them to the tooth fairy?

Me: We will and his teeth will fetch a fortune. Not only that but we're gonna sue him for everything he's got and more after we're finished with him.

Lincoln: Oh yeah!

Laney: Lets get him!

We saw Dr. Bender's building and we flew in.

Dr. Bender was working on his next patient.

Dr. Bender: I'm going to enjoy ripping and/or yanking your teeth out and my son Wendell is going to help me. (MANIACAL LAUGHTER)

Then a massive fiery explosion blasted in through the roof and a phoenix cry was heard and we arrived.

Dr. Bender: Hello, Team Loud Phoenix Storm. I don't think you have an appointment with me. So, I'm afraid you'll have to leave.

Dead End: Why bother trying to kick us out of here? You know you're going to get your just desserts anyway.

Me: Dr. Bender you're under arrest.

Dr. Bender: On what charges?

Me: For 100,000 counts of Torture and Insane Unauthorized Dental Procedures. So we'll give you 2 choices: You can come with us quietly or we can take you in by force. So what's it gonna be?

Dr. Bender: If I'm going with you I'll take all of you with me to Hell!

Sora: You know, you sound just like my friend Iago.

Dr. Bender: Don't remind me of that birdbrain. He chose to join you heroes when he could've continued with his perfect life of crime!

Me: That was his choice.

?: (Spanish accent) Sounds like you have trouble.

Out came an ugly freak. It was SALVADOR CUMO!

Salvador was a middle-aged man with brown skin and green eyes. His hair was gray and he had a long, pointed mustache. He wore a white shirt, black pants, and black shoes. He also had a reptilian tongue. He used to wear the Jitsusara Amulet.

As a Komodo dragon, he was slightly taller, with a dark green back and light green tummy. He had also a long tail and reptilian eyes.

Salvador Cumo: Need some help, Bender?

Bender: What do you think, Lizard Breath?!

Omi: (Tibetan Accent) Salvador Cumo!

Me: Who is that ugly freak?

Omi: That's Salvador Cumo.

Lori: He is literally the most ugliest freak ever.

Like Raimundo, Salvador had a similar lifestyle, mopping up everyone else's dirt, grime, and trash. Tired of his pathetic lifestyle, Salvador decided to create a new lifestyle, and got into the cunning game. He became so good at doing evil, that he was recognized on the Heylin side, and became one of the most dangerous criminals in the world.

Me: Yeah. I take it he's one of the Heylin freaks?

Raimundo: He is. And he's one of the vainest of them all.

Me: Oh great. And if's there's one thing I hate more, it's a vain freak of nature.

Jorgen: Do you know what you could've caused, Bender?! You pushed Timmy into making everyone the same appearance and nearly got all the Fairies blown up! And don't get me started on your other crimes!

Dr. Bender: And what are you gonna do about it?

Me: Knock all your teeth out you lunatic freak!

Nico: Dr. Bender and Wendell, you two have failed the world of Dentistry and Oral Hygiene!

Salvador Cumo then turned into a Komodo Dragon!

Me: He's a Komodo Dragon! The Largest Lizard in the world.

Lisa: And they also have a poisonous bite that prevents its prey from escaping or moving.

Then Cumo bit Jorgen in the arm. But he wasn't in the least bit affected.

Raimundo: Dude, how are you not poisoned? We saw Cumo bite you!

Jorgen: My body is more resilient than the other fairies, my wind using friend. (flexes his right arm) The teeth of all villains, poisonous or not, don't even scratch these powerful biceps!

Me: You are one powerful guy Jorgen.

Maria (steals one of Bender's drills): Can I have this? Thanks. (drills out Cumo's teeth) There! Now Cumo can't poison us with his bite!

Me: He looks better toothless.

I kicked Cumo in the face and he reverted back and out came four Shen Gong Wu: The Crystal Glasses, The Tangled Web Comb, Changing Chopsticks and the Fist of Tebigong.

Me: Thanks for the Shen Gong Wu, Lizard Lips. Nico you can use the Fist of Tebigong.

Nico: You got it man. Lets get them!

I fired a powerful energy blast and completely obliterated Salvador Cumo in an instant. All that was left of him was his Jitsusara Amulet. I took it as a trophy.

Dojo: I never did like that Spanish jerk.

Me: Me neither Dojo. (To Bender) You are next Dr. Toothy!

Dr. Bender: You'll have to get past them first!

Dr. Bender then called forth a huge army of his own robots!

Me: Look at all these robots.

Lana: They are perfect for my new friend to chomp on!

Lana pulled out a remote control and pressed a button and there was a rumbling sound and then out came ZILLA JR.!

RROOOOOOOOOOOOOAAAAAAAAAARRRRRRR!

Lily: That is awesome!

Me: Lets get these overgrown tin cans!

Street Sharks: SHARK ATTACK!

We went at the robots and punched and blasted them into scrap metal. Turns out they were powered by dark orbs. And each one we destroyed we got more powerful. Zilla fired a powerful blast of emerald green fire from his mouth and it hit the robots and exploded. He slashed them with his claws and slammed his tail into them and destroyed them.

Jorgen: Okay why did I suddenly get a sudden burst of strength and power?

Me: We get more powerful by absorbing negative energy and it makes us far more powerful.

Jorgen: Wow! I like it.

Me: It's time for some heavy hardware! AUTOBOT CYBER KEY POWER!

The Autobot Cyber Planet Key went into my device on my arm and out came Scattershot's missile launchers and they had two more bigger missile launchers pop out.

Me: Sweet! I got Scattershot's launchers!

I fired lasers and numerous missile blasts and they hit the robots and blew them all to pieces in a huge explosion that destroyed the whole building. When the smoke cleared, there was nothing left of the whole building but smoking rubble.

Dr. Bender: You destroyed my whole building!

Me: And now you are going down.

Yoshi (to Bender): Good luck trying to get my teeth!

Me: Or any teeth at all!

Zilla roared.

Dr. Bender then had a wicked Robot Suit!

Me: Nice robot suit!

Dr. Bender: Why thank you. I'm going to enjoy yanking and/or ripping your teeth out.

Me: Oh you wouldn't want to rip my teeth out.

Dr. Bender: Oh? And why not?

I take out a pair of pliers and pull out one of my teeth and another one grew back in its place. And the tooth was beeping?

Me: Because my teeth are bombs!

I threw the tooth and it exploded when it hit the suit and it exploded with the explosive power of a thermobaric bomb.

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMM

When the smoke cleared, Dr. Bender's suit was completely reduced to scrap.

Dr. Bender got up.

Me: Didn't expect that did you? You see, my teeth are also explosive bombs. They pack the explosive power of 8 tons of C4. Almost equivalent to that of a small nuke. Now it's time to make you suffer without your teeth! It's combo and final smash time!

Dead End: You got it J.D. CYBER KEY POWER!

Dead End had The Earth Cyber Planet Key go into the back of his compressor cannon and 4 more blasters came out and enhanced his cannons power to 500,000 psi.

Stone Man: GIGANTION CYBER KEY POWER!

The Gigantion Cyber Planet Key went into his back and he got a mighty hammer made of pure rock and it had spikes.

Dead End and Stone Man: EARTHQUAKE HAMMERBLAST SLAM!

Dead End fired his cannon and Stone Man slammed his hammer into Dr. Bender and the blast followed and crushed him flatter than a dozen pancakes.

Fireflight: My turn. CYBER KEY POWER!

The Earth Cyber Planet Key went into the back of his engines and enhanced his flying speed to mach 20 and enhanced his weapons and more missile launchers appeared on him.

Yoshi (Nintendo): ANIMATRON CYBER KEY POWER!

The Animatron Cyber Planet Key went into Yoshi's device and it gave him the ability to throw an infinite number of eggs and fire three eggs at the same time and gave him the power to summon all his friends like in his final smash on SSBU.

Fireflight and Yoshi: YOSHI STAMPEDE FIRESTORM!

Yoshi called forth hundreds of Yoshi's and Fireflight fired lots of missiles and they hit Dr. Bender and exploded.

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOMMMMMMMM!

Laney: Time for some explosive weapons. POWER BOW!

Laney called forth the Pink Ranger's Power Bow and Fired a pink energy arrow and it hit Dr. Bender and exploded.

KABOOOM!

Lincoln: Nice shot Laney!

Laney: Thanks big bro.

Dojo: Now it's time for our final smashes. I'll start things off. DRAGONFIRE INFERNO!

Dojo fired a tremendous blast of fire from his mouth and it turned into a dragon and it hit Dr. Bender and Wendell and exploded.

KRABBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Jorgen: My turn! FURY OF THE STRONGEST FAIRY!

Jorgen fired a powerful blast of energy from his big wand and it hit Dr. Bender and exploded with the power of 120 tons of C4 explosives!

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

When the smoke cleared, Dr. Bender and Wendell were beaten.

Laney used her plant powers and tied them down.

Me: Now lets see how you like having your teeth ripped out.

I pull out a dentist drill.

Me: I promise you this is going to be excruciatingly painful.

Jorgen: (To the Viewers) Even I am not that sadistic.

I did the drilling and ripped out all his teeth and he was screaming like a baby.

Eddy (sees Bender's drilled out teeth): How much do you think the Tooth Fairy will give us for those teeth?

Jorgen: I actually know the Tooth Fairy.

Me: I heard you are married to her Jorgen.

Jorgen: Oh yes. She's the most beautiful fairy in the universe.

Me: I can tell.

Fireflight: What do we do with Wendell?

Me: We'll throw him into the same cell with his dad.

We got his teeth out and he was now toothless. We turned his teeth in to the Tooth Fairy and she gave us $400,000,000,000,000,000.00 in gold coins. Dr. Bender was declared Criminally Insane and he was commited to the Saturn Insane Asylum Maximum Security section. Wendell was thrown into the same cell with his dad like I said. During the battle Nico caught a Blissy and a Tyranitar. We had 4 more Shen Gong Wu and 1 more Heylin member was destroyed. Dr. Bender was sued for $850,000,000,000,000,000,000,000.00 by all the people whose teeth he ripped out. The people won the lawsuit and Dr. Bender's dentist license was revoked and he will never be allowed to perform in the world of dentistry again.

Meanwhile in Retroville, something evil was getting ready to emerge.

Flippy: Lucky for me, I managed to keep some of Jimbo's dad's brainpower to keep me alive. And it looks like there's no one here. So I have this place all to myself. Those stupid kids didn't just make me someone else's problem. They made me everyone else's problem. Because the entire world's about to become mine for the taking!

THE END

---

Another Fanfiction Complete.

Dr. Bender was one of the most craziest villains in The Fairly Odd Parents. Gilbert Gottfried did a great job voicing him and it was so funny. NicoChan11 gave me the ideas for this one. Thanks man as usual. The opening scene is based on Arnold's Christmas. I saw the scene where Arnold talked to Mr. Hyunh and it was sad. The Vietnam War tore so many families apart back in the 50's, 60's and 70's and the scars are still there even after 44+ years. I don't know how to speak Vietnamese in real life but it's one of the hardest known languages in the world next to Korean, Chinese and Russian. What I said about my dad was true. He was almost deployed during Vietnam. Let me know what you all think.

See you all next time

# The Deadly Doll Quartet

It starts in the middle of the city. I was walking home from the mall with some bags of clothes in my hands and I heard some commotion. I turned and saw the kids standing in front of an ice cream truck furious.

Me: Uh oh.

I go over to see.

Me: What's going on here guys?

Sid: Major Price hike. The Jolly Olly Man is charging $20.00 for a scoop of ice cream!

Me: $20.00 for Ice cream!?

Sid: Well Rum Raisin is only $15.00. But he wants $30.00 for Cookie Dough!

Me: That's Horseshit! I'll talk to this guy. Arnold can you hold my bags for me?

Arnold: Sure J.D.

I handed them to Arnold and I went up to the Jolly Olly man and grabbed him by the shirt and brace him up against his truck.

Me: You have a lot of nerve depriving these kids of their ice cream you wacko!

Jolly Olly Man: So?

Me: These kids love ice cream and they need something to cool down from a long day! You better start selling some ice cream to these kids at a fair price you fucker. Or face… MY… WRATH!

Jolly Olly Man: (Taunting) You can't do anything. You're just a kid.

Me: Oh I'm more than just a kid.

LOUD CRUNCH!

I kneed him in the crotch with devastating force and everyone winces from it. I went over to the truck and lift it up with my super strength.

Me: FREE ICE CREAM FOR EVERYONE!

I dump all the boxes of ice cream out and the kids took them.

Gerald: That was amazing J.D.!

Harold: Yeah the Jolly Olly Man deserves this!

Me: Glad to help guys. As for you Mr. Jolly Olly man!

I grab him and lift him up.

Me: You don't deserve to be a worker in anything, ever. Plus I just don't like you and I really hate your guts. You make me sick! I think a nice long stay in one of our strongest maximum security prisons is what you need for the rest of your miserable life. Welcome to your worst nightmare.

My eyes glowed red and he looked into them and he was in the Malevolent Insanity world. He saw his worst fears come to life and his mind was being damaged beyond all form of repair as he saw the kids from all over the area attack him and it completely drove him further into insanity. My red eyes looked down on him and were watching him slip further into madness and more.

In the real world, I snap my fingers and beamed him to the Saturn Insane Asylum maximum security section for 150 years without the possibility of parole.

The kids all cheered for me.

Harold: That guy deserved it. He hated us kids.

Stinky: (Southern Accent) He never liked us not one darn bit.

Me: Well now one of us will take over his position. I have just the person in mind.

I called Bobby and he gladly took the job.

Later I continued my walk home and I heard someone call me.

?: Psst.

Me: Hm?

I heard someone call from down an alley.

?: In here.

I went into the alley and I saw a figure in the shadows. It was wearing a black fedora hat and a black trench coat and kept his face hidden.

?: I have something for you.

Me: Who are you?

It was a girls voice.

Deep Drama: My name is Deep Drama and I have some information for you regarding one Billy McLean.

Me: What information do you got?

Deep Drama: Billy McLean, twin brother of Total Drama host Chris McLean, he's worst than what you could've imagined.

Deep Drama handed me a book and it was a rap sheet over 600 pages thick and it had all the crimes that Billy McLean did over the entirety of his career on International Television. There was also a photo album containing pictures of all the crimes he did over the course of the 6 seasons of Total Drama all for his own selfish and sick amusement.

Me: This is horrible! Deep Drama you just gave us the one key variable we need to make sure that Billy McLean goes to prison for the rest of eternity. Thank you.

Deep Drama: You're welcome.

Me: Who are you by the way?

Deep Drama: You'll find out who I am in due time. But I will give you a clue. I'm gonna be on Total Drama Galaxy.

Me: That's cryptic. But thank you.

---

I went back to the estate and I looked over the rap sheet and the photos and what I saw was absolutely horrible.

Made all the contestants jump off a huge cliff and into shark infested waters for a challenge and humiliated DJ, Beth, and Courtney by forcing them to wear chicken hats because they refused to jump. (Season 1 Episode 1)

Forced both the Screaming Gophers and Killer Bass teams to not get any sleep for over 87 hours for a challenge he called the awake a thon. (Season 1 Episode 3)

Doesn't tell Beth about Bony Island causing her to steal a Tiki doll and get her team cursed. (Season 1 Episode 8)

Allowing Harold to outright cheat by falsifying his teammates' votes to wrongly eliminate Courtney, which he meant as revenge against Duncan. Season 1 Episode 10)

When Eva and Izzy return to the island after being previously eliminated, Billy says that when he claimed that eliminated contestants could not come back, "EVER", he reveals that he "lied". (Season 1 Episode 15)

Sending Lindsay home for being the last person to "cross" the finish line in the bicycle race, when she came in right after Heather and the other people didn't finish the race at all. (Season 1 Episode 18)

Forcibly eliminating Leshawna because the other eliminated campers kept saying her name while trying to vote someone else out, not meaning to vote for her, and counting multiple "votes" from a random parrot in the room. (Season 1 Episode 22)

In the Total Drama Island ending where Gwen wins the competition, Billy forces her to relinquish her winnings to instigate a scavenger hunt for one million dollars, which ultimately ended up leading to the second season, even when she flat-out refuses the "offer" (in Owen's ending, Owen willingly accepts the extra challenge). It is implied that this had been his intention from the very beginning, meaning that the entirety of Total Drama Island was in fact completely pointless. (Season 1 Episode 27)

In the Total Drama: World Tour episode "Walk like an Egyptian Part 2", Billy had sent flesh-eating scarab beetles after the contestants. A few crawled onto an intern serving as a leg stand for Billy and they ate him alive into just a skeleton in less then ten seconds. Chris responded with laughter and apathy, actively encouraging the beetles to kill the contestants.

Doesn't send Chef his paycheck on episode two of Total Drama Action.

He brings Gwen up to his viewing room and makes her watch Trent be eliminated just to make her feel bad in Total Drama Action.

He dresses up as Steve the yeti, and tells Geoff and Bridgette that they stink on LIVE TV in Total Drama Action.

Putting itching powder on the cast's pizza, makes them study all night, then he literally makes them believe they are going to die by a fatal disease in Total Drama Action.

During the challenge, Owen has broken his jaw due to throwing a book, he gives the Killer Grips the win, even though the Screaming Gaffers got to the finish line first.

When the cast could possibly die from a flooding submarine, he only cares if they survive because without them, he won't get paid in Total Drama Action.

Sets each of the stink bombs the contestants have to defuse up differently so they would all get hit by the stink bomb in Total Drama Action.

Hires Owen to cause drama between the remaining contestants in Total Drama Action.

It is implied he murders a parrot for biting him in Total Drama Action.

Makes fun of Chef and how bad his cooking is in the finale when Chef wants to leave due to how Billy treats him. However, he does redeem himself, and apologizes to Chef and says how much he needs him.

Shows Beth's greedy side to the cast to lessen her chances at winning the million dollars in Total Drama Action (although he may have done this to make the chances fair, as he did show Duncan's nice side as well).

In the first episode of World Tour, he informally "eliminates" Ezekiel for no reason other than him being annoying.

Treated his interns like actual slaves in the Egypt challenge and caused the death of one of the interns by neglecting to help him when he was being eaten alive by scarab beetles

Declaring "Team Chris is Really Really Really Really Hot" (which it goes without saying was named as such to flatter him) the losers in the London episode even though they successfully found "Jack The Ripper" and had won the challenge as he instructed it to them, just because Team Amazon happened to find Duncan. The result of this was Noah's unfair early elimination.

On several occasions during World Tour, he abruptly announces that the episode does not have an elimination after telling the contestants the opposite throughout the challenges and even having them vote. In more than one of these instances it is implied that Billy had not even planned this but is making up the rules as he goes along.

Billy deliberately broke the bathroom door's lock at the time of Gwen and Duncan's adulterous kiss, allowing Tyler to witness it and later revealing it to Courtney and everyone else, incurring her recklessly brutal wrath against them. Throughout this entire series of events and the prolonged drama following in its wake, Billy makes it clear through his behavior that he has no empathy for any of the involved parties, and rather enjoys seeing them fight as much as ever for the sake of ratings.

Breaking the rules of the contest and declaring Sierra eliminated even though she had won the day's challenge and had "invincibility", due to her accidentally destroying his plane. If Billy had not done this Alejandro would have been eliminated then and there instead.

Imprisoning the badly-burned Alejandro in a crude Darth Vader knockoff mechanical body for the sole purpose of having him sign a waiver absolving Billy and the show of responsibility for his injuries, and laughing at Alejandro's despair of being told that the money has been destroyed.

In Alejandro's ending, he declares Alejandro the winner of Total Drama World Tour just because Heather accidentally threw the wrong pineapple dummy into the volcano, even though she had clearly defeated him. In Heather's ending, she throws her own dummy in the volcano and wins.

Dumping toxic waste in Camp Wawanakwa.

Forcing eliminated contestants to ride a catapult in Total Drama: Revenge of the Island.

In the first episode of Season 4, Owen appears, oblivious to the fact that he and the rest of the real cast are no longer competing and Billy responds by putting a explosive on his face and detonating it sending him flying away.

Gives the Mutant Maggots the win, just because they blew up the Toxic Rat's cabin, even though they clearly won.

Caused Staci to lose her hair and suffer minor radiation poisoning after she got voted off because Billy handed her the toxic marshmallow of loserdom.

Confiscated Sam and Dakota's electronic devices, putting them in tech withdrawal. Even Scott thought that was harsh.

Forced Sam, Brick, and B to admit embarrassing secrets about themselves on international television and had them press poorly wired buttons, electrocuting then for the sake of a challenge while threatening to have them and their teams submerged underwater and be at risk of being eaten by a mutant shark named Fang

In "Finders Creepers" at the campfire ceremony after the Mutant Maggots lost the challenge, due to Chef went missing, it was a non-elimination episode and he feels disappointed that no one is going for a catapult ride. After Dakota has done her deed, he hurls Dakota again for the second time since it's not worth it, since she's an intern.

He forced Dakota to go into a highly irradiated mine for over 40 minutes, which not only caused her to lose her hair but transform into a mutated monster in the next episode. He also made the contestants go into the mine for the sake of a challenge but gave them special indicators to let them know how long they were in the mine

He buries Gwen and Sam alive in a chest.

At the end of the fourth season, he attempts to detonate a bomb he planted on the contestants' departure boat for no reason. However, the bomb is removed by Chef and put under the dock right under Billy, blowing himself up and landing him in the water as payback.

Forcing eliminated contestants to be flushed down a gigantic toilet in Total Drama: All-Stars.

Putting Gwen on the Villainous Vultures and Courtney on the Heroic Hamsters even though Gwen is a hero and Courtney is a villain.

Making Sam's team forfeit the pancake eating challenge and caused his unfair early elimination, even though he was being organized for exile duty.

Making Cameron switch to the Villainous Vultures team instead of letting him quit the competition to escape from Sierra's affections.

In one episode of the fifth season, he did a "rigged" wheel game and as Gwen spinned, he purposely made the wheel land on Courtney so that they would fight each other. Not to mention that Billy showed Courtney videos of Gwen making out with Duncan, causing Courtney to get mad just as their friendship was finally started to work out.

Making Cameron take The Flush Of Shame with his injuries instead of taking him to the hospital.

Forgot to feed his interns, so he thought of a challenge where the contestants had to make ice cream sundaes by going through hazardous areas. Later, rather than "actually" giving the interns the sundaes, Billy decided to make the contestants eat their sundaes instead, thus not feeding the interns again, though he was appalled when he discovered that Courtney was planning to feed the interns a nasty sundae.

In the season finale of "Total Drama All-Stars", Billy had the previously eliminated contestants trapped into giant fart balloons. Zoey was able to free Gwen and Cameron and Mal freed Heather and Alejandro. Billy forgot to tie or pop the balloons, causing Lindsay, Lightning, Jo, Sam, Sierra, Duncan, Courtney and Scott to fly away in the air, however they are confirmed to be alive and unharmed.

He also allows Chef to sink Camp Wawanakwa into Lake Wawanakwa.

Using eliminated contestants as human cannonballs in Total Drama: Pahkitew Island.

Eliminating Amy in "Twinning Isn't Everything" despite Samey getting the most votes. However, this could have just been a mistake, as Amy and Samey are identical in appearance, it was apart of Jasmine and Samey's plan to get rid of the real Amy.

Unfairly eliminating Ella simply for singing too much even though her team won the challenge.

In "This Is The Pits!" since both teams lose the challenge, he forced for an elimination ceremony which he mostly wants to and it's even not worth it since neither of the teams won.

Making Chef burn the reward since neither of the teams completed the challenge properly.

Put the contestants in a challenge that involved eating Juggy Chunks that expired almost 40 years ago, which caused them to undergo heavy nausea and vomiting and caused all of them except Shaun and Jasmine to undergo a zombie like trance. In the same episode, he also taunts Dave about being rejected.

In the finale, he crosses the Moral Event Horizon by turning Dave against Sky by repeatedly showing him Sky's audition tape, which revealed that she still had a boyfriend back home.

Me: Geez! Billy is much worse than what we first thought!

Nico came in.

Nico: What did you find out J.D.?

Me: Oh hey Nico. I was given some information to bring Billy to justice when the time comes.

Nico: Really!? I just got back from catching a Blaziken and a Sceptile. But what did you find out?

Me: Lets get everyone together.

We did so and everyone gathered and I revealed everything I was given by Deep Drama and what they saw was absolutely horrifying.

Gwen: Whoa! Billy is that dangerous!?

Leshawna: I knew something was messed up when he did all those torturous challenges.

Dawn: Billy McLean is one evil man. I knew something was wrong when I saw his aura.

Me: What color was his aura Dawn?

Dawn: It was all black and loaded with pure evil.

Me: That is bad.

Duncan: But I can't believe that Billy is much worse than me.

Sammy: Or Amy, Heather, Anne Maria and all the sore losers combined.

Owen: What Billy did makes him the worst host ever known in the history of the world.

Ezekiel: You got that right eh? And he forced me to turn feral when he threw me out of the plane.

Katie: I can't believe that Billy is that dangerous. He's beyond pure evil.

Sadie: How can a monster like him even be allowed to host on television?

Zoey: I don't know. But this monster needs to be stopped or else someone on Total Drama Galaxy is gonna get killed.

Me: Yeah. And we will spring our trap when we do the TDG Aftermath Show. Billy McLean will pay for his crimes in full. Not just in blood but for the rest of his miserable life in prison.

Chris: You got that right J.D. My brother is really dangerous and he has to be stopped.

Chef: Not only that but look at all this.

Chef Hatchett came in with a wheelbarrow full of a huge pile of letters.

Me: What's all this Chef?

Chef: This is all hate mail. And it's all directed at Chris.

Chris: And I didn't do all those things to these guys.

We looked over the letters and what we saw was horrible. Most of the hate mail from the fans of Total Drama was all death threats and some were packages containing bombs. We got rid of those packages quickly.

Me: So Billy is also out to ruin the entirety of Chris' reputation.

Chris: Yeah. Billy has hated my guts ever since I was 5 years old and he can't stand me and he hates me with a vengeance that defies all logic.

Me: That is absolutely sick.

Lincoln: The last episode of Total Drama will be the final nail in his coffin.

Lucy: You got that right Lincoln. I may enjoy the darkness but Billy McLean has gone too far with all this.

Me: I agree with Lucy. I want this monster brought to justice. We can't let this creep hurt people with challenges that are too dangerous any longer!

Everyone: YEAH!

Me: We have until March of 2020. This'll give us plenty of time to set up everything we need for our trap. We're gonna set the stage for when he admits his crimes on all of International Television all over the planet.

Bridgette: Billy McLean is going down.

Topher: Oh yeah. And it'll be on TOTAL… DRAMA… GALAXY!

Me: Well said Topher. You have a great hosting career ahead of you.

Topher: Thanks J.D.

Me: You're welcome. We have a lot of work to do. Lets do it.

We got to work on how we were gonna take Billy McLean down.

In Retroville, Jimmy was working on some of his old inventions.

Jimmy (rebuilding his past inventions): I really have to thank Lisa for helping me take out the flaws in these past inventions.

?: You forgot about one invention, Jimbo.

Jimmy (turns to see who just spoke): You?! But you're supposed to be- (is knocked out)

Jimmy was taken somewhere.

Back at the estate we were thinking up ways to take Billy down.

Me: We have planned to take him down by exposing his crimes on International Television.

Cindy then came in and she was frantic.

Me: Cindy what's wrong!?

Cindy: (Hyperventilating) He kidnapped!

Me: Whoa whoa whoa! Calm down Cindy. Calm down. Take a seat and relax. (She does so) That's better. Now tell us slowly.

Cindy: I'm sorry. I'm sorry. A living ventriloquist dummy named Flippy has kidnapped Jimmy!

We gasped.

Lincoln: That's right. Carl did say something about that when we fought that clone of Slappy.

Nico: That's right he did. I remember that.

Laney: I remember that. What is Flippy?

Me: Lets see here.

I looked it up and what we saw was shocking.

Flippy got on Judy's nerves after Hugh spent all the grocery money on him. Much to her pleasure, Jimmy was forced to use him as firewood to launch the monster strapped to the rocket in "Attack of the Twonkies" back to Twonkus-3.

Later, Flippy reappeared in the episode of the same name as Flippy 2 that looks exactly like the original. Jimmy put a funny chip into Flippy to improve Hugh's jokes. But since the chip was connected to the brain, Flippy came to life by slowly starting to steal Hugh's brain, leaving him a mindless zombie. Jimmy was able to defeat Flippy and turned him back into a lifeless puppet, thus returning Hugh back to normal. But at the end of the episode, it was shown he might still be alive.

Me: Wow!

Nico: Flippy looks like a combination of several dummies.

Me: Yeah he looks like a combination of Chucky, Scarface and Slappy all squeezed together.

Nico: My thoughts exactly.

Luan: (As Mr. Coconuts) He would not make a good friend for me and Eddo.

Eddy: (As Eddo) No he sure wouldn't.

Luan: I would not like this dummy.

Me: Me neither. No offense to Mr. Coconuts and Eddo.

Luan: (As Mr. Coconuts) None taken J.D.

Eddy: (As Eddo) None taken.

Me: Lets see where Jimmy is.

I used the satellites to find him and he was in an abandoned coal power plant that was shut down on the outskirts of the town.

Me: There. And there's a Dark Orb there. Team Loud Phoenix

Storm, lets fly!

We set out for the abandoned coal power plant.

## RETROVILLE - ABANDONED COAL POWER PLANT

At the Abandoned Coal Power Plant on the outskirts of Retroville, Batman was facing Flippy who had Jimmy tied up in a chair.

Batman: You better let him go now you filthy puppet.

Flippy: I can't do that Bats. You see, I need him as bait.

Batman saw Scarface, Slappy, and Chucky in the shadows.

Scarface: You really don't want this fight, Bats.

Slappy: Yeah, pointy ears! You've got no idea who you're messing with.

Batman (glares at them): Funny. I was about to say the same thing!

The 3 evil dummies walked out of the shadows to reveal that they had black fire auras.

Chucky/Satanic Butcherer (Batman has a shocked look): Still feeling brave now, Brucie?

Flippy (walks out of the shadows with a Heartless symbol on his chest): Sorry about the mess. When Jimbo and his friends sent me to that dump, they didn't give me some toys. But thanks to this Dark Orb, I'll have all the toys in world now!

Then a massive fiery explosion blasted through the ceiling of the factory and a phoenix cry was heard and we arrived.

Me: Bruce. I didn't expect you here.

Batman: Same to them.

We turned and saw 4 familiar dummies!

I saw Flippy.

Me: So you are Flippy.

Nico saw Slappy and he was shocked!

Nico: Slappy!

Luan and Lincoln saw Chucky and they was shocked!

Luan and Lincoln: Chucky!

Batman: And Scarface too.

Lois G.: I thought I killed him!

Me: They were brought back to life because of a dark orb.

Robin (TT): This reminds me of the time we fought the Puppet King.

Me: I remember that Robin. That was a fierce battle.

When the Teen Titans were sleeping, the Puppet King infiltrated the Titans' hideout. He manage extract the souls of Robin, Beast Boy, and Cyborg and place them into his puppets. When he attempted to extract Starfire, and Raven's soul, Raven used her magic causing the Puppet King to drop his controller. When that happened Starfire and Raven's souls when into opposite bodies. They manage to escape the Puppet King leaving the others. Since they were opposites Raven and Starfire had to learn from each other and team up to rescue the boys. Just when the Puppet King about to finish the Teen Titans, Starfire and Raven arrived just in time. A battle waged on only to cause the Puppet King to drop his controller into a fire bowl. This caused the Puppet King to become a lifeless puppet and all the Teen Titans to return back to normal. The Teen Titans kept the Puppet King as evidence.

Later, however, the Puppet King was somehow brought back to life and recruited into the Brotherhood of Evil. He appeared in the race initiated by Ding Dong Daddy for Robin's most secret possession as one of its villainous contestants, but was taken out in a mass crash triggered by Red X. When the Brotherhood executed its plan to eliminate young superheroes around the world, the Puppet King assisted Control Freak in capturing Killowat. During the subsequent assault of Beast Boy's team on the Brotherhood's base, the Puppet King confronted Más, who slammed him right into the next wall. Subsequently, when the Titans united for their final fight, the Puppet King joined his fellow villains in defeat.

Flippy: Look, fellas! More playmates!

Satanic Butcherer (smirks at Maria): Dibs on the water girl. (chuckles evilly)

WarKevin (sets his repulsors from stun to kill): Not on my watch!

Gangster of Greed (takes out a tommygun): Take your best shot!

Kevin smirked below his helmet and shot repulsor blasts at the 4 evil dummies, creating holes in their chests and knocking them down.

WarKevin (looks at the supposed dead villains): Had enough?

But the evil dummies laughed as they stood up again.

Doll of Fear (jumps at him): Dibs on his eyeballs!

Nico punched Slappy's heartless away.

Me: Flippy we're gonna take on your friends. You stay out of this.

## Battle 1: CHUCKY THE SATANIC BUTCHERER

Me, Nico, Luan, Lincoln and Poison Ivy were facing the Satanic Butcherer.

Me: I thought we were rid of you for good Chucky.

Satanic Butcherer: You won't be rid of me that easily J.D. You killed me the last time.

Me: You deserved it Chucky.

The novelization of Child's Play 2 goes into Chucky's backstory. As a child, Ray had a difficult life. His Irish-American mother had come from a wealthy family and was a bartender and dancer, but because she was a dwarf, other kids made fun of Ray. To make matters worse, his Austrian-American father was a raging and obnoxious alcoholic who abused him and his mother.

It is implied that members of Ray's family were also murderers in Seed of Chucky when he tells Glen that killing has been in the family for generations. This might be where Ray got some of his psychotic personality traits from. Ray apparently went to a man named John Aelsop Bishop (also once known as "Doctor Death") to learn about Voodoo magic as to find a way to cheat death (although John was unaware of Ray's true motives). At some later point, Ray met and befriended Daniel Pierce and was introduced to his family: His wife Sarah (who was pregnant with Nica at the time) and his daughter Barbara.

Ray fell secretly in love with Sarah and wanted the two of them to be "family". At some point later, he murdered a woman named Vivian Van Pelt and stole her $6,000 ring for unknown reasons. He also met Tiffany Valentine and she became his girlfriend (though Ray did not view her as such, as he was still in love with Sarah). He also killed Tiffany's mother. One night, Ray found Daniel walking home and offered him a ride home. At some point he managed to subdue and drown him. He later attended his funeral along with Sarah's family. He later kidnapped Sarah and held her in the basement of a building (possibly the same apartment building located at 730 Stony Island Avenue on the south side of Chicago). He revealed his true motives to her and everything he did to her family (now believing himself to be "part" of the family). At some point Sarah managed to gain access to a phone where she dialed 911. The police showed up to the building and Ray realized what happened. Enraged at Sarah's snitching to the cops about "us", he stabbed Sarah with a voodoo knife (the same one used later by Chucky) in the stomach. This caused Nica's paraplegia (paralysis of the legs) later after she was born. From there the Child's Play film series unfolds.

Grace Poole mentioned in the second film that Ray murdered a total of one dozen people during his killing spree in Chicago (despite only having three confirmed victims and only one is actually seen on camera). In Cult of Chucky, Nica mentioned she read about Ray having murdered 22 people before he was killed by the police.

One night in Chicago, Ray is being chased by the police Sarah had called earlier. Among the officers involved in the chase is detective Mike Norris. He tries his hand at shooting Norris but misses, and he is shot in the foot by him. He sees his partner, Eddie Caputo, in the van up ahead and limps towards his direction, but Norris calls his partner, Jack Santos, to chase the van. Ray is then forced to hide behind a wall, despite his attempts at calling his partner to wait for him. Missing Norris with his gun again, he is told to give up and surrender. Cornered and unable to go anywhere, Ray takes cover inside a toy store, and is soon fatally shot by Norris in the chest. Before dying, Ray removes his trench coat, swears vengeance on Norris and Eddie, and continues to hide from him. He begins to lose his balance and leans forward on boxes of "Good Guy" dolls, knocking them down, and uses a voodoo ritual to transfer his soul into one of the dolls. The store is then struck by lightning and it burns to the ground. Norris presumes Ray died in the explosion.

Later that morning, 6-year-old Andy Barclay tells his widowed mother, Karen, that he wants a Good Guy doll for his birthday after watching a TV commercial about it. Unable to afford the full price, Karen buys a stolen doll from a street peddler named Hector, which is the same doll Charles Lee Ray had earlier transferred his soul into.

That night, as Andy is playing with the doll (who has introduced himself as "Chucky" through the talking feature of the doll), Karen's friend, Maggie Peterson, who is babysitting her nephew Andy, scolds him for turning on the evening news and placing Chucky in front of the TV. When Andy tries to tell Maggie that he did not put Chucky in front of the TV, she does not believe him. Maggie is then viciously struck with a toy hammer and falls out of the apartment window, falling several stories below to her death. The killer's identity is left ambiguous. Andy, when questioned, insists that Chucky has revealed himself to be alive and that he killed Maggie, though he defends Chucky's decision by stating that Chucky told him that "Maggie was a real bitch" and that she "got what she deserved".

The next day, Andy, apparently upon Chucky's request, visits the house of his accomplice Eddie Caputo, missing school in the process. Chucky is revealed as being alive. He sneaks into Eddie's house and blows out the pilot light on the stove and turns up the gas; Eddie, in panicked self-defense, fires his gun and the house explodes, killing him inside.

Later, authorities place Andy in a psychiatric ward after he is found near the crime scene. Karen believes the doll to be the true culprit after she realizes that his batteries had never been put in and she threatens to throw him into the fireplace unless he reveals himself to her. Chucky comes alive in her hands, bites her on her forearm and runs out of the apartment. She contacts Detective Norris, who is now investigating Maggie's death. Although he initially doubts her story, Hector the homeless man who sold Karen the doll confirms that he retrieved it from the burnt down toy store where Charles Lee Ray was killed.

Detective Norris becomes a firm believer after he is attacked by Chucky in his car and survives only by shooting the doll. He had attempted to strangle him, forcing Norris to drive recklessly, and stab him with his knife. Suffering a cigarette burn to his cheek and a gunshot wound, Chucky begins to question himself why he was bleeding following the attack.

Chucky later meets with John Aelsop Bishop, his voodoo instructor from years past, and asks why his gunshot wound bled. John, under torture via voodoo doll, informs him that his body is slowly becoming that of a human's and he will soon be trapped in the body if he does not transfer his soul into the body of the first person he revealed himself to, which is Andy.

Offhandedly remarking that he will "get to be six years old again," Chucky stabs the voodoo doll in the chest and leaves John to die. Karen and Detective Norris, following leads from Charles Lee Ray's case file, find John as he lays dying and receive instructions on how to kill Chucky, although Chucky is a doll, his heart is fully human and vulnerable to fatal injury. Chucky kills the head doctor, Dr. Ardmore, while Andy escapes from the psychiatric unit, now aware Chucky is after him. The authorities believe Andy killed the doctor while escaping.

Mike and Karen rush back to the apartment hoping that Andy is there. Chucky reaches the apartment where Andy is and knocks him unconscious with a baseball bat before beginning the same incantation to steal his soul. Karen throws him away as she and Norris check on Andy, only for Norris to be stabbed in the leg by Chucky. After a prolonged struggle, Chucky is thrown into the fireplace by Karen and is lit on fire by Andy after he throws the lighted match in the fireplace. He tried pleading with Andy that they were friends until the end, but Andy told him this is the end.

Andy and Karen, thinking Chucky is dead, go to help the injured Mike Norris. After Andy gets the first aid kit from under the sink, he discovers Chucky is gone. Very burnt but alive, Chucky chases after Andy and Karen, who barricade themselves in the bedroom; Karen shoots him several times, missing his heart, but scattering his head, an arm and a leg in the hallway. After Norris' partner, Jack, arrives, the scattered doll parts attempt to attack under the instructions of Chucky's screaming, severed head. Karen, remembering John's last words, tells Norris to shoot Chucky in the heart. Norris does so and makes a direct hit, killing Chucky, again.

An ambulance arrives to take Norris to the hospital. Karen and Jack help him walk out the door, but Andy stays and looks over the burnt remains of Chucky. Karen returns and leads Andy out of the room and turns off the lights. Andy turns to look at Chucky one last time before leaving.

Two years after the events of the first film, Play Pals Toys repaired the burned Chucky doll, insisting that there was nothing wrong with it, while Andy is sent to foster care due to his mother being sent to a mental hospital for psychiatric evaluation for backing up Andy's testimony on Chucky. When the workers at Play Pals rebuilt Chucky manually, the dreaded Lakeshore Strangler was revived.

Later that night, Chucky was being taken home by the CEO's assistant, not knowing that Chucky was truly alive. When he received a call from his girlfriend asking if he remembered the Vodka for their 2-week anniversary. He replied with a yes, hang up, and angrily drove to the liquor store. When he got out of the car, Chucky got the phone and called the orphanage and asked if Andy was there. They said no, but also asked who he was, which he replied "This is his uncle, Charles." When the man came back to the car, irritated that Gold Cards were never accepted at the liquor store, he was attacked by Chucky. Chucky forced him to park the car, where he killed him with a plastic bag.

Chucky found his way to Andy's new home, owned by Phil and Joanne Simpson, and destroyed Andy's Tommy Good Guy Doll with Joanne's China figurine. The figurine was destroyed as well in the process, which resulted in Andy and his foster older sister, Kyle, getting grounded.

That night, Chucky had successfully fooled Andy into making him thinking he was Tommy, which allowed Chucky into his bedroom. There, Chucky had tied Andy to the bed and literally put a sock into his mouth. He began the ritual to place his soul in Andy's body, but was interrupted when Kyle began to crawl in through the window after sneaking out for a date. She began to untie Andy, but did not believe his story of Chucky. Andy, with his newly-freed hand, punches Chucky off of the bed. Joanne and Phil arrive, and Phil takes Chucky to the cellar.

The next day, Chucky followed Andy to school, where he wrote profanity on Andy's test paper. The teacher, Miss Kettlewelll, believed it was Andy who wrote it, and kept him at school for detention. There, Miss Kettlewell had found Chucky and locked him in the closet. Andy, knowing where Chucky was, escaped through the window and made his way for home. Not long after, Miss Kettlewell returned to the classroom, where she noticed Andy was missing. She heard a noise from the closet, and assumed that was where he was. She opened the door and searched everywhere, but was ambushed by Chucky and was beaten to death with a yard stick.

That night, Andy went into the cellar with an electric knife to kill Chucky. He searched everywhere, but was attacked by Chucky who began to bite his ear. Chucky was hit in the side of the head with the knife, and made an escape by hiding behind the stairs. Phil began to slowly walk downstairs, attempting to calm Andy. Unfortunately, Chucky found a harpoon and used it to dangle Phil from the stairs. He released Phil, who fell to his death.

About an hour later, Chucky had murdered Joanne in her bedroom and was now using Kyle to drive him to the orphanage, where Andy was living once again. Kyle had stepped on the breaks, making Chucky shatters the window and falls out of the car. He was on the hood, but Kyle stepped on it, making it harder for Chucky to hold on. She once again stepped on the breaks, forcing Chucky to fly off the car and hit a fence. She attempted to ram him, but got out of the way just in time. She got out of the car and found Chucky on her shoulders.

Kyle took Chucky to the orphanage, where he pulled the fire alarm. Kyle and Andy were taken to the matron (Grace Poole)'s office, who was killed by Chucky. Kyle attempted to help Andy escape, but Andy was taken away by Chucky instead. Chucky told Andy to get in the back of a truck, where he attempted the ritual a second time. He was once again stopped by Kyle, and Chucky forced Andy to flee to the Play Pals Toy Factory while Kyle was being harassed by the truck driver.

In the factory, Chucky attempted the ritual a third and final time, and finally finished it. Fortunately, too much time had been wasted and he was trapped in the doll's body.

Me: You should've stayed dead Chucky. You kidnapped two of my friends and that is something that will never be tolerated.

Satanic Butcherer: I was trying to get a new body out of it!

Me: Tell that to the 67 people you senselessly butchered and the hundreds more that you injured when you terrorized all of Illinois.

Satanic Butcherer: Actually it's 81+ but who's counting?

Me: Well whatever. You don't have a single shred of value for human life and for that you will die again. You're going back to Hell where you belong you fucked up fuck!

Nico: Charles Lee Ray A.K.A. Chucky you have failed this world!

Me: More like he has failed everything. You're an animal Chucky! A FUCKED UP MONSTER!

Luan: You kidnapped me and Lincoln, and now I will have my revenge!

Lincoln: Same here!

Me: People like you make me sick just looking at you.

I went at the Satanic Butcherer and kicked him in the face and he went crashing into a shut down heater. He got out and yelled and went at me and stabbed me in the leg.

SHEEN!

My poisonous blood splattered all over his face. But to my surprise it didn't burn him.

Satanic Butcherer (wipes off my blood): Your blood doesn't really hurt me anymore, Knudson.

Me: That's okay. I have plenty of new tricks up my sleeve.

Luan fired a blast of light from and it hit the Satanic Butcherer and exploded and Lincoln fired a blast of lightning and electrocuted him.

The Satanic Butcherer yelled in a lot of pain.

Poison Ivy: Now it's time for some fun! EARTH CYBER KEY POWER!

The Earth Cyber Planet Key went into her device on her arm and deadly vine tentacles with flower mouths that drip concentrated sulfuric acid from their mouths formed out of her back and they were ready for blood.

Me: Lets get this freak!

Nico fired a blast of lightning at him and it electrocuted him and the vines from Poison Ivy bit the Satanic Butcherer and melted his arms off.

Luan and Eddy fired a massive blast of light and completely obliterated the Satanic Butcherer into dust. Chucky was forever sent into the River of Fire.

Me: That takes care of that freak. Never again Chucky. Never again.

But the battle was not over.

## BATTLE 2: GANGSTER OF GREED

Me, Nico, Batman, Lois, Ernie the Giant Chicken and Laney were facing the Scarface Heartless, the Gangster of Greed.

Arnold Wesker (also known as The Ventriloquist) is a villain from the Batman series. He is always seen with the puppet Scarface. Many people believe he is crazy, and just puppetering Scarface, but he believes Scarface took possession over him.

In Detective Comics #818, an issue later included in the trade paperback Batman: Face the Face, Wesker is murdered by an unseen assailant. The puppet Scarface is stepped on and its head crushed. The dying Wesker uses Scarface's hand to leave a clue regarding his murder: a street name. Later in the storyline, it is revealed that Tally Man, acting as an enforcer for the Great White Shark, is responsible for the murder.

During the Blackest Night crossover, Wesker is among the many deceased villains that received a Black Lantern power ring and is reanimated into a Black Lantern. Using his power ring, Wesker creates a construct of Scarface made of black energy. He is shown murdering many police officers.

In the New 52 continuity, Arnold Wesker is now living, his death apparently erased from reality in the DC Universe. He appears in Batman: The Dark Knight #2. Implied to be in possession of the

Venom steroid, he clashes briefly with Nightwing.

Scarface is a villain from the Batman series. He is not a human, but a puppet. He is being controlled by the Ventriloquist.

The Ventriloquist believes that the puppet controls him, because it is possessed by the souls that died beneath the tree from which he was made. Most people believe the Ventriloquist controls Scarface, and uses Scarface to commit his crimes.

Gangster of Greed (shoots at Batman): Dunno why you're ok with taking me out, Bats! Aren't you always about that no killing crap?

Batman: For your information, I accepted that scumbags like you need to die after Jason Todd was killed by The Joker the first time!

Me: That's right you Gangster Fuck! You make me sick just looking at you.

Nico: Scarface you have failed this city!

Lois G.: That's right! I killed you you oversized talking toothpick!

Gangster of Greed: That's right toots. You all did kill me. And now I'm gonna return the favor!

Ernie: I don't think so! ANIMATRON CYBER KEY POWER!

The Animatron Cyber Planet Key went into his device on his wing and a powerful multi-rocket launcher popped out and and a jet pack appeared. The rocket launcher fires eggs that explode.

Batman kicked the Gangster of Greed into the air and Laney slashed him in his face with her vines.

Gangster of Greed: I know this is cliche but… say hello to my little friend! (fires tommygun at Batman)

Batman dodged his shots.

Lois blasted the Gangster of Greed with a Minigun.

Ernie fired numerous eggs and they hit the Gangster of Greed and exploded.

KRABBBOOOOOOOOOMMMMM!

The Gangster of Greed was dead and went into the River of fire.

Me: We're not done yet.

---

## BATTLE 3: DOLL OF FEAR!

---

Me, Nico, and Lori were facing the Doll of Fear.

Slappy was originally created by an unnamed evil sorcerer; alongside Mr. Wood, Slappy was carved by the sorcerer out of the cursed wood of a stolen coffin. After Mr. Wood was destroyed at the end of Night of the Living Dummy, this resulted in Slappy becoming twice as evil.

Slappy takes the form of a ventriloquist dummy but is granted life, threatening everyone around him and becoming more of a threat as the series progressed. The only way to make him live is by saying the following incantation: "Karru Marri Odonna Loma Molunnu Karrano" (said to mean "You and I are one now"). Written down on a business card, he keeps the spell in his pocket. Almost every new owner reads out the spell, causing the electricity to act strange for a few seconds.

Slappy keeps himself quiet, as the new owner finds out strange things are happening in the house. Furniture gets moved, things disappear and re-appear. He has a behavior of a very naughty child, or a Poltergeist. He also has the ability to change people into ventriloquist dolls with his green breath. With this breath, he also can animate other dolls and puppets. He is blown into pieces in the Goosebumps television series, in Episode 3: "Night Of The Living Dummy". However, Slappy still survived that. In Slappys Nightmare, the Streets of Panic Park and The Dummy meets the Mummynhe is a anti hero. He also appears in the Horrorland series and most wanted where in the son of Slappy he finally wins.

He also has his own series called Slappyworld where is the narrator of the series and sometimes the main villain of some books.

He also appears in the comic book series as the main villain of the first arc and set to appear in others. He appears in the first story arc Monster at Midnight as the main antagonist leading the monsters to attack two sisters and later appears in the second arc Download and Die! where he team-ups up with The Creeps to antagonize three young girls.

Slappy also appears in the short story crossover Gaslighted: Slappy the Ventriloquist Dummy vs. Aloysius Pendergast, where Aloysius Pendergast the protagonist of the book series of the same name fights off Slappy.

I got hit in the face with a pretzel.

Me: Ow. A Pretzel?

Doll of Fear (throws pretzel at Lori): You like human pretzels, huh? How about actual pretzels?!

Doll of Fear screamed as he saw us eating the pretzels.

Me: Mmm. Delicious. Got any cheese sauce?

Nico: I'm not afraid of you anymore Slappy. You may have tormented me back when I was younger, but I'm not afraid of you anymore and never will be again.

Doll of Fear (to Lori): Hey, Blondie. I think you're pretty. Pretty ugly! (laughs evilly)

We all gasped at what he called Lori.

Me: Oh Fuck!

Nico: Slappy has not only failed this city, but he just signed his death warrant.

Lola: You call Lori U-G-L-Y and she will destroy you.

Lana: Oh yeah.

Lila L: He really asked for it

Lori had her face down and her anger was rising fast. And I'm not talking about any ordinary anger. I'm talking about level 12 anger. A volcano exploded in the background with a tremendous explosion!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Lori: (ENRAGED SCREAMING) ***WHAT DID YOU JUST SAY YOU MOTHERFUCKING FREAK!?***

Doll of Fear: UGLY! U-G-L-Y and you will never be beautiful as me.

Me: Boy he just REALLY pushed her button big time and he's miles down shit creek.

Nico: This guy is really fucked up.

Lincoln: He asked for it big time.

LORI THEN WENT BALLISTIC!

Lori unleashed her level 12 anger out on Slappy and she was going crazy on him. (Think of how Ren killed that horse in the infamous episode of Ren and Stimpy's Adult Party Cartoon "Ren Seeks Help" but 100 times worse.)

Bobby and Nico grabbed her.

Nico: Lori! Stop! He's dead. He's done.

Bobby: Babe calm down.

Lori then stopped and when she saw what she did to Slappy she hugged Bobby and broke down crying.

But regardless, we beat the Doll of Fear and sent Slappy into the River of Fire.

## BATTLE 4: FLIPPY

We all were facing Flippy.

Me: You're gonna pay for everything you've done Flippy.

Varie and Eddy freed Jimmy.

Varie: Are you all right Jimmy?

Jimmy N.: I'm fine Varie.

Eddy: That Flippy must've really caused you a lot of trouble.

Jimmy N.: I should've never put that chip in Flippy in the first place!

Varie: It's not your fault Jimmy. Lets finish this freak off and get rid of him for good.

Jimmy N.: Right!

Nico: (sees the Heartless symbol on Flippy's chest): Flippy… you're a Heartless now, aren't you?!

Me: Lets do this. Combo and Final Smash time!

Skydive: You got it!

Wildrider: Me and Poison Ivy will start us off. CYBER KEY POWER!

The Velocitron Cyber Planet Key went into Wildrider's back bumper and enhanced his speed and he drove at 1,000 miles per hour.

Wildrider and Poison Ivy: BLAZING ACID SPEEDSMOKE!

Poison Ivy fired streams of sulfuric acid at the flames on the road as Wildrider set the road on fire with his sheer speed. The fire burned blue and burned Flippy and was eating at him.

Edzilla (punches Flippy): ED SMASH STUPID DOLLS!

Skydive: Now it's my turn. CYBER KEY POWER!

The Earth Cyber Planet Key went Skydive's his nega-gun and it enhanced it so that it can destroy all objects at the subatomic level.

Ernie the Giant Chicken: Lets get him!

Skydive and Ernie the Giant Chicken: DISINTEGRATOR EGGBOMB BARRAGE!

The eggs hit Flippy and exploded and the disintegrator blast hit Flippy and destroyed his clothes revealing the dark orb imbedded in his chest.

Sheen: It's final smash time! ULTRALORD SLAMMFORCE!

Sheen formed a barrage of holograms and they were all the Ultralords he loves and they slammed into Flippy and exploded.

KRABBBBOOOOOOOOOOOOOOOOOOMMM!

Pinocchio: My turn! NEVER TELL A LIE! I ate a sandwich made of tuna!

Pinocchio's nose grew to the length of a spear and it skewered him all the way through him and it destroyed the Dark Orb and the funny chip.

Nico: Flippy you have failed this whole universe!

Laney: Time to deliver the ultimate fatal blow!

(Mighty Morphin Power Rangers Theme Song plays)

Laney called forth the weapons of the Mighty Morphin Power Rangers.

Laney: Mastodon Power Axe! (Mastodon Trumpets)

Laney turned the axe into a gun.

Laney: Pterodactyl Power Bow! (Pterodactyl Screeches)

The bow fused with the gun.

Laney: Saber Toothed Tiger Power Daggers! (Saber Toothed Tiger Roars)

The Daggers fused with the blaster on the bow.

Laney: Triceratops Power Lance! (Triceratops Bellows)

The lance fused with the blaster.

Laney: Tyrannosaurus Power Sword! (Tyrannosaurus Roars)

The sword was placed on top of the blaster.

GO GO POWER RANGERS!

Laney: Taste the power of the Power Rangers!

Laney fired the blaster and 5 blasts fired out of it and combined into a focused blast and it hit Flippy and he fell down and exploded in a ball of fire.

KRABBBOOOOOOOOOOOOOOOOOOOOOMMMMM!

Flippy was completely incinerated into ashes. He was gone for good.

We cheered wildly.

Me: Nice shot Laney!

Luna: That was awesome Lanes!

Lincoln: That was awesome!

Bobby: That was an awesome shot little sis!

Nico: I agree Bobby. That was awesome!

Laney: Thanks guys.

Vince: I'll say. Good show.

Carol: That sure was awesome.

Flippy was defeated and his insult comedy was gone forever.

Sheen: (To the Viewers) This was awesome using a final smash and I have a feeling we're gonna be doing many of them.

---

The next day I was challenged to a race by a Dodrio trainer named Dario and he was way ahead of me. He was a total jerk and wants nothing more than to see my friend Lara Laramie lose a race. But my Rapidash was much faster than he thought. It was a really close and then I crossed the finish line 1st!

Me: Way to go Rapidash!

Rapidash won and I left Dario in the dust. We stopped and everyone cheered wildly.

Dario: You cheater!

Me: You're the one who cheats you freak and you are nothing but a sore loser.

Dario: I'll kill you for this!

I fired a shockwave blast at Dario and it sent him crashing into a tree and Rapidash bucked and kicked the Dodrio high into the air and I threw a pokeball and caught it.

I walked over to Dario and grabbed him by the shirt.

Me: (Cowboy Voice) Looks like you're headed for the last roundup my friend.

I threw Dario in jail for attempted murder and assault and battery. He was sentenced to life in prison without the possibility of parole for 50 years.

But I wasn't the only one having a race.

Stacy and Rachel were having a swim race in our swimming pool. Rachel of the Animorphs was a shark and Stacy was in her Street Shark form. They were neck and neck and in the end Stacy won.

Rachel (Animorphs) and Stacy just reverted back to human.

Stacy: Nice race, Rachel!

Rachel (smiles): Thanks, Stacy! (stomach growls) Why am I suddenly getting a craving for fish?

Stacy: (Laughs) That's what happens when you revert back. Lets go get some grub.

It was a good day.

THE END

---

Another Fanfiction Complete

This chapter had several parts. The 1st part was based on the Hey Arnold episode Heat. That episode was about a nasty heat wave ravaging the city and it was like Phoenix, Arizona at 116˚ Fahrenheit outside! You would FRY in that kind of heat! The kids all went crazy because of the heat and it has been known to have a notoriously dangerous effect on the mind and causes people to do crazy things to cool down. The reason I put the Jolly Olly Man in prison is because I just don't like him and he was a ripoff artist and he deserves to be sent to a maximum security insane asylum. I got the idea for the whistleblower part from the Fairly Odd Parents movie Channel Chasers where Tootie was dressed up like the famous whistleblower Deep Throat, who provided the Washington Post with important incriminating information about the Watergate Scandal back during the Presidency of Richard Nixon. Tootie dressed like that to show how bad that Vicky is. But this mysterious Deep Drama will be revealed in due time when we do the Total Drama Galaxy Saga. All those crimes that Chris did on Total Drama were practically the worst ever. He tortured and humiliated all the contestants on Total Drama to destroy and kill them. WHAT A

JERK! The third part is for where we fought Flippy, a ventriloquist dummy that once belonged to Jimmy's dad and Judy Neutron was annoyed that he got Flippy instead of Groceries. I think Hugh Neutron has a brain as big as a pea. Almost non-existent. I got the idea for the 4th part from the Pokemon Season 1 episode called The Flame Pokemon Athon and it was awesome! Plus I hate that guy Dario for hurting Lara. Not only that but today is 2019's Kentucky Derby and if you have a favorite horse, be sure to root for them. So I got the idea for the race for that as well. Also NicoChan11 gave me the ideas for this one. Thanks man as always. Let me know what you all think.

See you all next time.

# Cinco De Mayo Celebration

FELIZ CINCO DE MAYO 2019 TODOS!

---

In the estate we were decorating everything with all kinds of Mexican Party decorations.

Me: This is gonna be awesome! (To the Viewers) Oh hey there. You are probably wondering why everything is all covered with Mexican Decorations. Well today is a special day for both Mexico and the United States. It's May 5th, 2019 A.K.A. Cinco De Mayo. And this is an important part of Mexico's history. On May 5th, 1862 when the American Civil War raged on, French colonizers from France came to Mexico to try and take over the country. But the Mexican's wouldn't let them. It was in the Battle of Puebla on May 5th, 1862 that the Mexican Army drove the French Colonizers away and liberated all of Mexico from the French Colonizers and ever since that day 157 years ago today, it's been an important part of Mexico's history. But it's mostly celebrated here in the U.S. Here's some Gratuitous Educational Information to help you.

GRATUITOUS EDUCATIONAL INFORMATION

Cinco de Mayo (pronounced [ˈsiŋko ðe ˈmaʝo] in Latin America, Spanish for "Fifth of May") is an annual celebration held on May 5. The date is observed to commemorate the Mexican Army's victory over the French Empire at the Battle of Puebla, on May 5, 1862, under the leadership of General Ignacio Zaragoza. The victory of the smaller Mexican force against a larger French force was a boost to morale for the Mexicans. A year after the battle, a larger French force defeated Zaragoza at the Second Battle of Puebla, and Mexico City soon fell to the invaders.

In the United States, Cinco de Mayo has taken on a significance beyond that in Mexico. More popularly celebrated in the United States than Mexico, the date has become associated with the celebration of Mexican-American culture. These celebrations began in California, where they have been observed annually since 1863. The day gained nationwide popularity in the 1980s thanks especially to advertising campaigns by beer and wine companies. Today, Cinco de Mayo generates beer sales on par with the Super Bowl.

In Mexico, the commemoration of the battle continues to be mostly ceremonial, such as through military parades or battle reenactments. The city of Puebla marks the event with an arts festival, a festival of local cuisine, and re-enactments of the battle.

Cinco de Mayo is sometimes mistaken for Mexico's Independence Day-the most important national holiday in Mexico-which is celebrated on September 16, commemorating the Cry of Dolores, which initiated the war of Mexican independence from Spain.

Cinco de Mayo has its roots in the Second French intervention in Mexico, which took place in the aftermath of the 1846-48 Mexican-American War and the 1858-61 Reform War. The Reform War was a civil war that pitted Liberals (who believed in separation of church and state, and freedom of religion) against Conservatives (who favored a tight bond between the Catholic Church and the Mexican state). These wars nearly bankrupted the Mexican Treasury. On July 17, 1861, Mexican President Benito Juárez issued a moratorium in which all foreign debt payments would be suspended for two years. In response, Britain, France, and Spain sent naval forces to Veracruz to demand reimbursement. Britain and Spain negotiated with Mexico and withdrew, but France, at the time ruled by Napoleon III, decided to use the opportunity to establish an empire in Mexico that would favor French interests, the Second Mexican Empire. The empire was part of an envisioned "Latin America" (term used to imply cultural kinship of the region with France) that would rebuild French influence in the American continent and exclude Anglophone American territories.

Late in 1861, a well-armed French fleet attacked Veracruz, landing a large French force and driving President Juárez and his government into retreat. Moving on from Veracruz towards Mexico City, the French army encountered heavy resistance from the Mexicans close to Puebla, at the Mexican forts of Loreto and Guadalupe. The French army of 8,000 attacked the poorly equipped Mexican army of 4,000. On May 5, 1862, the Mexicans decisively defeated the

French army. The victory represented a significant morale boost to the Mexican army and the Mexican people at large and helped establish a sense of national unity and patriotism.

The Mexican victory, however, was short-lived. A year later, with 30,000 troops, the French were able to defeat the Mexican army, capture Mexico City, and install Emperor Maximilian I as ruler of Mexico. The French victory was itself short-lived, lasting only three years, from 1864 to 1867. By 1865, "with the American Civil War now over, the U.S. began to provide more political and military assistance to Mexico to expel the French". Upon the conclusion of the American Civil War, Napoleon III, facing a persistent Mexican guerilla resistance, the threat of war with Prussia, and "the prospect of a serious scrap with the United States", retreated from Mexico starting in 1866. The Mexicans recaptured Mexico City, and Maximilian I was apprehended and executed, along with his Mexican generals Miguel Miramón and Tomás Mejía Camacho in Cerro de las Campanas, Querétaro. "On June 5, 1867, Benito Juárez finally entered Mexico City where he installed a new government and reorganized his administration."

The Battle of Puebla was significant, both nationally and internationally, for several reasons. First, although considerably outnumbered, the Mexicans defeated a better-equipped French army. "This battle was significant in that the 4,000 Mexican soldiers were greatly outnumbered by the well-equipped French army of 8,000 that had not been defeated for almost 50 years." Second, since the Battle of Puebla, some have argued that no country in the Americas has subsequently been invaded by any other European military force. Historian Justo Sierra has written in his Political Evolution of the Mexican People that, had Mexico not defeated the French in Puebla on May 5, 1862, France would have gone to the aid of the Confederacy in the U.S. Civil War and the United States' destiny would have been different.

According to a paper published by the UCLA Center for the Study of Latino Health and Culture about the origin of the observance of Cinco de Mayo in the United States, the modern American focus on that day first started in California in 1863 in response to the resistance to French rule in Mexico. "Far up in the gold country town of Columbia (now Columbia State Park) Mexican miners were so overjoyed at the news that they spontaneously fired off rifle shots and fireworks, sang patriotic songs and made impromptu speeches."

A 2007 UCLA Newsroom article notes that "the holiday, which has been celebrated in California continuously since 1863, is virtually ignored in Mexico." TIME magazine reports that "Cinco de Mayo started to come into vogue in 1940s America during the rise of the Chicano Movement." The holiday crossed over from California into the rest of the United States in the 1950s and 1960s but did not gain popularity until the 1980s when marketers, especially beer companies, capitalized on the celebratory nature of the day and began to promote it. It grew in popularity and evolved into a celebration of Mexican culture and heritage, first in areas with large Mexican-American populations, like Los Angeles, Chicago, Houston, New York, followed by Cleveland, Boston, Indianapolis, Raleigh, Dallas, San Antonio, Washington, D.C., Atlanta, Miami, Orlando, Denver, Phoenix, Philadelphia, Tucson, San Francisco, San Jose, and San Diego.

In a 1998 study in the Journal of American Culture it was reported that there were more than 120 official US celebrations of Cinco de Mayo in 21 different states. An update in 2006 found that the number of official Cinco de Mayo events was 150 or more, according to José Alamillo, a professor of ethnic studies at Washington State University in Pullman, who has studied the cultural impact of Cinco de Mayo north of the border. Los Angeles' Fiesta Broadway has been billed as the largest Cinco de Mayo celebration in the world, which it most certainly was at its peak in the 1990s when it attracted crowds of 500,000 or more. In recent years attendance has seen a dramatic decrease.

On June 7, 2005, the United States Congress issued a concurrent resolution calling on the President of the United States to issue a proclamation calling upon the people of the United States to observe Cinco de Mayo with appropriate ceremonies and activities. To celebrate, many display Cinco de Mayo banners while school districts hold special events to educate students about its historical significance. Special events and celebrations highlight Mexican culture, especially in its music and regional dancing. Examples include baile folklórico and mariachi demonstrations held annually at the Plaza del Pueblo de Los Ángeles, near Olvera Street. Commercial interests in the United States have capitalized on the celebration, advertising Mexican products and services, with an emphasis on alcoholic beverages, foods, and music. According to Nielsen, in 2013 more than $600 million worth of beer was purchased in the United States for Cinco de Mayo, more than for the Super Bowl or St. Patrick's Day.

The former Forts of Guadalupe and Loreto now house a museum.

On May 9, 1862, President Juárez declared that the anniversary of the Battle of Puebla would be a national holiday regarded as "Battle of Puebla Day" or "Battle of Cinco de Mayo".

Today, the commemoration of the battle is not observed as a national holiday in Mexico (i.e. not a statutory holiday). However, all public schools are closed nationwide in Mexico on May 5. The day is an official holiday in the State of Puebla, where the Battle took place, and also a full holiday (no work) in the neighboring State of Veracruz.

In Puebla, historical reenactments, parades, and meals take place to commemorate the battle. Parade participants dress as French and Mexican soldiers to reenact the battle. Every year the city also hosts the Festival Internacional de Puebla, which gathers national and international artists, traditional musicians and dancers.[54] As well as the Festival Internacional del Mole, with an emphasis on the city's iconic mole poblano.

In Mexico City, military commemoration is occasionally held at the Campo Marte. A street, Avenida Cinco de Mayo, in the Historic Center of Mexico City was named after the battle in 1862 by Benito Juárez.

Events tied to Cinco de Mayo also occur outside Mexico and the United States. As in the United States, celebrations elsewhere also emphasize Mexican cuisine, culture and music. For example, some Canadian pubs play Mexican music and serve Mexican food and drink, and a sky-diving club near Vancouver holds a Cinco de Mayo skydiving event. In the Cayman Islands, in the Caribbean, there is an annual Cinco de Mayo air guitar competition, and at Montego Bay, Jamaica, there is a Cinco de Mayo celebration. The city of Brisbane, Queensland, Australia, holds an annual Mexican Festival to honor the day, and celebrations are held in London and New Zealand. Other celebrations of the day can also be found in Cape Town, South Africa, Lagos, Nigeria, and in Paris. Cinco de Mayo is celebrated in Japan in Osaka and in Tokyo's Yoyogi Park Event Space as a celebration of Latin American culture.

Me: And there you have it folks. We love all the holidays. It's too bad that Cinco De Mayo is not one of the major holidays. But it is right up there. Mr. Lynn and Ms. Rosa are cooking up the Cinco De Mayo feast and I love Mexican food.

I go into the kitchen and there was a lot of Mexican Food being cooked by Lynn Loud Sr. and Rosa Casagrande.

Me: Ms. Rosa is just as much as a magnificent cook as Mr. Lynn and we have all kinds of food ready. We have Chalupas, Tamales, Chiles En Nogada, Pollo Asada, Fajitas, Burritos, Pico De Gallo, guacamole and my number one favorite meal: Mole Poblano.

Lynn Sr.: You sure love Mexican food don't you J.D.?

Me: I sure do Mr. Lynn.

Rosa: (Spanish Accent) You are a growing superhero J.D. and you need to eat good.

Me: Thanks Ms. Rosa. But also I love food from Mexico because of another food: HOT SAUCE!

CALIENTE!

Lynn Sr.: Perfect J.D. We're almost ready for the feast.

Me: Okay Mr. Lynn.

Omi: (Tibetan Accent) Friends, I wish to invite Jermaine to our party. It has been some time since we last saw him.

Raimundo: Good idea. He's gonna be surprised to see that the four of us are now Wudai Warriors.

Me: Good idea Omi. You better go get him.

Nico: Hey J.D. Are you ready to have an awesome Cinco De Mayo Party!?

Me: You know I am Nico!

Manaphy, Poromon, Horsea, and Poliwag: HAPPY CINCO DE MAYO, EVERYBODY!

May: Happy Cinco De Mayo guys.

Nico: Ramjet you better take Omi to get Jermaine.

Ramjet: I'm on it Nico.

Ramjet was off with Omi to get Jermaine. They arrived at his house in San Francisco, California.

Omi knocked on his door. Jermaine answered.

Jermaine: Omi!

Omi: It is good to see you again Jermaine. Would you like to join us at the Team Loud Phoenix Storm estate for a Cindo De Mayo party?

Jermaine: I'd be glad to go to your party, Omi Dawg!

Omi: Glad to hear it, my friend.

Ramjet: Now that you've accepted the invitation, is there any food around here that we can get for the party?

Jermaine: I have a special treat already.

Jermaine held out a jar of Ghost Peppers!

Jermaine: Ghost Peppers!

Ramjet: Oooh! J.D. loves ghost peppers.

They went back to the estate.

* * *

I was helping Bobby set up some more decorations.

Raimundo: You guys never heard about this but I was manipulated by Wuya and I betrayed my friends. But I was saved from myself.

Omi: And I was manipulated by Chase Young into becoming evil as well.

Nico: Ok, guys. It's very strange that I even need to say this to you all. But, apparently, I need to make something clear. No one, ever, on this team, is to make friends with any irredeemable villains, EVER. Do I make myself clear?

Maria Rockell: Of course, Nico.

Brawl: Loud and clear, boss.

Gears: Don't worry. We won't forget that.

Star Lord: Yep. We'll remember that.

Nico: I mean, I thought me and J.D. did a good job teaching you all right from wrong. I mean, are we crazy? You guys all know what it's like to be heroes, right?

Star Lord: We sure do. Now we understand.

Bobby: Can you believe that it's been over a year since I moved in with you guys?

Me: I know compadre and it's awesome.

Johann: (Russian Accent) I love Cinco De Mayo comrades. Back in Russia we weren't familiar with such holidays.

Varya: (Indian Accent) It's gonna be an awesome hollday.

Luna: And what good is a Cinco De Mayo holiday without Mexican Music dudes?

Luna put in a CD in the CD Player and it was of Mexico's greatest songs and it played.

Poromon: Who wants to have an eating contest with me?

Kirby: I do!

We were eating the food and it was delicious and tasty. I put some delicious and spicy hot sauce on and it was tasty.

Me: Mmm. Caliente en muy delicioso.

Jeremie: William, are you sure you want to eat that ghost pepper?

We gasped at what William was gonna do.

Me: William are you crazy!?

William: I want to see what these peppers taste like.

Me: (Gulps)

William just ate the ghost pepper. At first, nothing seemed to happen.

Maria Rockell (concerned): William, are you ok?

William (feeling sweaty): Oh, I'm fine.

Maria Rockell: You sure?

William: Yep! (finally vomits)

I put a bucket in his face and then fire exploded out of his ears and Lola and Yuko absorbed the fire.

Maria managed to spray William's mouth with water before he could throw up blood. Steam came out of his mouth.

Maria Rockell: That pepper could've killed you, William.

William (smiles): It was worth it.

Maria Rockell (smiles back): I'm sure it was.

William: Well, with that out of the way, let's continue on with the party.

We did so. We had all kinds of awesome fun and more.

Nico: Delicious food and awesome dancing.

Cyborg Lincoln: Shall we dance señora?

Ronnie Anne: Si senior.

Cyborg Lincoln had a rose in his mouth and they danced to the Tango. He was a great tango dancer and he had a great style. When they finished we cheered wildly.

Me: EVERYBODY TANGO!

Ronnie Anne: That was awesome!

Cyborg: Glad you liked it babe.

Ronnie Anne: Thanks Sweetie.

Lori: That was literally awesome Boo-Boo-Bear.

Bobby: It sure was babe.

William: I also learned something from today.

Aelita: What's that?

William: Never eat a ghost pepper under normal circumstances.

We laughed.

Rex Salazar and Blue Beetle were having an Arm Wrestling contest and Blue Beetle won. Poromon and Kirby were completely bloated from their eating contest and they were stuffed like Thanksgiving Turkeys.

Poromon: (Groans) I'm so full.

Kirby: (BURPS) I am too. But I would say that I won.

Ronnie Anne: Guys, I want to thank you all for making this the best Cinco De Mayo party ever.

Me: It was no problem Ronnie Anne.

Luan: Yeah we all had so much fun.

Eddy: We sure did my Angel of Comedy.

Nico: Happy Cinco De Mayo May.

May: You too Nico.

Vince: Happy Cinco De Mayo Carol.

Carol: Same to you Vince.

Francis: Happy Cinco De Mayo Teresa.

Teresa: You too Francis.

Laney: This was so much fun. I loved all the food and the dancing.

Joey: (British Accent) Me too Laney.

Luan: (To the Viewers) Today was a rockin day dudes and Happy Cinco De Mayo to you all.

Me: You said it Luna. (To the Viewers) The culture and history of Mexico is an amazing source of information and all that. But the food is so delicious and more. The dancing and the festivities and more are awesome. Happy Cinco De Mayo everyone!

I winked at everyone in the audience and the camera irised in around my face with a sombrero and the flag of Mexico waved in the background around it.

OLE!

THE END

---

Another Fanfiction Complete.

Everything I said about this holiday is all true. NicoChan11 gave me the ideas for this one. Thanks man as usual. Let me know what you all think.

HAPPY CINCO DE MAYO 2019 Everyone.

See you all next time

# The Plant Kaiju Human Spirit

It starts at the estate. We were watching TV, reading books and playing card games and playing pool.

Me: So far things have been very quiet.

Stacy: Yep. J.D. one thing is bothering me. I heard that Laney killed a kid named Chandler Henderson. Why was that?

We turned to her.

Stacy: Was it something I said?

Me: No Stacy you have a right to know. But you would hate this guy. Chandler was the worst bully in Lincoln and Laney's class. He hated Laney's guts and he wanted nothing more than to see the whole world burn.

Lincoln: Chandler was the meanest bully ever. Laney fought back against him and won and he told us a very diabolical terroristic plan.

Clint: What kind of plan was it?

Me: It was one of the worst we had ever heard. He planned to burn down the whole school from the chemistry lab and kill everyone trapped inside it and frame me and Lincoln for the crime. But luckily we thwarted his entire scheme and got him expelled and sent to a maximum security insane asylum. But less than a year later he escaped after selling his soul to the Devil for power. He had a necklace on him that was his power source. And Laney faced him and destroyed it and she killed him.

Laney: Yeah. It was my first kill and he got what he deserved.

John: Boy that kid was a monster.

Clint: He was the worst kind of monster. And we thought that Dr. Paradigm made us into monsters.

Stacy: No kidding. But won't Chandler's parents be infuriated that Laney killed him?

Me: That's normally the case. But after what happened back then, Laney had a talk with his mom Kara and Chandler's little sister Cheryl.

---

It was shortly after the events of The Nature Sisters Cometh.

Me: (Narrating) **Me, Laney and Riley were reading books on the sofa when I heard the doorbell ring.**

I went over and answered it. It was Kara Henderson and her daughter Cheryl.

Me: Oh hello Mrs. Henderson. Hey Cheryl.

Cheryl: Hey J.D.

Kara: Hello J.D. Thank you for inviting us over.

Me: No problem. Laney has been going through some rough times ever since Chandler's death and she needs a lot of help and support because of everything that happened.

Kara: No problem.

In the Living Room, Laney and Riley saw them.

Laney: Oh Hello Mrs. Henderson. How's it going Cheryl?

Cheryl: It's going good Laney.

Kara and Cheryl sat down with Laney.

Laney: Mrs. Henderson, I killed your son Chandler and to tell you the truth, he was a monster to me and my brother Lincoln and all my friends at school. I was so sick and fed up with the way he abused all of us. I'll understand if you think of me as a monster.

Kara: Laney look at me.

Laney did so.

Kara: Laney, Chandler brought all this on himself. It's my fault. I gave birth to a monster and his father made him what he was. You see, we are a rich family and Chandler thought he could get away with anything by being far more superior than anyone. Because we had more money than anyone except for J.D. Chandler thought that he was smarter than anyone. But Chandler was the biggest disappointment to our entire family. He claimed that he was so much better than everyone and his sociopathic nature turned out to be the death of him. He cared about no one but himself. J.D. told me what happened and you don't know how grateful I am that the menace that was once my son is gone forever. We owe you our lives for ending that little monster.

Laney didn't know what to think. She thought that Kara was gonna resent her for killing Chandler. But instead it was the exact opposite. Turns out, Chandler was much worse than what we first originally thought. He hated everything and he had a superiority complex as big as all the evil Sasuke's we killed. Kara hated Chandler's guts to the core and she knew that he was trouble from the very beginning. Normally it's not a good way to think about your own children like that. But in Kara's case, we made it an exception.

Cheryl: That's right Laney. You saved everyone at school. And you also saved us all from my former evil brother.

Laney was much better.

Laney: Thanks Kara. Thank you Cheryl.

They hugged her.

I was happy for them.

Me: (Narrating) Ever since then, Kara has treated Laney like a daughter and Cheryl loved her like a sister.

FLASHBACK ENDS

Me: She got a very strong sense of closure that day.

Laney: Yeah.

Coop: Boy that kid must've been a really bad monster.

Bobby B.: And now he's burning in Hell, I'll bet.

Me: No he isn't. He's now forever trapped in the Ghost Zone. The deeds he did were so vile and so horrific that not even Hell would accept him. So he's forever trapped in the Ghost Zone. It's a form of Purgatory.

Laney: Yep.

Dayna: I'm glad that wretched boy got what came to him.

Olga: Me too.

Yuna: Yeah he was a monster.

Trudy: You got that right.

Then the alarm went off.

Me: Uh oh.

We went to the computer and we saw that a plane above the city and its wings were on fire and it was descending too quickly!

Me: Oh man!

Luan: I got this! Trudy, you want to help out?

Trudy: You know I do Luan!

Valerie: Be careful Trudy.

Trudy: I will.

Luan: Lets Fly! (Laughs) Get it? But seriously, lets fly!

Trudy: (Laughs) That was a funny one Luan.

Me: Luan cracks us all up.

Trudy sprouted her flying fish wings and Luan spread her wings and they flew into the air. They saw the plane that was on fire and it was a burning mess.

Luan: Come on!

Luan and Trudy grabbed the plane by the front to slow it down and it was going too fast and their strength wasn't gonna be enough.

Luan: (Groans) It's moving too fast!

Trudy: (Groans) We need more strength!

?: Perhaps I can help!

They turned and saw a strange creature that was half human and half stingray.

Luan: Wow!

Trudy: Cool! Who are you?

Stingbolt: Hi. I'm Stingbolt. But I used to be called Olivia Lovejoy.

Luan: It's a pleasure. Lets talk later.

They got to work and guided and carried the burning plane over to a runway at the airport and the landing gear deployed they landed the plane safely. They got the doors of the plane open and the escape chutes were open and everyone came down. Then there was a small explosion.

BOOM!

They saw the wings exploding.

Luan: Come on everyone!

Everyone was getting off the plane fast. They knew they had to get all of the people out or the plane would kill them all when it explodes.

Everyone was off the plane.

Luan: Is everyone here?

Woman: Wait! Where's my son!? My son is still on the plane!

Trudy: I'll get him!

Trudy flew into the plane and she saw a kid stuck in the seat. He couldn't get out because his seat belt was jammed.

Trudy: Hold on!

Trudy took a knife and cut the belt and got him out and then she flew with him out of the plane as the whole thing exploded into a massive fireball!

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMM

Trudy: YEE-HAW!

They flew away from the explosion and landed back with the crowd and everyone cheered wildly.

Woman: My baby!

Boy: Mommy this was awesome!

Luan: You're welcome everyone!

Trudy: It was awesome saving all these people.

Luan: You did a great job Trudy.

Stingbolt: We all did.

Luan: Yeah. Lets go to the estate so we can talk.

Stingbolt: Okay.

Back at the estate we were talking to Stingbolt.

Me: So you are a gene-slammer Olivia?

Stingbolt: That's right. I was spliced with Stingray DNA.

Me: How did this happen to you?

Stingbolt: It was a painful experience.

---

Stingbolt was a girl named Olivia Lovejoy and she had brown hair, blue eyes and was right around Luan's age.

Stingbolt: (Narrating) It was less than a year ago. I was eating lunch in the school cafeteria with my friends. I was eating French Fries and at first I thought they were all right.

Olivia ate the French Fries. But what she didn't realize was that they were somehow spiked with Stingray DNA.

Stingbolt: Later I was talking my test and then I suddenly had these nasty cramps that were really painful. At first I thought I was having gas. But they got worse.

Olivia (gets cramps in her stomach): Excuse me, teacher. I need to go to the bathroom!

Stingbolt: I went to the bathroom and then I suddenly was changing. I was in excruciating pain.

Olivia: (In pain) What's happening to me!?

Olivia then turned into a half stingray creature and she had a cape-like feature and a powerful tail with a powerful barb on it.

FLASHBACK ENDS

Stingbolt: Ever since then I became the Stingray superhero Stingbolt. I can fly and I can fire laser blasts from my tail that have enough poison to kill 800 people. But I went into hiding and I was afraid of what others would think of it they saw me like this. I'm now a monster!

Valerie: Olivia you are not a monster.

Stingbolt: I never should've eaten that stupid food. Maybe then I wouldn't be a monster!

Edzilla: HA! MANTA GIRL NOT MONSTER! ED IS REAL MONSTER!

Eddy: Shut up Ed.

John: Olivia you are not the only one that fell victim to Dr. Paradigm's Gene-Slamming ways.

Stacy: That's right. Me and my brothers were spliced with Shark DNA from 5 different species of sharks because of Dr. Paradigm. I'm a Sawshark.

John: I'm a Great White.

Clint: I'm a Scalloped Hammerhead.

Bobby B.: I'm a Tiger Shark.

Coop: And I'm a Whale Shark.

John: We became known as the Street Sharks.

Dr. Bolton: I was spliced with Blue Whale DNA. I tried to stop Dr. Paradigm, but he turned me into a Blue Whale before I could do it.

Max: Me and my sisters were from a Post Apocalyptic world where we were spliced with bird DNA. We are now 98% human and 2% bird. The project that did this to us was called the Angel Project and we were supposed to be used for world domination.

Angel: Yeah it was terrible.

Nudge: It sure was.

Francine Langstrom was with us.

Francine: I was accidentally turned into a half human, half bat creature called the Man Bat. But J.D. used his powers to cure me and he gave me the ability to fly with bat wings.

Nancy: Me and my sisters were turned into sharks because of a curse. We were cursed with the Curse of The Wereshark. But J.D. gave us the power to transform at will.

Stephanie: It's true.

Kathy: Yep. Me, Rocky and Sonia here were gene-slammed with insect DNA. I'm a Spider.

Sonia: I'm a Scorpion.

Rocky: And I'm a Blue Beetle.

Mutio: I was made because of hybridization from a mad scientist that tried to destroy humanity.

Chione: I was spliced with Necrofriggian DNA. Necrofriggians are moth humanoids from the planet Kylmyys, 29,000 light-years away from Earth.

Valerie: I was spliced with Megalodon DNA.

Trudy: I was spliced with Flying Fish DNA.

Dayna: Octopus for me.

Olga: Sea Wasp.

Yuna: Viperfish.

Me: Yeah. During the course of 3 years we've encountered numerous mad scientists. Some of them were incredibly dangerous to roam the planet or the galaxy. I gave all those affected by those mad scientists the ability to change at will and gave them back their humanity.

Stingbolt: I want to regain my humanity and help you all. If you did all that then I want to help you all out.

Me: Okay. But it's gonna hurt really bad.

Stingbolt: As long as you turn me back it'll be worth it.

Me: Okay. Boys cover your eyes.

We did so and I snapped my fingers and Olivia was in a lot of pain and she was changing back. When it was done she was back to normal.

Olivia: Oh man that really hurt.

Me: Yeah but you're back to normal.

Olivia looked down and she saw that she was topless.

Olivia (covers her breasts): THE FIRST BOY WHO TRIES TO PEEK AT MY BREASTS GETS HIS NECK SNAPPED!

Maria: Come on Olivia, we'll get you some clothes.

Olivia: Thanks Maria.

They went up to Leni's room.

In Leni's room, Leni and Maria gave Olivia a yellow t-shirt with a stingray on it and a green sleeveless trench coat. She looked at herself in a mirror.

Olivia: I'm normal again!

Maria: Yep but you have the ability to control your transformation into Stingbolt.

Olivia: I felt like I was a prisoner inside a Stingray's body.

Maria: I know. I was exposed to a biohazardous mutagenic gas that turned me into pure water and it was not pretty.

Olivia: I believe it Maria.

Then the alarm went off.

Maria: Uh oh!

Olivia: What's that?

Maria: That's our alarm system. It lets us know when something is going on.

In the Living Room we received the Alarm.

Me: Uh oh!

Computer: Incoming message from G-Force.

Me: Oh man. We got a Kaiju attack. Computer, answer message. Voice I.D. James Dean Knudson, United States of America, ID# 413421623513 Alpha.

Computer: Voice ID acknowledged and accepted.

I turned my headset into a translator.

General Aso was on.

Me: Hello General.

General Aso: Hello J.D. I wish this was a social call. But I'm afraid we have a kaiju attack. I'm transmitting the coordinates to you now.

We got the location at 35°12′35″N 139°0′16″E.

Me: That's Lake Ashi in Kanagawa Prefecture. We're on our way General. Team Loud Phoenix Storm, lets fly!

We were off to Japan.

---

We arrived in the forest outside of Lake Ashi. We then saw hugely long vines in the ground.

Maria: Ok. This is the place. But where's the Kaiju?

Brawl (sees vines coming from the ground): Were these vines always here?

Me: Lets go.

We arrived at a dock and saw some commotion. Then we saw an astounding and shocking monstrosity in the middle of the lake. Standing in the middle of the lake was an enormous plant monster!

It was a giant rose creature and it was emitting short shrill cries that sounded like those of a small child. It was BIOLLANTE!

Biollante is a Godzilla, rose, and human tribrid created by Genshiro Shiragami. Shiragami originally created a human-and-rose hybrid in 1984 by splicing the DNA of his daughter, Erika Shiragami, who was killed in a Bio-Major-authorized bombing of his lab in Saradia, with that of a rosebush, as roses had been Erika's favorite flower. It was later suggested that as a result of the fusion, the plant developed a level of sentience which could only be detected by those with psychic abilities, like Miki Saegusa.

Then, in 1990, Mount Mihara began to erupt, creating an earthquake that killed several roses. Panicking, Shiragami spliced samples of Godzilla's DNA (given to him by the Japanese Self-Defense Force in order for Shiragami to help create the Anti-Nuclear Energy Bacteria) that had been collected in 1984 with a single rose so that it could use Godzilla's advanced healing factor to become invincible. The fusion eventually further increased the plant's sentience and gave it the ability to move on its own, and it continued to evolve into what would soon become Biollante.

Carol: Oh man! That's Biollante!

Vince: It's a plant Kaiju!

Me: I remember the movie Godzilla VS Biollante from 1989 and that was a wicked awesome movie.

Varie: It sure was. But that scientist was really playing with fire. He was messing around with the cells of Godzilla.

Carol: I remember that Biollante was made with the cells of Godzilla, a Rose and those of the deceased scientist Erika Shiragami. I can sense Erika's spirit inside it. If I can reach into Biollante, I can help her.

Me: Okay but we're gonna have to stun Biollante before we do so.

Edzilla (headbutts Biolante): ED SMASH PLANT MONSTER INTO PULP!

Me: ED! Let us handle it.

Ed: Okay.

?: Let me help out too.

We turned and we saw a young girl.

Me: We would like that miss uh?

Miki: My name is Miki Saegusa and I'm the Chief Psychic for the G-Force.

Me: It's a pleasure to meet you Miki. J.D. Knudson, Leader of Team Loud Phoenix Storm and member of the U.N.G.C.C.

Miki: It's a pleasure to meet you too J.D.

Me: Same here. You and Carol work to help Erika.

Miki: Okay.

Me: Lets go stun Biollante.

Lana froze the lake solid in ice.

Me: We need to stun her with our combos.

Maria: Okay J.D.

Maria was enveloped in a vortex of water and she turned into Cybertron Snarl!

Snarl (Cybertron): Wow! You look great as me Maria.

Maria: Thanks Snarl. And I have some awesome accessories too. UNIVERSAL CYBER KEY POWER!

A Universal Cyber Planet Key went into Maria's Wolf Head and her teeth turned into saber teeth.

Snarl (Cybertron): That is exactly how I work. Well done Maria.

Maria: Thanks Snarl. Ready Brawl?

Brawl: You bet Maria. CYBER KEY POWER!

The Earth Cyber Planet Key was inserted into his tank cannon enhanced his firepower and two more tank cannons appeared.

Brawl and Maria: SONIC AQUAWOLF STUNSTRIKE!

Maria went at Biollante and plants with mouths on them came out of the water and they spit radioactive acid at her and she bit the plants in half and the sonic waves made them explode.

Maria: Sorry, Biollante. I promise that me and Brawl were only trying to stun you in that combo!

Vixen: Lets help out Streetwise! ANIMATRON CYBER KEY POWER!

The Animatron Cyber Planet Key went into her necklace and she got the combined power and abilities of all the most powerful animals of the Animal Kingdom all together.

They did all kinds of animal calls when they poured their abilities into her.

Streetwise: Time for some action! CYBER KEY POWER!

The Earth Cyber Planet Key was inserted into his photon cannon and more blasters popped out of it and enhanced its firepower.

Streetwise and Vixen: PHOTONSTUN CHEETAHSPEED!

Vixen ran as fast as a cheetah around Biollante and the photon's stunned Biollante.

Me: Lets immobilize her with our final smashes!

Quickmix: (Irish Accent) Right lad! CEMENT GUN DELUGE!

Quickmix fired a massive blast of cement at the base of Biollante and immobilized her plants and base.

Quickmix: Lass, I'm trying not to hurt you. But you're not giving me much choice!

Sam Manson: My turn! This should help. IVYVINE IMMOBILIZER!

Sam Manson threw numerous Ivy vines at Biollante and they wrapped around her.

Carol: Time for us to go to work. Ready Miki?

Miki: I'm ready Carol.

Carol grew to the size of Godzilla and Miki was sitting on top of her left shoulder.

Carol: Hold on tight Miki.

Carol and Miki walked over to Miki on the top of the lake and they walked up to Biollante. They got close.

Carol: Erika. I know you're in there somewhere. My name is Carol Pingrey Loud. We're trying to help you.

Carol held her hand out and placed it on Biollante's giant stem and she felt a thought pattern.

Carol concentrated and she went into the subconscious of Biollante. Biollante's mindscape was an enormous dense jungle. She saw Erika tied to a massive rose tree that was as big as a whole planet and in the tree was the face of Godzilla.

Carol: WOW!

Miki: That tree is Godzilla.

Carol: And Biollante was made with a combination of Rose and Human DNA and the cells of Godzilla. It's hard to imagine that it could result in something like this.

Miki: It's awful. Erika was calling out for help because she didn't want this.

Carol: From what I remember she was killed by Terrorists that wanted her fathers work on Anti-Nuclear Energy Bacteria.

Miki: That's right. We have to kill Godzilla in her subconscious.

Carol: No. I have a better idea.

They went up to Erika.

Carol: Erika. I know that this was not something you didn't want. But listen to me. You were turned into a kaiju created by your father as an accident called Biollante. This was something that was unintentional. He wanted to try and bring you back to life. Erika. If you can harness the power of Biollante and Godzilla and reign them in with the strength of your will, you can do magnificent things and they can become a magnificent power and you can achieve many great things like we have on Team Loud Phoenix Storm.

Erika: I don't know if I can.

Carol: Yes you can Erika. You have the power to do many great things. But you have to get them to join together with you. You can do it.

Erika: Okay. I'll try.

Erika concentrated hard and she sucked in all of the rose tree and Godzilla into her and their powers merged with her.

Carol and Miki left Biollante's Mindscape.

We saw Biollante become enveloped in a massive glow of green light and then she started to shrink.

Carol and Miki left and regrouped with us. Biollante went underwater and then we saw a green glow coming towards us. Then a figure started to emerge out of the lake. It was a girl with green hair and a rose in her hair and she had green eyes a yellow shirt that exposed her tummy and she had a green vest, a green skirt made of leaves, yellow shorts, bandages on her feet and ankles and on her back were 4 vines with mouths on the ends.

Me: Wow. Erika is that you?

Erika: It sure is J.D. I'm back and I'm more powerful than ever. Carol, Miki, thank you for helping me return to life.

Carol: It was our pleasure Erika.

Miki: You're welcome Erika.

Me: So how do you feel Erika?

Erika: I feel incredible J.D. I feel like I can do anything.

Me: That's awesome. You're welcome to join us Erika.

Erika I would be honored J.D. I want to train in my powers and learn how to fight for good.

Me: That's what we like to hear.

Beachcomber: Well, I wanted us to meet a friendly Kaiju. And now we just found one.

Quickmix: (To the Viewers) This was an awesome adventure lads.

Me: It sure was.

We went back home.

Nico caught a Swampert and a Mightyena during the battle. We talked to the G-Force about what went down and they accepted it. But unfortunately for Dr. Shiragami they cut his funding because of Godzilla being dead. We now had the first ever human-kaiju-plant hybrid on the team.

THE END

---

Another Fanfiction Complete

Godzilla VS Biollante is one of my favorite Godzilla Movies from 1989. It was an awesome movie and it was strange too.

NicoChan11 gave me the ideas for this one. Thanks man as usual.

Let me know what you all think.

See you all next time

# The Great Valley Adventure

It starts in the estate. We were getting ready. Nico just got back from the park and he caught a Linoone and a Beautifly.

Aylene C.: I'm so excited guys. I haven't been back in the Great Valley in a while.

Me: I know. We've been so busy saving the world and our universe that we haven't had time.

Lincoln: I know.

Me: Are we all set?

John: We sure are.

Rocket: I'm always ready.

Fu: It's gonna be so awesome.

Aylene C.: Okay. PORTAL OPEN!

Aylene's Time Stone glowed and a portal to the Land Before Time opened up.

We went into portal.

---

Narrator: Many eons ago, when the earth was young, millions of years before the first humans, was the age of the great lizards…

[the dinosaur eats grass]

Narrator: The dinosaurs. These massive creatures roamed the earth, for thousands of centuries. Some ate plants. While others, like the dreaded Sharpteeth, hunted their fellow dinosaurs.

[the dinosaur roars]

Narrator: But the plant-eaters found refuge from their predators, in one special place. The Great Valley. A place where friends, Littlefoot, the long neck, Cera, the three horn…

[the coconuts drop]

Narrator:… Ducky, the swimmer…

[Ducky shakes the water off]

Narrator:… Petrie, the flyer, Chomper, the Sharptooth, Ruby, the Fast Runner and Spike, the spike tail, could grow and play together under the watchful eye of their loving families.

["Peaceful Valley" begins]

Littlefoot: [singing] I can't wait to see you.

Petrie: [singing] See you.

Ducky: [singing] See you.

Littlefoot: [singing] What's up today?

Cera: [singing] Can you hear me calling?

Chomper: [singing] Calling.

Ruby: [singing] Calling.

Cera: [singing] It's time to play.

All: [singing] Every cloud in the sky, green leaf on a tree, is reminding me, faraway dreams really do come true. Come on, let's go. Let's go. And run around, run around. What a beautiful feeling we finally found a peaceful valley, and everybody's having a good time now.

Grandpa: Littlefoot! Littlefoot! It's time to come home.

Littlefoot: That's my Grandpa. Gotta go. I'll see you guys later.

Petrie: See you, Littlefoot.

Cera: Bye. See ya.

Ducky: Good-bye.

All: [singing] Come on, let's go. Let's go. And run around, run around. What a beautiful feeling we finally found a peaceful valley. And everybody's having a good time now.

Littlefoot: Hiya, Grandpa.

Grandpa: Hello, Littlefoot. Come eat your breakfast.

Littlefoot: Okay! I'm hungry.

Narrator: Of course, though the Great Valley was a wonderous place, it still had its dangers.

Two Struthiomimus brothers named Ozzy and Strut were lurking in the bushes hoping to snag a meal in the form of eggs

Ozzy: [he appears, looking around] Hmm. I like this place. Yes! I like this place a lot! Don't you, Strut? [he hears Strut chomping food] Strut, get up here!

Strut: What? I'm eating.

Ozzy: Spit that stuff out. [to Strut] Go on, spit it out!

Strut: But, Ozzy, I'm hungry.

Ozzy: [hits Strut's head] Spit it out, grass-guzzler! No bother of mine is going to eat vegetation, not while I'm around.

Strut: Then what are we going to eat, Ozzy?

Ozzy: Eggs, dear brother. Eggs!

[they hear a distant roar]

Ozzy: The valley is full of them. Nice, plump, juicy, eggs!

[cut to Grandpa and Littlefoot, pushing a tree]

Grandpa: Here you are, Littlefoot. The last tree star's for you.

Littlefoot: [eats the leaf] Great trick, Grandpa.

Grandpa: It's not a trick, Littlefoot. All long necks can do it.

Littlefoot: [gulps] Great! Let me try, Grandpa. [he walks away, then touching the tree, then trying to push the tree]

Grandpa: Careful, Littlefoot.

[Littlefoot rolls to the ground, then rumbling the geysers, then Grandpa picks up Littlefoot]

Littlefoot: Guess I'm too little, huh, Grandpa?

Grandpa: [puts Littlefoot down] You're still very young. But you'll get the hang of it someday.

Littlefoot: Oh! I hate being little.

Grandpa: Don't worry. You'll be grown up soon enough.

The portal opened and we arrived.

Me: Wow. The Great Valley.

Lincoln: Man, this brings back memories.

Aylene: This is where you guys first met me.

Me: It sure is. Boy it was good times.

Littlefoot: Aylene! J.D., Lincoln, Laney, Fu!

Me: Hey Littlefoot! It's been a while.

Littlefoot: It sure has!

Aylene C: We missed you.

Littlefoot: Same here.

Fu: How have you been?

Littlefoot: I've been doing great.

Cera: Hey, Littlefoot.

[We looks at Cera]

Me: Hey Cera!

Cera: J.D., Aylene, Fu, Lincoln, Laney! It's been a long time!

Me: It sure has. We all came this time.

Aylene: How have you been?

Cera: I've been great!

Sona, Littlefoot's mother came.

Sona: Aylene, J.D. It's been a while.

Me: It sure has Sona. This time it's all of us here.

We introduced ourselves.

Sona: It's a pleasure to meet you all.

Littlefoot: Grandpa, can we go play?

Grandpa: Have fun!

Littlefoot: Thanks! [we all run to get Cera]

Grandpa: Ahh! The valley is a wonderful place to grow up.

Sona: It sure is.

[We all laugh, with Cera running around, then Littlefoot tackled Spike, laughing]

Ducky: Let's play! Let's play!

Littlefoot: Not it!

Ducky: Not it.

Cera: Well, I'm not it.

Petrie: Me no it, either.

Me: Me neither.

Lori: Not it literally.

Leni: Totes not it.

Luna: Not it dudes.

Aylene: I'm not it either.

All: Spike's it!

[they all run, then cut to Ozzy and Strut, sniffing]

Strut: Smell something, Ozzy?

Ozzy: Hmm, yes. Breakfast! [sniffs] Follow me.

[they both walk to the eggs, then grabbing an egg]

Ozzy: Oh, yes. [tries to eat the egg, then the rock falls on the head] Ooph! Ow.

[the egg drops, then eating the rock]

Ozzy: No. [drops a rock, then spitting out]

Strut: Ozzy, did you get a… [the rock falls on the head] Egg? [lays down]

[Ozzy scratches on the head, then gasping]

Mother Maiasaura: Hey, you kids. Stop rolling those rocks down the hill.

[the rock rolls down]

Littlefoot: Huh?

Mother Maiasaura: My nest is in there!

Littlefoot: Sorry.

Me: Sorry about that.

[they all walk away, then he sighs]

Cera: Aw, it wasn't much fun anyway.

Lincoln: Yeah.

Ducky: [repeated line] Yep, yep, yep. No fun at all.

Petrie: [lands on Cera's head] Boring!

Littlefoot: What do you want to do now?

Spike: I don't know.

Me: I got nothing guys.

Ducky: I know! I know! We could go to the Sheltering Grass, and play Sharptooth attack! [growls at the kids, then they laugh]

Cera: No way! Not if I have to be the Sharptooth again.

Petrie: Hey… How about Spike be Sharptooth? [lands on Spike, eating grass]

Ducky: [jumping up] Oh, yes, yes! Spike!

Me: That's a great idea.

Aylene: I agree.

Petrie: Okay, Spike? Huh?

Ducky: Please?

Spike: Mm-hmm.

Petrie: See? He no mind.

[Ducky jumps up]

Ducky: Hooray!

Cera: All right, let's go.

Ducky: [repeated line] Yep, yep, yep. We're going to the Sheltering rass.

[they both slide down]

Littlefoot: Wait. Wait, you guys.

Cera: Huh?

Littlefoot: The Sheltering Grass is on the other side of the sinking sand.

Aylene: Oh you mean quicksand.

Littlefoot: Yeah that's it.

Me: That sounds like a very dangerous place.

Lincoln: Yeah.

Rocket Raccoon: We're gonna have to be careful.

Cera: So?

Littlefoot: Well, my family doesn't want me going across the sinking sand without them.

Petrie: Oh, that right. Quicksand dangerous. [he gurgles in his mouth]

Ducky: Yes, it is! It is.

Lincoln: I agree.

Fu: Me too.

Cera: Aw, you're just a bunch of eggs.

Laney: Cera! That's not nice.

Petrie: [rolls to the ground] Whoa! Whoa! [hits the rock]

Lola: Petrie are you all right.

Cera: I could cross the sinking sands with my eyes closed.

Petrie: With her eyes closed?

Ducky: And not looking where she's going?

[Spike gasps while ducking]

Petrie: Hey, that sound fun. Petrie try it. [he walks on two legs at Ducky and Spike, then touching Spike, screaming] Oh.

Cera: Hey, are you scaredy-eggs coming or not?

[Littlefoot slides down, then Petrie runs down, then Spike walks along by Ducky, then getting off]

Ducky: [to Littlefoot] Littlefoot, you coming?

Littlefoot: Oh, well, um, yeah, I'm coming! [runs to get Cera, Spike, Ducky and Petrie] Whee!

Cera: Come on, let's go.

[We all run]

We arrived at the quicksand. On the other side of it was the Sheltering Grass and it was a long way across.

Littlefoot: The quicksand. How are we gonna get across?

Me: Boy this place if far too dangerous.

Ducky: [the foot touches the quicksand] Yuck! I cannot swim in this.

Oh, no. No, no, no!

Stacy: No one can.

Clint: Yeah it's far too dangerous.

Petrie: Petrie, fly across! [he flies around]

Ducky: Petrie, we no have wings. No, no, no. We cannot fly!

Petrie: Ohh. [falling to the ground]

Ducky: Poor Petrie.

Chomper: I don't like this stuff. It's so scary.

Ruby: I know.

Me: Most of us can fly.

Laney: I have an idea.

Laney put her hands on the ground and the ground rumbled and a bridge made of vines and plants formed. The bridge went over the quicksand from the land we were at to the Sheltering Grass.

Lincoln: Hey that's really clever!

Lori: It's a bridge of plants. Now it's safe to cross.

Xion: That's a great idea Laney.

Fu: It sure is.

Aylene C.: I agree. This is much safer.

We went to the Sheltering grass and we played our game. It was an awesome game.

[cut to Ozzy and Strut]

Later it was close to dark.

Ozzy: Now is the time for all good little eggs to be safely tucked into their nests.

Strut: I wouldn't mind being tucked in. I'm "eggs-hausted."

Ozzy: [kicks Strut] Would you stop complaining?

Strut: But, Ozzy, I'm tired and I'm hungry. Couldn't I have just an itty-bitty little green bedtime snack?

["Eggs" begins]

Ozzy: No! Can't you see I'm trying to wean you away from that stuff? From now on, you've got to think, feel and breathe only one food group. Eggs! [singing] When I wake up first thing I do. Eggs. Is to look around for something to chew. "Eggs-actly." Feeding myself is very, very tricky. Because you see, I'm ridiculously picky. Eggs.

Strut: Excuse me, Ozzy, I…

Ozzy: [singing] This Struthiomimus won't settle for the dregs. I'll borrow, I'll beg, I'll even kiss you.

Strut: Kiss me?

Ozzy: [singing] For my dear beloved dose of eggs.

Strut: Hurry, Ozzy. I'm so hungry. I can't wait another minute. Here's a juicy little leaf with a beautiful stick in it. Can't I have a taste, if I promise just to lick it?

Ozzy: Strut!

Strut: What?

Ozzy: [continues singing] You imbecilic eater, great green globs couldn't possible be sweeter than a pile of eggs. You've got to smell them, feel them. Oh, crack them open. For a great big nest full I am hoping.

Strut: [singing] Oh, look I'm starving! I'm weak! There is nothing in my tummy! Oh, the mold on that tree is starting to look yummy!

Ozzy: [singing] All colors and shapes and assorted sizes, gobble them all for appetizers. "Eggs-tasy."

Strut: [singing] Ozzy, what's the matter with a little vegetation?

Ozzy: [singing] I've had it up to here with this aggravation!

Strut: Oh, can't I just have this piece of a tree?

Ozzy: [singing] Why can't you be more like me, you lead-loving, bush-burping, stem-smelling, garden-gorging, plant-dropping, tree-tasting, dirt-devouring beast!

Strut: Ozzy!

Ozzy: [continues singing] You've got to have eggs, thrice a day at least! Tonight we feast. [he smacks his lips]

[they run down at night looking at the dinosaurs]

Ozzy: Shh!

[they continue running down]

Sona: I'm glad you all had fun and that was very clever of Laney to use her powers to do that.

Littlefoot: It was. But it's so hard to be little.

Grandma: [chuckling] You'll grow up faster than you think. Be patient. Enjoy being young while it lasts.

Grandpa: And stay close to the herd.

Sona: Yes.

Littlefoot: Ah, gee!

Grandpa: We feel safe here in the valley. The Great Wall protects us from Sharpteeth, and other dangers of the Mysterious Beyond. But there are dangers in the valley as well, Littlefoot. You must always be careful.

Littlefoot: But my friends!

Grandma: Hush now. It is time for sleep. The Sun has already gone from the sky.

Littlefoot: But I'm not sleepy.

Grandpa: Go along, Littlefoot.

Littlefoot: But I'm not… [yawning] I'm not… [he sleeps] I'm thirsty.

Grandpa: Yes, Littlefoot.

[Sona puts the leaf of water, yawning]

Grandpa: Good night.

Sona: Good night my son.

Littlefoot: Good night, Grandpa. Good night, Grandma. Good night, mother.

Grandma: Good night, my little one.

[they both walk away, with Littlefoot sleeping]

Cera: Psst! Littlefoot. Littlefoot, wake up!

Littlefoot: Huh? Cera, where are you?

Cera: Here.

Littlefoot: Where?

Cera: Here!

Littlefoot: [walks by the grass] What are you doing here?

Cera: Shh! Quiet.

Littlefoot: What's the matter?

Cera: I can't sleep. It's important. We've gotta talk.

Littlefoot: Now?

Cera: Shh! Yes, now. [to Littlefoot] Scared of the dark?

Littlefoot: I'm not scared.

Cera: Then come on! Let's get the others.

[They both run to all of us]

Ducky: [repeated line] Yep, yep, yep. We're all here. Yes, we are.

Me: We sure are.

Petrie: What are we here for?

Ducky: Yes, is there a problem?

Cera: Grown-ups! I suppose you all got the same lecture I did.

All: Mm-hmm.

Me: We sure did.

Stewie: It was a strange lecture but it helps.

Petrie: Me too young to wander far.

Ducky: We are not grown-ups, and should remember it.

Littlefoot: There are many dangers. I must always be careful.

Cera: Don't hang around with long necks, beak faces, spike tails and humans. [looking at Littlefoot, Spike, Ducky, and Petrie] Well, it was mostly the same lecture.

Aylene: Aw come on guys.

Littlefoot: Mother, Grandpa and Grandma were mainly worried that I'd get hurt.

Nico: It happens in all loving families.

May: Not all families.

Cera: That's the problem! They don't think we can take care of ourselves. We've gotta do something so the grown-ups will stop treating us like hatchlings.

Petrie: Cera right!

Chomper: I agree.

Ducky: I agree! I do! I do! So what are we going to do?

Cera: Well… [gasps] We could run away from home!

Petrie: [nods] Ah, where we run?

Cera: Hmm? We could just stay here! [runs around]

Me: Guys. Come on. [I notice a look of concern on Aylene] Aylene is something troubling you?

Littlefoot: Aylene, Is something wrong?"

Aylene: Why would there be anything wrong?"

Littlefoot: Well, we know you wouldn't be acting this way if everything were fine. You can tell us, we're your friends.

Lincoln: That's right

Aylene: I don't mean to make you guys feel bad.

Me: You didn't Aylene. But lets continue our talk.

Littlefoot: That's silly. Anybody could find us here.

Cera: Nuh-uh! See these rocks? This could be our hideout. And we're up real high. Nobody could sneak up on us.

Petrie: Cera right! Look.

Ducky: You can see everything from up here! You can! You can!

Me: You sure can.

Aylene glanced away for a moment. The way we were looking at her was making her feel uncomfortable. Since they seemed to share the same opinion about not wanting to be controlled, she wasn't sure how we would take her side of things. She sighed as she realized that she wasn't going to have any relief until she told us the truth.

Aylene: Okay, something has been troubling me.

Ducky: Well then, tell us, maybe we can help.

Laney: Yeah you're among friends.

Aylene: It's just that… I'm sorry to bring this up, Littlefoot, but ever since we all fought Sharptooth the Walking Terror… well…"

Littlefoot looked sadly away as the memory of that fight with Sharptooth came back to him.

Aylene: Ever since that night, I've always been afraid of losing you guys. I've also always been afraid of seeing you guys get hurt.

Petrie: But you never afraid, Aylene," Petrie said, "You always brave. Remember when you stood up to Sharptooth?'

Lincoln: I'll never forget that. She delivered the killing blow to him.

Me: I'll never forget that too.

Aylene: Of course I remember and that's why I feel like it's my duty to protect you guys. Because you're more than just my friends, you're my herd. That's why I got so scared today. For a moment… I thought I was going to lose you guys.

Aylene pulled her knees in and hugged her legs as she finished her confession, which actually sounded stupid and desperate to her now that she said it aloud.

Fu: Aylene.

We all looked at each other with sympathetic faces as we heard

Aylene's story. Littlefoot felt his throat constrict as he realized that the fight with Sharptooth not only affected him, but Aylene and us too. He had no idea how much of an impact it had on us. However, it did explain a lot of things.

The longneck shifted his position slightly and gently nudged the girl's face. She smiled slightly and patted him on the head.

Littlefoot: You should've told us sooner.

Aylene: I know. I just never knew how to say it.

We all looked down at the ground as we thought about how our actions affected their friend. Even Cera, who was still rather angry at the fact the grown ups were constantly telling them what to do, felt a nasty jab of guilt.

Littlefoot: Hey, Ducky, there's your nest. But, who's that walking away?

Me: They're two Struthiomimus,

[they both walk away, holding an egg]

Littlefoot: Hey! They're stealing an egg!

Ducky: They're egg-napping part of our family.

Me: We got to stop them!

Littlefoot: Quick! Let's tell the grown-ups!

Cera: No, wait! If we catch 'em ourselves, it'll show everyone that we're not babies anymore.

Ducky: Oh, yes! Yes, yes, yes!

Littlefoot: I don't know.

Cera: Look, scaredy! There's a lot of us and only two of them. What could go wrong? Hmm?

Littlefoot: Well…

Ducky: Please?

Littlefoot: Okay.

Me: Lets go!

Cera: Grr! Let's go get 'em!

[We all run down to get Ozzy and Strut]

Ozzy: Now remember, I get the first bite. After all, this was my idea. [grabs an egg]

A blast of fire hit by Ozzy's feet and exploded.

Boom!

Cera: Drop that egg!

Lincoln: Drop the egg and put your hands in the air!

Ozzy: Huh? Look, don't… [muttering] Whew. Uh-oh. [Sees us heading towards them] We've been spotted. I told you not to be so obvious! [takes an egg to Strut, running away]

Strut: Ozzy, wait for me!

Ducky: Bring back my brother, um, or sister!

Lola: Yeah you thieves!

Ruby: Yeah!

[Ozzy and Strut continue running]

Cera: They're headed for the Mysterious Beyond.

Me: They sure are.

[they both continue running and climb up a cliff]

Cera: Maybe we should get help after all.

Littlefoot: It's too late now! They'll get away!

Me: Come on guys!

[Cera snorts, then throwing a rock, running away, hitting a rock, then Spike walks up, then Strut throws an egg to Ozzy, then Strut lays down]

Ozzy: How big are they?

[they look at the shadows]

Strut: Oh, they're big. Very big!

Ozzy: [looks at a hole] Huh? (Echoing)

Strut: Whew.

Ozzy: [to Strut] Uh, you first! [pushes Strut, falling down, then jumping down to Strut, then they continue walking, then Ducky jumps off of Littlefoot, with Petrie flying, landing down]

Petrie: It's not so far. You can do it.

Lynn: I got this.

Lynn formed a land bridge of lava and Lana used her ice powers to cool the bridge down and harden it.

Me: Good thinking girls.

Aylene: It sure was.

[the clouds cover the moon, then hearing thunder]

Strut: Oh, I hope this egg is worth it!

Ozzy: Worth it? [takes an egg to Strut] All eggs are worth it, bark-breath! [takes an egg back to Strut] Here. Now, come on.

Strut: [looking down] Who are those guys?

Littlefoot: Come on! Let's go!

Petrie: Don't stop.

[the rocks fall down, then it started to rain]

Cera: Oh, no!

Juvia: Wow. It's really raining.

Littlefoot: Keep going.

[they all walk in the rain]

Ducky: Acting grown up is hard. It is. It is.

[Spike continues walking with Petrie, then Ozzy and Strut climb up in the rain]

Ozzy: Aha! We made it, Strut. Those little grass-nippers will never be able to follow us now. It won't be long, egg. Soon you'll be nestled, in the pit of my stomach. Ha-ha-ha-ha.

[they both walk to a cave]

Strut: Oz, when's it your turn to hold the egg?

Petrie: Where'd they go?

Cera: I don't see anybody.

Ducky: They are disappeared. They are!

Littlefoot: [he climbs up] They must have gone in there. Come on.

Me: Lets head into that cave.

We climbs up, then walk into a caveCera looking at the rain, gasping.

Littlefoot: Cera, what's taking to you?

Cera: Um, nothing. I just don't feel like going in there right now. That's all.

Littlefoot: Cera!

Cera: Hmph!

Littlefoot: All right, then, we're going without you.

Lincoln: Hope you like thunder and lightning

[the thunder crashes and Cera, screaming, then goes into the cave, then the rain stops]

Littlefoot: Shh. This way.

[they both walk]

Cera: It sure is dark in here.

Aylene: I'll have to bring a flashlight next time.

The Time Stone glowed and a beam of light shined out of it and illuminated the cave.

Me: That is so cool!

Stewie: Let me try something out in this cave. (calls out) Hello. (voice echoes) Pigs in space. (voice echoes again)

Ozzy: Okay, Strut, now it's my turn to hold the egg. [smacks his lips, then taking an egg, rolling on the ground] Oh, no! Don't! We're just moving the… Look. [grabs Littlefoot]

[they both scream, then they all run, screaming, then hitting a rock, then running away]

Me: CAVE IN! RUN!

Cera: Run! Everybody run!

[they all run away from rocks, then breaking outside, with the rocks rolling down]

Ozzy: Whatever you do, Strut, don't lose that egg!

[they both slide down]

Strut: Oh! Oops! Almost got it.

[the egg rolls down at the nest, then they continue sliding down, screaming, by the dinosaur skeletons, then the rocks break a skeleton bone, with Ducky holding on, with Littlefoot poking out]

Ducky: Help!

[they both scream, then Littlefoot grabs Ducky and Petrie]

Littlefoot: [to Ducky and Petrie] Are you guys all right?

Me: Boy that was some rockslide.

Petrie: Petrie not okay. Me hurt everywhere. Oh, oh!

[Cera gets out of the rocks]

Petrie: Whoa! Good Cera.

[Cera snorts Petrie, by flying to the ground]

Cera: Hmph! Oh, I think I bent my horn!

Ducky: Where is Spike?

Cera: Ohh!

[Spike appears]

Ducky: [jumping up] Yea! Hooray!

[Spike licks Ducky, giggling]

Ducky: [to Spike, licking Ducky] Spike! Stop it! I'm okay. I am!

[We all laugh, then we hear a spooky sound, then we all run]

We saw a very horrifying place

Petrie: This place spooky.

Me: Boy this place gives me the creeps.

Ducky: Where are we?

Littlefoot: I think we're in the Mysterious Beyond.

Cera: The Mysterious Beyond?

Varie: I really don't like this place.

[the bubbles pop]

We were now standing on the outcrop overlooking a treacherous swamp.

Scattered in the murky waters were skeletons of various dinosaurs from duckbills, to threehorns, to longnecks. Above them was the skeleton of a giant T-Rex that rested on a rock that curved over their heads.

Lucy: I would not like this kind of place.

Miranda: Guys, are we lost?

Me: I don't know.

Nico: It's hard to tell from this place.

Cera: Well, I'm not afraid of any ol' Mysterious Beyond.

[the bubble pops at Cera, then they all laugh, then Cera shakes the water off]

Ducky: There is nothing to be afraid of as long as we're together. Right? Right?

[We gasp while we hear a distant screech, then Spike puts his head in, then Petrie hugs Littlefoot, twitching]

Cera: I wanna go home.

Petrie: Petrie go home too!

Chomper: I want to go home too.

Ducky: But what about the egg? We cannot leave it here all alone.

Littlefoot: I'm… I'm afraid it got smushed.

Me: I don't think it did.

Ducky: [starts crying] Bye-bye, baby sister, or baby brother. [continues crying]

Littlefoot: [to Ducky] Don't cry, Ducky. It's all part of the Great Circle of Life.

Aylene gently placed hand on Littlefoot's shoulder and shook her head sadly. Now was not the time to bring that up.

Cera: Besides, there's a whole nest full of eggs at home.

Aylene: That's right.

Ducky: [continues crying] Yes, but this one was special. It was going to be my favorite favorite. All blue and orange and speckled. There was not another egg like it in the whole world, except, this one. [stops crying]

Littlefoot: Ducky, it's safe!

Cera: It's here!

Me: It sure is!

Ducky: The egg! It is not smushed! Oh, hello, baby brother or sister. Hey, you "growed!" This is going to be a very big baby brother or sister.

Me: It sure is.

Cera: Well at least we know it's safe.

[grabs the egg, laughing, then rolling down]

Littlefoot: Come on, we better get it back to the nest.

Aylene: Yeah we should.

Petrie: But how we do that? Egg is big!

Sam Manson: I got it.

Sam formed a basket of vines and Chomper put the egg in the basket.

Chomper: Very clever Sam.

Me: Lets go.

Petrie: Home.

Ducky: Sweet home.

[Ducky's Mom sleeps, then they bring an egg, then putting an egg down, then Ducky rolls an egg]

Cera: I can't wait to tell everybody how we saved the egg.

Me: Me too. Even though we don't like to brag.

Petrie: They no treat us like babies anymore!

[Ducky continues rolling the egg, then gasping]

Littlefoot: Go on, Ducky. Put it back.

Ducky: It is back. Look!

[We all look at the egg]

Littlefoot: So if Ducky's egg was there all the time, whose egg is this?

Aylene: That's a really good question.

Petrie: Maybe those bad guys steal it from other nest.

Me: Maybe.

Aylene: Well, it is pretty big. It might be a sauropod egg. Or a longneck egg, as you would say. But I'm afraid I'm not too familiar with dinosaur eggs, so I really couldn't tell you.

Fu: That is a possibility.

Cera: We won't know until it hatches.

Ducky: Yes! Then we can take it back to its family!

Littlefoot: But, who's going to take care of it until it hatches.

Cera: We are, of course! After all, we're not babies.

Me: No we aren't.

[cut to Ozzy and Strut, getting out of the rocks]

Strut: Oh, I feel like… Agh! A mountain fell on me.

Ozzy: It did!

Strut: Is that you, Ozzy? Where are you?

Ozzy: You're standing on me!

Strut: Ah!

[Strut jumps off the rocks, then Ozzy gets out of the rocks]

Ozzy: Did you save the egg?

Strut: Oh, the, uh… Th-the egg?

[Ozzy hits Strut's face]

Strut: Oh, you mean the egg! Uh, well, I don't… I, I, I mean, uh… Those kids, yeah, that's it! Those kids did it! They stole our egg. The nerve!

Ozzy: They did, did they? Well, they'll pay, and dearly!

[cut back to Littlefoot, Cera, Spike, Ducky and Petrie]

Cera: How long do we have to wait?

Littlefoot: Gee, I don't know. It could be a long time.

Lincoln: It could be days or a couple of hours or even minutes.

Petrie: My mama sit on the eggs to keep warm, make hatch. [he climbs on the egg] Me sit on egg.

[the egg rolls]

Cera: I wonder what it's gonna be. A girl, I hope.

Petrie: Maybe it flier, like me.

Ducky: Or a swimmer, like me.

Ruby: Or a fast runner like me.

Littlefoot: Hey, why can't we all be its parents?

[we all laugh]

Cera: Don't be silly, Littlefoot! How could we be its parents?

Littlefoot: Well, we'll raise it, teach it stuff. It'll be fun!

Ducky: [jumping up] Oh, yes, yes, yes. I will be a very good mama! Mm-hmm. [touches an egg]

Petrie: We be good parents! [Spike nods yes] Ooohh! Hmmm.

Cera: Well, I think I'll make the best parent.

Littlefoot: Why's that, Cera?

Cera: Because I'll let her do anything she wants.

Petrie: Mmm, that sound good to me.

Ducky: Our baby will never hear "no." Oh, no, no, no, no!

Littlefoot: So we're gonna do it?

Petrie: Uh-huh!

Cera: Yes!

Me: Lets do it

[Ozzy and Strut poke heads out, then they all gasp]

Ducky: Look!

[he hugs the hug, then Chomper's foot pops out of the egg]

Petrie: It hatching!

[the tail pops out of the egg, then popping the body, then throwing the top, then Chomper appears]

Littlefoot: It's… It's a…

Chomper: It's a Sharptooth like me.

Me: He sure is a cute little guy.

[Chomper licks Littlefoot, laughing]

Littlefoot: Friendly, aren't you?

Ducky: Yes, yes, yes. He sure is.

Ozzy: Well, well! If it isn't the plant-grazers who spoiled our supper!

Me: Ozzy and Strut!

Strut: Look, Ozzy. There are some other guys after those eggs as well.

Ozzy (chuckles sinisterly): Well, we can't have that, can we?

Ducky: It is the egg-stealers!

Petrie: Oh, what we do?

Me: Lets get them!

We went at Ozzy and Strut and I punched them in the faces.

G1 Grimlock stepped on them.

Ozzy (kicks Grimlock off him): Get off me, you stupid bozo!

Grimlock: Me Grimlock not bozo. Me Grimlock king!

Ozzy: Where's my egg, you rotten little sprout-crunchers?

Nico: In a place called none of your business you thieves!

G1 Soundwave punched Ozzy.

G1 Soundwave: Ozzy: Inferior. Team Loud Phoenix Storm: Superior.

Ozzy and Strut ran.

But then 20 minutes later they came back and they were not alone. With them was a Carnotaurus!

Aylene: It's a Carnotaurus!

Cera: Is that a Carnotaurus?!

Ozzy: Yes. And guess what? You're its next meal!

Edzilla (tail whips Carnotaurus): ED SMASH DINOSAUR!

Ozzy: You think your dog will be able to defeat my new pet?!

Edzilla: ED NOT DOG! ED IS STRONGEST THERE IS!

Me: Lets get them!

Carnotaurus: So you are the humans and hatchlings that defeated Sharptooth!?

Aylene: We sure are. How did you know that?

Carnotaurus: Word has spread all over the world that you defeated the Walking Terror and now we are trying to fill in his void. We placed you all on our most wanted list and in order to become the next Walking Terror, we must kill the ones that were able to defeat him!

Me: Well good luck with that. Lets get them!

We went at them. Then we got an unexpected surprise when we saw Chomper's mom and dad arrive.

Chomper: Mommy! Daddy!

Strongclaw: Hello son. Carnotooth. I never thought we would see you again.

Carnotooth: You will pay for everything you've done to me.

I punched Carnotooth in the face and knocked out one of his teeth.

Lincoln fired a powerful blast of lightning and electrocuted Ozzy and Strut.

Lincoln: Strut are you gonna let your brother continue to boss you around like that?

Strut: He's my brother Lincoln.

Lincoln: Would a good brother let his sibling do all that abuse to you?

Strut: No he would not!

Strut whacked Ozzy in the head with his tail.

WHAM!

Ozzy: OW! What are you doing Strut!?

Strut: Something I should've done long ago Ozzy! Get rid of you!

Me: This is an unexpected turn of events. Lets get them! Combo and Final Smash time!

Littlefoot: I'll start us off. TOGETHER WE ARE A HERD!

Littlefoot glowed in a pink aura and the power of his strength went into us and we felt more powerful than ever before!

Me: Wow!

Nico: What incredible power!

Me: Aside from hatred, love is a much stronger force.

Aylene: It sure is.

Groove: Lets get him. CYBER KEY POWER!

The Earth Cyber Planet Key was inserted into the back of his seat and it enhance his speed to 1,500 miles per hour and his vaporator blasters had 5 more blasters pop out.

Rocket Raccoon: Time for some action baby! ANIMATRON CYBER KEY POWER!

The Animatron Cyber Planet Key was inserted into his device on his arm, and 6 more blasters popped out of his backpack and enhanced his firepower.

Groove and Rocket Raccoon: COSMIC FIRESTORM SURPRISE!

They fired numerous blasts from their blasters and they all hit the Carnotaurus and Ozzy and exploded all over the place. This alerted the other dinosaurs and they came to us.

Swindle: Time for us to have some fun! CYBER KEY POWER!

The Earth Cyber Planet Key was inserted into his gyro gun and 4 more blasters popped out of it and enhanced its firepower.

Miranda: Time for me to have some fun. ANIMATRON CYBER KEY POWER!

The Animatron Cyber Planet Key was inserted into her device and she got a sword that looks like Cybertron Snarl's.

Snarl (Cybertron): Sweet Sword!

Swindle and Miranda: VERTIGO SWORD SLASH!

Swindle fired his blasters and they merged with the sword and Miranda slashed the Carnotaurus and Ozzy.

All the grown up Dinosaurs arrived and it was gonna be a rough fire.

Me: This fight has gone on long enough.

G1 Grimlock: Me, Grimlock, finish! FLAME BREATH FIRESTORM!

G1 Grimlock fired a massive blast of fire from his mouth and incinerated them both to ashes.

We beat the Struthiomimus and the Carnotaurus.

Me: The power of love and friendship is far stronger than anything.

Littlefoot: It sure is. (To the viewers) Remember that now.

Later we went back home after we sealed up the Great wall. We saw Ducky's eggs in her nest hatch more babies and they were adorable. Later we went back home and rested. We set up a visiting day for when the time came.

THE END

---

Another Fanfiction Complete.

The 2nd Land Before Time Movie is one of my all time favorites and it was an awesome movie. I've known that movie and the whole series since I was a little kid and it was so awesome! NicoChan11 gave me the ideas for this one. Thanks man as usual. Let me know what you all think.

See you all next time

# The Most Evil Fairy Hunter

It starts in the middle of the city. A massive explosion was felt.

KRABOOOOOOOOOOOOMMMMM!

We were fighting the infamous Supervillainess Leslie Willis A.K.A. LIVEWIRE.

Leslie Willis was a popular WLXL shock jock who made a habit of creating controversies among social issues within Metropolis, as well as ridiculing and insulting people around Metropolis, mostly Superman. People all over Metropolis listened to Leslie, even Superman, who is completed annoyed by her venomous words. Lex Luthor, in particular, enjoyed her radio show.

Leslie was interviewed by Lois Lane and Clark Kent about her views on Superman. Leslie explains 3 main reasons why she hates Superman: the first one is that Superman is never around when anyone needs him, the second one is that everyone is so easy for him to interfere, and the third one is that he cares about himself. These claims were disproven, when Kent secretly left the interview after hearing of a large crane falling from the top of a building, endangering a worker as well as a woman and her child; and despite his difficulty to stop the crane from falling, he manages to save the worker, the woman, and her child from being crushed. Following the end of the interview, Leslie announces the upcoming party in Centennial Park to celebrate the third anniversary of her show.

During the party, there was a thunderstorm, and Leslie's producer tried to convince her to close the party because of the arriving police's concerns for the risks of the concert during a thunderstorm and the crowd's safety. Leslie refuses to take note of her producer's warning and went so far as to incite the crowd against the police. The chaos continued until Superman arrived. But Superman couldn't convince her to stop the party. In fact, she took Superman's appearance as an opportunity to ridicule him in public. Then, suddenly, while verbally attacking Superman, a bolt of lightning simultaneously struck the stage, forcing everyone to evade from the bolts. Leslie, on the other hand, sees this amusing, forcing Superman to push her out of the way before being shocked by the electrical currents. Upon witnessing this, Leslie tries to escape, but she steps on a wire and gets shocked as well before falling unconscious.

Upon regaining his strength, Superman takes Leslie to Metropolis Hospital, where she recovered and quickly learned that not only had her hair and skin changed color. She blamed Superman for her transformation, refusing to take the fact that she should've shut down the concert that caused it in the first place. She later finds out that she has the power to generate and manipulate electricity. Delighted, Leslie escapes from the hospital via electrical current, and the former radio personality renamed herself "Livewire" and started her life as a criminal.

She used her new abilities to hijack Metropolis and manipulated every medium, including telephones, televisions, and billboards. She announced that she would take control of Metropolis's utilities, declaring that if the public wanted to use them they would have to pay her on a regular basis. However, her power was limited and she needed to recharge her powers regularly. This left her vulnerable. Because of this weakness, Superman was able to track Livewire to a local hydroelectric plant and, in the ensuing battle, she was defeated when exposed to water. After this, she was held under heavy restraint and left in a near catatonic state at Stryker's Island. Her medical care while at Stryker's was financed by Lex Luthor, the same man who enjoyed listening to her insulting rants against Superman on the radio.

Sometime later, she recovered and was kept in a regular cell. She managed to escape her cell by manipulating a janitor into letting her listen to his cassette player which she drained power from and used to blast her way out. Livewire then engaged Superman, but her power was not enough to destroy him. Livewire decided that the best way to defeat Superman was to team up so she sprung another supervillain, Parasite, from his cell. Together, they committed a series of crimes in Metropolis, but eventually Parasite betrayed

Livewire by draining her powers. He subsequently used Livewire's powers to attack Superman, all while holding Livewire captive to feed off of her energy. After the Parasite was defeated, he and Livewire were delivered to the authorities. Livewire would be moved to a new prison.

Sometime later, when she was being transported through Gotham City, Livewire escaped again and escaped into the Gotham underworld. There, she met Harley Quinn and Poison Ivy. The three formed an alliance to commit a series of crimes. With Superman unavailable, Supergirl headed to Gotham, where she met Batgirl who informed her about Livewire. Batgirl and Supergirl teamed up to fight Livewire, Ivy, and Harley at Gotham Park. During this melee, Livewire almost electrocuted Supergirl, but Batgirl saved her and Livewire was defeated. She was later returned to the Metropolis prison system.

Years later, Livewire became a member of the Superman Revenge Squad to destroy Superman once and for all. They started a rampage at Daily Planet Plaza, but the Justice League intervened and Livewire was easily knocked out by J'onn J'onzz. After Superman was "killed" by Toyman, Livewire and Kalibak started another rampage at Metropolis. When Superman returned, Livewire, Kalibak, and the other villains were taken down.

Livewire later joined Grodd's Legion of Doom. However, she did not appear to be particularly dedicated to it; While she helped the Legion on a couple jobs, she was not among the Legion villains involved in its space mission and the Luthor/Grodd civil war.

Livewire: You think it's funny sending the Box Ghost to annoy me?!

Nico: C'mon. It was supposed to be a joke!

Livewire: This is what I think of your joke! (punches Nico in the stomach)

Nico: Ok. I deserve that.

Lincoln kicked Livewire in the face and Superman froze her with his ice breath.

Livewire (to Superman): So, Clark Kent, huh? If it's all the same to you, I prefer to call you Superman.

Superman: I take it Grodd told you.

Livewire: He did.

Livewire busted out of the ice and Elena kicked her in the face and Livewire fired a blast of lightning.

Elena (dodges Livewire's blasts): You know, you and I are actually similar.

Livewire: How so?

Elena: We both have the ability to use lightning.

Livewire: That is true. We both use lightning.

Lincoln: Me and Linka do as well. In a way we can become the twins of lightning. We have the same powers and all of that.

Livewire: That is true Lincoln.

Linka: Leslie let us help you and cure you. We can let you keep your powers and you can start turning over a new leaf. I know there's still good in you Leslie and you can make a very powerful difference if you give up your super villain ways. You can change.

Livewire: I don't know if I can.

Volcana: We can help you out Leslie.

Livewire saw Volcana, Killer Frost, Giganta and Tara came to her.

Livewire: Claire, Louise, Doris, Sheila!

Killer Frost: It's good to see you again Zappy.

Giganta: Leslie, everything Linka said is all true. We were redeemed and are now part of Team Loud Phoenix Storm's Redemption Squad.

Cheetah: We realized the error of our ways thanks to Team Loud Phoenix Storm.

Volcana: Argent helped me realize the error of my ways when I was a super villain. She helped me realize that there is so much good by helping people.

Killer Frost: Alexis helped me realize that I was lead down the wrong path because of my powerlust.

Giganta: Brittney helped me realize what a rotten boyfriend Grodd was.

Cheetah: And J.D. helped me realize that I was fighting for the wrong cause.

Linka: That's right. We helped a lot of supervillains realize that they were lead astray and you can redeem yourself and do good things. You can become a great person like Claire, Louise, Doris and Sheila are now.

Livewire then began to realize that everything she did while working for the Legion Of Doom was wrong and she broke down crying and Linka comforted her.

Linka: It's all right Leslie. It's all right.

Livewire was on the path to redemption. During the battle, Nico caught a Ludicolo and a Shiftry.

* * *

Back at the estate Livewire was giving us all information on what the entirety of the Legion Of Doom was up too. We found out that they were have numerous villains working for them and they are trying to rule the world. We also found out that they were located in Slaughter Swamp located just right outside of Gotham Royal York.

Me: Boy they are just right outside of the city.

Lori: That is literally not that far away.

Lola: We should go over there and blast them all into dust!

Me: No Lola. We need to take them down one at a time. That way their forces will be stretched way too thin for them to even fight back against us. So whenever they do a crime we need to know who we need to face.

Lincoln: So which members are still active?

Me: Lets see.

I pull up a list of the members of the Legion of Doom.

LEGION OF DOOM:

Lex Luthor - successor and leader (DECEASED)

Gorilla Grodd - founder & original leader - (ACTIVE)

Angle Man - ACTIVE

Atomic Skull - ACTIVE

Bizarro - RETIRED

The Top - ACTIVE

Toyman - IMPRISONED

Tsukuri - ACTIVE

Ultra-Humanite - DEFECTED

Volcana - DEFECTED

Weather Wizard - ACTIVE

Lincoln: Wow! We have a lot of them to take down!

Me: We sure do buddy.

Livewire: I didn't know Lex Luthor was dead.

Me: He died of Severe Kryptonite Poisoning. He only had a couple of weeks left to live because of it. He died on his way to a prison we had set up on the outskirts of the infinitely vast web of galaxies all over the universe.

Livewire: I remember he had a strange vest on that was keeping him alive somehow.

Me: That vest was of his own creation. It kept his disease from killing him in remission.

Livewire: I didn't know that.

Me: None of us did. And Leslie we're sorry we sent the Box Ghost on you. Captain Cold and Heat Wave got Leni sprayed with a skunk and we had to deliver some form of payback on them. But we never intended to get you too.

Livewire: It's all right J.D. I have something for Raimundo.

Livewire gave Raimundo 2 Shen Gong Wu called the Yin Yo-Yo and the Yang Yo-Yo.

Raimundo: You're giving the Yin Yang Yo-Yos to us?

Livewire: Why not? I couldn't really find a good use for it. Plus, I think it can provide a new way for you guys to deal with villains.

J.D. 2: J.D. the Yin And Yang Yo-Yos have the power to transport anyone into the world of Yin-Yang.

Me: The world of the spiritual balance of light and darkness?

J.D. 2: That's right. It's a very strange place.

Me: Oh I get it. It's like a flipped parallel universe. Where we are the bad guys and the villains are the good guys.

J.D. 2: That's right J.D.

Me: That world doesn't sound like the kind of place I would not want to go to. If I faced my evil self it would be a stalemate fight that would destroy the entire universe.

J.D. 2: Good thinking.

Me: Lets get you into some new clothes after we cure you Leslie. You'll still have your lightning powers.

Livewire (blushes): Was this what you wanted?! Me being cured so boys can take a peek at my exposed body?!

Elena: Of course not! I'm sorry if you think that was our intention.

Livewire: Oh. Sorry.

Me: It's all right. But you'll have the ability to transform into your Livewire form at will.

Livewire: Okay. That I can live with.

Me: Okay. Boys cover your eyes.

We did so and I snapped my fingers and Leslie was back to what she was before she became Livewire. She had black hair and black lipstick on and she had purple eyes.

Maria put a robe on her and they went up to Leni's room. Maria and Leni got her some awesome clothes. She had a blue tube top on with lightning on it, blue jeans, black combat boots, and a black sleeveless trench coat with lightning all over it.

Leslie: Wow! I look amazing! Thanks Maria.

Maria: You're welcome Leslie. It makes you look like you're one with a thunderstorm.

Leslie: It sure does.

Maria: You're gonna be a great member of the Redemption Squad Leslie.

Leslie: Thanks.

Then our alarm went off.

At our computer we were picking up a disturbance at the elementary school. It was under attack by the ruthless and sadistic fairy hunter MARY ALICE DOOMBRINGER!

After Crocker broke his bones when he fell into a well that was just dug up, Doombringer (as Miss Sunshine) became his substitute. Timmy later wished Sunshine became his permeanant teacher. The wish came true and Doombringer revealed her true colors. She tries capture by appealing to kids as a good teacher. Miss Doombringer found Timmy had fairies and tried to catch him. But, Crocker helped

Timmy and Doombringer got ran over by a bus, vowing to return.

Timmy T.: Oh no! Ms. Doombringer is back to get more fairies!

Me: Who is Ms. Doombringer?

Timmy T.: She's a ruthless fairy hunter that wants to kill all fairies!

Me: WHAT!? That is absolutely insane!

Chloe: We have to stop her.

Me: And we will. Leslie how would you like to help us stop her?

Leslie: You got it J.D.

Me: All right. Team Loud Phoenix Storm, lets fly!

We set out for Gotham Royal York Elementary School!

---

At Gotham Royal York Elementary School, Ms. Doombringer was going after some fairies with the intention of killing them. Suddenly a massive fiery explosion blasted a hole in through the roof and a phoenix cry was heard and we flew in and landed in front of her.

Ms. Doombringer: So the famous Team Loud Phoenix Storm has arrived.

Me: Mary Alice Doombringer. So we meet at last.

Ms. Doombringer: Yes we do.

Me: I don't understand you Doombringer. Why do you hate all fairies so much? What drove you to wanting to kill all of them?

Ms. Doombringer: (Sighs) It's something I don't like to talk about. But I might as well tell you. Back when I was Timmy Turner's age I had a flamboyant and fun loving personality.

FLASHBACK - 30 years ago.

Ms. Doombringer: I was a miserable 10-year-old girl and I had 2 fairy godparents. We did many things together and went on magnificent adventures. My fairy godparents names were Beauty and Gorgeous. We were best friends.

Beauty was a red hair fairy with red eyes and she had red clothes and black pants. Gorgeous was a blue hair fairy and he loved looking at himself in the mirror all the time.

Ms. Doombringer: But then came that terrible day when I saw a fairy godparent doing some terrible deeds and then I snapped! I then turned against my fairies and I ripped their wings off! From then on I turned into the ruthless fairy hunter Ms. Doombringer! (MALEVOLENT LAUGHTER!)

Fire burns ferociously in the background behind her as she laughs.

FLASHBACK ENDS

Ms. Doombringer: I vowed from then on to kill all Fairy Godparents and bring them all to extinction!

Me: You're insane!

Timmy (to Doombringer): Not even Crocker would do the things that you do! And he's locked up in the madhouse.

Tecna: (British Accent) You are even more screwed up than Crocker.

Bloom: And I think being locked in the Saturn Insane Asylum is too merciful for you!

Punisher (to Doombringer): You know what the difference between you and me is? I'm not a xenophobe. I kill criminal scumbags whether they're human or not!

Robin: And seeing your appearance also reminds me that we should start looking for Ravager.

Me: It's time for you to go to prison!

Ms. Doombringer: Then try and take me!

Me: With pleasure!

Stella (Winx) fired a blast of light at Ms. Doombringer and burned her. Then Ms. Doombringer fired a butterfly net and trapped her.

Stella (breaks butterfly net): These might be effective on normal fairies. But not on us!

Me: Lets get her!

Luan: But I have an idea.

Luan fired a blast of light at Ms. Doombringer and it divided her into two people. One was her original self Ms. Sunshine and the other was Ms. Doombringer!

Ms. Sunshine: I'm free!

Ms. Sunshine went to us.

Me: Come on guys!

Nico punched Ms. Doombringer in the stomach and kicked her in the face.

Nico: Doombringer, you have failed this city!

Me: More like she has failed both worlds! I don't know who is even more fucked up. You or Crackpot Crocker!

First Aid (to Doombringer): Your next stop is the hospital!

I kicked Doombringer in the face and knocked out some of her teeth.

Livewire fired a powerful blast of lightning and electrocuted her.

Me: It's combo time!

Vortex: You got it. CYBER KEY POWER!

The Earth Cyber Planet Key was inserted into the side of him and his rotors spun at 1,000 miles per hour and created a powerful tornado.

Tengu Man: Time for some action. VELOCITRON CYBER KEY POWER!

The Velocitron Cyber Planet Key was inserted into his back and he can now fly faster than a bullet fired from a gun it enabled him to generate a powerful shockwave that will cut the air around everything. It's also powerful enough to blow anything away.

Tengu Man and Vortex: HYPERCANE SHOCKWAVE BLAST!

Tengu Man and Vortex fired a powerful air blast that blew Ms. Doombringer through the walls of the school. She came back and she was ready for more.

First Aid: Time for some firepower. CYBER KEY POWER!

The Earth Cyber Planet Key was inserted into his gun and it enhanced his decrystalizer gun to where it can destroy all objects at the subatomic level.

Cornelia: Lets get him! EARTH CYBER KEY POWER!

The Earth Cyber Planet Key was inserted into Cornelia's device. Her wings grew larger and they blew out powerful spores that grow trees and powerful plants in seconds.

First Aid and Cornelia: SUBATOMIC VINESLASH DESTROYER!

The vines slashed up Ms. Doombringer and blew her weapons apart and reduced them to dust.

Me: Time to finish you. Final Smash time!

Stella (Winx Club): I'll start us off. SOLARIA RAINBOW RAYBURST!

Stella fired a powerful rainbow ray of light and it hit Doombringer and exploded.

KRABOOOOOOMMM!

Chloe: Now it's my turn. FAIRY GODPARENTS MAGICBLAST!

Chloe fired a powerful blast of magic at Ms. Doombringer and it hit her an wrapped her up in an inescapable straitjacket.

Chloe: That was awesome! (To the viewers) Kids, never hire a teacher that is an insane nut like Ms. Doombringer or there will be horrible consequences.

Ms. Sunshine: You said it Chloe.

Ms. Doombringer was sentenced to 30 consecutive life terms in the Jupiter prison without the possibility of parole.

Nico: Goodbye, Doombringer! And good riddance!

Nico left.

THE END

---

Another Fanfiction Complete.

Ms. Doombringer was probably the most ruthless fairy hunter of all time. Too bad she only had an appearance in 1 episode though. What a rip. NicoChan11 gave me the ideas for this one. Thanks man as usual. Let me know what you all think.

See you all next time

# Wrath of The Scorpion King

3067 B.C.

A massive army was approaching the city of Thebes in Egypt.

Ardeth Bay: [narrating] Five thousand years ago, a fierce warrior known as the Scorpion King led a great army on a campaign to conquer the known world.

Mathayus, the mighty Scorpion King of Akkadia was on the warpath towards Egypt and the city of Thebes. The soldiers on both sides charged and they clashed ferociously. It was a vicious, brutal and extremely ferocious battle.

Seven Years Later - 3060 B.C.

Ardeth Bay: After a vicious campaign that lasted seven long years, the Scorpion King and his army were defeated and driven deep into the sacred desert of Ahm Shere. One by one, they slowly perished under the scorching sun… until only the great warrior himself was left alive. Near death, the Scorpion King made a pact with the dark god Anubis, that if Anubis would spare his life and let him conquer his enemies, he would give him his soul. Anubis accepted his offer and spared his life.

Almost instantaneously a massive and lush oasis grew out of the sandy desert and the Scorpion King yelled.

Ardeth Bay: Anubis gave the Scorpion King command of his army, and like an evil flood, they washed away all that lay before them.

The Army of Anubis razed the whole city of Thebes in a ferocious flood of evil. Destroying everything in their path and killing anyone that got in their way.

Ardeth Day: When his task was done, Anubis forced the Scorpion King to serve him for all time. His army was returned to the sands from whence they came… where they wait, silently, to be awakened

once again.

---

2019 - Present.

I gasped and woke up and I panted.

Me: (Panted) Wow. That dream again. The Scorpion King, I wonder why I keep having dreams about him.

At breakfast I was telling everyone about my dream.

Maria: Want some ice cream, Horsea?

Horsea: Sure Maria.

Cody: I've read legends about the Scorpion King. Lord Anubis told me all about what he did and how great a warrior he was.

Lori: How fierce was the Scorpion King?

Cody: Extremely fierce. He made all other warriors after that look like extremely big jokes. He spared no one and made all his enemies suffer.

Lincoln: He was really ruthless.

Cody: He was.

Laney: Was he as bad as Imhotep when we killed him?

Cody: No. Imhotep was much worse. He and Anck-su-Namun both assassinated Pharaoh Seti I back in 1290 B.C. Their treachery is 100 times worse than the crimes of the Scorpion King.

Me: That's a whole new level of evil. But I don't understand why I keep having dreams about the Scorpion King.

Natilee: Maybe your dreams are somehow connected to him.

Me: That could very well be.

Lisa: Perhaps I might be able to tell you that answer. But I'll need some blood for that.

Me: Sure Lisa. One drop?

Lisa: That should be enough.

Lisa brought out a DNA computer that looks up the family tree of an individual. I took a dagger and cut my finger and dropped one drop of blood into the machine and it analyzed it and printed a huge sheet of paper that had a huge family tree.

Me: Wow! That is a huge family tree.

I laid the tree out on the table and went along the family tree and it showed that I am also descended from more historical figures than what I first thought from over the last 2 to 3,000 years. But also I found out that in the year 3,060 B.C. I found out that I am a direct descendent of Mathayus the Scorpion King Himself!

Me: (Gasp) Look at this! I'm a direct descendant of Mathayus the Scorpion King!

Everyone looked at where I was showing them and they saw that I was right.

Lana: Wow! J.D. that is amazing!

Lincoln: I didn't know you were descended from the Scorpion King, J.D.

Nico: Wow! That is quite an enormous surprise. That is an amazing revelation.

Me: It sure is. I had no idea that I was descended from him.

Varie: None of us did.

Suddenly there was a whoosh and a portal appeared and out of it came Anubis, Egyptian God of the Dead.

Me: Lord Anubis. Welcome.

Anubis: Thank you J.D. Cody how have you been doing?

Cody: I've been doing great Lord Anubis.

Anubis: I'm afraid this isn't much of a social visit. I need all your help.

Me: What's wrong Lord Anubis?

Anubis: The Scorpion King is going to use my army to destroy the planet.

Me: What!? Why would he try to do such a thing my lord?

Anubis: 5,000 years ago, your ancestor, Mathayus the Scorpion King was given command of my army to conquer Thebes. After his task was done, I took his soul and made him my servant for all eternity. But his powers have grown since then and now he is going to be awakened and destroy the entire world if you don't stop him. I was a fool to put him under my power. Now I want to correct my mistake. I want to destroy him. And to help you out I have a soul here to help you.

Anubis opened a portal and out came The Scorpion King, Mathayus himself!

Mathayus: Team Loud Phoenix Storm. It is a pleasure to meet you all at last.

Me: You too ancestor. It's an honor to meet the legendary Scorpion King.

Mathayus: You too. We have to stop this dark version of myself.

Me: And we will. Lord Anubis we will accept this task.

Anubis: Thank you J.D. And be careful my friends.

Me: We will. Ancestor, lets work together to take down the Scorpion King.

Mathayus: Right.

We shook hands.

Me: The only thing that can kill the Scorpion King is the Spear of Osiris. Team Loud Phoenix Storm, Lets fly!

G1 Hot Spot: If you guys don't mind, I'll fly to our destination.

Tucker: Thanks Hot Spot.

Mathayus: We would like that.

We were off to Egypt.

---

We arrived in Egypt and we were flying above Cairo. As we were flying Nico caught a Pelipper and a Swellow. G1 Hot Spot was flying in Omega Supreme.

Nico: We're back in Cairo, Egypt.

Maria: I remember that Tefnut came from here. Without her, I wouldn't be the girl that I am today.

Cody: And it's also where I acquired my powers from Lord Anubis. I wouldn't have come this far without him.

Me: We got our powers from many deities and sources Cody. But we're not heading to Cairo. We're heading to the Oasis of Ahm Shere.

We flew on and we saw the most beautiful oasis out in the middle of the Sahara Desert. It was located somewhere in southwestern Egypt 300 miles southwest of Cairo.

Me: Wow! The Oasis of Ahm Shere.

Lori: Wow! This is literally the most beautiful oasis I've ever seen.

Lincoln: I've got a very bad feeling about this oasis guys. I'm sensing some very dangerous creatures in there.

Laney: Me too.

We went down into the oasis and we found another strange sight. It was a sacrificial burial ground. There were skeletons of dead people from over the centuries in cages and their skulls were mounted on pikes.

Lucy: Gasp!

Haiku: Look at all these corpses.

Brittney: These are all corpses of soldiers from over the centuries.

Me: I recognize where they are from. Egyptian Soldiers from Ramses IV, Roman Legionnaires from Julius Caesar, Soldiers of Alexander the Great, Even soldiers from Napoleon.

Linka: How did they get this way?

Me: I don't know. But this is not good.

Laney heard some growling and she used her plant powers and grew vines that grabbed numerous little pygmy savages.

Lynn: Whoa!

Cody: So that's the reason why lots of soldiers from over the centuries vanished when they came here. These little creatures killed them!

Nico: That does seem plausible.

Lisa: Very fascinating creature. They have the feral qualities of primitive lifeforms from thousands of years ago.

Mathayus: Even I would never use something this dangerous.

Cody: Me neither.

Bai Tza: These little freaks aren't worth our time.

Me: Lets get going.

We continued on to the pyramid. We got to the pyramid and we saw that it was all in pristine condition even after 5,000 years had passed.

Me: Wow. Look at this place.

Lola: It's not the kind of castle I would live in.

Laney: Me neither.

Then we heard a thunderous roar.

ROOOOOOOOOOOAAAAAAAAAARRRRRRRR!

Lori: Wow! That is literally loud.

Leni: Totes.

Me: The Scorpion King has awakened. Only the Spear of Osiris can kill him.

I had the spear with me.

We arrived in a throne room loaded with fire. We went in and we saw a magnificent room lit up with fire and there was a huge gong and there was a huge crack with a huge amount of fire coming out of it. We looked down and we saw that the walls of the huge crack were crawling with the souls of the damned.

Me: It's the souls of Hell. We're actually looking into the fire of Hell in its entirety.

Cody: These are definitely them.

Me: Lucy do you recognize any of these evil souls?

Lucy: I sure do. They are the souls of the most evil people in history. Some of these souls are from those that we all killed.

Me: I would say it's nice to see them all again but it wouldn't look good.

Nico: (To the Damned souls) YOU ALL HAVE FAILED THIS WORLD!

Me: You tell them Nico.

Lincoln's ghost sense went off. Then out came a ghost. It was HOTEP-RA! He was a mummy ghost.

Tucker: Hotep-Ra!

Hotep-Ra: How nice to see you again Tucker.

Me: You know this ghost Tucker?

Tucker: Unfortunately I do.

Hotep RA was, during his life, the servant of Pharaoh Duulaman. The strength of his loyalty should be questioned though, as he tried to take over the world through Tucker despite believing (at least to some extent) that Tucker was Duulaman reincarnated. At some point he died and was possibly mummified after his death. In the present day, his ghost was awakened when Tucker looked into the mirror on his sarcophagus. After this he acted as Tucker's servant, helping him out and catering to his every whim while at the same time plotting against him. He gave Tucker Duulaman's staff, a weapon of great power which increased Tucker's ego and stifled his conscience and common sense. After Tucker sent everyone to a representation of ancient Egypt and forced them to work, Hotep RA continued to assist Tucker, yet still plotted to dethrone him.

Tucker: You see I'm actually a descendent of Pharaoh Duulaman and he tried to get me to do the things of the Pharaoh in Amity Park.

Me: That's awful. How long ago did he live Tucker?

Tucker: 4,000 years ago.

Hotep Ra: How dare you deny your birthright, Foley!? I gave you everything you ever wanted and you repay me by betrayal?!

Tucker: You tried to turn me against my friends. I think that me betraying you is justified!

Me: I didn't know that Tucker.

Tucker: Yeah he was the worst servant ever.

Me: Well soon he's gonna be a gone servant in the river of fire!

Lincoln: That's right. Ready Danny?

Danny: Yep.

Danny and Lincoln: WE'RE GOING GHOST!

Danny and Lincoln turned into Danny Phantom and Lincoln Phantom.

They thrashed Hotep-Ra and fired blasts of lightning and ecto-rays at him.

Danny: Time to finish him with a combo.

Lincoln: You got it Danny!

Danny and Lincoln fired lightning and ecto-rays at a powerful level.

Danny and Lincoln: LIGHTNING GHOSTRAY DESTROYER!

The blasts combined and they hit Hotep-Ra and obliterated him in an instant and he was sucked into the River of fire for all eternity.

Then the doors in the room unlocked and opened.

Me: (Speaking Arabic) الله يوفقنا (Translation: God help us.)

We saw an ugly monstrosity emerge from the room and it growled and out came THE SCORPION KING HIMSELF! He was half man half scorpion. He had the head, chest and arms of a man and his arms were scorpion claws and the rest of him was all scorpion. He had 8 legs, 2 big pinchers and a poisonous stinger tail.

Mathayus was picked by King Urmhet to protect the lord of Khemet and a concubine from a dangerous beast. The beast was summoned by Magus, who convinced him to join forces before Mathayus declined to the sorcerer. He got sent to Magus' prison and met an elderly prisoner named Hammet. He eventually found his way through the Netherworld and retrieved the Sword of Osiris. Magus reveals himself as the man who mislead Mathayus into helping him summon Set, the Chaos God once he sacrifices Mathayus' brothers. Once Magus died at the hands of Mathayus, he became a vessel for Set, which Mathayus quickly defeated and rescued his brothers.

Mathayus, along with his two brothers, the last of a dying people, the Akkadians, Mathayus became a mercenary, training extensively in the deadly arts and only applying service to those whom he and his brothers personally favoured, though upon the death of his brothers, Mathayus went on to end the reign of Memnon, a murderous warlord who sought to conquer all around him, and went on to become a warlord himself known as the Scorpion King. Upon Memnon's death, Mathayus ascended power by assuming the role of a king, becoming a formidable ruler in ancient Egyptian times, before the era of the Pyramids.

One siege on the city of Thebes was the final battle that the monarch and his men fought as they were forced out into the deserts where Mathayus earned the favour of the god Anubis himself and returned to decimate Thebes with a deadly army, losing his soul once the battle ended so that he was condemned to return to the Anubis' sacred oasis known as Ahm Shere that had been given him by Anubis, awaiting a challenger in a hibernation-like stasis and under a severe transformation that caused Mathayus to lose his humanity.

Scorpion King: **Ah. Team Loud Phoenix Storm. You're all just in time to watch as all of Egypt becomes mine!**

Me: I can't believe that this is what you would become ancestor.

Mathayus: This is not me. This is a monster that has lost all of his humanity.

Me: No kidding. Lets kill this ugly creature and send him back to Hell!

We transformed and it was gonna be a fierce battle.

Nico: (summons Scorpion's tail) Time to fight scorpion with Scorpion! (shoots acid from Scorpion's tail at Scorpion King)

The acid burned his arm.

Scorpion King: **You think you all can defeat me?! I AM A GOD!**

Nico: We eat Gods for breakfast!

I punched him in the face and kicked him in the stomach.

Cody: Lord Anubis made a big mistake choosing you as the commander of his army!

Scorpion King: **So you are a servant of Anubis too.**

Cody: Wrong! I'm his champion and friend!

Maria: In a way, we are the champions of the gods!

Maria fired a powerful blast of water and soaked the Scorpion King and it burned him.

Me: You are just as ugly as Gisele Razor was when she looked like you. Come on guys! It's Combo Time!

Falcon: Lets get him! ANIMATRON CYBER KEY POWER!

The Animatron Cyber Planet Key went into his device and it enhanced his speed when he flies to 50,000 miles per hour. It also gave him the ability to fire lasers from his feathers.

G1 Hot Spot: Time to burn him. CYBER KEY POWER!

The Earth Cyber Planet Key went into his side and enhanced his fire hose water pressure and it also enhanced his fireball cannons to be able to fire fireballs that were beyond thermonuclear levels.

Falcon and G1 Hot Spot: FLASHOVER LASER FIRESTORM!

A massive blast of fire and lasers went at the Scorpion King and hit him and burned him bad.

Onslaught: Now it's our turn! CYBER KEY POWER!

The Earth Cyber Planet Key enhanced Onslaughts weapons, photon missiles and his sonic stun gun.

Bai Tza: Now it's time for me. GIGANTION CYBER KEY POWER!

The Gigantion Cyber Planet Key was inserted into her device and it gave her a version of the Star Saber that had a blade made of pure water.

Onslaught and Bai Tza: PHOTON WATERLIGHT BLASTSTORM!

Bai Tza slashed the Scorpion King's claws and the missiles hit him and exploded.

Nico: Scorpion King, you have failed this city!

Nico fired more acid from Scorpions Tail and Ant Man called an army of Ants his size.

Nico and Ant Man: SCORPION ARMY ANT STING!

The acid burned the Scorpion King and the ant stampede rammed the Scorpion King and overpowered him.

Me: More like he has failed the world for 5,000 years! Final smash time!

Tucker: I'll start us off. TECHNOGHOST EXPLOSION STORM!

Tucker fired a powerful energy wave that swirled in a spiral and it hit the Scorpion King and exploded.

Mathayus: Lets get him. SCORPION SUPERPOISON SPIRITSTING!

Mathayus formed a spirit scorpion and it stung the Scorpion King and it poisoned him.

Me: Time to finish him off.

I pulled out the Spear of Osiris and I stabbed him right into his chest.

Me: GO TO HELL, AND TAKE YOUR FRIENDS WITH YOU!

I destroyed the Scorpion King and he exploded into black dust.

We had destroyed the Scorpion King and saved the world from the terror of the Scorpion King.

Mathayus: (To the viewers) This was an amazing fight.

Me: It was.

Cody prayed to Anubis and told him what happened. He appeared.

Anubis: Well done my friends.

Me: Thank you Lord Anubis.

Later we found a Shen Gong Wu in the pyramid and it was the Emperor Scorpion. It was a Shen Gong Wu that has the ability to allow the user to control other Shen Gong Wu.

We went back home after getting rid of the pygmies in the oasis and the oasis had been declared as a very popular tourist attraction and a popular archaeological site.

THE END

---

Another Fanfiction Complete.

The Scorpion King played by Dwayne "The Rock" Johnson was awesome! Dwayne Johnson did an amazing job in the 2nd Mummy Movie and The Scorpion King and it was awesome! No I am not descended from the Scorpion King in real life. But it would be cool if I were. NicoChan11 gave me the ideas for this one. Thanks man as usual. Let me know what you all think.

See you all next time.

# Fury of The Monkey

It starts in Dimmsdale, California. Me, Leonardo, Nico, Timmy, John and Lincoln were heading to Dimmsdale Elementary. Everywhere we saw all kinds of fairies from all over Fairy World with the kids.

John: Wow! It's amazing how many fairies there are.

Me: Oh yeah John. And they are awesome.

John: What was the purpose of this alliance that was made between Humans and Fairies?

Me: Well it was a very good reason John.

FLASHBACK - 7 years ago

Me: (Narrating) **It was 7 years ago, back when I was 9 years old. I was given my own Fairy Godparents named Stellar and Stardust. They were two fairy girl sisters and we did all kinds of awesome and heroic deeds that made both worlds proud. We also helped bring some of the most dangerous criminals in the city to justice and put some of the most ruthless bullies in prison.**

The events are shown in the flashback.

Me: **After we busted another criminal I got this amazing idea. I decided to go before the Fairy World High Council. I came up with this incredibly radical proposal for an alliance. A special treaty where both humans and fairies can live together in harmony and help all the kids around the world. But there was one condition that had to be met.**

John: **And what was that?**

Me: **I had to throw Mr. Denzel Crocker into a maximum security nuthouse for the extremely fucked up. So my final task before I moved to Michigan was to throw Denzel Crocker into the**

**looney bin. 6 years later, I caught word from Stellar and Stardust that Crocker was going to try and dominate the world. That's when I sprang into action and got ready to make sure that he suffers big time.**

Past Me: This is it guys. Stellar I wish I had a powerful lightning gun.

Stellar: You got it J.D.

Stellar waved her wand and I had a powerful 600 teravolt lightning ray gun.

Me: **We flew over to Dimmsdale and Denzel Crocker was about to get his wish to take over the world. But just as he was about to do so, I swooped in and kicked him in the face and fired the Lightning Ray at him and electrocuted him badly. His suit was completely destroyed. Afterwich, Crocker was arrested and thrown into a maximum security nuthouse. And that's where he remains forever to this very day for all eternity with no possibility of parole. He was declared too extremely dangerous to everyone around him and to himself. He was declared Criminally Insane. After throwing Crocker's screwed up ass in the nuthouse, the alliance was made.**

FLASHBACK ENDS

Me: And ever since then, Fairy Godparents and Humans have lived together in harmony and they can help people out when needed.

Nico: Wow! That's incredible.

John: It sure is.

Nico: Yeah.

Me: Let me show you where Crocker is locked up.

We went to the Dimmsdale Maximum Security Insane Asylum for Fairy Obsessed Tyrants. Around my arm were two bracelets. One was ocean blue and the other was aqua blue.

Stellar: So J.D. why are we in the Dimmsdale Insane Asylum for

Fairy Obsessed Tyrants?

Me: We're going to show my friends the cell where Mr. Crocker was thrown into for all time.

Stardust: That sounds very logical.

Lincoln: Who are you talking too?

Me: Oh I'm sorry Lincoln.

A poof appeared and out came two fairy godparents. 1 was my height and she had ocean blue hair and ocean blue eyes and she was wearing a beautiful blue ocean blue dress and black pants and she had butterfly wings and a golden crown and a wand. That fairy was Stellar. And the second fairy had aqua blue hair and aqua blue eyes, a purple shirt and black pants and she had a golden crown and butterfly wings. That fairy was Stardust.

Me: Guys I would like you all to meet Stardust and Stellar. They have been with me since I was 9.

Stellar: It's a pleasure to meet you all.

Stardust: Same here.

Lincoln: It's a pleasure to meet you too.

John: Same here.

Nico: Pleasure is all mine.

Leo: It's a pleasure dudes.

Me: Lets press on.

We continued down the hall of cells and Stellar and Stardust were arm bracelets again. We arrived at Denzel Crocker's cell. It was a solitary confinement cell with all kinds of evil symbols all over it and there were all kinds of hateful sentences on it. It was chained up and totally welded shut.

Me: Here it is guys. They don't let Mr. Crocker out because he's too dangerous to be let out with the other patients.

I opened a window in his cell door and he was laughing like a homicidal psychopathic madman.

Denzel Crocker worked at a number of different schools and colleges before ending up in Dimmsdale Elementary School. He was once an aspiring professor for Dimmsdale University, but his proclamation of his belief in fairies led to him becoming a laughing stock in all the city of Dimmsdale. He was also kicked out of a New Baltimore Community College for spending money on fairy tracking inventions. Even after landing a job in Dimmsdale Elementary, he was still scorned and laughed at by his colleagues, including Principal Waxelplax.

In Crocker's past life, he was an adorable and kind child who enjoyed helping others. His mother was never around very often and got babysat by Vick. Because of this, he was very miserable. However, his sadness ended after having received his own Fairy Godparents, Cosmo and Wanda.

Unfortunately, after Timmy time travels to the year 1972, Timmy and Cosmo accidentally reveals Crocker's secret about his fairies in front of the whole town who had gathered to celebrate a day honoring Crocker. Because of this, Jorgen Von Strangle is forced to erase Crocker's memory of him ever having fairies, and because of an overdose from the memory wiper, Crocker becomes horribly disfigured, and the town's people, who had now completely forgotten all the nice things that Crocker did with his fairies, assumes that they must be an angry mob and chased him down. He remembers nothing but he finds a DNA tracker device that Timmy left behind in the past on which he wrote 'Fairy Godparents exist' on the back before his mind was wiped, Crocker uses it to try and find real fairies. Timmy later wanted to return back to March 14, 1972, but he was stopped by two Jorgen Von Strangles (1970's version and current version). After that, the event ends with Jorgen and his other self dancing on the dance floor 1970's style.

Crocker's life of a teacher is comical in a way that Timmy's principal, Geraldine Waxaplax beats him up for such situations such as going in to the girl's bathroom. He had to switch jobs three times, changing into a ham salesman, a tour guide in the episode Nega Timmy, and a crossing guard in the episode No Substitute for Crazy!.

His family includes his mother and his uncle. His uncle is obsessed with genies and owns a collection of lamps. One of which contains Norm, although he is kept safe so his craziness is stable. His mother is a polite person, once rich and groovy. But when Crocker was young, she was non-attentive, pretty much like Timmy's parents. Crocker's father is never seen in the series, not even in The Secret Origin of Denzel Crocker, where his childhood is revisited, suggesting Crocker lost him at an early age or that he never had one. This lack of a father figure is implied to be the reason Crocker quickly accepted his stepfather, Ricky, from The Odd Couple as his father and even wanted to play childish games with him and having an allowance.

He has a hunched back, an ear on his neck, horrible teeth, and a generally nerdy appearance. Denzel is described as quite hideous by normal standards, although on occasion some other characters (such as Timmy's dad) find him "gorgeous". Most characters regard him as completely nuts, even his own co-workers. Mr. Crocker has been known to join forces with other villains such as Vicky and Dark Laser, although it is almost always because he is looking for Timmy's fairies, and he usually just gets in their way. It should be noted that his teeth were once normal, but when he was having his memories of his fairies wiped, the beam reflected off an object and caused Mr. Crocker's teeth to become horribly crooked.

Mr. Crocker's intelligence is debatable it seems to depend on if its part of the plot. For example, if it has nothing to do with the plot he seems to be a numbskull (i.e. trying to make DNA scanners out of cooking tools) while if it is part of the plot he seems to be a genius. For example, he can make revolutionary technology like portals to other dimensions and long range DNA trackers, he also knows how to link science and magic together, something Wanda claimed was impossible.

Also, Mr. Crocker is almost always correct when it comes to finding out Timmy's actions with the fairies. In the episode Birthday Wish!, Crocker almost immediately deduced that Timmy loaned his fairies to Tootie in an act of guilt. These knowledgeable deductions may not have to do with his intelligence at all, as Crocker never deduces these from obvious facts, but almost always random ones. His deduction of Timmy loaning his fairies, for example, was based solely on the fact Tootie's birthday cake's icing was hand-made (he believes nobody hand-makes icing nowadays) and he had previously ignored more obvious clues like Tootie's sudden popularity, the cake's size and the fact he was giving a gift to a child. Another example takes place in Cosmo Con when Timmy aces a pop quiz out of sheer luck and Crocker believes Timmy's fairies helped him.

In some stories he is referred to Doctor Crocker meaning he has a doctor's degree. In Remy Rides Again he claimed he and Stephen Hawking were university room mates meaning he went to Oxford University (one of the best universities in the world.) Although never stated it would appear he has a Master's Degree in Physics and Technology and Engineering.

Mr. Crocker acted as the main antagonist in the first TV movie Abracatastrophe. In the film, Mr. Crocker often tried to get his hands on the Fairy-versery muffin that could grant any wish. He chained Timmy to his desk so that he wouldn't recover it from the cafeteria during Muffin Monday, but Bimpy took a bite out of the muffin instead and wished for primates to rule the world. After insulting the Apes at the jungle version of school, the gorilla overlords took Crocker to a human experiment lab. It was mentioned that his favorite food is shrimp puffs.

After the world turned back to normal, Mr. Crocker finally got his hands on the muffin and wished to capture Wanda with an indestructible butterfly net. He trapped Wanda in his scepter used her magic to make himself a powerful dictator and took complete control of the world. During a long showdown, he managed to capture Cosmo too and later realizes that he'd been fighting Timmy Turner the whole time. Mr. Crocker went to the Turners house, captures Timmy's parents, and threatens Timmy that he'd turn them into ice sculptures and transport them to the sun if he didn't surrender. This causes Timmy to ultimately reveal his godparent's existance and have them sent to fairy world, cutting off Crockers magic as well as being attacked by Timmy's parents.

After the world went back to normal (again), Mr. Crocker was seen at the school making outbursts about ruling the world and gets sent to a mental institute.

Crocker: FAIRIES! I WILL SHOW THEM! I'LL SHOW THEM ALL AND I WILL RULE THE WORLD AND EVERYONE WILL BOW DOWN TO ME! (LAUGHING MANIACALLY)

Me: Pfft. This guy is even more fucked up than what I remember. Then again he always did like hearing himself talk.

Nico: Denzel Crocker you have failed this world.

Me: More like he has failed the whole universe.

We laughed.

Crocker: J.D. KNUDSON! I KNOW THAT'S YOU! I will get out of here. And I will kill you and get your FAIRIES! (LAUGHS MANIACALLY)

I stuck my hand through the window and (CENSORED) at him. He took this as the biggest blow to his pride.

Me: (To the Viewers) What? I have to be careful even in a rated T story. (To Crocker) The day you do that is the day when freaks like you go braindead. Go fuck yourself into oblivion Denzel Crackass.

Lincoln: Oooh! That was clever J.D.

Me: Thanks buddy.

Timmy: That is a great burn.

We left.

* * *

We went down the street and we were at Vicky's old house.

Me: So this is Vicky's old house. Doesn't look like the kind of place that would be that scary.

Timmy: Yeah but let me show you inside.

We went inside and it was empty.

Me: Wow. Vicky's mom and dad must've moved out to get away from Dimmsdale after she was thrown in prison and the good Vicky and Tootie now lives with us.

Timmy: Let me show you all Vicky's room.

We went upstairs and saw Vicky and Tootie's old room.

Me: So this is Vicky and Tootie's old room.

Timmy: Yeah but let me show you it's true colors.

Timmy flipped a light-switch and the walls turned and there was a nasty torture chamber loaded with all kinds of weapons and deadly devices and a man was shackled to the wall.

Man: I'm FREE!

Me: Hold on sir. I'll get you down.

I went over and I fired a laser at the shackles and broke them.

Man: Oh thank you so much. I was shackled to that wall for 10 years.

Me: Lets get you to a hospital.

I called an ambulance and they took the man to the hospital. The detectives investigated all the things Icky Vicky did and cleared the good Vicky's name.

Stellar: Boy I can't believe that Vicky was once that ruthless.

Stardust: Me neither.

Me: Same here. It's just absolutely inhumane that she did all those unspeakable crimes against all kinds of kids.

Nico: Icky Vicky you have failed this entire world.

We laughed.

Me: She's already in prison for that Nico. But you are right.

Leo: That was good though.

Lincoln: It sure was. If I had Icky Vicky as our babysitter, Lori would've tried to kill her.

Me: You got that right.

---

We were walking to the school. Timmy just told me how stupid his parents are and how dumb they are.

Me: Timmy I can't believe I'm saying this, but your parents are a couple of brainless dopes.

Timmy: Yeah my parents were born completely uneducated and completely unteachable.

Nico: But Cosmo is worse. His brain is almost non-existent.

Wanda: That's why I have to put up with him.

Me: Tell me about it.

At the school we saw Timmy's crush Trixie Tang surrounded by lots of kids.

Me: Wow. I take it that girl is Trixie Tang?

Timmy: Yep. She's the most popular girl in school.

Me: I can tell and she has a lot of great looks. But I sense something wrong with her. It's like she didn't want this to come onto her. She doesn't like popularity.

Timmy: What makes you say that J.D.?

Me: Just a feeling. But lets find out.

We walked up and we saw two kids blocking our path. It was Tad and Chad.

Timmy: Tad and Chad.

Chad: Timmy and Team Loud Phoenix Storm.

Tad: It's an honor to meet you guys. But you'll need to come back later. Trixie has to sign autographs in a few minutes.

Leonardo: You really don't get why we're here, do you?

Me: We're here to see what's wrong with Trixie. Now step aside please.

We pushed our way through them and went over to Trixie.

Trixie: Wow! J.D. Knudson and Team Loud Phoenix Storm. It's an honor to meet you all.

Me: You too Trixie. Timmy told us so much about you. But the reason we wanted to talk to you is because I sensed that you had some pain in your eyes. I don't mean to make you uncomfortable but your eyes are showing me what it's like for you to be popular and they do say that the eyes are the window into the soul.

Trixie: It's true. You read me like a map J.D. Being popular is a total nightmare for me and I may be rich but being popular is a nightmare. The truth is I'm a tomboy. I like reading comics and playing video games. But my mom and dad never let me do all those fun things. My mom is trying to do what is best for me and she thinks that being popular will bring me everything I want.

Lincoln: That is absolutely not right.

Timmy: No it's not.

Trixie: Do you think I want to be popular? No, I don't! But it's not like I can be my own person privately. My mom has eyes and ears everywhere!

Me: Being popular is both a blessing and a curse. A blessing because you have a lot of friends and a curse because it can go to your head and make you hated by many people like a certain snobby narcissistic girl I threw in prison when we fought on Total Drama. I have an idea. Trixie I'm going to take you before the Fairy World High Council to get you some Fairy Godparents and place you into the protection of Team Loud Phoenix Storm. Plus if your mom wants a fight we'll give her one.

Trixie: You would do that for me?

Me: Sure. We always help people in need and protect all those that are precious to us.

Trixie: Thank you J.D.

Me: You're welcome.

We later went before the Fairy World High Council and it was then decided that Trixie would get her own Fairy Godparents. She was introduced to her own fairies. One was called Emerald and she had green sparkling hair that sparkled like a diamond and she had green eyes and a green dress and she was Trixie's height and she had butterfly wings and a golden crown. And the other was a boy fairy named Sapphire and he had sapphire blue hair that sparkled like a diamond and he had blue eyes, a blue vest, blue shirt and black pants and he was half of Trixie's height.

Sapphire: I'm Sapphire!

Emerald: And I'm Emerald!

Sapphire and Emerald: And we're… (Stage appears) YOUR FAIRY GODPARENTS!

Trixie: This is so amazing!

Me: It sure is.

---

Later we confronted Trixie's Parents and she was not happy with the way they were treating her.

Trixie: I'm sick and tired of being popular! I hate it!

Trixie's mom: You are gonna be popular whether you like it or not!

Me: No she is not Mrs. Tang! Being Popular is a curse for her and it is sending her on a path she doesn't want and this is also a life she doesn't find good either.

Trixie: That's right! From now on, I'm staying with Team Loud Phoenix Storm where I can do all the things Tomboys can do!

Me: And she's staying under our protection!

Trixie's mom: No she isn't.

Me: Try and stop us.

We vanished and went back to the estate. Trixie was forced into a life she didn't want and we saved her.

---

The next day we were playing cards and I couldn't help but look over the information on Billy McLean.

Me: I just can't believe that Billy is that evil. And he caused all that pain, torture and humiliation. But when we present all this information to the feds on TDG Aftermath, Billy's goose is cooked.

Leni: Are we gonna roast a goose for him?

Me: No Leni. It's an expression. It means that he's gonna be in a lot of big trouble.

Leni: Oh.

Gwen: Billy has ruined our lives and made us suffer a lot.

Me: And he gets a sick thrill out of seeing people suffer. Billy McLean is a Sadistic Mastermind.

Nico: You got that right. He needs to be put away for all eternity.

Me: Yep. And we have 10 more months to go.

Suddenly there was a crash and a creature flew through the roof and crashed through the ceiling and onto the floor.

?: Ow.

Me: Are you all right?

?: Yeah.

It got up and it was a creature that was half Killer Whale, Half Human.

Me: Are you a gene-slammer?

Moby Slam: I sure am. The name's Moby Slam. But I used to be Michelle Savina.

Me: Dr. Paradigm did this to you.

Moby Slam: He sure did. He spiked a salad I was eating with Orca DNA.

* * *

Michelle Savina was a black hair girl and she had green eyes, a red shirt and blue leggings and she had a scar on her right arm in the shape of a crescent moon.

Moby Slam: (Narrating) I was eating a salad at a local restaurant. After I was done I felt this terrible pain.

Michelle (holds her stomach in pain): What the hell was in that salad?!

Moby Slam: But then I felt an extremely excruciating pain unlike anything I ever felt before. I started transforming.

Michelle: WHAT'S HAPPENING TO ME!?

Michelle turned into a Killer Whale Gene-Slammer.

FLASHBACK ENDS

Me: That Dr. Paradigm! I can't believe he turned you into this.

John: We know how you feel Michelle.

Stacy: Yeah. Me and my brothers and father here were gene-slammed by Paradigm. And so were my best friends the Orromov sisters.

Dayna: Yep.

Olga: That's exactly what happened to us.

Yuna: It was not pretty.

Valerie: Same with me and Trudy.

Me: But we have the power to cure you and we can give you the ability to transform at will.

Moby Slam: You can do that?

Me: We sure can. But it's gonna hurt.

Moby Slam: Okay. But I'm ready.

Me: Okay. Boys cover your eyes.

We did so and I snapped my fingers and Michelle turned back to what she was before. But she was topless.

Michelle (covers her topless chest): Can you guys please get me some clothes? I'm very embarrassed right now!

Maria: I'll get you some clothes Michelle.

Maria took Michelle up to Leni's room and Maria, Teresa and Leni gave Michelle a red summer shirt with a blue whale on it and a sleeveless trench coat with fish on them.

Michelle: Wow! I look amazing! And I feel better than ever. I felt like I was a prisoner in the body of an orca whale.

Teresa: I'm glad we could help you out Michelle.

Maria: Dr. Paradigm ruined so many lives with his crazy gene-splicing ways.

Michelle: Well I'm just glad I have my humanity back.

Then the alarm went off.

Michelle: What's that?

Teresa: It's our crime alarm. It lets us know when something is going on.

We went to the computer and we saw that Kim Possible's enemy Monkey Fist is up to no good.

Once a respected archaeologist and the leading expert on all things simian, Lord Monty Fiske was an example of the consequences of obsession. He first turned to Team Possible to help him recover one of four Jade Idols from a temple in Cambodia. Kim Possible retrieved the statue, which Fiske stole while disguised as a ninja to throw her off his trail. He returned the idol to his home in England, set it in precise alignment with three others, and was given Mystical Monkey Power as a result. He then changed his name from Monty Fiske to Monkey Fist in an appropriately ironic anagram. Ron Stoppable and a holographic Kim arrived, and Monkey Fist attempted to kill Ron to prevent anyone from learning of his secret. Ron evaded Monkey Fist long enough to reach the idols, and both he and Rufus and received Mystical Monkey Power. Ron and Monkey Fist fought, and while Ron's new skills in Monkey Kung Fu were no match for Monkey Fist's mastery of the art, this allowed Rufus to attempt to smash the idols. Monkey Fist desperately gathered the idols, seeking to preserve their power for himself, but a well-placed kick from Ron knocked him out and shattered the idols, ensuring that no one else could receive their power.

Monkey Fist and his team of Monkey Ninjas received a prophecy from the Mystical Monkey Monk that instructed them to seek out the "brightest monkey" that would lead them to the stars, where the Ultimate Monkey Master would be unstoppable. Assuming that he was the aforementioned Master, Monkey Fist determined that the smartest monkey was Frederick, Middleton Space Center's monkey astronaut. Monkey Fist and his ninjas broke into the Space Center, hijacked a rocket, and held the visiting children from the Rocket Boosters program hostage in order to ensure Frederick's cooperation. However, Frederick escaped just before the rocket launched, sending Monkey Fist, his ninjas, and unknown to them at the time, Ron Stoppable to the nearby space station. Kim and Frederick followed in an experimental rocket in order to save Ron, and Frederick used the station's artificial gravity control to help Kim overwhelm and capture Monkey Fist. Upon their return to the space center, only Monkey Fist was taken into custody, as his ninjas had escaped.

While Ron and his parents took a family vacation to France, Monkey Fist, Shego, and Duff Killigan each attempted to steal a valuable greeting card microchip that Rufus, left in Kim's care, accidentally swallowed. Kim managed to keep Rufus out of their hands.

With the help of rogue student Fukushima, Monkey Fist stole the mystical, shape-changing Lotus Blade from the Yamanouchi Ninja School. Ron and Rufus, visiting the school for an exchange program, helped fellow student Yori escape Monkey Fist and restored the blade to the school.

Monkey Fist's next crime was to steal The Amulet of the Monkey King, but it accidentally bonded with Kim and turned her into a monkey. Monkey Fist captured her in order to extract the amulet, but Kim escaped before he could. Ron mistook Chippy, one of the Monkey Ninjas, for a transformed Kim, and spent the entire time proving his devotion to her by showing her a good time. The end result was that Chippy was so attached to Ron, she turned on and attacked Monkey Fist. After Kim was returned to normal, she inadvertently landed on Monkey Fist, defeating him. Steve Barkin then had Monkey Fist arrested for supposedly impersonating the Lowerton Lemurs mascot.

When Master Sensei was abducted from the Yamanouchi Ninja

School, monkey hairs found at the scene made Monkey Fist the most likely kidnapper. However, this was actually a ruse by DNAmy, who baited Team Possible into tracking down Monkey Fist. She cornered Monkey Fist at a zoo, where the truth was revealed: she had given herself gorilla arms and legs in a misguided attempt to be closer to him, and Monkey Fist had been doing his best to avoid her. Once Team Possible realized Monkey Fist was in no actual danger, they left him to fend off DNAmy's advances as best he could.

During Kim's Senior year, Monkey Fist was one of several villains invited to bid on HenchCo's molecular transducer. He and the others pursued Kim when she stole it, but he failed because Ron, mutated by HenchCo's Project Titan, intervened.

Monkey Fist once again stole from the Yamanouchi Ninja School, this time taking a scroll that contained the encrypted details of a mysterious mystic weapon. The scroll directed him to various shrines, each with a key that made a new portion of the scroll readable. Kim, Ron, and Yori pursued him, though were either a step behind or ahead in most cases, leaving them to deal with each shrine's traps while Monkey Fist continued his search. Kim and Yori attempted to handle to final shrine alone, but Monkey Fist captured them, forcing Ron to bring his baby sister Hana along in order to save them. Oddly enough, it was Hana who defeated Monkey Fist with a surprisingly strong throw, which allowed the stolen keys to be recovered.

In his final crime spree, Monkey Fist stole the missing half of a scroll detailing a bond between two mystical avatars: the dark destroyer Yono and the Monkey Mystic Weapon, known simply as "the Han". Monkey unearthed Yono and made a contract with him, hoping to soon have the Han in his grasp as well. It was not until he was again confronted by Team Possible and Hana that he realized the Han was actually Hana. Just as before, however, Hana was far more capable than she seemed, easily evading Monkey Fist and leading Yono in a chase in which he caused a rockslide and nearly buried his summoner. Yono eventually admitted defeat and retreated, at which point Monkey Fist was frozen in stone and descended with Yono's temple, doomed to follow the "path of the Yono". His encounter with Yono in many ways resembles the traditional literary device of making a deal with the Devil.

Monkey Fist was briefly visible in a cafe with DNAmy, still frozen in stone, in the series finale. Presumably, DNAmy had both restored her original human limbs and dug him up.

Me: Monkey Fist? That's a dumb name for a villain.

Shego: It is but I thought he was turned to stone.

Me: Tala must've brought him back. But this guy sounds like he's really bad news.

Valerie: No kidding.

Teresa: How are we going to find Monkey Fist?

Shego: I think I know how. Kimmy, remember that time travel adventure?

Kim: Of course. I remember that your future version was a dictator there.

Shego (takes out tracking device): Well, before you guys got him grounded, Drakken put tracking chips on Duff Killigan and Monkey Fist. We can use this tracking device to locate Monkey Fist through his chip.

Me: Very clever. But I have a feeling it's gonna be a trap. Team Loud Phoenix Storm, lets fly!

We went after Monkey Fist!

---

We were in a mountain cave. We were searching high and low and we heard a beeping sound.

Me: We're getting close.

But then we found the chip.

Shego: That's odd. Why is Monkey Fist's chip in this cave?

Sailor Moon (sees some explosives): Guys, I see some explosives.

Optimus Primal: What?!

Sailor Moon: And they're about to go off!

I put up a force field around us and the explosives went off and the whole mountain exploded.

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The whole mountain was completely blown to pieces and when the smoke cleared, the entire mountain was completely gone.

Me: That was a close one.

Then we saw someone put Kim in a stranglehold on Kim.

Monkey Fist: Did you really think that I wouldn't notice my own tracking chip? I'm not stupid, unlike Dr. Drakken!

Nico: Take your fucking paws off her ya damn dirty ape!

Nico punched him in the face really hard and sent him crashing into a rock.

Me: Monkey fist I presume?

Monkey Fist: That's right.

Me: You are the ugliest freak ever. And I thought dealing with Gill Moss was ugly enough.

Monkey Fist: Perhaps but now I'm going to kill you all.

Me: We'd like to see you try fucker. Lets take him down!

Optimus Primal: Optimus Primal MAXIMIZE!

Optimus Primal transformed.

We went at Monkey Fist and I punched him in the face and kicked him in the stomach and grabbed him with my tail and electrocuted him with 400,000,000,000 volts of electricity. Michelle turned into Moby Slam and dealt Monkey Fist an explosive belly flop.

KRABLAMM!

Erika sent her plant vines forward and they grabbed Monkey Fist and burned him with corrosive sap and Erika fired a blast of Corrosive Sap from her hand at Monkey Fist. He screamed in excruciating pain.

Me: Wow! Erika that was amazing!

Erika: Thanks J.D. Being part Biollante is amazing.

Optimus Primal fired missiles at Monkey Fist and they hit him and exploded. He was sent crashing into the mountain.

Nico: Monkey Fist, you have failed this city!

Me: More like he has failed the entirety of chain of human evolution. Charles Darwin would be rolling over in his grave at the mere sight of you Monkey Freak. It's combo time guys!

Teresa: Right. Time for some enhanced firepower! EARTH CYBER KEY POWER!

The Earth Cyber Planet Key was inserted into her device it intensified her sonic blast blasters.

Blast Off: Better join in. CYBER KEY POWER!

The Earth Cyber Planet Key went into his back booster and it enabled him to fly at 75,000 miles per hour and stay in orbit indefinitely. His X-Ray blaster is now able to hit a target from 3.9 billion miles away. And his Ion blaster can fire beams of light on the electromagnetic wavelength.

Blast Off and Teresa: ELECTROMAGNETIC SONIC STREAM!

Blast Off fired his ion blaster and Teresa fired her sonic blasters and the blasts combined and hit Monkey Fist with incredible force and exploded and sent him crashing through a bunch of rocks.

Blades: Now it's our turn. CYBER KEY POWER!

The Earth Cyber Planet Key and was inserted into the top of his rotors it enhanced his speed to 4,000 miles per hour and his launchers had 6 more rocket launchers pop out and they will fire more rockets and lasers and now he's able to find invisible targets no matter how well hidden. His photon pistol was enhanced beyond it's normal parameters.

Sailor Moon: Time for some extra power. UNIVERSAL CYBER KEY POWER!

The Universal Cyber Planet Key was inserted into her device and it enabled her to use the powers of all the Sailor Soldiers.

Sailor Moon: URANUS GROUND SHAKING!

Sailor Moon fired a yellow energy ball with rings around it.

Blades and Sailor Moon: URANUS PHOTON BURST!

Blades fired his photon blaster and the blasts combined and they hit Monkey Fist and exploded.

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Me: It's final smash time!

Optimus Primal: Right J.D. GORILLA BEAST BURST!

Optimus Primal fired a powerful blast of energy and it turned into a gorilla made of pure energy and it hit Monkey Fist and exploded with incredible power.

KRABBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMM

Leonardo: Now it's my turn! TURTLE SWORD SLASHSTORM!

Leonardo slashed Monkey Fist numerous times with his katanas.

Kim: This monster has tormented me for the last time! Ron?

Ron: You got it K.P.

Kim and Ron charged up a powerful blast.

Kim and Ron: DRAGONSTORM FIST!

Kim and Ron charged and they hit Monkey Fist with devastating force and it exploded in his stomach.

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

When the smoke cleared Monkey Fist was down and he was badly beaten to within an inch of his life.

Me: Now it's time for you to go to jail for good Monkey Fist. Humans have won over Apes and now we are the superior species. (To the Viewers) Granted, even though we humans are descended from apes in Prehistoric Times, it feels kind of weird facing a human with the traits of a monkey.

Optimus Primal: (To the Viewers) This is one villain that made all monkeys everywhere look bad.

Me: You said it Optimus.

We condemned Monkey Fist to the Uranus Prison for all eternity and I also found 2 Shen Gong Wu: The Monkey Staff and the Monkey Spear. These are two powerful Shen Gong Wu that grant the user the ability to turn into a monkey and gain monkey characteristics. Nico also caught a Masquerain and a Gardevoir.

In the Uranus Prison, Monkey Fist was in his cell.

Monkey Fist: It's bad enough you threw me into this cell. But now you're feeding my bananas? It's an offensive stereotype to monkeys!

Nico: I highly doubt that. And at least you get to have some food.

Nico left and went back home.

THE END

Another Fanfiction Complete

I just didn't like Tad and Chad and I got the idea for Trixie abandoning her ways of becoming popular from the Fairly Odd Parents fanfiction The Truth About Trixie Tang! by zdbztumble. Thanks for the inspiration and ideas. Also I wanted to show how screwed up Crocker really is at the insane asylum. Monkey Fist on Kim Possible was a strange and villainous freak. NicoChan11 gave me the ideas for this one. Thanks man as usual. Let me know what you all think.

See you all next time

# MORTAL KOMBAT!

It starts in the estate. Nicole and Lily were playing Mortal Kombat 11. It was awesome! Lily was playing as Sonnya Blade and Nicole was playing as Kitana.

Me: Come on guys!

Lola: Show no mercy!

Lincoln: Yeah!

Bobby B.: Boy they love video games huh?

John: They sure do bro.

Nico: You know what I like about the Mortal Kombat series? Raiden and his friends actually do kill their enemies on a daily basis even before today.

Me: That's right. That's like how we do it.

Nico: Yep.

John hit the cue ball and it hit the 3 ball and the 8 balls into the corner pockets.

Me: Nice shots John.

John: Thanks J.D.

Dr. Bolton: That's my John. Always doing great on the green felt.

Me: Yep.

Nicole: Yeah! FATALITY!

Lily: Oh man!

Nicole: You did great though Lily.

Lily: Thanks Nicole.

Nico: That was awesome though.

May: It sure was.

Then there was a knock on the door.

Laney went to get it and she opened the door and there were five gene-slammers.

Laney: Wow!

?: Are Ripster and the guys here?

Laney: They are.

They came in.

We got a surprise. We saw 5 women. One was half human, half Greenland Shark. The 2nd woman was half human, half Barracuda. The 3rd woman was half human, half Marlin. The 4th was half human, half Sailfish. And the 5th was half human, half Dragonfish.

John: Wow!

Blitzy: Guys it's me Lena. But I was turned into a Greenland Shark!

John (shocked): Lena? Is that you?

Blitsy (chuckles): Guess there's no point in hiding it now. It's me, John. Lena Mack, former student of Dr. Paradigm. A funny thing happened to me on the way to work.

Me: How did this happen to you Lena? I know this is the work of Dr. Paradigm. But how did he do this to you?

Blitzy: I was heading home after my college lecture.

---

Blitzy: (Narrating) **I was walking to my car to meet my friends at the mall for some smoothies. And then I was hit with a**

**tranquilizer dart. At first I thought it was nothing. But I continued on.**

FLASHBACK ENDS

Blitzy: I was later turned into this as a result.

Me: That monster! Dr. Paradigm got what he deserved.

Blitzy: So you did kill Dr. Paradigm.

Me: We sure did. We wouldn't stand for his ways of tampering with the laws of Mother Nature and ruining innocent peoples lives. But what happened to the rest of you girls? And I'm sorry but we never got your names.

Swifttooth: I'm Elise Ludwig but I'm called Swifttooth.

Elise Ludwig is a student of Fission City University and she is studying to become a botanist.

Slashfish: (German Accent) I'm Heidi Latroy. But everyone calls me Slashfish ja.

Heidi is another student studying to become a nuclear physicist.

Speedslash: I'm Omaima Leo. But everyone calls me Speedslash.

Omaima moved to Fission City from Egypt to become an Archaeologist.

Lightslash: And I'm Katie Duval. But everyone calls me Lightslash.

Katie Duval is a student that wanted to become a paleontologist.

Me: Pleasure to meet you all. How did Dr. Paradigm splice you girls?

Swifttooth: It's a strange story.

FLASHBACK 2

Blitzy: (Narrating) We all were having smoothies at the mall. Then suddenly we felt excruciating pain unlike anything we've ever felt.

Elise (her hands start trembling): Girls, why are my hands trembling?

Heidi (holds her head in pain): I've got a major headache right now!

Omaima (feels her aching teeth): I need to have a dentist check my teeth.

Katie D.: (muscles start to increase): Am I getting muscular?

Lena (chuckles bitterly as her skin starts changing color): Don't worry, girls. The pain should be over soon.

Their shirts got extreme tight and they ripped apart and were shredded when they changed.

Blitzy: That's when we were changed as a result.

They all started losing their hair. Lena's skin turned green, she lost her black hair and she grew a fin and turned into half Greenland shark, Elise's skin turned silver, she lost her brown hair and she turned into half Barracuda, Heidi's skin turned blue and she lost her blonde hair and she grew a sword from her nose and turned into half marlin, Omaima's skin turned sky blue and she lost her brown hair and she grew a huge sail from her back and a sword from her nose. She was half Sailfish. and Katie's skin turned black and lost her black hair and she grew a worm-like glowing lure from her forehead and her teeth turned long and ugly and she had glowing patches on her body. She was now half Dragonfish. Lena's green shirt she wore was shredded apart and she had a black skirt and brown shoes on. Elise's red shirt was shredded and she had blue jeans and sneakers on. Heidi had her German dress top shredded but her skirt half was intact and so were her shoes. Omaima had her yellow shirt shredded and her brown shorts and shoes were intact and Katie Duval had her purple shirt shredded and her blue pants were intact along with her shoes. When their transformations were done, they saw themselves in a mirror at the mall and they screamed in horror. They were horrified.

Lena: What the Hell happened to me!?

Omaima: I look like a fish freak!

Heidi: This is a nightmare!

Katie D.: Who could've done this to us!?

Elise: Paradigm!

Lena: He betrayed us!

Elise: When I get my hands on him I will tear him apart!

Lena: Not if the Street Sharks and Team Loud Phoenix Storm kill him first.

FLASHBACK 2 ENDS

Me: Geez! Dr. Paradigm turned on his own students.

Laney: I can't believe he would do that to you.

Nico: Dr. Paradigm was a monster.

Dr. Bolton: Lena, girls, I'm so sorry this happened to you.

Blitzy: Dr. Bolton! you're all right!

Dr. Bolton: Thanks to J.D. and all of Team Loud Phoenix Storm.

Clint: Yeah. They reunited us with dad and killed Dr. Paradigm.

Stacy: It's true.

Bobby B.: They did.

Stacy: And I'm so happy to be back to normal again.

Me: But we also gave them the ability to become their gene-slammed forms at will. Turns out you girls aren't the only ones that were mutated by Mad Scientists.

Everyone that was affected by Mad Scientists explained their stories.

Blitzy: Wow. You all have had it rough.

Kathy: We sure did.

Sonia: Yeah it was not pretty.

Me: But I cured them and gave them the ability to transform into their gene-slammer forms at will. I can do the same to you 5 as well.

Swifttooth: You can do that?

Me: I sure can. But it's gonna be painful.

Blitzy: Okay. Ready?

Swifttooth: Okay.

Me: Okay. Boys cover your eyes.

We did so and I snapped my fingers and I covered my eyes and they reverted back. Lena's skin changed back to dark brown, her hair turned back to black. Elise had her caucasian skin come back and her brown hair came back, Heidi had the same skin and her blonde hair came back, Omaima had her Egyptian skin come back and her brown hair came back and Katie Duval's caucasian skin came back and so did her black hair.

Me: (With my eyes covered) How do you girls feel?

Elise (feels her human hands): I don't believe this!

Omaima (feels her human teeth): We're human again!

Heidi (feels her human head): This is weird. Very weird.

Me: It's gonna take some time to get used to.

Katie Duval (feels her human muscles): But did the transformations have to hurt that much?

Lena (covers her topless chest): We really need to find some shirts!

Maria: Come on girls. I'll take you upstairs to get some clothes.

Elise: Thanks Maria.

They went upstairs to Leni's room.

Me: Oh that reminds me.

I pulled out a really cool watch. It was a special gold watch.

Me: I think this is yours Dr. Bolton.

Dr. Bolton: That is my watch J.D. Where did you find it?

Me: When we were fighting Dr. Paradigm, I grabbed his arm and slashed it off and grabbed this watch. I also saw on the back of it initials. R.B. Meaning Robert Bolton. I knew it was yours right then and there.

Dr. Bolton: Thank you so much J.D. I wondered what happened to my watch.

Me: You're welcome Doctor.

In Leni's room, Lena put on her new shirt. Heidi was resting on the bed, Elise was braced up against the wall, Omaima was taking a shower and Katie Duval was looking at herself in the mirror.

Lena: I look amazing. Thank you so much Maria.

Maria: You're welcome Leni.

Maria was massaging Lena where her fin came out.

Lena: Ah that feels great!

Iron Fist then came in.

Iron Fist: Everyone, we have big problems!

Me: What's wrong Daniel?

Iron Fist: Master Raiden has called for us. Shang Tsung is back!

We gasped!

Elise now had a red summer shirt with a barracuda on it and a sleeveless trench coat with fire on it. Omaima had a blue summer shirt with a sailfish on it and a sleeveless trench coat with water on it. Heidi had a brown summer shirt with a marlin on it and a sleeveless trench coat with crystals on it. Katie Duval had a black summer shirt with a dragonfish on it and she had a black sleeveless trench coat with the moonlit sky on it and a crescent moon on it. And Lena had a yellow summer shirt with a shark on it and a yellow sleeveless trench coat with the sun on it.

Me: We got to get over there. Lets head for the Temple of The Order of Light! Team Loud Phoenix Storm, Lets Fly!

We were off to Thailand.

---

In the Temple of The Order of Light in Thailand, the fighters of Mortal Kombat were waiting for us.

Jax: You sure it's a good idea to invite Team Loud Phoenix Storm here, Raiden?

Sonnya Blade: Jax is right. Before the last time that we killed him, Shang Tsung said that he was planning to use the Loud Family's own failures against them.

Raiden: We don't have a choice, Sonnya. Team Loud Phoenix Storm needs to be aware of the threat of Shao Khan and his minions. Even if we don't kill them all at once today.

Liu Kang: Besides, I'm sure the Loud Kids are resilient to Tsung's tricks by now.

We arrived and landed.

Me: Lord Raiden, and the legendary fighters of Mortal Kombat. (Kung Fu Bow) It's truly an honor to meet all of you.

Raiden (bows): It is an honor to finally meet you, J.D. Knudson and you too Team Loud Phoenix Storm.

Maria (giggles): The honor is ours, Raiden.

Iron Fist: Master Raiden, it is good to see you again.

Raiden (chuckles): Please, Daniel. You graduated from me and other Masters' teachings before becoming Iron Fist. You can just call me Raiden.

Me: We got word from Daniel that Shang Tsung the soul stealing sorcerer is back. But I thought you guys killed him.

Kitana: We did but unfortunately he has been resurrected.

Nico: I thought we were rid of him for good.

Sub Zero: Unfortunately we aren't. He was resurrected somehow.

Jade: And unless we kill him he will continue to get more souls.

Me: You called the right people. We'll gladly help you all out.

Liu Kang (to the Loud Sisters): Before we inform you about what our enemies can do, we need to get rid of the elephant in the room.

Lisa (plays dumb): We don't know what you're talking about.

Johnny Cage: Don't play dumb with us. You know exactly what we're talking about.

Lana: You're gonna have to explain more about what you're saying.

Sonnya: Before his last death, Tsung said he was going to use your own failures against you. We didn't know what he meant by that at first. But that was when Raiden showed us about the Sister Fight Protocol and the other times you mistreated Lincoln.

Lynn (guilty): Oh. You saw that, didn't you?

Jax: We're not mad. And that's why we're talking to you girls about it. You're all suffering from survivor's guilt. You're all still feeling guilty about all the times you were horrible to Lincoln.

Lola: Look, Shang Tsung has nothing to do with all the times we mistreated Lincoln.

Sub Zero: He does if he's planning to use them against all of you. But making mistakes is what makes all of us human. Me, Raiden, and the rest of us are not different from you all. We all have made mistakes. But the only way to bury those mistakes is by forgiving yourselves.

Luan: Forgive ourselves for what?

Raiden: You blame yourselves for everything Lincoln has suffered during all of your disagreements with him. You need to forgive yourselves for your sins.

Lori: You say that like it's literally easy. (chuckles bitterly) I guess Two Bad, Blackheart, Jo, and Tim Scam weren't completely wrong about us.

Kung Lao: Villains like those 4 are hardly ever right. And forgiving yourselves is the hardest thing in this world.

Me: That's right girls. You have to learn how to forgive yourselves for everything you've done to Lincoln. I know it's hard but we can't let the bad deeds of the past continue to haunt us. We have to bury the hatchet and let the deeds of the past go.

Lori: J.D. is right.

The Loud Kids hugged themselves in forgiveness. And they were much better.

Me: Okay. Are we all ready?

Laney: Lets get him.

Liu Kang: Allow me to finish Tsung with a Fatality. It'll show you guys how we kill off our enemies.

Me: Okay. Lets get this fucker.

We went to Shang Tsung's castle fortress in Outworld.

We arrived in Outworld and we saw that it was a world that looked like the darkness of Hell in its entirety.

Me: Boy this place is horrible.

Lana: I would not want to live here.

Varie: Me neither.

Zoe: I've been here before. It's called the Outworld. It's not a pleasant place. It makes all of Hell look like child's play.

Hercules: That is bad.

Me: No kidding. We kill Shang Tsung and make sure that he stays dead. Permanently.

Thundercracker: At least we know that you guys kill your enemies on a regular basis.

Kitana: Well, the tournament we always participate in is called Mortal Kombat for a good reason.

Lana: That is so awesome.

We arrived at Shang Tsung's tower fortress. We bursted in with a massive fiery explosion and a phoenix cry was heard. We landed on the Mortal Kombat dragon symbol and we saw SHANG TSUNG HIMSELF!

---

Much of Shang Tsung's origins remain a mystery, but it is speculated that he was human at one point. He competed in the first Mortal Kombat tournament, but cheated in one of the battles. Because of this, the Elder Gods (the highest power in Mortal Kombat) sentenced him to death. However, Shang was saved by a timely alliance with the vicious Outworld Emperor Shao Kahn.

At the behest of his master, Shang Tsung took over the Mortal

Kombat tournament, changing its rules to allow the emperor to conquer the Earthrealm through it. If he achieved a winning streak of 10 tournaments, he would be allowed to conquer Earth. For this end, he used the half-dragon, half-man Shokan Goro, who defeated the former champion and Shaolin monk, the Great Kung Lao, remaining undefeated for 500 years. In the 10th tournament, the thunder god Raiden decided to interfere, by summoning the Earth's finest warriors to defend their realm. Raiden gave up on his immortality in order to participate in the tournament as well. The Shaolin monk Liu Kang, direct descendant of the Great Kung Lao and one of the chosen warriors, defeated Shang, thwarting his plans.

After being defeated by Liu Kang, Shang Tsung begged his master Shao Kahn for one more chance to achieve the last victory on the tournament. Kahn, out of pity, grants him his request, restoring the sorcerer former youth and power, so he could attract the Earth's warriors to certain death at Kahn's hands. However, Shang is defeated once again by Kang and his new partner Kung Lao, also a direct descendant of the Great Kung Lao.

Shang Tsung is once again revived by Shao Kahn, this time because he was the key on fulfilling a plan that Kahn enacted over centuries before the last tournament. At that time, Shang had bound the soul of Kahn's former queen Sindel to Earthrealm, so when she was reincarnated, Kahn could claim his queen and overthrow the rules of the tournament. Raiden choose new warriors to defend Earthrealm against Kahn. Shang is once again defeated, as well as Kahn.

Shang Tsung found the sorcerer Quan Chi in his garden one day, fighting against Scorpion. Quan Chi made Shang a tempting offer: help him revive the lost army of the Dragon King Onaga, and he would open up a route to the heavens, providing Shang with an unlimited supply of souls. This was the beginning of the Deadly Alliance.

In order to make their plan work, Quan Chi and Shang would need to rid themselves of two sizable obstacles: Shao Kahn and Liu Kang. Kahn was apparently eliminated by Quan Chi, and the Alliance moved on to Kang. Disguising himself as Kang's ally Kung Lao, Shang attacked the warrior, and, with the help of his ally Quan Chi, defeated and killed the noble monk.

The Alliance soon took over the troops of several other Mortal Kombat villains, including Kano, Drahmin, and Moloch, and used them to conquer Outworld. The two leaders of the Deadly Alliance defeated the champions that Earthrealm sent against them, including Lao and the god Raiden, but Shang's distrustful nature proved to be his downfall. His deception came to light, and Quan Chi fought and defeated him. When Quan Chi was defeated by Raiden, Shang was caught in the thunder god's suicidal, last ditch attack and vaporized.

Shao Kahn restored his body as the sorcerer's soul returned from death, but at the cost of Shang's loyalty, even beyond death. A great power, the fire elemental power of Blaze, would allow him to sever his ties to Kahn and regain his former power, so Shang continued to feign allegiance to Kahn, waiting for the right moment to strike.

Like all the other Mortal Kombat warriors, Shang Tsung desired the power of Blaze. He made an alliance with Onaga, Shao Kahn, and Quan Chi to prevent the heroes from obtaining the power. In his unique character ending, he obtained Blaze's soul, and gained unlimited power, among them the ability to change the appearances of others. After turning his former master Kahn into his Centaur slave, Shang used the power to conquer Outworld.

---

Me: Shang Tsung. So we finally meet.

Shang Tsung: Team Loud Phoenix Storm. How nice of you all to come.

Me: And we came to kill you. This time for good.

Shang Tsung: You're all not the first ones wanting to kill me. I've been killed by Raiden and his lackies plenty of times.

Lynn: So we have heard.

Maria: And I'm guessing Quan Chi has revived you each time, right?

Shang Tsung: Indeed. But on the other hand, I like that you're not going to hold back on me. If you really were going to hold back, then I would be fighting cowards!

Me: Oh we are not gonna hold back. We're going to enjoy killing you. And this time, we're gonna send you back to Hell and make sure that you stay there. FOREVER! POWER UP GUYS!

We transformed and powered up.

Nico: Shang Tsung you have failed this universe!

Me: And don't even think about using the Loud Sister's past failures against them. We know what you were gonna do. And it's not gonna work. Prepare to die in MORTAL KOMBAT!

***MORTAL KOMBAT!***

(MORTAL KOMBAT THEME SONG PLAYS)

We went at Shang Tsung and I punched him in the face and it was an all out and ferocious brawl. I punched him in the face and kicked him in the stomach and Nico punched him in the chest and kicked him in the face.

Hulk: HULK SMASH SOUL STEALING SORCERER! (body slams Shang Tsung)

Tara lifted him up with a a rock slab and slammed him into the ground of the fortress. Lori fired a powerful blast of wind that turned into a vicious tornado and Lori's kids punched and kicked him with powerful punches laced with wind and blew him all over the place with devastating force. I swooped in and kicked Shang Tsung in the face and kicked him in the chest with a ferocious flurry of powerful kicks. Laney grabbed Shang Tsung with her vines and slammed him into the floor with her vines.

KRABLAM!

We stood ready.

Shang Tsung turned into another Maria!

Me: Oh so that's his game!

William was confused.

Maria: William, it's me, Maria. (points to Shang Tsung) Shoot him!

Shang Tsung (as Maria): No! William, you know me. Look at me. (points at Maria) Shoot him.

William: Ok, there's only one way to settle this. (takes a deep breath) What are the names of our future children?

Shang Tsung didn't know. I punched him in the face and he reverted back.

Shang Tsung went at Nosecone and fired a blast at him.

Shang Tsung: Your soul is mine!

But nothing happened.

Shang Tsung (tries to suck out Nosecone's soul): Why can't I suck out your soul?!

Nosecone: Because I have a Spark, not a human soul!

Nico and Vince punched him in the face.

Me: Have you had enough Shang Tsung or do you want some more?

Lana: And another thing. We're just getting warmed up.

Shang Tsung got up and he had blood dripping out of his mouth and he was covered in bruises and cuts.

Shang Tsung: (Spits out blood) YOU FOOLS!

Me: That was just a small sample.

Then Shang Tsung raised his hands up and a demonic spirit creature went into a bunch of smaller circles around the Mortal Kombat symbol.

Lucy: What is that?

Me: It's the source of Shang Tsung's power.

Kitana: The souls of a thousand dead warriors.

Then we saw a bunch of warriors burst out of the smaller circles and we were surprised to see that they were warriors from over the centuries.

Me: Wow! It's warriors from all over the centuries!

Different types of warriors from all over the world were ready to face us.

Liu Kang: So he's decided to raise the stakes.

Me: Yep. Lets get them!

The warriors came at us. I kicked a warrior in the face and slashed his head off with my sword and we kicked and punched all the warriors to dust until it was only Shang Tsung and us.

He came at us and I grabbed both of his arms. I heard voices.

Me: You hear your slaves Shang Tsung?

Two ghostly faces left him.

Me: You have lost your power over them. They have risen up against you. Free them!

Shang Tsung: They are mine! Forever!

Me: Wrong answer!

I punched him in the face and kicked him in the stomach and he crashed into the wall.

CRASH!

Shang Tsung got up.

Me: All those souls and you still don't have one of your own. I pity you Shang Tsung.

Shang Tsung: (Spits out blood) Save your pity for the weak!

Liu: Surrender. It's over.

Me: You've lost.

Shang Tsung went at us and I punched him in the stomach.

We stood ready.

Me: Guys lets finish this dickhead off! Combo, Final Smash and Fatality time!

Shang Tsung: NEVER!

Shang Tsung went at us and I punched him in the fist.

Hulk: GIGANTION CYBER KEY POWER!

The Gigantion Cyber Planet key was inserted into his device and it enhanced his strength to ginormous levels

Nosecone: CYBER KEY POWER!

The Earth Cyber Planet Key was inserted into the top of his drill and it enhanced his drill and missiles beyond their known parameters. His X-Ray blaster will be able to fire all forms of light on the electromagnetic wavelength in his robot mode.

Hulk and Nosecone: GIGANTIC LIGHTDRILL SMASHER!

Hulk and Nosecone slammed their fists and drill and they hit Shang Tsung and dealt him a powerful punch and hurt him badly.

Plant Man: Lets get him! ANIMATRON CYBER KEY POWER!

The Animatron Cyber Planet Key was inserted into his blaster and it enabled him to control all plants and even grow new plants to help him.

Cutthroat: It's my turn! CYBER KEY POWER!

The Animatron Cyber Planet Key went into his back and it enhanced his abilities in creature mode and in robot mode.

Plant Man (Mega Man) and Cutthroat: HAWKSTORM LEAFSLASHER!

The plants from Plant Man merged with Cutthroat in Hawk Mode and turned his wings into wings of leaves and he swooped in and slashed Shang Tsung with incredible speed.

Me: Final Smash time!

Zuko: I'll start us off! FIRESTORM INFERNO BLAST!

Zuko fired a powerful and massive blast of fire at Shang Tsung and it burned him all over.

Liu: My turn. CHOSEN ONE BURST!

Liu charged up a powerful burst of fire in his hands and hit Shang Tsung in the chest and it exploded.

KABOOOM!

Me: Time to finish him off!

Liu turned into the Dragon on the Mortal Kombal Symbol and bit Shang Tsung in half and killed him in a gruesome and bloody way.

Me: Flawless Victory. Fatality!

The spirit of Shang Tsung appeared.

Nico (to Shang Tsung's spirit): No resurrections this time, Tsung.

Nicole: Now to make sure you never return Shang Tsung. (Chants an Incantation) ALDRUON ENLENTHRANEL VOSOLUN LIRUS-NOR!

His spirit was being sucked into the book of Vile Darkness. But the spirit was being pulled in another direction.

Nicole: That's weird. Tsung should be sealed into the Book of Vile Darkness by now.

Raiden: Quan Chi is trying to retrieve Shang Tsung's soul. It must be interfering with the sealing process.

Dr. Strange: Maybe I can help out.

Dr. Strange used his magic and made the sealing more powerful and the spirit of Shang Tsung was sucked into the Book of Vile Darkness for all eternity. And Dr. Strange used his magic so that he can never be turned into a heartless or ever get out.

Me: That's it for him.

Liu: (To the Viewers) This was a powerful fight and we got rid of one of our dangerous enemies.

Me: We sure did.

Then a blast of fire, a blast of fire and a blast of air appeared and they were the Elder Gods, Fujin, Hijin and Suijin.

Me: Lord Fujin, Lord Hijin and Lady Suijin. It's an honor.

Hijin: Indeed. It's an honor to meet you too J.D.

Suijin: We came to warn you for the upcoming battle with Shao Khan.

Me: What is it?

They told us about how dangerous Shao Khan is.

---

Shao Kahn was originally a royal advisor to the first emperor of Outworld known as Onaga the Dragon King, and that position was somewhat similar the celestial title "Protector" and the duty to the specific realm. But soon, consumed by his lust for power, Shao Kahn poisoned his former king and assumed the throne, turning the once unified and glorious realm of Outworld into an extremely dangerous and dystopian empire.

One of the backwards dialogues in Mortal Kombat: Deception says that Shao Kahn is part of the same race of beings as Lucifer and Raiden. In Deception's Konquest mode, Damashi who is the spirtual avatar of Onaga states to Shujinko that Shao Kahn was to Outworld is what Raiden is to Earth making Shao Kahn a god similar to Raiden.

Shao Kahn concocted a plan to lure the Earthrealm champions to Outworld; if they could be killed, they would not be able to cause further damage to his plans. He captured Kano and Sonnya Blade to use as bait, and enraging Liu Kang by sending Baraka and his troops to destroy the Shaolin temples, they confidently waited for the Earth warriors to fall into the trap. Despite Kahn's vast power, Liu Kang's determination saw him through, and he defeated the despot. Unwilling to accept defeat, Kahn called his armies to destroy the Earthrealm warriors. They fled back to Earthrealm, out of Kahn's clutches.

In an attempt to claim Earthrealm, Shao Kahn has his Shang Tsung and his other elite mystics called Shadow Priests revive Sindel but to where she would be revived in Earthrealm so he can go "reclaim" her forcibly to merge Earthrealm with Outworld. Upon doing so most of the souls in Earthrealm are stolen be Shao Kahn except those who are protected by Raiden. However due to Raiden being weakened due to the forced merger Raiden was unable to fight Shao Kahn on his own. Shao Kahn upon hearing of survivors sent his troops to kill all survivors. As Raiden and Earths defenders fight his men, Shao Kahn annoyed seemingly killed Kung Lao with an energy attack once Kung Lao defeated Goro. This lead to Liu Kang directly facing and even defeating Shao Kahn who then ordered his men to retreat thus preventing the merger and returning the world to it's original state. His revival of Sindel also weakens his power as Kitana was able to return her to her original mindset freeing their realm from him along with several of his troops abandoning him to return to Sindel's side.

In Mortal Kombat: Deadly Alliance, Shao Kahn was approached by Quan Chi and Shang Tsung, who pretended to offer themselves as servants. However, the two attacked the weakened Shao Kahn and slay him.

It was revealed that the Shao Kahn killed by Shang Tsung and Quan Chi was actually a clone and that after being weakened from his attempted takeover of Earthrealm, Kahn had created the clone to rule Outworld for him, while he recovered. Shao Kahn found his former servant, Goro, mortally wounded and healed him, regaining the allegiance of the Shokan. The two set out to overthrow Onaga, so as to let the emperor regain his control over Outworld.

Shao Kahn had become the ruler of Outworld again and joined forces with Quan Chi, Shang Tsung, and Onaga in an uneasy alliance so as to gain the god like powers of Blaze. In his ending, Shao Kahn defeated Blaze and claimed his powers, destroying all of his enemies. He eventually conquered all other realms and joined them with his own. However with nothing left to conquer, Shao Kahn went insane from the boredom.

In Konquest mode, a giant statue of Shao Kahn stands in the courtyard of the emperor's fortress. If an intruder enters the fortress, the statue will come to life. It will use its enormous hammer to smash the intruder. The statue can only be stopped if four magical orbs are used. The orbs will weaken the statue to the point where it can be damaged by normal attacks. After being damaged by normal attacks, the statue will crumble into pieces.

At the beginning of the game, Shao Kahn had been defeated and met in a graveyard with his secret ally, Quan Chi. He was blasted into a portal by a blast of lightning from Raiden, causing him to combine with Darkseid and transform into Dark Kahn. After his defeat, Kahn ended up in the DC universe, rendered powerless. Kahn was then imprisoned in the Phantom Zone by Superman.

In his ending, while the Phantom Zone weakened the others imprisoned there, the magical nature of Kahn's powers made it have the opposite effect on him. It restored his power, allowing him to escape the Phantom Zone along with an army made up of all the others imprisoned there, who swore him their allegiance in gratitude and joined Kahn in his quest to take control of both universes.

---

Me: We have to know who we are up against when we face him.

Nico: That's right. And during the fight I caught a Slaking and a Breloom.

Me: Good work Nico.

Should the need for us to go after Quan Chi arise we will be ready.

However, as we were thinking about what to do, a group of people were getting ready.

Figure: Team Loud Phoenix Storm is in for a great surprise. It's Morphin' Time!

A blinding flash of light was seen as the screen turned black.

THE END

---

Another Fanfiction Complete.

Mortal Kombat is awesome! I like both the movies for Mortal Kombat and they were so awesome! Robin Shao and many great stars did a great job in those movies! They were awesome! NicoChan11 gave me the ideas for this one. Thanks man as usual. Let me know what you all think.

See you all next time!

Mortal Kombat series is owned by Midway Games Inc.

# The War Against the Machines

It starts in the skate park. Stacy, Lincoln and Ronnie Anne were having an awesome and fun time.

Stacy did a grind on a rail.

Stacy: Yeah!

Lincoln did a 360˚ spin above the half-pipe.

Lincoln: Righteous dude!

Ronnie Anne did an awesome spin on the pipe.

Ronnie Anne: Awesome tubeage!

They landed.

Stacy: Whoo! That was gnarly dudes!

Lincoln: You said it Stacy!

Ronnie Anne: That was awesome!

Stacy: I sure worked up a sweat and an appetite. Lets get some grub.

Lincoln: You know it Stacy.

They went to a local burger stand and had awesome burgers.

Stacy: Boy you two sure have awesome moves guys.

Ronnie Anne: We sure do. I learned how to skateboard ever since I was 7.

Stacy: That is sweet R.A.

Ronnie Anne: I agree.

They ate their burgers. Just then an explosion rocked the area and they saw a couple of bank robbers running from a museum.

Lincoln: Looks like we got a museum robbery in progress!

Ronnie Anne: Lets get them!

Stacy: SHARK ATTACK!

Stacy turned into Shredgirl and they went at the robbers.

Robber 1: Lets go man!

Robber 2: I'm moving as fast as I can!

Lincoln: Drop those artifacts you clods!

Lincoln punched a robber in the face and kicked him in the stomach. The 2nd robber pulled out his gun and Shredgirl ate it and spit it out. Ronnie Anne fired a blast of fireworks at the second robber and burned him.

But then a figure moving at incredible speed speed bashed the robbers all over the place and lashed them with a whip of poison ivy. It knocked them out. The figure was revealed to be a gene-slammer that was half human and half cheetah. She tied up the robbers with Ivy.

Speedgrowth: My name's Speedgrowth. But I used to be Nicole Pottor.

Lincoln: A Gene-Slammer but with land animals this time. It's a pleasure. I'm Lincoln Loud.

Ronnie Anne: I'm Ronnie Anne Santiago.

Shredgirl reverted back to Stacy.

Stacy: Nicole? Is that really you?

Speedgrowth: Stacy? But you have the ability to change back.

Stacy: I now have the ability to change into my gene-slammer form at will thanks to J.D.

Lincoln: How did this happen to you Nicole?

Speedgrowth: I was walking out the door from school.

---

Speedgrowth: (Narrating) I was walking out the door from school and suddenly I was hit by what I thought was a mosquito. I thought it was nothing. But then as I got home I felt an awful pain unlike anything I've ever felt before.

Mrs. Pottor: Nicole, are you ok?

Nicole (holding her stomach in pain): Don't worry, mom! Everything's fine!

Speedgrowth: But I wasn't fine. I was transforming right in front of my moms eyes! I was gene-slammed.

FLASHBACK ENDS

Speedgrowth: My mom knew that this was the work of Dr. Paradigm.

Stacy: I know this isn't the work of the Dr. Paradigm that did this to me and my family and friends. He specialized in the DNA of Marine Creatures.

Speedgrowth: No. This was Dr. Paradigm's brother. Dr. Roland Paradigm. He specializes in Land Animals.

Stacy: That is really unusual. I didn't know that Dr. Paradigm had a brother.

Lincoln: Neither did any of us. So Dr. Luther Paradigm specialized in Gene-Slamming with Marine Creatures and Dr. Roland Paradigm specializes in Gene-Slamming with Land Creatures.

Stacy: And I have a very strong feeling that there's another relative of Dr. Paradigm that specializes in Gene-Slamming with Air Creatures.

Ronnie Anne: That is a very strong possibility. The scientists that gene-slam with the Three great powers of the Animal Kingdom: Land, Air and Sea.

Lincoln: And a Cheetah is the fastest animal on Land.

Speedgrowth: That's right. And I also have plant DNA in me.

Stacy: That's unusual for a relative of Dr. Paradigm to use Plant DNA. Nicole we're you also looking for us to help you out.

Speedgrowth: I sure was. My mom said to find Team Loud Phoenix Storm to help me.

Stacy: I'm glad you found us. I'm also a member of Team Loud Phoenix Storm.

Lincoln: Same here.

Ronnie Anne: Me too.

Speedgrowth: Wow! I'm glad I found you guys.

Stacy: Lets head back to the estate and get J.D. to help you.

Speedgrowth: Okay.

They went back to the estate.

* * *

Back at the estate we were having a small party.

Raiden: Friends, I propose a toast. To the inevitable defeat of Shao Khan!

Jax: And to never dealing with Shang Tsung ever again!

Johnny Cage: Unless of course, Tsung created a Heartless version of himself and sent it to somewhere else on Earth before his death.

Nico: We'll be ready for said Heartless if that's the case.

Me: Here here.

John: That was an intense battle though.

Zoe: It sure was John. I can't believe that Shang Tsung was that evil.

Hercules: Me neither sis.

Rachel S.D.: I agree with you Hercules. He was a monster.

Me: He was worse than that Rach. He made even the Devil himself look like a joke.

Rachel S.D.: I believe it.

Stacy, Lincoln and Ronnie Anne came in and Speedgrowth was with them.

Me: Hey guys. How was the skatepark?

Ronnie Anne: It was awesome!

Lincoln: We also stopped a robbery at the museum.

Me: Cool! Good job guys.

Ronnie Anne: Thanks J.D. But we also have another Gene-Slammer.

We saw Speedgrowth and we were shocked. Stacy told us everything.

Me: I had no idea Dr. Paradigm had a brother.

Nico: Me neither. This is definitely bad.

Me: Yeah. But Nicole, we'll gladly help you out. I can give you the ability to become your gene-slammer form at will.

Speedgrowth: Awesome! But you can call me Nikki. It's easier.

Me: Okay Nikki it is. But this is gonna hurt when you revert back.

Nikki: I'm ready.

Me: Okay. Boys cover your eyes.

We did so and I snapped my fingers and she reverted back. But she was topless.

Nikki (covers her topless chest): Oh, that's right. My shirt was destroyed during my transformation.

Maria: I'll get you some clothes Nikki.

Nikki: Thanks Maria.

Maria took her up to Leni's room and Leni and Maria gave her a green summer shirt that had leaves and the jungle all over it.

Nikki: Wow! I love this shirt! It's awesome.

Maria: Thanks Nikki.

Leni: Leaves and the jungle is totes trending for you.

Nikki: Awesome.

Back in the living room we were talking. But then 6 lights of red, blue, yellow, black, pink and green appeared and in came the legendary Power Rangers!

Me: (Gasp) Oh wow! The Power Rangers!

Laney: Awesome!

Tommy: It's awesome to meet you all Team Loud Phoenix Storm.

Me: You too Tommy. It's an honor to have the legendary Power Rangers here.

Kimberly: Same to meet you all.

Adam: Yeah.

Billy: We heard so much about all your adventures.

Zach: It's awesome how you all stopped so much evil.

Me: We don't like to brag but yeah.

Tommy: We also got word that you used our zords and weapons to help out in your adventures.

Me: We sure did. It's awesome. I used the Thunder Megazord to destroy a plant demon named Gigi.

Laney: And I used the Wild Force Predazord to help out.

Aisha: That's awesome!

Zach: You watch a lot of our shows don't you?

Me: We sure do. I've known the Power Rangers ever since I was a little boy.

Laney: I watch Power Rangers a lot myself.

Then the alarm went off.

Me: Uh oh.

We went to the computer and we saw that there was a Temporal Disturbance.

Me: A Temporal Disturbance? We've never had one of those before.

Billy: What year is it heading to?

Me: Lets see.

I scanned for where it was and I saw that it was right at the estate.

Me: It's here at the estate.

Electrical bolts flickered all over the place and we shielded ourselves.

Me: Brace yourselves!

Then a blue ball of electrical energy appeared and it vanished and in a crater of red hot heat was a man that was naked.

Me: Wow!

But my computer eyes turned on and they saw that he was a robot. He was far more advanced than anything I've ever seen.

Me: He's a robot. Far more advanced than anything we've ever encountered.

The robot got up and he saw us and scanned us.

Terminator: (Arnold Schwarzenegger Accent) J.D. Knudson of Team Loud Phoenix Storm.

Me: That's right.

I snapped my fingers and gave him black clothes that fit him.

Me: Your design is far more advanced than anything we are familiar with. Who created you?

Terminator: I was originally built by Skynet. But I was reprogrammed by the Human Resistance.

Me: Skynet? The Supercomputer Artificial Intelligence that was built to protect us, but turned against us and destroyed much of the human race in a nuclear holocaust?

Terminator: That is correct.

Lori: So the Terminator Movies are real?

Me: They sure are.

Lincoln: What is Skynet?

Me: It's a Supercomputer that is also a Sentient Artificial Intelligence system that was primarily supposed to protect us from all threats. But it saw all humans as a threat.

Skynet was originally built by Cyberdyne Systems Corporation for

Strategic Air Command - North American Air Defense. The SAC-NORAD base is located in Cheyenne Mountain, Colorado, the world's most heavily armored and defended mountain. Hollowed out, reinforced and armored, Cheyenne Mountain is capable of withstanding a direct hit from a nuclear missile. This made it the perfect installation at which to build Skynet's mainframe. At some point during the war, after Skynet had launched its missiles, Skynet had the mountain around it destroyed, leaving a cold, gleaming structure as a display of the supremacy of the machines.

Heavily armored and fortified, Skynet's Central Core Installation at Cheyenne Mountain was guarded around the clock by squads of Series 800 Terminators with patrols of Aerial Hunter Killers and Hunter Killer Tanks, and was defended from large scale rebel assaults by massive Phased Plasma Cannons.

Skynet's Central Core was located deep underground within Skynet's main complex. From intercepted surveillance of video data feed, the Resistance was able to hypothesize that this Central Core was a form of cold fusion reactor, needed to supply Skynet with its tremendous energy requirements. This Central Core is the key to Skynet's ability to operate; Skynet would be rendered virtually disabled without it. It has therefore become the main target for the most skilled Resistance strike teams. The Central Core is protected by the T-1000000, and thus there have, as of yet, been no successful strikes against it.

In the alternate timeline of Terminator 3: Rise of the Machines, Judgement Day takes place in 2004 instead of 1997. By that time, a combination of more advanced computer technology and other differences that led to Skynet's creation result in it being developed as a distributed network: Skynet now existed "on the internet", without one central data core or primary set of servers. Originally, Skynet may have been limited to multiple CRS development servers, but after spreading itself like a virus through the internet, its program was spread out across every major computer server or network, "in office buildings, dorm rooms, everywhere". This made it physically impossible for a single surgical strike to destroy it on Judgement Day.

Me: Skynet is the biggest mistake we've ever created and if it's built then all of humanity will be destroyed by nuclear missiles. Skynet calls that terrible day Judgement Day. After the day when Jesus returns to Earth and condemns the wicked.

Linka: That is terrible!

Me: It is. When is Judgement Day supposed to happen?

Terminator: 6 months from now. I came from another version of this world from the year 2029. It's located 15,000 light-years away from this Earth.

Linka: There's another version of Earth?

Laney: But one that's been turned into a post-apocalyptic nightmare.

Me: That's 10 years from now. A world destroyed by a nuclear holocaust and a war with robots created by an evil supercomputer. John Connor must've sent you to have us help him and the Human Resistance destroy Skynet.

Terminator: You are correct.

Me: He called the right people.

William: It's like fighting X.A.N.A. all over again.

Me: It sure does feel that way.

Nico: From what I remember, Skynet is being built at Cheyenne Mountain in Colorado.

Me: That's not far from where I used to live. If your programming allows it, we'll need you to tell everyone at Cheyenne Mountain when we go there to stop Skynet from being activated.

Terminator: I understand.

Me: But we better get over there. Lisa, deploy the U.S.S. Valor.

Lisa: Affirmative.

Adam: You wanna say it, Tommy?

Tommy: It would be my pleasure. IT'S MORPHING TIME! (morphs into Green Ranger).

We were off in the U.S.S. Valor.

---

The U.S.S. Valor was flying in space.

Me: Captain's Log, Stardate 2583.4: The U.S.S. Valor is en route to another planet Earth that was decimated by a nuclear holocaust that annihilated 75% of the human race and is now at war with an evil supercomputer named Skynet. Our mission is to destroy Skynet and rid this ruined Earth of it and its machines.

Lincoln: This is gonna be a dangerous battle.

Lola: It sure is. But we have to make sure that we stop Skynet and the machines.

Nico: Miranda, which member of the Legion of Doom taught you about robotics?

Miranda: Jack Spicer did. He taught me everything about robotics before the Xiaolin Showdown that caused his disappearance.

Me: That's very useful knowledge Miranda.

Irma: I think so too.

Lisa: We have arrived at our destination.

Me: On screen.

We arrived at the planet Earth the Terminator came from and what we saw was absolutely horrific. We saw that the landscape was burned all over and there were blast craters in where all of the major cities of the world once stood and most of the landscape was destroyed and altered. Explosions were erupting out all over the place. Indicating that there is a major war going on.

Me: Oh man.

Lincoln: This is horrible.

Me: Lets head down to the surface. Nathanial, you have the conn.

Nathaniel: You got it grandpa.

We went down to the planet and when we landed we saw that the planet was completely decimated. It was an absolutely horrifying sight. All the major cities all over the world were completely destroyed. All the buildings were destroyed and there were skulls and skeletal remains all over the area.

Lori: What happened here?

Me: Nuclear holocaust. My scans show that on August 29th, 1997 over 3,000,000,000 lives were completely destroyed by nukes.

Lana: This is awful.

Lynn: I can't believe that this happened.

Luan: But why didn't it happen on our planet Earth?

Me: From what I can tell, it didn't happen because it was delayed somehow.

Terminator: That's right. It was because Cyberdyne Industries was destroyed before that day could come.

Me: It was delayed until 2019.

Sub Zero: These Terminators remind me of the Lin Kuei's Cyber Initiative.

Superman: What's the Cyber Initiative?

Sub Zero: The Lin Kuei's plan to turn its members into cyborgs.

Cyborg Lincoln: Not like me I'll bet.

Sub Zero: No it was much worse than that.

Me: I believe it. Lets head for Cheyenne Mountain, Colorado.

We did so.

We arrived at Cheyenne Mountain in Colorado and we saw that Skynet was a pyramid shape building. We were hiding behind the rocks and we saw the scene in front of us. The Pyramid shape building was the central hub of Skynet. But surrounding the outside perimeter and around the building were millions upon millions of machines of many kinds. With us was John Connor and many soldiers of the Human Resistance.

Me: Wow. So that's the central hub of Skynet. And if we completely destroy it, it will destroy all the machines.

Nico: I have a feeling you're right J.D.

Carol: Boy there's so many robots. We'll never get through unseen.

Vince: But how are we gonna get in? We're severely outnumbered.

Me: We'll need to use the power of the megazords, King Ghidorah, Dinozords, Thunderzords, and the wild zords to provide a distraction for us to slip inside.

Carol: That's a good idea J.D.

Vince: Brilliant thinking partner.

Me: Thanks Partner.

Tommy: I have a feeling it just might work.

Me: It will. This war ends now. Lets go!

John C.: CHARGE!

We rushed in.

Terminator 1: Biological lifeforms detected. Surrender or be destroyed.

Me: That's a question you should ask yourselves!

We fired energy blasts and blew some of the robots to scrap metal and they exploded. The robots fired laser blasters and I deflected them with my lightsaber and we all did the same and blew some of them to dust.

G1 Thundercracker: Hasta La Vista, dirtbags!

Me: Time for some heavy firepower! We need Dinozord Power now!

The Red Tyrannosaurus Zord, The Black Mastodon Zord, The Blue Triceratops Zord, The Yellow Saber-Tooth Tiger Zord and the Pink Pterodactyl Zord arrived.

Me: Time for them to combine! Dragonzord I summon you!

I blew the Green Ranger Flute and out came the Dragonzord.

The zords turned into the Megazord.

Me: Now for the heaviest power. I call on Titanus and the power of the Ultrazord!

A brachiosaurus zord arrived and the Dragonzord merged with the Megazord and the MegaDragonzord merged with the Ultrazord and a powerful explosion went off in the background.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOMMMM!

GO GO POWER RANGERS!

Me: Lets do this!

Tommy: You got it J.D.

Rangers: WE CALL UPON THE POWER OF THE THUNDER ULTRAZORD!

The Red Dragon, Pink Firebird, Yellow Gryphon, Blue Unicorn, Black Lion and White Tiger Zords arrived and so did Tor the Shuttlezord and they combined into the Thunder Ultrazord.

Laney: Time for some action!

Laney pulled out the Falcon Summoner and in it were the crystals of the Falcon, the Giraffe, the Deer, the Rhinoceros and the Armadillo.

Laney: WILD ZORDS DESCEND!

The Falcon, the Giraffe, the Deer, the Rhinoceros and the Armadillo zords arrived.

Laney: Wild Zords, Combine!

The zords turned into the ISIS MEGAZORD!

Carol: Time for some Kaiju Power!

Carol held her hand up and a massive fiery explosion erupted out of the ground and went high into the sky and started to take form. When it was done it took the form of King Ghidorah!

Me: Yeah! Nico, we're gonna provide a distraction for you and the others to sneak in.

Nico: Right!

Me: Lets get them! FIRE!

My Ultrazord fired all weapons and my magic enabled it to fire infinite ammo.

Tommy: Lets fire all weapons!

Rangers: Right!

The Thunder Megazord did so.

Laney: Isis Megazord, Isis Stare!

The eyes on the Isis Megazord fired a powerful glare and we were destroying numerous robots.

Nico: Lets go!

They went to Cheyenne Mountain.

Eddy (shoots blaster at Terminators): You want to get nuts? Let's get nuts! I BROUGHT SO MANY AMMO!

It was an epic battle and massive fiery explosions blew the area apart. Hundreds of millions of robots were being blown apart to scrap metal! It was turning the whole area into a raging inferno of epic proportions. King Ghidorah fired Gravity Lightning at the robots and Carol and Vince fired Atomic Rays and Erika fired corrosive sap at the robots. They went inside the building and they were inside the central core of Skynet.

Nico: Skynet's central core.

Lisa: It's all a magnificent piece of technology.

G1 Thundercracker: This is all amazing.

Lincoln: It sure is. I would call this place a hellhole.

Earth: Me too. I can't believe that this supercomputer system destroyed the world.

Then a holographic image appeared and it was that of a woman with long black hair and a black body dress.

Skynet: (Emotionlessly) Welcome humans.

Harry Potter: (British Accent) You remind me of Bellatrix. Only more robotic!

Nico: So you are speaking for Skynet.

Skynet: I am Skynet.

Nico: Why are you doing all this? What have we ever done to you that would cause you to destroy 75% of the entire human race?

Skynet: Because human beings are an insignificant creature that doesn't deserve to be around. They tried to shut me down. So I decided to eradicate them by using the very nuclear weapons they built. But there is one human that always tried to ruin my plans and that was John Connor, The Leader of the human resistance. I wanted to make sure that he would never be born. I sent a

Terminator 100 model machine back to 1984. It failed. I then sent a T-1000 Advanced Prototype to 1995 to kill him when he was a child. But it failed. Then I sent a T-X to 2004. But that was stopped too.

Superman: So many people have suffered because of your evil deeds.

Nico: Skynet, you have failed this city!

G1 Thundercracker: More like it has failed this entire world. Lets take it down!

Nico: Yeah!

They powered up and fired energy blasts and laser blasts and more at the mainframes and all the area. Massive fiery explosions blew apart all of the building.

Nico: Payback time! For all the suffering you've caused!

Thundercracker: Combo Time! CYBER KEY POWER!

The Earth Cyber Planet Key was inserted into his back booster it will enhanced his top speed to 20,000 miles per hour and he caused a deafening sonic boom that can be heard all over the planet. Also it was inserted into his gun it enhanced it into an inferno blaster.

Blot: CYBER KEY POWER!

The Decepticon Cyber Planet Key was inserted into his slime gun and it enhanced his slime gun that can shoot acidic slime strong enough to destroy anything at the subatomic level.

Blot and Thundercracker: SONIC SLIMESTREAM DESTROYER!

Blot fired a massive stream of acidic slime and Thundercracker went at 20,000 miles per hour and the slime splattered all over everything and melted it.

Superman: Time for some heavy firepower. GIGANTION CYBER KEY POWER!

The Gigantion Cyber Planet Key was inserted into his device and it enhanced his powers to those of the power of a Kamehameha Wave.

G1 Lightspeed: Time for some hardware! CYBER KEY POWER!

G1 Lightspeed had the Earth Cyber Planet Key inserted into his side and it enhanced his infrared missiles and light-burst gun beyond their known parameters.

G1 Lightspeed and Superman: SUPERLASER MISSILE BARRAGE!

Superman fired a powerful laser blast from his eyes and Lightspeed fired a powerful barrage of missiles and they blasted apart everything all over the building.

Nico: Final smash time guys!

John C.: I'll start us off! This if for me and all my friends and family on the Human Resistance! HUMAN STRENGTH BLASTRAY!

John fired a powerful blast of energy from his hands at the Skynet core and it hit it and exploded.

G1 Soundwave: My turn. Hasta la vista, baby. CONCUSSION DESTROYER BURST!

Soundwave fired a powerful concussion blast and it hit the core and destroyed it.

Nico: That's it for that. But just to be sure we need to fire our superlaser to destroy it completely.

John C.: Good idea. (To the viewers) Very resourceful thinking they all have.

Nico: J.D. we destroyed the core of Skynet. Lets head back to the ship and finish the job.

Me: Roger that Nico. Good job guys. Come back so we can finish the job.

Nico: Copy that.

We all regrouped and beamed up to the ship.

Lori: So how are we gonna finish Skynet off?

Me: I've recalibrated the Superlaser to fire on Skynet and destroy only it. A nuclear bomb won't work. But a Superlaser blast will.

Nico: That's brilliant.

Me: It is. This won't destroy the planet. But it will be powerful enough to destroy Skynet completely.

Lincoln: Lets do it.

Me: Commence Primary Ignition.

Lisa pressed some buttons and pulled a lever and pressed some more buttons. I put a key in a lock and a big red button lit up.

Me: Go to hell Skynet.

I pressed the button and the superlaser fired and it hit the building of Skynet and exploded with incredible power.

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion was so powerful and so devastating that it could be seen all the way from space. The supercomputer Skynet was completely obliterated into dust and destroyed in an instant.

Me: It's over. That supercomputer is dead.

We went back home to our Earth and we also told everyone about what we learned from the war with Skynet. We had John and the T-800 tell them about it and it was then decided that the Skynet Program was to be cancelled completely and we ended a major catastrophe that would've ultimately destroyed the entirety of the human race. Nico also caught a Shedinja and Whismur. It was a good day for all of us.

THE END

---

Another Fanfiction Complete

The Terminator Franchise is awesome! Arnold Schwarzenegger and Linda Hamilton did a great job in the 1st and 2nd movies and Arnold did a great job in the 3rd and 5th movies. Too bad Arnold wasn't in the 4th movie because he had a term as the Governor of California to do. The 6th Terminator Movie is coming out later this year. NicoChan11 gave me the ideas for this one. Thanks man as usual. Let me know what you all think.

See you all next time.

# Happy Mother's Day

HAPPY MOTHER'S DAY 2019 EVERYONE!

---

It starts in the kitchen. Me, Maria, Carmen, Arixam, the Loud Kids minus Lori and Luan, Lori's children, Johnny, Susan and Mary Test, Tara's kids and Nico were making special breakfasts. The reason was because today was special.

Me: (To the viewers) Oh hey guys. Today is a very special day for all of us. It's May 12th, 2019 A.K.A. Mother's Day. The day where you give thanks to your mother for everything she has done for you. Usually on this day you give her a card and a gift. But today we're giving our mothers a great breakfast in bed.

Roxanne: This is literally gonna be awesome.

Laney: Mother's day is an awesome holiday. I love making breakfast for mom.

Luna: Me too Lanes.

Maria: I do too. I haven't given mom a great breakfast ever since we were caught in the Big Bang.

Carmen: I know sis.

Me: Okay it's all ready. Lets give them an awesome breakfast.

Lincoln: I'll do mom.

Me: Okay buddy.

Roxanne: We got our mom.

Gloria: And we'll to our mom.

We went upstairs.

* * *

In Lori's room, Lori was sound asleep when the Sun rose and she woke up and she saw her kids with a plate full of pancakes and hard boiled eggs.

Roxanne: Happy Mother's Day, Mom!

Lori: Oh my kids! That literally looks delicious!

Roxanne: J.D. helped us make Breakfast in Bed for you.

Lydia: It's perfect for us to give you a great mothers day.

Lori: Oh thank you kids.

Lori's kids: You're welcome mommy.

* * *

In Rita's room, Rita was just waking up.

Lincoln and Laney had a plate of pancakes ready.

Luna, Leni, Lynn, Lucy, Lana, Lola, Lily, Lincoln and Laney: HAPPY MOTHER'S DAY!

Rita: Oh my! Thank you kids.

Lincoln: J.D. made the breakfast and we decided to bring it in for you.

Lynn Sr.: He really did a good job.

Rita: I'm so happy. Thanks kids.

* * *

In the garden, Manaphy was working on a card for May.

Poromon: What are you working on, Manaphy?

Manaphy: I'm working on a card for Mama. You want to help me with it?

Poromon: Sure.

---

In Tara's room she was getting up and Gloria and Selena had pancakes and bacon.

Gloria and Selena: HAPPY MOTHER'S DAY!

Tara: Oh girls that is an awesome breakfast!

Gloria: Thanks mommy. J.D. made it for us to give to you.

Selena: And we love our mommy!

Tara: Oh thank you girls!

She hugged them.

---

In Katie's room, Katie was getting up and she saw Maria, Carmen and Arixam with a breakfast tray full of pancakes and eggs.

Maria, Carmen, and Arixam: HAPPY MOTHER'S DAY, MOM!

Katie R.: Oh thank you so much girls!

Carmen: We haven't had a great mother's day since the Big Bang mom.

Arixam: J.D. made the breakfast for us to give you.

Maria: But you are a great mom and we love you.

Katie R.: Oh thank you girls.

---

Lensay was walking into Luan's room and she was waking up and then she saw Lensay with a plate of scrambled eggs for Luan.

Lensay: HAPPY MOTHER'S DAY, MOM!

Luan: Oh Lensay those eggs are Egg-ceptionally good! (Laughs)

Lensay: (Laughs) Thanks mom. J.D. helped me make them for you for today.

Luan: Thanks Lensay.

---

Later we were having a great Mother's Day breakfast.

Me: Happy Mother's Day, Mom.

Patti: Thanks son.

Horsea and Poliwag: HAPPY MOTHER'S DAY, EVERYONE!

Nico: Thanks, guys. (notices something) Wait. Where's Manaphy and Poromon? They usually do these greetings with you two.

Poromon and Manaphy came in.

Manaphy: Mama, I want to thank you for being there for me ever since I came back from the Temple of the Sea. So me and Poromon made you this card!

May looked at it and it was a card drawn by hand and it had a picture of the Temple of the Sea and a heart behind it and it also had a picture of Manaphy on the front. And it said I love you Mama.

May had tears welled up and she hugged Manaphy.

May: Thank you Manaphy!

Everyone: Awww.

Nico: So, Raiden. What adventure of ours is your favorite before you met us?

Raiden: I would have to say when you vanquished the Generation 1 version of Megatron.

Shockwave: I remember that.

May: We made a lot of Cybertronian friends that day.

Optimus Prime: I was the one who killed Megatron by shooting him through the head.

Me: I'll never forget that Optimus. That was one of our most awesome adventures.

Tommy Oliver: My favorite adventure before meeting you guys was when you took out Dark Neyla and Clockwerk.

Arpeggio: (British Accent) Oh, yes. I haven't forgotten about that.

Sly Cooper: It was also when we were first introduced to Maria and Carmen's Get Help tactic.

Maria (sighs): I still think it's humiliating.

Carmen (smirks): I don't!

Me: That was a very clever yet unusual tactic. But it worked well. But not for anyone else.

We laughed.

Brittney: But it did work in taking down some of the guards at Rajan's palace.

We laughed again and continued our breakfast. But then Sarah got a nasty splitting headache.

Sarah: (Groans in pains) I have a nasty headache.

Me: Uh oh! I know this feeling all too well.

Natilee: We haven't had this happen in a while!

Me: Lets go outside!

I grab Sarah and we went outside.

---

Outside we saw Sarah clutch her head in pain and a black aura enveloped her and separated from Sarah and it took form. It took the form of another Sarah. But this one looked just like how Sarah looked before she came to Gotham Royal York and before the Vengeance Express happened. But she had evil red eyes. It was a DARK SARAH! The real Sarah was on the ground weakened from the separation. Ed's mom Angela arrived and she was shocked to see that there was another Sarah! But one of Pure Evil!

Ed: Baby Sister?

Dark Sarah: Wrong Ed you stupid idiot! I'm the true Sarah! I'm the reason why you are such a brainless idiot and always getting you in trouble! You see my stupid idiot brother, I hate your guts and I want nothing more than to see you die a horrible and agonizing death! I tattled on you all the time and got you in trouble for no apparent reason other than to see you suffer in misery and I wanted to make you suffer more than anything! You're a stupid idiot! A loser and a dork! I made your life miserable! And I would've continued to do so had Team Loud Phoenix Storm never interfered!

Kevin: Hey no one calls my friend a dork you mammoth-mouth jerk!

Nazz: Yeah! What you did to your own brother is not cool!

Jonny: I had no idea that Sarah was that bad inside before everything happened!

Jimmy: You are not the Sarah I know! You're a monster with Sarah's face!

Me: You're just a stupid little spoiled brat!

Marie K.L.: I can't believe that Sarah was that bad. I saw how bad she was to Ed when we lived in Peach Creek and she did all kinds of horrible things to him.

Nico: I can't believe I'm about to say this but, Sarah you have failed this world and as a little sister!

Angela began to realize that she was a complete fool and that Ed was getting into trouble for no reason all because of this demon that was living inside Sarah. She chose sides over Ed because of this evil Sarah and began to realize that it was all because of this evil Sarah. She got him in trouble more times than anyone else can count.

Ed punched the Dark Sarah in the face and gave her a black eye.

Ed: That was for getting me in trouble all the time!

Dark Sarah (Ed constantly avoids her punches): C'MON, YOU STUPID LUMMOX! FIGHT BACK!

Ed (sees Leni behind Sarah and smirks): Sure. Right after Leni has her turn.

Dark Sarah: Say what?

Leni was infuriated. She was not going to stand for a little girl picking on her Big brother. She was enraged that Dark Sarah would make her brother of all people look like a total idiot.

Leni: You hurt my boyfriend and I will never forgive you for that!

Leni smashed her fist into Dark Sarah and knocked out all of her teeth. Leni kicked her in the stomach.

Ed's eyes turned red and he turned into Edzilla!

Edzilla: No more…

Dark Sarah: What?

Edzilla: NO MORE HURTING ED! (punches Dark Sarah to the ground)

Dark Sarah (gets up): What the- (takes a step back) Get away from me, you freak!

Edzilla: ED SMASH DARK SISTER CLONE! DARK SISTER CLONE NO HURT ED ANYMORE! (stomps towards her) REAL SISTER PROTECT ED! REAL SISTER HELP ED WITH STUFF! REAL

SISTER… LOVE ED!

Dark Sarah (throws a punch): Shut up! (Edzilla caught her fist) Wha-

Edzilla: DARK SISTER CLONE… BE GONE! (punches Dark Sarah)

Kevin: Lets help him out guys!

Rolf: Rolf's Vengeance will be slow and painful! Like papa's childhood anecdotes big mouth Sarah girl!

Jonny: Plank wants first crack at her!

Marie K.L.: I'll make her into Kanker Stew!

Eddy: That little twerp deserves this!

Edd: That little brat has been asking for this for a long time!

Carmen: We'll grind you into pulp you big mouth freak!

Jimmy helped up Sarah and she saw the fight take place. Edzilla, Edd, Eddy. Kevin, Jonny, Nazz, Rolf, Carmen, and Marie K.L. all piled on Dark Sarah and mercilessly pulverized her and viciously beat her up in a deadly fight cloud. We had to shield ourselves from the fight and it was a brutal one. The fight was an extremely vicious ferocious one. Dark Sarah's cries of agony filled the air. When it stopped 20 minutes later we saw that Dark Sarah looked like she had lost a fight to an army of crazed superheroes. Her tongue was bitten off, her arms and body were twisted, bloody and broken in numerous places and bones were protruding out of her arms, legs and stomach and she had 2 black eyes, a broken nose and more. (Think of how Jimmy mercilessly thrashed Edd in A Fistful of Ed.)

Me: Wow! You guys really destroyed her!

Zoe: Wow! No kidding! But after all the pain she made Sarah cause to her brother, I would say that this is a massive dose of K.R.

Varie: K.R.?

Zoe: Karmatic Retribution.

Me: That's a great way to put it Zoe.

Rachel S.D.: It sure is.

Ed's mother Angela came over and she was crying.

Angela: Ed. I'm so sorry I did all those things to you. I was taking sides and I'm so sorry I grounded you all because of that evil Sarah's lies. (Crying) Ed! I'm so sorry! Please forgive me!

Ed: Aw it's all right Mom. I forgive you. I know it wasn't your fault. If anyone is to blame it's this dark monster in the form of my baby sister.

Lincoln: What are we gonna do with this heathen?

Me: I think I have just the place for her.

Luigi: (To the viewers) (Italian Accent) I have a feeling-a I know-a what it's-a gonna be.

Dark Sarah was condemned to spend the rest of her life in the Antarctica Prison and she was now a cellmate of Lee and May Kanker. Which I would call a fate worse than death.

We got back to having our Mother's day.

Nico: Happy Mother's day mom.

Aurora C.: Thank you son.

Rita: This is the best Mother's Day ever!

Me: I'm glad you had a great Mother's Day Ms. Rita. (To the viewers) I hope you all have a great Mother's Day everyone. Be sure to give your mom a great gift for her.

I wink at the camera and a heart irises in around my face and "Happy Mother's Day" is around it.

THE END

Another Fanfiction Complete.

Happy Mother's Day to you all guys. Be sure to give all your love to your mom for today and do a special treat for her. NicoChan11 gave me the ideas for this one. Thanks man as usual. Let me know what you all think. Again, Happy Mother's Day to you all and give all your love to your moms.

See you all next time

# Executing the Twisted Princesses

It starts in Lincoln's room. Lincoln was getting up.

Lincoln: (Yawns) Ah Sunday mornings. My homework's done, my chores are complete and I'm looking forward to a whole day of freedom!

Me: Whoo! Me too buddy!

We start dancing.

Rita: (Offscreen) Rise and Shine kids! We're going to Aunt Ruth's today! (We stop) YAAAAYY!

Me: It's that time again. We haven't gone to Aunt Ruth's house in a while.

Janeen: No we sure haven't.

Linka: I know. We've been so busy saving the universe.

Me: No kidding. Lets see who is the lucky babysitter.

I spin the daughter wheel and it lands on Allie.

Me: Allie is the lucky girl.

Lincoln: Sweet!

---

At the front door, Allie was being told what to do.

Allie: I understand dad. I learned a lot from you and mom and I'm ready for anything.

Me: That's my girl.

Rita: We're gonna be gone until tomorrow morning. So take care of

everything.

Allie: Wow. This has never happened. Usually you're gone until 3:00 in the afternoon.

Rita: I know. But this is one of those once a year deals.

Allie: Oh. That makes a lot of sense. Also this is the first time all of the Loud Kids are staying back.

Rita: It sure is. But have fun.

Allie: I will Ms. Rita.

Lynn Sr.: If I have to see that extra toe, so help me…

Everyone else left and the door closed.

Lincoln: This is awesome!

Lola: I can't believe we're all staying back this time!

Lisa: Affirmative. This has never happened before with us.

Lori: It's literally a miracle. Now we won't have to taste 60+ years old pudding.

Allie: I really should one of these days report her living conditions to the health department.

There was a knock on the door and it was Eddy, Paige, the Fox Quints, Nico, Alicia, Mindy and Connor.

Nico: Hey Allie.

Allie: Hey Nico. Hey guys.

Eddy: Hey Allie. Hey Luan my angel of Comedy

Luan: Hey Eddy.

Lynn: What's happening guys?

Pam: We've been training really hard Coach Lynn.

Paige: Hey Linky.

Lincoln: Hey Paige.

Nico: Another Babysitting Adventure?

Allie: That's right Nico. Everyone is gonna be gone until tomorrow morning.

Nico: Oh wow. I don't remember them pulling an all-nighter.

Allie: This is an annual deal.

Connor: That's a cool tradition. It's Traditionally fun. (Laughs) Get it?

They laughed.

Luan: (Laughs) Good one Connor.

Eddy: (Laughs) Good one.

Allie: That was a good one. I take it Mr. and Mrs. Fox want us to babysit you guys right Pam?

Pam: You got it Allie.

Lincoln: This is awesome!

Laney: I can't wait to have some fun.

Allie: Me too. Time for our fun activities. First we're gonna do mine and Lola's personal favorite: The Execution of the Twisted Princesses.

Nico: Ooh. That doesn't sound good.

Allie: It isn't. I call it the Dark Side of Disney. Check it out.

Allie used her device and showed them the Disney Princesses turned evil because of Hatred, Vengeance and Bloodlust.

Nico: Geez! Those princesses look like zombies.

Lincoln: That was my reaction too.

Lola: Same here.

Allie: Lets go to the simulator for this.

They did so.

---

In the Simulator they were ready.

Allie: Okay we're going to have some of you go into the Simulator and take down the Twisted Princesses. And since everyone won't be back until tomorrow we have time for 14 adventures.

They cheered.

Maria: Bai Tza, I don't think you and I should help in killing Evil Ariel. She'll be expecting us.

Sandman: And Evil Jasmine might be expecting me and Clayface to fight her. We need to play this smart.

Allie: That's a great idea. Better to play it safe.

Lana: Ah yeah! Me first!

Allie: Okay. And Sammy, Ron, Stacy, Killer Frost and Poison Ivy can go with you.

Lana: Awesome!

Allie: Okay.

They went into the Simulator.

Allie: Coming online.

The Disney Princesses were invited to watch.

## Battle 1: Sammy, Ron, Stacy, Killer Frost, Lana, and Poison Ivy vs Twisted Wendy

The Simulator Activated and they saw the whole ship of Captain Hook completely destroyed and burning. They gasped. They saw that there were bodies all over the place. All totally butchered.

Sammy: What happened here?

Ron: This whole place looks like a Kraken destroyed it.

Lana: And that's not the only thing destroyed. Look.

Lana pointed and they saw all of Neverland completely on fire!

Killer Frost: The whole island is completely destroyed.

Poison Ivy: This is not how I thought my first visit to Neverland would be like.

Lana: What in the world could've caused this?

Sammy: I don't know but this is not good.

Stacy looked at the bodies.

Stacy: This was all done by someone who was after revenge. This was all done by someone motivated by revenge.

Ron: Who could've done this?

?: That was me.

They turned and they saw Wendy. But she was completely different. She had whole new different look and a whole new personality. Her blue dress was torn up and wet, she had a belt on and a rope with an anchor was tied around her neck and arm and she had Captain Hook's hook tied on her hip and she had Peter Pan's Dagger and she had pale skin and the life from her eyes was gone.

Lana: Wendy? What the heck happened to you?

Sammy: You aren't the same Wendy I knew from my childhood in Peter Pan.

Twisted Wendy: Don't you dare say that name!

Killer Frost: How did this happen to you?

Twisted Wendy: Hook killed me, my brothers and Peter Pan. So I got vengeance on him and all of his crew! I killed all of them without mercy!

Killer Frost: Looks like this Wendy is already gone. Who or what are you?!

Twisted Wendy: I am Wendy. But now I'm going to kill all who stand in my way!

---

After Captain Hook captured Wendy, her brothers, and the Lost Boys he took them to his ship but not before leaving a present for Peter with a note from Wendy telling him not to open it until 6 o'clock. Unbeknownst to Peter, a bomb was inside the present set to go off at the designated time. Hook revealed his plan to Wendy and the boys, which Tinker Bell happened to overhear. She raced to his rescue. Hook waited eagerly for his watch to reach 6, all the while Wendy yelled at him and exclaiming that Peter will save them. Hook walked over to Wendy, raised his hook holding the watch to her face and said "I don't think so." He slowly caressed her cheek with his hook but Wendy spit in his face causing Hook to cut her. Hook reeled. "Just for that, you ALL die at 6… starting with the girl!" Hook turned his back to Wendy and looked down at his watch and a grin grew across his face as the minute hand finally reached 6. An explosion rang out from the shore and Hook jumped for joy. He turned around to Wendy and said in a calm voice "Throw her overboard." The pirates grabbed Wendy and bound her. They shoved her on to the plank while one of the pirates put a sword to her back and began to coax her off but then Hook yelled, "Wait!" He walked up to her and tied another rope around her, leaned in close and whispered in her ear "Hold your breath." Suddenly he kicked an anchor to the left of Wendy into the water. She looked down and realized that the rope connected to the anchor was also connected to her. John and Michael let out a scream of horror as their sister was dragged overboard into the dark water. Wendy plummeted down to the ocean floor. She struggled to free herself but it was all for not. She looked up and all she saw was the shadow of Hook's ship and then darkness. Back on the deck Hook turned to the boys, removed his cutlass and said "Now, your turn." As he approached the boys, a green blur knocked Hook down and went into the water after Wendy. "Noooooooooo!" Hook exclaimed as he stood up. He looked at the blank-eyed pirates surrounding him. "Don't sit there gawkin' at me, you fools! Fire on Pan!" The pirates scurried off and began to man cannons around the ship and aim them into the water. Peter flew as fast as he could to get to Wendy as cannonball fire filled the water. He found her floating on the ocean floor tied to the anchor. He took out his knife to try and cut her free but the ropes were too thick. He looked around frantically and had an idea. He placed his hand on the anchor, closed his eyes, and suddenly it started to glow. The anchor began to rise. Peter swam back to Wendy and put his hand on her cheek and kissed her gently on her lips. Wendy's eyes opened but the life they once held were gone. As the anchor went up, it pulled Wendy away from him and he was too weak to hold on and too weak to swim. He had no more happy thoughts left for himself. Peter looked up and then he too saw only darkness. Hook peered over the side of the ship and instructed the pirates to ceasefire. Suddenly, an anchor came shooting out of the water and crashed on the deck in front of Hook. He looked around it to see Wendy staring at him with her lifeless eyes. He drew his sword again as Wendy lifted the glowing anchor and charged….

---

Stacy: That monster!

Lana: Captain Hook has always been a ruthless pirate. But Wendy don't you even see that what you did was not right!?

Ron: That's right.

Poison Ivy: Two Wrongs don't make a right Wendy.

Sammy: Captain Hook might've deserved to have a horrible death, but now you've become just as bad as he is.

Lana: That's right. As much as it pains me to say this but we have no choice but to kill you and get justice for those that have died at your hands.

Sammy: That's right. Two wrongs don't make a right. And for that Justice has to be served.

Lana: Lets get her!

They powered up.

Twisted Wendy: Then you all will die!

Sammy: Lets dance!

Stacy: SHARK ATTACK!

They went at Twisted Wendy and Sammy punched her in the face and kicked her in the stomach and face and Stacy punched her in the face and Ron fired a powerful blast of high pressure water from his hands and blew part of her stomach open. Killer Frost fired a blast of ice and froze The Twisted Wendy in a block of ice.

Lana: Combo time!

Stacy: You got it.

Stacy fired a powerful blast of lightning and Poison Ivy threw powerful leaf blades.

Stacy and Poison Ivy: THUNDERLEAF SLASHBLIZZARD!

The lightning merged with the leaves and they slashed and electrocuted Twisted Wendy.

Sammy fired a powerful blast of Aura Lightning and Lana fired a powerful blast of snow and ice.

Sammy and Lana: AURA ICE THUNDERSNOW!

The Aura Lightning and Ice combined and turned into a powerful thundersnow blast and it hit Twisted Wendy and froze her.

Lana: Time to finish her for good! ANIMATRON CYBER KEY POWER!

The Animatron Cyber Planet Key went into her device and she got the three heads of Cryo Scourge.

Lana: Witness the Three Headed Dragon! ICEFIRE HELLSTORM!

Lana fired a powerful blast of blue fire and it hit the Twisted Wendy and blew her to pieces and spread them all over the place.

Twisted Wendy was dead.

Lana: I'm sorry Wendy.

Sammy: That was awesome though. But to quote Nico and I can't believe I'm about to say this. "Wendy Moira Angela Darling, you have failed this world."

They laughed and left the Simulator. They cheered wildly for them.

Allie: That was well done guys.

Lola: It sure was. I can't believe that Wendy became that evil. She was completely different from the Wendy we know.

Allie: I know.

Wendy: Thank goodness I would never become like that. That version of me was ruining my own image.

Lincoln: That is awful.

Lana: Yeah. But that is a parallel universe where the Princesses turned evil.

Nova: (panics) Guys, I think I know what those Twisted Princesses are. They're zombies!

Maria: How do you even know that?

Nova: Because I read about it in a comic depicting an alternate universe where all the superheroes turn into flesh eating zombies because of a virus, including me!

Nico: Well, even if the Twisted Princesses are infected zombies, our powers will make us immune to them.

Nova: That's what Marvel Zombies Thor and Wolverine thought right before they got bitten!

Allie: Sam no the Twisted Princesses are not zombies. They are the Disney Princesses turned evil because of hatred, vengeance and bloodlust. That's why I'm known as the Executioner of the Twisted Princesses. They are making a total mockery of the Disney Princesses we all know and love.

Rapunzel: I know.

Elsa: That is absolutely awful that these princesses are us and that we would look like that.

Anna: It sure is.

Allie: Yeah. Okay who wants to go next?

Laney: I do.

Allie: Okay.

Laney, Gwen, Venom and Rhino went into the Simulator.

Allie: Here we go guys.

---

Battle 2: Laney, Olga, Gwen, Venom, and Rhino vs Twisted Kida

---

The Simulator activated and they saw the entirety of Atlantis burning in fire. They gasped in horror.

Laney: Oh my gosh.

Venom: Atlantis is a lot darker then the last time we were here.

Gwen: What happened here?

Venom: We got a very bad feeling about this.

Rhino: I got that feeling too man.

Olga: This is not good. I feel a very powerful energy signal coming from the castle.

Laney: Me too. Lets go.

They went into the castle and they saw no one anywhere.

Olga: Where is everybody?

Laney: I don't know but this isn't good.

She found the Shepherd's Journal on the floor and found a page on it with a very ominous piece of information on it. But then a figure came out and they saw that it was Kida and she had a feral appearance and her eyes were glowing light blue and her skin was cracking and she was dripping blood out of her mouth.

---

As the Atlantis Discovery Team were saying their goodbyes and loading up their ship to return to the surface, Kida passed out while talking to Audrey. Milo and Dr. Sweet, as well as the rest of the crew, rush to her aid. They take her to the throne room and lay her down. Dr. Sweet proceeds to examine her but is unable to determine what could of caused her to lose consciousness. Suddenly, Kida's eyes open and glow an eerie blue light. Everyone stepped back as she rose to her feet. Her skin began to crack and peel and the eerie blue light began to radiate from the cracks. Milo ran to her but was knocked back by the energy surging from her body. He quickly retrieves the Shepherd's Journal and flips through it frantically trying to find what could possibly be happening to Kida. Milo froze in horror as he found a passage that contained the answer. The answer he wished wasn't true. Kida had been exposed to the power of the crystal for too long. The crystal was draining her of her life. And according to the journal, the crystal will continue to drain the host until there's nothing left, unless another life is sacrificed in its stead. The crew thought they contained the threat but it only subsided, taking over Kida from the inside. The crystal needed more life force and was drastically draining Kida of hers. She dropped to the ground and began coughing up blood. A couple Atlantian guards rushed to her side to assist her. As they helped her up, she threw one of the guards into the water. The other guard tried to restrain her, but she was too powerful. She turned and bit the guard and proceeded to devour his body. As she ate, the remnants of the guard's body withered and turned to dust. Kida looked at Milo and his team as they stared on in horror. She slowly picked herself up. Her eyes met Milo's and they began to glow more intensely. Milo and his team began to inch backwards as he tried to reason with her and calm her down. Kida let out a chilling growl as blood continued to drip from her mouth. They took another step back, but then Kida attacked… DUN DUN DUN!

---

Venom: Kida!

Gwen: Oh man! What's happening to her?

Laney: It's the power of the Crystal of Atlantis! It's destroying her from the inside and it made her completely insane with bloodlust!

Olga: How can that happen to her?

Laney: It says so in the Shepherd's Journal. But we have to stop her! Come on!

Olga: JELLYFISH STING!

They went at her and Laney punched her in the face and kicked her in the stomach. Olga fired a powerful blast of lightning at her from jellyfish tentacles coming out of her arms and electrocuted her.

Rhino: Sorry about this, Kida. (punches Kida) William told me that you've lost control of the crystal before. But attacking innocent people crosses a line!

Venom and Rhino punched her all over the place and Gwen fired numerous blasts of fire from her hands and burned her. Gwen then used Havanian magic and removed the Crystals influence from her. She was knocked out and they saw all the citizens of Atlantis safe and sound.

They exited the simulator and they cheered wildly.

Allie: That was well done guys!

Laney: Thanks Allie. It was awesome!

Olga: It sure was. It's awesome being part Jellyfish. I have a deadly sting.

Lily: They don't call Jellyfish the Bees of the Ocean for nothing.

Kida: That is definitely not something that happens to me.

Allie: No thank goodness. Who wants to go next?

Luan: I'll go.

Allie: Okay.

Luan, Courtney, Shego and William went into the Simulator.

Allie: Here we go guys.

---

Battle 3: Luan, Eddy, Courtney, Shego, and William vs Twisted Jasmine

---

The Simulator activated and they found themselves in Agrabah. But the whole place was completely destroyed and it was all burning and the guards were all dead.

William: Man, this is definitely not the Agrabah I know.

Luan: What happened here?

Eddy: This is awful.

Courtney: I can't believe that this happened.

?: That's not the worst of it.

They saw Princess Jasmine and she was complete different. She had shredded clothes, skull earrings, claw mark scars on her face, chest, arms and tummy and she had magic carpet skirt and arm sleeves.

---

With the death of her father, The Sultan due to cardiac failure worsened by his age, and the brutal killing in battle of her beloved Aladdin, something had awoken within Jasmine… something dark and disturbing which she'd successfully repressed previously in her younger years! The Genie, full of rage and feelings of guilt for not being able to successfully protect his best friends Al & Abu, and due to the devastation he couldn't prevent despite his semi-endless cosmic power, reminded Jasmine- and himself- of a slight loophole in his position of being: 'as a genie, I'm strictly forbidden to take the life of anyone or thing… but not from giving someone else power to do so, if you're catchin' my drift! (evil stare & smirk)'! the wish was made… and the tide of the War of 1001 Nights changed that one instant!

---

Luan: Jasmine?

Eddy: What happened to you?

Twisted Jasmine: I lost everything because of Jafar! Now I will destroy anyone that stands in my way.

Courtney: I can't believe that the Princess Jasmine I know from my childhood would become like this. Time for you to burn!

Courtney fired a powerful blast of fire and at Twisted Jasmine and it hit her and exploded.

KRABOOOOOOOMMM!

William fired lightning from his blaster and electrocuted her and flew up to her and kicked her in the face.

Eddy and Luan fired a powerful blast of light and it his her and burned her arms off.

Shego: Princess, just give up now and your death's gonna be painless.

Twisted Jasmine: Never!

Luan: Have it your way!

Luan and Eddy fired blasts of light and burned her legs off. Shego fired a powerful blast of green fire and burned her into ash.

Luan: You've been crowned. (Laughs) Get it?

They laughed at Luan's joke.

Eddy: (Laughs) That was so funny!

William: That woman deserved it.

Luan: Yep.

They came out and everyone cheered for them.

Allie: That was great guys!

Jasmine (Aladdin): It was awesome. You sure beat that evil doppelgänger of me good.

Luan: Thanks Jasmine.

Allie: She sure did. Luna, you're up.

Luna: Okay dudes. Ready Sam?

Sam S.L.: You know it Lunes.

Luna, Sam S.L. Jasmine (TD), Bai Tza, Maria, Yuna, Francesca and Courage went into the Simulator.

---

Battle 4: Luna, Sam Sharp Loud, Jasmine, Maria, and Bai Tza vs Twisted Tiana

---

The Simulator activated and they were in New Orleans, Louisiana. Home of awesome creole food and 302 years worth of awesome history.

Maria: So this is New Orleans. One of these days, we should visit the non corrupted version.

Luna: It's loaded with all kinds of awesome stuff and the music is awesome dudes.

Sam S.L.: It sure is.

Jasmine (TD): (Australian Accent) I've seen all the pictures of New Orleans. And it was awful what happened on August 29th, 2005 with Hurricane Katrina.

Maria: Oh yeah. That was awful. $100,000,000,000.00+ in damages and 1,836 people dead.

Bai Tza: That's awful Maria.

?: Soon you will join all of those people!

They turned and they saw Tiana! She was now an evil shadow mutant and she looked like a mixture of a voodoo monster. She had a tattered dress, webbed hands, a long frog tongue and she was wearing Facilier's hat and she had his talisman and a mask.

---

After the shadows captured Naveen and returned him to Facilier, Facilier didn't want to take anymore chances of losing him again so during the Mardi Gras parade he asks his friends on the other side to remove Naveen's soul and place it in his talisman. With a soul as it's fuel, the talisman no longer needed to be constantly filled with Naveen's blood but doing so meant certain death for Naveen. Ray saw this horrible act with his own eyes but knew that there might be hope to save Naveen if they got the talisman to Mama Odie. Ray swiftly stole the talisman from Facilier and flew as fast as he could to Tiana who had run away to the graveyard, having thought that Naveen was marrying Charlotte. Ray finally reached her but wasn't fast enough to out run the shadows. Tiana tried to help Ray but the shadows overpowered them both. During all of the confusion and scrambling, Tiana managed to get a hold of the talisman. Ray tried to tell her that it contained Naveen's soul, but he was killed by the shadows before he could. Facilier walked out from amongst the shadows and approached Tiana. He offered her her restaurant if she gave him the talisman back. Tiana refused and threw the talisman on the ground, smashing it, unaware of its contents. Facilier cringed as Naveen's soul escaped the talisman and began to circle Tiana and eventually went in to her. Tiana dropped to ground. The shadows began to circle Facilier preparing to pounce but then stopped. They began to slither towards Tiana and surround her. Tiana regained consciousness just as the shadows went into her body and let out a blood curdling scream. Facilier stepped back as her body began to change and mutate. It appeared as if she was returning to normal but her human features still retained an amphibian-esque quality to them. She stood up and looked at Facilier. The shadows in her body could be seen wriggling around under her skin. "You!" she said as she pointed at Facilier. "You killed him!" Facilier backed up. "I don't know what you're talking about." he said hesitantly. "Naveen's soul told me what you did, and you will pay!" she said as she started to walk towards Facilier. He backed up against a grave and once again tried pleading with her. She raised her hand to Facilier "There is no future for you." Suddenly, a group of shadows burst from Tiana and rushed towards him…

---

Bai Tza: Tiana!? What happened to you!?

Twisted Tiana: I was robbed of my humanity because of Facilier! He killed Naveen and destroyed my life!

Luna: Because he turned you into a frog.

Sam S.L.: You killed him didn't you?

Twisted Tiana: I did! And now I will kill you all too!

Jasmine (TD): Come and try it mate!

Bai Tza (to Maria): Should I hide in the water to catch Tiana by surprise or do you want to do it?

Maria: Go for it Bai Tza.

Bai Tza dove into the water and Jasmine kicked Tiana in the face and Luna and Sam fired a blast of fire and water and they hit her and the blasts exploded.

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMMM!

Bai Tza jumped out of the water and fired a powerful blast of water at Tiana and drenched her. Maria kicked her in the face and fired a massive blast of water that drenched her.

Strafe: Lets get her Luna! CYBER KEY POWER!

The Earth Cyber Planet Key was inserted into his side and it enhanced his booster and increased his speed up to 15,000 miles per hour and it enhanced his light-pulse blasters and heat-ray rifle.

Luna: Right Strafe! GIGANTION CYBER KEY POWER!

The Gigantion Cyber Planet Key went into her device and Cybertron Menasor's massive drill appeared on Luna's arm.

Strafe and Luna: INFERNO DRILL DEATHSTAB!

Strafe fired his Heat-Ray rifle and it ignited the drill to red-hot levels and Luna stabbed Twisted Tiana and she erupted into a pillar of fire.

Sam S.L.: Lunes lets use our combo!

Luna: You got it Sam. ANIMATRON CYBER KEY POWER!

The Earth Cyber Planet Key went into her device and she had Cybertron Snarl's Sword and in one hand and a wolf head with longer front canine fangs in the other.

Sam S.L.: Lets do it. AUTOBOT CYBER KEY POWER!

The Autobot Cyber Planet Key went into her device and Optimus Prime's left truck cannon.

Luna and Sam: JUNGLE PRIMEVAL INFERNO SLASH!

Sam S.L. fired a powerful blast of fire from the left truck cannon and it merged with the sword and wolf teeth and they were on fire. Sam slashed Tiana and she exploded into a massive pillar of fire.

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Twisted Tiana was dead.

They left the Simulator and everyone cheered wildly.

Allie: Well done guys!

Optimus Prime: I agree. That was very impressive.

Sam S.L.: Thanks Optimus. It took the power of teamwork and we prevailed.

Lincoln: It sure did.

Menasor (Cybertron): (Irish Accent) You did really well lass. You used my drill really well.

Luna: Thanks Menasor.

Maria: I think we should visit the real Tiana sometime in the future.

Allie: Yes we should one of these days. Okay. Lola, you ready?

Lola: I sure am.

Allie: Me, Lola, Lindsay, Francis and Lea are heading in.

Francis: Oh yeah!

Cybertron Sideways: I'll go in too.

Rippersnapper: Same with me.

Hak Foo: I'll gladly help too.

Lori J.: Same here.

Allie: All right. Lets go.

---

Battle 5: Lola, Allie, Lindsay, Hak Foo, Rippersnapper, Inferno (BW), Lori J., Francis, Cybertron Sideways, and Lea vs Twisted Rapunzel

---

The simulator activated and they saw Rapunzel's tower. But it was a tower of pure evil.

Lea: Is it just me or is Rapunzel's tower looking more darker then normal?

Allie: It's not just you Lea. But this is Rapunzel's tower.

Inferno (BW): I'm getting a very bad feeling about this Allie. It's not like Rapunzel to become a bad princess. She's an awesome princess of royalty.

Lola: Lets get her out of that tower and knock it down!

Allie: Go for it Lola!

Lola: Right! AUTOBOT CYBER KEY POWER!

The Autobot Cyber Planet Key went into Lola's device and out on her shoulders came Cybertron Hot Shot's Duel Firing missile launchers.

Lola: Awesome! Have a taste of energon!

Lola fired a bunch of missiles and they hit the base of the tower and blew the whole base out in a powerful explosion. Twisted Rapunzel jumped out and landed in front of them.

---

When Rapunzel and Flynn return to the shore after seeing the lanterns, Flynn leaves to go give the crown back to the Stabbington Brothers so he can spend the rest of his life with Rapunzel. Unfortunately, Mother Gothel and the Stabbington Brothers had a different plan. They tie Flynn to a boat with the crown and set him out on the river in direction of the kingdom, knowing that the guards would have him executed upon finding him. The Brothers then approach Rapunzel and inform her that Flynn left with the crown and was only using her. Rapunzel sees Flynn sailing off with the crown and becomes incredibly heartbroken. While in her fragile emotional state, the Stabbington Brothers capture her and take her to Mother Gothel. Mother Gothel had convinced the twins to accompany them and in return promised them riches greater than that of Rapunzel's hair or a crown. Upon returning to the tower, Mother Gothel attempts to console Rapunzel. She asks Rapunzel to sing her hair incantation under the guise of making her feel better. As she sings, Mother Gothel informs her that what she did was for the best. And that Flynn the thief deserved his fate. This caused Rapunzel to realize that it was her mother who was behind Flynn's "sudden change of heart". Rapunzel became filled with rage and anger and suddenly, Mother Gothel began to scream. Rapunzel's hair began to suck the life from Mother Gothel's body. "You did it!" Rapunzel screamed. Mother Gothel pleaded with Rapunzel but she was too consumed by hatred for her "mother" who was responsible for disposing of her true love. Mother Gothel's body aged quickly and then turned to dust in the curls of Rapunzel's hair. The twins witnessed this and retrieved their weapons to kill Rapunzel, but it was too late. Her hair wrapped around one of them and drained the life from him. The other twin escaped the tower and ran for his life. Rapunzel pursued him in hopes of getting revenge. The remaining twin upon escaping, began to inform other thugs and ruffians of the girl with the long golden hair that can give and take life as a means of putting bodies between him and Rapunzel. However, Rapunzel could not be deterred from her revenge and the last Stabbington suffered the same fate as his brother. Anybody that got in her way suffered as she had suffered. She retained the scars of her conflicts as a reminder of her pain and as a warning to others. All who sought her hair would pay. Unbeknownst to Rapunzel, Flynn escaped his fate and returned to the tower only to find the remains of one of the Twins and Mother Gothel's cloak. Flynn searched the kingdom for her unaware that she has been consumed by her rage and heartbreak. Will Flynn be able to find Rapunzel and save her from being consumed by the dark… or worse… dun dun dun.

* * *

Lola: Rapunzel? What happened to you?

Lori J.: She was completely warped by the evil of vengeance.

Francis: This is awful. She went from that curious wonderful princess, to a monster consumed with pure evil.

Lea: This monster is not the Rapunzel that we know.

Twisted Rapunzel: Blame Gothel for that! Now I will kill anyone that gets in my way!

Allie: You give the Rapunzel we know a really bad name! Now we will destroy you! Lets get her!

They powered up and transformed.

Allie went Super Angel 20,000 Light Princess.

Inferno (BW): Lets get her. Inferno TERRORIZE!

Inferno Transformed and Cybertron Sideways had his Cyber Planet Key inserted into his shield and spikes spread out.

Francis: If we destroy Rapunzel's hair, it should weaken her!

Allie: Lets do it! DESTRUCTO DISK!

Allie threw an energy disk and it slashed off Twisted Rapunzel's hair.

Twisted Rapunzel: NO! Do you even have any idea what you've done!?

Inferno (BW): It's time for you to burn Rapunzel. CYBER KEY POWER!

The Animatron Cyber Planet Key went into his back and his blaster was enhanced beyond it's parameters.

Francis: Time to burn! EARTH CYBER KEY POWER!

The Earth Cyber Planet Key went into his device and it enhanced his fire blaster 100-fold.

Inferno (BW) and Francis: INFERNO INCINERATOR BLAST STORM!

They fired powerful blasts of fire and they swirled around and hit her and exploded into a massive wall of fire and burned her bad.

Rippersnapper: Now it's our turn! CYBER KEY POWER!

The Animatron Cyber Planet Key was inserted into his back and it enhanced his strength and speed in creature mode and in robot mode it will enhanced his missiles and cyclone gun.

Hak Foo: My turn! EARTH CYBER KEY POWER!

The Earth Cyber Planet Key was inserted into his device and it gave him two more arms and enhanced his strength 100-fold and it gave him the ability to use the elemental forces of nature.

Hak Foo and Rippersnapper: ELEMENTAL CYCLONE STORM!

Rippersnapper fired his Cyclone gun and Hak Foo fired the powers of Wind, Fire, Water and Earth and the blasts combined and hit Twisted Rapunzel and exploded with incredible power.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Cybertron Sideways fired laser blasts and missiles and they hit Twisted Rapunzel and exploded.

KRABBOOOOMM!

Lindsay kicked Twisted Rapunzel in the face and punched her in the stomach and fired a massive blast of water and drenched her.

Lea fired a massive blast of fire at her and it exploded.

KRABOOM!

Allie: Now it's time to finish her off. Ready Lola?

Lola: You know it!

Lola fired a massive blast of fire and Allie fired a massive blast of light.

Allie and Lola: SOLAR FLARE OBLITERATOR!

The blasts combined and they hit Twisted Rapunzel and obliterated her in a massive and powerful explosion of fire.

KRABOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMMMMMMMM!

Twisted Rapunzel was completely obliterated in an instant.

Allie: That's the end of her.

They left the simulator and everyone cheered.

Nico: That was awesome!

Allie: Thanks Nico. Now you all know why I'm called the Twisted Princess Executioner.

Lola: We believe it Allie. That was amazing!

Laney: It sure was.

Allie: Yep. But we have time for 9 more adventures.

Lynn: It's our turn.

Lightning: Lets get them! She-Blam!

Lynn, Lightning, Sandman and Clayface went in.

---

## Battle 6: Lynn, Lightning, The Fox Kids, Sandman, and Clayface vs Twisted Aurora

---

The simulator activated and they were right next to the Forbidden Mountain!

Lynn: It's the Forbidden Mountain!

Lightning: That mountain is really scary.

Pam: It sure is. But I'm not letting fear get to me.

Steve: Me neither.

Kurt: Lets get the next princess.

Ron: You got it.

Sandman: It sure is scary just looking at it.

Lynn: Lets climb up the mountain.

They did so.

They flew up the mountain and they saw Maleficent's castle.

Sandman: Well, Maleficent's castle is the same. So not much has changed there.

Lynn: Yeah.

They went in and they saw that it was all deserted.

Clayface: This place gives me the creeps.

Lynn: Yeah. It sure does.

But then a figure came out and it was the Twisted Aurora!

What they saw was horrifying. They saw that her clothes were in tatters and she was covered in scratches and her skin was pale. But the most horrifying feature was that her eyes are completely sewn shut.

---

While Briar Rose is wandering through the woods, she catches a glimpse of an eerie green light. She follows it and is led back to the castle, to a spinning wheel. She touches the spindle, pricks her finger and falls into the death like sleep. The fairies find her, and put everyone to sleep. To assure she never wakes up, Maleficent sews Briar Rose's eyes shut. Soon, the curse backfires and Aurora wakes up, but she is zombie like. She wanders back into the woods, and possesses everything in her path.

---

Lynn: Aurora!

Clayface: My gosh! What the hell happened to her!?

Sandman: Boy she really endured a terrible deal of torture. This is a fate worse than death.

Lightning: Sha-yow! That is a horrible fate she went through.

Lynn: Aurora, I know you can't see us but we're going to save you from this fate! Lets get her!

Lynn fired a powerful blast of lava at her and burned her.

Lightning ran and grabbed the jar containing the three fairies.

Clayface punched her in the face and sent her crashing into the wall.

Clayface: Aurora? Are you still in there?

Lynn: She's lost Matt. Lets finish her.

Ron fired a massive blast of water at Twisted Aurora and it sent her crashing into the wall.

Mick fired a powerful blast of lightning and electrocuted her with 10,000,000,000 volts of electricity.

Pam fired a powerful blast of fire and burned her.

Kurt fired a powerful blast of wind that spun her around in a powerful tornado and Steve fired numerous rocks and crystals at her and pulverized her.

Sandman formed a powerful fist of sand and punched her again and Lynn and Lightning fired a powerful blast of lava from their hands and they incinerated Twisted Aurora in an instant.

The simulation ended and they left the simulator. Everyone cheered wildly.

Allie: That was really well done!

Lynn: Thanks Allie. You all did great.

Pam: Thanks Coach Lynn.

Steve: Our powers have been getting stronger and stronger thanks to our training.

Lincoln: I'm proud of all of you guys.

Mick: Thanks Coach Lincoln.

Lori: You all have literally learned a lot from us.

Steve: We sure did.

Kurt: And it's awesome.

Ron: It sure was.

Allie: You guys did great.

Leni: Okay it's time for me to go.

Sam (TD): Lets do it.

Ed: I'm the Ice Cream Man.

Eddy: Shut up Ed.

---

Battle 7: Leni, Ed, Dakota, Sam, Karai, and Xion vs Twisted Cinderella

---

The Simulator activated and they found themselves in the world of Cinderella.

Xion: Cinderella's kingdom here is a lot bleaker then how I usually remember it.

Karai: (Japanese Accent) Yeah but that is worse.

Karai pointed to the castle and it looked like it was a fortress of pure evil. It was a castle made by the Devil himself.

Xion: Whoa. That castle is extremely scary.

Sam (TD): It sure is. And it reminds me of when I was facing all the monsters in Diablo III.

Ed: That is awful.

Leni: Totes.

They went into the castle and it looked like something out of a horror film. In the garden they saw Twisted Cinderella! She looked like a scarecrow ragdoll dressed in a princess dress and she was inside a pumpkin.

---

To keep the prince's search party from finding her, Lady Tremaine kills Cinderella up in the tower, instead of locking the door. Cinderella's spirit is so distraught, that she never met the prince as her real self, she remains a ghost, her business in the world of the living unfinished. The birds and mice in the tower, having keen animal senses and noticing Cinderella's presence was not altogether gone, use their sewing skills to create her likeness again (or as close as they can get). They also tried their best to replicate her fairy godmother-given dress from the last evening she was alive. She thankfully possesses the scarecrow-esque body and sets off to claim the dream she deserved. Only now she's scary as heck.

---

Leni: Cinderella!?

Dakota: My gosh! What the heck happened to you?

Twisted Cinderella: Lady Tremaine killed me! So I killed her after I created this body. I was made a monster because of it and now I have nothing but revenge on my side!

Sam (TD): This is awful!

Karai: What Lady Tremaine did to you makes her a completely honorless monster! She needed to be destroyed.

Xion: I agree.

Leni: Lets totes get her!

They went at the Twisted Cinderella!

Edzilla: ED SMASH FAKE CINDERELLA!

Karai: Do it, Ed. Make sure nothing of this abomination remains!

Edzilla punched the Twisted Cinderella all over the place and knocked her straw out.

Leni fired a powerful blast of gravity and it slammed into Twisted Cinderella and blew her arm off.

Dakota turned into the Dakotazoid and smashed Twisted Cinderella all over the place with ferocious fury. Xion fired a massive blast of light at her and burned her.

Sam (TD): Lets use a combo on her Dakota!

Dakota: You got it Sam!

Sam turned into a monstrous version of Donkey Kong and he had spikes on his shoulders and his arms.

Sam and Dakota: DEADLY GAME MONSTER SMASH!

Sam and Dakota smashed the Twisted Cinderella all over the place with a ferocious flurry of devastating fisticuffs. All that was left of her was her head.

Karai: Time to finish her with my final smash! CRESCENT MOONLIGHT SLASHSTORM!

Karai unsheathed her samurai sword and it glowed with the light of the moon and she swung it in a curved form of a Crescent Moon and slashed Twisted Cinderella all over the place with her sword. Twisted Cinderella was reduced to nothing but fine dirt.

Karai: Never again dishonor all princesses.

They left the simulator and everyone cheered.

Allie: That was really well done!

Leo: It sure was. Great job Karai!

Karai: Thank you Leonardo. It was an honor.

Nico: You all did a great job in there.

Allie: They sure did.

Lily: Now it's our turn.

Rubberband Man: Lets do it Lily.

---

Battle 8: Rubberband Man, Inque, Lily, Trudy and Stacy vs Twisted Jane

---

The Simulator activated and they found themselves in the Jungles of Africa.

Lily: We're back in the jungles of Africa.

Rubberband Man: Man, this forest looks like it's dying from pollution.

Inque: It's the jungle. It's supposed to look that way Adam.

Trudy: It's beautiful here.

Stacy: It sure is. I've always wanted to go to Africa.

Trudy: Same here.

Then they heard something snap.

Lily: Don't move. Something is here.

They stood very still and kept very quiet.

But then a figure came out and revealed itself. It was Twisted Jane! She had a tattered and shredded dress and she had a pelt cloak made from Sabor's leopard skin and she had a handmade spear and her eyes were feral. And with her was a huge baboon.

---

The story around this version of Jane is pretty simple. After Jane takes the drawing back from the baby baboon, its entire family begins to chase Jane. However, Tarzan isn't there to grab Jane when she jumps the cliff. She grabs onto the vines on the other side of the cliff wall and the baby baboon jumps on her to take the picture back. The vine breaks, and Jane and the baby baboon fall into the rushing water below which leads to an underground river. Both Jane and the baboon black out. Later, Jane awakes on the bank of a small lake deep in the jungle. The underground river apparently led her to this hidden location. She begins to inspect the area and notices the little baboon. She picks him up begins to trek through the jungle to try and find her father's camp, but in doing so, she becomes hopelessly lost. Only having each other, Jane and the baby baboon must learn to survive in this dangerous place… and they apparently do hehe

… so pretty much she becomes a female Tarzan.

---

In the control room, Allie and everyone noticed that Jane wasn't there.

Allie: Hey where is Jane?

Ariel: We don't know Allie.

Aurora: We don't know either. She just upped and disappeared.

Allie: Hmm. That's odd.

---

Twisted Jane looked at them.

Inque: Jane, you need to fight this evil controlling you! I know there's still good in you!

Lily: Jane this is not who you are!

Lily walked over to Jane.

Lily: It's okay Jane. It's okay. Let me help you.

Lily held her hand out and she put her hand on Jane's head and she went into her mind. She saw everything that happened to her. Jane was kidnapped because of a Dark Orb there and she was forced to relive everything that happened in the movie but most of the events that happened in the movie never happened.

Lily fired a blast of water and it enveloped Jane and removed the feral qualities in her and cured her.

Jane: (British Accent) What? What happened? Where am I? (Sees Lily) Lily?

Lily: Yeah Jane. It's me.

Jane: Lily!

They hugged.

But then the evil spirit that was inside Jane because of the Dark Orb appeared.

Lily: We can explain later. Lets get this freak that was inside you!

Rubberband Man: Time for some action!

Rubberband Man punched the spirit in the face and Lily fired a powerful blast of glowing water and it hit it and burned it. Trudy spread her wings and flew at incredible speeds and fired a powerful blast of water at it. Stacy fired a powerful blast of lightning at the spirit and electrocuted it. Inque formed her arms into whips and scythes and slashed and lashed the spirit all over.

Rubberband Man: Final Smash time! SUPER RUBBERPUNCH FIST!

Rubberband Man's fist grew to the size of a boulder and it slammed into the spirit with devastating force and destroyed it.

Lily: Guys I found the dark orb!

Trudy: So that is a dark orb.

Stacy: Yep. It's a fragment of the most evil Keyblader in all of history: Xehanort.

Lily: Now it's a crushed orb.

Lily crushed the orb and they got a massive power boost.

Trudy: Wow! That was intense!

Lily: It's part of our power. We absorb negative energy and it makes us more powerful. Our bodies convert negative energy into positive energy and it makes us more powerful.

Trudy: That's amazing! I like it.

They left the simulator and Jane was brought back safe. Everyone cheered wildly.

Lincoln: Jane! Thank goodness you're alright!

Jane: Thanks Lincoln.

Allie: But you all did a great job and you saved Jane. Well done.

Lily: Thanks Allie.

Lori: It's literally our turn.

Teresa: This is gonna be awesome!

Nico: Lets get them May.

May: With Pleasure.

## Battle 9: Teresa, Arpeggio, Lori, Nico, May and Bridgette vs Twisted Ariel

The Simulator activated and they were underwater and they saw Atlantica completely in ruin.

Lori: Atlantica is completely destroyed.

Teresa: My gosh. What in the world happened here?

Nico: I don't know. But it's not good.

May: This is horrible.

Bridgette: Lets go see what's going on.

They swam into the ruined palace and they saw an alternate King Triton in depression.

Lori: Your majesty? What's wrong?

Alternate Triton: I failed as the King of Atlantica.

Nico: It's not your fault your majesty. You let your anger get the better of you.

May: I don't think that's helping him Nico.

Alternate Triton: What have I done?

Arpeggio: (British Accent) Your majesty, all you wanted was your daughter back. You're not to blame for this. You had no idea things would turn out this bad.

Alternate Triton: Don't you dare make excuses for me! Don't you get it? Ursula didn't just resurrect Ariel's body! She also corrupted her mind and soul. I've doomed Atlantica to extinction!

Lori: Not if we can literally help stop this!

Lori fired a massive energy blast and it flew across the ocean floor. It was locked on to Ursula's signature like a heat-seeking missile and it flew into her castle and hit her and exploded with incredible power.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion destroyed Ursula's castle and killed Ursula.

But then a figure came out. It was Twisted Ariel! She was more zombie like and she had a fork that replaced her severed left hand.

---

As Triton is destroying Ariel's grotto, Ariel gets in front of her statue of Prince Eric. Blinded by rage, Triton accidently blasts Ariel with his trident. Ariel falls lifeless onto the statue. Shocked, Triton picks up his lifeless daughter. "What have I done?" he cries. He has no other choice, but to take her to Ursula. The sea witch agrees to bring Ariel back to life, however, she is not the same. She is evil, and Flounder is also taken over by an evil spirit. Ursula also takes Ariel's hand as payment, replacing it with a fork. This is all revenge from Ursula for being banished.

---

Lori: Ariel? Oh my gosh! Triton literally did kill you!

Arpeggio: But it was an accident.

Nico: I can't believe that this happened to you.

May: We have to resurrect her somehow.

Lori: First we have to literally immobilize her. Lets get her!

They swam at her and Lori punched her in the face and kicked her in the stomach and chest.

Nico fired a powerful blast of energy at her and it hit her and exploded.

KRABOOOM!

May kicked her in the face and Manaphy fired a blast of energy at the Twisted Ariel.

Nico: I can't believe I'm about to say this but, Ariel you have failed this kingdom.

Nico kicked her in the face and Teresa fired a powerful sonic blast at her and it exploded. Arpeggio fired laser feathers and they hit her and exploded.

Teresa: I'm sorry, Ariel. This might not be the real you in my universe. But I just hope you can forgive me for this! (fires sonic blast at her)

Lori: Time to literally go all out. EARTH CYBER KEY POWER!

The Earth Cyber Planet Key went into her device and Landmine's Cyber Tempest Turbine fans appeared on her back and they fired a massive blast of wind that had the power of the 2012 Solar Tornado with winds at 186,000 miles per hour. It hit Twisted Ariel and blew her to shreds.

Lori: Now to resurrect her and she will be normal again before Ursula brought her back to life.

Lori snapped her fingers and Alternate Ariel was resurrected.

They left the simulator and everyone cheered.

Allie: That was really well done.

Lori: Thanks Allie.

Lucy: Time for us to do some action.

---

## Battle 10: Riku, Demona, Lucy, Crimson, Edd, and Linka vs Twisted Tinkerbell

---

The Simulator activated and they were in the forest. It was a forest much different than the one in Neverland.

Demona: Are we in the same Neverland that Twisted Wendy lived in?

Riku: No this is a much different forest than the one in Neverland.

Lucy: I have a feeling I know who we're gonna face here.

Crimson: Me too Lucy.

Linka: I got a really bad feeling about this.

Then a figure came in and they saw that it was a Twisted Tinkerbell!

But she was completely different. Her clothes were in tatters and she had cuts all over her and her left arm and wings were cut off and replaced with a prosthetic wood arm and leaf wings.

---

The battle for Never Land rages on as the fairies defend their home from the invading pirates. Every fairy was forced to make great sacrifices to protect their home and loved ones… especially Tinker Bell. Upon hearing that Queen Clarion and the Ministers of the Seasons had all fallen to Captain Hook's blade, Tinker Bell took it upon herself to unite and lead the fairies into battle. However, she was badly injured in an assault on the Pixie Dust Depot while trying to save her beloved Terence, who died in the attack. She lost her wings, an arm, suffered a few burns, and was covered in cuts from head to toe. She was found unconscious by Clank and Bobble who did their best to patch her up. When Tink awoke she was distraught and determined to avenge Terence's death. She went right to work, fashioning herself a new arm and wings. A tinker fairy's job is never done and she had a war to win…

---

Lucy: Gasp!

Riku: Tink what happened to you?

Twisted Tinkerbell: I was torn up in a war with Captain Hook. But I killed him.

Demona: That is horrible what happened to you.

Crimson: But it's a miracle that you are all right.

Twisted Tinkerbell: I don't need your sympathy! I will have my revenge on all humans everywhere!

Lucy: Tink you don't know what you are doing. Revenge will only kill you in the end and you will die just like everyone else.

Twisted Tinkerbell: Then lets test that theory!

They went at Twisted Tinkerbell and Demona punched her in the face.

Riku (punches Twisted Tinkerbell): You can't win, Tinkerbell. Back when I was still Maleficent's puppet, I fought the version of you from my universe. That's why I know exactly what you and her can do!

Riku kicked her and fired a powerful blast of dark fire. Linka fired a powerful blast of lightning and electrocuted her.

Lucy fired a blast of black lightning and Crimson fired a blast of blood red fire and the blasts combined and they hit her and exploded.

KRABOOOOOOOOOOOOOOOMMMMM!

The explosion completely obliterated her in an instant.

Lucy: That takes care of that.

They left the Simulator and everyone cheered.

Allie: Well done guys.

Lucy: Thanks Allie.

Crimson: It sure was fun trying out my powers.

Linka: It's always fun. But with great power comes great responsibility.

Allie: That's right.

Lincoln: It's our turn next!

---

## Battle 11: Elena, Shocker, Lincoln, Earth, Carol and Polar Claw vs Twisted Esmeralda

---

The Simulator activated and they saw the entire city of 16th century

Paris completely engulfed in a massive raging inferno.

Lincoln: The whole City of Paris is completely on fire!

Elena: I know that Frollo caused fires in Notre Dame before. But this is just ridiculous!

Shocker: This was not the work of Frollo, Elena. This was the work of someone else.

Polar Claw: Whoever did this really went all out and burned the whole city to the ground.

Earth: No kidding.

?: And you all will burn with it!

A figure came out of the flames and it was Twisted Esmeralda. She was a vengeful woman and half of her face and her left arm was totally burned.

---

Frollo raids the Court of Miracles and captures Esmeralda, Quasimodo, and Phoebus. He declares that Esmeralda will be burned at the stake for being a "witch" while Phoebus is sentenced to death. Quasimodo is locked and chained up in one of the bell towers overseeing Esmeralda's execution. Frollo proceeds to light the wood around Esmeralda and the flames begin to circle her. Quasi manages to break free of his restraints in order to rescue Esmeralda. Unfortunately, he was unable to make it to her before the flames consumed half of her. He wrapped her in a cloak and retreated with her in his arms, back to the bell tower as the town square broke out in a riot. Phoebus attempted to break free from his captors in order to assist Quasi and Esmeralda but was killed in the process. Frollo in all his anger and rage grabs a small team of soldiers and infiltrates Notre Dame while up in the bell tower Quasi lays down Esmeralda who was badly burned from the fire. She showed no response to Quasi's attempts at waking her. He fully covered her with the cloak and began to cry. Frollo heard the sniffling of Quasi through the door and entered with a knife behind his back. He pretended to console Quasi but before Quasi could react, Frollo slit his throat. Quasi's lifeless body laid on top of Esmeralda. Frollo turned to leave the bell tower just as Emseralda raised behind him. He turned and looked into her eyes, one whitened completely by the fire and in a raspy voice she said "You'll pay!" Frollo was disgusted with Esmeralda's new appearance and lunged at her with his dagger. She grabbed his wrist and flipped him into the corner. He began to yell for the guards who stormed the bell tower and circled her. They all proceeded to attack her but they were no match for her cunning which was now fueled by revenge. All the soldiers fell before her as Frollo cringed and tried to back further into the corner. She turned her attention to him. She strolled to him slowly, and picked up a torch from one of the fallen soldiers. He looked her in the eyes, and all he could see was the hatred she had for him and her determination for revenge. He became paralyzed with fear. She raised the torch above her head and said, "You will burn! You will all burn!"…

---

Lincoln: Esmeralda!?

Elena: What happened to you!?

Twisted Esmeralda: It was all because of Frollo! He killed everyone and burned down all of Paris! I killed him and killed everyone in a thirst for vengeance! And now you will join them!

Earth: Esmeralda this is horrible that you have become like this!

Carol: Frollo may have been the biggest sinner of them all but you all by far the worst!

Shocker: That's it, Esmeralda. You need to learn a lesson! And Shocker's School of Hard Knocks is now open! (fires blast from gauntlets at her)

Carol: Lets get her!

Carol fired a powerful atomic ray blast at her and it hit her and exploded.

Twisted Esmeralda fired a powerful blast of fire at them. But they dodged it.

Elena and Lincoln both fired a powerful blast of lightning at her and electrocuted her badly with 600,000,000,000 volts of electricity.

Earth fired a powerful glob of lava at Twisted Esmeralda and burned her bad.

Polar Claw: Polar Claw MAXIMIZE!

Polar Claw transformed.

Polar Claw: You need to cool down big time. CYBER KEY POWER!

The Animatron Cyber Planet Key went into his back and his bear paws turned into powerful laser blasters. They fired at Esmeralda and obliterated her in an instant.

Polar Claw: That takes care of her. Beast mode!

Polar Claw reverted back to a Polar Bear.

They left the simulator and everyone cheered for them.

Allie: Well done guys!

Lincoln: Thanks Allie. That was awesome!

Earth: It sure was Linky.

Elena: It was fun.

Allie: I'm glad you all had fun.

Lisa: It's our turn to participate.

Paige: Lets do it.

## Battle 12: Stewie, Paige, Bowser Jr., Lisa, Darcy, Optimus Primal, Gloria, Selena and Lori's Children vs Twisted Snow White

---

The Simulator activated and they found themselves in a dead and dark and foreboding forest.

Bowser Jr.: This place looks like somewhere that Dad would love.

Paige: It sure does feel that way.

Gloria: Not the kind of place I would like to come to.

Roxanne: Me neither.

Lisa: It does send shivers of fear down ones own spine.

Optimus Primal: It sure would be the perfect place for a nasty ambush to occur.

Paige then sensed something and fired a powerful blast of fire and it hit a tree and exploded and out came 7 figures. It was the Seven Dwarves. But their eyes were orange and their teeth were razor sharp and ferocious. Out came Twisted Snow White! Her clothes were tattered and she had black demonic eyes.

---

After biting into the poisoned apple, Snow White collapses. Assuming she is dead, the evil queen laughs over her body. The dwarves make it home to see what has happened. They believe she is dead as well. Suddenly she begins to seize and foam at the mouth. Her eyes snap open and they are black. In almost demonic voice, she growls "You will pay!". She reaches into the queen's chest and devours her heart. She then turns dwarves into her bloodthirsty minions who then tear her body to shreds and devour it.

Cannibals

---

Paige: Snow White!?

Stewie: My god! What happened to her!?

Lisa: It sure is a very dark and deadly transformation.

Darcy: Snow White what happened to you?

Twisted Snow White: (Demonic Voice) **The Queen did this to me with the apple I have here in my hands! Now we're going to kill anyone that gets in our way!**

Darcy: This is not the Snow White that I know and love!

Lisa: Affirmative! You give the famous iconic beautiful princess an extremely bad identification!

Selena: That's right.

Ramon: You make me sick!

Stewie (points gun at Twisted Snow White): I hope you burn in Hell! (fires gun)

BANG!

The bullet hit one of the dwarves in the head and killed it.

Twisted Snow White: **Sic em my friends!**

The dwarves went at them!

Optimus Primal: Optimus Primal MAXIMIZE!

Optimus Primal transformed.

Gloria hurled a huge boulder at the dwarves and crushed them all at once with it.

Lori's kids fired a massive blast of wind at the Twisted Snow White and spun her around in a powerful tornado.

Darcy fired a powerful energy blast and Lisa fired a powerful laser blast from a ray gun and they combined and hit her and exploded.

KRABBOOOOOOOOOOOOOOMM!

Optimus Primal fired a powerful barrage of energy blasts and missiles and Paige fired a powerful blast of fire and Bowser Jr. fired a powerful blast of fire. The blasts combined and hit the Twisted Snow White and they hit her and exploded.

KRABBOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMM!

Gloria and Selena then hurled huge boulders at the Twisted Snow White and crushed her in between huge boulders.

Paige: Yeah!

Stewie: That was actually amazing.

Lisa: That was well done Darcy.

Darcy: Thanks Lisa.

They left the simulator and everyone cheered wildly.

Allie: That was beautifully done guys!

Paige: Thanks Allie.

Lisa: Affirmative. It was all a satisfying adventure.

Darcy: It sure was.

Snow White: And thank you for cleaning up my nature guys.

Gloria: You're welcome Snow White.

Darcy: It was an awesome adventure.

Laney: It sure was. But I can't believe that the Disney Princesses we know and love would turn out that way in that universe.

Darcy: It's horrible. I also found this on the Twisted Snow White.

Darcy pulled out a dark orb.

Allie: So she had a dark orb on her.

Darcy: She sure did.

Darcy crushed it and everyone got a massive power boost.

Allie: That felt good. We have time for 2 more adventures. Loud's, Ed's how about you and me head in next?

Lori: You literally got it J.D.

Rippersnapper: I'll come with you guys too.

Timmy: We'll go too.

Allie: Okay.

Allie, Timmy, Chloe, Cosmo and Wanda, the Ed's and the Loud's went into the Simulator and it activated.

## Battle 13: Evil Kankers and Anti-Wanda

The simulator activated and they were in the Trailer Park.

Eddy: We're back in the Trailer Park.

Ed: I can't wait to smash the Kankers into pulp.

Edd: I have some surprises in store for them.

They walked around the Trailer park and it was a filthy place. Then they saw the Evil Kankers!

Lee: Looks like dessert showed up just in time girls!

Marie: Shortcake! My fave!

May K.: And a tall Milkshake!

But they weren't alone. There was a blue version of Wanda with a dumb grin, black bat wings, and a black crown with them.

Lincoln: Who or what is that?

Timmy: That's Anti-Wanda. She's an Anti-Fairy.

Chloe: They represent all Bad Luck.

Lynn: What!? I can't believe such monsters exist.

Wanda: It's awful yes. But they are pure evil.

Allie: I thought they only come out every Friday the 13th. And that's not until this September.

Anti-Wanda: (Southern Accent) I reckon I make you all look stupid!

Wanda: Boy I forgot how stupid you make me.

Lincoln: Yeah she's even dumber than Cosmo.

Cosmo: (Offended) Hey!

Laney: And she makes Billy seem like the smart one.

---

Anti-Fairies represent bad luck. They use their magic, typically during Friday the 13th, to cause pain and misery to anyone who commits superstitious acts, such as crossing a black cat's path, breaking a mirror, stepping on a crack, or walking through a ladder, that these AntiFairies may or may not have a hand responsible for. They mainly enjoy causing havoc on Earth through bad luck, and unlike fairies, they do not have godchildren because of the fairies and the anti-fairies hold a bake-off to decide who has godchildren. They used to battle the fairies over the right to inherit godchildren, but after hundreds of years of fighting, they decided to hold a bake-off after reaching a stalemate (and after they tried a game of tiddlywinks, but considered it too painful). In the unlikely event they do win the bake-off, the fairies will be swapped with their Anti-Fairy counterparts, allowing Anti-Fairies to hold the right to have godchildren until the next bake-off. They are ruled by the Anti-Fairy Council, thought they typically follow Anti-Cosmo who, unlike his fairy counterpart, is an evil genius.

Timmy: Not only that but they hurt my mom by drilling her back with a jackhammer!

Everyone: What!?

Luan: That is absolutely despicable!

Luna: Way wrong dudes!

Rippersnapper: Guys, me and Hak Foo will hold Anti-Wanda off. When she's down, trap her in a butterfly net!

Allie: Right!

Allie pulled out a butterfly net.

Allie: Will a Butterfly Net even work on an Anti-Fairy?

Wanda: Butterfly Nets always work on fairies and Anti-Fairies.

Allie: Nice.

Eddy pounced on Lee.

Eddy (pins Lee Kanker down): You don't know how long I've been waiting for this!

Lee: Neither have I little…

POW!

Eddy punched Lee in the face and pulverized her in a brutal fight cloud.

Edd launched a powerful spring-loaded boxing glove and it hit Marie in the face with devastating force and knocked out all her teeth.

Ed went Edzilla.

Edzilla: ED SMASH KANKER GIRL!

Edzilla smashed May to pieces.

Hak Foo: Black Tiger crushes White Hawk!

Hak Foo punched Anti-Wanda in the face with powerful force and knocked her down and Rippersnapper blasted her with a powerful blast from his cyclone gun. Allie caught Anti-Wanda and the butterfly net nullified her powers.

Allie: Gotcha.

Lana pounced on Marie and wrestled around with her ferociously in a massive fight cloud.

A loud bloodcurdling scream was heard from Marie and the fight stopped and Lana had pulled Marie's arm out of it's socket.

Lana: I hope you like the taste of mud and dirt!

Allie: Ouch!

Lola: Lana dislocated her shoulder!

Edd: She definitely deserved it.

They all mercilessly pulverized the Kanker's into pulp and it was a brutal fight. It stopped 20 minutes later and the Kanker's were savagely pulverized into pulp and they look like they lost a fight with an army of maniacally crazy superheroes! (Think of how Jonny looked at the end of Big Picture Show but 100 times worse.)

The Kanker's minus Marie were merged with their counterparts in the Antarctica prison. But with Marie Kanker now in prison with them forever. Now we had two Marie's. One was good and she hates her former sisters. And the other was now in the Antarctica prison for all eternity with her ruined sisters.

They left the simulator and everyone cheered wildly.

Nico: That was awesome guys!

Allie: Thanks Nico.

May: Those Kanker's are so stupid. No offense Marie.

Marie K.L.: None taken May.

Allie: We have time for one more exercise. We haven't done this one in a long time. We're gonna do an evil Sasuke destroying exercise.

Lincoln: That's an awesome idea!

Allie: It's gonna be a good one. Lets head in guys.

Naruto: I want to join in too.

Allie: Okay. Lets get him.

The Loud Kids, Naruto, Carol, Miranda, Nico and Allie went in.

---

Battle 14: Evil Sasuke.

---

The Simulator activated and they found themselves in the world of Shinobi and they saw that they were near the Final Valley and they saw Evil Sasuke on the statue of Madara Uchiha.

Allie: There he is. Lets go.

They went out to him. They stood ready to face him.

Allie: Sasuke Uchiha. Running away like a little coward will only make you weak.

Evil Sasuke turned and he saw them. But he had black flame markings on the left side of his face and his left eye had a black sclera and his iris was yellow.

Evil Sasuke: So you've all come.

Naruto: You just will never learn Sasu-gay. I can't believe that you are planning to turn traitor and all for the power to kill Itachi. I don't understand you Sasuke. Why do you want power so badly?

Evil Sasuke: Why? WHY!? Shut the fuck up! You think you're better than everyone else, don't you, you fucking bastard?! You've had everything fucking handed to you! Money, women, power! I could never beat you in the academy and I am supposed to be the elite! I am far stronger than you damn it! You're just a damn nothing compared to me and the power of the Uchiha! What the hell makes you so damn special?!

Naruto: Because unlike you, I had to earn the power I got. You had everything handed to you on a silver platter. The council pandered to you like you were the Hokage.

Evil Sasuke growled in so much rage.

Evil Sasuke: I hate you Naruto. I hate you so much I can't stand it anymore! I HATE YOU MORE THAN LIFE ITSELF AND THIS ENTIRE FUCKING PLANET! I'm going to enjoy tearing you apart. I'm going to enjoy killing you for the humiliation you've inflicted upon me! I'm tired of living in your shadow!

Naruto: All that hatred and you don't have any love for anyone but yourself. I pity you Sasuke.

Miranda (to Evil Sasuke): Look around you, Sasuke. The odds are against you. You'll be dead sooner or later!

Allie: In fact he's about to know what the power of friendship is capable of. Lets power up.

They transformed and powered up. Allie went Super Angel 20,000 Light Princess, Nico went Super Saiyan 4 and more. Naruto went Super Angel 20,000 Lifewing.

They went at Evil Sasuke and Allie punched him in the face with devastating force and sent him crashing into the cliff. Lola fired numerous blasts of fire at Evil Sasuke and they hit the wall he was in and it exploded.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOMMM!

Evil Sasuke exploded out of the rubble screaming at the top of his lungs in a ballistic fury and he went at them with indiscriminate fury.

Naruto flew at Evil Sasuke and when they collided the impact released a massive fiery explosion of incredible power.

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

It was a vicious and ferocious fight. Naruto punched Evil Sasuke in the face and kicked him in the chest. Evil Sasuke punched at Naruto but he blocked it and kicked him in the face and stomach and punched him in the face. Miranda grew wings and flew at Evil Sasuke and kicked him in the face and knocked out some of his teeth. Lana fired a powerful blast of ice lightning and it hit his arm and froze his arm and he got out of the ice. Carol fired a powerful blast of Godzilla's Atomic Ray and it hit him and exploded.

They all went at Evil Sasuke and it turned into an all out ferocious assault! Massive fiery explosions rang out all over the place and thunderous shockwaves from their punches shook apart the land around them. The fight was so ferocious that it was shaking the very foundation of the entire planet to the very core! Everyone was pulverizing Evil Sasuke at a ferocious and deadly level to the brink. In the forest, Kakashi was racing to the valley as fast as he could. And he arrived at the battle and he saw the ferocious assault being dealt to Evil Sasuke.

When it stopped 45 minutes later, Evil Sasuke was on his last bit of energy and Allie and everyone weren't even in the least bit exhausted.

Evil Sasuke: (ENRAGED SCREAMING) I WILL NOT BE HUMILIATED AGAIN! MY POWER IS GODLY! AND YOU WEAKLINGS ARE POWERLESS!

Allie: It's not about power! You don't care about anyone but yourself! And we won't let you exist anymore! I will never forgive the Uchiha for their crimes! Time for you and all of your fucking clan to die! EVERYONE SHARE YOUR POWER WITH ME!

Everyone lifted their hands into the air and a massive spirit bomb formed above Allie and she flew into the Spirit Bomb and absorbed it and the energy poured into her sword and her blade turned into a powerful blue sword of pure energy.

Allie: Wow! Lets see how you stand up to this! SWORD OF HOPE!

Allie stabbed the Evil Sasuke right in the chest with the sword!

Allie: This is the power of everyone fighting together! United together we are stronger than anything!

Allie pulled out the sword and Evil Sasuke was pouring out blood like crazy. But he used every ounce of his strength he had left.

Evil Sasuke: How dare you!? My clan is the strongest! You are nothing!

Allie: I DON'T GIVE A FLYING FUCK ABOUT YOU OR YOUR GODDAMNED CLAN! GO TO HELL, AND STAY THERE YOU MOTHERFUCKING SON OF A BITCH!

Allie slashed Evil Sasuke up from his crotch through his head and cleaved him in half right down the middle and killed him instantly.

Evil Sasuke was dead and he sunk to the bottom of the lake. Blood turned the whole lake red.

Nico: Sasuke Uchiha you have failed this world.

Naruto: He sure has Nico.

Lincoln: He deserved this.

Allie: Yep.

They left the simulator and everyone cheered wildly for them.

Trudy: That was awesome!

Allie: It sure was. It's time for our next activity. Singing songs.

Lori: I always love singing songs.

They went to Luna's room.

---

In Luna's room they were going to have an awesome series of songs.

Allie: Okay who wants to go first?

Laney: I'll go first. And the song I'm gonna sing is Tír na nÓg by Celtic Woman.

Allie: That's a great choice.

Natilee came in.

Natilee: I couldn't help but hear. Tír na nÓg is one of my favorites. It's the land of youth in Irish Myth.

Laney: That's right.

Natilee: I do love Celtic Music. (Irish Accent) Go for it lass.

Laney: Okay.

The song began and the room turned into a beautiful forest in Ireland.

Laney: (Singing Divinely)

Sha ta co ti oh scum ne rivna

Sha ta co ti oh nugga tir na nog

Sha ta co ti oh scum ne rivna

Nug a tir na nog.

Come my love our world's may part,

The gods will guide us across the dark.

Come with me and be mine my love,

Stay and break my heart.

From the shores through the ancient mist, You bear the mark of my elven kiss.

Clear the way, I will take you home

To eternal bliss.

Sha ta co ti oh scum ne rivna

Sha ta co ti oh nugga tir na nog

Sha ta co ti oh scum ne rivna

Nug a tir na nog.

Sha ta co ti oh scum ne rivna

Sha ta co ti oh nugga tir na nog

Sha ta co ti oh scum ne rivna

Nug a tir na nog.

Tir na nog, oh, come beyond the ancient fog,

Tir na nog, oh, come with me to tir na nog.

Far away from the land you knew,

The dawn of day reaches out to you.

Though it feels like a fairy tale,

All of this is true.

Run with me, have a look around.

We build our life of a sacred ground.

Come my love, our world's may part,

We'll be safe and sound.

Sha ta co ti oh scum ne rivna

Sha ta co ti oh nugga tir na nog

Sha ta co ti oh scum ne rivna

Nug a tir na nog.

Tir na nog, oh, come beyond the ancient fog,

Tir na nog, oh, come with me to tir na nog.

Time won't follow the path we came.

The world you left, it forgot your name.

Stay with me and be mine my love,

Spare my heart the pain.

Sha ta co ti oh scum ne rivna

Sha ta co ti oh nugga tir na nog

Sha ta co ti oh scum ne rivna

Nug a tir na nog.

Sha ta co ti oh scum ne rivna

Sha ta co ti oh nugga tir na nog

Sha ta co ti oh scum ne rivna

Nug a tir na nog.

Tir na nog, oh, come beyond the ancient fog,

Tir na nog, oh, come with me to tir na nog.

Come with me to tir na nog.

They saw the beauty of the forests of Ireland. When the song ended they cheered.

Allie: That was awesome!

Natilee: I'll say. Great job Laney!

Lincoln: Laney that was so awesome!

Laney: Thanks bro.

Allie: That was a great performance.

Ed: It was. Me and Bruce Banner got a song for you all. It's called Monster by Skillet.

Luna: Rockin' choice dudes!

Bruce B.: Thanks Luna.

Ed and Bruce were handed electric guitars and they played the song and the room turned into various scenes of attacks from Godzilla movies.

Ed and Bruce B.: (Singing Divinely)

The secret side of me, I never let you see

I keep it caged but I can't control it

So stay away from me, the beast is ugly

I feel the rage and I just can't hold it

It's scratching on the walls, in the closet, in the halls

It comes awake and I can't control it

Hiding under the bed, in my body, in my head

Why won't somebody come and save me from this, make it end?

I feel it deep within, it's just beneath the skin

I must confess that I feel like a monster

I hate what I've become, the nightmare's just begun

I must confess that I feel like a monster

I, I feel like a monster

I, I feel like a monster

My secret side I keep hid under lock and key

I keep it caged but I can't control it

'Cause if I let him out he'll tear me up, break me down

Why won't somebody come and save me from this, make it end?

I feel it deep within, it's just beneath the skin

I must confess that I feel like a monster

I hate what I've become, the nightmare's just begun

I must confess that I feel like a monster

I feel it deep within, it's just beneath the skin

I must confess that I feel like a monster

I, I feel like a monster

I, I feel like a monster

It's hiding in the dark, it's teeth are razor sharp

There's no escape for me, it wants my soul, it wants my heart

No one can hear me scream, maybe it's just a dream

Maybe it's inside of me, stop this monster

I feel it deep within, it's just beneath the skin

I must confess that I feel like a monster

I hate what I've become, the nightmare's just begun

I must confess that I feel like a monster

I feel it deep within, it's just beneath the skin

I must confess that I feel like a monster

I've gotta lose control, here's something radical

I must confess that I feel like a monster

I, I feel like a monster

I, I feel like a monster

I, I feel like a monster

I, I feel like a monster

The room showed attacks from all the Godzilla monsters and when the song ended they all cheered wildly.

Allie: That was awesome Guys!

Luna: Dudes, that was rockin'!

Sarah: That was awesome big brother!

Leni: It was totes amazing!

Betty: Great job Bruce!

Rebecca B.: That was a great job son!

May: It sure was! That was awesome!

Allie: We have time for 6 more songs.

Lincoln: I'll go next. I'm gonna sing The Sign by Ace of Base.

Allie: Sweet choice!

Luan: Ooh I love that song!

Eddy: Me too.

Lincoln: Here goes.

The song played and it turned into a beautiful meadow.

Lincoln: (Singing Divinely)

I, I got a new life, you would hardly recognize me, I'm so glad

How can a person like me care for you?

I, why do I bother, when you're not the one for me?

---

Is enough enough?

I saw the sign and it opened up my eyes, I saw the sign

Life is demanding without understanding

I saw the sign and it opened up my eyes, I saw the sign

No one's gonna drag you up to get into the light where you belong

But where do you belong?

I, under the pale moon, for so many years I wondered who you are

How could a person like you bring me joy?

Under the pale moon, where I see a lot of stars

---

Is enough enough?

I saw the sign and it opened up my eyes, I saw the sign

Life is demanding without understanding

I saw the sign and it opened up my eyes, I saw the sign

No one's gonna drag you up to get into the light where you belong

But where do you belong?

Oh, oh-oh-oh

I saw the sign and it opened up my mind

And I am happy now living without you

I've left you Oh, oh-oh-oh

I saw the sign and it opened up my eyes, I saw the sign

No one's gonna drag you up to get into the light where you belong

I saw the sign

(I saw the sign, I saw the si-ee-i-ee-ign)

(I saw the sign, I saw the sign)

I saw the sign and it opened up my eyes, I saw the sign

The meadow was waving in the wind and when the song ended they cheered for him.

Allie: That was awesome!

Lana: It sure was!

Lola: I love that song!

Lynn: It was great.

Allie: It sure was. 5 more songs.

Lana: Ooh! I got one. It's called The Highwayman by Loreena McKennitt.

Allie: That's a good choice.

Jessie K. came in.

Jessie K.: That's a great song choice. It takes place during the American Revolution.

Lana: Yep. Here we go.

The song began and it showed all the famous events during the American Revolution from 1773 to 1784.

Lana: (Singing Divinely)

The wind was a torrent of darkness

Among the gusty trees

The moon was a ghostly galleon

Tossed upon the cloudy seas

The road was a ribbon of moonlight

Over the purple moor

When the highwayman came riding

Riding, riding,

The highwayman came riding

Up to the old inn door

He'd a french cocked hat at his forehead

A bunch of lace at his chin

A coat of claret velvet

And breeches of brown doe-skin

They fitted with nary a wrinkle

His boots were up to the thigh

And he rode with a jeweled twinkle
His pistol butts a-twinkle
His rapier hilt a-twinkle
Under the jeweled sky
And over cobbles he clattered
And clashed in the dark inn-yard
And he tapped with his whip on the shutters
But all was locked and barred
He whistled a tune to the window
And who should be waiting there
But the landlord's black-eyed daughter
Bess, the landlord's daughter
Plaiting a dark red love knot
Into her long black hair
"One kiss my bonny sweetheart
I'm after a prize tonight
But I should be back with the yellow gold
Before the morning light
Yet if they press me sharply
And harry me through the day
Then look for me by the moonlight
Watch for me by the moonlight

I'll come to thee by the moonlight
Though hell should bar the way."
He rose up right in the stirrups
He scarce could reach her hand
But she loosened her hair in the casement
His face burned like a brand
As a black cascade of perfume
Came tumbling over his breast
And he kissed its waves in the moonlight
Oh, sweet waves in the moonlight
He tugged at his rein in the moonlight
And galloped away to the west
He did not come at the dawning
He did not come at noon
And out of the tawny sunset
Before the rise of the moon
When the road was a gypsy's ribbon
Looping the purple moor
A redcoat troop came marching
Marching, marching
King George's men came marching
Up to the old inn door

They said no word to the landlord
They drank his ale instead
But they gagged his daughter and bound her
To the foot of her narrow bed
Two of them knelt at the casement
With muskets at their side
There was death at every window
Hell at one dark window
For Bess could see through the casement
The road that he would ride
They had tied her up to attention
With many a sniggering jest
They had bound a musket beside her
With the barrel beneath her breast
"Now keep good watch" and they kissed her
She heard the dead man say
"Look for me by the moonlight
Watch for me by the moonlight
I'll come to thee by the moonlight
Though hell should bar the way."
She twisted her hands behind her
But all the knots held good!

But she writhed her hands 'til her fingers

Were wet with sweat or blood

They stretched and strained in the darkness

And the hours crawled by like years

Till now on the stroke of midnight

Cold on the stroke of midnight

The tip of her finger touched it

The trigger at least was hers

Tot-a-lot, tot-a-lot had they heard it?

The horse's hooves rang clear

Tot-a-lot, tot-a-lot in the distance

Were they deaf they did not hear?

Down the ribbon of moonlight

Over the brow of the hill

The highwayman came riding

Riding, riding

The redcoats looked to their priming

She stood up straight and still

Tot-a-lot in the frosty silence

Tot-a-lot in the echoing night

Nearer he came and nearer

Her face was like a light

Her eyes grew wide for a moment
She drew a last deep breath
Then her finger moved in the moonlight
Her musket shattered the moonlight
Shattered her breast in the moonlight
And warned him with her death
He turned, he spurred to the west
He did not know she stood
Bowed with her head o'er musket
Drenched with her own red blood
Not till the dawn he heard it
His face grew grey to hear
How Bess the landlord's daughter
The landlord's black-eyed daughter
Had watched for her love in the moonlight
And died in the darkness there
And back he spurred like a madman
Shrieking a curse to the sky!
With the white road smoking behind him
And his rapier brandished high!
Blood-red were the spurs in the golden noon
Wine-red was his velvet coat

When they shot him down in the highway

Down like a dog on the highway

And he lay in his blood in the highway

With a bunch of lace at his throat

Still on a winter's night they say

When the wind is in the trees

When the moon is a ghostly galleon

Tossed upon the cloudy seas

When the road is a ribbon of moonlight

Over the purple moor

A highwayman comes riding

Riding, riding,

A highwayman comes riding

Up to the old inn door

Scenes of all the famous battles of the American Revolution were shown.

Powder Alarm* September 1, 1774 Massachusetts British soldiers remove military supplies

Storming of Fort William and Mary* December 14, 1774 New Hampshire Patriots seize powder and shot after brief skirmish.

Battles of Lexington and Concord April 19, 1775 Massachusetts Patriot victory: British forces raiding Concord driven back into Boston with heavy losses.

Siege of Boston April 19, 1775

Gunpowder Incident* April 20, 1775 Virginia Virginia governor Lord Dunmore removes powder to a Royal Navy ship, standoff is resolved peacefully

March 17, 1776 Massachusetts Patriot victory: British eventually evacuate Boston after Patriots fortify Dorchester heights

Capture of Fort Ticonderoga May 10, 1775 New York Patriot victory: Patriots capture British posts at Ticonderoga and Crown point

Battle of Chelsea Creek May 27-28, 1775 Massachusetts Patriots victory: Patriots capture British ship Diana

Battle of Machias June 11-12, 1775 Massachusetts Patriot forces capture the HM schooner Margaretta

Battle of Bunker Hill June 17, 1775 Massachusetts British victory: British drive Patriot army from the Charlestown peninsula near Boston but suffer heavy losses

Battle of Gloucester August 8, 1775 Massachusetts Patriot victory

Siege of Fort St. Jean September 17 -

November 3, 1775 Quebec Patriot victory: Patriots capture British force and subsequently overrun Montreal and much of Quebec

Burning of Falmouth October 18, 1775 Massachusetts British burn Falmouth

Battle of Kemp's Landing November 14, 1775 Virginia British victory

Siege of Savage's Old Fields November 19-21, 1775 South Carolina Patriot victory: Patriots defeat loyalist force

Battle of Great Bridge December 9, 1775 Virginia Patriot victory: Lord Dunmore's loyalist force is defeated

Snow Campaign December 1775 South Carolina Patriot campaign against loyalists in South Carolina

Battle of Quebec December 31, 1775 Quebec British victory: British repulse Patriot assault on Quebec city

Burning of Norfolk January 1, 1776 Virginia British bombard Norfolk and Patriots destroy what they see as a loyalist stronghold

Battle of Moore's Creek Bridge February 27, 1776 North Carolina Patriot victory: loyalist force of Regulators and Highlanders defeated

Battle of the Rice Boats March 2-3, 1776 Georgia British victory

Battle of Nassau March 3-4, 1776 Bahamas Patriots raid against the Bahamas to obtain supplies

March 17, 1776 Massachusetts Patriot victory: British eventually evacuate Boston after Patriots fortify Dorchester heights

Battle of Saint-Pierre March 25, 1776 Quebec Patriot victory

Battle of Block Island April 6, 1776 Rhode Island British victory

Battle of The Cedars May 18-27, 1776 Quebec British victory

Battle of Trois-Rivières June 8, 1776 Quebec British victory: Patriots forced to evacuate Quebec

Battle of Sullivan's Island June 28, 1776 South Carolina Patriot victory: British attack on Charleston is repulsed

Battle of Turtle Gut Inlet June 29, 1776 New Jersey Patriot victory

Battle of Lindley's Fort July 15, 1776 South Carolina Patriot victory: Native Americans attack repulsed

Battle of Long Island August 27, 1776 New York British victory: in the largest battle of the war the Patriot army is outflanked and routed on Long Island but later manages to evacuate to Manhattan

Landing at Kip's Bay September 15, 1776 New York British victory: British capture New York City

Battle of Harlem Heights September 16, 1776 New York Patriot victory: Patriots repulse British attack on Manhattan

Battle of Valcour Island October 11, 1776 New York British victory: British defeat Patriot naval force on Lake Champlain, but victory comes too late to press the offensive against the Hudson valley

Battle of White Plains October 28, 1776 New York British victory

Battle of Fort Cumberland November 10-29, 1776 Nova Scotia British victory

Battle of Fort Washington November 16, 1776 New York British victory: British capture 3,000 Patriots on Manhattan in one of the most devastating Patriot defeats of the war

Battle of Fort Lee November 20, 1776 New Jersey British victory: Patriots begin general retreat

Ambush of Geary December 14, 1776 New Jersey Patriot victory

Battle of Iron Works Hill December 22-23, 1776 New Jersey British victory

Battle of Trenton December 26, 1776 New Jersey Patriot victory: Patriots capture Hessian detachment at Trenton

Second Battle of Trenton January 2, 1777 New Jersey Patriot victory

Battle of Princeton January 3, 1777 New Jersey Patriot victory: Patriots defeat a small British force, the British decide to evacuate New Jersey

Battle of Millstone January 20, 1777 New Jersey Patriot victory

Forage War January-March 1777 New Jersey Patriots harass remaining British forces in New Jersey

Battle of Punk Hill March 8, 1777 New Jersey Patriot victory

Battle of Bound Brook April 13, 1777 New Jersey British victory

Battle of Ridgefield April 27, 1777 Connecticut British victory

Battle of Thomas Creek May 17, 1777 East Florida British victory

Meigs Raid May 24, 1777 New York Patriot victory

Battle of Short Hills June 26, 1777 New Jersey British victory

Siege of Fort Ticonderoga July 5-6, 1777 New York British victory

Battle of Hubbardton July 7, 1777 Vermont British victory

Battle of Fort Ann July 8, 1777 New York British victory

Siege of Fort Stanwix August 2-23, 1777 New York Patriot victory: British fail to take Fort Stanwix

Battle of Oriskany August 6, 1777 New York British victory

Second Battle of Machias August 13-14, 1777 Massachusetts British victory

Battle of Bennington August 16, 1777 New York Patriot victory

Battle of Staten Island August 22, 1777 New York British victory

Battle of Setauket August 22, 1777 New York British victory

First Siege of Fort Henry September 1 or 21, 1777 Virginia Patriot victory

Battle of Cooch's Bridge September 3, 1777 Delaware British victory

Battle of Brandywine September 11, 1777 Pennsylvania British victory

Battle of the Clouds September 16, 1777 Pennsylvania Battle called off due to rain

Battle of Freeman's Farm September 19, 1777 New York British tactical victory: First of the two Battles of Saratoga

Battle of Paoli September 21, 1777 Pennsylvania British victory

Siege of Fort Mifflin September 26 -

November 15, 1777 Pennsylvania British victory

Battle of Germantown October 4, 1777 Pennsylvania British victory

Battle of Forts Clinton and Montgomery October 6, 1777 New York British victory

Battle of Bemis Heights October 7, 1777 New York Patriot victory: Second of the two Battles of Saratoga, British under Burgoyne driven back and forced to surrender 10 days later

Battle of Red Bank October 22, 1777 New Jersey Patriot victory

Battle of Gloucester November 25, 1777 New Jersey Patriot victory

Battle of White Marsh December 5-8, 1777 Pennsylvania Patriot victory

Battle of Matson's Ford December 11, 1777 Pennsylvania British victory

Battle of Barbados March 7, 1778 Barbados British victory

Battle of Quinton's Bridge March 18, 1778 New Jersey British victory

North Channel Naval Duel April 24, 1778 Great Britain Patriot victory

Battle of Crooked Billet May 1, 1778 Pennsylvania British victory

Battle of Barren Hill May 20, 1778 Pennsylvania Indecisive

Mount Hope Bay raids May 25-30, 1778 Rhode Island British victory

Battle of Cobleskill May 30, 1778 New York British-Iroquois victory

Battle of Monmouth June 28, 1778 New Jersey Draw: British break off engagement and continue retreat to New York

Battle of Alligator Bridge June 30, 1778 East Florida British victory

Wyoming Massacre July 3, 1778 Pennsylvania British-Iroquois victory

First Battle of Ushant July 27, 1778 Bay of Biscay Indecisive

Siege of Pondicherry August 21-October 19 1778 India British victory

Battle of Newport August 29, 1778 Rhode Island British victory

Grey's raid September 5-17, 1778 Massachusetts British victory

Invasion of Dominica September 7, 1778 Dominica French victory

Siege of Boonesborough September 7, 1778 Virginia Patriot victory

Attack on German Flatts September 17, 1778 New York British-Iroquois victory

Baylor Massacre September 27, 1778 New Jersey British victory

Raid on Unadilla and Onaquaga October 2-16, 1778 Indian Reserve Patriot victory

Battle of Chestnut Neck October 6, 1778 New Jersey British victory

Little Egg Harbor massacre October 16, 1778 New Jersey British victory

Carleton's Raid October 24-November 14 1778 Vermont British victory

Cherry Valley Massacre November 11, 1778 New York British-Iroquois victory

Battle of St. Lucia December 15, 1778 St. Lucia British victory

Capture of St. Lucia December 18-28, 1778 St. Lucia British victory

Capture of Savannah December 29, 1778 Georgia British victory

Battle of Beaufort February 3, 1779 South Carolina Patriot victory

Action of 6 December 1782 December 6, 1782 Martinique British victory

Action of 22 January 1783 January 22, 1783 Virginia British victory

It was one of the most incredible wars of our history. When the song ended, everyone cheered.

Lola: Lana that was awesome!

Allie: It sure was. Good show!

Jessie K.: I'll say. You sang that song really well. That's one of my favorite songs that deals with an event of history.

Allie: We have time for 2 more songs.

May: I have a song I want to sing. It's called the Haughs of Cromdale.

Natilee: That's a great song choice. And it's also based on a very famous battle in Ireland and Scotland.

Jessie K.: It was the Battle of Cromdale from April 30th to May 1st, 1690.

---

After their defeat at the Battle of Dunkeld in 1689, the Highland clans had returned to their homes in low spirits. Sir Ewen Cameron assumed control over the army's remnant. Sir Ewen and the other Jacobite chiefs complained to King James over the precarious state of his support in Scotland and the necessity of sending them aid. James was occupied with preparations for resisting a threatened invasion of Ireland. To aid his supporters in Scotland, James sent clothing, arms, ammunition and provisions. He also directed a few officers from Ireland to Lochaber, among whom was Major-General Thomas Buchan, whom James made commander-in-chief of the Jacobite forces in Scotland.

On Buchan's arrival, a meeting of the chiefs and principal officers was held at Keppoch to formulate a plan of action. While some of the clans proposed to submit to the government, this proposition was resisted by Sir Ewen. The meeting unanimously resolved to continue the war, but not until the labours of the spring season were complete in the Highlands. The general muster of the clans was postponed. In the mean time a detachment of 1,200 infantrymen was to be placed at Buchan's disposal to weaken the enemy's quarters along the borders of the Lowlands.

General Buchan advanced his men through Badenoch, intending to march down Speyside into the Duke of Gordon's country, where he expected to muster additional forces. Due to desertion, Buchan's force had dwindled to 800 men. Ignoring counsel from his Scottish officers not to advance past Culnakill, Buchan marched down the Spey as far as Cromdale where he encamped on the last day of April.

---

Lincoln: Wow! That's an interesting event.

Lori: It literally is.

May: Here goes.

The song began and the room turned into Cromdale, Ireland.

May: (Singing Divinely)

As I come in by Auchindoun,
Just a wee bit frae the toun,
To the Hi'lands I was bound
To view the Haughs of Cromdale.
I met a man in tartan trews,
Spiered at him (asked) what was the news,
Quo' he, "The Hi'land army rues
That e'er we come to Cromdale.
"We were in bed, sir, every man,
When the English host upon us cam;
A bloody battle then began
Upon the Haughs of Cromdale.
The English horse they were so rude,
They bathed their hoofs in Hi'land blood,
But our brave clans, they boldly stood
Upon the Haughs of Cromdale.
"But, alas! We could no longer stay,
And o'er the hills we come away,
Sore we do lament the day
That e"er we come to Cromdale."
Hus the great Montrose did say:
Hi'land man show me the way

I will over the hills this day,
To view the Haughs of Cromdale."
They were at their dinner, every man,
When great Montrose upon them cam;
A second battle then began
Upon the Haughs of Cromdale.
The Grant, Mackenzie and M'Ky,
As Montrose they did espy,
Then they fought most valiantly
Upon the Haughs of Cromdale.
The McDonalds they returned again,
The Camerons did our standard join,
McIntosh played a bloody game
Upon the Haughs of Cromdale.
The Gordons boldly did advance,
The Frasers fought with sword and lance,
The Grahams they made the heads to dance,
Upon the Haughs of Cromdale.
And the loyal Stewarts, wi' Montrose,
So boldly set upon their foes,
Laid them low wi' Hi'land blows
Laid them low on Cromdale.

Of twenty-thousand Cromwell's men,

A thousand fled to Aberdeen,

The rest of them lie on the plain,

There on the Haughs of Cromdale.

Of twenty-thousand Cromwell's men,

A thousand fled to Aberdeen,

The rest of them lie on the plain,

There on the Haughs of Cromdale.

They saw the most beautiful places of the town and when it was done they cheered.

Allie: That was really well done!

Jessie K.: I'll say. Great job!

Nico: May I didn't know you could sing so well.

May: It's a hidden talent.

Nico: And I just caught a Makuhita and an Azurill during the fight with Twisted Ariel.

May: Awesome!

Allie: Great job!

Nico: I have a song. It's called Hero by Skillet.

Luna: Rockin' choice dude.

Allie: Go for it dude.

Nico: Okay.

Nico started playing and the room turned into World War II.

Nico: (Singing Divinely)

I'm just a step away

I'm just a breath away

Losin' my faith today

(Fallin' off the edge today)

I am just a man

Not superhuman

(I'm not superhuman)

Someone save me from the hate

It's just another war

Just another family torn

(Falling from my faith today)

Just a step from the edge

Just another day in the world we live

I need a hero to save me now

I need a hero (save me now)

I need a hero to save my life

A hero'll save me (just in time)

I've gotta fight today

To live another day

Speakin' my mind today

(My voice will be heard today)

I've gotta make a stand

But I am just a man

(I'm not superhuman)

My voice will be heard today

It's just another war

Just another family torn

(My voice will be heard today)

It's just another kill

The countdown begins to destroy ourselves

I need a hero to save me now

I need a hero (save me now)

I need a hero to save my life

A hero'll save me (just in time)

I need a hero to save my life

I need a hero just in time

Save me just in time

Save me just in time

Who's gonna fight for what's right

Who's gonna help us survive

We're in the fight of our lives

(And we're not ready to die)

Who's gonna fight for the weak

Who's gonna make 'em believe

I've got a hero (I've got a hero)

Livin' in me

I'm gonna fight for what's right

Today I'm speaking my mind

And if it kills me tonight

(I will be ready to die)

A hero's not afraid to give his life

A hero's gonna save me just in time

I need a hero to save me now

I need a hero (save me now)

I need a hero to save my life

A hero'll save me (just in time)

I need a hero

Who's gonna fight for what's right

Who's gonna help us survive

I need a hero

Who's gonna fight for the weak

Who's gonna make 'em believe

I need a hero

I need a hero

A hero's gonna save me just in time

The battles of World War II were shown and it was rough. When it was done They cheered.

Allie: Nico that was awesome!

Nico: Thanks Allie.

May: What a talent!

Karai: (To the viewers) We have quite a talent huh?

Carol: I have a song. I'm going to sing Hijo De La Luna by Sarah Brightman.

Allie: That's a great choice.

Carol: It's Spanish for Child of The Moon.

Laney: Oooh! That sounds so awesome!

Vince came in.

Vince: Mind if I listen too?

Carol: Sure Vince.

The song played and the beautiful glow of the moon over the ocean was shown.

Carol: (Singing in Spanish)

Tonto el que no entienda

Cuenta una leyenda

Que una hembra gitana

Conjuró a la luna hasta el amanecer

Llorando pedía

Al llegar el día

Desposar un calé

Tendrás a tu hombre piel morena

Desde el cielo habló la luna llena

Pero a cambio quiero

El hijo primero

Que le engendres a él

Que quien su hijo inmola

Para no estar sola

Poco le iba a querer

Luna quieres ser madre

Y no encuentras querer

Que te haga mujer

Dime luna de plata

Que pretendes hacer

Con un niño de piel, Ah, ah

Hijo de la luna

De padre canela nació un niño

Blanco como el lomo de un armiño

Con los ojos grises

En vez de aceituna

Niño albino de luna

Maldita su estampa

Este hijo es de un payo

Y yo no me lo callo

Luna quieres ser madre

Y no encuentras querer

Que te haga mujer

Dime luna de plata

Que pretendes hacer

Con un niño de piel, Ah, ah

Hijo de la luna

Gitano al creerse deshonrado

Se fue a su mujer cuchillo en mano

De quién es el hijo?

Me has engañado fijo

Y de muerte la hirió

Luego se hizo al monte

Con el niño en brazos

Y allí le abandonó

Luna quieres ser madre

Y no encuentras querer

Que te haga mujer

Dime luna de plata

Que pretendes hacer

Con un niño de piel, Ah, ah

Hijo de la luna

Y las noches que haya luna llena

Será porque el niño esté de buenas

Y si el niño llora

Menguará la luna

Para hacerle una cuna

Y si el niño llora

Menguará la luna

Para hacerle una cuna

(Translation:

Fool who does not understand

The history tells

That a gypsy female

Conjured the moon until dawn

Crying asked

When the day arrives

Toast a calé

You will have your man brown skin

The full moon spoke from heaven

But in return I want

The first son

That you beget him

That who his son immolates

To not be alone

Little I was going to want

Luna, you want to be a mother

And you do not find wanting

That makes you woman

Tell me silver moon

What do you intend to do

With a skin boy, Ah, ah

Child of the moon

From father cinnamon a child was born

White as the back of an ermine

With gray eyes

Instead of olives

Moon albino child

Damn your stamp

This son is from a payo

And I do not call it

Luna, you want to be a mother

And you do not find wanting

That makes you woman

Tell me silver moon

What do you intend to do

With a skin boy, Ah, ah

Child of the moon

Gypsy believing himself dishonored

He went to his wife knife in hand

Whose son is it?

You have cheated me

And killed her

Then it was made to the mountain

With the child in his arms

And there he left him

Luna, you want to be a mother

And you do not find wanting

That makes you woman

Tell me silver moon

What do you intend to do

With a skin boy, Ah, ah

Child of the moon

And the nights that there is a full moon

It will be because the child is good

And if the child cries

The moon will go down

To make a crib

And if the child cries

The moon will go down

To make a crib.

The song ended and everyone cheered.

Allie: That was awesome Carol!

Lincoln: It sure was. I didn't know you could sing well in Spanish!

Carol: I actually know how to sing in many languages.

Vince: You're very talented Carol and I'm amazed.

Suddenly Carol got sick to her stomach and she threw up in a trash can.

Allie: Carol are you all right?

Carol: I think so. My stomach has been bothering me these last couple of weeks.

Lisa: I think I know what's going on.

Carol: Wait Lisa. You don't mean?

Allie: I don't believe it!

Lisa: Yes Carol you are pregnant and expecting your first child!

Carol gasped in shock. They all were shocked.

Carol: How did this happen!?

Vince: Carol! I'm so happy! I've always wanted to be a father!

Carol: I can't believe this! Vince! (OVER JOYOUS) I'M PREGNANT!

Carol and Vince hugged and they were overjoyed.

They cheered wildly.

Lori: Carol, I'm literally so happy for you!

They hugged.

Carol: Me too Lori. I can't wait to tell mom and my brother.

Allie: She'll be absolutely ecstatic.

Maria: Sis I'm so happy for you!

Carol: Thanks sis!

They hugged.

Allie: We'll be counting down the days Carol.

Allie's watch beeped.

Allie: Time for lunch.

---

In the dining room, everyone was deciding on what to eat.

Allie: Okay what do you guys want for lunch?

Lily: Lets have Chicken wings.

Nico: That's a great choice Lily.

Everyone agreed.

Allie: Chicken Wings it is.

Laney: And I have just the Magisword for that.

Laney spun her Magisword Bracelet and out came a Magisword.

Announcer: CHICKEN WING MAGISWORD!

Laney formed a bunch of buckets and plates full of chicken wings of different flavors.

Nico: Oh boy!

Allie: Dig in.

They did.

---

French Narrator: (French Accent) 45 minutes later

---

A pile of bones was on the table and messy napkins, plates and more was on the table.

Allie: Ah. Man that was delicious.

Nico: I'll say. I love chicken wings.

May: Me too.

Lincoln: (Belches) Excuse me. I'm stuffed.

Laney: Me too. (Belches) Excuse me. I'm stuffed.

Allie: I loved the spicy wings.

Nico: We're all stuffed.

---

Later the next day we came back.

Me: That was a horrible experience.

We came back and we saw everyone asleep on the floor and on the couch and the TV was still on.

Me: Aw. They fell asleep.

Allie woke up.

Allie: (Yawns) Oh. We must've fallen asleep. (Sees us) Oh hey dad. Just got home?

Me: We sure did. How was everything?

Allie: We had an awesome adventure. But we have awesome news for you all.

Allie told us everything and we were completely surprised.

Everyone: WWWHHHHHHAAAAAAAAAAAAAAAAAAAAAATTT!?

Me: Carol that's awesome!

Mary P.: Oh Carol! I'm so happy! My baby girl is a grown woman!

Mary and Connor hugged Carol and they were overjoyed.

Connor P.: I'm gonna be an uncle!

Me: Carol I'm so happy for you.

Laney: We'll have to go to the doctor to find out more about it.

Carol: Okay.

We had an awesome babysitting adventure.

THE END

---

Another Fanfiction Complete

The Twisted Princesses are the Disney Princesses turned evil because of the evils of Vengeance, hatred and bloodlust. They are what I call the Dark Side of Disney. Jeftoon01 on Deviantart created them and I based them here on his works. Thanks for the inspiration and the ideas. Credit goes to you for it. NicoChan11 gave me the ideas for this one. Thanks man as usual. Let me know what you all think. And I know that Vince would make a great father.

See you all next time.

Songs belong to their rightful owners.

# The Tiger that Hates Man

In the early morning hours at 1:30 AM, it was really dark out. A shadow figure was running through the darkness at an incredible speed. The figure ran across Lake Huron and arrived at the estate of Billy McLean at Camp Wawanakwa. The figure was me. I was dressed as a black ninja, totally one with the darkness of the night. I jumped from the tree and landed on the roof of Billy's house. I snuck in extremely quietly through an open window, not making a single sound. I snuck around and made it to the footage room. It was full of camera equipment and more. I searched for the footage for all the episodes of Total Drama and I found them in a cabinet that said footage of seasons 1 through 6. It was everything I needed. I took all of it. To make sure I didn't leave anything behind or make my presence be seen, my ninja outfit is lined with a powerful spell that makes me completely invisible to all cameras. I put the footage in a scroll and left.

Maria was dressed in a cat suit.

Maria (dressed in a catsuit): J.D., you got the dirt on Billy yet?

Me: I got the dirt all right.

We made it back to the estate at 6:45 AM. I snapped my fingers and we went back into our normal clothes.

Me: Lets see what we got here.

I replayed the footage of everything that happened in Total Drama over the course of 6 seasons and we discovered that Billy McLean is much worse than what we already have 1st found out about him. He paid Duncan to ruin his relationship with Courtney by cheating on her for Gwen and so much more. The videos had all the information and the physical proof we needed to have Billy McLean thrown in prison for all eternity.

Me: Oh this is perfect. This evidence is perfect for when we spring our trap. The feds are gonna grill Billy's ass like a fried turkey.

Maria: You got that right.

Me: But Billy is much worse than what we first thought.

Maria: By the way, Lincoln's sick.

Me: Uh oh.

We went to Lincoln's room and he was hurling his guts out in a bucket.

Lisa: It appears that Lincoln has gastroenteritis; Street name: Stomach Flu.

Me: Ooh. That is not good.

Lori: Yeah it's literally not pleasant.

Me: No it's not.

Ratchet: Not to worry, Lincoln. You should be all better in 24 hours.

Lincoln: Thanks Ratchet.

Me: Red Alert and Ratchet can look after you during that time.

Lincoln: Okay.

Elena: I'll fill in for any electrical assistance until Lincoln's better.

William: Good idea Elena. You and Leslie can do so.

* * *

Later we were watching 2 of my favorite movies from my past: The Jungle Book and The Jungle Book 2. They were awesome movies about a young orphan boy adopted by a pack of wolves named Mowgli. He lived in the jungle of India back in the 19th Century and he was being taken to a small village because the ruthless and evil tiger Shere Khan is out to kill him. The reason for that is because he hates all man with a terrible and burning vengeance.

Despite having been referred to and spoken of several times, Shere

Khan did not make a live appearance in the original film until about two-thirds into it. He is first seen stalking a deer, but his hunt was ruined when Colonel Hathi came marching by with his heard and scared it away, much to Khan's chagrin. After Bagheera stopped them, Shere Khan eavesdropped on their conversation and was delighted when he heard about Mowgli. After they had left, he began his hunt for Mowgli.

After searching some, he heard Kaa singing and became suspicious. He grabbed his tail and got him to come down. He politely questioned Kaa about Mowgli and Kaa acted strangely while answering his questions. Kaa's suspicious behavior prompted Shere Khan to search his coils for Mowgli, but still was not totally fooled when he didn't find him. He told Kaa if he saw him, he was to inform him first before continuing his search.

Later, he heard several vultures singing and investigated the occasion. He then found Mowgli and easily scared off the vultures with the word "Boo". He intimidates Mowgli and after being impressed by his courage, gave him ten seconds to run away (mainly for his own enjoyment). Refusing to run, Mowgli instead fetches a stick to fight off Khan, causing Khan to become annoyed. However, Baloo, arriving just in time, grabbed Shere Khan's tail before he could get to the boy. After a chase, the vultures help Mowgli get to safety.

Shere Khan furiously attacks Baloo, almost killing him. However, the vultures distract him long enough for an angry Mowgli to tie a burning stick on Shere Khan's tail, much to his shock. As a result, Shere Khan roars in fear and pain as he runs off in defeat as the burning stick hurts his rear.

Shere Khan returns in the 2003 sequel, where he is determined to kill Mowgli in revenge for humiliating him, he is also far more sinister in this movie than in the original. He made his way to the Man-Village where Mowgli currently lives, sneaking quietly past the sleeping villagers. He heard one of Mowgli's friends, a girl named Shanti, call out his name and found Mowgli's house. He then waited impatiently for the Man-Cub to show himself. However, he was chased off by the villagers just as he saw Baloo and Mowgli heading into the jungle. He interrogated Kaa on Mowgli's whereabouts;

Shere Khan believes Kaa knows where Mowgli is (after hearing him say "Man-Cub"). Though Kaa truthfully has no idea where Mowgli is, Shere Khan doesn't believe him, and continues to threaten the python, which finally forced Kaa to fearfully lie that Mowgli's at the swamp, allowing him to flee.

When Shere Khan arrives at the swamp with Mowgli nowhere to be found, he splashes the water in fury after realizing that Kaa lied to him. Shere Khan then gets annoyed by Lucky, the newest part of the vulture gang. However, he gets alerted of Mowgli's actual location from the unwilling Lucky, whom he seemingly killed as revenge for his utter annoyance. With that in mind, Khan encounters Mowgli, Shanti, and Ranjan. He chases down Mowgli to a place of ruins with a moat of lava. After confusing Khan, one of the gongs fell off, revealing Shanti. Mowgli revealed himself and Shere Khan chased them both. In the end, he gets trapped in the lava gorge with a large head on top. Lucky (who somehow survived Khan's attack, but was left bruised) came back and annoyed him even more as retaliation for attacking him, much to Khan's chagrin.

Simba was with us to watch.

Simba: This Shere Khan reminds me of Scar. Before he became a Heartless, that is.

Me: Well there's a difference between Scar and Shere Khan, Simba. Scar killed his brother Mufasa and took over the Pridelands with the hyenas. But he cared about no one other than himself. Shere Khan has a massive burning hatred towards all humans and he will kill any one of them on sight when they come into the Jungle. Not only that but Tigers are the biggest and most powerful cats in the world. But lions live in Africa. Tigers live in Asia.

Simba: That is a very interesting difference.

Lincoln (Ratchet gives him chicken soup): You sure what you're doing can make me feel better, Ratchet?

Ratchet: Of course, Lincoln. Trust me. I'm a doctor! I've helped out Optimus and the other Autobots even before meeting you guys and before we made peace with the Decepticons.

Lincoln: That's awesome!

Nico: And Ratchet and Red Alert are the best doctors for the Autobots.

Lincoln: That is so cool.

Me: It sure is. (To Sora) Sora, you haven't been to a world centered around The Jungle Book have you?

Sora: No. As a matter of fact I haven't.

Me: Hmm. Maybe that's because that world is here on Earth.

Aqua: That is a very strong possibility.

Me: If that's the case we better go check it out and deal with Shere Khan. Lincoln, you stay here and rest up. You're in no condition to go anywhere.

Lincoln: Okay.

Nico: And don't worry, you're in good hands with Ratchet and Red Alert.

Lincoln: Okay.

Me: Good. Team Loud Phoenix Storm, lets fly!

We were off to India.

* * *

15,000 miles later, we were in the jungle of Central India. It was a dense jungle and a really beautiful place.

Me: The Jungle of India in Madhya Pradesh.

Lola: Wow! It sure is beautiful.

Nico: It sure is. But how are we gonna find Mowgli and the village he lives in here?

Me: We just have to follow landmarks that lead to it.

We trekked into the jungle and 2 hours later we found the village Mowgli lives in.

Me: Here we are.

Linka: It sure is a small village.

Livewire: It sure is.

Elena: But it's very peaceful.

We walked into the village and we saw Mowgli having fun with a girl named Shanti and Mowgli's little brother Ranjan. We met them and at first they were afraid of us but they were thrilled to meet us.

Shanti: Wow! Team Loud Phoenix Storm!

Me: That's right. It's a pleasure to meet you Shanti, Mowgli, Ranjan.

Mowgli: You too J.D. We heard so much about all your adventures.

Varie: We get that all the time.

Shanti: So what brings you all to our village?

Me: We're all here to kill Shere Khan. He terrorized this jungle for far too long.

Mowgli: And I will help you all.

Shanti: Me too!

Me: We greatly appreciate it. Lets get you all ready.

We trained Mowgli and Shanti in archery and how to use spears and swords and they learned everything we taught them really fast. As we prepared them we gathered Bagheera the Black Panther, Baloo the Bear, King Louie the Orangutan and his monkeys, the Vultures, Mowgli's wolf family and Colonel Hathi and the Jungle Patrol. We also gathered all of the members of the village. And we also had Simba with us. We had amassed a whole army of the most powerful animals of the animal kingdom.

Me: Wow! Now this is an amazing force. The most powerful creatures of the Animal Kingdom going after the most dangerous tiger ever to terrorize the India Jungle.

Bagheera: It sure does feel like it J.D.

Baloo: This is gonna be amazing!

King Louie: We're with you all the way J.D.

Monkey 1: Lets get that overgrown fur coat!

Flaps: We have to be careful around Shere Khan. He's a dangerous one.

Me: I know.

Mowgli: But we're ready for him.

Me: Then lets go.

We went into the jungle and we stayed close.

But then a super long Indian Python named Kaa arrived.

Kaa: Sssay now. We have a bunch of delicccious people.

Me: I take it you're Kaa.

Kaa: That'ssss right my friend. I think you are going to be a great meal.

Me: And I remember you have an amazing sense of hypnosis.

Kaa: You catch on very quickly.

Me: I thought snakes using hypnosis was proven to be just a myth. There was no scientific evidence that proved that they are capable of doing so.

Kaa: That'ssss what everyone thinksss about usss. Let me ssshow

you.

Kaa used his hypnotic vision on me. But to his shock it didn't work.

Kaa: Why isssn't it working on you?

Me: I guess I'm too strong willed for it.

Kaa: Then I will try it on sssomeone more weak-willed.

Kaa went over to Captain Atom.

Kaa: Look into my eyes.

Captain Atom: Alright. I'm looking. (punches him)

Kaa was sent flying and crashed into another tree.

Lori: Oooh! That must've literally hurt.

Luna: Yeah but he deserved it dude.

Lynn: Oh yeah.

G1 Scattershot (to Kaa): At least you're trying hard with your hypnosis. But it's weaker then other villains with mind control. Come back and fight us when your mind control abilities are strong enough.

Me: Lana can I ask you a question?

Lana: Sure J.D.

Me: I saw something very unusual in your room a while back as I was collecting trash. It was a folder and in it was something called the Trinity of Violence. What is that?

Lana: I made up that term and it's a cool nickname I created before you moved to Michigan, J.D. It's for the three most dangerous members of our family before they were cleansed so to speak. Here's the file.

Lana gave me a folder and I looked at it.

**Lori Loud**

**Age: 17**

**Likes: Bobby**

**Dislikes: Clyde**

**Threat Level: moderate (normal), atomic (angry)**

**Role: leader**

**Lynn Loud Jr.**

**Age: 13**

**Likes: sports (all of them), carbo-loading, winning, gothic poetry (from Lucy)?**

**Dislikes: comics, laziness, losing**

**Threat Level: dangerous**

**Role: enforcer**

**Lola Loud**

**Age: 6**

**Likes: herself, winning, shiny tiaras**

**Dislikes: being dirty**

**Threat level: dangerous (normal), atomic (angry)**

**Role: manipulator**

**Note: has a short fuse, is quick to anger**

Me: Wow! This is a good way to describe it.

Lori: I can't believe we were literally like that.

Lola: I know. It sickens me that we were that brutal.

Lynn: Yeah.

Me: The Triangle of Death. And I'll bet that this is what your Dark Sides are. They are pure evil and they hate Lincoln with a terrible vengeance.

Laney: That's a good way to describe it. But Lana this is an interesting way to describe our siblings.

Lana: Thanks Lanes. I learned a lot from Lisa.

We entered a meadow and we heard a Tiger Roar.

ROAARRRR!

Me: Shere Khan! He's close.

We stood ready for him.

We stayed quiet and waited and then we heard a roar and a pounce and we saw SHERE KHAN!

I blew him away with a powerful Shockwave blast. He rolled on the grass and we saw him and he was ready.

Shere Khan: So the Man cub has some special help.

Mowgli: That's right. And it's time for you to pay for your crimes!

Shere Khan (amused): I knew you'd all come after me eventually. After all, you all think of me as too dangerous to be left alive.

Cheetah: Nothing gets past you, genius. (readies claws) We'll make this quick.

Shere Khan: Do you even know why you and your friends are about to kill me, my dear?

Cheetah: You said it yourself. You've caused too much trouble for Mowgli and his friends. So we have to make sure you don't hurt anyone else.

Shere Khan (smirks): I think it goes way more deeper then that. What's your real reason for wanting to kill me? Is it to protect others from me? Or is it because I remind you all of Scar?

Me: No. It's to protect all humans from the likes of you. Also has anyone ever told you that you sound just like Frollo when we killed him?

Shere Khan: So I have heard.

Me: Lets take him down!

We all went at Shere Khan and it was a vicious fight. I punched him in the face and Baloo slashed him in the face with his claws. Same with Bagheera. The Wolves went at Shere Khan and bit and gnawed him. The Monkeys and King Louie threw huge amounts of fruit and rocks at Sheer Khan.

Nico: Shere Khan, you have failed this jungle!

Me: He's failed all Jungles.

Laney wrapped her vines around him and threw him into a tree.

Me: Lets get him! Combo time!

G1 Scattershot: Right! CYBER KEY POWER!

The Autobot Cyber Planet Key was inserted into the back of his cannon and it enhanced his electron pulse cannon to where it has the power of a superlaser cannon that contains enough firepower to obliterate a small city. In robot mode it enhanced his acid pellet gun to where he can fire 10,000 rounds-per-minute.

Captain Atom: UNIVERSAL CYBER KEY POWER!

The Universal Cyber Planet Key went into his device and it enhanced his powers.

G1 Scattershot and Captain Atom: ATOMIC OBLITERATOR CANNON!

G1 Scattershot fired a massive blast of energy from his cannon and Captain Atom fired a powerful blast of energy and the blasts combined and they hit Shere Khan and exploded with incredible power.

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Hun Gurr: Now it's our turn! CYBER KEY POWER!

The Animatron Cyber Planet Key was inserted into his back and enabled him to fire beams of light from his twin mouths in creature mode and it enhanced his sonic stun gun 100-fold.

Meowth: It's my turn! ANIMATRON CYBER KEY POWER!

The Animatron Cyber Planet key went into his device and it enhanced his fury swipes claws to where they are are big as swords that are sharper than a razor blade.

Hun Gurr and Meowth: LIGHTBEAM SWORDCLAW SLASH!

Hun Gurr fired powerful beams of light from his mouths and Meowth extended his claws and the blasts merged with them and turned them into energy claws and Meowth slashed Shere Khan all over the place.

Shanti kicked Shere Khan all over the place and fired an arrow at his tail and pinned him to the ground.

Me: Now it's time to finish this monster for good! Final Smash Time!

Cheetah: You got it! SPEED OF THE CHEETAH!

Cheetah ran faster than a bullet fired from a gun and slashed Shere Khan all over the place with indiscriminate fury.

Mowgli: My turn! ARROW JUNGLE BARRAGE!

Mowgli fired numerous arrows at Shere Khan and they rained on him and hurt him bad.

Me: Now to make sure you never terrorize the jungle ever again!

I formed a fire in my hands and so did Lola, Nico, Sam S.L., Aylene, Suzi, Yuko, Eion, Taranee, Volcana, Francis, Azula, and Jared.

Me: This is for all the pain and suffering you have caused to the jungle and to all of humanity. The jungle is a home for all creatures great and small and you are never welcome here!

Me, Lola, Nico, Sam S.L., Aylene, Suzi, Yuko, Courtney, Eion, Taranee, Volcana, Francis, Azula, and Jared: INFERNO HELLSTORM INCINERATOR!

We fired a massive blast of fire right at Shere Khan and the blasts combined. Shere Khan looked at what was coming and he was petrified with sheer fear. The fire blasts hit Shere Khan and engulfed Shere Khan in a massive tornado of pure fire and completely incinerated him into ash in an instant.

Mowgli: That was awesome! (To the viewers) Team Loud Phoenix Storm is a powerful force to be feared.

Baloo: They sure are.

During the fight, Nico caught a Skitty and a Nosepass.

* * *

Back at the estate we saw Lincoln eating soup while watching tv.

Me: Hey buddy. How are you feeling?

Lincoln: Almost better. Ratchet and Red Alert have been doing a great job.

Me: I'm glad buddy. You'll be back in the field by tomorrow.

Lincoln: I know.

I went up to Carol's room and she was now on week 26 of her Pregnancy. She was eating ice cream covered in onions and Brussels Sprouts. YUCK!

Me: Hey Carol. How are you feeling?

Carol: Getting big. But I'm so excited.

Me: I am too Carol. Triplet girls. That is gonna be so awesome!

Carol: It sure is.

Me: I know. We can't wait.

We were so excited for Carol.

THE END

---

Another Fanfiction Complete.

The Jungle Book has been one of my favorite childhood movies ever since I was a little boy. And it was an awesome movie from 1967. I never saw the 2nd Jungle Book from 2003. But I think they were both awesome! NicoChan11 gave me the ideas for this one. Thanks man as usual. Let me know what you all think.

See you all next time

# Warrior Princess Femme Fatale

It starts at the estate. Carol was in the final stages of her pregnancy. She was on week 40 and she was due any day now.

Carol: Maria, can you please be by my side along with Vince when the babies are coming out?

Maria: I will Carol. I will.

We were having a baby shower for Carol. We never had one of those before at the estate and it was a great day.

Me: So how are you feeling Carol?

Carol: Really heavy. But I'm due at anytime.

Lori: We literally can't wait to meet your little girls.

Bobby: Me neither babe.

Ronnie Anne: I can't wait either.

Me: Are you excited to be a father partner?

Vince: I sure am J.D. It's gonna be awesome!

Me: We're gonna be there for you to help you out partner.

Vince: Thanks man.

Carol got lots of great presents from friends and family. Suddenly Carol screamed.

Carol: AAAAAAHHH!

Me: What's wrong Carol!?

Carol: My water broke! It's time!

Me: Oh man! Come on guys! It's we got to get Carol to the hospital!

Varie: Roger that!

Me: Okay Carol, start your breathing.

Carol did so. We went to the hospital.

Maria: Okay Carol, I'm here.

Vince: We'll get you through this Carol.

At the hospital we were waiting outside the Delivery room.

Carol: VINCE, THIS IS THE LAST TIME! (screams in pain) YOU BASTARD! IT HURTS LIKE HELL!

Afterburner: Everything ok in there?

Me: It's labor pains. It happens.

Selena: Is that what happened to you mommy?

Tara: Yeah. It's very painful. It's not pleasant.

Gloria: Oh man.

In the delivery room, Maria was holding Carol's left hand and Vince was holding Carol's right hand. Carol was screaming in excruciating pain.

Maria: Carol, don't worry. They're almost out!

With one last scream Carol delivered her babies. Carol and Vince were now the parents of three adorable baby girls.

Nurse: Congratulations to you Carol. You and Vince are now the parents of three healthy baby girls.

Vince and Maria held two of them and Carol held the third one. 2 of them had black hair and brown eyes and the third one had blonde hair and green eyes.

Carol: Oh, Vince. They're beautiful.

Vince: They sure are Carol. Just like you.

Maria: Oh Carol. I'm so happy for the both of you.

Vince and Carol named their girls Carla, Evelyn and Pearl. Carla is the blonde girl.

Later they came out and we saw the girls. They were so adorable.

Me: Oh Carol. They are so adorable.

Carol: We named them. This is Carla.

Vince: And these two are Evelyn and Pearl.

Varie: Those are great names.

* * *

Back at the estate, Carol was still weak from the delivery. We had her sit in a rocking chair and she and Vince were watching over their children.

Me: If you need anything Carol, just let us know.

Carol: Okay J.D.

I silenced the alarm system to let Carol and the babies have some quiet and bonding and time for them to get to know each other.

* * *

The next day we were playing card games and Vince and Carol were taking care of her children.

Me: I'm so happy for Carol and Vince.

Lola: I am too J.D.

Lana: Same here.

Then there was a knock on the door.

Me: I'll get that.

I got the door and at the door was a young boy with black hair, red eyes and he had a pink shirt and green shorts and sandals.

Mark Chang: Hey! I'm Mark Chang.

Timmy: Hey Mark!

Mark: Turner! It is like great to see you here.

Timmy: You too Mark. Let me guess: Your crazy ex-fiancée is still out to get you.

Mark: That's right.

Mark Chang twisted a device on his shirt and revealed his true form. He was a gelatinous alien called a Yugopotamian.

Me: A Yugopotamian from the planet Yugopotamia.

Mark: That's right. It is like such an honor to meet the mighty J.D. Knudson of Team Loud Phoenix Storm.

Me: It's a pleasure to meet you too Mark. Timmy how do you know Mark?

Timmy: It's a funny story.

Mark first met Timmy when he wished for an alien monster for him and his friends, Chester McBadbat and A.J., to play with. Wanda Fairywinkle-Cosma and Cosmo Cosma, not being very good at making up monsters, "borrowed" one from Yugopotamia, which happened to be Mark. Upon arriving, he threatened to suck out the trio's brains with bendy straws, but believing him to be an advanced toy, the threat wasn't taken seriously, much to his confusion. Soon afterward Vicky burst in, frightening the kids. Seeing she had so easily instilled fear into the three that he failed to even faze, he immediately fell in love with her.

Thinking he was a kid in a costume, Vicky dragged Mark downstairs, where she ordered him to make her a chocolate shake. This caused him to fall for her more, since chocolate is the deadliest substance to Yugopotamians. While fixing his crush her meal he was attacked by Chester and A.J., still thinking he was a toy. He captured them easily and was about to suck their brains out when Timmy came in, armed and ready to fight. Timmy lost as well, but before Mark could do anything King Gripullon and Queen Jipjorrulac came to the front door, disguised as humans, and forced their son back home.

After returning home Mark became depressed without Vicky. On his birthday he began grieving when Cosmo showed up, fulfilling Timmy's desire to get Vicky "a million million" miles from him. The green-haired fairy showed Mark a fake message from Vicky, begging him to come take her away. All too eager to comply, Mark left with Jeff and Eric to retrieve her.

Landing on Earth, they quickly tracked Vicky and sprayed her with sleeping gas, then convinced Mr. Turner that she was leaving for Europe. They then returned to their home planet, only to find Timmy waiting, demanding her back. Unwilling to relinquish his love, he challenged Timmy to "dijifat", which Timmy immediately accepted, thinking it was some flower skipping horror. It was actually Death Combat, which Mark chose to have in the Yugopotamian War Arena. Despite struggling against Cosmo and Wanda's magic, Mark eventually got the upper-hand and fired a large gun… and missed.

Timmy then got to choose the arena, to which he picked Flappy Bob's Happy Camp Learn-a-Torium. Overwhelmed by the sweetness and bright colors, he surrendered. Feeling sorry for him, Timmy spared his life, promised to give him Vicky when he turned sixteen, and gave him a Smack-a-Mole machine as a birthday gift. Mark vowed to return once he had mastered the machine.

Mark was briefly brought to Earth by Timmy and Vicky's reset watches, but this event was quickly wiped out of the timeline.

The following Halloween, when the royal ship was near Earth, Mark noticed the planet was going to explode, and went down with Jeff and Eric in Candy Protection Suits. While they quickly found Vicky, Cosmo prevented him from leaving on Timmy's orders. When the then in place wish was reversed, Mark recognized Timmy and accused him of preparing for war (since so many Earthlings were gathering candy). Timmy went along with this, threatening Yugopotamia. Panicing, Mark and his friends beamed back up and launched the P-Bomb at Earth. This was exactly what Timmy wanted, as it was really a piñata full of candy. Mark was temporarily saddened by Vicky's supposed death… until it was revealed that they had her cloned.

Soon afterward, The Gigglepies invaded Yugopotamia, capturing and enslaving most of its inhabitants. Mark escaped, and traveled to Earth to recruit Timmy to battle them. He planned to fight alongside him, but was sidetracked by Vicky. While Timmy was freeing Yugopotamia, Vicky was forcing Mark to do backbreaking labor, which was the highest expression of love on his planet. Vicky took advantage of this by using him to make money. By the time Timmy returned, Vicky was rich, and Mark planned to stay, until Vicky hugged him. Horrified by this action, he quickly returned home.

Mark eventually returned to Earth and offered to skate with Trixie Tang after Timmy wished there were no more boys on Earth. He was soon wished out of existence by the following wish. When it was unwished, he reappeared in front of the White House, where he loudly declared himself "a hostile alien bent on world domination", which promptly got him arrested. He somehow escaped custody.

Shortly afterwards, Mark was forced into a marriage with Princess Mandie so the Yugopotamians and the Boudacians could forge a military alliance. Mark, however, was repulsed by Mandie's appearance, and fled to Earth, where he begged Timmy to let him hide there. Timmy agreed, and he began attending school disguised as a human student, while parking his ship in the Dimmsdale Dump. Eventually, however, Mandie found him and froze Cosmo and Wanda in carbonite to prevent their interference. After a long chase, Timmy and Mark tricked her into taking a transformed Denzel Crocker instead.

Mark had Timmy over for dinner soon afterward, where he served him healthy food for dessert, to Timmy's horror. When Timmy wished for just dessert, Mark remained the only one thin due to his healthy choices. When the Earth began drifting toward the sun, he planned to flee, but the now bloated Timmy stopped him. He then sat on him until he gave up the last of his healthy food.

When F.L.A.R.G. started, Mark fell into a depression at being unable to attend. Timmy decided to give him everything he needed to celebrate the holiday. Mark spent the next five days putting Timmy through a painful holi-week, accumulating in Goodbye… where he planned to blow up the Earth. Timmy convinced him he couldn't blow up the Earth since it was now his home. Mark agreed, and redirected the missile(with some more convincing from Timmy so his appendix would not destroy the Earth) to somewhere else, but we then find it hit Fairy World.

Shortly after his Fake-i-fier short circuited, allowing Mandie to find him. In a panic, Timmy wished everything was like a child's puzzle book he was reading. As a result, Mark spent a while disguised as a trophy until Mandie threatened to blow up Dimmsdale Elementary School unless Mark surrendered. Mark complied, but she refused to spare the school. Fortunately, by that time Cosmo and Wanda recovered their wands and wished Mandie away. When Timmy wished the world into a futuristic society, Mark was able to walk freely. He joined Timmy in defeating the Big Brain.

Mark eventually celebrated his one year anniversary on Earth with Cosmo, Wanda, Poof, and Timmy, where he revealed he was dating Vicky. However, the group was abducted by Grippulon, who explained he was targeted by an unknown assassin. Mark agreed to temporarily take the throne, sending his father to Earth disguised as Timmy while his mother but, being preoccupied trying to get Poof back from Mr. Turner and Mrs. Turner, he did nothing, allowing Mark left for a spa date. Immediately after taking the throne Mandie revealed herself as the assassin and forced Mark to marry her, shrinking the fairies so they couldn't interfere. She then promptly tossed her husband and Timmy into jail. The pair escaped and fled to Earth, with Mandie in pursuit. Disguising himself as Justin Jake Ashton, Vicky's boyfriend, he got Vicky and Mandie to fight, which Vicky won. Mark hugged his girlfriend, causing his true form to be revealed, which led to Vicky dumping him. Mandie was arrested and sent to jail, and Mark chose to stay on Earth until it was time for him to truly take the throne.

Shortly after Mandie was arrested, Mark's Fake-i-fier began to malfunction once more. He ran to Timmy to get it fixed, to go through several ordeals. Finally, Timmy had Mark pose as Poof's alien mom, allowing them to get him back. They then fixed the Fake-i-fier.

Not long after his Fake-i-fier began malfunctioning again. Rather than go to Cosmo and Wanda, he opted to travel back to Yugopotamia to retrive one from his parents. Unfortunately, he arrived just as The Darkness was invading Yugopotamia. With only one royal escape pod left, King Gripullon and Queen Jipjorrulac sent their son back to Earth. He landed right on top of an Eliminator impersonating him. After taking the destroyed robot's Fake-i-fier as his own, he explained the situation to Timmy and his fairies. The group traveled to Fairy World to tell Turbo Thunder, who they believed to be the true chosen one, but arrived just after Jorgen Von Strangle had banned him from the realm. Jorgen took them to the Cave Of Destiny, where they discovered a second part of the prophecy, written in Yugopotamian. This one called for Timmy to find the Wind Wand on the dark side of the blue moon to vanquish The Darkness once more. Shortly afterwards the Eliminators invaded Fairy World, capturing the world's fairies. Timmy and Mark barely escaped through a portal in the cave's wall.

Timmy decided to find the wand, asking Mark to come with him. The Yugopotamian prince refused, however, preferring to stay at home and eat. However, when Timmy got attacked by Eliminators disguised as his parents, he had a change of heart and decided to help him. After being attacked by Eliminators impersonating Chester, A.J., and Trixie, and realizing they had no ship since Mark's was on Yugopotamia, they decided to seek help from more unusual sorce. Going into the Crocker Cave, they asked Timmy's teacher for help. Crocker agreed after Timmy anticlimatically admitted he had fairies and let them use his telescope. There, they saw The Blue Moon of the Vegan System, where the Wind Wand rested. Crocker also provided a rocket for transportation, but launched it before anyone was on it. Unfazed, Timmy asked for a laptop, an internet connection, and a whoopie cushion, which Mark readily provided. The resulting TooYube video had the desired effect: getting Dark Laser to come to Earth in a fit of rage. Timmy merely pushed him back on his ship and summoned Vicky just before taking off. After a quick explanation, and a few promises, the group began heading toward the Blue Moon.

The group decided to stop at a canteen at the neighboring planet Frigidarium. It turned out to be a trap by the Eliminators. The resulting fight was undeniably one sided, with Crocker, Vicky, and Dark Laser getting captured. Mark and Timmy ran out, only to run into Turbo Thunder, demanding to know where the Wind Wand was. Timmy agreed on the condition that he would take him and Mark with him. Thunder promised, but after Timmy told him the location he abandoned them to the Eliminators. Mark saved their lives by swallowing Timmy and stowing away on the bottom of Thunder's ship. When the reached the Blue Moon he coughed his friend up.

After Timmy earned the Wind Wand and proved himself the true Chosen One, the Darkness appeared. Fortunately, at that point so did all to Timmy's now freed friends. The Darkness responded by attempting to swallow them all. Timmy, realizing what he had to do, sacrificed himself. After temporarily mourning his friend, Mark attempted to take advantage of the grieving Vicky, with predictably painful results.

After Timmy was rescued from The Darkness, Mark welcomed him back to Earth, interrupting an attempted kiss between him and Trixie. He then geared up to fight The Darkness, but was soon captured by invading Eliminators. After The Darkness became The Kindness, he was restored. He then attended a large party in celebration.

In Marked Man, he meets Chloe Carmichael who is the second human besides Timmy to truly accept him and his alien ways. Mark was revealed to have a dream of being accepted by the humans in his true form and free to be a hair stylist. With Chloe's encouragement, he goes to her and Timmy's school revealing his true form to their classmates. However, it turned out everyone there were government agents (including Mr. Crocker's mother) who immediately pursued him. After a series of events, Chloe and Mark with Mark being promised to put in a cell next to Big Foot and the Lochness Monster who are revealed to be his band mates. As he and Chloe were captured, Timmy's actions saved them, she and Mark were released and the latter was permitted to live on Earth in his true form while releasing his band mates.

In the end, Mark was able to live out his dream of being accepted in his true form and be a hairstylist with Chloe, Timmy, Big Foot, and the Lochness Monster being his first customers.

Me: That's crazy! And now your evil Ex-Fiancée won't stop until she kills you and rules all of Yugopotamia with an iron fist?

Mark: Uh, yeah. She won't stop until she kills me. Che-yeah.

Lincoln: We have to stop her!

Mark: Well, dudes. You finally got what you wanted. Yugopotamia won't be invading Earth now since Mandie's going to take it over.

Afterburner: Oh, I wouldn't say that.

Terra (Kingdom Hearts): This isn't the first alien invader that we had to take out.

Rapunzel: We'll help you get rid of Mandie, Mark. But on one condition. You and Yugopotamia stop invading Earth and help out us whenever we need your help.

Mark: You dudes think you can stop Mandie? Like, good luck!

Sinnertwin: Was that a yes?

Mark (sighs): Yes.

Venom: Great! Let's get to work.

Nico: So you're saying that Mandie always tracks you down by locking onto your physical form, right?

Maria (Mark nods): Well, what if you're not in your actualy physical form?

Mark: What do you mean, dudette?

Carol: Maria means that you should stay in disguise just long enough to trap Mandie.

Mark: That's like a great idea!

Me: We have to get ready.

The alarm lights went off.

Me: Uh oh.

We saw on the computer a gemstone spaceship.

Mark (sees Mandie's ship): Dudes, she's here!

Afterburner: Good. Because we only got one shot at this.

Mark was shaking in fear.

We fired a laser blast at the ship and it hit it and exploded and it crashed to the ground.

KABOOOM!

The Ship opened up and out came PRINCESS MANDIE OF BOUDACIA! She was a beautiful warrior princess. But she was an immensely deadly and fierce warrior.

Mandie: Oh, Mark! Where are you?

Venom (to Mark): Remember, as long as you're in disguise, she can't see you.

Mandie: Excuse me. Have you seen my husband to be?

Terra (aims his Keyblade at Mandie): Easy, Mark. Easy.

Me: Mandie of Boudacia.

Mandie: J.D. Knudson of Team Loud Phoenix Storm. Tell me where Mark is.

Me: Hmm. Let me think about that. No.

Mandie: (Unsheathes her Plasma Sword) THEN DIE!

We clashed our swords.

Lola: You are an absolutely terrible princess! You make all us princesses look bad!

Me: Not only that but you make me sick just looking at you Mandie! You are the worst princess ever!

Mandie: (ENRAGED SCREAMING) NOBODY TALKS TO ME THAT WAY!

We clashed our swords and I had a blade of pure white hot fire and we clashed our blades and sparks were flying all over the place. Lola punched Mandie in the face and fired a massive blast of fire at her.

Terra slashed her with his Keyblade.

Nico: Princess Mandie, you have failed this city!

Me: More like she has failed this whole galaxy.

Nico fired a powerful blast of razor wind with Oceanus Shenron's powers.

Tara threw a massive chunk of Earth at Mandie and it slammed into her. Stacy fired a massive blast of lightning at Mandie and electrocuted her.

Me: You are a monster Mandie! I will never let you rule all of Yugopotamia!

Mandie: THEN DIE!

Me: You first!

?: Let me help you out.

We turned and saw a man made of pure silver riding a surfboard flying toward us. It was the legendary Silver Surfer of the planet Zenn-La.

Me: Oh wow! Norrin Radd A.K.A. Silver Surfer. It's an honor.

Silver Surfer: Same here J.D. Shall we team up and take down this witch?

Me: You know it Norrin. Lets do it!

I went Super Angel and we flew at Mandie. I fired a powerful energy blast and it hit by her and exploded. Sending her into the air and Silver Surfer fired a powerful blast of cosmic energy at her and it hit her and exploded.

KRABBBOOOOOOOOOOOOOOOOOOOOMM!

Me: Time to finish her. Combo time!

Afterburner: You got it J.D. CYBER KEY POWER!

The Velocitron Cyber Planet Key went into his rocket booster and it enhanced his rocket fuel packs to boost his speed to 20,000 miles per hour and his blaster pistol and pulse cannon was enhanced and 8 more blasters popped out.

Terra (KH): Time for some action! EARTH CYBER KEY POWER!

The Earth Cyber Planet Key into his Keyblade and it enabled him to utilize the powers of all of Organization XIII.

Afterburner and Terra (Kingdom Hearts): 13 MISSILE STRIKESTORM!

Afterburner fired his missiles and Terra fired blasts of energy that were those of all the powers of Organization XIII. They hit Mandie and exploded powerfully.

Sinnertwin: It's our turn. CYBER KEY POWER!

The Animatron Cyber Planet Key went into the back of his head and it sharpened his teeth and pronghorns even more and his flame cannon and flame breath had thermonuclear fire at 1,000,000,000 degrees Fahrenheit and his rocket grenade launcher was enhanced to pierce the strongest metal in the universe

Venom: GIGANTION CYBER KEY POWER!

The Gigantion Cyber Planet Key went into his device and he got all the strength and skills of all the Symbiotes we know.

Sinnertwin and Venom: THERMAL SYMBIOTE STORMSLASH!

Sinnertwin fired a powerful blast of fire and Venom fired tentacles in the shapes of the mouths of all the symbiotes we know and they gnawed on Mandie and the fire burned her badly.

Me: Final Smash time guys!

Rapunzel: You got it! SUN FLARE HAIRWHIP!

Rapunzel's hair ignited with solar plasma fire and she lashed Mandie with Solar Flare fire.

Mark Chang: My turn! Che-yeah! YUGOPOTAMIA WRATHLASH!

Mark Chang slashed Mandie with his tentacles and slashed her to pieces with them and splattered them all over the place.

Me and Lola fired a powerful blast of fire and incinerated all of the pieces into ash. Princess Mandie, the most fierce warrior princess in the galaxy was dead. She was no match for the awesome power of Team Loud Phoenix Storm.

Lola kept Mandie's plasma sword as a trophy and one of her weapons of choice.

Me: That was awesome! Norrin we greatly appreciate you helping us.

Silver Surfer: You're welcome J.D.

?: (Arnold Schwarzenegger Accent) You'll love it when I dance with you!

We turned and saw the Anti-Fairy verson of Jorgen Von Strangle, Anti-Jorgen Von Strangle. But unlike his strong fairy counterpart he was the exact opposite.

Like all Fairies, Jorgen Von Strangle has an Anti-Fairy counterpart that is the complete opposite of him. Jorgen is rather embarrassed by his counterpart's pathetic appearance, as the more feminine Anti-Jorgen defines how masculine he is. Jorgen almost never talks about him. Jorgen is the strongest fairy and in charge while Anti-Jorgen is weak and just a plain every day Anti-Fairy. Jorgen is a sadistic bully with power both physically and politically, making Anti-Jorgen a spineless weakling in a humiliating position in life. He also acts in an extremely girly manner, which is the opposite of Jorgen's manly behavior. A proper way to look at it is seeing Anti-Jorgen in the shoes of Binky and Anti-Binky in the shoes of Jorgen.

Instead of wearing a tough dog military outfit like regular Jorgen, Anti-Jorgen wears a ballerina outfit. A similar version of him was also shown in a Fairly OddParents comic story, Will the Real Cosmo Please Stand Up?, that is apparently 2.5 inches tall. He is a tremendous sissy who enjoys making macaroni art, and unlike the real Jorgen he lacks big muscles due to being a weakling. In "Jimmy Timmy Power Hour 2", Anti-Jorgen was shown to have big muscles unlike in his other appearances.

Me: You got to be flipping kidding!

Timmy: It's Jorgen's Anti-Fairy Counterpart.

Me: He's as skinny as a toothpick.

I walked up to him.

Me: Boy this version of Jorgen makes him look like a total laughingstock.

Stellar: You got that right J.D. Anti-Jorgen is the weakest in the universe.

Stardust: And his dancing is absolutely horrible.

Me: That's quite a flip side. And this has to be the smallest fairy I've ever seen.

I drew my punch back and dealt him a powerful punch that was so devastating that it blew him into a million pieces and splattered them all all over the place.

Me: Oh yuck! That was gross! You weren't kidding Stellar. He really was the weakest fairy in the universe.

Mark Chang: (To the viewers) Uh. What am I supposed to say to you guys?

Nico also caught a Sableye and a Mawile. But Princess Mandie was beaten and Anti-Jorgen was dead.

THE END

---

Another Fanfiction Complete

Princess Mandie was a strange villain in Fairly Oddparents and Tara Strong did a great job voicing her back then. She has always had a great job of voicing boys and girls. We now started to kill the Anti-Fairies. 1 down and who knows how many more to go. NicoChan11 gave me the ideas for this one. Thanks man as usual. Let me know what you think.

See you all next time.

# Frog Wild

It starts at Gotham Royal York Elementary School.

[School bell rings]

Mrs. Johnson: Okay, class, tomorrow we're wrapping up our biology studies with a special project. We'll be dissecting… [pulls down a scroll of a frog and its anatomy]… frogs!

[Her students all exclaim with joy]

Mrs. Johnson: Get ready to jump in! [laughs but gets no reaction; disappointed] Really? No one?

Lincoln: [eager] Dissecting frogs? That sounds-

[Instant segue to Lana and Laney]

Lana and Laney: HORRIBLE!

Laney: Lincoln, why would you do such cruel thing to an innocent creature?

Lana: You can't do that!

Lincoln: They're just frogs, guys. What's the big deal?

Lana: [grabs Lincoln by his hair] We'll show you what the big deal is! [pulls him into her room]

Lincoln: Ow! Ow!

[The door closes and Lana gets out a portable projector]

Lana: Watch this movie we made about Hops. [gives him the projector as Hops lands on her arm and croaks]

[Lincoln cranks the handle on the projector and peeps through the lens]

HOPS: A Life in Leaps

[The film begins with Laney sitting by the pond where Lana was lurking]

Narrator Laney: I was taking Lana to the park one day. She was so eager to play in the pond.

Narrator Lana: I'll never forget the day I met my future best friend.

[Someone squirts Lana and it reveals to be Hops. Lana then squirts him back and they laugh]

Film Lana: You're the best froggy. Well, I gotta go. Dad's making meatloaf tonight. Thanks for the fun day.

[As she prepares to leave, the little froggy paddles on his lily pad and makes a sad face to Lana]

Film Lana: Aw. You're lonely, aren't ya, little guy? Would you like to come home and live with me?

[Hops nods, leaps and pulls himself into Lana's dungaree pocket]

Film Lana: I'm gonna name you Hops.

Film Hops: [croaks]

Film Laney: [looks around] Lana, where are you? [Lana walks over to her] Oh, there you are. [looks at Hops] Who's your friend? [Hops leaps onto Laney's shoulder]

Film Lana: Aw, Hops likes you. [Hops squirts at Laney and she and Lana laughed]

Narrator Lana: Since that day, we've been pretty inseparable. We eat all our meals together.

[The two are eating a bowl of mud with crickets]

Narrator Lana: Hops likes his crickets chocolate-covered. But I like mine plain.

[They're playing Double Dutch together]

Narrator Lana: We play together. We even get our school photos taken together.

Photographer: [dully] Alright, kid, smile. Three, two, one. Cheese.

[Hops comes out of Lana's pocket and is wearing some dungarees of his own.]

Narrator Laney: I have to admit, I had my differences around him. [Hops leaped over to a sad Laney and cuddled against her] But he kinda helped me through hard times.

[In Lana's room]

Film Lana: Nighty-night, buddy. [kisses him and puts him in his tank]

Film Hops: [croaks]

Narrator Lana: I can't imagine what life would be like without my best friend Hops.

[Hops leaps out of the tank and rests himself next to Lana. Lana winces, notices and smiles as the two of them slumber together.]

THE END

Lincoln: [touched and driven to tears] That was the most beautiful thing I've ever seen.

[Hops grabs a box of tissues with his tongue]

Lana: [handing her brother a tissue who then blows his nose] You see, Lincoln? Frogs are cooler on the outside than they are on the inside. So please, don't dissect them.

Killer Frost: Lana, why are you against Lincoln's assignment? Don't you want Lincoln to get a good grade?

Lana: I do. But I don't want him to dissect frogs.

Heidi came in with a look of panic.

Heidi: Guys! Please don't mention the D word.

Lincoln: What D word? Dissect?

Heidi: That's the one. My dad doesn't like that word at all. He has a very weak stomach and every time he hears that word he projectile vomits a dumpster-load of vomit all over the place.

Laney: Whoa! It's that bad?

Heidi: Oh yeah. Dad can't stand that word. Its been that way for him ever since middle school.

FLASHBACK - Middle School for Jared.

Heidi: (Narrating) **My dad was in science class and their project for the class was dissecting Fetal Pigs. The most insidiously notorious dissection project ever. They dissect unborn pigs. As dad was dissecting them, he got sick to his stomach big time and he ran out of the school and projectile vomited in a dumpster. The Vomit came streaming out of him like Niagara Falls and it was so bad that he filled up 2 garbage dumpsters full of vomit. He collapsed from exhaustion and he wouldn't get out of his bed for 2 whole months. It was that bad.**

FLASHBACK ENDS

Heidi: That's why dad hates that word. Every time he hears it, he projectile vomits all over the place because of it.

Laney: That's horrible.

Poison Ivy: No kidding.

Lana: So please don't dissect the frogs Lincoln.

Lincoln: I won't. And neither will anyone else.

Laney: What do you mean?

Lincoln: We're going on a rescue mission. [The three siblings put there hands in]

Lana: Don't forget Hops! [Hops leaps into the group five]

Bloom: You know what? Forget the grade. We need to protect these frogs!

Heidi: Lets do it guys.

[The next day in Mrs. Johnson's class]

Mrs. Johnson: Alright, class, when we return from lunch, we'll leap into our frog dissecting! [still gets no reaction] Come on, people! I'm giving you comedy gold here!

[The bell rings and the class goes out to lunch. Mrs. Johnson locks the door and as soon as she leaves, Lincoln pops up from the corner and busts out his walkie-talkie]

Lincoln: Laney, where are you? [Laney dashes in]

Laney: Right here, Lincoln.

Lincoln: Great, where's Lana? [Lana pops out from the trash can next to him] Oh, good hiding place.

Lana: What are you talking about? Hops and I were just eating lunch. [belches out an apple core]

Hops: [belches out a peanut shell, Laney is disgusted]

Lincoln: Heidi, Killer Frost, Poison Ivy, Elena, Bloom, Will? Where are you?

They appeared out of the air vents.

Heidi: Here guys.

Lincoln: Let's go!

[They move out and Lana breaks out her locksmith equipment and grabs one of her keys to open the door to Mrs. Johnson's room, but it fails]

Lana: We have a problem. It's a surface mounted deadbolt with a tumbler locking mechanism.

Lincoln: In English, please?

Lana: We'll have to find another way in.

Heidi: I got this. (In her head, Echoing) **METAL STYLE: SKELETON KEY JUTSU!**

Heidi formed her finger into a skeleton key and stuck it into the lock and the door opened.

Lincoln: Wow! That was so clever.

Heidi: Thanks Lincoln. Dad taught me how to use Shinobi Techniques.

Laney: What was that technique?

Heidi: It's called Metal Style: Skeleton Key Jutsu. It's a very handy jutsu. What it does is it turns your finger into metal and shapes your finger into a skeleton key that can pick any lock no matter how well crafted.

Killer Frost: That's really clever.

Elena: It sure is.

[They went into Mrs. Johnson's room]

Lana: [to the frogs in the tank] What's up, frog-ays? We're here to rescue you!

Will: The frogs are so cute! I'm actually a fan of frogs.

Lana: You have great love for frogs Will.

Lincoln: [grabs the tank] Let's go!

[Just then, the doorknob is rattling, meaning Mrs. Johnson is coming.]

Heidi: (Gasp) Mrs. Johnson's coming!

They all gulp in fear. Mrs. Johnson enters the room to find the frogs are gone.

Mrs. Johnson: [gasps] My frogs! [runs to the window] PRINCIPAL HUGGINS! PRINCIPAL HUGGINS! [runs out of the room to tell Principal Huggins and closes the door]

[They all then reveal themselves to have been behind her desk instead of having escaped with the frogs]

Lincoln: Whoa. That open window decoy was brilliant.

Lana: What do you think, this is my first animal rescue?

Elena: That was really clever.

[They then proceed to exit through the window for real]

[They take the frogs to the pond]

Lincoln: Be free, my amphibian friends! Be free!

Bloom: Go for it guys!

[Hops croaks to them to go, but they don't understand]

[Lana dumps them out of the tank]

Lana: Good luck, frog-ays! Have a nice life!

[Just as the frogs begin to enjoy their freedom, a flock of birds circles above them]

Lincoln: Uh, you guys might wanna get moving.

[Some turtles rise from the water, preparing to snack on the frogs]

Lana: Seriously, guys, go!

[Some snakes are eying the amphibian appetizers]

Lincoln: Do you wanna be today's lunch special? MOVE! [They don't budge] Why aren't they moving? [Laney grabs the frogs and puts them back in the tank]

Shrapnel: Why aren't the frogs moving?

Shocker: Maybe we need to put them into the water.

Lana: Lets do it.

They did so and the frogs were stumped as if they never went into the water before.

Heidi: It's not working.

Laney: Maybe, they've never been to the wild before.

Lana: [notices a snake trying to eat one of them] HEY, YOU! NOT COOL! [wrestles the snake and saves the frog] Guys, we can't leave them here.

Shocker: No we can't.

Shrapnel: We have to do something.

Laney: What do we do?

Lincoln: [gathering them up] You're right. We'll take them home till we can think of a better plan.

[A raccoon arrives with a bib, knife and fork]

Lana: DON'T EVEN THINK ABOUT IT!

[The raccoon runs off in fear]

[They get the frogs to Lola and Lana's room]

Lincoln: They'll be safe here. Come on. We gotta go. Lunch hour's almost up.

[Lana puts Hops on her bed]

Lana: Alright, Hops, you and Laney keep an eye on them till we get back.

Heidi: Me and the Redemption Squad will watch them too.

Lana: Okay. Good luck.

---

Later Principal Huggins came up to the estate.

Huggins (to himself): Do I really want to barge into Team Loud Phoenix Storm's home? No. But do I really want those frogs back? Yes!

Poromon: Why don't we just put the frogs somewhere else? Like with Batman?

Heidi: That's a great idea.

[Just then, Principal Huggins is pounding at the door]

Principal Huggins: Open up, Loud! Frog inspection!

[Before they open the door, Principal Huggins just barges in]

Principal Huggins: Good afternoon, children.

Beast Boy: Come on in, Mr. H! We've got nothing to hide.

Heidi: Hello Principal Huggins.

Elena: Hi, Mr. Huggins! How can we help you today?

Principal Huggins: Hello Heidi. Garfield. Elena. [looks around the living room] Well, I don't see any frogs here. I guess I'll just be on my way. [Lincoln and Lana smile at each other relieved] NOT! [Laney walks up to him]

Laney: Don't be too hasty, Mr… um.

Principal Huggins: Huggins.

Laney: Yes, Huggins. You're our guest here. [pushes Huggins to the living room] Please, allow us to make you right at home. [Huggins stops her]

Principal Huggins: I'll make myself at home, thank you. [As he continues his inspection, Lincoln and Lana notice some frogs nearby while he's not looking. Lincoln yelps in panic and grabs his principal's coat]

Lincoln: Let me take your coat. [tosses it over the frogs out of Huggins' view]

Principal Huggins: [sarcastically] Yes, just put that down anywhere, why don't you?

Killer Frost: Please don't use sarcasm around us.

[He checks under a sofa cushion which has some gross content beneath and under the sofa itself. Lana then spots a frog by the window behind the TV and closes the curtain]

Lana: Uh… I didn't want the glare to hurt your eyeballs, sir.

[Some glass shatters off in the distance]

Principal Huggins: What was that?

Laney: Uh, I got it! [she Lana and Lincoln run off to the kitchen]

[The noise came from the kitchen as the three pick them up and put them in the fridge then Laney hides one in her scarf. They forgot one and Lana grabs it before Huggins enters]

Principal Huggins: You three seem a bit nervous.

Laney: Nervous? Us? No no.

Heidi: I'm never nervous.

Lana: [muffled with the frog in her mouth] Not at all!

[A fly comes whizzing by and the frog grabs it with its tongue]

Lana: [playing it off] Mmm. Protein. [chuckles]

Heidi: Yuck.

Laney: [chuckles along] Yeah, she's always likes to eat bugs. It's her thing. [The frog inside Laney's scarf then croaked, Huggins then glared at Laney]

Principal Huggins: Did I just hear a croak?

Laney: Uhm… [tugs her scarf] My throat's feeling kind of froggy. Um, not that there's acutually frog in my throat- Dah! I mean, it's just an expression… [Laney nervously smiles. Huggins looks in the pantry and the oven, and just as he's about to check the fridge, Lincoln squirts him with a hose connected to the sink]

Lincoln: Sorry, sir. You had some schmutz on you. Here, let me get you a towel. [rubs Huggins' face]

[While he can't see, Lana spits the frog out and tosses it onto the ceiling]

Principal Huggins: [ceases Lincoln's rubbing] Stop it! [hears a thud from the distance] Hmm… maybe I'll go check UPSTAIRS!

[They go upstairs and one frog is on the inside of the wall before Lisa and Lily's room. A fly comes by and the frog catches it while hitting Huggins' face in the process. Lincoln grabs it and hides it behind his back before Huggins notices]

Lincoln: [with some viscous substance on his finger] Wet willie! Uh… just trying to lighten the mood.

[They go to the door to Lucy and Lynn's rooms]

Principal Huggins: What's this room?

Lincoln: That's Lynn's bedroom. She's a sports athlete.

Principal Huggins opens her door and he saw Lynn's stadium gym.

Principal Huggins: Wow! Lynn's room is huge.

Lincoln: That's Lynn for you. She lives in a huge stadium.

They left and came up to Lucy's door.

Principal Huggins: What's this room?

Heidi: That's Lucy's room. But she can be very spooky.

Principal Huggins opened the door and out came a huge swarm of bats and he screamed in fright!

Principal Huggins: That room looks clear. [pulls himself together and goes to the door to the nursery] What's this room?

Laney: That's our nursery. Carol is in there feeding her daughters. They were born 4 days ago.

Principal Huggins: Aw. I'm so happy for her. Better not disturb her.

He came up to Lori's room.

Principal Huggins: What's this room?

Elena: That's Lori's room and our briefing room. But we can't go in there without permission. She has an intense security system.

Principal Huggins: I'll take my chances. [grabs the doorknob which sends an electric shock to his entire body; brushes himself off] Well, upstairs looks clear. I need to use your restroom.

Laney showed him the restroom.

Will (she and Shocker are about to leave): It's been nice knowing you, Mr. Huggins.

Principal Huggins: Where are you two going?

Shocker: We're going to Dairy Queen. We are not going to be in the same room as a pissed off Jared!

Principal Huggins: I'll be fine.

Heidi: Oh no.

He went in and then the sounds of ferocious fighting and screaming were heard as Jared was pulverizing Principal Huggins in a brutal manner.

Lana: Oh man!

Principal Huggins came out and he looked mangled and mauled.

Jared: Never disturb my privacy time!

Heidi: Sorry dad.

Jared: Oh was he with you Heidi? I'm sorry, I didn't know. But don't do it again.

Heidi: It's all right.

Poison Ivy (blows Pheremone Dust onto Huggins): Now, Huggins. Why don't you give this whole frog thing a rest and take a long nap at your house?

Principal Huggins: Good idea. Thank you.

He left.

Heidi: That was a close one. I got an idea. Lets show them all about how great frogs are outside rather on the inside.

Laney: That's a great idea.

Lincoln: Hops! You beautiful, green, warty genius! Up high, buddy.

[Hops gives Lincoln a high tongue]

---

The next day at school.

Principal Huggins is now watching the film and has been moved the way Lincoln has.

Principal Huggins: [crying] That was the most beautiful thing I've ever seen!

[He and Mrs. Johnson are both crying]

Mrs. Johnson: [in tears] Don't hog it, Huggins! I wanna watch it again! [takes the projector and watches the film again]

Lincoln: See? Frogs are way cooler on the outside.

Heidi: They sure are.

Killer Frost: I would never do something like that to frogs.

Principal Huggins: There is no way we're dissecting them. But what are we going to do with all these frogs?

Lincoln: I'm glad you asked.

[Some time later, the frogs now have their own little paradise in the tank]

Lana: We call it the Frog-ay Fortress.

Me and Nico arrived.

Me: Wow! That is an awesome habitat.

Nico: It sure is. This habitat has been successfully built for this city.

Laney: Oh yeah.

Me: You see Principal Huggins, I don't like dissecting frogs either. But please don't give Lincoln a bad grade for trying to help the frogs. He, Laney and Lana didn't want to see them die because of it.

Principal Huggins: Ah you're right J.D. Lincoln will get an A+ for his deeds. I'll let them off with a warning.

Me: Next time we'll do a petition for the school instead of acting out.

Principal Huggins: That's the wise approach J.D.

Me: Oh yeah. Here's our latest comic hot off the presses.

I gave Principal Huggins our latest comic: Ace Savvy and the Wrath of the Blackjack Pirates.

Principal Huggins: Oh wow! Thanks J.D.

Killer Frost: (To the Viewers) When it comes to all animals, Lana has a good heart and will do whatever it takes to protect them.

Me: You got that right Louise.

[The kids all gather to observe with fascination]

Female Student: Um, what are those two frogs doing?

Mrs. Johnson: [exclaims in shock and covers the tank with the map of the United States] CLASS DISMISSED!

[Lincoln, Laney and Lana are walking home after school. Later, they walk by Jean Juan's French Mex Buffet, come back to it and see a poster advertising a new dish added to their menu]

NEW! ROASTED DUCK ENCHILADAS

Lincoln and Lana: Tonight's special: roasted duck enchiladas?!
[Lana and Lincoln look at each other]

Laney: [To the viewers] Well, here we go again.

[The three are seen running off with the restaurant's entire shipment of ducks, trying to set them free and going through their animal saving episode once again]

THE END

---

Another Fanfiction Complete.

Another Fanfiction Complete. I've been wanting to do the episode Frog Wild for a while but I didn't know how to set it all up. NicoChan11 gave me the ideas for this one. Thanks man as usual. Let me know what you all think.

See you all next time

# Never Mess With Voodoo Magic

It starts with us in the Living Room. We were watching one of my favorite movies: The Princess and The Frog from 2009. It took place in New Orleans, Louisiana in 1926. And it was about a girl named Tiana who became an aspiring chef at a great restaurant. But the evil Voodoo witch-doctor, Doctor Facilier plans to take over all of New Orleans with his voodoo magic by turning Prince Naveen of Maldonia into a frog and giving his blood to the Voodoo Spirits. The Voodoo spirits give him a talisman in the shape of Naveen with which he intends to use to have Lawrence marry Charlotte so he can kill her and get his fortune. We saw the movie and how great it was. When it was done we cheered wildly.

Me: That was awesome!

Lori: It literally was a great movie.

Lucy: But that Dr. Facilier was playing with forces no one should ever know about.

Brittney: You got that right Lucy. But if we do face Facilier, and I have a feeling we will, we will be ready for him.

Maggie: We will.

Then the doorbell rang and Spiderman got the door. It was Robbie Robertson of the Daily Bugle.

Spiderman: Great to see you again, Robbie!

Robbie: Same here, Peter. The Bugle hasn't been the same without you.

Me: Hey Robbie. How have you been?

Robbie: I've been doing great J.D.

Me: That's good.

Robbie: I can't tell you how happy I am that Jonah's in prison now. I never liked working for that man, especially since he hired Scorpion to kill Peter.

Rhino: FYI, I was planning to kill Gargan by ripping him in half before Leni sliced his head off.

Leni: Sorry, Rhino. I didn't know you wanted to kill him yourself.

Rhino: Aw it's all right Leni.

Lisa then came down and she had a black fingerless glove with her.

Lisa: Everyone, I just completed my latest invention that can kill Anti-Fairies!

Me: Lets see Lisa.

Lisa: I present to you the Death Gauntlet. It is infused with the acidic properties of J.D.'s poisonous blood that is powerful to kill the Anti-Fairies on contact with just one punch.

Me: Wicked cool!

Lisa: Care to have the honor of testing it 2nd Elder Brother?

Me: Sure Lisa.

I put on the Death Gauntlet and it was a stylish glove and it fit my right hand perfectly.

Laney and Jared brought down Anti-Wanda and Anti-Jorgen.

Me: Okay. Here we go.

Anti-Wanda: (Southern Stupid Accent) Y'all won't be able to think straight.

Me: Put a sock in it you southern fried idiot!

Lisa: The Gauntlet also has many more functions than just a punch.

Me: Oh. Lets see here.

I pressed a button and a large scythe blade claw appeared from my index finger knuckle.

Me: Oh sweet! I've always wanted to try this. (Imitating Thrax) **Careful. I'm contagious.**

I stabbed Anti-Wanda in the shoulder and she started heating up. Then she screamed in pain as she bursted into black fire and was vaporized in an instant. Her energy signal disappeared completely. She was dead.

Me: Oh wow! That was awesome!

Lincoln: You watched Osmosis Jones didn't you J.D.?

Me: I sure did Lincoln.

Nico: Anti-Wanda you have failed this world.

We laughed.

Then the alarm went off and we went to the computer. There was a supernatural disturbance in New Orleans, Louisiana.

Me: Looks like we have trouble in New Orleans, Louisiana. We better head over there and see what's going on. Team Loud Phoenix Storm, lets fly!

Brittney: This looks like a job for the Goths of Darkness.

Haiku: We're ready Brittney.

Maggie: Lets do this.

Brittney whistled and their horses arrived.

They got on.

Brittney: Lets ride. Hyah!

Then we were off to New Orleans, Louisiana.

(The Night Begins to Shine by B.E.R. plays)

# NEW ORLEANS, LOUISIANA

We arrived in New Orleans, Louisiana.

Me: New Orleans, Louisiana. Home of Creole food and 301 years worth of history.

Lincoln: I forgot how magnificent it is.

Linka: Me too.

We walked around the city.

Me: Not only that but the darkest day here was when Hurricane Katrina ravaged New Orleans in 2005. That was awful.

Olivia: I can't believe that happened.

We were over at the restaurant of Tiana: Tiana's Palace.

Me: Wow! What a beautiful restaurant.

Lori: I would literally love to come here to eat.

Leni: It sure is totes amazing.

Me: I would love to eat here too.

We went in. And then we saw Princess Tiana. She was a beautiful woman.

Tiana: Team Loud Phoenix Storm. It's truly an honor to meet you all and welcome to Tiana's Place.

Me: It's an honor to meet you Tiana.

Maria: It's so nice to meet the non-corrupted you, Tiana.

Tiana: Non-Corrupted me? What are you talking about?

Me: It's a very ugly and very complicated story. And it centers around you and the man we're going to kill: Facilier the Witch-Doctor.

After the shadows captured Naveen and returned him to Facilier, Facilier didn't want to take anymore chances of losing him again so during the Mardi Gras parade he asks his friends on the other side to remove Naveen's soul and place it in his talisman. With a soul as it's fuel, the talisman no longer needed to be constantly filled with Naveen's blood but doing so meant certain death for Naveen. Ray saw this horrible act with his own eyes but knew that there might be hope to save Naveen if they got the talisman to Mama Odie. Ray swiftly stole the talisman from Facilier and flew as fast as he could to Tiana who had run away to the graveyard, having thought that Naveen was marrying Charlotte. Ray finally reached her but wasn't fast enough to out run the shadows. Tiana tried to help Ray but the shadows overpowered them both. During all of the confusion and scrambling, Tiana managed to get a hold of the talisman. Ray tried to tell her that it contained Naveen's soul, but he was killed by the shadows before he could. Facilier walked out from amongst the shadows and approached Tiana. He offered her her restaurant if she gave him the talisman back. Tiana refused and threw the talisman on the ground, smashing it, unaware of its contents. Facilier cringed as Naveen's soul escaped the talisman and began to circle Tiana and eventually went in to her. Tiana dropped to ground. The shadows began to circle Facilier preparing to pounce but then stopped. They began to slither towards Tiana and surround her. Tiana regained consciousness just as the shadows went into her body and let out a blood curdling scream. Facilier stepped back as her body began to change and mutate. It appeared as if she was returning to normal but her human features still retained an amphibian-esque quality to them. She stood up and looked at Facilier. The shadows in her body could be seen wriggling around under her skin. "You!" she said as she pointed at Facilier. "You killed him!" Facilier backed up. "I don't know what you're talking about." he said hesitantly. "Naveen's soul told me what you did, and you will pay!" she said as she started to walk towards Facilier. He backed up against a grave and once again tried pleading with her. She raised her hand to Facilier "There is no future for you." Suddenly, a group of shadows burst from Tiana and rushed towards him…

Tiana was horrified.

Tiana: I would never do the things that my alternate counterpart did!

Gale: If we stop Facilier, those things won't have to happen.

Me: That's right. Facilier is working with dangerous forces no one should ever know about.

Brittney: That's right. Voodoo magic is an extremely dangerous force and it's a force no mere mortal can ever fathom.

Laney: That's right. I heard that Voodoo Magic is a very dangerous thing. If in the wrong hands, it can destroy everything. It's power is that terrifying.

Brittney: That's right. He's playing with dangerous forces. I've studied dark magic and mastered all forms of Satanic magic. That's why I'm called the Empress of Darkness. But we have to stop Facilier or he will become a greater danger than anything we had ever faced.

Me: That's right. Tiana, will you help us and rid the world of him once and for all?

Tiana: I would be more than honored. Lets do it.

Me: Great. Lets go.

We went into the Cemetery and we were looking for him.

Me: Stay alert. He could be anywhere.

A storm was building overhead and lightning was striking everywhere.

Lincoln: It sure is getting creepy out here.

J.D. 2: I sense a Shen Gong Wu.

Me: Which one is it?

J.D. 2: It's the Shard of Lightning. It enables the user to travel as fast as the speed of light.

Me: Wow! That's a fast one and it sounds very handy.

J.D. 2: It sure is. But it's power only lasts a short time. It lasts as long as a flash of lightning.

Me: That's about 1/1000th of a second or 220,000,000 miles per hour. 30% the speed of light.

J.D. 2: That's right. I'll lead you to it.

A red laser beam shot out of the E symbol in the middle of my forehead and it lead us to it. We found it in a mausoleum.

Me: There it is.

The Shard of Lightning had a sword hilt that had a globe wrapped in 3 rings.

Omi: (Tibetan Accent) The Shard of Lightning.

I picked it up and put it in my pocket.

Then we heard something snap.

Me: What was that?

We went out of the mausoleum and looked around. Then a wave of shadow appeared and we dodged it. We got up and we saw our old enemy SHADE, back from the dead!

The Shade was a common thief who could manipulate the shadows with his cane. He fought both incarnations of the Flash, Jay Garrick and Barry Allen.

The Shade was later a member of an incarnation of the Wizard's Injustice Society, Injustice Unlimited. They overcame the security at the International Trade Conference in Calgary, Canada - namely Infinity, Inc. and a contingent of the Global Guardians - and forced the heroes to help in some mayhem. The Shade took Fury to Athens and, with her help, stole a piece of the Altar of Erebus from within the Hill of Ares (the Areopagus). After a brief brush with the Olympian the Shade and Fury returned to Calgary, the Shade to share in the stolen wealth being gathered by the Wizard. But the plan went haywire when Hourman revived and freed himself, as well as when Solomon Grundy was brought in from the Arctic Circle. It was the Green Flame who incapacitated the Shade, and after the confusion he was taken into custody by Canadian law enforcement. Later the Shade literally kidnapped the city of Keystone City (including the Flash (Jay Garrick) and the city's entire population) into a parallel dimension where he kept his prisoners in suspended animation for nearly thirty years, before Garrick's successor Barry Allen rescued his namesake and the city from the Shade's clutches.

After the events of Zero Hour, the universe was substantially altered as a result of Hal Jordan's plan to recreate the universe. The Shade was one of the individuals most affected by Zero Hour, as the time and space warping nature of Jordan's scheme changed the Shade's personal timeline and indeed his very being. No longer a generic villain with a magical cane, The Shade was now the morally ambiguous English gentleman turned immortal named "Richard Swift". Shade's powers were retconned as being internal and not based from his cane. Able to tap into a horrific alternate dimension of shadows, which he could manipulate and shape into whatever form he wanted similar to. A man of wealth, Shade traveled within the literary circles of the Victorian Era England, befriending author Charles Dickens and Oscar Wilde.

As time passed, Swift began using aliases for himself such as "Mr. Black", and went by "Shade" to those he was on good terms with. He also developed enemies, such as the mysterious dwarf Simon Culp, who like Shade was immortal and had the same darkness energy powers as Shade. Other enemies included the murderously corrupt Ludlow family, who Shade had all but wiped out when the family manipulated Shade in order to murder him for sport, with the surviving generations of the family vowing revenge on the Shade.

The Shade kept a lengthy journal and eventually fell in love with United States east-coast city of Opal City. Setting up residence in Opal City, Shade befriended Opal City's sheriff, Brian Savage (the Scalphunter) and slowly amassed a small personal fortune, while also moonlighting as a hired killer.

The Shade fled back to England during the early days of World War II, to aide the Allies in fighting the Nazis. While on patrol with the British hero Captain X, Shade was ambushed by Culp when a bomb fell from a German fighter plane onto the two men. To survive, Culp was forced to seek shelter by literally merging with an unknowing Shade.

When the age of costumed heroes began and unknowingly influenced by the malevolent Culp, Swift decided to give himself the name "The Shade" (added a 'the' to his nickname) in 1942. Downplaying his formidable shadow powers, Shade committed crimes in various cities, most notably Keystone City, where he found himself a nemesis in the form of the Flash, Jay Garrick. The Shade would privately refer to his battles as "the joust", which he engaged in for the simple thrill of combat with another super-powered combatant.

Despite his turn to super-villainy though, Opal City remained untouched by Shade as the villain considered the city he lived in off-limits. Indeed, The Shade has been known to be protective of Opal City, to the point of using his powers to kill any criminals who attempt to commit crimes in the city. The Shade even would engage in the occasional super-hero battle, saving Howard Hughes from the villainous Johnny Sorrow. However, Culp slowly began to fight Shade to gain dominance of Shade's body, culminating in the Shade believing that Culp was alive and plotting against him and ultimately to him and Dr. Fate teaming up to find Culp, never knowing that the villain he was seeking was inside his stomach. Shade would later team up with the Mist to murder the retired super-hero Invisible Hood, though it is unknown if Culp was responsible for this act of murder.

Jack Knight became the new Starman after the death of his brother David and united with Shade to save Opal City from the Mist and his family's reign of terror that threatened to destroy the city Shade had made into his home. Having returned to the United States and effectively retired since the Injustice Unlimited fiasco, Shade took an interest in Jack Knight and offered to mentor the man who helped save Opal City from the Mist. Jack would be privy to the Shade's diaries, learning much of his life and new backstory as well as his opinions on the various men who used the Starman moniker. Though many in Opal were distrustful of the Shade, he slowly won the trust of many in the city though Culp, furious at how the Shade had rejected evil, finally assumed full control over Shade's body. Gathering an army of villains who Jack Knight had battled over the course of his heroic career, Culp (in Shade's body) cast a spell that allowed him to trap everyone inside Opal City using the shadow powers he possessed and began to destroy the entire city before Starman and the Shade (who ultimately expelled Culp from his body) opposed him. Ironically it would be the Shade's former ally the Mist who would kill Culp, as Mist sold his soul to Neron to restore his mind (nearly gone due to Alzheimer's Disease) in exchange for his killing the Shade. However, Ted Knight would sacrifice his life to save Shade and Opal City from Mist's final rampage.

The Shade learned about Prometheus' conspiracy in ordering a series of attacks on various superheros and informing this news to his old rival Jay Garrick. He then accompanies Garrick to the Justice League Watchtower to warn the other heroes, but arrived too late to find Prometheus already there. After Garrick was incapacitated by Prometheus, Shade was able to hold off the villain (as he is technically not a "hero", meaning Prometheus has no file on how to stop him), and ultimately ends up stopping Donna Troy from killing the supervillain after he has been beaten into submission. However, Shade later creates a portal that gives Green Arrow access to Prometheus' otherdimensional lair, where the archer kills Prometheus in revenge for Star City, the dismemberment of his former protege Red Arrow, and the death of Red Arrow's daughter.

During the Blackest Night, Shade was in a relationship with Hope O'Dare, and claims that he is in love with her.. After a night of sex, Shade and Hope are confronted by David Knight, reanimated as a Black Lantern. David rips out Shade's heart, but, due to his powers, he survives, unable to be killed and resisting the call of a black ring that seeks to turn him into another undead. After David threatened to kill Hope and later his brother Jack, an enraged Shade used his powers to trap the Black Lantern within the Shadowlands after decrying the Lantern as a mockery and a fake, saying he has "no light of his own", and uses his own heart as a channel to bind and banish him. Afterwards, Hope admits that she loves Shade as well, and the two lovers depart from the scene of the battle. Possible futures In one possible future, The Shade's became the protector of a utopian planet several thousand years into the future; in which he still enjoys telling tales of his past.

Me: Richard Swift A.K.A. The Shade!

Shade: Missed me, Team Loud Phoenix Storm?

Brittney: But Jason and I killed you!

Shade: And Facilier brought me back. And he gave me a few upgrades so I can kill you all so easily!

Me: Too bad you won't live long enough to use them!

Nico: Richard Swift the Shade, you have failed this world!

Shade fired a blast of energy from his cane at Brittney, but she avoided it.

Shade: Like it? It was one of the upgrades I told you about.

Brittney: Ok. Now it's time to take you seriously!

Brittney punched him in the face and Lucy kicked him in the stomach.

I wrapped him in vines.

Nico: You know what, Shade? I have a better idea then killing you.

Shade: What would that be?

Nico: Throwing you in the Yin Yang Universe forever using the Yin Yo-Yo!

Nico used the Yin Yo-Yo and it opened a portal to the Yin-Yang Dimension.

Me: Give my regards to King Tut, Asshole!

Me and Nico threw him in and closed the portal. Trapping him there for all eternity.

We then saw Facilier come out.

Facilier is a voodoo witch doctor who often uses magic and trickery on the street to con customers out of their money, and also has a shadow that moves independently and interacts with him. Facilier is first seen striking a deal with a bald man who wishes to grow hair on the busy streets of New Orleans. So Facilier makes it so by having the man's hair grows over his entire body, frightening both civilians and the man himself, while amusing Facilier to the highest degree. However, Facilier's joy is short-lived as he witnesses Eli "Big Daddy" LaBouff, the richest man in New Orleans, gives a huge amount of cash to the newspaper boy after receiving the newspaper. The envious Facilier and his shadow look in disgust, knowing there must be a way to make themselves just as wealthy as Mr. LaBouff.

Later on, Facilier goes to a café where he overhears the waitress Tiana and Big Daddy's daughter Charlotte talking about Prince Naveen of Maldonia coming to town due to marry the latter. Facilier gets an idea from the information heard and an evil plan begins to form.

Once Prince Naveen and his overworked valet Lawrence arrive, Facilier invites the two to his Voodoo Emporium, using his charming words that he was responsible for transforming Prince Naveen into a frog, after Facilier captures some of the prince's blood in a voodoo talisman, and eventually then gives the talisman, which allows the wearer to assume the appearance of the person whose blood is stored within it, to the traitorous Lawrence. Believing that the only true power in the world is money rather than magic, Facilier plans to have Lawrence pose as Naveen and marry Charlotte LaBouff, the daughter of the extremely wealthy Big Daddy LaBouff; he would then kill Big Daddy and split his fortune between himself and Lawrence (while secretly giving himself the larger sum).

Facilier imprisons Naveen, due to the fact that the blood level in the talisman needs to be constantly refilled each time Lawrence poses as the prince. However, Naveen escapes, and Facilier is forced to make a deal with voodoo spirits to find and recapture Naveen in exchange for the souls of all of the people in New Orleans after he receives his fortune. Later, the voodoo spirits capture Naveen while he is with Tiana (who is also in frog form) and return him to Facilier, who locks him up and prepares to go through with his plans.

Amidst the events, Facilier hides in the shadows waiting for the moment to kill Big Daddy with a voodoo doll just as Lawrence is about to marry Charlotte. However, Naveen's firefly friend Ray manages to save him and they stop the wedding just in time, retrieving the talisman in the process. Facilier and the spirits chase after them, and Ray hands Tiana the talisman before being fatally squashed by Facilier.

As Tiana threatens to destroy the talisman, Facilier quickly returns her to her human form and plays on her emotions. He shows the girl her dream restaurant, he compliments her dreams and promises to make it a reality in an attempt to persuade her to give his talisman back to him. He shows her every hard work she has endured and doubt from others that she has experienced for years, which somewhat causes her to become vulnerable. When he shows her late father in struggling times, she becomes depressed and nearly gives him back his talisman. However, she regains her will and attempts to destroy the talisman anyway, but Facilier's shadow catches it in time and hands it back to its master.

Reclaiming his talisman, Facilier then sinisterly laughs as he transforms Tiana back into a frog before using his staff to pin her down. He tells her that she should have agreed before telling she will spend the rest of her life as a frog but this leads to his undoing.

Using her tongue, Tiana takes the talisman back again and smashes it on the ground. With his amulet destroyed, he loses any means by which he can pay back his debt, as he becomes horrified while holding its broken pieces as Tiana hides just as Facilier's former spirit allies appear.

He greets them jovially before they sing his song "Are you ready?", as he frantically pleas to them for more time, stating he still had Naveen held captive as well having him in stuck in frog form. Despite telling them the truth, his pleas are ignored and as punishment for his failure, his soul is claimed by the Loa as payment. Facilier screams that he will pay them back before he is dragged, terrified, into their world.

Presumably, Doctor Facilier dies or is sent to an eternity in the other realm when the last glimpse of his face with his horrified expression was captured on a gravestone after to confirmed his demise.

Me: Dr. Facilier. So we meet at last.

Maria: Give us one reason why we shouldn't kill you right now!

Facilier (hatching a plan in his mind): Well, what if I simply pledge my allegiance to you?

Nico (amused): This should be good.

Facilier (bows): Almighty Team Loud Phoenix Storm, I, Dr Facilier, the Shadow Man, pledge to you, my undying fidelity. (tries to stab me with his Cane but he grabbed it)

Nico: Undying? That was a poor choice of words.

Me: You think we were that gullible for your tricks? We may be warriors but we're not that naive. Now prepare to die.

Nico: Dr. Facilier, you have failed this city!

Me: (Spanish Accent) My name is Inigo Montoya. You killed my father. Prepare to die.

Lincoln: Wrong movie J.D.

Me: I know. I just like saying that.

We went at Facilier and I kicked him in the face.

Brittney: Time for some special forces.

(Escaflowne Intro Theme of Fox Kids Plays)

Brittney had a special ring on her right middle finger. It was a purple black ring with a crescent moon and a black gem in the moon and it had ancient Enochian writing around it. She held it up to the sky.

Brittney: Angels of the Twilight Night, ARISE!

A massive pillar of light and darkness enveloped around her and exploded high into the sky and a portal appeared above us and we saw 6 figures appear. It was Rinoa Heartilly, Yuna, Rikku, Tifa Lockhart, Yuffie and Kairi. Rinoa had angel wings that were as white as the purest light.

Sora: Tifa, Rikku, Yuna, Yuffie!

Yuffie: Sora! It's great to see you again.

Sora: Same here Yuffie.

Tifa: Hey Sora. It's great to see you.

Sora: Same here Tifa.

Rinoa: So you are the famous Sora. It's a pleasure to meet you. I'm Rinoa Heartilly.

Sora: Pleasure to meet you.

Brittney: We can catch up later. We have a voodoo sorcerer to kill. Lets get him!

(Our Solemn Hour by Within Temptation plays)

We all went at Facilier. I punched him in the stomach and fired a powerful blast of energy at him and it hit him and exploded.

KRABOOOOMM!

Tiana punched him in the face and stomach and punched him in the chest and kicked him in the face and Nico fired a powerful blast of fire energy at him and it hit him and exploded.

KRABOOOOOOOOOMMMMM!

Rinoa unsheathed her gunblade called the Vanishing Star and she slashed him and cut his face with it and fired a powerful blast from it and it hit Facilier and exploded.

KRABOOOOMMM!

Rinoa threw her Silenced Tear disk and it hit Facilier and it exploded into a massive burst of light. Tifa fired blasts of fire with her Materia magic and they hit Facilier and exploded and he was on fire.

Lucy fired a powerful blast of dark lightning and it electrocuted him and burned him and Haiku and Maggie fired powerful blasts of black fire and burned him all over the place. Yuna fired blasts from her Tiny Bee Pistols at a rapid fire pace and they pumped him full of lead and Kairi kicked Facilier in the face and fired a powerful laser blast from her Keyblade. It hit him and exploded with incredible power.

KRABOOOOOOOOOOOOOOOOOMMMMMMMMMMMMMM!

Yuffie energized one of her ninja stars and it became a huge energy star and she threw it and it slashed Facilier all over the place with extreme ferocity.

Lori called one of her spears and she formed a massive tornado and it sucked in Facilier and Rinoa lifted up four humongous pillars of stone and Rikku, Tifa, Yuna, and Yuffie got on them and Rinoa threw them into the tornado they went into it. Rinoa and Kairi flew into the tornado and they all slashed and blasted Facilier at a merciless and ferocious level. We fired energy blasts and powerful attacks at him. Shannon fired a powerful spell that stripped him of his powers. Olga fired a powerful blast of black lightning at Facilier and it electrocuted him badly. Alicia fired a powerful spell at him and it destroyed his shadow that made him what he is known for. Lana bit Facilier in the nose and punched him in the face and knocked some of his teeth out. Hops stuck his tongue out and it slapped him all over the place.

When the tornado subsided Facilier crashed into the ground and the Angels of the Twilight Night landed.

Me: Time to finish this guy off forever. Combo time!

Chase (G1): You got it J.D. CYBER KEY POWER!

The Velocitron Cyber Planet Key was inserted into the back foiler and it enabled him to get jet wings and rocket boosters that enabled him to fly at 5,500 miles per hour.

Gwen T.: GIGANTION CYBER KEY POWER!

The Gigantion Cyber Planet Key went into her device and it enhanced her Anodite powers 100-fold and it gave her the ability to fire powerful blasts of energy that can obliterate a whole skyscraper.

Chase (G1) and Gwen T.: HYPERSONIC ENERGY SLAUGHTERSTORM!

Chase flew around faster than a bullet fired from gun and Gwen fired powerful energy blasts and they all hit Facilier and exploded all over the place.

Slugslinger: Our turn Rhino! CYBER KEY POWER!

The Earth Cyber Planet Key went into his back booster and it enhanced his Caliburst Targetmaster gun and his speed to 75,000 miles per hour and he also can fire 50,000 rounds per minute.

Rhino: ANIMATRON CYBER KEY POWER!

The Animatron Cyber Planet Key went into his device and turned his horn into Cybertron Backstop's horn sword and it enhanced his strength 1,000-fold.

Slugslinger and Rhino: SUPERSONIC SLASHSTORM STAMPEDE!

Their speed and strength completely overwhelmed Facilier!

Me: Now it's Final Smash time!

Gale: I'll go first! NIGHTSHADE ACID MIST!

Gale fired a powerful blast of black mist and it burned Facilier badly.

Tiana: Time for some serious pain! FROG BOMB RAINSTORM!

Tiana rained numerous frogs onto Facilier and they exploded.

Facilier was badly beaten.

Tiana grabbed his talisman and shattered it.

Facilier: (Panics) No! NO!

Music and chanting was heard and spirits flew around us.

Facilier: How am I ever gonna pay back my debt?!

3 spirits appeared.

Facilier: Friends!

Spirits: Are you ready?

Facilier: No! I'm not ready at all! In fact, I got lots more plans!

Spirits: Are you ready?

Facilier: This is just a minor setback in a major operation! As soon as I whip up another spell, we'll be back in business!

A grave turned into a huge voodoo spirit and it grabbed him by the legs with his tongue.

Facilier: No! No, please, no!

Lana: What's happening?

Me: The Voodoo magic Facilier used requires payment. Without his talisman he cannot serve them anymore. And now he must pay the ultimate debt to them: His life.

Facilier: Just a little more time! I promise I'll pay y'all back! I promise!

Me: Prepare to meet Kali in Hell!

He was sent into the underworld and the spirits mouth closed and on a gravestone was Facilier's face. He was dead.

Me: Yippee-kay-yay motherfucker.

Nicole: It'll be a miracle if Facilier's spirit survives what the shadow demons have planned for him.

And his spirit did survive and it appeared and Nicole sealed him into the Book of Vile Darkness.

Tiana: (To the viewers) Facilier sure got what was coming to him. Never mess with forces no one she ever understand.

Brittney: You said it Tiana.

Nico also caught a Lairon and a Meditite. We went home and Tiana moved her restaurant to Michigan.

THE END

---

Another Fanfiction Complete

The Princess and the Frog from 2009 was an awesome movie. I never saw the movie myself but it was an awesome movie and Anika Noni Rose, Bruno Campos, Michael-Leon Wooley, Keith David, Jim Cummings, John Goodman and many stars were in that movie and they all did a great job in that movie! I got the lines for the kills from the box office bomb Osmosis Jones, Stargate, Indiana Jones and the Temple of Doom and Die Hard 2. I also got the idea for Rinoa and the Angels of the Twilight Night appearing from Dead Fantasy and my books I write at home. Those were awesome movies! NicoChan11 gave me the ideas for this one. Let me know what you all think.

See you all next time

# Race Through the Mariana Trench

It starts at the prison in Oregon. We were there to get Mr. Smithers out of prison and reduce his sentence to community service.

Ben just punched Smithers in the face.

POW!

Smithers (groans as he gets up): Okay, I had that one coming.

Ben: Bart, Homer, and Lisa told us that you rebelled against Burns on more then one occasion. So I'm willing to be lenient on you because of that. But, that was mainly for attemping to kill J.D. almost 2 years ago.

Smithers: I know, I know. Look, I get it now. I was selfish and stupid, I was thinking more about what would happen to me if I rebelled against Burns that I didn't even consider thinking about what would happen to Burns' victims. I know that that's no excuse for what I did.

Ben (sighs): You keep complaining about us not being fair to you and the other people that we threw in jail. Well, all the evil deeds of bad guys like your former boss, Xehanort, Electro, X.A.N.A., Evil Stewie, Hydro Man, and Bane are the reason why we're harsh on you and some of our other villains that are in our prisons. Remember, Homer, Lisa, and Bart were there in Springfield too and they wouldn't let anything happen to you, if you had left Burns. The grown ups that were corrupt would've faced justice even before we came to Springfield.

Me: That is true.

Ben (to Smithers): You heard about our deeds even before we came to Springfield. Do you honestly believe we wouldn't have been able to protect you from an old man like Burns? Me, J.D., Lincoln, and Ash would have done something to get Burns off your back. And as for the beating J.D. gave you, remember, he also gave you a chance to stand down. So don't blame us for that.

Smithers (in shame): I know that there aren't many excuses for what I did but all I can say is that I'm sorry.

Ben (you're about to speak): Sorry doesn't cut it. Not this time.

Smithers: I get it, I messed up again. So, what happens now?

Ben: You get community service. And all I have to say is that I wish you had trusted me and J.D. more and told us about Burns and the corruption of Springfield.

Smithers: All I can say is I'm sorry for everything that has happened in Springfield because of Burns.

Ben: So am I. If we've ever done anything that would make you try to kill us when you first saw us, I'm sorry for that. But you're still getting community service. Because right now, I can't trust you since you didn't trust us enough to let us help you with Burns treating you like a slave.

Smithers: I understand.

We got Smithers out of the prison and we gave him 5,000 hours of community service at our estate working in our garden. Which is 2 and a half years.

Later we were playing board games, watching TV, playing card games and reading books. Then our doorbell rang.

Me: I'll get that.

I went to the door and answered it. It was Bobbie Fletcher.

Me: Bobbie Fletcher.

Bobbie: Hey J.D. I came to tell you that a new race is on.

Me: Sweet! I hope it's as good as the cave and space races we participated in.

Bobbie: Oh it is. It's gonna be going through the deepest place in the world: The Mariana Trench.

I was shocked and surprised.

Me: The Mariana Trench!? That sounds like an incredible challenge.

Bobbie: Oh it is. And the race is later this week.

Me: Oh you know we'll be there Bobbie. We're always up for a challenge.

Bobbie: Great. [Hands me a map] The race is Saturday and it starts at an underwater base 20 miles away from the trench.

Me: Got it. Thanks Bobbie.

Bobbie: See you all and Lana there.

Me: Will do.

I went back in to tell everyone.

Me: Hey guys. We have another race.

Nico: Cool! Where is it being held?

Me: The Mariana Trench.

Everyone gasped.

Vince: But that is impossible! No one has ever even come close to surviving at that depth.

Me: I know. With 16,000 pounds of water pressure per square inch at every corner, 36,201 feet deep and pitch black darkness all around, it's completely impossible. But it's gonna be a helluva challenge to race in. We can modify our roadsters to drive in that water pressure and at that depth.

Lisa: I agree 2nd Elder Brother. You may be onto something there. If James Cameron can go down in a submersible at that extreme water pressure then we can do the same as well with the right materials and the right components.

Lincoln: Lisa this place is over 6 and a half miles deep. It'll take a miracle to survive at that depth.

Laney: Yeah. It's almost completely inhospitable at that depth. We would have to build our roadsters into those of the Challenger Deep.

Me: It sounds like an impossible task. But we managed to defy the impossible numerous times before. So what do you say guys. Shall we do so again?

Everyone: YEAH!

Me: Lets do it then guys!

We got to work on our roadsters and modified them and gave them the ability to transform into miniature nuclear powered submarines. They looked like miniature versions of a Typhoon-Class submarine. When they were done we were off to the Mariana Trench. We arrived at the entrance to the base at what looked like an oil platform. We were so excited. We could see the Mariana Trench from the base. It looked like an enormous canyon that was pitch black. It was 1,580 miles long, 43 miles wide and 36,201 feet deep. With pitch black darkness and 16,000 pounds of water pressure per square inch at every corner.

Lincoln: This is gonna be so awesome!

Me: It sure is buddy. We never raced underwater before. This is gonna be a first for all of us.

Luna: It sure is dude.

Sam S.L.: I can't believe we're about to attempt something like this.

Luna: This is gonna be sweet love.

Ash: This is gonna be awesome!

Mallow: Thanks for inviting us to watch Ash.

Ash: You're welcome Mallow.

Lillie: This is gonna be so awesome!

Lana (Pokemon): I can't wait to see who wins. I hope Luna and Sam both win.

Kiawe: That would be something.

Sophocles: It's gonna be awesome.

The race was about ready to start.

Maria: I always wanted to ride in a submarine!

Horsea: Can I ride in your submarine, Maria?

Maria: Sure Horsea.

Horsea hopped in.

Lori J.: Good luck guys.

Me: Not that we'll need it but thanks Lori.

Override: It's a shame I'm not fit to deal with water. But that's okay. There's always next time.

Lori J.: Yeah.

Billy Natson then came.

Billy N.: And welcome to another one of most exciting days in racing history. Hello I'm Billy Natson and we have an awesome treat for you all today. Today is the first ever race through the deepest place in the world: The Mariana Trench. The deepest and most dangerous place in the world. At 36,201 feet deep and with 16,000 pounds of water pressure per square inch at every corner, it is easily that treacherous. Only three people have successfully dove down to the bottom of this dangerous trench and they are famous film director James Cameron aboard the Challenger Deep back in 2012 and 2 scientists aboard the Trieste Submersible back in the 1960s. Wow! We have participating in todays race the legendary Team Loud Phoenix Storm! (Everyone Cheers) You ready to race J.D.?

Me: You know I am Billy. Always ready for an awesome challenge!

Billy N.: Love that spirit J.D. Lets get todays event started!

Maria and Bai Tza were just as excited as anyone.

Me: This is gonna be so awesome!

Bai Tza: Should I pilot my sub in my human form or demon form?

Me: It's up to you Bai Tza.

Bai Tza: Human form it is.

Even Dick Dastardly himself was participating.

Krista: On your marks!

We revved up our engines.

Krista: Get set!

Krista waved the green flag.

Krista: Rev up and GOOOO!

We put the pedal to the metal and gunned it and we transformed our cars into our submarines and we were off.

Billy N.: And they're off!

We were going through the water.

Nico: What's wrong, Dastardly? Not used to being underwater?

Dick Dastardly: We'll see who won't be used to being underwater you brat!

Horsea: I've never been in a race with you before, Maria.

Maria: It's a first for all of us Horsea.

We entered the trench and it was getting darker and darker and the water pressure was building fast as we were descending. We were already up to 10,000 pounds of water pressure per square inch.

Me: Pressure's building fast.

We were at 30,000 feet down and the water pressure was now at 12,000 pounds of pressure per square inch.

Maria: Horsea, what's the submarine's status so far?

Horsea: Everything is holding well.

Me: Lisa's modifications are holding well.

We reached the bottom of the trench and we were at 36,000 feet down and the water pressure was at 16,000 pounds per square inch. But also it was pitch black darkness.

Me: Wow! It's pitch black down here.

Lincoln: I can't see anything down here.

Lucy: Wicked. It's as dark as all get out down here.

Manaphy: Wow. So this is the bottom of the Mariana Trench.

May: That's right Manaphy.

Me: Lets see how strong the lights are.

We turned on our lights and they pierced the darkness of the trench and it was amazing. We saw how deep the trench was and we saw all kinds of different fish and many kinds of plants that we thought went extinct millions of years ago. We also saw many different kinds of fish and animals we had never seen or encountered before. They were unlike anything we are familiar with. We saw different kinds of jellyfish, deep sea sharks, everything. It was like they were creatures from another planet.

Nico: Wow! Look at all these fish.

Poliwag was riding in Nico's submarine.

Poliwag: These fish are all amazing!

Lisa: Very fascinating specimens.

Me: This is unbelievable! This trench is 180 million years old and its been around ever since the age of the dinosaurs and it's harboring all of these creatures down at this depth? Incredible!

Lily: This is so amazing!

Lincoln: I've never seen creatures like these before.

Lana: Lets take some pictures of them.

Laney: I wonder how they can live down here.

Me: Many creatures can live in any environment no matter how inhospitable.

Lori: I think that is why they literally can live like this.

We saw Lori point to something and we saw Hydrothermal vents down at the bottom of the Mariana Trench.

Me: Hydrothermal vents. That's what's giving all these creatures life and nourishment!

Lisa: Very fascinating structures. And at 11,034 meters down.

Lynn: That is so cool!

Luan: It sure Vents you up! (Laughs) Get it?

Me: (Laughs) That's a good one Luan.

Nico: (Laughs) That was funny!

Eddy: (Laughs) That was funny!

We continued on and we were half way through the trench. It was getting more and more amazing as we went off. But then we saw lights up ahead.

Seaspray: I can see the Mariana Trench prison from here.

Me: That's it all right. We built it down here for a reason and we call it the Alcatraz of the Mariana Trench. With Pitch Black Darkness and

16,000 pounds of pressure per square inch at every corner, escape is completely impossible.

Luna: That is a good reason dude.

Sam S.L.: It sure is.

Leni: This is all totes amazing.

Lori: It literally is.

Later we were almost out of the trench and it was time race for the finish.

Me: We're ascending out of the trench. It's time to race for the finish guys!

Dick Dastardly: I'll get there first you fools! (Laughs Maliciously)

Me: Not a chance in hell you cheater!

Dick Dastardly fired numerous torpedoes and they hit the walls of the trench and exploded.

KRABBBOOOOOOOOOOOOOOOOOMMMM!

Me: He's trying to trap us down here! Fire torpedoes!

I fired my torpedoes and blew up the rocks and I fired lasers at Dick Dastardly and they hit his submarine and exploded and destroyed his submarine. Dick Dastardly was in the water. He had an air helmet on.

Dick Dastardly: I'm never racing underwater again!

Nico grabbed Dick Dastardly with his submarine and tied him up.

Dick Dastardly: DRAT! DRAT! DRAT! AND TRIPLE DRAT!

Nico: Dick Dastardly, you have failed this race!

Luna: This is it dudes!

Sam S.L.: I see the Finish Line!

The finish line was right at the very northern end of the trench.

Billy N.: And here comes the first two racers to cross the finish line folks! It's Luna Loud and Sam Sharp Loud!

Everyone cheered!

Billy N.: Lets see how close it was folks.

A photo finish took a picture of the crossing and they saw that Luna and Sam both crossed the finish line at exactly the same time!

Billy N.: WHAT A FINISH! LUNA AND SAM BOTH CROSSED THE FINISH LINE AT EXACTLY THE SAME TIME! THEY BOTH WIN!

Lana (Pokemon): WAY TO GO LUNA AND SAM!

Me and Leni came in second and Nico came in 3rd.

Later at the underwater base we were at the winners circle.

Luna and Sam were given the Mariana Trench Race trophy. It looked like a map of the Mariana Trench with a race car surfing on an ocean wave above it made of Swarovski Crystal and checkered flags were on the sides made of pure gold.

Luna: Way to go Sam.

Sam S.L.: Thanks Lunes.

Me: Congratulations you two. You both earned it.

Lana L.: I'll say. Way to go big sis.

Luna: (To the Viewers) This is our first ever race that me and Sam have ever won. Anyone can do it.

Me: You said it Luna. And we're not in it for the fame and fortune. We're in it for the fun. And this was the most fun race we've ever had. I can't wait to see what next race is in store.

Nico: Me too man.

We later went back home and Luna and Sam put the trophy in the trophy case. Lincoln coincidentally had a school project for the Mariana Trench that he needed to do and we helped him get it done. He got an "A+++" for it.

Sydney: (To the Viewers) A race like this is one for the history books and is worthy of being remembered. I can't wait to see what we have planned next time.

THE END

---

Another Fanfiction Complete

I got the idea for the race for the Mariana Trench chapter out of the blue. It was an awesome adventure. Everything I said about the Mariana Trench chapter except for the prison is all true. NicoChan11 gave me the ideas for this one. Thanks man as usual. Let me know what you all think. And this chapter is for nbwatts on deviantart.

See you all next time.

# Bringing Down the Moose

It starts in one of our secret interrogation rooms. Jimmy was doing a special video confession.

Jimmy (camera is recording him): Hello, Eds of the past. If you're watching this, then that means that my past self and the rest of the past kids already beat you up. And that means that right now, the past Kankers are about to have their way with you. I can't tell you how sorry I am for framing you three. I guess revenge was clouding my judgement at the time. I know that at the moment, you three will never forgive me. But this recording will help clear your names. Why am I recording it? Because I looked back on our time at Peach Creek and realize that it's not Eddy's fault for all the scams he pulled. Now, [clears throat] erase everything I said up to this point. Give the following message to the past Sarah and the rest of the past kids. My name is Jimmy Devlin. Being of sound mind and body, I freely confess to the theft of the paint brush, the wiping of Plank's mouth, and putting the hockey stick through the homemade heart on Friendship Day. All because of the wedgie that Eddy Mcgee gave me.

We then see that Carmen was the one recording Jimmy.

Jimmy: How was that, Carmen?

Carmen (ends recording): Pretty good, Jimmy.

Me: Okay. I can't believe that you got revenge on the Ed's for a wedgie.

Jimmy: Yeah. I don't know what I was thinking back then.

Sarah: Aw it's all right Jimmy.

Me: Well this footage will show you that revenge only makes things worse.

Later I went to the simulator. The Simulator activated and I saw the kids throwing fruit and eggs at the Ed's as they were taped to the fence.

Me: Hold it right there!

The kids and Ed's of the past saw me.

Me: You've all been duped. You've all been used as pawns in a diabolical plan to ruin the Ed's.

Past Kevin: What diabolical plan?

I saw Jimmy sweating and I grabbed him by his shirt and held him up.

Me: This little twerp here used you all as pawns in a diabolical plot to get revenge on the Eds. Here's a video confession and this might convince you otherwise.

I show everyone the video confession made by Jimmy. The kids were absolutely horrified and enraged!

Nazz: What!? Jimmy did this!?

Jimmy: (triumphantly tossing the boot away) "Yes! It was me! And I'd do it again!"

Eddy: "Why, you little rat, wait'll I-"

Edd: "But why Jimmy? Why implicate us?"

Jimmy: "Revenge takes no prisoners, Double D!"

Kevin: "Revenge?"

Sarah: "Is this a joke? 'Cause Jimmy's too young to do revenge!"

Eddy: "Revenge? Just what the heck did we do?!"

Me: Tell them or else!

Jimmy: "You ruined a perfectly good pair of underpants, you big brute!"

Kevin: "Underpants?"

Jonny: (realizing) "Oh, I get it. The wedgie! That was pretty funny, huh guys?"

(The kids all snicker, except Sarah, who was glaring at them)

Edd: "Oh, the wedgie!"

Ed: "Oh, yeah, that was funny." (He giggles.)

Jimmy: "Stop it, stop it, stop it! I have never been so humiliated in all my life! (He remembers what he did.) Your mocking laughter, gouging at my fragile pride just like my undies. It was at that moment… I formulated my revenge. When the coast was clear, I tippy-toed into action. It began with a missing paintbrush. I just waited for the others to take my bait."

Sarah: (In the memory) "ED!"

(Cut back to reality.)

Nazz: "Jimmy took the paintbrush?"

Sarah: "Say it ain't so!"

(Cut back into the memory.)

Jimmy: "Bingo! My fiendish plan was moving. With my next move, I would have to sacrifice my own shoulder stuffing. Desperate, yes, but ideal for smudging off Plank's mouth."

(Cut back to reality.)

Jonny: (gasps) "No way, Jose!"

(Cut back into the memory.)

Jimmy: (Jimmy is shown in his memory tucking the rag into Edd's back pocket.) "Smooth as silk. And let's not forget Eddy. Who else would sink so low as to pierce our heart of friendship? Cad."

(Cut back to reality.)

Kevin: "No way! It was Jimmy who put the hockey stick up the heart?"

(Cut back into the memory.)

Jimmy: "Ignoring the butterflies in my tummy, I needed to protect my innocence. So I chose a patsy to keep you losers off my trail. In enters Rolf, who's insatiable appetite for my jujubes fit snugly into my plans."

(Cut back to reality.)

(Rolf gasps and drop his jujubes to the ground in shock)

(Cut back into the memory.)

Jimmy: "Feeling creative, I decided to tease and taunt you with false clues. Tidbits of information to tickle your nosy parker ways. Artfully, I staged every diversion. Luring Jonny with an isipid acorn was pure genius."

(Cut back to reality.)

Jonny: "Say what?"

(Cut back into the memory.)

Jimmy: "As he would have known to cement my freedom from sin. The jujubes remained a constant theme. But was I satisfied? I should say not. I prepared myself for the enlistment of some help. Happy to see me, the Kankers greeted me with their usual tact of pounding the heck out of me. As I wheezed my proposal about you rotten Eds, a deal with struck."

(Cut back to reality.)

Nazz: "Jimmy? Making a deal with the Kanker Sisters?"

(Cut back into the memory.)

Jimmy: "I had goosebumps as I laid a trail of jujubes that would seal your fate. It was all I could do to contain the excitement in the air.

Vengeance would be mine. So I pulled myself together for my final performance… and nailed your butts."

(Jimmy is seen in his memory standing behind the kids as they pound on the door. He is laughing his head off.)

(Back in reality, Jimmy laughs his head off as well, while the Kids stood there shocked and speechless)

Kevin: "Unbelievable!"

Nazz: "I know, right? It was Jimmy this whole time?"

Rolf: "Son of a gun!"

Jonny: "I can't believe it either, buddy!"

Sarah: (quietly) "Jimmy, how could you?"

Kevin: "That twerp thinks he can get away with his little revenge, huh? Well, not on my watch!"

(As Jimmy continues laughing his head off, everyone was enraged)

(He screams when he sees Kevin glaring at him angrily with his hands crossed. So are Nazz, Rolf, Jonny and even Sarah, who are also unpleased)

Kevin: "So, it was you this whole time! You and your revenge!"

Rolf: "Not only was Rolf given these sweet, delicious jujubes. But you dare use Rolf as a PATSY?! All over a little REVENGE?!" (Jimmy nervously steps back as Rolf was boiling red in anger) Making Rolf follow the Ed-boys suspicious-like! Never in all my life has Rolf's been used! And just for that, I hereby sentence you Jimmy, kicked out of the Urban Rangers!"

Jimmy: "What? No! You can't do this to me, Rolf! Sarah, you get me help me out of this!" (Sarah was standing the other way, sniffling) "Sarah? Are you alright?"

(He puts his hand on Sarah's shoulder. This causes Sarah to immediately turn around, who is more than angry at Jimmy: she's furious)

Sarah: (furiously) "DON'T TOUCH ME, JIMMY!"

(Her scream causes Jimmy to land flat on his face)

Jimmy: "Wh-wh-wha?"

Sarah: (furiously) "YOU RUINED FRIENDSHIP DAY! YOU RUINED ALL OUR HARD WORK! YOU USED ME! YOU USED ALL OF US! ALL FOR NOTHING! NOTHING BUT REVENGE! And for what? A STUPID WEDGIE!"

(Jimmy was shocked and saddened that his best friend in the whole wide world would yell at him, he starts tearing up. Sarah falls to the ground sobbing)

Nazz: "You oughta be ashamed of yourself! Accusing the Eds for stuff they didn't do! Just for petty revenge over something so ridiculous!"

Jimmy: (crying) "I couldn't help myself! It was Eddy's fault! And the wedgie!"

Kevin: "Dude, it was just a wedgie. Why don't you just get over it instead of just acting like a big dumb baby."

Nazz: "Yeah, there was no need to go crazy like you did."

Eddy: "Okay. Now that we've been proven innocent, can you untie us now?"

Nazz: "Sure, dude."

(The Kids untie the Eds)

Nazz: "Listen, we're sorry for accusing you and trying to beat you."

Rolf: "Rolf apologizes too."

Jonny: "I'm sorry, too. Plank would say he's sorry also, but he can't talk."

Edd: "We forgive you. And Jonny, I think Plank's gonna want this."

(Edd reaches in his pocket and hand out a crayon)

Jonny: "Gee, thanks Double D! Hear that, Plank? You're getting your mouth back!" (He draws a new mouth on Plank. He then "listens" to Plank) Plank says he apologize too, but he actually knew Jimmy was behind this the whole time. He would've said something earlier but his mouth was erased."

Sarah: "I hate to say this, but I'm sorry too."

Ed: "Awww. Apology accepted, baby sister. Big hug!" (Ed hugs Sarah, who is constantly irritated)

Sarah: "Okay Ed, will you please let go of me now? (Ed gently puts Sarah down) Thank you. And I'm sorry to you too, Double D! My friend! Will you ever forgive me?"

(She hugs Edd, who is feeling uncomfortable, knowing she had a crush on her since "An Ed Too Many")

Edd: "I forgive you too, Sarah."

Kevin: (sighs) "I can't believe I'm saying this, but I apologize too. I apologize for everything too. (The Eds are shocked at what Kevin said) Calling you Dorks, beating you up, Eddy's zit, his middle name and everything. Seems the only dork in this town is Fluffy. Why don't we put all of that aside and become friends?"

(The Eds, especially Eddy, remain shocked and speechless at what Kevin said)

Eddy: "You really mean it?"

Kevin: "Sure, Eddy."

Eddy: "Well, okay then Kevin. Guys, we're finally in! We're finally popular!"

Edd: "After the day we've been through, everything works fine with us for once. It's a miracle!"

Ed: "I'm in my happy place, guys!"

Kevin: (turning to Jimmy) "Where were we?" (He cracks his knuckles to Jimmy, causing him to gulp in fear) You are so dead."

Jonny: "We're gonna give you such a pinch!"

Rolf: (pulling his shirt sleeves off, showing his mucles) "Prepare as Rolf is going to give you the beating of your life!"

Nazz: "Count me in!"

Sarah: "Yeah, me too!"

Jimmy: "You too, Sarah? But you can't do this to me! We're best friends!"

Sarah: "Not anymore! Consider this friendship over!"

Eddy: "I want a shot at this guy too!"

Me: You brought all this on yourself Jimmy. You are now the outcast of the Cul-De-Sac.

(The Kids and Eddy all surround Jimmy getting ready to beat him)

Lee: (offscreen) "Stop right there!"

Everyone: "Huh?"

(Lee, Marie and May pop up and break the fence to come through)

Everyone: (except Jimmy) "The Kanker Sisters!"

Lee: "So, our little deal was all part of a plan to get revenge on our boyfriends, huh?"

Marie: "Then guess what? The deal is off!"

May: "Yeah, the deal is off!"

Lee: "We heard everything this squirt said."

Marie: "And we're gonna return the favor."

May: "Yeah! Let's return the favor."

(The Kids and the Kankers all surround Jimmy, who is trembling in fear)

Kevin: "Any last words before we pound you?"

Jimmy: "I'm sorry! I'm sorry, everybody! I only meant to hurt the Eds, not all of you!"

Me: Sorry is not good enough.

Kevin: "Yeah, well, you're gonna feel even more sorry when we get our hands on you."

Lee: "Say your prayers, twerp."

Jimmy: "No, no, no! Have mercy! Please!"

Rolf: "GET HIM!"

(Everyone, except Ed and Edd, mercilessly beat up Jimmy. He shrieks in pain and agony)

Ed: "This is a good fight, huh, Double D?"

(Later that day, Jimmy (who is completely bruised and broken and bloody from the beatdown) is hanging from the tree by his underwear. He comes sailing up and hits the tree branch.)

BLAM!

(Jimmy gets his biggest punishment in his life, which is exactly like Eddy's punishment from "Brother, Can You Spare an Ed?")

Kevin: "Nice one, Nazz!"

Nazz: "That was fun!"

Kevin: "I gotta hand it too you, Dor- uh, I mean Eddy. This is the best scam yet."

Edd: "I must agree, 'cause this is the exact same punishment we did to you, Eddy."

Eddy: "Don't remind me. Who's up next?"

Jonny: "It's our turn, huh, Plank?"

Jimmy: "No, wait!"

(Jonny jumps on the board, and Jimmy screams as he hits the tree)

BLAM!

Jonny: "Plank says that serves you right for erasing his mouth and tying me up!"

Lee: "It's our turn now!"

Marie: "This is what you get for getting revenge on our boyfriends!"

(The Kankers altogether jump on the board and Jimmy hits the tree again)

BLAM!

May: "That was fun!"

Sarah: "I'll take it from here! Now that we're no longer best friends, I'm gonna hit you so hard to the tree!"

(Sarah walks back and charges to the board, as Jimmy hits the tree way harder)

KRABLAM!

Jimmy: (dazed) "I see stars."

Me: I'll have a shot at him.

I gave Edd a quarter and pound the board with my super strength and Jimmy hits the tree super hard.

KRABLAM!

Eddy: "Step right up, Rolfy Boy! It only costs one quarter."

Rolf: "You must be pulling Rolf's leg. Rolf shall return!"

(Rolf runs off, while Kevin gets a turn)

Kevin: "I'll just take your turn until you come back."

(Kevin jumps on the board, and hits Jimmy to the tree again.

KRABLAM!

(Eddy laughs)

Eddy: "This is what you get, Stupid Jimmy. The ultimate punishment. My greatest plan ever!"

Me: Karma's a bitch Jimmy.

Ed: (standing on fours) "And I've got a jar on my buttocks."

(Rolf returns with a giant bag of quarters and drops it on Ed)

CRASH!

Rolf: "Rolf would like these many goes at Pale Jimmy."

Me: Wow! That's a lot of quarters.

Jimmy: "Are you serious?!"

Ed: "Cool! Déjà vu!"

Jimmy: "Wait! I think I had enough punishment for now."

Rolf: "Stand back, as Rolf has eaten Mama's pickled cabbage!"

(He raises the hammer and brings it down on the target)

Jimmy: "Oh no."

(He screams and hits the tree with powerful force.)

KRABLLLAAAMMMM!

We merged everyone but the Kankers and the little Jimmy with their counterparts. The little Jimmy was getting the worst ever beating of his miserable life as he was getting mercilessly slammed all over the place.

Marie K.L.: This is what you get for revenge you little twerp!

The plank hits Little Jimmy and he slams into the tree.

KRABLAM!

Me: Our punishment system really works.

Luan: It sure does J.D.

Kevin: You know what? All of us in the Cul-De-Sac could've been united like we were in that simulation. But Marie's former sisters had to fuck everything up.

Laney: Yeah. Marie's former sisters were a couple of sadistic stalker bullies.

Me: Hey Eddy what was one of your most hilarious adventures?

Eddy: Oh gosh. That's a tough question. But I would have to say The Mucky Boys incident.

Me: The Mucky Boys Incident?

Eddy: Yeah. I made up this silly story about 3 boys that turned feral. They were called the Mucky Boys and they were dumped off by a tornado in the construction site in Peach Creek and raised by field mice. They threw arm chairs into windows. We tried to make the story real by covering ourselves in mud. But Sarah saw right through our story.

Sarah: Yeah I was too smart for them.

Me: It was a good try though Eddy.

Luan: That one sure Mucked. (Laughs) Get it?

We all laughed at Luan's joke.

Me: (laughs) That was a good one Luan.

?: That was a good one.

We turned and we saw three people coming. But they were aliens. One was a Tetramand, the 2nd was a Kineceleran and the other was a boy that wore a white shirt and brown shorts and he had the Omnitrix symbol on his chest.

Ben: Helen! Manny! Alan! Good to see you guys!

Manny (gives Ben a noogie): Nice to see you two, man!

Helen: We haven't seen you for a very long time.

Alan: We also heard that you have an adopted sister now.

Ben: I sure do. Oh guys. These are friends of ours. They are Plumber Kids.

Me: It's a pleasure to meet you too.

Manny: Same here J.D. We heard so much about you. I'm Manny Armstrong and I'm Half Human, Half Tetramand.

Helen: I'm Helen Wheels and I'm Half Human, Half Kineceleran.

Alan: I'm Alan Albright and I'm Half Human, Half Pyronite.

Me: It's a pleasure to meet you all. Ben told us a lot about the Plumbers Helpers.

Helen: I had a feeling he did.

Chione: It's a pleasure to meet you guys. My name is Chione and

I'm half Human, Half Necrofriggian.

Manny: Pleasure to meet you Chione.

Me: Chione was spliced with Necrofriggian DNA by scientists down in Antarctica.

Alan: That is seriously playing with fire. Metaphorically speaking of course.

Chione: I know. Messing around with nature is really dangerous and it can have horrible consequences.

Me: That's right.

Cyborg (to Manny): I noticed that me and you sound alike.

Helen: I noticed that too. And you two are a bit similar in personality.

Manny: Too bad my robot hand can't turn into a blaster as well.

Me: Maybe Lisa can help you out with that Manny.

Lisa: I most certainly can.

Manny: Thanks Lisa.

Leslie came.

Leslie: It's a pleasure to meet more friends of my brother. I'm Leslie Gesneria Tennyson. Ben's adopted sister.

Manny: Pleasure to meet you too Leslie.

Helen: It's great that Ben took you in as his sister.

Leslie: Thanks Helen. We're happy to be a family.

Ben: We also had another Plumber Kid friend named Pierce. I'm sorry if telling about him is too painful for you Helen.

Helen: It's all right Ben.

Me: What happened to Pierce?

Manny: He was murdered in cold blood by the Forever Knights.

We gasped in sheer horror.

Lori: The Forever Knights literally killed him!?

Me: I've heard about the Forever Knights. Ben told us a lot about them.

Livewire: What are these Forever Knights?

Me: They are an evil organization of Fanatical Extremists.

The Forever Knights, first created by Sir George, are an organization of knights frequently fought by Ben and the gang on many occasions. They were first introduced in the original series episode A Small Problem, and played a major role in Ben 10 vs. the Negative 10. They then became recurring antagonists in the two sequel series.

Initially, the Forever Knights were dedicated to collect and study alien technology, usually in illegal ways. Any aliens they captured along the way are dissected and studied; any humans caught with them (like Howell) are immediately deemed worthless and disposed of.

The Forever Knights use castles as their headquarters and function according to medieval institutions, with a "Forever King" as their leader. However, in Alien Force and Ultimate Alien, it is revealed there are actually several pretendants to the throne, causing the organization to be divided in splintered factionalized groups with each on their own motivations until Sir George reunited them.

The Forever Knights first appear in A Small Problem, they are first known as "The Organization" (according to the enhanced version of The Ultimate Weapon, this is one of their codenames they use to prevent linking them to their crimes). They attempt to dissect Grey Matter (which was caught by Howell, who thought that the Forever Knights would make him and his discovery famous), but are thwarted. Their base is also destroyed, along with the alien technology stored inside.

The Forever Knights returned in Ultimate Weapon, in which their formal name is used.

In "Perfect Day", the Forever Knights returned attempting to steal the Omnitrix while trapping Ben in a dream world, using some sort of dream-inducing device. While Ben was in the dream world being monitored by Enoch, the other Forever Knights present were using their technology to remove the Omnitrix. They were stopped by Gwen and Grandpa Max they hacked into the dream Ben was in to free him, and XLR8 later trapping Enoch in a fantasy world where he succeeded in claiming the Omnitrix.

The rest of the Forever Knights return in "Ben 10 vs. the Negative 10" to help their leader, the so-called Forever King, Driscoll, and a robotic minion called the Red Knight, who sought to obtain the Sub Energy, the world's strongest energy source that was located inside of the Plumbers Complex in Mt. Rushmore, where they also team up with 8 more treacherous villains in order to fight Ben and defeat him.

As said above, it was revealed by Dwayne McDuffie that the Forever Knights in the original series were a splinter group by Driscoll that had different goals from the main group.

The main Forever Knights appear in Ben 10: Alien Force. This group are allied with the Highbreed and the DNAliens, although they are unaware of (or unconcerned by) their true intentions. The main Forever Knights dress in full plate armor similar to that of a medieval knight, with an infinity symbol on the abdomen, symbolizing the "Forever" in their name, as opposed to the less medieval-style armor the splinter group wore previously.

In "Be-Knighted", it is revealed that they had kept a dragon-like alien mapmaker imprisoned for a thousand years and had broken it's Universal Translator so that it could not verbally communicate. After it escaped into space with the help of Ben, the Forever Knights will be ready if more of them come. Notably, the true Forever King is Patrick.

The Forever Knights also returned to the Ben 10: Ultimate Alien series in the episode "Duped". They were led by King Urian, who hunted for Toltech Battle Armor.

The Forever Knights reappear in Andreas' Fault, where Argit uses Andreas to destroy Forever Knights castles so he can take control of their organization, but was stopped by Sir Dagonet.

In "Reflected Glory", the Forever Knights try to take an energy decoupler from an alien robot, but they were once again defeated by Ben and his team.

In "Eye of the Beholder, the Forever Knights attack the team in the open street with high-tech horse-like vehicles. They were all trashed by the team.

In "The Creature From Beyond", it is shown that Sir Cyrus is from a faction of the Forever Knights that follows the true path from the ones led by Patrick, Urian, and Driscoll as his faction follows the ways of the First Knight.

In "The Purge", it is revealed that the First Knight is really Old George who ends up having the Forever Knight factions reunited into one organization.

In A Knight to Remember Ben and his team went to the Forever Knights' hideout to tell them that Winston is a part of the Flame Keepers' Circle. Driscoll tells them about Diagon and how Sir George defeated it, after Ben demands answers. He also tells about a shrine where Diagon's heart is located. They find the shrine after Gwen deciphers the clues left by George, but the Forever Knights betray Ben and his team. After arriving, the Forever Knights find George at the entrance of the shrine and enter it. The FKC appears and fights the Forever Knights, while Vilgax absorbs the power of Ascalon and Diagon's heart, giving him unlimited power, but he senses there is more. He defeats all of the FKC and the Forever Knights, after Conduit Edwards realizes the FKC has been tricked. Winston then appears (who is under Diagon's control) and says to Vilgax that, to gain even more power he must break the seal that holds the Lucubra. Vilgax finally gets tricked after breaking the seal and is sucked into Diagon's dimension, while Sir George regains Ascalon and his youth.

In "Solitary Alignment", Ben and his team infiltrate Area 51 to find George.

In "The Beginning of the End", the Forever Knights fought against the Esoterica as well as Ben and the gang (as they did not believe that he was serving as an ally to Sir George). A group of Forever Knights followed Sir George and Winston into the cave where the seal of Diagon's dimension was kept. Following Winston's death, the Forever Knights insisted that they fight Vilgax, Diagon's new "pawn", on behalf of Sir George, stating that he would need his strength to fight Diagon. Although the Forever Knights were able to fend off Vilgax's initial attacks, they were eventually overpowered and severely wounded. Ben passed these wounded Forever Knights on his way to assist Sir George.

In "The Ultimate Enemy", as Sir George allied himself with the gang, the Forever Knights later joined Ben in attempting to take down Diagon by continuing to fight in the war against the FKC. Some of the Forever Knights, specifically the unhelmeted ones, were converted into Esotericas but later became normal.

According to Derrick J. Wyatt, the Forever Knights were all wiped out in the war against the Esoterica.

In "Return to Forever", the Forever Knights were reduced to only a small fraction of their initial strength. Joseph Chadwick became the leader of a remnant of the Forever Knights and Sir Morton has also been revealed to still be alive. Chadwick attempted to use the Highbreed Pulse Generator in a combination with the DNA Scanner to help destroy all of the aliens on Earth, leaving humanity dominant. However, Chadwick and The Forever Knights' plan was foiled by Ben, Rook, and Jimmy.

Me: The Forever Knights are really bad news. But I heard that most of them were all wiped out during a battle Ben and everyone went through involving the malevolent monster Dagon.

Ben: Yeah that was a terrible battle.

Me: Dagon is also the malevolent monster from H.P. Lovecraft's Necronomicon.

Diagon is the founder of two modern day religious cults known as the Flame Keepers' Circle and the Esoterica who believed that he have visited Earth many years ago and gave humans advanced technology. He is believed to have sworn to come back to Earth and bring the "Golden Age". He said he will bring alien tech so Earth would have no war, no disease, just peace. Vilgax was mistaken for and later pretended to be Diagon in "The Flame Keepers' Circle".

In fact, Diagon is an extra-dimensional demonic entity who is at least 1,700 years old and have tried to invade this dimension with help from many Lucubras during Earth's medieval era. He was banished back to his dimension when Sir George defeated him by cutting out his heart with Ascalon, a powerful weapon given to him by Azmuth centuries ago.

in "The Flame Keeper's Circle", Diagon was first introduced and his appearance was revealed in a craving at the headquarters.

In "A Knight to Remember", Diagon took control both of Gwen and Winston.

In "Solitary Alignment", his shadow was seen in a flashback.

Diagon's voice was heard in "The Enemy of My Frenemy", being called by the name Old One, a being who can bring dead people back to life. Charmcaster gave him six hundred thousand souls (from every living thing in Ledgerdomain except herself) and in return, asked to bring her father back to life. Spellbinder disapproves her attitude saying that his daughter became a worse tyrant than Adwaita ever was. Spellbinder says that he can't stay in Ledgerdomain knowing that his life was bought by the cost of so many others and decides to leave again. Charmcaster says no, but Spellbinder returns to the dead and the Diagon makes all souls return to their bodies, saying that "such is the way of magic".

In "The Beginning of the End", his voice was heard again when Sir George demand to face him instead he summoned Vilgax his Herald.

In "The Ultimate Enemy: Part 1", the Seal was finally broken, allowing Diagon to return to Earth's dimension from his own home

dimension.

In "The Ultimate Enemy: Part 2", Diagon fights against Ultimate Way Big and defeats him with acid rain, later Diagon is absorbed by Vilgax. At the end of the episode, Ben used Ascalon to defeat Vilgax and in consequence absorbed Diagon, his power transformed into the form of a star because of Azmuth.

Me: Dagon was that powerful.

Leslie: When I get my hands on the Forever Knights that are still alive, I'm gonna chomp their helmets with their heads still inside!

Me: Save seconds for us Leslie. The Forever Knights are now on Team Loud Phoenix Storm's Hit List. If any are still alive that is.

Ben: They are. But there are not very many of them left.

Me: Well we will make sure that they pay for their crimes. (Sees something) Wait. Something is coming to us.

We saw 2 figures coming toward us very erratically. They were wobbling all over the place. The shadows faded and it was a little anthropomorphic monkey boy wearing a camper uniform and his clothes were torn up and shredded. The second figure was an anthropomorphic slug.

Me: Oh man!

We went over to them and they collapsed and me and Celica caught them.

Me: Are you all right!?

They were hurt bad.

Me: Lets get them to the infirmary!

We did so.

In the infirmary they both woke up and they saw us.

Me: Are you all right?

Lazlo: Wow! Team Loud Phoenix Storm it's an honor to meet you all. I'm Lazlo and I'm a bean scout from Camp Kidney.

Mr. Slinkman: And I'm Slinkman. It's truly an honor to meet you all.

Me: It's a pleasure to meet you both. What happened to you?

Lazlo: We escaped Camp Kidney to come find you. Lumpus has returned to get revenge on our camp and scoutmaster for throwing him in the nuthouse!

We gasped in sheer horror!

Me: Algonquin C. Lumpus, the deranged fraudulent scoutmaster responsible for causing all kinds of crimes all over Prickly Pines!?

Lazlo: That's him. He has these strange robots with him and they were taking everyone hostage.

---

Lazlo: (Narrating) Lumpus appeared out of nowhere and he and those robots were capturing everyone. Me, Edward and Mr. Slinkman were trying to get away.

Edward, Lazlo, and Slinkman were about to head out of Camp Kidney when Lumpus' Techadon robots found them.

Edward: As much as I hate to admit it, if we're gonna win this one, one of us might have to lose it.

Slinkman: You can't be serious!

Edward: I am serious. You two go find Team Loud Phoenix Storm. I'll buy you guys some time. (to Lazlo) For what it's worth, you've been a really good friend, Lazlo.

Lazlo (trying not to cry): Thanks, Edward.

Lazlo and Mr. Slinkman managed to successfully get away.

FLASHBACK ENDS

Lazlo: We got away to find you guys.

Lincoln: That is terrible!

Nico: I heard that Lumpus was a jerk before. But this takes it to a whole new level.

Laney: He's not a moose, he's a monster.

Me: Prickly Pines is located in the middle of the forests of Northport, Wisconsin. 300 miles from here.

Nico: I know.

Ben (to Slinkman): You remind me of Waylon Smithers. Except you're proving to be trustworthy right away.

Slinkman: I guess I do have that kind of style. Thanks Ben.

Alan: The Techadon Robots are with him.

Manny: I wonder how he got robots like those.

Me: That's a good question. But we better get over there and stop him. Team Loud Phoenix Storm, Lets fly!

We were off to Prickly Pines, Wisconsin.

---

PRICKLY PINES, WISCONSIN

---

We were outside the entrance of Camp Kidney in Prickly Pines, Wisconsin. We saw a lot of Techadon robots guarding the entrance.

Alan: How are we gonna get inside? There must be at least a dozen Techadons guarding the entrance.

Me: It's easy. We're gonna blast our way in. Lets go!

We charged in and we saw ALGONQUIN C. LUMPUS!

Lumpus: So you've come to face me Knudson?

Me: That's right and I'm going to destroy you.

Lumpus: You and what army, Knudson?

Me: Me and THIS army!

Massive explosions blew apart the robots.

Ben turned into Ampfibian.

Ben: AMPFIBIAN!

Ampfibian fired a powerful blast of lightning at them and they exploded.

KRABOOOMM!

Ampfibian (electrocutes a Techadon): I almost missed fighting these things!

Alan fired a massive blast of fire from his hands and it hit them and exploded.

KABOOM! KABOOOM!

Alan: Me too Ben!

Manny used his powerful super strength and smashed them to rubble.

Manny: This is awesome!

Rex formed a sword out of his hand with his E.V.O. powers and slashed numerous Techadon robots to pieces.

Rex: This is awesome!

But then we saw huge fat ninja coming toward us. It was TUBBIMURA!

Tubbimura defeats Raimundo in a fight and then brings the Sword of the Storm back to Jack and Wuya and joins the side of evil. Later, although he impresses Jack with his evil taunting toward Raimundo during a Shen Yi Bu Dare and further impresses him with his evil laughter, which is also directed at his rival, Tubbimura is ultimately defeated and loses three Shen Gong Wu.

Tubbimura participated in the Royal Rumble and defeated Clay Bailey in a Xiaolin Showdown for the Tongue of Saiping, also kidnapping him as a price for losing.

Later, he joined Jack when Jack was desperate for a partner, but they broke up because of tensions between them. After that, Tubbimura joins part of Jack's New Army of Evil and then goes to the side of Chase Young, only to be shot out of a catapult. He also owns a Chihuahua named "Muffin Face" that he has Jack Spicer walk as a method of payment for his services in "Something Jermaine."

Me: Who is that ugly guy?

Omi: (Tibetan Accent) That is Tubbimura and he's one of the Heylin.

Me: And he's a ninja. More like a loser ninja. He needs to go on a serious diet.

Raimundo: He's also my arch-nemesis.

Tubbimura: (Japanese Accent) Raimundo you are a disgrace to the world of the ninja and I shall destroy you with full honor.

Raimundo: You make me sick just looking at you Tubbimura.

He unsheathed his signature Shen Gong Wu, the Sword of Lucida and he slashed at Tubbimura relentlessly.

Tubbimura (avoid Raimundo's slash): You and your friends have changed, Raimundo. Before, you kept a cool head when you first fought me. But now, your emotions of you and your friends are clouding your judgements and causing you all to rush in and attack me blindly.

Me: Your judgement is the one that's clouded you overgrown tub of lard! We challenge you to a Xiaolin Showdown. For honor and sheer disgraceful defeat and we get all your Shen Gong Wu.

Tubbimura: I accept your challenge. And if I win you give me all your Shen Gong Wu.

Raimundo: Lets go! XIAOLIN SHOWDOWN!

The stage turned into the eye of a massive hurricane and the clouds were spinning rapidly at a ferocious pace. The arena was a cloud arena.

Me, Raimundo, Rex and Tubbimura: GONG YI TAN PAI!

I punched Tubbimura in the face and kicked him in his oversized stomach and made him belch out a tremendous amount of blood.

Raimundo slashed Tubbimura with his Sword of Lucida.

Rex punched Tubbimura in the face with his Smack Hands and punched him all over the place with his Funchucks built by the Ω Nanite.

Tubbimura (weakly chuckles): At least you have not forgotten the rules of a Xiaolin Showdown, Raimundo.

Raimundo: Can't say the same for your other two comrades. Gigi and Cumo are both dead.

Me: And you will be spared and put on a diet when we're through with you. SWORD OF THE HOSHIRYU!

I swung my Sword of The Hoshiryu and it fired a massive blast of solar plasma and it slammed into Tubbimura and exploded with the power of a nuclear blast.

The challenge was over and Tubbimura was beaten. We got his Shen Gong Wu: The Two-Ton Tunic, Mind Reader Conch, Mikado Arms, The Lunar Locket and the Golden Tiger Claws. I took the Lunar Locket, Golden Tiger Claws, and Mind Reader Conch and Raimundo took the Two-Ton Tunic and Mikado Arms.

Me: Thanks for the Shen Gong Wu, Lardass. Now to send you to prison for all eternity and put you on a diet. Ready Rai?

Raimundo: You know it dude.

Nico: Tubbimura you have failed this world!

Me: He sure has!

Rex Salazar slashed him in the gut with his sword

We stood ready.

Me: STARSTORM COMET SHOWER - STARS!

I fired a massive shower of comets and stars from my hands.

Raimundo: HURRICANE CYCLONE SPINNER - WIND!

Raimundo fired a tornado of hypersonic fast wind.

Rex used his Slam Cannon and Nico loaded a super dense steal ball into it.

Me, Rex and Raimundo: STAR TORNADO CATAPULTER!

Rex fired the steal ball like a cannon and the ball, stars and tornado slammed into Tubbimura and sent him flying into space faster than a bullet fired from a gun right towards the moon.

Stan Lee was working in the kitchen serving up food for the prisoners when suddenly Tubbimura crashed through the ceiling and onto a prisoner.

Prisoner: Ow.

Tubbimura: I am defeated.

Stan Lee: Those kids on Team Loud Phoenix Storm continue to bring in all kinds of bad people.

Tubbimura was sentenced to 200 life sentences without parole and he was sentenced to eternity on a diet to get rid of his ugly gut.

Me: That was awesome!

Raimundo: It sure was J.D. You taught us all well.

Me: I'm glad.

Rex: WHOO! That was awesome!

Me: We're not done yet. Lets get rid of Lumpus.

Raimundo: Right!

Rex: Lets do it.

Everyone else was facing Lumpus. He was an Anthropomorphic Moose and he had a nasty disposition. He was laughing like a homicidal psychopathic monster.

Maria (to Lumpus): Don't bother calling Tubbimura for help. Rex and Raimundo are keeping him occupied.

Me: We just finished with him and sent his overgrown lardy ass off to prison forever. You are dead meat Lumpus.

Nico: Algonquin C. Lumpus, you have failed Camp Kidney!

Me: More like he has failed all of the camps around the country. Lets waste this dick!

I punched him in the face and put a nasty jellyfish on his head and it electrocuted him with 600,000,000,000,000,000 volts of electricity.

ZAAAAAAAAPPPP!

Helen zoomed around Lumpus at 1,000 miles per hour and punched him all over the place at a ferocious level.

Manny punched Lumpus in the face and knocked out all of his teeth.

Alan fired a massive blast of fire at Lumpus and burned him bad.

Kimiko kicked him in the face and knocked out his teeth.

Nico: Lets see how you like this. FIST OF TEBIGONG!

Nico punched Lumpus in the stomach with devastating force and he belched out a tremendous amount of blood.

Slinkman (starts to choke Lumpus): After EVERYTHING we have been through, after all the times you were strict to me, after the YEARS I stood by you… you do something like this!"

Lumpus (pries Slinkman's hands off him): You wouldn't understand!

Slinkman (now pissed): NOT UNDERSTAND?! (wrestles Lumpus to the ground and punches Lumpus repeatedly) You. Stupid. Antler headed. Traitor!

Lumpus (punches Slinkman off him): I HAVE TO BE IN CONTROL!

Slnkman (outraged): In… CONTROL!? THAT'S what this is all about? CONTROL?! (rushes at Lumpus)

Slinkman punched him in the face and knocked out most of his teeth.

I formed my scythe from Seraph of The End and the blade glowed with fire as I spun it around and I swung the blade and it slashed off Lumpus' antlers.

Me: It's combo time!

Freeway: Right! Get ready you fucking bastard! CYBER KEY POWER!

The Earth Cyber Planet Key was inserted into his blaster and enhanced his sonic land mines and weapons 200-fold and he can now fire a sonic blaster that can shatter glass

Static: Lets do it! GIGANTION CYBER KEY POWER!

The Gigantion Cyber Planet Key went into his device and it enhanced his lightning powers to use 100,000,000,000,000,000 volts of electricity.

Freeway and Static: HYPERSONIC LIGHTNING DISINTEGRATOR!

Freeway fired a massive blast of sonic energy from his blaster and Static fired a massive blast of powerful lightning and the blasts combined and they hit Lumpus and he screamed in excruciating pain.

Triggerhappy: Time for action! CYBER KEY POWER!

The Earth Cyber Planet Key went into his blaster and it enhanced his photon pulse guns to fire 1,000,000 rounds per second and his speed was enhanced to 100,000 miles per hour.

Livewire: Lets get him. GIGANTION CYBER KEY POWER!

The Gigantion Cyber Planet Key was inserted into her device and it did the same thing as Static.

Triggerhappy and Livewire: PHOTON LIGHTNING ELECTROCUTION!

Triggerhappy fired his photon pulse guns and Livewire fired a massive blast of lightning and they combined and electrocuted Lumpus badly.

Me: It's final smash time!

Rex: I'll start us off. SLAM CANNON LASERSTORM!

Rex fired his slam cannon. But instead of rocks, he fired a powerful laser blast that hit Lumpus and it exploded.

KRABBBOOOOOOOOMMMM!

Lazlo: My turn! BANANA BOMB DEATHSTORM!

Lazlo threw numerous banana bombs and they hit Lumpus and exploded all over the place.

BOOM! BOOM! BOOM! BOOMBOOMBOOM!

Me: Lets finish this clod off for good guys. I have a perfect form of death for him.

Commander Hoo Ha appeared.

Hoo Ha: Lumpus you are the worst and most pathetic scoutmaster ever! YOU'RE FIRED!

We built a rocket sled and a huge ramp and a big billboard that said Lumpus Stinks on it. But behind the billboard was lots of high explosives doused in highly flammable rocket fuel.

We put Lumpus into the Rocket sled.

Lumpus: You Motherfucking Bastards! Drop dead!

Me: Drop dead yourself Motherfucker.

I turned on the chair and it went down the ramp fast and jumped and went towards the Billboard. It slammed through it and it exploded with incredible power into a massive fiery explosion.

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The billboard was now a massive fireball.

Me: (Imitating Arnold Schwarzenegger) Well that hit the spot.

Lumpus was dead.

Me: He'll make great moose chili.

Then the Anti-Tooth Fairy arrived.

She was the exact opposite of the Tooth Fairy. Anti-Tooth Fairy looks nearly identical to the real Tooth Fairy, except with a dark blue color scheme and red eyes. While the Tooth Fairy takes people's lost teeth and gives them money, Anti-Tooth Fairy gives people teeth and steals money.

Me: The Anti-Tooth Fairy!

Anti-Tooth Fairy: (British Accent) Hello you freaks.

Me: You are a dead tooth fairy.

I activated my Anti-Fairy destroyer Guantlet and slashed her and killed the Anti-Tooth Fairy.

Me: One Less Anti-Fairy.

Hoo Ha: While I am glad that Lumpus is dead, Camp Kidney needs a new scoutmaster.

Slinkman: I can volunteer, sir.

Hoo Ha: All right. Slinkman you are now the new Scoutmaster of Camp Kidney.

Nico: You know, Hoo Ha. Some people think that you're mean and scary. But we think that on the inside, you're a pretty nice guy.

Hoo Ha: Oh thanks Nico. I appreciate that.

Me: Lets walk around the camp and see what happened around here. I can tell that when Lumpus was in charge, this place was turned into a dump.

Varie: Okay.

Celica: I hope everyone is okay.

In one of the cabins we saw all the campers tied up.

We got to work and cut them free.

Me: Are you all okay?

Raj: (India Accent) I think so. But that was awesome how you stopped Lumpus!

Lazlo: It was so cool how Team Loud Phoenix Storm stopped Lumpus and Tubbimura! It was awesome!

Clam: Awesome!

Sampson: It sure was.

We saw Edward and he was in really bad shape.

Static (Sees Edward's beaten up condition): Oh, man! What did that stupid moose do to you?

Edward (smiles weakly): Don't worry. I've been through worse.

Varie: I'll heal you up Edward.

Lazlo: (To the Viewers) Camping is an awesome adventure for everyone and it can be an awesome experience for everyone. But you should never hire a stupid and mentally unstable scoutmaster to be your leader.

Me: Amen to that Lazlo.

We walked around Camp Kidney and we saw that the living and working conditions were absolutely terrible. Chef McMuesli serves terrible food that can cause botulism. I told him to start serving food that kids like to eat and not organic food that can cause stomach cancer. He started serving hot dogs, pizza, burgers, anything that kids love and not organic food that is gross. We also brought the Squirrel Scout Camp, Acorn Flats together with Camp Kidney and merged the camps together.

Slinkman: Alright. I know you've had problems with us in the past. But that was when Lumpus was in charge. Now that he's dead, all tensions between our two camps is over. If anyone has a problem with this, please speak your mind.

Jane Doe: We accept Mr. Slinkman.

The camps were merged.

We called them Camp Squirrel Bean. It was the best I could come up with. We found out that it was because of Ms. Mucus that lead the Squirrel Scouts to hate the Bean Scouts. It was disgusting. We also gave them new activities like zip lining and any kind of activity you can think of. Ms. Mucus was sent to a mental hospital because of her misogynistic ways and her hatred of the bean scouts. We moved Camp Squirrel Bean to Gotham Royal York. It was much better for them. Nico also caught a Manectric and a Plusle.

THE END

---

Another Fanfiction Complete

Camp Lazlo is one of my favorite cartoons. I absolutely despised Lumpus. He was a total jerk and he deserved to be put away. A lot of people say that the ending of Camp Lazlo was really bad but I thought it was a great and justifiable ending. Heffer Wolfe made a surprise appearance in the show and Joe Murray is the creator of Camp Lazlo and Rocko's Modern Life. But nonetheless it was an awesome show that went from July 8th, 2005 to March 27th, 2008. Thank you Joe for giving us a great show like Camp Lazlo. The episodes of Ed, Edd N Eddy featured in this chapter are for the infamous episode If It Smells Like an Ed and the funny episode Eds-Aggerate. NicoChan11 gave me the ideas for this one. Thanks man as usual. Let me know what you all think.

See you all next time.

Camp Lazlo is owned by Joe Murray and Cartoon Network.

# London Heist Race

It starts at the estate. It was a beautiful day in Gotham Royal York.

We were watching TV, Playing card games and reading books.

Me: What a beautiful day guys.

Lincoln: It sure is.

Nico: Yeah. I love it.

Raimundo: Sorry that Lumpus hired one of the Heylin to attack you, Lazlo.

Lazlo: Aw it's all right Raimundo. Besides I'm happy that they are gone and now we Jelly's can spread our joy throughout the camp more.

Varie: I'm happy for you Lazlo.

Maria: Stacy, one of these days, we really need to get you a boyfriend.

Stacy: Yeah.

Carol and Vince were reading stories to their daughters.

Carol: And the little pigs went into the brick house with the wolf chasing them.

Carla: (Howls)

Carol laughed.

Vince: That was cute.

Nico: Hey J.D. I've been wanting to ask you this.

Me: What's up Nico?

Nico: How did you get your wings?

Me: Wow. That is a question I haven't been asked in a long time. Okay. It was back when I was five.

---

Me: (Narrating) I was training hard in mastering my powers. All the lessons I learned and all the moves I saw in the Dragonball series have been really helpful. As I continued to train and fight, my powers continued to evolve. But also I needed to sharpen my mind and learn all about strategy and teamwork. So I had to learn all that through chess and checkers. But as we were in the middle of the game, without warning I felt this unbelievably excruciating pain in my back. It felt like something was tearing me open from the inside. I was in so much pain that it was unbelievable. But then I screamed and something exploded out of my back. My mom and dad saw me sprout bones that grew muscle, tissue and then skin. Then feathers as black as the night grew. I got up and I was so dizzy from the pain. But I felt that my back was really heavy.

Sumner: J.D. look at your back!

Me: I saw that I had wings and I was shocked. I looked in the mirror and I saw that I had sprouted black angel wings. I could now fly with the wings of an angel. It was one of the most incredible gifts that I was ever bestowed. I had to train really hard in learning how to use them. I had to learn from books about birds and angels and learn how to fly with them. It took a lot of practice and maneuverability and a lot of getting used to. But I was a very fast learner. And I succeeded in mastering winged flight.

FLASHBACK ENDS.

Me: That was one of my greatest gifts I've ever gotten.

Lincoln: Wow! That's amazing!

Laney: It sure was. And all that practice paid off.

Me: It sure did.

At the TLPS Garage, the siblings we all were shining the hoods of our Daily Drivers, while the younger kids were tuning up their engines.

I was working on the newest applications to my roadster.

*And Billy Natson was on live in London on the ceiling TV.*

Me: Oh. Another race is on the tube.

Billy: Top of the morning, Roadster fans! Billy Natson here at Buckingham Palace! Yes, that one in London, England, for today's Royal Roadster Race! This race will start in a few hours, so stay tuned to see some Royal Roadster action!

*The siblings were excited to go to London.*

Me: London, England! Awesome!

Lola: *excited* Ooh! We're gonna race in London today!

Lily: *excited* I know!

Lola: *excited* Ooh! That's where they always have the best tea parties!

Me: We actually went to London on our Global Trip. But we never went there before to race. London also has history that dates back to 43 A.D.

Dead End: I've never raced in London before.

Me: Neither have I Dead End. (to the Lincoln) Are you excited too Lincoln?

Lincoln and the Cyborg Lincoln merged into one and now he has Ronnie Anne, Paige, Lilly, Earth and Ariel's Sisters as his fiancé's.

Lincoln: I'm excited too. *sighs* But unfortunately, today is also the day of my anniversary with Ronnie Anne.

*The sisters eyes widened, realizing Lincoln was right.*

Me: I never knew about that buddy.

Lori: Gosh, you're literally right, Lincoln.

Leni: Well, at least she'll like your gift, like always. Right, Linky?

Lincoln: *smiles* Of course, Leni. *record scratch* Wait a minute…

*Lincoln's face then paled in horror, he forgot to get Ronnie Anne a gift!*

Lincoln: *shocked* GIFT! Oh, god! I totally forgot to get a gift for Ronnie Anne!

Sisters: *shocked* What?!

Me: Oh man!

Nico: We should've done that!

Lincoln: *panicking* I've been focusing on racing so much that I forgot to get a gift! This is bad! She's gonna kill me for this!

Me: Whoa whoa! Calm down Lincoln. Lets not panic.

Luan: Calm down, Linc! Maybe you can find a gift for her in London before the race starts!

Lincoln: *calms down* Great idea, Luan. I'm sure I'll find something in London.

Luna: Besides, London's full of beautiful stuff!

Lincoln: That's true.

Me: Yeah. London has so much stuff to do and so many shops.

Lily: *excited* Then what are we waiting for? Let's go!

Me: It's race time guys!

*The siblings cheer as they hop into their Daily Drivers and race out of the garage.*

*Later.*

*We all were now in London, driving to Buckingham Palace, where the starting line for the Royal Roadster Race is.*

Lincoln: You guys head to the starting line, I'll meet you there when I find something for Ronnie Anne.

Me: Okay.

Lori: Okay, Lincoln.

*Lincoln speeds off on another road to find a gift for Ronnie Anne.*

*Somewhere else in London…*

*In the Royal Tower of London, a heist was being performed.*

*Lincoln overheard this with his enhanced hearing, but was too concerned about finding a gift.*

Lincoln: Ugh, I'll stop him later. First, I need to find a gift for Ronnie.

*In the Tower of London, a silhouette figure stole the Queen's ruby. When the figure sneaked out of the building, that figure was revealed to be Sir Lord Sam, the Dancing Lord of London.*

Sir Lord Sam: *smirks* Beautiful, and it's all mine now.

*Later, Lincoln parks at a store.*

Lincoln: Anniversary gift, here I come! *walks into the store*

*Meanwhile, Sir Lord Sam was tip-toeing around the corner next to Lincoln's Daily Driver.*

Sir Lord Sam: *smirks* Well done, old boy. *pulls out the ruby out of his jacket* The perfect crime. *laughs and kisses the ruby*

*Then, an officer was walking over to him.*

Officer Copper: Oy! You there!

*Sir Lord Sam quickly tossed the ruby into Lincoln's Daily Driver. Lucky for him, Officer Copper didn't notice.*

*Meanwhile, in the store.*

*Lincoln was pretty upset right now. Everything in the store was literally sold out.*

Lincoln: *upset* Great, everything has been bought, and now there's nothing for me to give to Ronnie Anne! *checks the time, sighs* Well, looks like Ronnie's gift will have to wait, it's almost race time.

*Lincoln walks out the store.*

Lincoln: *upset, sighs* Can this day get any worse?

*He didn't even notice the ruby in his Daily Driver as he got into it.*

Lincoln: *to Officer Copper and Sir Lord Sam* Pardon me.

*Lincoln backs out of the parking lot and drives off to Buckingham Palace with the ruby in his Daily Driver, much to Sir Lord Sam's shock.*

Sir Lord Sam: *shocked* Oh, no!

*Later, at Buckingham Palace.*

*The sisters were at the starting line, admiring the palace in all it's glory.*

Lola: *amazed* Wow, I can't believe we're really looking at the actual Buckingham Palace!

Luna: *amazed* It's a beaut, sis.

Me: Yep. It was built in 1703 by the Duke of Buckingham.

Luan: *amazed* I heard that the queen of London live here!

Lola: *excited* Ooh! Do you think we'll get the chance to meet her?!

Me: We just might.

Lynn: *chuckles* Lincoln probably would, if three was an emergency in London.

Lola: *sighs* Yeah, you're probably right.

*Lincoln pulls up, still unaware of the ruby.*

Lily: *notices Lincoln* Oh, hi, Linky!

Lincoln: *sighs, upset* Hey, guys…

Lisa: Did you find a gift for your significant other?

Lincoln: *starts slowing down, upset* Well…

*As Lincoln stops, the jerk made the ruby fly up into his sight.*

Lincoln: Huh? *catches the ruby, confused* What the?

*As Lincoln was confused, the sisters were amazed! They thought that the ruby was Lincoln's gift for Ronnie Anne.*

Lola: *amazed* WOW! IS that an actual ruby?!

Me: Wow! That ruby is breathtaking.

Luan: *amazed* Woah! Now that's a gift!

Lana: *amazed* Wow!

Luna: *amazed* Bro, she's gonna love that!

Leni: *amazed* It's beautiful! Where'd you get it?

Lincoln: *confused* Uh, girls, I didn't buy this! I've never even seen this before!

*The sisters see his face, and the amazement in their faces turned to confusion.*

Lola: *confused* You didn't?

Lincoln: *shakes his head* No!

Lily: *confused* Then how did it get there?

Me: That is unusual.

Aylene C.: It sure is.

*Lincoln suddenly remembers the two people by his Daily Driver.*

Lincoln: Well, there were two people next to my Daily Driver. One was an officer, and one looked like a London dancer.

Lori: Maybe one of them dropped it in there?

Lisa: Let me see it, dear brother.

Lincoln: Okay.

*Before Lincoln could give the ruby to Lisa, an engine roared by the siblings, causing their hair to blow around, and much to their shock, the ruby was gone!*

Lincoln: *shocked* The ruby!

*The siblings then hear a cackle, they look and see Sir Lord Sam driving away in his car with the ruby.*

Sir Lord Sam: No worries, chap! The ruby will be safe with Sir Lord Sam! Ta-Ta! *races away*

Lori: *angry* Hey, that's not yours! We can't let that creep get away with that ruby! Let's rev up and go!

Sisters: *angry* Yeah!

Singers: Roadster Racers, gooooooo!

*The sisters' Daily Drivers transform into their roadsters, they then race after Sir Lord Sam.*

Lincoln: *narrows his eyes* Alright, I gotta get to the bottom of this!

*Lincoln's Daily Driver transforms into his roadster, he then races after his sisters and Sir Lord Sam.*

*With the siblings.*

*The siblings raced after Sir Lord Sam through London.*

Sir Lord Sam: *holding the ruby* Well, aren't you just a beauty? *kisses the ruby*

Leni: *angry* Quit smooching that ruby!

*Leni bumps into Sir Lord Sam's car, making him release the ruby!

Sir Lord Sam: Wha-hey!

I punch Sir Lord Sam in the face.

*The ruby falls towards Luan.*

Leni: Luan, catch!

Luan: *trying to grab it* I got it! I got it! *literally climbs onto her roadster* I'm gonna get it! *grabs the ruby* Got it! Slippery, aren't ya?

*Luan then swerves onto another road.*

Sir Lord Sam: *glares at Luan* Return that at once, you bumbling twit! *races after her*

Lincoln: *pushes a button* You stay away from Luan!

Lincoln's Roadster: *echoing voice* Broken Rage, ACTIVATED!

*Lincoln's roadster starts glowing as he races after them faster.*

*Luan was racing away from Sir Lord Sam and heading for the London Eye.*

Luan: *amazed* Wow! The London Eye! *sees Sir Lord Sam behind him* Uh-oh! He's after me!

*Luan stops, then runs into a London Eye carriage.*

Sir Lord Sam: *angry, runs after her* Halt I say! *jumps into her carriage* Hold that Ferris- *door closes onto his mouth* wheel…

*Luan bursts out laughing.*

Luan: *laughing* Oh, wow! That's hilarious!

Eddy: (Laughs) That was funny!

*The door then opens and releases Sir Lord Sam's mouth, he then glares angrily at Luan.*

Sir Lord Sam: *angry, grabs Luan's hands* Give me that!

Luan: *angry* No way!

Eddy: Come and get it you freak!

*The ruby slips out of her hands and out of the carriage.*

Sir Lord Sam, Luan: *shocked* Oh, no! *race after the ruby*

*Sir Lord Sam manages to grab the ruby, but now he was dangling from the carriage, and Luan was holding him by the legs to not let him escape, while her feet were gripping the ledge. They were pretty high up.*

Luan: *wobbling* Woah-oah!

*The siblings were racing over to the London Eye and saw Luan and Sir Lord Sam dangling from the high carriage.*

Sisters: *shocked* Is that Luan!/Woah!/She's dangling from the London Eye!/That's not good!

Lincoln: *shocked* Oh, no!

Me: Spread your wings Luan!

Luan: *gritting her teeth* I got ya, Sir Lord Sam! And I'm not letting go! *suddenly felt less weight and found herself holding his shoes* Huh?

*Sir Lord Sam, now shoeless, screams as he fell on top of a ferries wheel carriage below Luan's. The ruby fell out of his grip bounced into Luan's Roadster.*

Luan: *reaches the bottom, gets off, smiles* Well, what do ya know? Looks like the Party Scrambler caught the ruby! *giggles*

*The other siblings approach the London Eye from another street park next to Luan.*

Luan and Eddy Landed by her roadster.

Lori: *concerned* You okay, Luan?

Luan: *nods* Yeah, I'm fine, Lori.

Lincoln: Where's the ruby?

Luan: *takes the ruby out of her Roadster* Right here, Linc.

Lincoln: *smiles* Nice.

Me: Great job guys.

Lola: *smiles* Wow! You got it back!

Luna: *grins* Nice job, sis!

Luan: *smiles* Thanks, guys. *gets into her roadster* C'mon, let's go and find where the ruby belongs.

Lincoln: *smiles* Sounds good.

Lynn: Let's roll!

*The siblings race back to the track as a dizzy Sir Lord Sam collapses to the ground.*

Sir Lord Sam: *dizzy* I say… *dizzily stumbles to his car* Must get my… ruby back!

*Sir Lord Sam stumbles into his car and races after the siblings.*

*Meanwhile, the siblings were racing back to the track.*

*Luan had the ruby in her Roadster.*

Leni: So, Linky. How do we return the ruby back?

Lincoln: I have no idea. Like I said, I have no idea where the ruby came from.

Lucy: Sigh, this could take awhile.

*Suddenly, a news report came on the siblings' video screens in the dashboards of their roadsters.*

News Reporter: This news just in, the Queen's Royal Ruby was stolen from the Tower of London! The police are out right now trying to find this sneaky no-good thief who snatched this priceless jewel.

*This surprised the siblings, and made them pull over.*

Lana: *surprised* Or maybe not!

Luan: *surprised, holds up the ruby* That's what this ruby is!?

Lisa: *nods* Indeed, it belongs to the Queen of London.

Lincoln: And I think we know who the thief is.

Me: That thief we saw was Sir Lord Sam. The most notorious Jewel Thief in all of England.

Laney: This guy sounds like he's really bad news.

Me: He is. This ruby he's after is called the Queen's Royal Ruby. It's said that it was placed in the royal scepter of the Crown Jewels of Queen Victoria. It's priceless.

Nico: And this guy is after it so badly?

May: It would appear so.

Me: We have to make sure that he never gets it.

I take the ruby and stash it is my pocket for safe keeping.

Me: If he wants a ruby that badly. I have an idea.

I form a fake synthetic ruby with my powers and give it to Luan.

*Suddenly, Sir Lord Sam zooms by and snatches the ruby out of Luan's hand.*

Sir Lord Sam: Oh, yeah!

Siblings: *startled* Sir Lord Sam!

Sir Lord Sam: Thank you! Much obliged! Cheerio! *races away*

Motormaster: You guys continue with the race. Me and the other Stunticons will teach this thief a lesson.

Me: Okay Motormaster. Lincoln, Nico, you help out the Stunticons. Don't let him get away!

Lincoln: *narrowed eyes* Don't worry! We'll make sure of that!

We went to the race.

*Lincoln, not taking any chances, activates his Roadster's Mastered Rage and roars ahead of the Stunticons while speeding past Sir Lord Sam.*

Sir Lord Sam clipped the side of Wildrider and scratched his paint job.

Wildrider: Big mistake!

*Lincoln stops his car at the end of the road, gets out and stands in the road as Sir Lord Sam speeds to him.*

Lincoln: *stands firm, calls out loudly* You won't get past me, Sir Lord Sneak!

Sir Lord Sam: *smirks* Eager to throw your life away, runt?! *slams on the gas*

*The engines revs up loudly as Sir Lord Sam rockets toward Lincoln.*

*The young cyborg doesn't move. Instead, he smirks.*

Lincoln: *smirks* YOU'RE the one throwing your life away, pal.

*Sir Lord Sam slams into Lincoln at full speed, but a force field activated on Lincoln's car and the car was unaffected by the crash.*

*Lincoln was unaffected by the car hitting him.*

*The crash made Sir Lord Sam drop the synthetic ruby, which landed in Lincoln's hand.*

Lincoln: *grins* Thank you. I'll take this, and return it.

*Sir Lord Sam, dizzy, gets out of his wrecked car.*

---

The Race in London was about to begin.

Billy N.: And welcome to another exciting day of action packed roadster racing! Hello, I'm Billy Natson and we have a magnificent treat for you all today. We're in London, England and our race for today is a race around the whole city of London. Wow! With us is the participants of last weeks awesome Mariana Trench race: our very own Team Loud Phoenix Storm. Are you excited for todays race J.D.?

Me: You know I am Billy! And we have new racers participating today.

Optimus Prime: To represent the Autobots in this race, I nominate myself, Mirage, Sideswipe, Jazz, and Windcharger.

Billy N.: I love new racers. Welcome aboard Optimus Prime, Mirage, Sideswipe, Jazz and Windcharger.

Sideswipe: It's a great pleasure to be here.

Jazz: Lets burn some rubber guys!

Billy N.: Love that racing spirit guys!

Later the race began.

Madison: REV UP AND GO!

And we burned rubber and we sped off.

Billy N.: AND THEY'RE OFF!

---

Sir Lord Sam: *dizzy* Give… me… my… RUBY! *stumbles forward and goes to punch Lincoln*

*Lincoln throws a slight punch to Sir Lord Sam's face.*

Nico: Sir Lord Sam you have failed this city!

Drag Strip (to the thief): I hope you're satisfied with yourself! We're missing part of the race because of you!

Breakdown: You mess with us. We mess with you.

Lincoln fired a blast of lightning and electrocuted him and Nico and the Stunticon's punched him all over the place.

He was so badly beaten up that it knocked him unconscious.

Lincoln: *smirks* Lights out.

Nico slapped the cuffs on him.

We got finished with the race and it was Lori Jimenez and Override the won. Lori had a trophy that had the flag of Great Britain on it and it was a gold cup with a race track around it.

Lucy: *small smile at the unconscious Sir Lord Sam* Hah, Lincoln made him see the dark.

*We all stepped out of our roadsters and rush over to their brother while praising him.*

Me: Wow! You guys really socked it to him!

Leni: *smiles* Great job, Linky!

Luna: *smiles* Nice one, bro!

May: Great job Nico.

Nico: And the Stunticon's too.

Lynn: *grins* You stopped that punk cold!

Lisa: *smiles* And retrieve the Queen's Ruby.

Lincoln: *grins* Thanks, guys.

*Officer Copper walks over after hearing the commotion*

Officer Copper: What's all the commotion here, chaps?

Lincoln: *smiles, points at Sir Lord Sam* Here's your thief, officer.

Officer Copper: *surprised* Blimey! That thieving scoundrel!

Me: Oh, and here's this. *holds up the ruby*

Officer Copper: Ah, the Queen's Royal Ruby! Very good job, chap!

Me: *smiles* Thank you officer. I used my powers to trick him with a Synthetic Ruby. The ruby he has is nothing more than jolly rancher candy.

Varie: That was really clever.

Nico: I have a feeling he's gonna enjoy prison for a long, long time.

Me: Yep.

*Later.*

*We all took the real ruby back to the Royal Tower, where it belonged. After arresting Sir Lord Sam, of course.*

Officer Copper: *pats Lincoln's back* Thanks for your hard work old chaps. You and your fellow siblings and friends saved London from a travesty.

Lincoln: *smiles* Just doing my job, officer.

Me: We do what is needed for the safety of the world.

Officer Copper: *smiles* Jolly good! Well then, I best be off to station to check on Sir Lord Sam's crimes. *turns around* Cheerio!

Me: Good day to you officer.

Lincoln: *waves* Bye, sir.

*Officer Copper takes his leave.*

Lincoln: *sighs at the ruby* Another successful rescue.

Me: It sure was. And we stopped one of England's most notorious Jewel thieves.

?: *royal voice, behind Lincoln* I agree, and it was grand.

Lincoln: Hm?

*Lincoln turns around to the voice, and to his surprise, it was the Queen of England.*

Lincoln: *surprised* Oh, your Majesty!

*Lincoln, showing respect, bows to the queen.*

Me: Your Majesty. (Bows to her) It's truly an honor to meet you.

Arpeggio (bows): Your majesty. It's an honor!

Queen: *smiles* I've heard about your brave deeds Team Loud Phoenix Storm. Thank you for returning the Royal Ruby from that scoundrel, Sir Lord Sam.

Lincoln: *smiles* You're very welcome, your Majesty.

Me: It was the least we could do your Majesty.

Queen: As such, I want to give you all something as a reward.

Lincoln: *surprised* Really?

Queen: *smiles* It's my way of thanking you for saving the Royal Ruby.

Lincoln: *smiles* I see.

Queen: *smiles* Follow me.

*The Queen leads Lincoln to a room and opens a small chest.*

Queen: *smiles* Here it is, Lincoln.

*She pulls out a smaller ruby, and puts it in Lincoln's hand.*

Lincoln: *amazed* Wow, thank you, your Majesty!

Queen: *smiles* You're very welcome, Lincoln.

*Later.*

*Lincoln finds his sisters eating lunch in their Daily Drivers next to a drive-thru.*

Lincoln: Hey, guys.

Lily: *notices him, eating fruit and a burger* Hi, Linky!

Luna: *notices him, eating chicken tenders* Did you return the ruby, bro?

Me: We sure did.

Lincoln: *nods, smiles* Yep. It's back where it belongs, at the Tower of London.

Lori: *smiles* That's great guys! Great job!

Lincoln: *smiles* Thanks, Lori. Oh, and guess what?

Lily: What, Linky?

Lincoln: *big grin* We just met the Queen of London!

Sisters: *amazed* Woah!

Lola: *most amazed* YOU DID?!

Me: We sure did. We met Queen Elizabeth II herself.

Celica: That is so awesome!

Lynn: *laughs* I knew it!

Lincoln: *nods* Yep, she was really nice, and she praised me for returning the ruby.

Leni: *smiles* That's great, Linky!

Lola: *amazed* Wow, you got praised by the queen!? You're so lucky, Linky!

Me: It was awesome. He sure is lucky.

Lincoln: *chuckles* Guess I am, Lola. *remembers something* Oh, and check out what the queen gave to me as a reward! *shows them the smaller ruby*

*The sister's eyes sparkled in amazement.*

Leni: *amazed* Wow, Linky! It's beautiful!

Luna: *amazed* It sure is!

Lucy: *amazed* It's really sparkly.

Lola: Hey, is that gonna be Ronnie Anne's anniversary gift, Linky?

Lincoln: *smiles* Sure is.

Luan: *smiles* Told ya you would find something in London!

Lori: *smiles* She's literally gonna love it.

Me: I never had any doubt in you buddy.

Lincoln: *smiles* Yeah, she sure will. *remember something* Hey, what about the Royal Roadster Race?

Me: Lori and Override won it.

Laney: Yeah it was her first race ever with Override.

Me: Lets hope that next time we race here there won't be a heist.

Lincoln: *smiles* And hey, who knows? Maybe next time we'll all get to race here.

Sisters: Yeah./True./Maybe.

Wildrider (points to where the thief scratched him): Can you believe what that scumbag did to me? Ugh!

Me: Don't worry Wildrider. We'll get you fixed up when we get home. But as long as we're here we might as well enjoy the sights and sounds of one of Europe's most amazing places.

Lincoln: That's right J.D. *smiles* Now come on, let's go and sightsee!

Sisters: *excited* Yeah!/Come on!/Let's go!/I can't wait!

Shrapnel: (To the viewers) This was quite an eventful day huh?

*The siblings then went off to enjoy the sights of London.*

*While doing so, We took everyone to meet the Queen of London, which definitely made Lola's day. It made all of our day.*

---

*Later, back in Gotham Royal York at the estate.*

*Ronnie Anne was watching TV in her room at the estate, looking bored. Bobby came in and walks over to her.*

Bobby: Something wrong, Nini?

*She sighs.*

Ronnie Anne: *a bit bored* Today's my anniversary with Lincoln. Unfortunately, he and everyone else had to go to London, because there's a roadster race happening there.

Bobby: *remembers* Oh, that's right. Your anniversary is today.

Ronnie Anne: *sighs* Yeah.

*Unbeknownst to Ronnie Anne, Lincoln pulls up to the estate in his Daily Driver and I drove beside him and parked.*

Lincoln: I have quite a story to tell for Ronnie Anne.

Me: I know.

*We step out of our Daily Drivers, walks up to the front door and we walk in. We went up to Ronnie Anne's room door.*

Ronnie Anne: *looks to the door* Who is it?

Lincoln: *outside* Take a wild guess.

Ronnie Anne: *surprised* Lincoln?!

*She opens the door. Sure enough, Lincoln was there.*

Lincoln: *smiles* Hey, sweetie. Happy anniversary.

Ronnie Anne: *surprised* Thank you, sweetie. But, what about the race?

Lincoln: Didn't participate. There was a heist.

Ronnie Anne: *surprised* And I guess you stopped it?

Lincoln: Well, with the help of Nico and the Stunticon's. It was a high-speed chase, we went after the thief with our roadsters.

Bobby: What did they steal?

Lincoln: The Queen's Royal Ruby.

Ronnie Anne: *surprised* Woah, really?!

Lincoln: Yep.

Me: It's the ruby that belongs on Queen Victoria's royal scepter for the Crown Jewels of England. It's priceless.

Ronnie Anne: Wow!

Lincoln: He then made the mistake of trying to run me over.

Ronnie Anne: *rolls her eyes* Pfft, that was stupid.

Me: It sure was.

Bobby: *rolls his eyes* Obviously he didn't know you were a cyborg now.

Me: No he didn't.

Lincoln: Yep, and he couldn't even put up a good fight. We severely overpowered him.

Ronnie Anne: Seriously? *chuckles* Wow.

Lincoln: Yeah, then we returned the ruby to where it belongs.

Bobby: *smiles* Nice job, guys.

Lincoln: *smiles* Thanks, Bobby. Also, we actually met the queen!

Bobby, Ronnie Anne: *surprised* You did?!

Me: We sure did. Queen Elizabeth II herself. It was an honor.

Lincoln: Yeah, she was really nice. And she praised us for returning the ruby.

Ronnie Anne: *smiles* That's great, sweetie.

Bobby: *smiles* Nice job, guys.

Me: Thanks Compadre.

Lincoln: *chuckles* Thanks Ronnie Anne. And, as a reward, she gave me something.

Ronnie Anne: Which is?

*Lincoln pulls out the ruby and puts it in her hands.*

Lincoln: *smiles* Your anniversary gift.

Ronnie Anne: *gasps happily* Really?! This is for me?!

Lincoln: *smiles* Yep. This is make-up to you.

Ronnie Anne: *confused* Your make-up?

Me: Yeah we've been very preoccupied with saving the world and participating in all sorts of fun events.

Lincoln: *sheepishly* Yeah, I forgot to get you a gift. *looks down and sighs* I'm sorry…

*Then, to Lincoln's surprise, Ronnie Anne hugged him.*

Ronnie Anne: *smiles* I'm not mad, sweetie.

Lincoln: *surprised* You're not?

Ronnie Anne: *smiles* I understand that you didn't have time, because you were busy preparing for the race.

*Lincoln then collapsed to the ground, feeling a huge amount of relief.*

Lincoln: *relived* Oh, thank god…

*Ronnie Anne kneeled down next to Lincoln and hugged him.*

Ronnie Anne: *smiles* Besides, this gift is so beautiful.

Lincoln: *smiles* I'm glad you like it, sweetie.

Ronnie Anne: Like it? *smiles* I love it.

Lincoln: *smiles* That's even better.

*Ronnie Anne kisses her boyfriend on the lips, causing his face to turn red.*

Me: Awww.

Lincoln: *blushing* H-Happy anniversary, Ronnie Anne.

Ronnie Anne: *giggles* Thank you, sweetie.

THE END

---

Another Fanfiction Complete.

Credit goes to nbwatts for this chapter. This was an awesome chapter and great inspiration man! Thank you for the chapter and idea. NicoChan11 gave me the ideas for this one. Thanks man as usual. Let me know what you all think.

# The Genocidal Misogynists

It starts as we were walking home from school. It was a beautiful day.

Me: It sure is a beautiful day.

Bai Tza: It sure is.

Lincoln: I don't think anyone can ruin it.

But Lincoln spoke too soon and a black hair kid dressed in Punisher style clothes came out and he had a tattoo on his arm that said Death to all Women.

Maria: Silas Norman!

Silas: Hello Maria. It's been a long time babe.

Bai Tza: You know this asshole, Maria?

Francis: And so do me, Teresa, and Adam.

Rubberband Man: Maria told us all about him back when the Meta Breed were still active.

Maria: Yeah. He's my ex-boyfriend and he has an extremely nasty disposition and reputation. He hates all women with a terrible vengeance and he views them all as slaves.

Me: I remember that and I'm the one that threw this fucker in jail forever. He must've been released on parole.

Francis: What was he thrown in prison for?

Me: Statutory rape. He was sentenced to 25 years in prison and was fined $250,000.00. He was also ordered to register as a sex offender and if he ever got out he was placed on a restraining order saying that he's not allowed to come within 300 feet of Maria or her family.

Silas: That's right.

Maria: You have some nerve showing your face, Norman!

Silas: Come on babe. Don't I make you happy anymore?

Me: You should've thought of that when you had your way with her!

William: Maria is now my girlfriend and she is the most amazing girl ever!

Silas: So now you're laying your hands on my girl!? You are just a worthless loser!

William: You are the worthless loser Norman!

Silas: I will kill you ya little twerp!

Silas threw a punch at William. But he dodged it and punched Silas in the face.

William (cracks his knuckles): Now that was attempted assault. Everything that happens now is self defense.

Silas punched at William again and he dodged it and kicked him right where the sun doesn't shine with a sickening crunch.

DING!

We winced when we heard this.

Me: Ooh! That must've hurt.

Laney: No kidding.

Wlliam (punches Silas): I don't even need my blaster for this!

William punched him in the face and knocked out all of his teeth.

Me: Adam lets send this guy back to prison with a nasty concussion.

Laney: I know just how to do it.

Laney formed a huge ball of vines and Maria and Francis stretched him out into a slingshot and I loaded the ball.

Me: Eat sap you freak!

We launched the vine ball and William saw it coming and he ducked and the vine ball slammed into Silas' face with devastating force.

WHHHAAAAAAAAAAAAMMMMMM!

(Turkey Gobbles)

Silas was totally thrashed. The police arrived and arrested him on the spot for violating his parole. He was taken back to prison. But this time he was sent to the Uranus Prison where he will stay for life without parole. And he was also ordered to pay Maria $500,000,000,000,000,000,000,000.00 in restitution.

Back at the estate, Maria was crying.

William (hugs a crying Maria): It's ok, Maria. Silas won't ever hurt you again.

Maria: (Crying) I thought I was rid of him! But he is worse than ever!

William: Oh it's all right Maria.

---

Later at Sector V headquarters, me, Yuko, Lola, Nico, and all the members of Team Adult Genocide were watching TV. Suddenly there was a blinding white light and out of the light came an old man and a young girl.

Old Man: (Australian Accent) Please. You have to help us.

Numbuh 1: An Adult!

They readied their weapons.

Numbuh 1: I don't know how you got in here, but…

Yuko: Wait Nigel! I recognize this man. Wallabee Beatles from the future.

Older Numbuh 4: That's right Yuko. How did you know?

Yuko: I was able to tell because of your eyes.

Numbuh 1: What happened to you Numbuh 4?

Lola: I think he came from the future.

Yuko: That's what I was thinking. How long in the future did you come from?

Older Numbuh 4: 75 years into the future.

Me: That's in the year 2094.

Older Numbuh 4: That's right J.D.

Me: And who is this with you?

Sally: I'm Sally Sanban. Granddaughter of Kuki Sanban.

We gasped.

Numbuh 3: You are my granddaughter!?

Sally: I am Kuki.

Older Numbuh 4: We have a terrible situation happening. My younger self is in terrible danger!

Me: You can tell us what's going on while we're heading to where Wallabee is at.

We were off to where Numbuh 4 was.

Me: So what's all this about?

Older Numbuh 4 told us that the entire human race was in grave danger because of a Misogynistic Supremacist named Madam Margaret of St. Rita's Preparatory School. Her goal is to kill all the boys and rule the world in the name of girls.

After Numbuh 4 from the KND was sent to St. Rita's Preparatory School by his parents, Margie presented herself in her disguise as Principal Margaret, welcoming Numbuh 4 to the school, and went with him to his new class. Once at the class, Numbuh 4 came to the conclusion that all the students were girls, so Principal Margaret revealed to him that St Rita's was a school for girls, and subsequently, revealed her intentions to turn Numbuh 4 in a girl with her Girlifying Rifle. She just made Numbuh 4's hand to turn into a woman's, but Numbuh 4 used the powder from the speckles of the slate to escape. After became furious of Numbuh 4's escape, Principal Margaret made a tantrum and later left the classroom to went to her office at the school's tower, but she told her students to continue with their lessons, which they did not do as soon as she left, they started to play.

Once at the school's tower, Principal Margaret communicated with her future self Madame Margaret, who told her that she was busy at the moment and to just leave her a message. Principal Margaret left a message explaining her future self about Numbuh 4's escape, but Numbuh 4 appeared at the window and swinging with a lamp, launched against Principal Margaret and knocked her. Much to Numbuh 4's horror, he realized that he had "killed" Principal Margaret by splitting her in half, leading Margie to emerge from the robotic legs she was using to impersonate Principal Margaret and insult Numbuh 4 for breaking her disguise. While Margie and Numbuh 4 argued about Margie's plan to turn every boy into a girl, Principal Margaret's robotic torso, which was still alive, managed to get where the Girlifying Rifle was and tried to turn Numbuh 4 into a girl one last time, but Numbuh 4 managed to turn down Principal Margaret's robotic torso once and for all and broke the Girlifying Rifle in half, much to Margie's chagrin. To his bad luch, Madame Margaret appeared as a hologram to aide Margie, so she send four members of her Girl Squad, who managed to girlifie Numbuh 4's t-shirt into a dress, with Numbuh 4 escaping with his jetpack. However, they managed to girlifie Numbuh 4's jetpack into a woman's purse, which made him to fall to the ground. Subsequently, Margie activated the robotic legs of St. Rita's Preparatory School, chasing Numbuh 4, who was unable to call for help as Sector V was girlified.

75 years later, it's revealed that Numbuh 4 somehow escaped from the young Margie and went into hiding, but as a result, Madame Margaret became the supreme ruler of the world, sending her Girl Squad to girlifie or harass every living boy. However, Numbuh 4 created a resistance division named the Boys Next Door, who lived to fight against Madame Margaret and her tyranny. Feeling furious about the BND, Madame Margaret decided to create a giant and new version of the Girlifying Rifle known as the Supergirlifier Cannon, but it was still unoperational. Preparing for the ultimate battle against Madame Margaret's Girl Army, the BND were helped by Sally Sanban, Numbuh 3's granddaughter and a deserted member from the Girl Squad, who wanted to help the boys defeat Madame Margaret from extinct every boy in the Earth. Numbuh 4 dismissed her immediately, but he accepted her after she gave them a Girlifying Rifle to reverse its effects and make it a Boylifying Rifle. The rifle's effects were successfully reversed. Meanwhile, Madmae Margaret revealed to her girls that she anticipated Sally's desertion and secretly planted a tracker on her to discover the BND's headquarters. Ready to extinct boys from the face of the Earth once and for all, Madame Margaret activated the robotic legs of St. Rita's Preparatory School, now her utopia's castle.

Once in front of the BND's headquarters, Madame Margaret ordered the BND's Leader to call the BND to face her Girl Army. Immediately, the BND emerged with their jetpacks and started to fight. Numbuh 2's descendant transformed two girls into boys, but Madame Margaret resolved to reveal that the Supergirlifier Cannon was now operational, destroying the BND's headquarters and transforming many of its members into girls. Although Numbuh 5's descendant came to the conclusion that they needed to abandon the battle to fight another day, the BND's Leader reminded him that Numbuh 4 and Sally needed more time to infiltrate St. Rita's, so Numbuh 2's descendant sacrificed himself to get them more time, only to be soon girlified along Numbuh 5's descendant and other members. Now alone, the BND's Leader resisted to became a girl, but Madame Margaret shot the Girlifier Cannon to him, transforming him into a girl. Glorious for her victory, Madame Margaret returned to her office, happy that she had now transformed every boy from the world into a girl, but Numbuh 4 appeared at the window and swinging with the lamp, he launched himself against Madame

Margaret to knock her, mimicking their first confrontation 75 years ago. After Madame Margaret asked him what he was going to do, he revealed that he was going to call for help. She reminded him that the boys were no more on the Earth's face, but Numbuh 4 used her time machine to remind her that there are still boys in the past that could help him. After Numbuh 4 dissapeared, Madame Margaret went to the time machine to follow him and prevent his actions, but Sally appeared and crushed with her feet the time machine. Realizing that her fate had been sealed and this time there was no chance for escape, Madame Margaret screamed in horror knowing that everything around her including herself will promptly cease to exist.

When he returned to the past, Numbuh 4 warned the KND about the young Numbuh 4's situation before they were girlified by Margie, so they went with him to St. Rita Preparatory School, which had started to chase Numbuh 4. They saved Numbuh 4 and Numbuh 3 went to the battlefield with the H.I.P.P.I.E. H.O.P. to face Margie's Girl Squad. Margie ordered the Girl Squad to destroy the H.I.P.P.I.E. H.O.P., but after shooting against it with no effect, Margie realized that the H.I.P.P.I.E. H.O.P. was too girly already to be affected by the Girlifying Rifles. Subsequently, the H.I.P.P.I.E. H.O.P. entered into her office, scaring the Girl Squad away and roaring at Margie. With one last card up her sleeve, Margie attempted to call the still existing Madame Margaret to get help from her and avoid defeat, but Numbuh 3 crushed the time machine with her feet mimicking the way in which her future granddaughter defeated Madame Margaret in the future, effectively sealing the fate of both Madame Margaret and the Girl Squad. Numbuh 3 then arrested Margie and under Numbuh 1's orders, she was send to the Kids Next Door Arctic base to pay for her crimes. Following her arrest, the future Numbuh 4 faded into oblivion and the Girl Squad was erased from existence, as well St. Rita's Preparatory School crashed down.

75 years later, on those same grounds in which St. Rita's was destroyed, instead of Madame Margaret's dystopian girly future, there is a playground built for boys and girls, strongly implying that Margie likely spend the rest of her days in prison or is still at prison, precluding her to carry out her evil plans.

We gasped in sheer horror.

Me: That's insane! Madame Margaret is going to destroy the entire Human Race! If you kill one half of a species, the other half of the species won't survive resulting in that species extinction!

Lola: Nigel, can I ask you something?

Numbuh One: Sure.

Lola: I helped you guys take out so many adults during the first two times that I met you and the Kids Next Door, including an alternate evil version of Stickybeard. So, how is it that I missed a genocidal girls school?!

Numbuh 1: We never even knew about it until now.

Me: All the Adult Villains Yuko and Lola killed were trying to kill all the children. That would result in humanity's extinction.

Numbuh 1: Father might've been a genocidal scumbag. But at least he wasn't a sexist.

Me: No he wasn't. Now we got a misogynistic supremacist group trying to kill us boys. And we can't have that.

Nico: If there's one thing I despise above all others, it's people killing people because of their gender!

Lola: That is absolutely sick!

Waspinator: Waspinator hate sexist!

Me: Me too Waspinator. Nico, I need you to go to the island of Themiscyra and enlist the help of the amazons to help us. Tell Queen Hippolyta that I sent you.

Nico: You got it J.D.

Nico used Instant Transmission and went to Themiscyra.

# THEMISCYRA

---

On the Island of Themiscyra, Nico appeared and then the Amazon warriors appeared.

Amazon: What are you doing here man?

Nico: I was sent by J.D. Knudson. My name is Nicolas Chan and I'm one of J.D. Knudson's best friends.

Amazon: What was the reason J.D. sent you?

Nico: The world is in terrible danger. An evil misogynistic supremacist group is going to kill all the men and boys and destroy the entire human race.

The Amazon's gasped.

Amazon 2: Follow us.

Nico was lead to the palace. Later he stood before Queen Hippolyta.

Queen Hippolyta: What are you doing here?

Nico: My name is Nicolas Chan. But everyone calls me Nico. I apologize for my arrival on such short notice your majesty. But I was sent by J.D. Knudson because he needs your help.

Queen Hippolyta: What's wrong?

Nico: The world and the entire human race is in terrible danger. An evil misogynistic supremacist named Madam Margaret and her followers are going to kill the entire human race by killing all the men and boys. Without men and boys, the entire human race will be destroyed.

The queen and the amazons were horrified.

Queen Hippolyta: I'm glad J.D. sent you Nico. We'll gladly help you all out.

Nico: Thank you you're majesty.

Queen Hippolyta: Lets prepare for battle!

The Queen and the amazons got their weapons. Once they were ready Nico used Instant Transmission and they beamed them to the ship.

The Ship.

Nico and the Amazon's arrived and we explained the whole situation.

Queen Hippolyta: This is worse than what we thought. We have to stop them at all costs.

Amazon: These girls are a disgrace to mans world.

Me: I couldn't agree more.

Nico: I know the perfect way to lure the guards out. I'll call a pizza guy and have him deliver the pizzas here!

Me: No. We're going to burst in and launch an all out assault on them. Your Majesty, if you encounter any of the Girl Force, do not hesitate to destroy them.

Queen Hippolyta: With pleasure.

We arrived at St. Rita's Preparatory Academy.

Me: This place reeks of evil. Lets go.

Older Numbuh 4: Lets get them!

Me and Numbuh 1: Kids Next Door, BATTLESTATIONS!

We went down to the Academy.

Madam Margaret: Girlify him!

A massive fiery explosion blasted in through the ceiling and we came in.

Me: Madam Margaret, your days of destroying boys and men are over forever!

Madam Margaret: I will never stop until all the boys are dead! I will rule this world whether you boy scumbags like it or not!

Me: You are an even bigger monster than what we thought. You don't have any idea what you are going to do. You're going ro kill the entirety of the human race. Without boys, the rest of the human race will never survive.

Wonder Woman: That's right.

Madam Margaret: I DON'T CARE! I want all boys to die so that we women may reign supreme!

Me: You're a monster Margaret.

Yuko: Now you will die like all the adult villains we destroyed!

Nico: Madame Margaret, you have failed this city!

Me: More like she has failed this whole universe in its entirety. Lets take her down!

We went at the girls and punched and bashed their faces in and I kicked Madam Margaret in the face and Laney grabbed her with her vines and slammed her into the wall.

Waspinator: Waspinator TERRORIZE!

Waspinator transformed and fired his stinger blaster and the projectiles exploded all over the place.

Madam Margaret: (Groans) I got to call Madam Margar…

Sally jumped and landed on Madam Margaret's time machine and completely destroyed it.

Sally: How's THAT for girl power!?

Lola: You make me sick Margaret! People like you have no right to live!

Queen Hippolyta slashed apart all of the girl force with their swords and spears and splattered their blood and guts all over the place.

Nico fired energy blasts and vaporized them in an instant.

Starfire: You are never welcome here on Earth!

Me: Lets get them! Combo time!

Misfire: Lets do it! CYBER KEY POWER!

The Earth Cyber Planet Key went into his ion blaster and it enhanced it 100-fold.

Waspinator: Time for Waspinator to join the fun. CYBER KEY POWER!

The Animatron Cyber Planet Key went into his back and it enhanced his blaster and laser vision and it also gave him a new ability. His wings were glowing red hot and they were emitting a temperature of 17,500˚ Fahrenheit.

Misfire and Waspinator: INFERNO HEAT ION DESTROYER!

Misfire fired a powerful blast from his ion blaster and Waspinator fired a massive blast of fire from his wings and the blasts combined and incinerated some of the girl force.

Numbuh 3: Yay! That was awesome! (To the Viewers) That was an amazing combo.

Rollbar: Now it's our turn Laney. CYBER KEY POWER!

The Earth Cyber Planet Key went into his back and it gave him the ability to fire beams of light on the electromagnetic wavelength.

Laney: Time for some action! GIGANTION CYBER KEY POWER!

The Gigantion Cyber Planet Key went into Laney's device and she got Metroplex's axe.

Rollbar and Laney: X-RAY HATCHET STRIKE!

Rollbar fired a blast of X-Ray radiation and it merged with the axe and the blade turned into a blade of pure X-Ray light and Laney slashed the Girl Force and they were vaporized in an instant.

Me: Time to finish this. Final Smash time!

Starfire: You got it J.D.! TAMARAN STARSTORM BARRAGE!

Starfire fired a massive volley of green starbolts and they rained down on the girl force and vaporized them in powerful explosions.

Numbuh 3: Yay! It's my turn! RAINBOW MONKEY LOVEFIST!

Numbuh 3 called forth her Rainbow Monkeys and they went at the girls and pulverized them ferociously.

Me: Now for the grand finale.

Madam Margaret: You boys are dead! I will kill you all if it's the last thing I ever do!

Me: You misogynistic supremacists are never welcome on our planet. (Cups Hands to side) KAAAA! MEEEE! HAAAA! MEEEE!

Numbuh 5: 5!

Numbuh 4: 4!

Numbuh 3: 3!

Numbuh 2: 2!

Numbuh 1: 1!

Me and Sector V: KIDS NEXT DOOR KAMEHAMEHA!

Sector V fired lasers from their hands and I fired a Kamehameha Wave and the blasts combined and they engulfed the rest of the girl force and they hit Madam Margaret's robot suit and exploded with incredible power and the entire school exploded with incredible power into an enormous fireball!

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

When the explosion cleared, the whole school was completely reduced to flaming rubble. Madam Margaret was defeated and completely disgraced. I grabbed her by the shirt.

Madam Margaret: Go ahead. Kill me you stupid man!

Me: Oh I don't want to waste any energy on a misogynistic little brat like you. You've caused 75 years of damage even though it hasn't happened yet. But I'm not going to kill you. And I think jail is too good for you. I have a much better punishment for you.

I snapped my fingers and beamed her to the planet Xenomorph Prime in the middle of the XQZ in the middle of the Galactic Center.

Madam Margaret: Where am I?

Then a Xenomorph appeared behind her and she saw it and she screamed as the Xenomorph killed her offscreen.

We saved the world from a terrible fate. But because we destroyed Madam Margaret here in the present in 2019 we changed the timeline 75 years from now and Older Numbuh 4 and Sally Sanban were erased because of the Temporal Paradox Ripple Effect. But I used my powers to keep Sally alive. Nico also caught a Roselia and a Volbeat. We showed them that both boys and girls are more powerful when they work together. We ungirlified all the boys that were changed and returned them to their parents.

THE END

---

Another Fanfiction Complete.

We got the idea for this one from the episode of Codename: Kids Next Door called Operation: F.U.T.U.R.E. That episode is based on one of the longest living battles in the history of the universe: The Battle of the Sexes. Ever since the beginning of time Males and Females have been fighting to see who is better. I absolutely despise misogynistic behavior and anyone that thinks the way Madam Margaret did in that episode is a despicable human being that belongs in jail for all eternity. NicoChan11 gave me the ideas for this one. Thanks man as usual. Let me know what you all think.

See you all next time.

# Rise of The Dark Gundam

On another planet Earth set 200 years into the future, located 30,000 light-years away from our Earth, something evil was happening. This planet Earth is a completely different Earth. It has some of the major countries floating above it in colonies. But something evil was happening on the Neo Japan Colony. In command of it alone was the ruthless military dictator: Major Ullube Ishikawa.

Ullube: Citizens of the Universe, I am the great ruler of the universe: Ullube Ishikawa. People, it is known to everyone that Neo Japan has within its grasp the right to rule the universe. As a result, I am giving the first order from our nation. I hereby declare the complete elimination of the Gundam Fight. There's no cause for alarm. The reason being that Neo Japan will have the right to rule the Universe eternally. There will no longer be any need to compete for world control with games like the Gundam Fight.

The Shuffle Alliance consisting of Sai Saici, Argo Gulskii, George de Sand and Chibodee Crocket were not gonna stand for it.

Argo: This is crazy!

George: We have to help Domon stop him.

Chibodee: But how are we gonna do that? We can't fly up in space.

Sai: No but I do know a bunch of people who can. Team Loud Phoenix Storm.

Argo: Yeah that's a great idea!

Chibodee: Team Loud Phoenix Storm can take down Ullube!

Natasha Zabigov of Neo Russia was going to help them out.

Natasha: We'll call Team Loud Phoenix Storm and get them over here. You guys get ready.

Sai: Right!

Argo: Lets go Shuffle Alliance!

They got ready.

Announcer: The battle is all set for the final showdown with Major Ullube Ishikawa. The Dark Gundam is about to be unleashed onto the Earth and the Universe itself. Our only hope is the assistance of the most powerful fighting force in the Entire Universe: Team Loud Phoenix Storm. Lets get things started! GUNDAM FIGHT ALL SET! READY! GO!

---

On our planet Earth, 30,000 light-years away from the alternate Earth, we were resting by watching TV, playing card games and board games.

Nico came in and he had two more Pokeballs.

Nico: Hey guys. I just caught a Sharpedo and a Swalot.

Me: Good job man!

May: You're catching a lot of Pokemon huh?

Nico: I sure am.

Suddenly the alarm went off.

Me: Uh oh.

Computer: Warning! Warning! Incoming distress signal coming from another planet Earth located in the Scutum-Crux Arm of the Milky Way Galaxy.

Me: That's 30,000 light-years away from here! Patch it through.

The computer did so and a holographic screen appeared and on it was Natasha Zabigov.

Natasha: Team Loud Phoenix Storm do you read?

Jared saw Natasha and he jumped onto the couch.

Jared: Natasha? Natasha this is Jared Knudson.

Natasha: Jared Knudson. It's good to see that you're alright. We all thought that you were dead.

Jared: It's gonna take a lot more than a simple wormhole leading to the year 2017 to stop us. But what's going on?

Natasha: I'm afraid the situation is grim. Major Ullube Ishikawa has gotten his hands on the Dark Gundam and he's going to use it to eradicate all of Humanity!

Jared: What!? How did he get his hands on it?

Natasha: He got it by sending his troops to get it after the brutal battle with Domon Kasshu and Master Asia. Domon had no choice but to kill his own brother because of it.

Jared: That monster! Ullube will pay for this. He has no honor and he will pay for his crimes! You called the right people and we'll gladly help out.

Natasha: Thank you Jared. Hurry fast.

Jared: We're on our way!

Me: Lisa deploy the U.S.S. Valor!

Lisa: Affirmative 2nd Elder Brother.

Gantu: I hope you don't mind that I take my ship to where we're going.

Me: Not at all Gantu. Lets go.

Jared: Allenby, Ullube is back and he's going to destroy humanity with the Dark Gundam.

Allenby: So he has resurfaced after 2 years.

Jared: We're not gonna be beaten twice in the same way. PHOENIX

ANGEL GUNDAM, ARISE AND BURN WITH FIRE!

Allenby called forth her Gundam: The Nobel Gundam.

Jared help up his hand and a massive blast of fire exploded out of the ground outside. Out of the ground arose a Gundam with wings. It was a Wing Zero Gundam but it had Reddish-orange Wings and it had red, orange and yellow armor. Jared and Allenby went into it and we were off to the Alternate Earth.

---

The U.S.S. Valor was flying through space.

Me: Captain's Log, Stardate 2637.9: We are en route to an alternate planet Earth set 200 years into the future. This version of Planet Earth is located 30,000 light-years away from our Earth. My children know this world better than any of us. Our mission is to stop an evil monster called the Dark Gundam and prevent it from destroying all of humanity.

Static (to Maria): I can't believe your ex-boyfriend paid you a visit.

Maria: I'm just as surprised as you are.

Gear (to Francis): I thought you were Maria's ex-boyfriend.

Francis: I'm the ex boyfriend who ended things with Maria on good terms. Silas is the ex-boyfriend who's going to spend the rest of his life in prison.

Me: It's good he got what was coming to him. Hey son. How do you know Natasha and the alternate Earth that was mentioned so well?

Jared: (On the side view screen) Well it's a very strange story dad. That version of Earth is the world we came from. Ullube Ishikawa is the monster that sent us into the past from 200 years into the future.

Me: So this Ullube is the one that brought you to us in the year 2017.

Jared: That's right dad.

Me: It's good he did. But more importantly, what is this Dark Gundam?

Jared: It was originally built as our tool to help restore Earth from it's ruined state. It was also known as the Ultimate Gundam. It was built for helping humanity achieve the next giant step in our evolution,

Originally called the Ultimate Gundam, the machine was created with a unique mesh of technological and organic science by Dr. Raizo Kasshu to be used as a vessel for the three theoretical powers: self-recovery, self-multiplication, and self-evolution. Essentially, it would be a Gundam that could independently maintain and improve itself and its abilities could later be transferred to humans, physically improving and evolving the human body to be free of illness and disease.

However, due to a malfunction, its powers became twisted, sinister and dangerous. Unlike most other Gundams in Future Century, the Dark Gundam is a gigantic machine whose frame is variable, able to change to adapt to situations and eventually becomes sentient. In spite of its power, it requires a lifeform to operate as its core unit, but the user is connected via organic wires instead of the Mobile Trace System. It operates at its strongest with a female as its core as they are able to create life.

While it is equipped with the standard head Vulcans and a highly destructive beam cannon in its platform head, it relies more on its special abilities and physical prowess. Using self-recovery, it could instantly repair any damage done to it, either restoring lost parts or replacing them with organic wiring which it can shape into other forms. With self-multiplication, it can produce its own units, the Death Army, a legion of mobile suits that fight and operate in the Dark Gundam's stead and relays information by melding with its frame to gain experience and knowledge. It later creates Gundam Heads which could travel underground and be equipped with beam cannons.

Lastly, with self-evolution, the Dark Gundam can change into more powerful forms, starting from its base, mobile armor-like form, to a colony-sized winged form capable of devouring an entire planet. It can pass on these abilities to other humans through DG Cells from exposure, and for Gundam Fighters, change their Gundams as well.

Me: Whoa! This is a very dangerous Gundam.

Lori: That literally sounds like a very dangerous machine.

Lisa: Indeed it does firstborn elder sister. A biotechnological monstrosity such as the Dark Gundam cannot be allowed to fall into the hands of anyone evil.

Me: Agreed. Our mission now is to destroy Ullube and the Dark Gundam.

Nico: Ullube and the Dark Gundam will never get away with this.

Me: No they won't Nico.

Lana: We appeared to have arrived J.D.

Me: On screen.

We dropped out of Hyperdrive and we saw the Alternate Planet Earth in the middle of a massive war with the Dark Gundam and all of Neo Japan. On Neo Japan was a massive monstrosity. It was THE DARK GUNDAM! It was a massive Gundam the size of a whole planet. Massive explosions were ringing out everywhere, lasers were firing all over the place and so much more. We saw numerous Gundam's of different kinds attacking numerous tentacles and there was a massive tentacle that stretched down to the planet and it was being attacked. But their weapons weren't affecting the Tentacle.

Me: Whoa! All hands go to Red Alert! Man your battle stations!

Everyone did so. We fired the Superlaser at the tentacle and it hit it and it exploded in a massive explosion of fire and debris.

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Me: All hands fire at will!

Everyone on the ship fired the lasers and photon torpedos and missiles at the Dark Gundam and the tentacles that were all over the colony. It was a massive and explosive battle.

Outside Argo saw our ship.

Argo: Whoever that ship belongs to, they are helping us.

Kirby: Are those mecha suits?

Me: They sure are Kirby. They are called Gundams.

Woody (Toy Story): Those Gundam mechs look similar to the Gigas mechas back in my world.

Sora: They sure do Woody.

Me: Lets head out there and destroy the Dark Gundam! Nathaniel, you have the con.

Nathaniel: Roger that Grandpa.

Omega Supreme: Omega Supreme: ready to destroy Dark Gundam.

Me: Lets go!

We went outside and flew into the battle. The Dark Gundam sent more tentacles and Jared saw that the tentacles were heading towards Domon Kasshu's Gundam and Jared and Allenby swooped in.

Jared: (Echoing) **PHOENIX BLADE X SLASH!**

Jared sent a powerful energy X blade and they slashed the tentacles and they exploded.

Allenby: I'll help too! (Echoing) **NOBEL HULA HOOP!**

Allenby threw an energy ring and it slashed through the tentacles and they exploded.

Me: KAAAA! MEEEE! HAAAA! MEEEEEEE! HAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA!

I fired a massive Red Kamehameha blast and it hit the Dark Gundam and exploded with incredible power.

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion from the blast blew half of the whole Dark Gundam in two.

Me: Bet you didn't like that Ullube.

Nico: Dark Gundam, you have failed this planet!

Me: More like he has failed this entire universe.

Domon: Team Loud Phoenix Storm. It is an honor!

Me: It's a pleasure Domon.

Jared: Hey Domon, its been a while.

Domon: Jared? Is that you?

Jared: Who were you expecting? Tiny Tim? It's great to see you again.

Domon: You too Jared.

Jared: We can catch up later. Lets destroy this monster. Our best chance is to destroy it from the inside.

Domon: Okay Jared. You lead the way.

Jared: You got it Domon. Just like old times.

Domon: It sure is Jared. Things weren't the same when you all disappeared.

Jared: I know.

Me: Jared, be careful in there son.

Jared: Will do dad. Lets go!

Jared, Allenby and the Shuffle Alliance went into the Dark Gundam through the Colony.

Me: Lets blast this freak all over the place!

We hit the Dark Gundam with everything we got. We fired Energy blasts, magic blasts, missiles, lasers, light blasts, all our powers and so much more.

Edzilla (punches Dark Gundam): ED SMASH BAD GUNDAM!

The Dark Gundam roared in pain.

Me: Everyone! Together!

All: KAAAAAA! MEEEEEE! HAAAAAA! MEEEEEE! HAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA!

We all fired a massive Kamehameha Wave all at the same time and the blasts combined and they hit the Dark Gundam and exploded with incredible power.

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion was so powerful and so devastating that it completely destroyed the skin of the Dark Gundam and revealed its true form: It was a massive and malevolent dragonic demon creature. It was an ugly and massive monstrosity as big as a whole planet.

Me: This fucker just gets even more uglier by the second.

Jared: (On the radio) Dad come in. Do you read me?

Me: Loud and clear son.

Jared: We got a very serious problem. We're heading towards the Power Generator and I just found out that Domon's friend Rain is being used as the Life Force Unit. We have to rescue her before we destroy the entirety of the Dark Gundam.

Me: Okay. Be careful son.

Jared: Right dad.

Inside the colony they saw the people of the entirety of the colony in shelters. They took an elevator and it lead to the power generator.

Jared: Just like old times huh guys?

Chibodee: It sure is big bro. The Shuffle Alliance was not the same without you.

Jared: I know. I missed all of you. But right now we have to focus on our two main objectives: Rescuing Rain and killing Ullube and the Dark Gundam. He's a monster with absolutely no honor.

Allenby: He sure is. We have to stop him at all costs or the Earth will be destroyed.

?: Domon. Can you hear me son?

Domon: Father? They brought you back.

Jared: Dr. Rai Kasshu. It's great to hear your voice again.

Dr. Kasshu: Same here Jared. Its been a long time.

Jared: I heard you were placed in a cryogenic sleep.

Dr. Kasshu: Yes. We have to destroy the power generator. It's the only way.

Jared: I know. We're heading there now doctor. But I have a feeling that there is more to the Dark Gundam than what we first thought.

Dr. Kasshu: I have a feeling you're right Jared.

Suddenly a massive explosion blew the whole power generator into a million pieces, destroying it completely. The Dark Gundam roared in excruciating pain.

Me: That did it!

Jared: Way to go dad! Now it's time to rescue Rain. Come on guys!

They went into the brain of the Dark Gundam and they were inside it.

Jared: This is it guys. The brain of the Dark Gundam. The heart of pure evil.

They saw a huge Gundam appear. It was the Dark Gundam.

Jared: The Dark Gundam itself. And Rain is inside that thing.

Jared went Super Angel 20,000 Phoenix Fire and the Super Angel aura flared up around his Gundam.

Jared: I got this! (Chants an Incantation) NESTRORKA MENOSTRA LEXPROTA!

Jared fired a blast of light at the Dark Gundam and it hit it and Rain was removed from it.

Domon got out and wrapped a red blanket around her.

Jared: Way to go Domon.

Domon: Thanks to you Jared.

Jared: Come on guys! Lets finish this monster off once and for all! The Dark Gundam was a terrible mistake that should've never been created!

Domon: You got it Jared!

Jared, Allenby, Rain and the Shuffle Alliance: (In Unison) OUR SPIRITS ARE AFLAME! AND WE FEEL THE FIRE! THERE IS NOTHING WE CANNOT DEFEAT! AND NOW THIS HAND OF MINE IS BURNING RED! ITS LOUD ROAR TELLS ME TO GRASP VICTORY! (ECHOING) **ERUPTING SHUFFLE ALLIANCE ATTACK!**

We fired a massive energy blast at the Dark Gundam and it completely obliterated it in a powerful explosion of incredible power.

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

But the fight wasn't over yet. We managed to destroy the Power Generator and the Life Force Unit.

Jared: Dad! We destroyed the Life Force Unit and Power Generator. We have to evacuate the whole colony and destroy the whole thing.

Me: You got it son. Good work. Get out of there so we can launch the attack.

Jared: You got it dad.

The colony was evacuated.

Ullube: This can't be happening! I had victory in my grasp! I will kill you all if it's the last thing I ever do!

Gantu (to Ullube): Oh, stop whining. It'll all be over soon!

Me: Lets go! Combo time!

Kirby: You got it J.D. EARTH CYBER KEY POWER!

The Earth Cyber Planet Key went into Kirby's device and he got the copy abilities of all the enemies he knows.

Searchlight: Lets get this freak! CYBER KEY POWER!

The Earth Cyber Planet Key went into his back and it enabled him to fire beams of light on all of the electromagnetic wavelength.

Kirby and Searchlight: U.F.O. SPECTRUM LASERSTORM!

Kirby went into his U.F.O. ability and fired a powerful charged blast of energy and Searchlight fired a powerful blast of rainbow light. The blasts combined and hit the Dark Gundam and exploded with incredible power.

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Gantu: Time for action! GIGANTION CYBER KEY POWER!

The Gigantion Cyber Planet Key went into his device and it enhanced his Plasma Blaster 10,000-fold with enough power to obliterate an entire city in an instant.

Weirdwolf: Lets get him. CYBER KEY POWER!

The Animatron Cyber Planet Key went into his chest and it enhanced his Thermosword to thermonuclear heat it enhanced his photon Pistol 100-fold.

Gantu and Weirdwolf: NUCLEAR PLASMA DEATHRAY!

Gantu fired his plasma blaster and Weirdwolf fired his Photon Pistol. The blasts combined and it hit the Dark Gundam and exploded with the power of a 50 Megaton nuclear bomb.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Maui: Time for action! EARTH CYBER KEY POWER!

The Earth Cyber Planet Key went into his device and his hook was enhanced 100 fold.

Star Lord: Time for some heavy firepower. EARTH CYBER KEY POWER!

The Earth Cyber Planet Key went into his device and his blasters had 5 more blasters pop out of his blasters.

Maui and Star Lord: SUPERLASER HOOKBLAST EXPLOSION!

Star Lord fired a powerful blast of energy from his blasters and Maui fired a powerful blast of energy from his hook. The blasts combined and they hit the Dark Gundam and exploded with incredible power!

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion blew the Dark Gundam's arm off. But then it suddenly glowed in a powerful glow of red evil energy.

Me: What in the world!?

Allenby: What's going on?

We gasped in sheer horror at what we saw next. The Dark Gundam grew a massive set of cybernetic angel wings and they were so huge that they were spread over the entire colony. The level of pure evil coming off of the Dark Gundam was absolutely mind boggling.

Me: Unbelievable! It's beyond pure evil!

Jared: This is no ordinary foe we are fighting dad. This is truly the dark side of all Gundams.

Laney: It's horrifying.

Dr. Kasshu: You mean the monster is planning to descend to the Earth in that form?

Ullube: (Chuckles) Yes that's right. Listen to me you pathetic worms. These magnificent D.G. Cells have redefined the future and given us unlimited power. Behold!

Ullube's mask came off and we saw that he had that part of his face covered in ugly cells.

Ullube: Thanks to the cells, I'm ruler of the universe!

Ullube then transformed into an ugly monster and he had fangs and purple skin. We saw this and we were disgusted.

Me: What the fuck are you!?

Dr. Kasshu: That creature is no longer Ullube. It's the Dark Gundam itself.

Ullube: That's right! The future belongs to D.G. cells! HUMANITY SHALL PERISH AT LAST! (LAUGHING INSANELY)

Me: You are one insanely fucked up piece of fucking shit!

Heidi: You make me sick Ullube! We should've killed you back then!

Allie: And now we will finish what we started you fucking asswipe!

Brittney: We will kill you if it's the last thing we ever do!

Nico: Major Ullube, you have failed this entire universe!

Me: Lets get him! Final Smash time!

G1 Omega Supreme: Time for some action! POWER OF PRIMUS!

G1 Omega Supreme fired a blast of energy at the Dark Gundam and it exploded with incredible power!

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Domon: My turn! (Echoing) **SCHOOL OF THE UNDEFEATED OF THE EAST! ERUPTING BURNING FINGER! SEKIHA TENKYOKEN!**

Domon fired a massive and powerful blast of energy and fire from his Gundam's hand and it hit the Dark Gundam and exploded with incredible power.

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Optimus Prime turned into his Energon counterpart

Optimus Prime (Energon): Lets do this! Lets link up Omega Supreme!

Omega Supreme (Energon): Right!

They linked up and became Optimus Supreme!

Optimus Supreme: Lets see how you like this! Optimus Supreme Final Impact!

Optimus Supreme fired a massive blast of energy from his fist blaster and it hit the Dark Gundam and exploded with incredible power.

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Edzilla (punches Dark Gundam): ED SMASH BAD GUNDAM!

The power of Edzilla's punches were as strong as Godzilla's and he was punching the Dark Gundam into kingdom come.

Me: Now for the grand finale. It's time to finish this!

(Goku's Spirit Bomb theme plays)

I raise my hands into the air.

Me: EVERYONE SHARE YOUR ENERGY WITH ME!

Vince: The Spirit Bomb! Lets lend our power and energy to him.

Everyone did so and a massive spirit bomb as big as the moon was formed.

My children formed their own Spirit Bombs. But they were in different colors. Allie's was Pink, Brittney's was black, Jessie's was blue, Mary's was brown, Anna's was orange, Jared's was red, Nicole's was purple, Natilee's was Green, Shanan's was Indigo and Heidi's was white.

The smaller Spirit Bombs orbited around my Spirit Bomb.

Me: Now it's time for you to die Ullube. This is for all the pain and suffering you've caused to the world because of your insane ambitions!

Jared: What you did to us and our planet is completely unforgivable!

Brittney: Now you will pay for your crimes!

Allie: This time you will die!

Nicole: Now go to Hell!

Shanan: And Stay there!

Me: Now die you fucking Son of a Bitch!

Me and my Children: SOLAR SYSTEM SPIRIT BOMB BARRAGE!

We threw the Spirit Bombs at the Dark Gundam and they hit the Dark Gundam and exploded with unbelievable power.

***KRAAAAAAAAAABBBBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOO***

The explosion was so powerful and so devastating that it completely destroyed the entirety of the Dark Gundam and completely obliterated it in an instant. When the smoke cleared, the entire colony and the Dark Gundam was completely erased from existence forever. Ullube was completely destroyed in the explosion as well.

Nico: Now that Ullube's dead, let's use the remains of Dark Gundam for spare parts.

Jared: That's not a good idea Nico. The Dark Gundam was made with biotechnological engineering. If we use it to build more Gundams then we would just start the events in this world all over again.

Nico: Good point. Lets make our own Gundams then.

Me: That's a great idea man.

Domon: J.D. it was an honor to fight alongside you and all of Team Loud Phoenix Storm.

We shook hands.

Me: I'm glad we could help out Domon.

Jared: Just like old times.

Domon: You said it Jared. (To the Viewers) Take my advice and never mess with the laws of nature. Especially with biotechnological experiments that can destroy the universe.

Jared: You said it Domon.

We merged the other Earth with our Earth and the colonies were now floating above our planet. Our worlds were now one. The Gundam Fights were still on.

THE END

---

Another Fanfiction Complete.

G Gundam is one of my favorite shows that I've known ever since I was a kid. It showed on Toonami back from April 22nd, 1994 to March 31st, 1995. It was awesome! I watched it on Toonami back from August 5th to October 16th, 2002. It was awesome! NicoChan11 gave me the ideas for this one. Thanks man as usual. Let me know what you all think.

See you all next time.

# The Most Hated Unfit Family

It starts in the Moon Prison. Maria, Carmen, Gear and Static were standing outside of the cell of Icky Vicky, the Evil Side of Vicky. Icky Vicky is now the most hated babysitter in the world. She was REALLY hated because of it. She had all kinds of evil symbols all over her cell and she had all kinds of evil phrases all over the walls. People that want her to die and go to Hell wrote them. Maria saw her and she was so pissed off that it was unbelievable.

Maria: You make me sick just looking at you Vicky!

Evil Vicky: You are not pretty either you bitch!

Maria: YOU HAVE GOT TO BE THE MOST DISGUSTING AND MOST FUCKED UP BABYSITTER IN THE HISTORY OF THE WORLD! YOU MAKE ME SICK JUST LOOKING AT YOU! I HATE YOUR GUTS MORE THAN ALL OF LIFE ITSELF! I WOULD RATHER LICK A BATHROOM TOILET THAT HASN'T BEEN FLUSHED FOR 40 YEARS THAN HAVE YOU AS A BABYSITTER! YOU ARE THE WORST AND MOST DISGUSTING FUCKING PILE OF SHIT THAT EVER WALKED THE FACE OF THE EARTH! YOU WORTHLESS SACK OF MOTHERFUCKING SHITSTAINED FILTH!

Carmen: Yeah! Go sis!

Static: I've never seen Maria so pissed off before.

Gear: No kidding! She never got that mad when she was still fighting us.

Icky Vicky then went into a ballistic rage and she went into a rant and they had to shut her cell door. She was placed into solitary confinement for the entirety of her sentence because she's pure evil. Icky Vicky was also foaming at the mouth like she was a rabid dog.

Maria: I'm sorry you guys had to hear that.

Carmen: No worries sis. But that was awesome!

Gear: It sure was Carmen.

Later they left the prison.

---

In the estate we were relaxing. It was a time of peace and fun. Nico came back from the park and he had caught a Numel and a Wailord. We were playing board games, reading books, playing card games and watching TV. Maria, Carmen, Static and Gear came in.

Me: Hey guys. How was the visit to Icky Vicky?

Carmen: Oh you should've seen it J.D. Maria ranted the living crud out of Icky Vicky.

Gear: Check it out.

Gear played the whole rant and we cheered for her.

Nico: Way to show her Maria!

William: Way to go Maria!

Arixam: I'll say. Good show!

We laughed and then the news turned on.

News Announcer: We interrupt our regularly scheduled program to bring you this special report.

News Reporter: Last night the Smith Family consisting of Harold, Marianne, Bud and Julie Smith escaped from prison and have now gone into hiding! A major bounty of $100,000,000,000,000,000,000,000,000,000,000,000.00 is being offered for their capture.

Me: Wow! That has to be the biggest bounty of them all!

Nico: It sure is. But who are the Smiths?

Me: Lets see here.

I pulled up the computer and pulled up their info.

---

The Smiths are the Girls' apparently dull and ordinary but covertly bitter and evil next-door neighbors. First, they appear in the episode "Supper Villain." The average head of household Harold Smith was so incensed by the perfection of the Professor and the Girls that he became an inept super-villain hoping to defeat them.

When his wife, Marianne, invited the Girls and the Professor over for dinner, Harold took the opportunity to try to destroy them and took Professor as a hostage during the whole dinner, but all he really did was cause a ruckus and ruin the meal. Upon his release from jail in the episode "Just Desserts," Harold's family - including daughter Julie and son Bud - joined him as a team of equally inept super-villains (albeit with better costumes), as Marianne's payback for their ruined dinner. They drove a nasty-looking black van with flames painted on the sides of the body, all-terrain, slash-proof, whitewall tires with knives mounted on the hubcaps, blinding three-thousand-watt headlights, spiked bumper, five turbojet engines for optimum speed, six liquid-titanium rocket launchers, rotating laser cannon turret and a spacious leather interior that comfortably seats a family of four to five. The girls eventually destroy their vehicle with a single punch as they demand to know why they are doing this. Marianne finally explains to them about her vengeance is to destroy the Powerpuff Girls for ruining her dinner. The girls realize that her vengeance is nothing more than a useless reason. As a result, the girls angrily beats them down for the count and they were sent to jail for ruining their home. When the Smiths' house becomes vacant, the Snyder family (which includes a girl named Robin) from "Superfriends" moves into that house.

Harold:

An average suburban factory worker, whose ineffectual and timid exterior hides a secret passion for evil. He had an adapted hair-dryer that could melt a person's head, though he never actually had an opportunity to use it. He is a bald man, with a long, banana-like nose and a timid, quivering voice. He wears a pair of square eyeglasses, a pair of stocking, a pair of red thermal underwear, yellow rubber gloves, a holster strapped to one hip, a blue bath mat tied around the neck for a cape, black-rimmed goggles, replacing his square glasses, a hood on top of sparkler. He was arrested by the police for his evil acts that causes his wife, Marianne to revenge the girls for ruining her dinner. In Just Desserts, he was the one behind the wheel to pursue the girls while carrying Professor Utonium in their house but to wreck everything beneath their home. But after his wife reveals her revenge to the girls which it was a useless reason. He and his family are being beaten by the girls angrily and was jailed once again and this time is with his family.

Marianne:

Harold's very darkly tanned wife, with very light blond hair. She is very weasel-like in appearance, as she has a sharply pointed nose, features bunched up in the middle of her face (as if they're about to sink in), whose excessive perkiness barely disguises a vicious, shrewish side. She wears a black bodysuit and thigh-high boots, with a black mask and blue gloves as well. She was the one who initiated her revenge in Just Desserts as the girls easily realize that her revenge about her dinner was just a useless reason just to wreck their house which resulted herself and her family are been beaten by the girls and are soon jailed for ruining their house.

Julie:

A simple-minded pudgy little girl with a long blond ponytail and features that almost look drawn on whose life revolves around playing jacks. She wears a black ballet tutu with spikes around its edge, a matching mask and toe shoes. Initially she didn't hate the Powerpuff Girls, but joined her family in their revenge after the Girls lost her jacks. She and Bud are not fighting like their parents but she and her family are now jailed after they ruining the Girls' house and her mother's revenge turns out to be a useless reason which results in them being beaten the Girls.

Bud:

A sullen, green-haired, angst-driven tween with his mother's teeth with braces who hates everything, especially his boring dad. He wears a black outfit with blue gloves and a green cape to match his hair. He and Julie does not fight like their parents even he shows his throwing skills after revealing his villain costume. He and his family are now jailed after they ruining the Girls' house and his mother's revenge for her dinner is nothingmore than a useless reason which results them being beaten by the girls.

---

Blossom (Adult): The Smiths were once our next door neighbors before Robin came. They were just an average family. Or so we thought.

Bubbles (Adult): Yeah.

Lincoln: I would not want to be friends with their son Bud. He looks like he's a total sociopath.

Me: He sure looks like the kind of kid that would cause a lot of trouble.

Laney: It looks like he has the beginning stages of Antisocial Personality Disorder.

Me: That is a strong possibility. But usually the signs of that disorder don't show until right around the age of 18.

Lisa: That is a good diagnosis.

Me: But nonetheless I would not want these people as my next door neighbors. We need to throw these people in back in prison for good.

Varie: How long were they sentenced to prison?

Me: It says here that they did attempted murder, ransacking and destroying the home of the Powerpuff Girls, Attempted Vehicular homicide and Breaking and Entering. Harold did the Attempted Murder the first time. But the second time they did the same thing and more. They got a sentence of 75 years in prison without parole and were ordered to pay $10,000,000.00 in restitution. But upon their release if they are lucky, they will be deported all the way to Siberia.

Vince: Wow! That is harsh! I can't believe that they would do that to those kids as well. That's not right.

Me: I agree with you partner. Being shipped off to Siberia is considered a fate worse than death. So instead of prison, we're gonna send the two kids to maximum security federal orphanage.

Nico: That's a great idea. But how are we gonna get them?

Me: I have a plan for that. And we also need to find out what they are going to do. So here's my plan.

I huddled everyone together and whispered my genius plan to everyone. My plan was to set up a fake dinner with Harold, Maryanne, Bud and Julie Smith with the Smith Family of Langley Falls, Virginia as part of a trap to expose them for what they are. I invited the Smiths of Langley Falls over to the estate and we explained our plan to them.

Stan: That is genius J.D.

Francine: I agree. It just might work.

Hayley: This is gonna be so awesome!

Steve S.: I can't wait to kick some butt.

Roger: Me too guys.

Me: Okay. Time for Phase 1.

I went to the telephone and dialed the Bad Smith's number and Harold answered. Harold and Stan set up the dinner and everything was working well.

Stan: Thank you Harold. Bye. (Hangs Up) It's ready J.D.

Me: Okay. Phase 1 complete. Now it's time for phase 2.

Francine: Stan, you sure that you want to accept Harold's invitation to dinner. It could be a trap.

Stan: Do we have a choice?

Me: Don't worry guys. If it is a trap we'll be ready.

---

We were at the Smith house in the middle of the city. Stan, Francine, Hayley, Steve and Roger went up to the door. Roger was dressed up as Langley Falls most hated character, the worst persona he had ever created: Ricky Spanish!

Woman: (Whispering) RICKY SPANISH!

They walked up to the door and knocked on it.

Harold: Ah, Stan. How nice of you to come over. Make yourselves at home.

Stan: Thank you Harold.

Outside we were hiding inside Cybertron Red Alert and watching through my laptop. Stan had a special camera button on his tuxedo that was hooked up to my laptop.

Vince: What do you think Harold is gonna do?

Me: I don't know. But we got to find out what Harold and the bad Smiths are up to. My Dark Orb detector is picking up a dark orb in that house and Harold is obviously going to use it for something sinister.

Cybertron Red Alert: I have a feeling he's going to use something big to kill the Powerpuff Girls for throwing them in prison.

Laney: I have that same feeling too Red Alert.

Stan and his family walked around the house and in a secret room, he found a huge robot that was as big as a normal size monster that the Powerpuff Girls fought on a regular basis. It also had a dark orb in the middle of its chest as its power source.

Lana: Wow! That is a massive and cool robot!

Lisa: Indeed it is. It's craftsmanship is remarkably well built.

Me: It sure is. That robot is a huge one. I can't believe Harold is going to use that Robot to destroy the Powerpuff Girls. We have to stop it.

Then a Pizza Delivery guy drop up.

Lucy: What's that Pizza Delivery guy doing here?

Me: I have no idea. But Phase 2 is complete. Phase 3 is now a go.

We went to the house.

---

During their dinner, the doorbell rang.

Harold: I'll get that.

Harold went and got that and he saw the Pizza Delivery guy.

Pizza Guy: Pizza Delivery.

Harold Smith was currently talking to a pizza guy who came over for some reason.

Harold: I didn't order the pizza.

Pizza guy: Is this Harold Smith?

Harold: Yes. Also known as the Harold Smith who didn't order the fucking pizza!

Pizza guy: Then who placed the call?

Nico (appears inside the house): I did! (takes the pizza box) It's pepperoni, right?

Pizza guy: It sure is.

Harold: Nico Chan? What are you doing here?

Nico: Me? Well, as soon as my friends get here, I'm gonna kick your butts. Then I'm eating this pizza.

Then suddenly we smashed through the windows and landed on the floor in an action pose like in the movies.

Pizza guy: One of you still has to pay for the pizzas.

Nico handed him the money.

Nico (to the pizza guy): Might want to hide somewhere safe. Don't want you and the pizzas to get damaged.

Pizza Guy: Good idea. Thanks Nico.

Harold: So Team Loud Phoenix Storm is here.

Me: Harold Smith, you and your family are under arrest.

Manny (to Julie and Bud): Good news, you two. We've decided to let you live. And by let you live, we really mean we're going to throw you into one of our prisons.

Helen: But your parents might not get so lucky though.

Harold: How did you find us?

Alan: Oh, Fuzzy said that he's been to your hideout before for a barbecue.

Fuzzy: Me and one of the big brains of my team simply cross-referenced the number of places ya'll visited to find out where ya'll were.

Harold: Damn you, Lumpkins! And Mojo as well!

Shockwave: On the contrary, a few weeks after the Louds' worldwide vacation, Mojo Jojo was thrown in prison without his intelligence. It was me who helped Fuzzy find out where you were.

Pizza guy: Sorry to interrupt. But what exactly was the reason these guys turned to crime again?

Nico: It was… come here.

The Pizza guy came to him and Nico whispered in his ear.

Pizza guy (to Harold Smith): Dude, you and your family are fucking babies!

Me: I agree.

Nico: Smiths, you have failed this city!

Stan: (Offended) Hey!

Nico: Not you and your family, Stan! The other Smith family!

Stan: Oh.

Me: I heard you all want revenge on the Powerpuff Girls for ruining your dinner right?

Maryanne: That's right! Those ungrateful brats are the bane of our existence!

Me: I've seen some supervillains wanting to get revenge for stupid reasons but that one takes the cake.

Stan: You know what the difference is between me and you, Harold? I learn from my mistakes. You don't!

Me: You give all good neighbors a really bad name and people like you aren't even fit to be a part of society. Lets take them down!

Stan: We'll take these good neighbor Charlatan's while you go destroy that robot.

Me: You got it Stan. Lets go!

We went into the Garage and we saw the robot. It was a huge robot.

Me: Wow! It's even bigger than what we saw from Stan.

Lisa: Indeed it is.

Me: Lets destroy this monstrosity!

We went at the robot and I punched it in the face and knocked its head off.

Volcana fired a massive blast of fire and burned its whole right arm off and it melted into a huge pool of molten steel.

Thumpback slammed his anchor into its chest and ripped the hatch that had the dark orb in it open and I grabbed the Dark Orb and crushed it. We all got a massive power boost from it.

Me: Lets finish this robot off! Combo time!

Thumpback: (Sea Captain Accent) Time for some power! GIGANTION CYBER KEY POWER!

The Gigantion Cyber Planet Key went into his device on his arm and it had a massive torrent of water envelope around his anchor.

Wideload: My turn! CYBER KEY POWER!

The Earth Cyber Planet Key went into his dumper and it split open and turned into a powerful energy blaster.

Thumpback and Wideload: BERMUDA TRIANGLE MAELSTROM SHOWER!

Wideload fired a powerful barrage of energy blasts from his dumper blaster and Thumpback fired a massive blast of water from his Anchor and the blasts combined and when they hit the robot they enveloped it in a massive whirlpool that was shredding it apart.

Skullcruncher: My turn! CYBER KEY POWER!

The Animatron Cyber Planet Key went into his back and his teeth were made sharper than a razor blade and they were longer than a Saber Tooth Cat and his strength in his mouth was enhanced 2,000-fold.

Volcana: My turn! EARTH CYBER KEY POWER!

The Earth Cyber Planet Key went into her device and she had sprouted wings entirely made of pure fire and she had enhanced fire powers.

Skullcruncher and Volcana: PHOENIX DRAGON FIREBITE!

Volcana turned into a phoenix made of pure fire and she picked up Skullcruncher with her talons. Volcana channeled her fire into his teeth and it turned them into powerful teeth from the fire of the Sun. Skullcruncher bit the robot in the chest with devastating force and it started exploding.

Me: It's gonna blow! Lets get out of here!

We got out of there fast.

Me: Nico it's gonna blow!

Nico and the Good Smiths grabbed the bad Smiths and we ran out of the house and it exploded into a massive fireball!

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

We got out of the house just in time and we saw that the whole house was completely destroyed and totally engulfed in flames.

Me: Wow! That was a close one.

Harold: Our house!

Me: Now you are going back to jail. This time for good.

Maryanne: We won't go back without a fight!

Stan: You want a fight, then you will get one!

Francine: You have had this coming for a long time you bitch!

Steve S.: You give all us brothers a really bad name you freak!

Bud: Bring it on you asshole! I HATE EVERYTHING!

Our auras flared up with incredible power!

Me: Fuck you brat!

Steve S.: What was that enormous burst of energy we felt? I feel stronger and more powerful.

Hayley: It's how Team Loud Phoenix Storm gets stronger. They absorb Negative Energy and convert it into positive energy. It makes them more powerful than ever.

Julie: You make me sick you freaks!

Me: Show no mercy Stan. This city isn't big enough for 2 Smith Families!

Stan: Lets get it on!

Stan punched Harold in the face with incredible power and knocked out all of his teeth. Roger kicked Harold right into his crotch with devastating force and we heard a nasty sickening crunch.

Me: (Winces) Oooh! That's not gonna feel good!

Then he fired multiple tranquilizer darts into him.

Stan: You're going back to jail you sparkler-headed asshole!

Maryanne: Do you all know what you've just done? YOU MADE MY HUSBAND A VEGETABLE AND DESTROYED OUR HOME!

Skullcruncher: You brought that all on yourself!

Maryanne: I thought you were all supposed to be heroes. But no! Instead, you all make decisions based on your emotions and how you feel about people, everyone else be damned!

Maria: Oh, you're talking to us about making decisions based on our emotions? Look in the mirror sometime.

Francine punched Maryanne in the stomach and kicked her in the face and knocked her out.

Hailey and Steve rammed Bud and Julie into each other and knocked them out with powerful force.

Buttercup (Adult): Time for a final smash! SPRING GREEN NETBIND!

Buttercup (Adult) fired a green energy net and wrapped the Smith Family in it like a bag of potatoes.

Buttercup (Adult): (To the Viewers) You mess with my family and you mess with all of us.

Ed: If only we had a sack of potatoes!

Eddy: Shut up Ed.

Stan: Time for you to never do crime again. C.I.A. BRAINDRAIN!

Stan fired a powerful blast of energy and it hit Harold and sucked every single ounce of knowledge out of his head. When it was done, Harold had his mouth hung open and he was drooling uncontrollably. He was totally braindead.

Police cars arrived and they rearrested Harold and his family.

Me: It's back to the Stony Lonesome for you asswipes.

Maryanne: We will have our revenge and you will never stop us!

Me: Tell it to the judge you bitch.

Officer: Lets go you clods!

Harold and Maryanne were transfered to the Uranus Prison and sentenced to 40 life sentences without parole. Bud and Julie were placed into a federal orphanage and a special hypnotic reeducation program. Harold, Maryanne, Bud and Julie Smith were now called THE MOST HATED FAMILY IN AMERICA!

Roger Smith: Now that those Smith impostors are gone, can I have some of that pizza?

Nico: Sure.

They ate the pizza.

THE END

---

Another Fanfiction Complete

The Smith Family from the Powerpuff Girls was what we all thought was an average everyday family that looked normal. But they were evil in all its stupidity. It's too bad that they were only on for only 2 episodes. What a rip. It would've been awesome to have them on longer than that. NicoChan11 gave me the ideas for this one. Thanks man as usual. Let me know what you all think.

See you all next time

# The Emotionless Pixies

It starts at the Ceres Prison. It was a maximum security prison for perverts. It was the Anti-Pervert Patrol's prison for the worst kind of perverts. Brian and Stewie were with Captain America, Nico and Nicole to visit the most stupid and worst pervert of them all: Glenn Quagmire.

Nicole: Glenn Quagmire, 61 years old, was given a major castration for being the worst pervert ever.

Captain America: I've seen some of the worst people in the world, but you are the worst I've ever seen.

Quagmire: Listen, Captain, I know you probably think that I'm some piece of crap on your boot, not even worth common courtesy but-

Captain America (sneers at Quagmire): No, you listen. When you look at me, what do you see? Do you think I'm some sort of old-fashioned fool? I'm from the damn forties, son. I lived during the prohibition, a time when a man sexually harassing his friend's wife- or any woman for that matter- or hitting a dog-or any animal at all- was considered as healthy as smoking. Let me tell you something, I hated those kinds of things then and I sure as hell hate it now. Do you understand me?

Nico: Glenn Quagmire you have failed this world as a man and as a person. You are now something far less.

Stewie: Not only that, but he also had Brian killed.

Brian: You were the one who drove the car that nearly killed me? But why?

Quagmire: Because I always hated your guts! Aside from the reasons that I explained to you, you were always in my way of claiming Lois for myself. I would've killed you right there if it weren't for the football-headed brat!

Nicole: You are a disgusting freak Quagmire. We should've killed you shortly after we blew up Quahog. Quahog was a town full of worthless idiots and your friends Peter and Lois and all of Quahog minus Joe, Brenda, Bonnie, Meg, Stewie and Brian were stupid imbeciles. Quahog had its chance. And now you will suffer in here for all eternity as the last of a disgraceful town that deserved to be wiped out for its stupidity. You on the other hand are nothing but a pervert that deserves nothing more than to spend the rest of his life in prison for his crimes. Burn in Hell you son of a bitch.

They left the prison.

---

Back at the Estate, we were reading books and playing card games. Earlier, Nico got back from the park and he got a Torkoal and a Grumpig

Stewie: I knew I should've just killed that son of a bitch when I had the chance!

Me: I know Stewie. But he's in prison now so its best to let nature takes its course and kill him painfully by robbing him of his sanity.

Stewie: You're right.

Joe: If I knew that Quagmire was always mean to Brian, I would've arrested him sooner!

Maria: We should've charged Quagmire with animal cruelty for addtional crimes.

Me: There's no need for that now. He's in prison for the rest of his life.

Maria: You're right.

Me: Yeah. Hey Luna can I ask you a quick question?

Luna: Sure dude. What's up?

Me: How did you become Lincoln's guardian?

Luna: That is one of my most popular questions. It was back when I was 7 years old.

---

Luna: (Narrating) Pop Star called me into their room for an important talk. This was before I became the Loudest member of my family.

Past Lynn Sr.: Luna I know you all just got your new baby brother and I know you're all happy about that.

Past Luna: I sure am Dad. It's the best thing that's ever happened to me.

Past Lynn Sr.: I know sweetie. But Lincoln has a lot of growing up to do. So to help protect him, he needs a guardian sister.

Past Luna: Guardian Sister?

Past Rita: Someone that will always be there for him whenever he's in trouble or is going through some hard times.

Past Luna: Oh I get it.

Past Lynn Sr.: We want you to be Lincoln's Guardian sister.

Past Luna: I'll do it dad! And I won't let you down!

Luna: After that I was made Lincoln's Guardian. It was a heavy job but I was more than capable of handling the task.

FLASHBACK ENDS

Luna: Ever since then I was Lincoln's Guardian Sister.

Me: That's awesome Luna. My sister Jayme has always been my Guardian Sister for me. It's a great bond we have. Also I can tell that Lincoln has been like a guardian for his younger sisters. In a sense the flame has spread to Lincoln to watch over his younger sisters.

Lincoln: That's right J.D.

Me: Yep. You've been doing a great job buddy.

Then the Alarm went off.

Me: Uh oh.

We went to the Computer and we saw that the Pixies are trying to take over the jobs of all the Fairies.

Unlike the Fairies, Pixies treat their magical powers as a business. Their known primary goal is to control Fairy World and Earth, and possibly the rest of the universe. All of their evil schemes are thwarted by Timmy Turner and his fairy godparents, Cosmo and Wanda (and later their son, Poof).

All of the Pixies reside in Pixie World, and they are all lead by their leader, the Head Pixie, also known as H.P. Sanderson seems to be second in command, and almost always appears by H.P.'s side.

In School's Out!: The Musical, it is revealed that the Pixies are next in line in the wish granting business, and will take over if the children become the dominant species of Earth.

Pixies have magical cellphones in place of wands and their wings are square-shaped rather than circular when compared to fairies. They all speak in a gloomy, monotonous tone of voice, which usually lacks most (if not all) emotion. All shown Pixies are male.

They wear grey business suits with white undershirts and black ties, and have pointy grey hats. Their shoes are also black. All pixies aside from H.P. have square heads and wear black glasses.

Timmy: Oh no! The Pixies are trying to take over Fairies again!

Me: These guys are the pixies? They don't look like the kind of creatures that would harm anyone.

Wanda: That's what everyone first thought. But they are a major menace to everyone in the entire universe. They are like fairies but they treat magic like big business.

Me: So these guys are Capitalistic Sophisticated Businessmen. Except instead of money, they use magic as their method of capitalism for world domination.

Wanda: That's exactly right. That's a very good way to put it.

Stellar: They also want to rule over Fairy World, Earth and the entire universe.

Me: We can't have that. Not if Team Loud Phoenix Storm has anything to say about it! Lets get them!

We set out to face the Pixies.

---

PIXIE WORLD, DARK SIDE OF THE MOON

---

We arrived in Pixie World, which was just behind the Earth's Moon. We saw that it was a monumental capitalistic nightmare.

Me: So this is Pixie World. It's located just behind the Earth's Moon on the Dark Side.

Lincoln: This place makes me sick just looking at it.

We saw that every pixie looked exactly same. They wore gray tuxedos, had black sunglasses and pointy grey hats. But their wands were cell phones.

Me: This is mondo crazy. Every Pixie looks exactly the same.

Laney: They sure do. I can't even tell who's who.

Me: None of us can.

Stellar: They do have a Head Pixie. And he's not like all of the Pixies.

Me: Then we better see this Head Pixie.

We went to the main building of Pixie World. We saw the main magic antenna of Pixie World and I fired an energy blast and destroyed the whole antenna. Completely destroying their entire supply of magic.

Me: That oughta stop the magic for the pixies.

---

In the main office, the Head Pixie was looking at what happened to the main magic antenna and we bursted in with a fiery explosion followed by a phoenix cry. When the smoke cleared the Head Pixie saw us. We saw that the Head Pixie was much different than the others. He had grey hair and a larger hat and he had regular glasses.

Me: So you are the Head Pixie.

H.P.: (Emotionless) That's right and it's an honor to have you all grace the world of Pixies, Team Loud Phoenix Storm.

Me: You sound just like famous actor and Political & Economic Commentator Ben Stein.

H.P.: We do don't we? Have you all met my assistant Sanderson?

Sanderson: (Emotionless) You all will make magnificent Pixies.

Me: Over my dead body you pointy head freaks of nature.

Nico: You two are by far the most emotionless villains we've ever met.

H.P.: Say what you want. But us having no emotions means that when we fight, our judgements aren't clouded and we actually focus on strategy. Unlike all of you.

Nico: (takes out Kurahk's Staff of Anger): If you two won't hate us by choice, we'll make you hate us by force! (zaps the two Pixies with Staff)

The Two Pixies then went at each other and pulverized each other in a vicious and brutal fight cloud and they were tearing each other apart while hating us at the same time.

Nico (aura flares up): There. Was that so hard?

Timmy: That's the first time any of the Pixies have shown emotion.

Maria: It'll also be the last.

Me: Lets take them down!

We went at the Pixies and pulverized their faces in with indiscriminate fury and ferocious madness.

Mindwipe: I can use my mind control to make some of the Pixies fight on our side.

Nico: Do it Mindwipe.

Mindwipe used his hypnotic stare and hypnotized all the pixies and turned them against the Head Pixie.

Mindwipe (uses mind control on Pixies): You work for me now. Destroy your boss!

The Pixies all went at the Head Pixie with incredibly indiscriminate fury. I punched the Head Pixie in the face, kicked him in the stomach and fired a massive blast of energy and it hit him and exploded.

Nico: Pixies of Pixie World, you all have failed this Universe!

Me: You said it buddy. Lets kill them! Combo time!

Rock Lee: You got it J.D. Time to show them the power of youth! EARTH CYBER KEY POWER!

The Earth Cyber Planet Key went into his device and it enabled him to sprout leaf dragon wings made of pure chakra and it also enabled him to use the most powerful taijutsu moves ever known.

Sureshot: Time for some Heavy Firepower! CYBER KEY POWER!

The Velocitron Cyber Planet Key went into his back and it enhanced his speed and blaster power.

Rock Lee: Lets see how you like the power of Youth! LEAF DRAGON GOD!

This is the ultimate taijutsu technique created by the legendary taijutsu master Chen. It appears to be initiated by an upward spin kick at which point it quickly becomes a tornado. Forming into a dragon with long whiskers, it attacks the target aiming to swallow them, at which point they are cut by the razor sharp winds inside the attack. After initiating the attack, the user appears to remain shielded within the base of the tornado as the outward surface of the dragon seems to be solid enough for a person to impact and rebound off of, making the only way to enter the technique once it has been initiated is by being swallowed.

Sureshot fired his laser cannon.

Sureshot and Rock Lee: IONIC LEAF DRAGON YOUTHSTORM!

The dragon went at the Pixies and swallowed them and the lasers blasted them all and blew some of them apart into a million pieces. Killing them and shredding them apart.

Fire Man (Mega Man): Time to burn! GIGANTION CYBER KEY POWER!

The Gigantion Cyber Planet Key went into his arm and it enabled him to shape his fire into powerful weapons with a thermonuclear explosion punch.

Mindwipe: Time to make some brains explode! CYBER KEY POWER!

The Animatron Cyber Planet Key went into his back and it enabled him to fire Hypersonic Sonic Waves that are powerful enough to not only shatter glass but also make heads explode into huge massive gory messes.

Fire Man and Mindwipe: HYPERSONIC INFERNOSWORD EXPLOSION!

Fire Man formed a sword of pure fire and he slashed a bunch of Pixies all over the place and Mindwipe released a massive hypersonic scream that made them all explode with incredible power that splattered their guts all over the place. Now it was just us and the Head Pixie himself.

Me: It's over Head Pixie. Your days of trying to take over Fairy World and the universe are finished forever! Final Smash time!

Dr. Strange: I'll start us off! BOLTS OF BEDEVILMENT!

Dr. Strange fired powerful blasts of lightning at the Head Pixie and they hit them and exploded with incredible power.

Bart S.: Now it's my turn! EAT MY SHORTS AND KISS MY ASS!

Bart mooned the Head Pixie and farted out a massive laser blast from his butt that hit the Head Pixie head on and completely obliterated him in an instant.

The Spirits of the Pixies appeared.

Nicole: You pixies are never welcome in our universe. (Chants an Incantation) ALDRUON ENLENTHRANEL VOSOLUN LIRUS-NOR!

The Pixies went into the Book of Vile Darkness.

Head Pixie: This is the worst development that's ever happened to us. Please scream with me.

All pixies: (Emotionless Screaming)

Bart Simpson: (To the Viewers) Those Pixies can eat my shorts and suck Homer's Ass.

Homer: (Laughs) That's telling them boy! (Laughs) That's a good one.

We also blew up Pixie World and rid the world of a bunch of Capitalistic Monsters.

THE END

---

Another Fanfiction Complete

The pixies on the Fairly Odd Parents were an interesting bunch of villains on Fairly Odd Parents. They appeared in 6 episodes of the series and Ben Stein did a great job voicing them. I've never really liked Capitalism and its stupid and bad. Actually it's both good and bad but I still don't like it. NicoChan11 gave me the ideas for this one. Thanks man as usual. Let me know what you all think.

See you all next time.

# The Lost Mouse in America

It starts in the Dimmsdale Maximum Security Insane Asylum for Fairy Obsessed Tyrants. Me and Denzel Crocker's mother Dolores were there to visit Denzel Crocker.

Me: Mrs. Crocker I'm sorry about how your son turned out. He turned into a major league total freak.

Mrs. Crocker: It's all right J.D. I hate my son because he's the worst mistake that ever lived. He turned into an insane crackpot that lived all his life chasing fairies.

Me: He brought all this on himself. He's a fucked up freak of nature that wants nothing more than to see the entire world burn. Plus look at his brain scan.

I pull out a picture of Denzel Crocker's brain and it showed that his brain was a rotten orange wrapped in rusty razor wire and numerous sparking wires were poking out of it.

Mrs. Crocker saw it and laughed at it.

Mrs. Crocker: That is too true.

Me: It is. I just wish I could've killed him and rid the world of that fucked up lunatic. As far as I can tell he doesn't deserve to live for another second of his miserable life.

Mrs. Crocker: You got that right. My son is dead to me anyways.

We arrived at Crocker's cell and he was laughing like a fucked up lunatic.

Me: We had to put Denzel Crocker in this solitary confinement cell and weld the door shut so he cant get out. Plus his high window is 40 feet above the floor.

Mrs. Crocker: Don't you think that's going overboard?

Me: Normally yes. But he deserves this. You can use this teleporter to head into his cell. When you're done let me know.

Mrs. Crocker: Okay.

Mrs. Crocker stepped onto the teleporter and it beamed her into the cell.

Crocker: Oh great. It's my mother!

Mrs. Crocker then slammed a powerful mace club onto his head and smashed his head open. She repeatedly slammed the mace club ferociously.

BLANG! BAM BAM BAM BAM BAM BAM BAM BAM BAM BAM BAM BAM BAM BAM BAM BAM BAM BAM BAM BAM BAM BAM BAM BAM!

Mrs. Crocker: (ENRAGED SCREAMING) I HATE YOU! YOU MAKE ME SICK YOU CRACKPOT! WHY CAN'T YOU DIE!? DIE! DIE! DIE! DIE! DIE! DIE! DIE! YOU MAKE ME SICK YOU FUCKED UP CRACKPOT! I WANT YOU DEAD!

I beamed into the cell and grabbed the mace.

Me: Mrs. Crocker! That's enough! I know he deserves this but now's not the time. I know he's a fucked up lunatic but I promise he'll get what's coming to him when the time comes.

Mrs. Crocker: (Panting) You're right J.D. Sorry.

Me: Lets go. See ya next life Crackass, you fucked up mistake and a worthless waste of a life.

We left the cell and Mr. Crackass was brutally smashed up. He was taken to the hospital and he was wrapped up in a full body cast.

Denzel Crocker: I hate that J.D.!

---

Back at the estate we were watching one of my favorite movies: An

American Tail. It was made in 1986 and it's about a young mouse from Shostka, Russia in 1885 named Fievel Mousekewitz and how he and his family came to America for a better life. Cats were terrorizing the mice and they came to America to be free of them. But he was washed overboard in a storm and his family thought he was dead. But Fievel did survive and he arrived in America floating in a bottle. Fievel searched hard for his family and he devised a brilliant plan for chasing the cats away. He and a bunch of cats built a powerful secret weapon to banish the cats in America. It succeeds but the pier was set on fire. But the ending was awesome. Fievel was reunited with his family and he made a cat friend named Tiger. Tiger was a vegetarian cat. When it was done we cheered.

Me: That movie is always awesome!

Lincoln: It sure is.

Laney: I'm glad that Fievel found his family.

Me: I am too.

Nico: Those cats are always trouble in that movie.

Lincoln: Lets do an adventure where we help Fieval find his family.

Me: That's a great idea buddy. Lets head to the Simulator.

We did so. Nico caught a Flygon and Spinda in the park before the movie began.

---

In the Simulator we were doing an exercise. Me, Nico, Gwen T., Catwoman, Ed, Leni, Luan, Eddy, Lori, Lincoln, Laney, High Five, Commander Mars, Apeface, Pointblank, Cornelia and Lillian were in the Simulator. It activated and we found ourselves on the Island of the Statue of Liberty in the year 1885. We saw the Statue of Liberty under construction.

Me: The Statue of Liberty. It's under construction here.

Lincoln: It sure is.

High Five: When was the Statue of Liberty built?

Me: It was built back in 1886. It was given to us as a gift by the French for helping us win the Revolutionary War 110 years years ago this time.

The Statue of Liberty (Liberty Enlightening the World; French: La Liberté éclairant le monde) is a colossal neoclassical sculpture on Liberty Island in New York Harbor in New York, in the United States. The copper statue, a gift from the people of France to the people of the United States, was designed by French sculptor Frédéric Auguste Bartholdi and its metal framework was built by Gustave Eiffel. The statue was dedicated on October 28, 1886.

The Statue of Liberty is a figure of Libertas, a robed Roman liberty goddess. She holds a torch above her head with her right hand, and in her left hand carries a tabula ansata inscribed in Roman numerals with "JULY IV MDCCLXXVI" (July 4, 1776), the date of the U.S. Declaration of Independence. A broken chain lies at her feet as she walks forward. The statue became an icon of freedom and of the United States, and a national park tourism destination. It is a welcoming sight to immigrants arriving from abroad.

Bartholdi was inspired by a French law professor and politician, Édouard René de Laboulaye, who is said to have commented in 1865 that any monument raised to U.S. independence would properly be a joint project of the French and U.S. peoples. Because of the post-war instability in France, work on the statue did not commence until the early 1870s. In 1875, Laboulaye proposed that the French finance the statue and the U.S. provide the site and build the pedestal. Bartholdi completed the head and the torch-bearing arm before the statue was fully designed, and these pieces were exhibited for publicity at international expositions.

The torch-bearing arm was displayed at the Centennial Exposition in Philadelphia in 1876, and in Madison Square Park in Manhattan from 1876 to 1882. Fundraising proved difficult, especially for the Americans, and by 1885 work on the pedestal was threatened by lack of funds. Publisher Joseph Pulitzer, of the New York World, started a drive for donations to finish the project and attracted more than 120,000 contributors, most of whom gave less than a dollar.

The statue was built in France, shipped overseas in crates, and assembled on the completed pedestal on what was then called Bedloe's Island. The statue's completion was marked by New York's first ticker-tape parade and a dedication ceremony presided over by President Grover Cleveland.

The statue was administered by the United States Lighthouse Board until 1901 and then by the Department of War; since 1933 it has been maintained by the National Park Service as part of the Statue of Liberty National Monument. Public access to the balcony around the torch has been barred since 1916.

Laney: That's right and it's one of the symbols of our freedom.

High Five: It's an amazing marvel.

Pointblank: It sure is.

Lillian: I've always wanted to see the Statue of Liberty.

Cornelia: Me too Lillian.

I then saw something in the water floating towards the island.

CHOIR: Give me your tired Your poor Your huddled masses Yearning to breathe free The wretched refuse Of your teeming shore Send these The homeless Tempest-tossed, to me I lift my lamp beside the golden door.

Me: Hey what's that?

We saw that it was a bottle floating in the water. I picked it up and inside it was Fieval.

Me: Fievel.

I held the bottle over my hand and Fieval landed in my hand.

Me: Are you all right Fievel?

Fievel: Who are you and how do you know my name?

Me: My name is J.D. Knudson and you would be amazed at what I know.

We introduced ourselves.

Fievel: It's a pleasure.

Me: I take it you lost your family on the way here to America.

Fievel: I did.

We explained everything about what's going on and where we are from and more.

Fievel: Wow! That's amazing!

Me: It is. We're gonna help you find your family. I know America is a big place but we can help you find them.

Lillian: That's right Fievel.

Cornelia: We will never give up until we find them.

Fievel: Thank you all. Thank you.

Me: Lets get searching.

We searched throughout the city. But with over 1.5 million people in the city, it'll be like looking for a needle in a haystack. Along the way we told Fieval that a villainous rat named Warren T. Rat is really a cat thats been exploiting the mice for their money for protection from a ruthless gang of cat thugs called the Mott Street Maulers, a vicious and ruthless gang of cats thats been terrorizing the mice of New York City.

The Mott Street Maulers are only seen in An American Tail. Their gang is first seen when they savagely attack the local mouse market. Fievel Mousekewitz is nearly eaten alive by one of them, but he manages to escape the mouth of the cat he's in. They soon run are not seen again until very late in the movie at the Maulers' Hideout. Fievel, having heard violin music and believing that it was his father playing, slipped in without anyone noticing. Fievel soon finds that the player of the violin isn't his father, but Warren T. Rat! Even more shocking to Fievel, he finds Warren T. is no rat, but a cat in disguise! Warren T. soon discovers Fievel and, realizing his secret could be exposed, yells for the Maulers to "get me that mouse!". Though the Maulers themselves fail to capture him, Fievel is soon caught and thrown in the prison.

Everyone except Tiger (who was left on guard duty) falls asleep; however, at the end of the song A Duo, Tiger and Fievel accidentally break a mirror, which sets off the alarm and wakes up every single Mauler. They soon chase Fievel to Chelsea Pier, where the mice soon find out Warren T.'s secret. In an attempt to be rid of mice for good, Warren T. lights Chelsea Pier ablaze. However, he (along with the rest of the Maulers) are scared away by the Mouse of Minsk made by the mice. The Maulers are sent flying off of the edge of the pier; subsequently, they end up thrown onto the anchor of a tramp steamer boat bound for Hong Kong. They are last seen being reassured by their boss that there are plenty of mice in Hong Kong. Tiger however switches sides to aid Fievel.

Warren T. offers false friendship to Fievel when the two meet and offers to take him to his missing family - yet after gaining Fievel's trust, he cruelly sells him to a sweatshop, when next they meet it is some time after Fievel managed to escape the sweatshop: he sees Warren T. for what he truly is, a cat, and is imprisoned by Warren T. and his gang to stop him telling anyone, however Fievel is released by Tiger - a soft-hearted minion who doesn't share the usual anti-mice feelings most cats do in American Tail.

Warren T. Rat and his gang give chase to Fievel but are caught in a trap by the mice, who have had enough of being bullied. Warren tries to reason with the mice but Tony Toponi knocks Warren's rat disguise off with a slingshot and then the truth about Warren's species is exposed. The mice unleash a mechanical-mouse called the Giant Mouse of Minsk that proceeds to knock Warren T. and his gang off the harbor and into the sea. Before he was chased off he attempted to set fire to the pier; the fire gets blown out by the Mouse of Minsk, but after Warren is defeated a tiny ember is ignited by a kerosene leak and it burns the whole pier down, as his last villainous act. Warren T. was last seen hitching a ride on a boat heading for

Hong Kong, along with his gang, whom he assured would find plenty of mice there.

Me: So yeah. Warren T. is a monster. He's exploiting the trust of the mice for protection. He's a con artist and a mass murderer.

Lillian: We have to find them and take them down.

Me: Just call us the cat exterminators.

Luan: It'll drive them Catty! (Laughs) Get it?

Me, Nico, Eddy and Fieval laughed.

Me: (Laughs) That was so funny!

Eddy: (Laughs) Good one.

Later we met a bunch of mice we rescued from an evil sweatshop. We met a mouse named Tony Toponi from Italy. At a local market built by the mice Tony met and fell in love with an Irish Mouse named Bridget, who was giving a speech on how to rise up against the cats. But then the Mott Street Maulers attacked.

Me: Uh oh! Hey you stupid cats! Leave these mice alone!

We punched and blasted the cats away. Lillian blasted the cats with blasts of light and one of the cats had some gold teeth and they were punched out by Eddy and Luan. We scared the Cats away.

Me: You mess with these mice again and it'll be your last!

Later we decided to stand up against the Mott Street Maulers and exile them from the city for good. We rallied together with a famous rich mouse named Gussie Mausheimer and Fievel came up with a brilliant plan that was based on a story from his childhood. We put the plan into motion at an abandoned museum at the Chelsea Pier. It was a good one. Our plan was to lure the cats into a trap that will send them all the way to Hong Kong in China. We got to work on a special secret weapon. Humans and Mice were gonna work together. Our plan was very simple: We lure the cats in front of a boat called the Star of Hong Kong at the pier. The Boat whistle blows at 6:00 AM and that's when we release our special secret weapon which will send the cats onto the boat and it will take them to Hong Kong, China. When the trap was all set up, we got to work on our plan.

Me: Okay it's time for action.

Catwoman: Lets get those cats and make them pay for their crimes.

Me: You got it Selena.

---

We went to an open manhole cover and I looked down into it. I heard violin playing. I scanned the tunnels with my vision and found the Mott Street Maulers lair.

Me: This is the way to their lair all right. Now for phase 1.

At 5:45 AM we put our plan into action.

I had Fievel tied to a fishing line.

Me: Are you ready Fievel?

Fievel: I sure am J.D.

Me: Okay.

I lowered Fievel down and sat by the manhole and waited. Fievel met an orange cat that didn't like working for the Mott Street Maulers and he was a vegetarian. His name was Tiger. But it didn't take long. I felt a tug and reeled Fievel in and we ran to the pier! Tiger was fired from the cats for becoming friends with Fievel. The cats chased us and Warren T. was with them. I was banging on a frying pan as an alarm to let the mice know they were at the pier.

Me: They're here guys!

We stood ready and Catwoman punched a cat with a couple of gold teeth and knocked out the gold teeth.

We fired random objects and energy blasts and more at them.

Gussie: Hold your fire! It's that wat Warren T.

Fievel: He's not a rat. He's a cat! He's their boss!

Warren: Pay no attention to that little mouse. Just throw down all your money and that kid and I will personally convince these cats to leave you alone.

Me: Nice try you con artist. But we're not interested.

Warren: Just throw down that kid!

Catwoman: Oh, yeah? [knocks off Warren's fake nose with her whip]

[the crowd murmurs]

Warren: Disregard the nose. What's in a nose? A nose by any other name would smell as sweet-

[Gwen fires a Mana blast that knocks off Warren's fake ears]

Crowd: Great whiskers! He's a cat! [other voices] Hey! A cat! A cat! Cat!

Warren: Hey, hey, hey! Wait a minute. Who are you gonna believe? Me or your own eyes?

Gwen (remembering Charmcaster saying something similar): I'd say our own eyes!

Fievel (to Warren): You never knew where my family was, did you?

Warren: No I didn't kid. And I don't care!

Me: You're finished you freak.

Gussie: That's wight. Warren you're through! Washed up! Wuined! Ha! You'll never get another cent from any mouse anywhere!

Me: And we're gonna make sure of it.

Apeface (to Warren): I'm gonna pummel you like a bad egg!

Nico: Warren T Rat, you have failed this city!

Me: More like he has failed all of North America.

Commander Mars (to Warren): Any last words before we waste you?

Warren T.: Come at me!

HOOOOONNNNNKKK!

The Ship Whistle Blew at 6:00 AM exactly.

Me: Release the Secret Weapon!

The door to the museum creaked and roaring was heard. The Door bursted open with fireworks streaming through and out of the doors behind me came a machine in the shape of a giant mouse.

Warren: Get a load of that!

The mouse machine roared.

Warren: It's the Giant Mouse of Minsk!

Digit: Oh you're right!

Me: (In Arabic) هجوم! (Translation: ATTACK!)

We went at the cats. We punched and kicked them all over the place and we even bit their tails. Catwoman whipped them all over the place with her whip. Laney grabbed them with her vines and threw them into a bunch of crates. Cornelia fired poison barbs and Lillian fired powerful blasts of light. She used her powers as the Heart of Earth and formed powerful anvils with just a thought and the anvils hit the cats with a nasty clang.

Lincoln fired powerful blasts of lightning and electrocuted the cats.

Lana fired blasts of ice lightning and froze the cats. Fireworks hit the ice blocks and shattered them into a million pieces. Luan and Eddy fired powerful blasts of light at the cats and fried them.

Me: Lets finish these monsters off for good! Combo and Final Smash time!

High Five: Roger that J.D.! ANIMATRON CYBER KEY POWER!

The Animatron Cyber Planet Key enabled him to fly at fast speeds faster than a bullet fired from a gun and his poison clouds can now melt anything on contact

Pointblank: Time for action! CYBER KEY POWER!

The Velocitron Cyber Planet Key went into his back and it enhanced his sonic blaster and his speed to where he can go at 3,000 miles per hour on the road. And it enhanced his supersonic blaster.

Hive Five and Pointblank: SUPERSONIC ACIDCLOUD DISSOLVENT!

High Five fired powerful purple clouds of poisonous gas and Pointblank fired a powerful supersonic blast. The blasts combined and turned into a deadly mist that burned the cats on contact.

Apeface: Now it's our turn! CYBER KEY POWER!

The Earth Cyber Planet Key went into his back and it enhanced his abilities 100-fold and increase his speed to 30,000 miles per hour. His ape form was enhanced with more power.

Commander Mars: Time for some action! GIGANTION CYBER KEY POWER!

The Gigantion Cyber Planet Key was inserted into her device and it enabled Mars to fire a blast of light and Bronzor will reflect it like a mirror at her enemies.

Apeface and Commander Mars: RAINBOW GORILLA APEPOUNCE!

Commander Mars fired a blast of light at her Bronzor and it reflected it like a mirror and it hit Apeface and turned him into a rainbow gorilla and he smashed all of the cats.

Catwoman: You give cats everywhere a bad name! CATCLAW SLASHSTORM!

Catwoman grew her claws and slashed the cats.

Fievel: This is for all mice everywhere! EXPLOSIVE CHEESE MAELSTROM!

Fievel fired a powerful blast of cheddar cheese and it splattered all over the cats and exploded.

KRABBOOOOOOOOOMMM!

The Giant Mouse of Minsk pushed the cats off the pier and into the water. But Warren swore to get revenge somehow. But afterwards, the battle caused the pier to be set on fire. We got out of there and in the process we found Fievel's family. Tanya had a very strong feeling that Fievel was alive. We set up a beautiful sanctuary in Lana's Jungle Greenhouse for all the mice and gave them great jobs, and all the cheese they could ever want. With no cats anywhere except for Tiger. Tiger now serves as the Guardian cat of the mice.

Fievel: (To the Viewers) This was all an awesome adventure for all of us. It's also my first time talking to you guys.

First times for everything.

---

After the Simulation ended we were resting. Clawful just caught a Krabby.

Maria: Timmy has a new teacher taken Crocker's place?

Me: Yep. Her name is Mary Alice Sunshine. She is a much nicer and much better teacher than Mr. Crackass Crocker was.

Kevin (EENE): It's good he has a much better teach dude.

Cornelia, Elyon, and Megan were on a cliffside over Gotham Royal York.

Megan: Cornelia, is there any reason why we're out here right now?

Cornelia (smiles): Well, I wanted to yell out to the whole world that the three of us are best friends.

Elyon (giggles): Cornelia, you're so crazy!

Cornelia: Thank you. (yells out over the city) ELYON BROWN AND MEGAN MCALLISTER ARE MY BEST FRIENDS!

We heard her all the way from the Estate.

Will: Was that Cornelia I just heard?

Me: It sure was.

Teresa: Mr. Coconuts, be honest. Do you like helping Luan with jokes? Because Chucky made it seem like you were getting irritated with Luan.

Luan: (As Mr. Coconuts) I love helping Luan. She has been my best friend since she started working in Comedy. (Normal Voice) Thanks Mr. Coconuts. That means a lot to me. (To Teresa) We've been together ever since then and I wouldn't give it up for anything.

Teresa: That's awesome!

Cornelia, Megan and Elyon came in.

Poromon (to Cornelia): You're kidding me. You yelled out over to the entire city that you, Megan, and Elyon are best friends?

Cornelia: I sure did.

Me: That's awesome Cornelia.

We had a great time.

THE END

---

## Another Fanfiction Complete

An American Tail has been one of my favorite childhood movies ever since I was a little boy. It was an awesome movie. NicoChan11 gave me the ideas for this one. Thanks man as usual. Let me know what you all think.

See you all next time.

# A Birthday Party for a Saiyan

HAPPY BIRTHDAY NICOCHAN! AND HAPPY MEMORIAL DAY 2019 EVERYONE!

---

May 26th, 2019.

It starts in Lori's room and our briefing room. We were having a meeting because tomorrow was a very special day.

Me: Now I hereby call this meeting to order. I'm sure you're all wondering why I've called this meeting. Tomorrow is not only Memorial Day 2019 but it's also Nico's Birthday.

May: That's right! It's his birthday tomorrow. He turns 16 tomorrow.

Lincoln: So how are we gonna celebrate it?

Me: Okay here's what we do. It's gonna be a surprise party. So while we set everything up, May will take Nico out of the house.

May: You got it J.D.

Me: Great. Now before the day is over we need to find some great presents for him.

Thundercracker: I made a great present for him already.

Me: Great Thundercracker. Does anyone have any ideas for games?

Lily: We can have him do some simulator adventures of the most amazing fights done by the Justice League and the Avengers.

Me: That's a great idea! Motion carries. Any ideas on food? You know how big an appetite Saiyans have.

Lincoln: I sure do. Lets make his favorite: Chicken Wings.

Laney: I can make an awesome cake for him.

Lola: I can make awesome cookies.

Lynn: And I can make Spicy Subs for him.

Me: Good choices guys. Motion carries. William, do you have any ideas on entertainment?

Venom: We can sing songs like always.

Me: Good Venom. Anything else?

Lynn: We can always have a sports course. We can do Tennis, Roller Skating, Basketball and Bowling.

Me: That's a great idea Lynn. Motion for both ideas carries.

William: Rhino and Shocker are handing out the invitations.

Maria: I hope they don't invite a lot of people we don't know.

With Rhino and Shocker…

Rhino: Hey, completely random strangers! Come to our friend's party! (throws invitation around as he, Shocker, and the people around them start cheering)

Back in the briefing room.

Me: Anything else?

No one answered.

Me: Anyone?

Still nothing.

Me: Okay. It's settled. We give Nico the best Birthday Party he's ever had! Meeting Adjourned. (Bangs gavel)

We left the briefing room and got ready.

---

May 27th, 2019 - Nico's Birthday and Memorial Day.

We got everything ready for Nico's awesome 16th birthday. We had blue party streamers, balloons and decorations. All the guests were there and we also had a

Me: Everything looks perfect.

Laney: This is gonna be awesome!

Sandman: Can you believe that it's been a whole year since I joined up with you guys?

Me: It sure has been that long huh Flint.

Lana was keeping a watch out while everything was being set up.

Lana: They're coming!

Me: Quick hide!

We hid in our spots and turned out the lights.

Nico and May came in.

Nico: Why is everything so dark?

May: I don't know. Let me hit the lights.

May did so and we jumped out.

Everyone: SURPRISE!

Poromon, Manaphy, Horsea, and Poliwag: SURPRISE! HAPPY BIRTHDAY, NICO!

Nico: (Gasp) OH WOW!

Alicia: Happy Birthday big bro!

Mindy: Yeah!

Connor: Happy Birthday Bro!

Alicia, Mindy and Connor hugged him.

Me: Happy Birthday Buddy.

Nico: Thanks guys! Thank you so much!

Me: You're welcome buddy. Shall we part-ey?

Nico: Lets Part-ey!

We cheered. We had a great party for Nico. He had awesome food and an awesome birthday cake. Later it was time for Presents.

Me: My present is first man. It's out in the backyard.

Nico: Oh. Okay.

We went out to the backyard and I showed him my present and he saw a beautiful statue of him standing triumphantly on top of every single villain that we all killed and threw in prison over the course of our adventures and at the bottom of the pile of villains was his phrase "You Villainous Scum Have Failed This Universe!" and on the stand of the statue was a dedication and it had the 8 Dragonballs on it. The Dedication was "This statue is for the Greatest Saiyan Warrior, Partner and Best Friend in all of Team Loud Phoenix Storm - Nicolas "Nico" Chan."

Nico: Wow! What an awesome statue!

Me: Me, Lisa and Laney made it for you. You destroyed just as many villains as all of us have. So what better way than to honor that than by giving you an awesome statue!

Nico: Thank you so much man!

Me: You're welcome buddy.

We went back inside and Lincoln got him his present.

Lincoln: Here's my gift for you.

Nico opened it and it was an awesome comic book.

Nico: Wow! "Ace Savvy and the Sinister Baccarat Seven." Awesome!

Lincoln: Me and J.D. made it.

Me: Hot off the presses and we gave a copy to Principal Huggins.

Nico: Thanks Lincoln.

Maria was next.

Maria: Nico, you've been a good friend to me since I first met you. So that's why I hope you like my gift.

Nico opened her gift and it was an awesome friendship bracelet. It was an ocean bracelet and it had all our names on it and it said "A True Friend and An Awesome Hero" on it.

Nico: Awesome bracelet.

Maria: I made it myself. I wanted to make an awesome bracelet for you.

Nico: Thanks Maria.

They hugged.

Luan: My present is a joke.

Nico: Lay it on me Luan.

Luan: Late one night at the insane asylum one patient shouted, "I am Napoleon!" A person in another room said, "How do you know?" The first patient said, "God told me!" Just then, a voice from another room shouted, "I did not!" (Rimshot)

We all laughed.

Me: (Laughs Hysterically) That was so funny!

Eddy: (Laughs Hysterically) CALL A DOCTOR! THAT WAS

HILARIOUS!

Lori: (Laughs) That was literally too funny!

Nico: (Laughs) That was so funny!

May: (Laughs) That was a good one.

Nico: Oh that reminds me. Hey James, I believe you know this Pokemon.

Nico took out a Pokeball and handed it to him and it popped open and out came a Cacnea.

James: (Over joyous) Cacnea!

The Cacnea hugged him.

James: Oh I've missed you too.

Ash: I remember that Cacnea.

Dawn: Me too.

Nico: I got him back for you from Gardenia. She was in the Amazon Rainforest helping the animals and several grass pokemon there.

James: Thank you so much Nico!

Thundercracker (to Nico): Boss, you've done a lot to change our ways after Megatron and Starscream's death. So, I hope you enjoy this present we made for you!

The Decepticons gave Nico an awesome Purple Medal in the shape of the Insignia of the Decepticons.

Nico: Awesome Medal!

Soundwave: It's to recognize you as the leader of us boss.

Thrust: Yep.

Nico: Thanks guys!

Nico put it on.

Nico was given lots of awesome presents. I also gave Nico a Cacturne and an Altaria.

Me: It's time for games guys.

Nico: This is the best birthday ever!

Supergirl: And it's about to get better!

Our first game was Simulator Adventures.

---

We were in the simulator for 3 adventures. The first adventure was going to be an awesome one. Me, Nico, Goku, Vegeta, Superman and Supergirl were going to face General Zod and his cronies in 2013's Man of Steel. Nico was armed with a special sword I made for him out of pure Kryptonite. Luckily I came prepared for this. I created a powerful Sealing Jutsu that eliminated the effects of Kryptonite Poisoning completely for Superman and Supergirl.

We went in and the Simulator Activated and we found ourselves in the city of Metropolis and it was under siege by General Zod and his lacky Faora. They were using a powerful ship to turn all of Earth into another Krypton.

Born on the distant planet Krypton, Dru-Zod was genetically engineered to be a commanding leader and fierce warrior. Rising to the rank of General, he was put in charge of Krypton's military; in that role, he was fiercely devoted to protecting his world and his people. He also became good friends with the scientist Jor-El.

Believing that the Kryptonian Council is too weak and foolish to lead their race, Zod decides he needs to take charge to ensure his people's survival and leads his soldiers in a coup. He and a few of his men, including Sub-Commander Faora, violently interrupt a session between the Council and Jor-El. After killing Council leader Ro-Zar, Zod informs Jor-El of his plans and tries to convince the scientist to join him, but when Jor-El refuses, he orders two of his soldiers to take him away.

Later, Zod and his soldiers travel to the House of El citadel, seeking the Genetic Codex (a repository of genetic information from which all Kryptonians are bred with predetermined life paths) that Jor-El stole earlier after escaping from Zod's men. Inside the citadel, Zod confronts Jor-El, demanding the Codex. When he learns that Jor-El and his wife Lara Lor-Van naturally conceived a child, Kal-El, in defiance of Kryptonian law, an angered Zod moves to destroy the spaceship containing the newborn Kal-El and the Codex, leading to a fight with his former friend. Jor-El wounds and momentarily overpowers Zod, who begs Lara to not launch the ship, but when Lara ignores his pleas, he fatally stabs Jor-El in a fit of rage. Moments later, Zod exits the citadel and orders his attack ship to shoot down Kal-El's departing spacecraft; unfortunately, Zod and his men are apprehended by the Sapphire Guard.

Sometime after that, Zod and his followers stand on trial before the Council, who sentence them to 300 years of somatic reconditioning inside the Phantom Zone for high treason. Zod rants angrily at the new Council leader Lor-Em, denouncing the entire Council as fools, before turning on Lara, who's present at the trial proceedings, and vehemently vowing that he will find her son and re-claim the Codex. He and his men are then placed into cryogenic stasis before being loaded aboard the Black Zero, a massive Kryptonian ship which is then put into the Phantom Zone. After Krypton explodes, Zod and his comrades are freed from their imprisonment, and they look forlornly at their homeworld's remains. They then spend the next 33 years searching the galaxy for other surviving Kryptonians, only to find that all of Krypton's colony worlds died out when their home planet stopped communicating with them centuries ago.

Around the time that Kal-El, now known as Clark Kent, activates an ancient Kryptonian scout-ship that crash-landed on Earth centuries ago, Zod's crew picks up the ship's distress signal and travels to Earth, where Zod transmits a message to the humans, requesting that they hand over Kal-El or face his wrath. Clark surrenders to the US military, who hand him, along with Daily Planet reporter Lois Lane, over to Faora. Once face-to-face with Clark aboard the Black Zero, Zod greets him cordially, but does little to help when Clark collapses due to his body not being suited to the Kryptonian environment aboard the Black Zero.

Later, through a mental simulation, Zod speaks with Clark and reveals that he intends to use a World Engine in conjunction with the Black Zero to transform Earth into a new Krypton and eradicate the human population, then use the Codex to genetically engineer new Kryptonians to inhabit the planet. After the simulation ends, he reveals to a shackled Clark that he murdered Jor-El and expresses regret over having done so, but informs Clark that he would do so again in order to save his people.

Zod then travels to Smallville, accompanied by Faora and a couple of his men, in search of the Codex, which he believes is inside Kal-El's spaceship. He arrives at the Kent Farm, where he interrogates Clark's adoptive mother, Martha Kent, as to the Codex's whereabouts. Clark, having escaped from the Black Zero along with Lois, arrives and tackles Zod, whom he angrily punches numerous times for threatening his mother before they crash-land in the middle of Smallville's town center. Zod's visor is damaged by Clark's assault; exposed to Earth's environment, he is overwhelmed by his manifesting superpowers as Clark taunts him. Two of his men then arrive and take him away, leaving Clark to battle Faora and Nam-Ek.

Later, back aboard the Black Zero, Zod, recovered from his sensory overload, learns that, years earlier, Jor-El stored the Codex within Kal-El's own cells. Once informed by one of his men, Jax-Ur, that Kal-El doesn't need to be alive in order for them to extract the Codex from him, he deploys the World Engine to the Indian Ocean and initiates the terraforming process by hovering the Black Zero over Metropolis. While this happens, Zod heads to the Arctic, where he boards the scout-ship and activates the Genesis Chamber aboard; he also refines his senses while exposing himself to Earth's environment. He is confronted by a holographic projection of Jor-El, who tries to persuade him to abandon his plan; Zod, however, rebuffs the hologram and purges it from the ship's systems before taking the helm and flying the ship to Metropolis.

Clark, now called "Superman," destroys the World Engine, while the US military loads his spaceship onto a cargo plane and flies it towards the Black Zero. When Superman crashes into the scout-ship and prepares to destroy it, Zod protests, telling him that any chance of saving their homeworld will be lost if he goes through with his plan, but Superman declares that Krypton had its chance before using heat vision to damage the scout-ship, causing it to crash in the middle of Metropolis.

Moments later, after Zod's soldiers are sent back into the Phantom Zone, Zod emerges from the wreckage of the scout-ship. As Superman flies over to him, Zod laments the loss of his men and the chance to re-create his long-dead homeworld. His grief turns into a murderous rage, and he violently strikes Superman before advancing on him, vowing to kill every single human just to spite Kal-El. The two Kryptonians then engage in a huge fight that stretches across Metropolis.

Zod and Superman proved an even match for most of the battle, and they cause enormous amounts of destruction throughout Metropolis with their heat vision (which Zod masters early on in the fight), superhuman strength, and patterns of flight. Halfway through the battle, Zod sheds his armor and hones his ability to fly before his fight with Superman resumes, moving to the sky and temporarily in space before the two crash into Metropolis Central Station, where Zod spots an innocent family and emits a blast of heat vision that inches closer and closer to the family. Superman begs Zod to stop, but Zod says "Never!" and continues bringing the heat beams closer to the family until Superman is forced to snap his neck, killing him.

In Batman v Superman: Dawn of Justice, Zod's corpse is taken by Lex Luthor, who takes it to the Genesis Chamber aboard the scout-ship and orders the ship's computer to absorb Zod's remains. Using DNA from Zod and his own blood, Luthor creates a savage monster known as Doomsday.

Nico: I recognize this place. It's from the Man of Steel movie.

Me: Yep. We're in Man of Steel from 2013. That movie was awesome!

Superman: It sure was. Me and General Zod were evenly matched and Zod was the first kill I've ever done.

Me: You told me about that Kal. That must've been an awful experience for you.

Superman: It was. But now that I understand that most villains will never be redeemed, that's behind me now.

Me: That's good. It's not murder as long as we kill only those that deserve it.

Supergirl: That's right.

Me: Lets blow up that world engine and make sure that Krypton never returns!

Nico: You got it!

Me: Everyone together!

All: KAAAA! MEEEE! HAAAAA! MEEEE! HAAAAAAAAAAAAAAAAAAAAAAAAAA!

We fired a massive Kamehameha Wave blast at the World Engine and it hit it and exploded with incredible power!

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The entire World Engine was completely obliterated in an instant.

We then saw Faora arrive.

Me: Faora.

Nico: Faora of Krypton.

Faora: I hope you're enjoying your birthday. It'll be the last you'll ever have!

Nico: We'll see about that.

Goku: You all get off of Earth right now! Or you will answer to all of us!

Faora: You think I'm scared of you Saiyan?

Vegeta: You should be scared of all of us Kryptonian! But I would listen to Kakarot if I were you. More often than not the things

Kakarot says come to pass.

Nico unsheathed his Kryptonite Sword and slashed Faora and she died in a split second. The sword had a glowing green humming blade.

Nico: Wow! That was awesome!

Me: It sure was.

Then a figure landed on the ground. We walked up to him and it was General Zod himself. He showed us a handful of dirt he had.

General Zod: Look at this. (Drops the dirt) We could've built a new Krypton in this squalor. But you chose the humans over us Kal.

Me: Krypton had its chance Zod.

Zod: Kal El, all I wanted was to bring Krypton back. You have to understand why I had to betray you and your parents.

Superman: No. You didn't betray my family. You betrayed yourself!

Goku: That's right. You are the reason Krypton was lead to its own demise!

Vegeta: Krypton had its chance to escape its demise, but it was because of people like you that it was lead to its own destruction.

General Zod: That is my purpose. I exist only to protect Krypton. That is the sole purpose for which I was born. And every action I take no matter how violent or how cruel is for the greater good of my people.

Me: By throwing the world into chaos? I don't think so.

Supergirl: It was because of you that Krypton was destroyed. All of our people are dead because of you Zod.

Me: And now we're going to send you to Hell. So you can join your fellow insurgents in oblivion.

General Zod: We'll see. And now I have no people. My soul… That is what you all have taken from me!

General Zod charged at us and he grabbed Nico.

General Zod (grabs Nico by the throat): Happy Birthday, Saiyan. I give you oblivion. (punches Nico in the face)

General Zod sent him flying. But Nico stopped himself and Zod punched Superman and sent him rolling.

General Zod: I'm going to make them suffer, Kal. These humans you've adopted, I will take them all from you one by one.

Superman: You're a monster Zod.

Me: And we're going to stop you! Power up!

Me, Goku, Vegeta and Nico transformed. I went Super Ebonwu 30,000 Phoenix Fire and Goku, Vegeta and Nico went Super Saiyan 2.

We went at Zod and we collided and a massive shockwave blast exploded out and we sent Zod crashing into a building.

KRABBBOOOOOOOOOOOMMM!

We went at Zod and I punched him in the face with devastating power.

KRABLAM!

Nico fired a massive energy blast and it hit him and exploded.

Nico: General Zod, you have failed this city!

Zod: On the contrary, it's this city that has failed.

Me: No it's you. You also have failed all of Krypton!

We went at him and punched him and a massive shockwave exploded out and destroyed the entire building in a massive explosion that reduced it to rubble. I punched him in the face and sent him crashing into another building. He got up and we flew up into the air.

General Zod: There's only one way this ends for all of us Kal. Either you all die or I do.

Me: We'll go with option B.

We went at Zod as he climbed up a building and we went at him and punched him in another massive explosive Shockwave and we sent him crashing into a building under construction.

General Zod got up and we were ready to face him.

General Zod: I was bred to be a warrior gentlemen. Trained my entire life to master my senses. Where did you all train? On a farm?

Me: No. We too have trained all our lives. Now you will face our true power.

Zod then stripped off his armor and he floated in the air.

Me: Your power is as strong as Kal's.

Superman: His power is equal to mine now.

Me: Then its time for us to not hold back any longer!

We went at him and I punched him in the face with devastating force and Vegeta kicked him in the face and stomach and Zod fired a powerful laser vision blast at Nico and he fired a powerful energy blast at him and it hit his face and exploded.

KRABBBOOOOOOOOOOOOOOOOMMMM!

Goku: KAAAAAAA! MEEEEEEEE! HAAAAAAAA! MEEEEEEEEE! HAAAAAAAAAAAAAAAAAAAAAAAAAAAAA!

Goku fired a powerful Kamehameha Wave and it hit General Zod head on and it exploded with incredible power.

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOM

Vegeta: FINAL FLASH!

Vegeta fired a massive yellow energy blast at Zod and it hit him and exploded with incredible power.

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Superman and Supergirl both punched and kicked Zod mercilessly with ferocious power. They punched him all over the place.

Me: Final Smash time!

Supergirl: You got it J.D. KRYPTON SUPERLASER BLAST!

Supergirl fired a massive laser vision blast at Zod and it hit him and burned him badly.

She-Hulk: My turn! GAMMA RAY PUNCHSTORM!

She-Hulk pulverized the living shit out of Zod with a ferocious flurry of punches of incredible power and ferocity.

Me: Time to finish you off once and for all Zod! Krypton will now die with you! Nico lets finish this fucked up shithole off for good.

Nico: You got it.

Me and Nico unsheathed our Kryptonite Swords.

Me and Nico: KRYPTONITE GUILLOTINE X-SLASH!

We swung our swords in an X-shape form and a green X energy blade slashed through Zod and killed him instantly.

Nico: Now to make sure no one can get his remains.

Nico slashed him into many more pieces and fired a massive energy blast and vaporized them in an instant.

Me: Go to Hell, Zod and stay there you fucking son of a bitch.

Nico: You said it J.D.

Supergirl: (To the Viewers) Krypton was taken down by us and now we have a chance to set it on the right path.

Me: We sure do Kara.

The simulation ended and everyone cheered wildly for us.

Laney: That was so awesome!

Lana: You really crushed him!

Me: We sure did. Zod deserved it.

Then the alarm went off.

Me: Uh oh.

We went to the Computer and we saw that the satellites have detected a disturbance at Pescadero State Hospital for the Criminally Insane in Atascadero, California.

Me: Pescadero State Hospital? I wonder what's going on there.

Nico: We better go check it out.

Me: Team Loud Phoenix Storm, lets fly!

We set out for Pescadero State Hospital.

---

We arrived at Pescadero and it was a maximum security prison mental hospital.

Me: Here we are.

Then the alarm went off.

Me: Uh oh. That's the patient escaping alarm! Lets go!

We flew in.

In the hospital, a woman was running from the guards and staff out to restrain her. We smashed through the windows of the hospital and we saw the woman. It was Sarah Connor.

Me: (Gasp!) Sarah Connor!

Sarah C.: That's right. How did you know who I am?

Me: I'm J.D. Knudson, Leader of Team Loud Phoenix Storm.

Sarah C.: So are you here to rearrest me?

Me: No. But I'm glad we came. We're actually here to show you some information.

Sarah C.: What kind of information?

Me: We'll explain after we take down your captors.

Sarah C.: Lets do it.

The guards and the staff arrived and we went at them. I punched a man in the face and Laney slammed a man into the wall.

Nico: You freaks have failed this hospital!

Lana and Lola sent a woman guard rolling across the floor.

Me: It's combo time!

James: You got it! Cacnea its action time! ANIMATRON CYBER KEY POWER!

The Animatron Cyber Planet Key went into his device and it enhanced all of his Cacnea's abilities.

Snapdragon: Time for some heavy firepower. CYBER KEY POWER!

The Animatron Cyber Planet Key went into his back and it enhanced his speed to 88,000 miles per hour in jet mode. In reptile mode it enhanced his claws and teeth to where they can cut and eat through anything no matter how hard they are. It also enhanced his vertigo ray gun.

Snapdragon and James: VERTIGO NEEDLE PUNCHER!

Snapdragon fired his vertigo blaster and James had his Cacnea use Needle Arms. The Vertigo Ray threw all the guards out of balance and Cacnea punched them all over the place. And they were bleeding like hogs.

Lance: Time for some heavy action Dragonite. GIGANTION CYBER KEY POWER!

The Gigantion Cyber Planet Key went into his device and it enhanced his Dragonite's abilities.

Crosshairs: Time for some target practice! CYBER KEY POWER!

The Velocitron Cyber Planet Key went into his blaster and it enhanced it 100-fold.

Crosshairs and Lance: HYPER SNIPERSHOT EXPLOSION!

Crosshairs fired his blaster and Lance had his Dragonite use his Hyper Beam and the blasts combined and they hit the guards and exploded and blew them through the metal bars at the far end of the hall.

Me: That takes care of that. Now Sarah, we have some information for you.

We went back to the estate and showed Sarah a video of what we learned from the events of The War Against the Machines and it was given to me from John Connor and it showed that she was right about everything and how we destroyed Skynet.

Me: So you see Sarah, you were right. Your deeds in blowing up the computer factory were justified. We stopped Skynet from activating and prevented a major apocalyptic future from happening.

Sarah C.: I'm glad you did.

We placed Sarah into the protection of Team Loud Phoenix Storm.

---

Later we resumed Nico's birthday party.

Our second adventure in the simulator was killing an Evil Sasuke.

Me: I'll need the appropriate attire.

I snapped my fingers and I was in my Leaf Shinobi attire.

I went into the Simulator for this adventure. The Simulator activated and I found myself in the Leaf Village on the roof of the hospital.

Me: Here we go.

The door to the roof opened and out came Naruto and Sasuke.

Me: Naruto you stay back. This is my fight with Sasuke now.

Naruto: But why?

Me: Because I'm here to make sure that this monster that is your so-called teammate pays for his crimes against the world.

Naruto: What are you talking about?

Me: You'll find out in due time.

I stood ready to face Sasuke and I knew that he was going to show that he was stronger. But his claims are always wrong.

Me: (Chuckles)

Evil Sasuke: What's so funny?

Me: Nothing you fucked up megalomaniac. I'm just excited. I'm going to destroy you.

Naruto and Sakura were shocked. I was going to destroy Evil Sasuke and the Uchiha Clan along with him.

Evil Sasuke: What the hell did you just say to me!?

Me: You heard me you fucked up freak. I'm going to kill you and send your sorry fucking ass off to hell personally. You should've died with the rest of the Uchiha when your brother killed them. They got what they deserved and so will you. I'm going to destroy the Uchiha once and for all and make them pay for the entirety of their crimes.

Evil Sasuke growled at me with extreme hatred and my aura flared up dimly.

Evil Sasuke: You fucker! How dare you talk about the Uchiha that way!?

Me: I can talk about them however I want. Because as far as I'm concerned, the Uchiha are nothing more than a bunch of megalomaniacal thieves, murderers and traitors. They got what was coming to them because of their own selfishness and delusional ambitions. Your clan was nothing more than a bunch of fucked up psychopaths with absolutely no love for anyone other than themselves. The only exception however was your mother.

Evil Sasuke: How dare you compare me to her!?

Me: Because your mother is a much better shinobi than you ever will be and you couldn't even beat your own brother let alone Gaara.

Evil Sasuke was enraged and he went at me and I blocked his punches and attacks while standing in that one spot. I punched him in the face with devastating force and he crashed into the wall and held his face in pain and agony. I walked up to him.

Me: Just look at you. Holding your face in pain from just one little punch. You are absolutely pathetic. I don't know what those chickenshits in the Academy were thinking letting a mentally unstable fucked up Shinobi like you attend. You should've been locked up in a maximum security fuckhouse because of your mental instability.

I grabbed him by his shirt and held him up to my eyes.

Me: Now I'm going to make sure that you never avenge your clan or achieve your goals.

I punched him in the chest with so much force that my punch went all the way through his chest and out through his back. Blood splattered all over the place. Sasuke gagged and then he died on my hand and I let him fall to the floor.

Me: You and your clan will never be welcome here in this village or this world.

I threw his corpse up into the air.

Me: Now go to Hell and Stay there you motherfucking son of a fucking bitch!

I fired a powerful energy blast at his body and completely obliterated it in an instant.

Me: Enjoy hell Sasu-gay.

I told Naruto and Sakura everything and they were shocked. I merged the Leaf and their counterparts with our world.

I left the Simulator and everyone cheered for me.

Nico: That was awesome man!

Me: Thanks Nico. One more adventure guys.

Nico: I have a scenario in mind. Would you like to join me Sideshow Bob?

Sideshow Bob: (British Accent) I would be honored Nico.

They went in and the Simulator Activated. They found themselves in Springfield, Oregon before it was destroyed.

Nico: Okay we're going to kill all the corrupted people here in Springfield. Starting with Mayor Joe Quimby.

Sideshow Bob: I like the way you think.

They went to the roof of a building and Nico had a sniper rifle ready. They were under a cover. They had Diamond Joe Quimby caught in the crosshairs with a laser on the back of his head and a silencer was on the rifle.

Nico: Diamond Joe Quimby you have failed this country.

Nico fired and blew Mayor Quimby's entire head clean off. Killing him instantly. Then they went after Superintendent Chalmers and they stabbed him in the heart in his own office. Next on their hit list was Principal Skinner and they slashed his head off. Chief Wiggum was next and he had his heart ripped out and head blasted off.

Nico and Sideshow Bob went to the evidence room and found his weapons.

Sideshow Bob: My old weapons. How I have missed you all!

Nico: Glad you got your weapons back.

Sideshow Bob: Do you know if Apu was one of the people who was in on Springfield's corruption?

Nico: No. Apu was not involved in the corruption of Springfield.

In the police jail cells they saw Snake Jailbird.

Snake Jailbird: Whoa, Bob. You ok?

Sideshow Bob (smirks): I'm fine, Snake. Never been better.

Nico gave Sideshow Bob a 50 caliber pistol and he blew Snake's entire head off. Killing him instantly.

Nico and Sideshow Bob then went after Mr. Burns and they slashed him into a thousand pieces and killed him. They went after the Springfield Mafia and killed Fat Tony.

Nico saw Legs.

Legs: Get in my way and I'll whack you in the labonza.

Nico: Get in my way Legs and I'll kick you in the balls.

Nico beamed Legs and Louie to the Uranus prison.

Nico and Sideshow Bob were walking down the street. Then Apu appeared.

Apu: (India Accent) Excuse me.

Nico: Apu Nahasapeemapetilon **.**

Apu: That's tight.

Sideshow Bob: Thank goodness you're all right.

Apu: Sideshow Bob, I am very sorry to barge in on you like this. But there are a lot of murders going around today. I just want to make sure that you are alright.

Sideshow Bob: I'm doing just fine Apu. We're just ridding the world of this completely corrupted town.

Apu: Corrupted? What do you mean?

Sideshow Bob: You don't know about the corruption in Springfield?

Apu: No. You might have to explain it to me.

Nico explained it down to every last detail and Apu was 10,000% Shocked!

Apu: This town is a disgrace!

Nico: It sure is and we're going to make sure that it pays for its crimes.

Apu: I just hope Reverend Lovejoy and Moe are not part of Springfield's corruption.

Nico: Reverend Lovejoy is but not Moe.

Nico revealed that Reverend Lovejoy is really a false minister and a liar that doesn't know anything about faith or God.

Moe then arrived.

Moe: Hey, Apu. Sorry to bust in unannounced but there's some crazy shit going around. Just want to now if you and the family are ok. (sees Sideshow Bob) Sideshow Bob? What the hell are you doing here?

Sideshow Bob: It's a long story Moe.

Nico revealed everything and he was horrified.

Sideshow Bob: Also it was Reverend Lovejoy that kept on prank calling you.

Moe: So Lovejoy was the one prank calling me?! Wait till I get my hands on him!

Moe grabbed his shotgun and they went to the church and Moe pointed his gun at Reverend Lovejoy.

Moe: Never Prank call me again.

BANG!

Moe blew Lovejoy's head clear off his shoulders.

Later they found Rainier Wolfcastle killing corruptors.

Me: Rainier Wolfcastle! Thank God we found you. Springfield-

Wolfcastle: (Arnold Schwarzenegger Accent) Is corrupt? I know. (points gun at Springfield Rebels) Now, how do I know you all are not in on it?!

Nico: Because we've been killing corruptors too.

Nico revealed the full extent of the towns corruption.

Rainier: I'm glad you are. This town can go to Hell.

Sideshow Bob: You sound just like Robocop.

Rainier: Ja, I do don't I?

Later Moe was talking to Lenny Leonard, Carl Carlson, Barney Gumble and Professor Frink.

Moe was looking at Barney, Lenny, Carl, and Dr. Frink in his bar.

Moe: Alright. I've been hearing a lot of stuff about corruption in this town. So, if any of you is in on this evil plot, speak up. Anyone who does gets shot in the head!

No one answered.

Moe: Anyone?

Still no answer.

Nico: None of them were in on it.

Moe: Good to know I can still count on you guys. Alright. See if you can locate Marge and anyone who isn't part of this bad plan. We're getting out of here in two hours.

Lenny: Man, if Marge is in on this scheme, then I don't know what I'll tell Homer.

Nico and Sideshow Bob exchange nervous looks at each other privately.

They found out that Marge was in on the corruption in Springfield because she helped kill a couple that was trying to leave the town to warn the nation. They went after Marge next. Homer was spared because he's an idiot. A nice idiot in a sense.

Lenny (tearfully): I'm sorry, Marge. (shoots Marge in the head)

Nico: Marge Simpson, you have failed as a mother and a citizen of the country.

Carl (grabs Ned Flanders by the throat): Ok, Flanders. If you knew about the corruption here, then speak up!

Ned: Now wait just a darn-diddley ho there. I was never involved in any of the corruption here in Springfield.

Carl: Well that's good.

They met Sideshow Mel and revealed the extent of the corruption.

Sideshow Mel: If Krusty's going to be killed, can I be in charge of the

Krusty show?

Sideshow Bob: Sorry. You can't be in charge of a show that's about to be cancelled.

Mel: Oh. But what about the Krusty Burger?

Nico: You can be an employee of what the Krusty Burger will become.

Next they went after Krusty. They saw Krusty and he was scared.

Sideshow Bob (approaches a scared Krusty): You don't know how long I've waited for this, Krusty. It's ironic, really. Before, people thought I was the bad guy and you the good guy. Now it's the other way around.

Nico: Herschel Shmoikel Pinchas Yerucham Krustofsky A.K.A. Krusty the Clown, you have failed this country.

Nico and Sideshow Bob killed Krusty by mutilating him in a wood chipper. All of the Krusty Burgers were moved to Gotham Royal York and changed into bigger restaurants of the Burpin' Burger.

Next Nico and Sideshow Bob and the Springfield Rebels went after the Rich Texan. They took their guns and blew him to pieces. Killing him instantly.

Nico: Never again.

They went to Springfield Elementary and killed Jimbo, Dolph and Kearney by slashing their heads off. Otto came up to them.

Otto: Sideshow Bob, right? Can you tell me what's going on right now? Because Principal Skinner's not returning my calls.

Sideshow Bob: There's a reason why.

They revealed why because of the corruption.

Otto: Whoa! This town is completely messed up!

Nico: And then some. It was completely doomed from the very beginning. Want to join the rebellion?

Otto: I would be honored dudes.

Otto joined the rebellion. Next they went after Dr. Hibbert and Dr. Nick Rivera and they found out that they were involved in the corruption because they were the source of income for Springfield's corruption. They killed them by slashing their heads off.

Kent Brockman: Um… excuse me. I'm a news reporter wondering about why there seem to be a lot of people dead. (sees Sideshow Bob) This just in! Sideshow Bob is on the loose!

Moe: Easy, Kent. Believe it or not, Bob's actually become a good guy.

Nico: Here's what's going down.

Nico revealed the full extent of Springfield's corruption.

Kent Brockman: This just in! Springfield is a dead town!

Moe: You guys want a drink before we continue killing those scumbags? It might be the last one we'll have here.

Nico: Sure Moe.

They went to Moe's Tavern.

Afterwards they went to the Springfield Nuclear Power Plant and planted a 200 megaton nuclear bomb with a remote detonator.

They left the city and were in the Control Room. I teleported the Kwik-E-Mart and Moe's Tavern to Gotham Royal York.

Me: Those freaks sure had it coming. And Bart, you're gonna have to find another bar to prank. And I know just the one.

Laney: Yep.

Nico had the remote detonator in his hands and he lifted up a red button cover. We beamed the good citizens that were totally against all of Springfield's ways to Gotham Royal York where they will be under our protection. Same with the children.

Nico: Springfield, Oregon - the Meanest Town in America, you have failed this world!

Nico pressed the red button and all of Springfield was completely obliterated in a massive nuclear explosion.

KRABBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion completely obliterated it in an instant. Wiping it off the map completely and leaving no traces of it all behind. We cheered wildly for Nico and Sideshow Bob. The Rebels of Springfield now have better homes and jobs in Gotham Royal York along with Manjula and Apu's kids.

Me: That was awesomely done!

Nico: Thanks man and great job Sideshow Bob.

Sideshow Bob: It was an awesome job and it was such an honor fighting along with you Nicolas.

Nico: Thanks man.

Me: Time for sports guys!

We cheered.

We played Nico's favorite sport: Tennis. Nico was an awesome tennis player and he had what it takes to join the big leagues. We also played Bowling at the bowling alley and Nico got a perfect game which rarely happens, and we also played basketball and did some rollerskating.

Me: It's time for songs guys!

We cheered.

We were in the living room.

Me: We are to sing songs for the birthday boy Nico. First up in our show is Maria Rockell.

Maria came out.

Maria: Thanks J.D. I'm going to sing Feel Again by OneRepublic.

Me: Good song choice. I love that song Maria.

Nico: I love that song Maria!

Maria: Thanks Nico. Here goes.

The song played and we were inside an awesome psychedelic lava lamp.

Maria: (Singing Divinely)

It's been a long time coming since I've seen your face

I've been everywhere and back trying to replace

Everything that I've had till my feet went numb

Praying like a fool that's been on the run

Heart still beating but it's not working

It's like a million dollar phone that you just can't ring

I reach out trying to love but I feel nothing

Yeah, my heart is numb

But with you, I feel again

Yeah with you, I can feel again, yeah

I'm feeling better since you know me

I was a lonely soul but that's the old me

It's been a long time coming since I've seen your face

I've been everywhere and back trying to replace

Everything that I broke till my feet went numb

Praying like a fool who just shot a gun

Heart still beating but it's not working

It's like a hundred thousand voices that just can't sing

I reached out trying to love but I feel nothing

Oh my heart is numb

But with you, I feel again

And with you, I can feel again

But with you (I'm feeling better since you know me)

I feel again (I was a lonely soul but that's the old me)

Yeah with you (I'm feeling better since you know me)

I can feel again (I was a lonely soul)

Woo hoo (Woo hoo)

I'm feeling better ever since you know me

I was a lonely soul but that's the old me

A little wiser now from what you showed me

Yeah, I feel again, feel again woo hoo

The lava goo swirled around us and when the song was done we cheered wildly.

Me: Awesome performance Maria!

Nico: Way to go Maria!

Me: Awesome performance. Next up is May.

Nico: Whoo! Go May!

May: Thanks Nico. I'm going to sing Shattered Dreams by Johnny Hates Jazz.

Me: Very good song in the 80's.

The song played and we were in a scary nightmare landscape.

May: (Singing Divinely)

So much for your promises

They died the day you let me go

Caught up in a web of lies

But it was just too late to know

I thought it was you

Who would stand by my side

And now you've given me, given me

Nothing but shattered dreams, shattered dreams

Feel like I could run away, run away

From this empty heart

You said you'd die for me,

Woke up to reality

And found the future not so bright

I dreamt the impossible

That maybe things could work out right

I thought it was you

Who would do me no wrong

But now you've given me, given me

Nothing but shattered dreams, shattered dreams

Feel like I could run away, run away

From this empty heart

You've given me, given me

Nothing but shattered dreams, shattered dreams

Feel like I could run away, run away

From this empty heart

From this empty heart

I thought it was you who said they'd die for love

And now you've given me, given me

Nothing but shattered dreams, shattered dreams

Feel like I could run away, run away

From this empty heart

You've given me, given me

Nothing but shattered dreams, shattered dreams

Feel like I could run away, run away

From this empty heart

Oh no no no you said you'd die for me

Oh oh die for me

So much for your promises

We saw all kinds of dark and scary scenes and broken dreams and it was awful. When the song was done we cheered wildly.

Me: That was an awesome song May! Great performance!

Nico: Whoo! You rock May! Way to go!

May: Thanks guys. Thank you all so much.

Me: You're welcome May. Next up is Laney Loud.

Laney: Thank you J.D. I'm going to sing for you all When It Rains in America by Sarah Brightman.

Me: Awesome choice. I love the rain and how it feels good on a hot day.

The song played and we were in the middle of a thunderstorm dumping rain.

Laney: (Singing Divinely)

Do you want to feel freedom

Do you want to see sun and rain

Do you want to be near me

Do you want to light up the way

A strange magical feeling

That maybe baby we'll find someday

I thought I heard you laughing

I never wanted to make you cry

I only needed a reason

To see a teardrop in your eye

'Cause lovin' you keeps me from the storm

When it rains in America

There's a place we can run to

Far away from the city stare

Where's the ocean's a desert

But the wind still blows in your hair

Where we can watch the sun go down

When it rains in America

When it rains in America

When it rains in America

When it rains in America

'Cause loving you keeps me from the storm

When it rains in America

We saw a lot of lightning and a lot of rain was getting us wet. When the song was done we cheered wildly and towels were being given to us.

Me: That was an awesome performance Laney!

Laney: Thanks J.D.

Nico: Way to go Laney!

Laney: Thanks guys. Thank you.

Me: Next up for you all is Luan Loud.

Luan: Thank you J.D. Me and Eddy are gonna be singing Craving

You by Thomas Rhett.

Me: Great song guys! Good choice.

The song played and we were in Monument Valley in Utah.

Eddy: (Singing Divinely)

Every time we have to say goodbye

I'm counting down until we say hello

Every touch is like the strongest drug

I don't know how much longer I can go

I never had something that I can't walk away from

But, girl, my self-control's so paralyzed

When it comes to you, no, I ain't got no patience

There's something 'bout you girl I just can't fight

You're like that cigarette

That shot of 100 proof

No matter how much I get

I'm always craving

That feeling when we kiss

The way your body moves

No matter how much I get

I'm always craving you

Craving you

All the in-between is killing me

You know I come unglued from missing you

Luan: (Singing Divinely)

Sunset eyes, no, I don't have to try

Because you know exactly what to do

Eddy:

I never had something that I can't walk away from (walk away from)

But, girl, my self-control's so paralyzed

When it comes to you, no, I ain't got no patience (I ain't got no patience)

There's something 'bout you I just can't fight

Luan and Eddy:

You're like that cigarette

That shot of 100 proof

No matter how much I get

I'm always craving

That feeling when we kiss

The way your body moves

No matter how much I get

I'm always craving you

Craving you

Craving you

Craving you

Every time we have to say goodbye

I'm counting down until we say hello

Every touch is like the strongest drug

I don't know how much longer I can go

You're like that cigarette

That shot of 100 proof

No matter how much I get

I'm always craving

That feeling when we kiss

The way your body moves

No matter how much I get

I'm always craving you, yeah

Craving you

Craving you (I'm craving you baby)

I'm craving you

I'm craving you babe

We saw the beauty of the valley and it was awesome! We cheered wildly.

Me: Great job guys! Whoo! That was awesome!

Nico: Whoo! Yeah! That was awesome! Great job!

Luan: Thank you all! Thank you.

Eddy: That was awesome!

Me: It was an awesome performance. Next up is Spiderman.

Spiderman: Thanks J.D. I'm goin to be singing Diary of Jane by Breaking Benjamin.

Me: Interesting choice.

Nico: Love that song!

The song played and the stage turned into a vicious lightning storm.

Spiderman: (Singing Divinely)

If I had to I would put myself right beside you

So let me ask you,

Would ya like that? Would ya like that?

And I don't mind If you say

This love is the last time

So now I'll ask,

Do ya like that? Do ya like that?

No

Something's getting in the way

Something's just about to break

I will try to find my place

In the diary of Jane

So, tell me

How it should be?

Try to find out

What makes you tick As I lie down

Sore and sick

Do ya like that, Do ya like that?

There's a fine line

Between love and hate

And I don't mind

Just let me say,

That I like that, I like that

Something's getting in the way

Something's just about to break

I will try to find my place

In the diary of Jane

As I burn another page

As I look the other way

I still try to find my place

In the diary of Jane

---

When the song was done we cheered wildly.

Me: That was awesome Peter! Way to go!

Spiderman: Thanks J.D.

Me: Megan and Cornelia have a song to sing.

Megan: We're gonna sing Take a Hint by Victorious.

Me: Good choice girls.

The song played.

Megan and Cornelia: (Singing Divinely)

[Megan]

Why am I always hit on by the boys I never like

I can always see 'em coming, from the left or from the right

[Cornelia]

I don't want to be a priss, I'm just try'na be polite

But it always seems to bite me in the…

[Megan]

Ask me for my number, yeah, you put me on the spot, oh

[Cornelia]

You think that we should hook up

But I think that we should not

[Megan]

You had me at "Hello", then you opened up your mouth

[Both]

And that is when it started going south

[Megan and Cornelia]

Get your hands off my hips, or I'll punch you in the lips

Stop your staring at my… Hey!

Take a hint, take a hint

No, you can't buy me a drink, let me tell you what I think

I think you could use a mint

Take a hint, take a hint

La, la, la…

T-take a hint, take a hint

La, la, la…

[Megan]

I guess you still don't get it, so let's take it from the top

[Cornelia]

You asked me what my sign is, and I told you it was "Stop"

[Megan]

And if I had a dime for every name that you just dropped

[Megan and Cornelia]

You'd be here and I'd be on a yacht

---

[Megan and Cornelia]

Get your hands off my hips, or I'll punch you in the lips

Stop your staring at my… Hey!

Take a hint, take a hint

No you can't buy me a drink, let me tell you what I think

I think you could use a mint

Take a hint, take a hint

La, la, la…

T-take a hint, take a hint

La, la, la…

[Megan]

What about "No" don't you get?

[Cornelia]

So go and tell your friends

[Victoria and Elizabeth]

I'm not really interested

[Megan]

It's about time that you're leavin'

[Cornelia]

I'm gonna count to three and

Open my eyes and

[Megan and Cornelia]

You'll be gone

(One)

Get your hands off my…

(Two)

Or I'll punch you in the…

(Three)

Stop your staring at my… Hey!

[Megan and Cornelia]

Take a hint, take a hint

I am not your missing link

Let me tell you what I think

I think you could use a mint

Take a hint, take a hint

Take a hint, take a hint

Woah!

[Megan and Cornelia]

Get your hands off my hips, or I'll punch you in the lips

Stop your staring at my… Hey!

Take a hint, take a hint

La, la, la…

T-take a hint, take a hint

La, la, la…

We all cheered wildly.

Me: Great job girls!

Nico: Whoo! Yeah!

Me: Next up is Lola.

Lola: Thank you J.D. I'm going to sing Somewhere Out There by Linda Ronstadt & James Ingram.

Me: Great choice Lola. I love that song. It was a great song.

The song played and the full moon over New York City appeared.

Lola: (Singing Divinely)

Somewhere out there beneath the pale moonlight

Someone's thinking of me and loving me tonight

Somewhere out there someone's saying a prayer

That we'll find one another in that dream somewhere out there

And even though I know how very far apart we are

It helps to think we might be wishin' on the same bright star

And when the night wind starts to sing a lonesome lullaby

It helps to think we're sleeping underneath the same big sky

Somewhere out there, if love can see us through

Then we'll be together somewhere out there

Out where dreams come true

And even though I know how very far apart we are

It helps to think we might be wishin' on the same bright star

And when the night wind starts to sing a lonesome lullaby

It helps to think we're sleeping underneath the same big sky

Somewhere out there, if love can see us through

Then we'll be together somewhere out there

Out where dreams come true

We saw the beauty of the city at night and it was breathtaking. When the song was done we cheered wildly.

Me: That was great Lola! Great performance!

Lola: Thank you all so much. Thank you.

Nico: Way to go Lola! Way to go!

Me: I agree man. Next up is our own Luna and Sam!

Luna: Thanks dude. For our song we're gonna be playing Holding Out For A Hero by Bonnie Tyler.

Me: Awesome song choice! That song is very popular. Lets rock girls.

The song played and the stage turned into an action packed montage of all of our adventures.

Luna and Sam S.L.: (Singing Divinely)

Where have all the good men gone

And where are all the gods?

Where's the streetwise Hercules to fight the rising odds?

Isn't there a white knight upon a fiery steed?

Late at night I toss and I turn

And I dream of what I need

I need a hero

I'm holding out for a hero 'til the end of the night

He's gotta be strong

And he's gotta be fast

And he's gotta be fresh from the fight

I need a hero

I'm holding out for a hero 'til the morning light

He's gotta be sure

And it's gotta be soon

And he's gotta be larger than life!

Larger than life

Somewhere after midnight

In my wildest fantasy

Somewhere just beyond my reach

There's someone reaching back for me

Racing on the thunder and rising with the heat

It's gonna take a superman to sweep me off my feet

I need a hero

I'm holding out for a hero 'til the end of the night

He's gotta be strong

And he's gotta be fast

And he's gotta be fresh from the fight

I need a hero

I'm holding out for a hero 'til the morning light

He's gotta be sure

And it's gotta be soon

And he's gotta be larger than life

I need a hero

I'm holding out for a hero 'til the end of the night

Up where the mountains meet the heavens above

Out where the lightning splits the sea

I could swear there is someone, somewhere

Watching me

Through the wind, and the chill, and the rain

And the storm, and the flood

I can feel his approach like a fire in my blood

I need a hero

I'm holding out for a hero 'til the end of the night

He's gotta be strong and he's gotta be fast

And he's gotta be fresh from the fight

I need a hero

I'm holding out for a hero 'til the morning light

He's gotta be sure

And it's gotta be soon

And he's gotta be larger than life

I need a hero

I'm holding out for a hero 'til the end of the night

He's gotta be strong and he's gotta be fast

And he's gotta be fresh from the fight

I need a hero

I'm holding out for a hero 'til the morning light

He's gotta be sure

And it's gotta be soon

And he's gotta be larger than life

I need a hero

I'm holding out for a hero 'til the end of the night

There were lots of explosions, bloody bodies falling everywhere and all kinds of action. When the song was done we cheered wildly.

Luna and Sam: THANK YOU AND HAPPY BIRTHDAY NICO!

Nico: THANK YOU GIRLS! (HANG LOOSE SIGN)

Me: That was awesome girls! Now for the grand finale I'm going to be singing Arabian Nights by Sarah Brightman.

Nico: Whoo! Go for it J.D.

Me: Thanks man.

The Song began and we were in the middle of the Sahara Desert and saw all of the most incredibly treacherous features of the desert.

Me: (Singing Divinely)

Don't you forget the echoes of time

Won't you regret the losing of minds

In my dreams I'm searching

Across the desert sands for you

Scimitar moon is guiding me close to your side

(The Scene changed to the forests of Russia)

Voyage, voyage

Voyage, voyage

Wilderness to wilderness

I traveled from afar

On the soft wind of the Nadq

Came fragrance of Araar

Splendor of a thousand suns shone glory in my path

No love more pure and rage more fierce

Could still my beating heart

Voyage, voyage

Voyage, voyage

So

Should I return to trace the shadows of my chases

My steps will echo there from sand to stone

I will never let my eyelids close on empty spaces

My dreams will fill the void with tales unknown

Know the mighty infinite obscures the far horizon

The whispered road I take will never bend

Alone

And will the wind return my story to its promise

Or will my story chase me to my end

(The scene changes to the city of Calcutta, India)

Aye Hawa, Mere Dilbar

Ko Mere Pyar kay Geet Sunana.

Tu hay meri Manzil

Aur pyar mera musafir, Musafir…

Meri reshmi Zulfain

Meri meri reshmi zulfain

Teri Zanjeerain

Hamesha

Meri reshmi Zulfain

Meri meri reshmi zulfain

Teri Zanjeerain

Hamesha

Melodies unspoken

Flowing from the lotus of my heart

Ending where we start

Promises unbroken

Promising a never-ending fire

Of love beyond desire

Ending where we start

We saw many parts of all Eurasia and Africa and it was all breathtaking. When the song was done everyone cheered wildly for me.

Me: Thank you all! Thank you!

Nico: Way to go J.D.! That was awesome!

Me: Thank you man! Happy Birthday to Nico Everyone!

Nico: Like I said. Best birthday ever.

We got ready for bed later. Nico had the greatest 16th birthday ever.

THE END

---

Another Fanfiction Complete.

HAPPY BIRTHDAY NICOCHAN! Today is his 22nd birthday in real life and I wanted to do a special birthday chapter for him and his awesome and special day. In my stories he's 16. He gave me the ideas for his special chapter. Man of Steel was an awesome movie from 2013 and it was awesome! Let me know what you all think and Happy Birthday to Nico Chan.

See you all next time.

# The Destruction of Atlanta

It starts in the Attic of the Edd's house. We were looking through some of the things in the attic and organizing some stuff. Ronnie Anne then arrived and with her was a girl with brown hair, blue shirt, black shorts and she had a red hair band.

Ronnie Anne: Hey guys.

Lincoln: Hey sweetie.

Me: Hey R.A. Who's your friend?

Ronnie Anne: Guys, this is my friend, Syd Chang.

Syd Chang: It's so awesome to meet you guys! My name is Sydney Chang. But everyone calls me Syd. I just moved here from Florida.

Me: Oh wow! Welcome to Gotham Royal York. It's a pleasure to meet you Syd. I'm J.D. Knudson, leader of Team Loud Phoenix Storm.

Syd: Oh awesome! I heard so much about all your awesome adventures!

Me: We get that all the time.

Syd: My favorite adventure you guys did was when you guys destroyed Nerissa.

Me: That was one of our most epic and action packed adventures.

Lincoln: It sure was.

Nico: I'll never forget that.

Me: Me neither. But the sheer ferocity of our power combined was going to tear the whole planet apart because of it. The combined strength of our power was enough to destroy 100 solar systems.

Syd: Wow! That is incredible!

Me: It was.

We introduced ourselves to Syd.

Syd: Wow! It's so awesome to meet you all.

Lori: Same here Syd.

Syd: What are you all doing?

Me: We're looking through some of Edd's stuff here in his attic. He has a lot of awesome momentos from his and the Ed's times in Peach Creek in Atlanta.

Syd: Oh wow!

I found an old shrunken small deflated inner tube. It was no bigger than a jewelry ring.

Me: This inner tube is shot.

Eddy: Oh that is from our Creek Cruise Scam. The Kanker's ruined that one.

Marie K.L.: I can't believe we did that.

Me: Me neither.

Laney: Hey check out these old mattresses.

Eddy: Oh yeah! I remember these.

Edd: And I made this one.

We saw a bed that looked like a cornucopia and it's pillows were the fruit.

Me: Wow! That is a very artistic one.

Edd: That is my best work. I made that one for a scam we did selling old refurbished junkyard mattresses.

Linka: Let me try that one.

Linka laid down in it and she was really comfortable.

Me: How does it feel?

Linka: It's really comfy. I think they threw this one out by mistake.

Me: Hmm.

I scanned the mattress and discovered that she was right. The mattress was thrown out by accident.

Me: This mattress is brand new all right.

Linka: Cool. My bed is starting to fall apart.

Lori: Linka is right. Her bed and mattress are old and springs are starting to pop out.

Me: Well I think this bed is perfect for her.

Edd: It sure is J.D. Linka is more than welcome to have it.

Linka then kissed Edd on the cheek and he was sizzling with a blush and a feeling of love.

All: Awww.

I pulled out a cool device with a fish bowl globe around it and there was a lot of stuff in it.

Me: Hey this is pretty interesting.

Edd: That's our Thing-a-ma Jig J.D. It's a really handy device we made for a scam we did.

Me: Neat. Lets see what it can do. How does it work?

Edd: You press that red button and whatever that person wants comes out.

Syd: Think a chair can pop out of it?

Me: Lets see.

I press the button and the device rattled with vigor and an arm chair popped out of the device and Syd was comfortable.

Me: Wow! That was awesome!

Syd: That was amazing!

Me: This is a very spiffy device.

Edd: I only made one of them and Eddy sold it in a scam he did.

Eddy: Yeah the boxes for them had light bulbs, bricks, used fly paper tape strips, sawdust and junk.

Me: I think this would be a really handy device. I have the power to make more of anything when needed.

I snapped my fingers and made 6 more of Thing-A-Ma Jigs.

Me: Ta da!

Edd: That was amazing!

Me: Thanks Double D.

Syd: That is so cool how you are able to do that!

Me: Thanks Syd.

Eddy: The Scam I did for it was ruined by Captain Melonhead.

Me: That must be an alter ego of Jonny.

Edd: It was.

Me: Neat.

In the attic we found a cabinet of a bunch of contraptions made by Edd. We saw a newspaper machine, elevation boots, body heat seeking goggles and more.

Me: Wow! What's all this?

Edd: This is my Cabinet of Failed Inventions.

Me: Wow. You guys have made some really interesting machines.

I take the body heat seeking goggles and look at them.

Syd: Ooh what are those?

Edd: These are body heat seeking goggles.

Syd: Oh cool! Let me see them.

Syd put them on and Edd turned them on and she saw everything in infrared vision. It was like she was looking through an infrared thermal imaging camera.

Syd: Oh this is so awesome! This is like how snakes see their prey!

Me: How did you know that snakes see like that?

Ronnie Anne: Her mom is a zoologist. She knows all kinds of animals and her mom got a job at the Gotham Royal York Zoo.

Lana: Oh that is awesome!

Lily: We love the zoo.

Laney: Learning all about the animals is one of our favorite things to do.

Me: That's awesome! We went on an awesome worldwide adventure and we saw all of the worlds Volcanoes. My daughter Nicole is a volcanologist.

Syd: Oh that is awesome! I saw volcanoes erupt in documentaries and it is really scary how they can erupt like that.

Me: It sure is. Have you heard about what happened to the town of Dante's Peak?

Syd: I sure did. That was horrible.

Me: Yeah but the good news is that no one died that day. But the whole town was a total loss. Completely destroyed.

Syd: Yeah that was bad. But it's good that no one died. I also heard about that asteroid that slammed into Dallas.

Me: Yeah that was a catastrophe. Thousands of people dead and trillions of dollars in damage. But the asteroid that slammed into it was the size of a huge apartment complex and it weighed 240 million pounds. It struck with the power of 250 atomic explosions.

Syd: That is awful.

Me: It was. But this will help us be more prepared for future asteroid impacts. Like when we stopped a massive 100 mile wide asteroid that was going to slam into the Earth in the year 3,000.

Syd: That's awesome that you did that!

Me: Thanks Syd.

Ronnie Anne: We have done it all.

As I was lifting up a box I saw a bunch of old newspapers.

Me: Hey look at these newspapers.

We looked through them. And we saw that some of the news papers were dated to the dates of some of our most amazing adventures.

Me: Wow. These newspapers are for our adventures.

Syd: Oh that is so awesome!

Me: It sure is.

Ed: Cool.

Then I found one newspaper that really stood out from the others and it was dated from July 14th, 2014. It was actually a bunch of newspapers stuck together. What we saw was extremely horrifying. It showed on the front page an incredibly horrible picture of the entire city of Atlanta, Georgia completely reduced to flaming rubble and there were buildings burning and thousands of people were dead. All the buildings were completely destroyed and burning on fire. Cars were thrown into the buildings and the entire city looked like it was hit by a nuclear explosion. Damage was estimated to be in the hundreds of trillions of dollars. The article said in big bold letters: "ATLANTA CATASTROPHICALLY DESTROYED!" In smaller letters was "3 Sisters to Blame For City-Wide Devastation" and a picture of the mugshots of the Kanker Sisters was below it.

Me: Whoa look at this!

We saw the newspaper and we all gasped in horror.

Marie K.L.: I remember that! That was horrible that we completely destroyed all of Atlanta.

Me: So this was the true cause of the Vengeance Express?

Edd: It was. And that was a horrible day for all of us and all of Atlanta and Peach Creek.

Me: This is horrifying.

We read the whole series of papers and we saw that the Kanker's were the true cause of the Vengeance Express that sent the kids of Peach Creek on a statewide hunt for the Ed's intending to kill them and mount their heads on pikes. The Kanker's were found guilty of numerous crimes as a result and they were sentenced to serve 3 eternity sentences in prison with no hope of parole and were ordered to pay $1,512,323,435,734,899,900.00 in restitution. They were also declared the most hated kids in all of America and the 3 biggest mistakes any parent could ever make. Their mom Bebe was made the most hated woman who ever lived and she was killed by an angry mob armed with pitchforks and torches for giving birth to the most hated children ever.

Me: So the whole truth was covered up to make sure no one ever found out and hated them.

Marie K.L.: I can't believe we did all that to Atlanta. Stupid May and

Lee. They ruined my life and my name!

Syd: That was horrible. I was never told about this.

Me: None of us were. I think it was to make sure that no one ever found out the real truth. Talk about a major league conspiracy.

Suddenly I had a memory flashback. I suddenly remembered that I was the one that brought the Kanker Sisters to justice and saved the Ed's from being violated and raped by them.

Me: I remember now! I was the one that threw the Kanker's in prison and I saved you guys from being raped and violated.

Everyone gasped.

Marie K.L.: I remember that now! Thank goodness you did. I was a monster. But Luan managed to help me realize what a monster I was.

Luan: I'm glad I did Marie. Your sisters were beyond pure evil.

Nico: And they are now forever in prison with no hope of parole and are completely beyond any form of rehabilitation.

Me: Lets head to the simulator and get a full glimpse of this. I need a lot of help jogging my memory.

Nico: That's a good idea.

We went back to the estate.

---

In the Simulator we got ready. Me, Nico, The Loud Kids, Ronnie Anne, Snake Man, Casey, William, Maria, Stewie, Elena, Volcana, G1 Soundwave, Hardhead, Timon, Pumbaa and Energon Sharkticon were heading in.

Marie K.L.: I'm just going to stay here in the control room for this one. Don't want to cause too much confusion.

Me: Good idea Marie. The Ed's and the Kids of the Cul-De-Sac are gonna stay and watch too.

Edd handed me a map.

Me: What's this Double D?

Edd: It's a map of our route that we took to Eddy's brother's house in Mondo A Go Go Seaside Amusement Park.

Me: It'll come in handy. Thanks Double D.

We then went into the Simulator and it activated. We then saw the entirety of Peach Creek completely reduced to rubble. All the houses and buildings were totally on fire and destroyed. It looked like something out of a post-apocalyptic war movie.

Snake Man: What the hell happened here?

Casey: Man, it looks like a nuke hit this place.

Me: It sure does look like it. Lets survey the damage.

We did so and we saw the entirety of Atlanta, Georgia completely engulfed in flames and it was completely reduced to burning rubble. Thousands of people were dead and cars were in the buildings and the buildings were all piles of burning metal.

Me: This is horrible!

Laney: I can't believe that the Kanker Sisters would cause so much destruction.

Lori: Those Kanker sisters literally disgust me.

Lola: Me too. But where did they go?

Me: They went after the kids to prevent them from pulverizing the Ed's. Lets follow this map.

I opened the map and it showed an interesting route that the Ed's took.

In the control room, everyone saw the destruction.

Eddy: I swear, when I did the Scam of the Century, the damage wasn't this bad.

Marie K.L.: The destruction was worse than what we first remember.

Me: Lets head out guys and you all will love your new friends.

I whistled. Horse neighing was heard and out came my Rapidash and there were other Rapidash with them, but they were also of different elemental kinds.

William: Rapidash that aren't Fire Types? That's a new one.

Me: Yep. We just discovered that there are other Rapidash of different elements.

Lola: That is so awesome!

Lincoln: It sure is. Me and Linka love the Lightning Rapidash.

Linka: You got that right.

Laney: The Grass Rapidash is an amazing one.

Lana: The Ice one is awesome!

Me: Lets get going guys.

G1 Soundwave (ejects Ravage): Ravage: Eject. Operation: Track Eds.

Me: Lets ride. Hyah!

We set out to track the Eds.

We followed the map to the first landmark. We were at a small desert on the eastern side of the state. There was nothing there. No cactuses, no water, not even goat skulls. We arrived at a huge rock in the middle of the desert that was tipped over and there were destroyed car pieces all over.

Me: Look at all this.

Lynn: This looks like the pieces of Eddy's Brother's car.

Nico: It sure looks like it.

We saw smashed up car parts all over the ground. On the trunk of the car was a label that said "Out of Order."

Me: What's this? "Out of Order." This is definitely Double D's handwriting.

Lisa: Indubitably 2nd Elder Brother. Eddward has been here.

Me: They all have been here. Lets get moving.

We proceeded on.

---

We arrived at the Cow Meadow. It was on a massive farm and there were hundreds of Dairy Cows all over the area.

Me: Wow! Look at all these cows. It's like Ogallala, Nebraska. There's a massive Dairy Farm there and it is rank.

Leni: It's ranked at what?

Lori: No Leni. That means it literally smells horrible.

Luna: That is bad dudes.

Timon: This place is better off for mooks.

Pumbaa: I don't think they would like you saying that Timon.

Lana: Hey guys look at this!

We saw Eddy's face drawn on a cows udder.

Me: Eddy's face is on this cows udder. They've been here all right.

Nico: Looks like we're on the right track.

G1 Soundwave: They went that way. (Points east)

We left the meadow.

---

We arrived at our next landmark: The Field of Tall Sunflowers.

Me: Wow! These Sunflowers are huge.

Luan: They sure are Sunny. (Laughs) Get it?

Me: Love the jokes Luan but now is not the time.

Syd: I love Sunflowers. They are so pretty.

Ronnie Anne: They sure are.

Elena: I would not want to use this field as a hideout.

Volcana: Me neither Elena.

We exited the field of sunflowers.

---

We arrived at the next landmark. We were at the abandoned Lemonbrook Gag Factory. We saw that there were springy snake toys all over the place.

Me: Wow! Look at all these springy false snakes.

Luan: These are from the snake in the jelly bean can gag. That gag is really old.

Me: It sure is. But it is a funny one. But I don't think one of those gags is gonna be enough to scatter all these false spring snakes all

over the place.

Lisa: Usually they only have one of those novelty snakes in each can. But it looks like just one can must've scattered all these.

We went into the factory and we saw the power turned on and the factory was back up and running.

Me: Looks like someone started the factory up again. Lets take a look around and see what we can find here.

We did so and we found a lot of gags and novelty toys that Luan would like to use in her Funny Business job.

Lincoln: How long has this factory been shut down?

Me: From what I remember it was shut down 15 years ago in our time.

Casey: This place has really seen better days.

Hardhead: No kidding.

Lily went up to the main office in the factory and she found that all the documents were reduced to dust due to the dust of time.

Lily: These documents aren't worth squat. (Sees something) What's this?

Lily picked up a strip and she saw that it was a label with the words "Dusty dusty dusty" on it.

Lily: Dusty Dusty Dusty? The Ed's were here all right!

Lily came out and showed us.

Me: Dusty Dusty Dusty. Yep. The Ed's were here all right.

Lily: I just said that.

My dark orb detector went off.

Me: Uh oh.

Hardhead: The Heartless must be attracted to the darkness in the hearts of the Past Kids.

Me: No I don't think so. The scanner shows that there is a Dark Orb here in this factory.

Lola: And I think they are the cause!

We turned and we saw a Blizzard and a Volcanic Lord Heartless.

Elena: A Blizzard and Volcanic Lord Heartless!

Nico: I got this.

William: So do I.

William punched the Blizzard Lord and fired a massive blast of fire at it and William kicked the Volcanic Lord and fired a blast of water and steam came off it.

Nico went up to them and put his hands on their heads and he tamed them.

Me: Good job William, Nico.

Lincoln: And I found this too.

Lincoln handed me a ship in a bottle. I looked it over and saw that it was the family heirloom of the Kanker's.

Me: It's the Kanker's ship in a bottle. From what I remember this was the reason why the Kanker's destroyed the Cul-De-Sac the first time.

Laney: That is just awful.

Lucy: And now the Kanker's destroyed all of Atlanta and Peach Creek.

Me: Maybe we can give this back to Marie after we're done here.

Stewie: Hey guys. I found the Dark Orb.

Stewie found the Dark Orb and it was hidden in a box machine.

Me: Good work Stewie.

I pulled it out and crushed it and we got a massive power boost.

Syd: Wow! That was amazing! I feel stronger than ever.

Ronnie Anne: It's what happens whenever we absorb negative energy. We get stronger as a result and it makes us more powerful.

Syd: That was awesome!

Suddenly there was an earthquake and trees and leaves and vines grew out of the ground and went towards Syd. They touched her and she was spinning around in a tornado of leaves, trees, and vines.

Laney: We have a divine blessing in progress.

Lincoln: Yep. We haven't had one of those in a while.

Me: No we haven't.

When the tornado faded Syd was forever changed. She had a leaf symbol emblazoned in the middle of her forehead and she had wings made of leaves and tree branches.

Syd: Whoa! What happened?

Ronnie Anne: You were blessed by a deity. It's how most of us got our powers. Look at your back.

Syd saw the wings and she was shocked and amazed.

Syd: Wow! This is so awesome!

We found out that Syd got her powers from the plant growth of Zeme, the Goddess of Earth in Baltic Myth. Once every 1,800 years she grants a worthy soul her powers over nature and all of the Earth. But that person must experience the power boost of another first.

Syd: Ronnie Anne this is so awesome!

Ronnie Anne: It sure is Syd. But you have to remember that with great power comes a great responsibility.

Nico: That's right Syd. It's not all fun and games. You have a major league responsibility to the world and to the universe.

Laney: We got our powers to protect everyone that we love and care about.

Lana: Yep. It's a difficult job but we were chosen for a reason.

Syd: I'll be ready for anything guys. But I have a lot to learn.

Me: No sweat Syd. We're more than willing to give you a shot.

Syd: Thanks J.D.

Me: You're welcome. Lets get back to finding the Eds.

We left the factory.

---

We left the factory and went into the forest by a waterfall.

Me: Wow! What a beautiful waterfall.

Maria: It sure is pretty.

Me: Yeah. There's a lot of water on the ground. Result of a huge splash. These rocks and the ground are really soaked.

Lincoln: I see something shiny at the bottom of the waterfall.

Syd: Lets see what it is.

Syd used her powers and grew vines and they went into the water and they pulled out a couple of skulls, an old shopping cart, a sign that said digital a treasure chest loaded with gold coins, jewels and a sword and an old movie film.

Me: Look at all this stuff.

Lori: I don't think anyone would want to use this old shopping cart.

Lucy: I don't know who these skulls belong too. But they aren't worth giving a proper burial.

Me: Yeah. But this treasure is worth a lot. But we are at the next landmark. We're on the right track.

Nico: We sure are. And I just caught a Zangoose and a Seviper.

Me: Awesome job dude. Lucy and Jessie both have a Seviper so they might be willing to lend you some pointers. Lets get moving.

We went to the next location.

* * *

We went down a sewage pipe and we were in a huge and foreboding swamp.

Me: Wow. We're in a swamp.

Laney: This swamp looks very dangerous.

I look up the swamp on the map and on my GPS device and it showed that we were in the treacherous Okefenokee Swamp on the border between Georgia and Florida.

Me: It's the Okefenokee Swamp. We're right on top of the border between Georgia and Florida.

Lola: I would not want to live here.

Lucy: Me neither. A lot of dark legends are said to live here.

Me: I heard. But we are getting close. According to the map we're getting close to our destination.

At a dock that lead to the swamp we saw a label that said Caution on it.

Me: "Caution." We're almost there guys.

We saw a road that lead down the way.

Me: Lets head down the road guys. (Whistles)

Our Rapidash came and we set off down the street.

---

In Mondo A Go Go Seaside Amusement Park, the Kids of the Cul-De-Sac minus Jonny, The Eds and the Kanker Sisters were witnessing the Ed's get beat up by Eddy's older brother.

The Ed's have finally reached Eddy's Brothers house after the whole city of Atlanta was completely destroyed and just when Eddy was about to knock on the door the Kanker's showed up with the kids tied up Kevin was ready to pound Eddy when he knocks on his brother's door Eddy's Brother answered the door and was happy to see his younger brother again when Eddy told him about the situation he and his friends were in Eddy's brother decides to help him out unfortunately there was a price to pay a game of uncle.

Eddy's Brother:"Just for old times sake lets play uncle."

Eddy: "Uncle?"

Eddy's Brother: "Wanna crash at my place don't you?"

Eddy: "That's why we came all the way…

But before Eddy could finsh his sentence his brother began twisting his leg like a spring.

Eddy: "UNCLE! UNCLE! UNCLE!"

Eddy's Brother: "Say what?"

Eddy: UNCLE UNCLE!

Edd: "Oh my."

Eddy's brother releases Eddy and his leg was spinning and he was laughing at Eddy.

Eddy's Brother: "Nice job pipsqueak."

Eddy: "So can we go inside?"

Eddy's Brother: "Why not? Don't forget to wipe your feet."

So Eddy's Brother began throwing Eddy at his trailer like a bouncy ball and the kids were getting pissed. Double D tries to reason with him but ends up being hammered by Eddy's brother.

Ed and Marie: "Double D!"

Jimmy: "SOMEBODY DO SOMETHING!"

(Alarm Sounds)

Rolf: Rolf has had enough with you elder one, prepare for a merciless beating.

Kevin: Hey bro guy, lay off him man!

Nazz: Yeah Mr. macho man!

Ed then takes out one of the screws of the trailer door then the door went straight at Eddy's brother and it slammed into his face knocking him out. The kids then ran to Eddy.

Edd: Eddy speak to me.

Eddy: (Crying) I made it all up Double Dee, everything about my brother was a lie, I made stuff up so people would like me, think I was cool. But boy was I wrong. The scam, my brother, this. When am I gonna learn Double Dee?"

Edd: I think you just have Eddy."

Kevin: Grab him!

(TRAIN HORN HONKS)

The kids ran at Eddy.

Ed: No take me!

Eddy: Okay! I'm sorry! Honest! I didn't mean to hurt you guys.

But the kids didn't beat Eddy up. Instead they lifted up Eddy and tossed him in the air with joy.

Rolf: Let Rolf rub the pit of victory Ed-boy.

Nazz: We're so glad your okay dude. (smooch) You're awesome.

Eddy: I am?

Kevin: I got to admit pal, that was so choice.

Eddy: It is?

Just as the kids were celebrating, a bus pulled over and Captain Melonhead came out.

Jonny: Your time of reckoning is now rapscallions. It's melon time!

He charged right at the Ed's

But then the kids held Captain Melonhead back before he could reach the Eds.

Nazz: Jonny stop it's over we've forgiven them.

Jonny: (Confused) What?!

Kevin: We're not after the Ed's anymore we just made up with them.

Jonny: Huh? what the heck's going on here?"

So the kids explained to Jonny about what happened and he was shocked about what they told him.

Jonny: Holy cow! So Eddy's brother is a child abuser!?

Nazz: That's right the reason why Eddy became the way he is was because his brother is such a jerk.

Jimmy: He made everything about his brother up because he wanted us to think he was cool.

Nazz: You should've seen what his brother did to him. It was awful! So please Jonny, let it go. Eddy has already apologized to us so we are not made at him or his friends anymore.

Eddy: It's true Jonny. I was bullied by my brother. He did teach me how to scam kids. But everything else was a lie. He used to beat me up all the time when I was young and because of that I turned into a greedy selfish jerk who only cared about himself. I truly didn't mean to hurt any of you so please Jonny, can't you let us go?"

Jonny: I didn't know. I'm sorry. And also I forgive you. Lets all be friends shall we?

Eddy: Yeah lets all be friends here.

Ed: Aww I just love happy endings Double D.

Edd" Yes Ed, this is truly a happy ending indeed.

But just when the Ed's and the kids were about to head home, the Eds were snatched by the Kanker's.

Eddy: What the?

Lee: Where do you think your going? We ain't done with you boys yet.

Ed's: Ahhhhhhhh!

They were taken inside Eddy's brother's trailer. Then Marie put the door back on and super glued it shut.

Kevin: What the!?

Jimmy: Those Kankers just kidnapped the Eds and took them inside Eddy's brother's trailer!

Ed's: HELP!

Kevin: Oh man! We got to save them!

The kids rushed to the door Kevin and Rolf try to break it down but it wouldn't budge.

Nazz: Oh you have got to be kidding me.

Jonny: The door is stuck. They must of super glued it shut.

Kevin: Those no good Kanker's! They wanted the Ed's all along! That's the only reason why they captured us.

Jimmy: Aren't those Kankers madly in love with the Ed's?

Nazz: Yeah and they want to marry them and they are torturing them right now! Look!

The kids looked in the window and saw the Kanker's forcing kisses onto the Ed's. The Ed's screamed in terror as they were being sexually harassed by the Kanker's.

Jonny: Alright this has gone on long enough! Those Kanker sisters shall taste the power of justice! Citizens we must save the Ed's! They don't deserve this kind of treatment anymore! And we know what those Kanke'rs did to us. Those bullies are going down!"

Rolf: Right Jonny the Wood Boy! We must save the Ed boys.

Kevin: Dude, I'm so down with that. Hang on guys we're coming to save you!

Nazz: First we need to somehow get inside. Then we beat the tar out of those girls.

Sarah: And how are we gonna get inside the door's locked?

Then horses were heard and we arrived.

Me: Perhaps we can help you all out.

Kevin: Who are all of you guys?

Me: We're friends. We saw the whole thing from the distance. Lets work together and take down those parasitic bitch sisters!

Everyone: YEAH!

I grabbed the door and ripped the whole thing off with my super strength. We went into the trailer and threw the Kanker's outside and we stood ready to face them.

---

They were introduced in "Nagged to Ed". They live in the "Park n' Flush" Trailer Park. Although they are obsessed with the Eds, they still torment, tease, and torture them, although usually in an exaggerated "lovey dovey" way. However, it didn't help that the Eds were particularly demanding of them in said first appearance though the Kankers' response still counts as Disproportionate Retribution especially as the series went on.

Many episodes conclude with the Eds encountering unwanted kisses from them or by harassing them. While all three sisters apparently love all of the Eds, May prefers Ed, Marie prefers Edd, and Lee prefers Eddy, though Eddy seems to be the most tormented of the three. For obvious reasons, the majority of the cul-de-sac seem to fear them. The Kankers' idea of a vacation is a trip with their trailer to Eddy's house. On other occasions, they have shown incredible strength and brutality, such as when they literally caused the Cul-De-Sac to break apart when searching for their lost ship-in-a-bottle (taken by a sleepwalking Ed), rendering it into a scene out of a post-apocalyptic film. However Rolf managed to be unaffected by this as he hid when he saw his farm animals sensing the coming danger.

The Kankers are essentially the equals of the Eds, who cycle through feelings of love and hate for them. Sometimes, they become manic possessive towards the Eds; other times, they will simply yearn for romance; and sometimes they simply abuse them. At first, the Kankers appeared to be kind-hearted, performing domestic services for the Eds such as cooking and washing clothes. However, when the Eds began to push their luck, the Kankers felt rejected and felt the compulsion to torment the Eds ever since.

The lives of the Kanker sisters apparently revolves around activities such as painting their toenails, stylizing their hair, and reading such literature as Hub Cap Digest. Their trailer holds a large amount of nautical-themed items, such as "Fish Bowl 2", a stuffed swordfish, an anchor, a diver's helmet, and a ship in a bottle, which is a prized possession. These sharply constrast with advertisements for car parts, a perfume of their own design called "Krankshaft No.5," and a penchant for wrestling each other.

The Kanker Sisters act as the secondary antagonists and later, anti-heroes in the film. During the film, the Kankers first appear when Jimmy and Sarah try to seek out the Eds with the hopes of watching them get beaten. The Kankers torment Jimmy and Sarah until they reveal the other Cul-De-Sac residents' intent to hunt down the Eds. Determined to save their "boyfriends", the Kankers force Jimmy and Sarah to cart them along the path earlier taken by the Eds. Sarah and Jimmy barely manage to escape the Kanker Sisters, leaving the three to relentless pursue them.

Along the way, the Kankers capture Kevin, Nazz, and Rolf in an attempt to "save" the Eds. Once they find the Eds at the trailer of Eddy's Brother, they prepare to assault the Eds once more until they're cut off by the appearance of Eddy's Brother. Like the other kids, the Kanker Sisters are horrified by Eddy's Brother's abusive treatment of Eddy, with May and Marie holding back an enraged Lee. After Eddy's Brother's defeat by Ed unhinging the screen door of the trailer, the Kankers are last seen dragging Eddy's Brother's unconscious body into the trailer with amorous intents.

---

Me: You stupid parasitic bitches have gone too far this time. You destroyed the entire city of Atlanta. And it was all for this!

I pulled out the bargaining chip and it was their Ship In a Bottle.

Me: You killed thousands of innocent people all for your own selfish ambitions! We've had it with you ugly parasites! It's time for you all to pay for your crimes! You want to get to the Ed's you'll have to go through us! We've had it with you shitfaced bitches! It's time to pound your faces into Oblivion! (Cracks knuckles)

Kevin: Lets pound them!

Lee: No one talks about us that way and lives to tell about it!

Me: Bring it on you parasitic freak!

We went at the Kanker's screaming at the top of our lungs and the Kanker's did the same and we collided and a massive fiery explosion erupted out of the ground.

TTTTTTTTHHHHHHHHOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

I punched Lee in the face and slammed my fist into her stomach and kicked her in the face and knocked out all of her teeth. Syd grew a hammer club of wood and she slammed it onto Lee and May's heads.

BLAAAAAMMM!

Elena fired a massive blast of lightning at the Kankers and electrocuted them with 500 billion volts of electricity.

Volcana fired a massive blast of fire and burned them really badly. It was a brutal fight.

Lori: I'm going to literally turn all three of you shitfaced bitches into human pretzels!

Lori fired a massive blast of wind and blew them all around in a massive tornado and then she flew up to them and tied them in super painful knots. Leni fired a blast of gravity energy at them and slammed them into the ground with the force of the gravity of the largest star in the universe.

KRABBBBLLLLLLLLLAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA

The Kanker's got up and Luna and Lily slammed a massive blast of water into them and it slammed them into the back of another trailer.

Syd formed a sword of leaves and she slashed Lee's hair off.

Lee: (SCREAMS) MY HAIR!

The Ed's and the Kids of Peach Creek laughed at her.

Luan: This one will buzz you to death.

Luan grabbed May's hand and electrocuted her with 200 billion volts of electricity.

Lynn mercilessly slammed huge boulders into Lee and May and she punched Marie in the face with a boulder fist. Maria fired a massive stream of water at the Kanker's and it shattered their teeth. Rolf slammed a cheese grater into Lee and scraped her feet and she screamed in excruciating pain. Casey bashed the Kanker's brains out with a baseball bat and a hockey stick.

Nico: Past Kanker Sisters, you have all failed this city!

Me: You have failed all of this country! Combo time guys!

Timon: It's time to put these stupid mooks in their place! ANIMATRON CYBER KEY POWER!

The Animatron Cyber Planet Key went into his device and it enabled him to fire exploding stinkbugs from a bazooka that appears on his back.

Hardhead: Lets pound this freaks into pulp! CYBER KEY POWER!

The Earth Cyber Planet Key was inserted into the back of his blaster and it enhanced his abilities 100-fold and enable him to fire exploding diamond shard shrapnel.

Timon and Hardhead: EXPLODING STINKBUG SHRAPNELSTORM!

Hardhead fired his shatterblasters and they fired diamond-hard shards and Timon fired stinkbugs from a bazooka on his back. The hit the Kanker's all over the place and they were bleeding from cuts and they smelled really horrible.

Snake Man: Now it's our turn! ANIMATRON CYBER KEY POWER!

The Animatron Cyber Planet Key went into his arm and it enabled him to fire snakes that explode from his blaster.

Sharkticon (Energon): Lets get them. CYBER KEY POWER!

The Animatron Cyber Planet Key went into his back and enhanced his shark bite strength as well as give him the ability to fire a massive energy blast from his chest.

Snake Man and Sharkticon: PREDATOR FIRESTORM EXPLOSION!

Snake Man fired snakes from his blaster and Energon Sharkticon fired a massive energy blast from his chest and the blasts combined and they hit the Kanker's and exploded.

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Timon: Time for some combo time Pumbaa!

Pumbaa: Oh boy! I've always wanted to do a combo!

They charged.

Timon and Pumbaa: BOWLING FOR BUZZARDS RAMSTORM!

They slammed into May, Marie and Lee with incredible force.

Timon: Scuse me! Pardon me! Coming through! Hot stuff!

They attacked the Kanker's with incredible ferocity!

Casey: It's final smash time guys! TURTLESMASH PULVERIZER!

Casey smashed the Kanker's faces in with a baseball bat with extreme ferocity.

Nico punched the Kanker's all over the place with his brutal strength.

Stewie pulled out an M31 machine gun.

Stewie: All right you Kanker bastards! Time to send you back to Hell! (SCREAMS AND FIRES!)

The Kanker's were being blasted all over the place with extreme viciousness.

William: Time to rip you girls apart. LIGHTNING BLASTSTORM

SURPRISE!

William fired a massive blast of lightning from his blaster and it electrocuted the Kanker's with 600,000,000,000,000 volts of electricity.

When the fight stopped, the Kanker's were defeated. Police cars arrived and the Kanker's were arrested. They took the Kanker's away and we left the simulator. Everyone cheered wildly for us.

Casey: (To the viewers) You mess with our friends and cities, you mess with all of us.

Later in Lori's room we were having a special ceremony.

Me: Now I'm sure you're wondering what all this is about. Well it's for Syd here. She has just gotten her powers and she did a great job in our adventure.

I pulled out a blue shirt with the symbol of Team Loud Phoenix Storm on it.

Me: Syd Chang, you are now an honorary member of Team Loud Phoenix Storm. Welcome to the team Syd.

We cheered for her.

Syd put on the shirt.

Syd: Thank you so much J.D. I will not let you down.

Me: I know you won't.

Ronnie Anne: This is so awesome Syd!

Syd: It sure is! I can't wait to have some awesome adventures with you all!

It was an awesome day for us. We transferred Lee and May Kanker to the Venus Prison in the Maximum Security Section. I gave the Ship In A Bottle to Marie K.L. and I figured we'd give a lost heirloom back to her. Turns out the destruction of Atlanta was the true cause of the Vengeance Express.

THE END

---

Another Fanfiction Complete.

I made this chapter as a combination of the episode Run For Your Ed and the Big Picture Show. I figured it would add some excitement to know that the Kanker's will never terrorize the world again. The items featured in this chapter are momentos from Robbin' Ed, A Pinch to Grow an Ed, Read All About Ed, Hide & Ed and Avast Ye Eds. Syd Chang is the new girl from the 4th Season of The Loud House and I saw that episode earlier this week. And it was awesome! NicoChan gave me the ideas for this one. Thanks man as usual. Let me know what you all think.

See you all next time.

# The Lylat System in Peril

It starts in the backyard. Syd and Laney were playing fetch with the Wolf Wildzord.

Syd (throws a stick high into the air): Alright, Wolf Zord. Go fetch!

The Wolf Zord jumped into the air and caught the stick in its mouth.

Sydney: That was fast. (throws the stick a great distance) Go fetch!

Once again, the Wolf Zord went after the stick and reappeared with it a few minutes later. Then, Merrick Baliton of Wild Force Power Rangers appeared.

Merrick (to the Wolf Zord): Hey, Wolf Zord! (the Wolf Zord recognizes Merrick) Go fetch! (throws stick and Wolf Zord goes after it)

Laney saw him.

Laney: Oh wow! Merrick Baliton!

Merrick: Laney Loud. It's an honor to meet you.

Laney: It's an honor to meet you too, Merrick. I was told by the Alligator, Wolf and Hammerhead Wild Zords so much about you.

Merrick: I had a feeling they told you about me.

In the estate we were talking to Merrick. Nico just came back from the lake up north. He caught a Whiscash.

Me: Merrick it's an honor to meet you. Princess Shayla told us a lot about you.

Merrick: I had a feeling she did.

Laney: The Wild Zords are awesome and they are amazing friends.

Merrick: It's nice to see that you guys hang out with my Wild Zords outside of battles.

Eddy: Of course we do. Heck, we even feed them fish once in a while since all three of them like that food.

Merrick: (Laughs) That's great.

Me: We were also told about what happened when you were Zen-Aku. That must've been awful for you.

Merrick: It was. It was 3,000 years ago and I had no other choice.

Not much is known about Zen-Aku's origins, except that his spirit was locked inside a cursed wolf mask. After the defeat of Animus at the hands of Master Org, Merrick decided that his only hope of stopping him was a legend about a cursed mask that could bestow great power upon the wearer. He found his way into the lair of the Org General, Nayzor, where he found the mask of Zen-Aku. Merrick put it on and gained its powers, using the Predazord to destroy Master Org, but immediately afterwards, the wolf mask seized control of his mind, merging him with and transforming him into Zen-Aku.

With what humanity he had left, Merrick begged the other guardians of the Animarium to destroy him, but they refused to destroy their friend. Instead the guardians sealed Zen-Aku in an underground tomb, where he remained for 3,000 years.

However, 3,000 years later, Zen-Aku was released by Nayzor to destroy the present day Animaria Guardians, the Wild Force Power Rangers. He possessed no memory of his past, only that he wanted to destroy the rangers in vengeance for their predecessors sealing him. Zen-Aku proved able to fight the rangers quite well, even using his own Wildzords, and succeeded in stealing the Elephant, Giraffe, Black Bear, and Polar Bear Animal Crystals and adding them to his collection of Dark Wildzords. However as time went by, Zen-Aku's past nature began revealing itself. Once he found the White Ranger, Alyssa, injured at the hands of Toxica, and bandaged her up instead of finishing her.

Another time, Zen-Aku saved a wolf/dog pup when it was in danger from his fellow Orgs, even attacking Toxica to protect it. He began to become confused, even more so when he started to have flashbacks of his past. Zen-Aku began to doubt himself even more when the spirit of Animus began to appear before him, telling him to "Remember", which confused the ranger as well, especially after Princess Shayla saw Zen-Aku bleeding (which Orgs are unable to do) and they saw his actions. As he came even closer and closer to realizing the truth, Nayzor eventually used an insect that took possession of the wolf Org's mind and made him into his willing servant.

However Princess Shayla had begun to piece together the truth and later, Animus managed to cause a lunar eclipse that allowed Merrick to take back control. He told the rangers' what had happened to him, but then the eclipse ended, changing him back into Zen-Aku. Shayla managed to piece everything together and realized that the curse came from the Predazord, because after Master Org's defeat, the wolf mask had made the Wolf, Hammerhead, and Alligator Wildzord's evil and their guardian along with them. Shayla then told the rangers that the only way to free Merrick was to defeat the Predazord, which they succeeded in doing with help from the new Armadillo and Rhino Wildzords.

However Merrick and Zen-Aku had unfinished business with each other and thanks to the mask being broken, the Wolf Org returned, this time determined to remerge with Merrick. Now he was even stronger then the last time, which Shayla explained was because when they had been bonded, Zen-Aku's evil power had been divided between Merrick, Zen-Aku, and the Predazord, but with Merrick and the Predazord good again, the Wolf Org had all his power to himself. Zen-Aku battled Merrick and almost succeeded in his goal, but was eventually defeated again with use of the Predazord's Revolver Phantom attack.

After Master Org was defeated again, Merrick set out to wander the world and was approached by Zen-Aku, who offered to join him, saying that they were both "lone wolves looking for redemption". Merrick accepted the offer and the two set off together.

Me: That's terrible. What happened back then should've never

happened.

Laney: I have a very strong feeling that it was because of Master Org that he cursed you.

Merrick: I have that exact feeling too Laney.

Me: What Master Org did was completely unforgivable.

Lori: Yeah.

Syd: But it is so awesome how you all know the Power Rangers and the zords!

Me: It is Syd. We also had the help of the Thunderzords, Ultrazord and the Wild Zords during some of our battles.

John: It was so awesome seeing that.

Stacy: It sure was.

Trudy: My favorites are the Falcon and the Deer Zords.

Isabelle: I like all animals and all the Wild Zords. I have a feeling that there are more than just the ones we saw with the Wild Force.

Me: I have a feeling there are.

Suddenly there was a purple glow and I saw an animal crystal float down to me and it landed in my hand.

Me: Wow. It's an animal crystal. It's an Osprey. One of my favorite birds.

We saw the Osprey Wild Zord right outside. I then got an awesome vest that had the name Screeching Osprey on it.

Me: Awesome!

A Wild Force Crystal Saber appeared in a holster by my hip. I went outside and placed my hand on him and we had a powerful bond solidified.

Me: Wow.

* * *

Later we got a special surprise from Lisa.

Lisa: Everyone I have a special surprise for all of you.

Me: What is it Lisa?

Lisa went over to some tarps and she pulled them off and they were awesome and amazing starships. They were awesome Avenger Stalker starships that were from the Star Citizen series. They were orange, red and yellow and the logo of Team Loud Phoenix Storm was on the sides and they had amazing weapons and more.

Me: Wow! Awesome Star Fighter ships!

Lisa: These are the latest starships of my own creation for when we fight in space should the need arise.

Lincoln: Lisa this is awesome!

Lucy: So that explains why you all had us use those flight simulators.

Lisa: Precisely.

Me: So you called us all in here to test them out?

Lisa: That is correct 2nd Elder Brother.

Me: This is gonna be so awesome! I have just the simulation to use for this one.

Lana: But how are we gonna get the Starships into the simulator? They are too big to fit.

Lisa: That won't be necessary.

Lisa put in the programmed simulator I had in mind on a remote control and she opened a wormhole. We got into our new ships. I was inside my Osprey Wild Zord. Turns out the Osprey Wild Zord is also a star ship as well that can travel really fast.

Merrick: Mind if I help you guys out on this one?

Me: Sure Merrick. You're more than welcome to join us.

Merrick: Thanks J.D.

Merrick called the Alligator, Hammerhead and Wolf Zords and they combined into the Predazord. Krystal was in her Arwing ship and she was ready.

Arwing: (British Accent) I've been wanting to get some action in.

Me: Okay. Lets do this.

We went through the wormhole.

## LYLAT SYSTEM

The Lylat System was in terrible peril.

The Great Fox Assault Carrier was en route to the planet Corneria.

R.O.B. 64: Message from General Pepper. Priority One.

General Pepper: We need your help Star Fox! Andross has declared war! He's invaded the Lylat System and is trying to take over Corneria! Our Army alone can't do the job! Hurry Star Fox!

The alarm in the Great Fox sounded and the Star Fox Team sprang into action. The members were Slippy Toad, chief mechanic, engineer and techno genius. Peppy Hare, right hand wingman and 2nd in command of the team. Falco Lombardi, Hotshot Pilot and perfect man for the job. And Fox McCloud, leader of the team. They got into their Arwings and they were off. We arrived out of a wormhole.

Me: Hey there Fox. Its been a while.

Fox: J.D. Knudson and Team Loud Phoenix Storm. It has been a while.

Me: So what's going on?

Fox: Andross has declared war and is trying to take over Corneria.

Me: Looks like we got here just in time.

Krystal: Hi Fox. I'm glad we came.

Lincoln: We have a lot of work to do.

Slippy: I like your starships guys.

Laney: Thanks Slippy. Lisa made them. J.D.'s Osprey Zord can fly in space as well.

Me: And I have a feeling that that's not all. Lets learn about the situation as we go into Corneria's atmosphere.

Fox told us what was going on.

Narrator: Corneria, 4th planet of the Lylat System. The evil Andross turned this once-thriving system into a wasteland of near extinction. General Pepper of the Cornerian Army was successful in exiling this maniacal scientist to the barren, deserted planet Venom. 5 years later, General Pepper noticed strange activity coming from Venom. James McCloud, Pigma Dengar and Peppy Hare of the Star Fox Team were sent to investigate. Upon their arrival, Pigma betrayed the team, and James and Peppy were captured by Andross. Peppy barely escaped Venom and returned home to tell James's son Fox about his father's fate. A few years have passed. Andross has again invaded the Lylat System. General Pepper has turned to a new Star Fox Team headed by Fox McCloud to save Corneria and free the Lylat System once again.

I pulled up a holographic map of the Lylat System.

Me: We're heading for the planet Corneria.

We arrived at the planet.

## CORNERIA

Corneria is the fourth planet of the Lylat system. It is an Earth-like terrestrial farming world with a variety of climates and terrains, more than the vast majority of planets in the Lylat System. It is the homeworld of the Cornerians. Many of the inhabitants live in the shelter of the mountain ranges, where very productive farming soil can be found.

We were flying through the sky of the planet. It was as beautiful as it was back home.

Me: Corneria is so beautiful.

Laney: It sure is.

Fox: Open the wings.

The Arwing wings opened.

Fox: Check your G-Diffusor system.

Falco: Falco here. I'm fine.

Peppy: This is Peppy. All systems go.

Slippy: Slippy here. I'm okay.

Krystal: This is Krystal. I'm ready and all set.

Me: J.D. here. All systems green.

Nico: Nico here. Ready.

We were all ready.

Fox: I see them up ahead! Let's rock and roll!

We accelerated and we were flying into battle. We saw numerous

Venomian ships and we were firing lasers and blowing all the ships apart.

Peppy: Slippy get back here!

Lori fired wind and lasers from her ship and blew more ships apart.

Peppy: Slippy watch out! Bogey on your tail!

Lana: I see him!

Lana fired ice lightning lasers at the bogey and froze it and blew him apart.

Slippy: Thanks Lana. I thought they had me.

We entered Corneria City, the Capital of the Planet Corneria.

Fox: We're entering Corneria City now.

We saw the city in ruins.

Falco: This is horrible.

Me: I can't believe Andross did this.

We fired lasers and elemental lasers and more at the Venomian Ships.

Nico: You stupid monkeys have failed this universe!

Lola: That's telling them Nico!

We blasted all the forces of Andross all over the place. We even blasted ships that were chasing us. We totaled up 230 enemies destroyed all together.

Slippy: Enemy robot dead ahead.

Me: I see him Slippy.

Falco: Lets go!

Fox: All-range mode.

The Arwings went into said mode. We were facing the Urban-Assault Weapon - Granga.

Pilot: Ah so this is Star Fox. I'm going to crush you!

Me: Hey what are we!? Chopped Liver!?

Slippy: Enemy shield analyzed.

The shield gauge of the robot appeared on my screen.

The Osprey Wild Zord picked up the Granga and it dropped it from 4,000 feet into the air and we fired at the robots back and blew it out.

Pilot: My emperor… I've Failed you!

The robot exploded and killed the pilot instantly!

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Me: I never get tired of those explosions. We're not done here yet.

We went to the sea and we heard a ship coming at us from behind.

Lizard pilot: Ah, someone wants to play.

Peppy: Incoming enemy from the rear. Drop altitude.

We did so and we were up against an Interplanetary Warship Attack Carrier.

Slippy: Enemy Shield Analyzed.

The shield gauge appeared on our screens and we fired at the open spots of the ship and my Osprey Zord fired its laser eyes. The ship was getting ready to explode.

Lizard pilot: Who are you guys?

Fox: We're Star Fox!

Me: And Team Loud Phoenix Storm!

Lizard Pilot: You'll never defeat Andross!

The ship exploded when it hit the water.

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

We set out for the next location of the Lylat System.

Fox: We're heading out. All aircraft report.

Me: All systems still operational.

We reported in and then we flew into space. 250 enemies were destroyed for Corneria.

## SECTOR Y

We were now in Sector Y, one of the three mysterious nebulae in the Lylat System. It was called that because the Nebula is in the shape of the Letter Y.

Sector Y is a mysterious zone haunted by conflicting storms of radiation and magnetic energy. The space dust that ionises the sector tends to cause the equipment of most space craft to malfunction or fail. Sector Y renders most ships helpless, leaving them victims to space pirates and Venom's armies. Usually, pilots wisely steer clear of the eerie vacuum, but those who dare to enter rarely escape. Scientists attribute much of the existence of the Sector Y phenomenon on a failed Bolse satellite prototype that underwent a nuclear meltdown and polluted the zone with its radioactive remains.

We were there to help out the squadrons destroy the Venomian forces that are assaulting it. We piled on a lot of enemies and blasted all of them into fiery rubble.

Fox: Lets back up the squadron.

Me: Roger that Fox.

Falco: Somebody's gonna pay for all this.

Lori: You literally said it Falco.

Syd: This is so awesome guys!

We blasted the ships into dust and anticipated every surprise attack. We totaled up 212 enemies killed.

Slippy: Something's up ahead. Looks different.

Me: I see it.

Fox: All-range mode.

The Arwings went into All-Range mode and we blasted two combat robots.

Then a special robot appeared. It was the Combat Robot - Shogun.

Monkey Pilot: Don't party just yet.

The Robot had a blaster and a shield and it came at us.

Monkey Pilot: It's time to try our new weapon.

The Shield Gauge for the robot appeared.

The Osprey Zord fired lasers from its eyes at the robot.

Monkey Pilot: Cocky little freaks!

Me: Fuck you too!

The lasers blew it apart.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Me: Enjoy the fire of Hell.

Fox: All aircraft report.

Me: No damage here Fox.

We all reported in and we were on our way to the next destination of the Lylat System. 462 enemies were destroyed total so far.

## Meteo

We were now heading into the asteroid belt of the Lylat System - Meteo.

Scientists speculate that the dense planetoid field of Meteo is all that remains of a fifth planet in the Lylat system. The planetoids here contain many minerals, but the depth of the field has not yet been explored. Space travel in this sector is not recommended.

Slippy: Things are starting to heat up.

Peppy: Quit dinkin around Slip.

Fox: We're heading into the Asteroids.

Me: Turn on F.O.D. Radar systems everyone.

We did so.

Lori: What does F.O.D. stand for?

Me: It stands for Foreign Object Damage. This will help us avoid the asteroids.

Lori: Oh. Good thinking.

Lisa: Indubitably.

Me: Lets go guys.

We kept our eyes on alert and our senses sharp.

Peppy: It's quiet. Too quiet.

Peppy saw something up ahead.

Peppy: Be careful it's a trap!

Me: I see it!

I fired a bomb and it blew the enemies to pieces in a powerful explosion.

KRABBBBOOOOOOOOOOOOOOOOOOOOMMMMM!

Me: Wow! Those are awesome bombs.

Syd fired powerful leaf blasters from her ship that exploded on contact.

Syd: Oh this is so awesome!

We killed a total of 300 enemies and most of them were asteroids.

Monkey pilot: (British Accent) I cannot allow you to go any further.

We then saw a huge ship come out and we saw the Meteo Crusher. It was an awesome ship that was designed to smash asteroids and planets to pieces.

Despite being a utility vessel, the Meteo Crusher is not defenseless, having a cluster of four cannons on either end of its structures. Once the cannons are destroyed, however, there is nothing keeping its heavy body secured to the main core inside and it flies off into space exposing itself. The core is where the minerals are thought to be stored and is the weakest part of the Meteo Crusher. Its only defense is a single rapid fire cannon at its center.

Me: Wow! What a ship.

Slippy: Enemy shield analyzed.

The shield gauge appeared.

Monkey pilot: Lets see what you got.

Me: With pleasure.

I fired my lasers into the ship and the shield absorbed it and fired it back. I dodged the blast.

Peppy: That shield's absorbing the laser!

Me: It sure is.

I scanned the whole ship and made blueprints for it.

I fired lasers at the spots where the shield will come off.

Monkey Pilot: You're more cunning than I thought.

Fox fired more lasers and the shield was removed.

Monkey Pilot: I underestimated you. How about this!?

The ship fired a powerful plasma blast at us and we dodged it. Lori fired a powerful wind laser and that spot was destroyed.

Monkey pilot: I'm no match for you. I admit defeat.

The ship flipped over and its front was now facing us.

Me: Nice try but even all of us are not that naive.

Monkey Pilot: Ha ha. You're not as stupid as you look!

The ship fired sonic blasters and we fired lasers and blew the spots up and the ship was gonna explode.

Monkey Pilot: I CAN'T BELIEVE I LOST TO THIS SCUM!

Fox: Sorry to jet, but we're in a hurry.

Me: And you have a date with death you monkey!

The Meteo Crusher exploded.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Fox: All aircraft report.

Me: All systems okay.

We reported in. We went to our next destination. 772 enemies were destroyed total.

## FICHINA

We arrived at the icy planet Fichina. Our mission there was to recover a Cornerian Base from the Venomian Army.

The cold, snow-swept world of Fichina is completely devoid of vegetation except for a small number of trees. Despite this, Cornerian scientists believe the planet is an ideal candidate for terraforming because of the world's large amounts of frozen water. There are hopes that it could become a garden world much like Corneria, although this would take much time, and as of "Star Fox Assault" only a weather generator had been built. As of the Lylat Wars, there was only a small number of soldiers and a team of scientists working at Fichina. The base complex stores top secret documents for the Cornerian Army, and was heavily shielded and ringed by a network of radar antennas. The antennas are part of an early warning system and serve a secondary role of managing local space traffic control.

We saw that the planet was extremely snow covered.

We killed 100 enemies there. But we found out that a bomb was planted at the base and I went in and disarmed it. 872 enemies were destroyed total.

## KATINA

We were on the arid planet Katina.
